SAS Application and Verification Process for Applicants NOT Enrolled in Preschool/UTK

STEP 1: Go to the Choices application at [GoTo.LAUSD.net](https://go.to.lausd.net). Select **Apply Now** and complete the application. Note your Confirmation/Application ID Number.

STEP 2: Email Gifted/Talented Programs at GATE@lausd.net by **Friday, November 17, 2023**. Include in the subject line:

- SAS Kindergarten: [Student Name], [Confirmation/Application ID Number]

Indicate that your child is not enrolled in a preschool/UTK program and will need to be verified by Los Angeles Unified personnel.

STEP 3: Compile the following **portfolio**:

A: A brief one-page **letter of support** (completed by parent/guardian or another adult with first-hand knowledge of the child) addressing the skills and characteristics that would allow your child to succeed in SAS. Parents/guardians have unique opportunities to see their children at play, at work and in family settings. Your observations will help us better understand your child's strengths. Please include student name, Confirmation/Application ID, incoming grade, parent/guardian name and email in your letter.

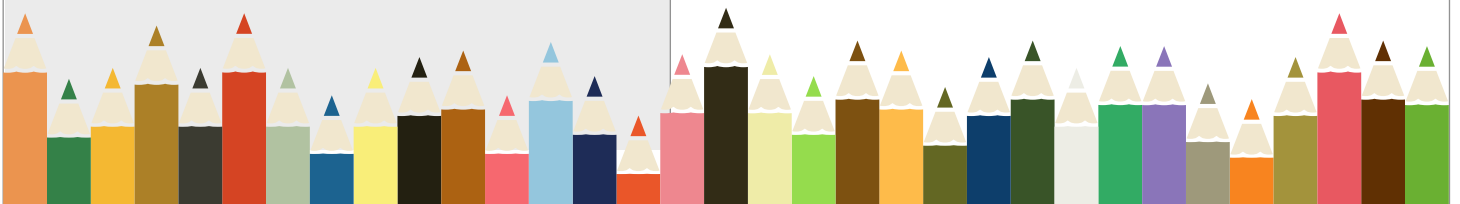

B: Five pieces of evidence which support your child's advanced skills and characteristics in the areas listed on the **Eligibility Exemplars** document. Evidence may include: work samples (e.g., writing, math, art, projects), photographs, audio/video recordings (one minute maximum) to illustrate the critical thinking and problem-solving skills outlined in the Eligibility Exemplars document.

(Steps 4-7 continued on next page)

Thank you for your interest in applying to Los Angeles Unified Schools for Advanced Studies (SAS). To be accepted to an SAS site, your child must first be verified as eligible by demonstrating the requisite skills/characteristics needed to succeed in this setting. Since your child is not enrolled in a preschool/UTK program, this guide, which outlines the SAS verification of eligibility process, is provided. For your child to be considered for verification, please adhere to the directions and submit the portfolio to Gifted/Talented Programs, Advanced Learning Options, by the deadline of **Friday, November 17, 2023**. Submission guidelines/recommendations are explained on page 2.

PLEASE NOTE: Participation in this process does not guarantee that your child will meet SAS eligibility criteria and/or be accepted to an SAS site. Additionally, this verification process is NOT an assessment for gifted identification.
