CYBERSECURITY AWARENESS

Cybersecurity & Infrastructure Security Agency (CISA)

LOS ANGELES UNIFIED

READY FOR THE WORLD

01

USE STRONG AND UNIQUE PASSWORDS

Creating strong and unique passwords for each of your online accounts is essential for protecting your personal information.

ENABLE TWO-FACTOR AUTHENTICATION

Two-factor authentication adds an extra layer of security to your online accounts by requiring an additional verification step.

02

KEEP YOUR SOFTWARE UP TO DATE

Keeping your software up to date is important for maintaining the security of your devices.

03

BE CAUTIOUS OF PHISHING SCAMS

Phishing scams are attempts to trick you into giving away your personal information, such as login credentials or credit card numbers.

04

BEWARE AND BE AWARE!

"Cybersecurity is Everyone's Responsibility".

The first and last line of defense against attackers is you! Stay cyber safe!
