Consent Items

Items for action are assigned by the Board at the meeting to be adopted by a single vote. Any item may be pulled off of the consent calendar for further discussion by any Board Member at any time before action is taken.

General Public Comment (Approximately 3:30 P.M.)

Providing Public Comment

The Board of Education encourages public comment on the items for action on this Regular Board Meeting agenda and all other items related to the District. Any individual wishing to address the Board must register to speak using the Speaker Sign Up website: <https://boardmeeting.lausd.net/speakers>, and indicate whether comments will be provided over the phone or in person. Registration will open 24 hours before the meeting. Each action item will allow for ten (10) speakers, except those items for which a Public Hearing will be held will allow for 15 speakers, and 20 speakers may sign up for general Public Comment.

Each speaker will be allowed a single opportunity to provide comments to the Board, with the exception

of public hearings, and shall be given two minutes for their remarks. **Speakers signed up to speak on an agenda item must constrain their remarks specifically to the item or items on the agenda or may be ruled out of order.**

Public comment can be made in-person or by telephone, and members of the public must sign up on-line for either method, as described above. Members of the public can only make remote public comment by calling 1-888-475-4499 (Toll Free) and entering the Meeting ID: **879 7060 8197**.

Speakers addressing items not on the agenda will be heard at approximately 3:30 p.m. Speakers commenting on items on the consent calendar will be heard prior to the Board's consideration of the items, and speakers on items not on the consent calendar will be heard when the item is before the Board.

Speakers who do not register online to provide comments may use the following alternative methods to provide comments to Board Members:

- Email all Board Members at boardmembers@lausd.net;
- Mail comments via US Mail to 333 S. Beaudry Ave., Los Angeles, CA 90017; and
- Leave a voicemail message at 213-443-4472, or fax 213-241-8953. Communications received by 5 p.m. the day before the meeting will be distributed to all Board Members.

Speakers who have registered to provide public comments over the phone need to follow these instructions:

1. Call 1-888-475-4499 (Toll Free) and enter Meeting ID: **879 7060 8197** at the beginning of the meeting.
2. Press #, and then # again when prompted for the Participant ID.
3. Remain on hold until it is your turn to speak.
4. Call in from the same phone number entered on the Speaker Sign Up website. If you call from a private or blocked phone number, we will be unable to identify you.
5. When you receive the signal that your phone has been removed from hold and or unmuted, please press *6 (Star 6) to be brought into the meeting.

Please contact the Board Secretariat at 213-241-7002 if you have any questions.

The Office of the Inspector General would like to remind you that they investigate the misuse of LAUSD funds and resources as well as retaliation for reporting any misconduct. Anyone can make a report via the OIG hotline on their website (<https://www.lausd.org/oig>), by telephone at 213-241-7778, or by emailing inspector.general@lausd.net. Reports are confidential and you can remain anonymous if you wish.

Attending the Meeting

Please note there are three ways members of the public may watch or listen this Regular Board Meeting: (1) online ([Live stream](#) or [join the zoom webinar](#)) (2) by telephone by calling 1-888-475-4499 (Toll Free) and entering the Meeting ID: **879 7060 8197**, or (3) in person.

New Business for Action

1. Board of Education Report No. 269-24/25
Facilities Services Division
(Define and Approve Three Campus Reconstruction Projects and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein) Recommends definition and approval of three Campus Reconstruction projects, as described in Exhibit A, and the amendment of the Facilities Services Division Strategic Execution Plan to incorporate therein, for a combined budget of \$604,205,000.
2. Board of Education Report No. 377-24/25
Facilities Services Division
Division of Special Education
(Define and Approve Five Accessibility Enhancement Projects and Two Barrier Removal Projects and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein) Recommends definition and approval of five accessibility enhancement projects and two barrier removal projects, as detailed in Exhibits A and B, and the amendment of the Facilities Services Division Strategic Execution Plan to incorporate therein, for a combined budget of \$43,447,077.
3. Board of Education Report No. 383-24/25
Facilities Services Division
Eco-Sustainability Office
(Define and Approve Five Sustainable Environment Enhancement Developments for Schools (SEEDS) Projects and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein) Recommends the definition and approval of five Sustainable Environment Enhancement Developments for Schools Projects, as described in Exhibit A, and the amendment of the Facilities Services Division Strategic Execution Plan, for a combined budget of \$700,000.
4. Board of Education Report No. 382-24/25
Facilities Services Division
(Define and Approve 27 Board District Priority and Region Priority Projects and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein) Recommends the definition and approval of 27 Board District Priority and Region Priority projects, as detailed in Exhibit A, and the amendment of the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein, for a combined budget of \$1,658,302.

Human Resources Division
(Approval of Routine Personnel Actions) Recommends approval of 2,332 routine personnel actions (including, but not limited to elections, promotions, transfers, leaves, terminations, separations, permits and contracts).
13. Board of Education Report No. 381-24/25
Human Resources Division
(Approval of Non-Routine Personnel Actions) Recommends approval of the demotion of a classified employee from Plant Manager III to Plant Manager II.
14. Board of Education Report No. 338-24/25
Human Resources Division
(Provisional Internship Permits) Recommends approval for 6 teachers to be employed under the Provisional Internship Permit pursuant to Title 5 California Code of Regulations, Section 80021.1.
15. Board of Education Report No. 369-24/25 **NOT ON CONSENT**
Business and Finance Division
(Authorization of a Resolution of the Board of Education Approving the Sale and Issuance of Not-to- Exceed \$1,000,000,000 of General Obligation Bonds and the Forms of the Documents Necessary for the Issuance of such Bonds) Recommends approval for the issuance of up to \$1 billion in General Obligation Bonds under the Measure Q, Measure RR, Measure US, or any combination of the foregoing to fund projects authorized under the respective measure. The bonds are expected to be sold in Fall 2025 via a negotiated method and repaid through ad valorem property taxes, not district funds. This issuance aims to enhance facilities, IT infrastructure, and equity in project funding.
16. Board of Education Report No. 370-24/25 **NOT ON CONSENT**
Business and Finance Division
(Authorization of a Resolution of the Board of Education Approving the Sale and Issuance of Not-to-Exceed \$5,100,000,000 of General Obligation Refunding Bonds and the Forms of the Documents Necessary for the Issuance of such Refunding Bonds) Recommends approval for the issuance of up to \$5.1 billion in General Obligation Refunding Bonds to the extent taxpayer savings are available and approval of the necessary documents like a Bond Purchase Agreement, Official Notice of Sale, Notice of Intention to Sell Bonds, Continuing Disclosure Certificate, Escrow Agreement, and Official Statement. The sale of the GO Refunding Bonds will be through either a negotiated or competitive method, considering market conditions, declining enrollment, and budget uncertainties.
17. Board of Education Report No. 373-24/25 **NOT ON CONSENT**
Business and Finance Division
(Authorization of a Resolution of the Board of Education of the Los Angeles Unified School District Approving the Sales of a Previously Authorized Judgment Obligation Bonds, and Related Documents and Actions, including an Official Statement, Pursuant to the Judgment Refunding Program) Recommends approval for the issuance of an additional series of Judgment Obligation Bonds to refund all or a portion of significant tort liability obligations from AB 218 and similar claims. The issuance of Additional JOBs is limited to the parameters included in the Board-approved Judgment Refunding Resolution.

18. Board of Education Report No. 350-24/25
Business and Finance Division
(Donations of Money to the District) Recommends approval of the donation of money to the District totaling \$1,477,622.00.
19. Board of Education Report No. 351-24/25
Business and Finance Division
(Report of Cash Disbursements and Report of Corporate Credit Card Charges) Recommends the ratification of cash disbursements amounting to \$1,029,479,249.92 made by the District from April 1, 2025, to April 30, 2025. Additionally, it recommends the approval for Corporate Card Charges amounting to \$10,600.66 for expenses related to official District business, incurred in accordance with established policies and procedures, for the quarter ending March 31, 2024.
20. Board of Education Report No. 371-24/25
Business and Finance Division
(Approve the Proposed Update of the Debt Management Policy) Recommends approval of the proposed Debt Management Policy requires the District to review the Policy annually. The Office of the Chief Financial Officer proposes recommended changes for Board approval to provide formal guidance for prudent debt management within the District.
21. Board of Education Report No. 388-24/25
Business and Finance Division
(Application for Exemption from the Required Expenditures for Classroom Teachers' Salaries) Recommends approval to submit an exemption request from the Required Expenditures for Classroom Teachers' Salaries for Fiscal Year 2023-24 to Los Angeles County Office of Education (LACOE).
22. Board of Education Report No. 349-24/25
Business and Finance Division
(Approval of the Certification of Signatures for Fiscal Year 2025-26) Recommends approval for the Certification of Signatures for Fiscal Year 2025-26, designating authorized individuals to sign warrants and approve payment vouchers on behalf of the District in compliance with Education Code Sections 42632 and 42633. This action ensures timely processing of payments by maintaining up-to-date signature records with the Los Angeles County Office of Education.
23. Board of Education Report No. 357-24/25 **PUBLIC HEARING**
Charter Schools Division
(Approval of the Renewal Petition for Castlebay Lane Charter) Recommends approval of the renewal petition for Castlebay Lane Charter, located in Board District 3 and Region North, for six (6) years, beginning July 1, 2025, until June 30, 2031, to serve up to 701 students in grades TK-5 in each year of the charter term.
24. Board of Education Report No. 358-24/25 **PUBLIC HEARING**
Charter Schools Division
(Approval of the Renewal Petition for Dixie Canyon Community Charter) Recommends approval of the renewal petition for Dixie Canyon Community Charter, located in Board District 3 and Region North, for six (6) years, beginning July 1, 2025, until June 30, 2031, to serve up to 646 students in grades TK-5 in each year of the charter term.

25. Board of Education Report No. 359-24/25 **PUBLIC HEARING**
 Charter Schools Division
 (Approval of the Renewal Petition for Enadia Way Technology Charter) Recommends approval of the renewal petition for Enadia Way Technology Charter, located in Board District 3 and Region North, for six (6) years, beginning July 1, 2025, until June 30, 2031, to serve up to 236 students in grades TK-5 in each year of the charter term.
26. Board of Education Report No. 360-24/25 **PUBLIC HEARING**
 Charter Schools Division
 (Approval of the Renewal Petition for Haynes Charter for Enriched Studies) Recommends approval of the renewal petition for Haynes Charter for Enriched Studies, located in Board District 3 and Region North, for six (6) years, beginning July 1, 2025, until June 30, 2031, to serve up to 422 students in grades TK-5 in each year of the charter term.
27. Board of Education Report No. 361-24/25 **PUBLIC HEARING**
 Charter Schools Division
 (Approval of the Renewal Petition for Hesby Oaks Leadership Charter) Recommends approval of the renewal petition for Hesby Oaks Leadership Charter, located in Board District 4 and Region North, for six (6) years, beginning July 1, 2025, until June 30, 2031, to serve up to 510 students in grades TK-8 in each year of the charter term.
28. Board of Education Report No. 362-24/25 **PUBLIC HEARING**
 Charter Schools Division
 (Approval of the Renewal Petition for Knollwood Preparatory Academy) Recommends approval of the renewal petition for Knollwood Preparatory Academy, located in Board District 3 and Region North, for five (5) years, beginning July 1, 2025, until June 30, 2030, to serve up to 434 students in grades TK-5 in each year of the charter term.
29. Board of Education Report No. 363-24/25 **PUBLIC HEARING**
 Charter Schools Division
 (Approval of the Renewal Petition for Lockhurst Drive Charter Elementary) Recommends approval of the renewal petition for Lockhurst Drive Charter Elementary, located in Board District 3 and Region North, for six (6) years, beginning July 1, 2025, until June 30, 2031, to serve up to 491 students in grades TK-5 in each year of the charter term.
30. Board of Education Report No. 364-24/25 **PUBLIC HEARING**
 Charter Schools Division
 (Approval of the Renewal Petition for Nestle Avenue Charter) Recommends approval of the renewal petition for Nestle Avenue Charter, located in Board District 4 and Region North, for five (5) years, beginning July 1, 2025, until June 30, 2030, to serve up to 458 students in grades TK-5 in each year of the charter term.
31. Board of Education Report No. 365-24/25 **PUBLIC HEARING**
 Charter Schools Division
 (Approval of the Renewal Petition for Plainview Academic Charter Academy) Recommends approval of the renewal petition for Plainview Academic Charter Academy, located in Board District 6 and Region North, for five (5) years, beginning July 1, 2025, until June 30, 2030, to serve up to 309 students in grades TK-5 in each year of the charter term.

32. Board of Education Report No. 366-24/25 **PUBLIC HEARING**
 Charter Schools Division
 (Approval of the Renewal Petition for Serrania Avenue Charter for Enriched Studies)
 Recommends approval with a benchmark in the area of academics (see Attachment A) of the renewal petition for Serrania Avenue Charter for Enriched Studies, located in Board District 4 and Region North, for five (5) years, beginning July 1, 2025, until June 30, 2030, to serve up to 563 students in grades TK-5 in each year of the charter term.
33. Board of Education Report No. 367-24/25 **PUBLIC HEARING**
 Charter Schools Division
 (Approval of the Renewal Petition for Van Gogh Charter) Recommends approval of the renewal petition for Van Gogh Charter, located in Board District 3 and Region North, for six (6) years, beginning July 1, 2025, until June 30, 2031, to serve up to 477 students in grades TK-5 in each year of the charter term.

Miscellaneous Business

34. Receipt of Dept Report FY 2023-24 (MISC-069-24/25)

Board Member Resolutions for Action

35. Dr. Rivas – Celebration of Play Day on June 28, 2025, and Promotion of Play Equity
 (Res-081-24/25) (Waiver of Board Rule 72)

Whereas, Sport, play, and movement are essential for positive youth development, improving mental and physical health, increasing cognitive performance, building self-esteem, cultivating leadership skills, and contributing to higher academic and career achievement;

Whereas, Inequities in access to sport, play, and movement exist, particularly for Black and Latino children, youth with disabilities, and those from low-income households, who often face barriers such as limited access to green spaces, high costs, inadequate facilities, and lower rates of participation in organized sports;

Whereas, According to the 2024 California Play Equity Report, commissioned by the LA84 Foundation, 66 percent of youth are not meeting federal recommendations for daily physical activity, with the lowest participation rates among Latinas, Black and African American girls, Latino youth, youth with disabilities, and youth from households earning \$50,000 or less;

Whereas, Achieving play equity means removing barriers and ensuring access to sport, play, and movement for all children. This is essential to fostering lifelong well-being, promoting social and emotional growth, and realizing a more just and inclusive society;

Whereas, The LA84 Foundation and the Play Equity Fund have issued a call to action through Play Day on June 28, 2025, a national celebration uplifting the joy and benefits of sport, play, and movement in the neighborhoods where children live;

Whereas, Play Day 2025 will be celebrated with a Block Party at the LA84 Foundation headquarters in West Adams, featuring music, art, sports, and food to honor the legacy of the 1984 Olympic Games. One hundred additional satellite sites across the country will promote the

joy of play and the power of community connection;

Whereas, Play Day exemplifies our shared commitment to building community, supporting equitable youth sports access, and creating healthy environments for all children to thrive;

Whereas, The Los Angeles Unified School District's Strategic Plan 2022–2026 prioritizes joyful, safe, and healthy learning environments, recognizing that physical activity is essential to student success and holistic well-being; and

Whereas, The District has a long-standing commitment to student health and wellness, as demonstrated through its support of International Walk to School Day (October 9, 2013) and TV Turnoff Week (April 19-25, 2004), and recognizes the need to continue expanding inclusive access to physical activity; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District reaffirms its commitment to closing the play equity gap and championing policies and practices that ensure all students have access to the lifelong benefits of sport, play, and movement;

Resolved further, That the Board designates June 28, 2025, as “Play Day” and encourages all Los Angeles Unified School District students, families, and staff to join the celebration in West Adams or participate in community play wherever they are that day; and, be it finally

Resolved, That the Board directs the Superintendent to utilize and promote resources through the District’s Summer of Learning summer school programming, as well as Los Angeles County and Los Angeles City programs, to support Play Day on June 28, 2025, and to champion equitable access to sports, play, and movement opportunities for all students throughout the year.

Board Member Resolutions for Initial Announcement

36. Dr. Rivas, Ms. Griego - Ensuring a Sustainable, and Collaborative Community Schools Initiative (Res-080-24/25) For Action June 17, 2025

Whereas, The Los Angeles Unified School District has made a long-term investment in the Community Schools Initiative (CSI), implementing a holistic, student-centered model that supports student success by addressing academic, social, emotional, and community needs;

Whereas, The District’s commitment to CSI has been reaffirmed through a series of Board resolutions including Res-098-16/17, Res-045-19/20, and Res-031-20/21, and aligns with the District’s Strategic Plan, particularly Pillar 2: Joy and Wellness, which prioritizes social-emotional learning, mental health, and safe school environments, and Pillar 3: Engagement and Collaboration, which emphasizes authentic family and community partnerships;

Whereas, The Governing Board of the Los Angeles Unified School District’s resolution “Sustaining, Deepening, and Expanding the District’s Community Schools Initiative” (Res-031-20/21) directed the District to expand the CSI by investing \$10 million annually and growing the cohort of Community Schools by 10 schools each year between 2022–2025, while allocating an additional \$2 million annually to support project management, coaching, evaluation, and technical assistance;

Whereas, The success of Community Schools relies on a clear funding structure and strong infrastructure that support whole-school transformation and student achievement by coordinating assets across the District in multiple areas, such as mental health, family engagement, school climate, and instructional quality;

Whereas, Since its inception, the Community Schools Initiative has operated with a dedicated cost center structure, enabling transparent tracking of funds and coordination across divisions, which has supported the Initiative's holistic, multi-tiered approach to student success; and

Whereas, The Community Schools Initiative is based on collaborative governance and shared leadership, with meaningful roles for school staff, families, students, and community partners in identifying priorities and shaping implementation through ongoing engagement and site-based decision-making; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District reaffirms its commitment to sustaining, deepening, and expanding the Community Schools Initiative as outlined in Res-031-20/21;

Resolved further, That the Board reaffirms its commitment to the Community Schools Initiative and directs the Superintendent to maintain a dedicated CSI cost center, distinct from any single division, to ensure transparency, protect the cross-divisional nature of the Initiative, and support its continued implementation and expansion;

Resolved further, That this funding structure shall be used to support CSI implementation across the District's divisions, including but not limited to instruction, student mental health and wellness, school climate, restorative practices, family engagement, and evaluation;

Resolved further, That the Board commits to the continued implementation, expansion, and sustainability of the Community Schools Initiative by ensuring ongoing funding and support for both school-site capacity and central infrastructure. This includes a full-time Director, Community School Coaches, Community School Coordinators, support staff, and systems for professional learning, technical assistance, and continuous improvement necessary to uphold a high-quality, district-wide model;

Resolved further, That the Superintendent shall provide an annual report to the Board that includes input from the Community Schools Steering Committee and itemizes all CSI expenditures by function and division;

Resolved further, That the District and the Community Schools Steering Committee collaborate on assessing school sites, funding sources and necessary infrastructure for future cohorts, and report back to the Board by end of the 2025-2026 school year; and, be it finally

Resolved, That the District shall not reconfigure the CSI infrastructure or staffing without Board approval and shall continue to pursue additional funding from the State of California and philanthropic sources to sustain and scale the Community Schools model District-wide.

Resolutions Requested by the Superintendent

37. Reappointment of Member to the School Construction Bond Citizens' Oversight Committee (Dr. Rowles) Sup Res-008-24/25

Resolved, That the Governing Board of the Los Angeles Unified School District ratifies the reappointment of Dr. Samantha Rowles, LAUSD parent representative of a child enrolled in the District and active in a parent-teacher organization (Section 3.1.5 of MOU), as member to the School Construction Bond Citizens' Oversight Committee for a two-year term commencing July 14, 2025, and determines that Dr. Rowles is not an employee, official, vendor, contractor, or consultant of the District.

38. Reappointment of Member to the School Construction Bond Citizens' Oversight Committee (MacFarlane) Sup Res-009-24/25

Resolved, That the Governing Board of the Los Angeles Unified School District ratifies the reappointment of Mr. Patrick MacFarlane representing the Early Childhood Alliance (formerly the Los Angeles Preschool Advocacy Initiative, LAPAI, Coalition), which includes partnerships with Advancement Project, InnerCity Struggle, and the California Community Foundation, as member to the School Construction Bond Citizens' Oversight Committee for a two-year term commencing June 16, 2025. Mr. MacFarlane is not an employee, official, vendor, contractor, or consultant of the District.

39. Appointment of Member to the School Construction Bond Citizens' Oversight Committee (Lerchenmuller) Sup Res-010-24/25

Resolved, That the Governing Board of the Los Angeles Unified School District ratifies the appointment of Ms. Charlotte Lerchenmuller, representing the Association of California School Administrators - Retired (ACSA-R), as Member to the School Construction Bond Citizens' Oversight Committee for a two-year term commencing immediately and determines that Ms. Lerchenmuller is not employee, official, vendor, contractor, or consultant of the District.

Minutes for Board Approval (MIN-008-24/25)

40. November 19, 2024, Regular Board Meeting
 April 8, 2025, Regular Board Meeting
 May 14, 2025, Regular Board Meeting Including Closed Session Items

Adjournment

Please note that the Board of Education may consider at this meeting any item referred from a Board Meeting 5 calendar days prior to this meeting (Education Code 54954.2(b)(3)). The Board of Education may also refer any item on this Order of Business for the consideration of a committee or meeting of the Board of Education.

Requests for disability related modifications or accommodations shall be made 24 hours prior to the meeting to the Board Secretariat in person or by calling (213) 241-7002.

If you or your organization is seeking to influence an agreement, policy, site selection or any other LAUSD decision, registration may be required under the District's Lobbying Disclosure Code. Please visit <http://ethics.lausd.net/> to determine if you need to register or call (213) 241-3330.

Materials related to an item on this Order of Business distributed to the Board of Education are available for public inspection at the Security Desk on the first floor of the Administrative Headquarters, and at:

Board of Education Report

File #: Rep-269-24/25, **Version:** 1**Agenda Date:** 6/3/2025**In Control:** Facilities

Define and Approve Three Campus Reconstruction Projects and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein

Facilities Services Division

Brief Description:

(Define and Approve Three Campus Reconstruction Projects and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein) Recommends definition and approval of three Campus Reconstruction projects, as described in Exhibit A, and the amendment of the Facilities Services Division Strategic Execution Plan to incorporate therein, for a combined budget of \$604,205,000.

Action Proposed:

Define and approve three Campus Reconstruction Projects (Projects), as described in Exhibit A, and amend the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein. The combined budget for the proposed Projects is \$604,205,000.

Authorize the Chief Procurement Officer and/or the Chief Facilities Executive and/or their designee(s) to execute all instruments necessary, as legally permissible, to implement the proposed Projects including budget modifications and the purchase of equipment and materials.

Background:

In early January 2025, Los Angeles County experienced historic and catastrophic losses due to severe windstorms and multiple wildfires that devastated many cherished communities. For the Los Angeles Unified School District (LAUSD, Los Angeles Unified, or the District), the Palisades Fire caused an unprecedented loss of facilities due to fire damage with significant impacts to Marquez Charter Elementary School, Palisades Charter Elementary School, and Palisades Charter High School. The recommended scope, schedule, and budget for the design and reconstruction of these campuses has been developed to expedite the repopulation of the affected schools as a critical step in the recovery of the Pacific Palisades community.

On January 14, 2025, the Board of Education (Board) adopted a resolution declaring emergency conditions as a result of the severe windstorms and fire conditions (Emergency Conditions Resolution). This Board action also authorized the execution of emergency contracts through June 30, 2025, to address these emergency conditions and help ensure the continuation of public education, the health and safety of District students and staff, and the repair and restoration of District property. The Facilities Services Division created emergency projects in response to this resolution to begin preliminary site clearance and remediation at the three schools significantly impacted by the Palisades Fire.

The Campus Reconstruction Projects proposed in this action will restore and rebuild the Marquez Charter Elementary School, Palisades Charter Elementary School, and Palisades Charter High School campuses. Marquez Elementary School and Palisades Charter High School includes two phases: Phase 1 provides interim facilities and site restoration to provide students with the opportunity to return to their campuses and Phase 2

In Control: Facilities

provides permanent construction with new buildings and facilities for each campus, as detailed in Exhibit A. Palisades Charter Elementary School will remain at its current temporary location of Brentwood Elementary Science Magnet until the Palisades Charter Elementary School campus is restored and the new buildings are constructed, as detailed in Exhibit A.

The Campus Reconstruction Projects will be implemented under the School Upgrade Program (SUP) - the current phase of Los Angeles Unified's Bond Program - which was updated by Board actions in 2021 and 2024 to integrate Measures RR and US funds into categories of need that represent goals guiding project development. The proposed Projects for Marquez Charter Elementary School and Palisades Charter Elementary School will be funded by the category of need for major modernizations, upgrades, and reconfigurations to school campuses while the proposed Project for Palisades Charter High School will be funded by the category of need for charter school facilities upgrades and expansions. Projects developed under both of these categories of need are included in the Facilities SEP. Although the Projects will be funded by local bonds, external funding sources are being sought as reimbursement to the Bond Program as well as to the emergency projects; these sources could include funding from insurance proceeds, the Federal Emergency Management Agency (FEMA), and the State of California School Facilities Program.

Bond Oversight Committee Recommendations:

This item was considered by the School Construction Bond Citizens' Oversight Committee (BOC) at its meeting on May 22, 2025, as referenced in Exhibit B. The presentation that was provided is included as Exhibit C. Staff has concluded that this proposed Facilities SEP amendment is in alignment with BOC recommendations and will facilitate Los Angeles Unified's ability to successfully implement the Facilities SEP.

Expected Outcomes:

Staff anticipates the Board will adopt the proposed amendment to the Facilities SEP to define and approve three proposed Projects. Approval will authorize staff to proceed with the implementation of the proposed Projects to provide facilities that promote student health, safety, and educational quality.

Board Options and Consequences:

Adoption of the proposed action will authorize staff to proceed with the expenditure of Bond Program funds to undertake the proposed Projects in accordance with the provisions set forth in Los Angeles Unified local bond measures K, R, Y, Q, RR, and US. If the proposed action is not approved, Bond Program funds will not be expended, and the campus reconstruction efforts will not move forward.

Policy Implications:

The proposal is consistent with Los Angeles Unified's long-term goal to address unmet school facilities needs and significantly improve the conditions of aging and deteriorating school facilities as described in Los Angeles Unified local bond measures. The proposed action advances Los Angeles Unified's 2022-2026 Strategic Plan Pillar 4 Operational Effectiveness Modernizing Infrastructure by providing new facilities that are urgently needed due to the devastating Palisades Fire.

Budget Impact:

The total combined budget for the three proposed Projects is \$604,205,000. The proposed Projects for Marquez Charter Elementary School and Palisades Charter Elementary School, with a combined budget of \$337,584,000, will be funded by Bond Program funds targeted in the SUP for major modernizations, upgrades, and reconfigurations to school campuses. The proposed Project for Palisades Charter High School, with a budget of \$266,621,000, will be funded by Bond Program funds targeted in the SUP for charter school facilities

upgrades and expansions.

LAUSD is pursuing additional funding from numerous external sources including insurance claims, FEMA, and the State of California School Facilities Program. Staff does not yet know the amount or timing of receipt of funds from any of these potential sources, some of which may be available only as reimbursement. Depending on the timing, any external funding received for these projects would be used in lieu of, or as reimbursement to, bond funds. Even after receiving potential external funding, it is anticipated that some portion of funding from the Bond Program will be required to complete the proposed Projects. Additionally, any bond eligible costs that have been incurred on the emergency projects will be transferred to the Campus Reconstruction Projects.

Each Project budget was prepared based on the current information known and assumptions about the proposed project scopes, site conditions, and market conditions. Individual Project budgets will be reviewed throughout the planning, design, and construction phases as new information becomes known or unforeseen conditions arise and will be adjusted accordingly to enable the successful completion of each proposed Project.

Student Impact:

Approval of the proposed Projects enables the District to continue ongoing efforts to provide facilities that help ensure the approximately 3,620 current and future students attending these three schools are provided with a safe school environment that promotes teaching and learning.

Equity Impact:

These Projects replace facilities at Marquez Charter Elementary School, Palisades Charter Elementary School, and Palisades Charter High School that were impacted by the Palisades Fire. Permanent facilities will be constructed to serve the student enrollment at each school prior to the Palisades Fire.

Issues and Analysis:

LAUSD is committed to restoring these three school communities by providing facilities that allow for the expeditious repopulation of each campus. Initially, interim facilities will be placed to provide students with the opportunity to return to Marquez Charter Elementary School and Palisades Charter High School. Palisades Charter Elementary School will remain at its current temporary location of Brentwood Elementary Science Magnet until the Palisades Charter Elementary School campus is restored and the new buildings are constructed. Thereafter, the District will design and construct permanent replacement facilities to fully restore the operations of each school.

Facilities assessments, environmental remediation efforts, planning and design efforts, interim facilities procurement and installation, and other activities that were immediately necessary in response to the Palisades Fire are currently underway as part of the emergency projects created in response to the Emergency Conditions Resolution. The proposed Campus Reconstruction Projects will meet the District's commitment to a prompt reopening of these schools.

It may be necessary to undertake additional feasibility studies, site analysis, scoping, and/or due diligence activities on the proposed Projects prior to initiating design. As necessary, the Office of Environmental Health and Safety (OEHS) will evaluate the proposed Projects in accordance with the California Environmental Quality Act (CEQA) to ensure compliance. If it is determined the proposed Project scopes will not sufficiently address the critical needs identified, the proposed Project scopes, schedules, and budgets will be revised accordingly.

**LOS ANGELES UNIFIED SCHOOL DISTRICT
Board of Education Report**

**Exhibit A
Scope, Budget, and Schedule for Three Campus Reconstruction Projects**

1. Marquez Charter Elementary School – Campus Reconstruction Project

Board District 4 – Nick Melvoin, Region West

▪ *Project Scope*

Phase 1 – Interim Facilities

- Procurement and installation of approximately 19 classroom units, administration units, a modular library, a mobile kitchen and scramble area with shaded lunch area, and 3 restroom units.
- Installation of temporary infrastructure as necessary.
- Site preparation including asphalt removal, soil removal, grading, and hardscape/landscape replacement.
- Site restoration for interim play areas and parking.

Phase 2 – Permanent Construction

- Construction of approximately 22 general, transitional kindergarten/kindergarten, and specialty classrooms with associated support spaces; administrative spaces; new multipurpose room; new library; new food services and lunch shelter; and new maintenance and operations spaces.
 - Removal of 3 portable buildings with classrooms that will be replaced through permanent construction.
 - Associated greening requirements, landscape, hardscape, parking improvements, and full infrastructure replacement including, but not limited to, sanitary sewer, water, stormwater, and electrical utilities.
 - Requirements from the Americans with Disabilities Act (ADA), Division of the State Architect (DSA), California Environmental Quality Act (CEQA), Department of Toxic Substances Control (DTSC), or other improvements to ensure compliance with local, state, and federal requirements.
- *Project Budget:* \$202,594,000
- *Project Schedule:* Construction will be implemented in two phases and is anticipated to begin in Q2-2025 and be completed in Q4-2028 for new buildings, and Q2-2029 for interim facilities removal and play area construction.

Board of Education Report**

**Exhibit A
Scope, Budget, and Schedule for Three Campus Reconstruction Projects**

2. Palisades Charter Elementary School – Campus Reconstruction Project

Board District 4 – Nick Melvoin, Region West

- *Project Scope*
 - Restoration and repair of existing intact buildings including potentially new building equipment, systems, and interior improvements necessary to reoccupy.
 - Construction of approximately 16 general, transitional kindergarten/kindergarten, and specialty classrooms with associated support spaces; administrative spaces; new multipurpose room; and new maintenance and operations spaces.
 - Associated greening requirements, landscape, hardscape, parking improvements, and full infrastructure replacement including, but not limited to, sanitary sewer, water, stormwater, and electrical utilities.
 - Requirements from the ADA, DSA, CEQA, DTSC, or other improvements to ensure compliance with local, state, and federal requirements.
- *Project Budget:* \$134,990,000
- *Project Schedule:* Construction is anticipated to begin in Q2-2025 and be completed in Q4-2028.

Board of Education Report**

**Exhibit A
Scope, Budget, and Schedule for Three Campus Reconstruction Projects**

3. Palisades Charter High School – Campus Reconstruction Project

Board District 4 – Nick Melvoin, Region West

▪ *Project Scope*

Phase 1 – Interim Facilities

- Procurement and installation of approximately 29 classroom units, 5 administration/workroom units, and 3 restroom units.
- Installation of temporary infrastructure as necessary.
- Site preparation including asphalt removal, soil removal, grading, and hardscape/landscape replacement.
- Site restoration for play areas.
- Restoration of existing intact buildings including potentially new building equipment, systems, and interior improvements necessary to reoccupy.

Phase 2 – Permanent Construction

- Construction of approximately 22 general and specialty classrooms with associated support spaces for the high school programs (includes replacement of the buildings destroyed at the former Temescal Canyon Continuation School), and administrative spaces.
 - Replacement of synthetic track and football field, ancillary football field buildings, football and baseball field lighting, baseball field, and storage containers throughout the campus.
 - Associated greening requirements, landscape, hardscape, parking improvements, and infrastructure replacement as necessary including, but not limited to, sanitary sewer, water, stormwater, and electrical utilities.
 - Requirements from the ADA, DSA, CEQA, DTSC, or other improvements to ensure compliance with local, state, and federal requirements.
- *Project Budget:* \$266,621,000
- *Project Schedule:* Construction will be implemented in two phases and is anticipated to begin in Q2-2025 and be completed in Q4-2028 for new buildings, and Q3-2029 for interim facilities removal and baseball field construction.

RESOLUTION 2025-22**BOARD REPORT 269-24/25**

RECOMMENDING BOARD APPROVAL TO DEFINE AND APPROVE THREE CAMPUS RECONSTRUCTION PROJECTS AND AMEND THE FACILITIES SERVICES DIVISION STRATEGIC EXECUTION PLAN TO INCORPORATE THEREIN

WHEREAS, District Staff proposes that the Board of Education (Board) define and approve three Campus Reconstruction projects (Projects) with a combined budget of \$604,205,000, as described in Board Report No. 269-24/25 attached hereto, and amend the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein; and

WHEREAS, District Staff also requests that the Board authorize the Chief Procurement Officer and/or the Chief Facilities Executive, and/or their designee(s), to execute all instruments necessary, as legally permissible, to implement the proposed projects, including budget modifications and the purchase of equipment and materials; and

WHEREAS, In early January 2025, Los Angeles County experienced historic and catastrophic losses due to severe windstorms and multiple wildfires that devastated many cherished communities. For the Los Angeles Unified School District (LAUSD, Los Angeles Unified, or the District), the Palisades Fire caused an unprecedented loss of facilities due to fire damage with significant impacts to Marquez Charter Elementary School, Palisades Charter Elementary School, and Palisades Charter High School. The recommended scope, schedule, and budget for the design and reconstruction of these campuses has been developed to expedite the repopulation of the affected schools as a critical step in the recovery of the Pacific Palisades community; and

WHEREAS, On January 14, 2025, the Board adopted a resolution declaring emergency conditions as a result of the severe windstorms and fire conditions (Emergency Conditions Resolution). This Board action also authorized the execution of emergency contracts through June 30, 2025, to address these emergency conditions and help ensure the continuation of public education, the health and safety of District students and staff, and the repair and restoration of District property. The Facilities Services Division created

RECOMMENDING BOARD APPROVAL TO DEFINE AND APPROVE THREE CAMPUS RECONSTRUCTION PROJECTS AND AMEND THE FACILITIES SERVICES DIVISION STRATEGIC EXECUTION PLAN TO INCORPORATE THEREIN

emergency projects in response to this resolution to begin preliminary site clearance and remediation at the three schools significantly impacted by the Palisades Fire; and

WHEREAS, The Campus Reconstruction Projects proposed in this action will restore and rebuild the Marquez Charter Elementary School, Palisades Charter Elementary School, and Palisades Charter High School campuses. Marquez Elementary School and Palisades Charter High School includes two phases: Phase 1 provides interim facilities and site restoration to provide students with the opportunity to return to their campuses and Phase 2 provides permanent construction with new buildings and facilities for each campus, as detailed in Exhibit A of Board Report 269-24/25. Palisades Charter Elementary School will remain at its current temporary location of Brentwood Elementary Science Magnet until the Palisades Charter Elementary School campus is restored and the new buildings are constructed, as detailed in Exhibit A of Board Report 269-24/25; and

WHEREAS, The Campus Reconstruction Projects will be implemented under the School Upgrade Program (SUP) – the current phase of Los Angeles Unified’s Bond Program – which was updated by Board actions in 2021 and 2024 to integrate Measures RR and US funds into categories of need that represent goals guiding project development. The proposed Projects for Marquez Charter Elementary School and Palisades Charter Elementary School will be funded by the category of need for major modernizations, upgrades, and reconfigurations to school campuses while the proposed Project for Palisades Charter High School will be funded by the category of need for charter school facilities upgrades and expansions. Projects developed under both of these categories of need are included in the Facilities SEP; and

WHEREAS, The total combined budget for the three proposed Projects is \$604,205,000. The proposed Projects for Marquez Charter Elementary School and Palisades Charter Elementary School, with a combined budget of \$337,584,000, will be funded by Bond Program funds targeted in the SUP for major modernizations, upgrades, and reconfigurations to school campuses. The proposed Project for Palisades Charter High School, with a budget of \$266,621,000, will be funded by Bond Program funds targeted in the SUP for charter school facilities upgrades and expansions; and

WHEREAS, LAUSD is pursuing additional funding from numerous external sources including insurance claims, the Federal Emergency Management Agency (FEMA), and the State of California School Facilities Program. Staff does not yet know the amount or timing of receipt of funds from any of these potential sources, some of which may be available only as reimbursement. Depending on the timing, any external funding received for these projects would be used in lieu of, or as reimbursement to, bond funds. Even after receiving potential external funding, it is anticipated that some portion of funding from the Bond Program will be required to complete the proposed Projects. Additionally, any bond eligible costs that have been incurred on the emergency projects will be transferred to the Campus Reconstruction Projects; and

WHEREAS, The District Office of General Counsel has reviewed the proposed Projects and determined that they may proceed to the School Construction Citizens’ Bond Oversight Committee (BOC) for its consideration for recommendation to the Board of Education; and

WHEREAS, District Staff has concluded that this proposed Facilities SEP amendment will facilitate Los Angeles Unified’s ability to successfully complete the Facilities SEP.

RECOMMENDING BOARD APPROVAL TO DEFINE AND APPROVE THREE CAMPUS RECONSTRUCTION PROJECTS AND AMEND THE FACILITIES SERVICES DIVISION STRATEGIC EXECUTION PLAN TO INCORPORATE THEREIN

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The BOC recommends that the Board of Education define and approve three Campus Reconstruction Projects, with a combined budget of \$604,205,000, and amend the Facilities SEP to incorporate therein, as described in Board Report No. 269-24/25, a copy of which is attached hereto in the form it was presented to the BOC and is incorporated herein by reference.
2. This resolution shall be transmitted to the Los Angeles Unified Board and posted on the BOC's website.
3. Los Angeles Unified is directed to track the above recommendation and to report on the adoption, rejection, or pending status of the recommendations as provided in section 6.2 of the Charter and Memorandum of Understanding between the BOC and Los Angeles Unified.

Three Campus Reconstruction Projects

Bond Oversight Committee Meeting
May 22, 2025

The January 2025 Palisades Fire caused unprecedented destruction to three LAUSD campuses serving the Palisades community: Marquez ES, Palisades ES, and Palisades Charter High School

Recovery Approach:

Each campus reconstruction plan has been tailored to the specific extent of damage, prioritizing the safe return of students while optimizing facilities for enrollment needs.

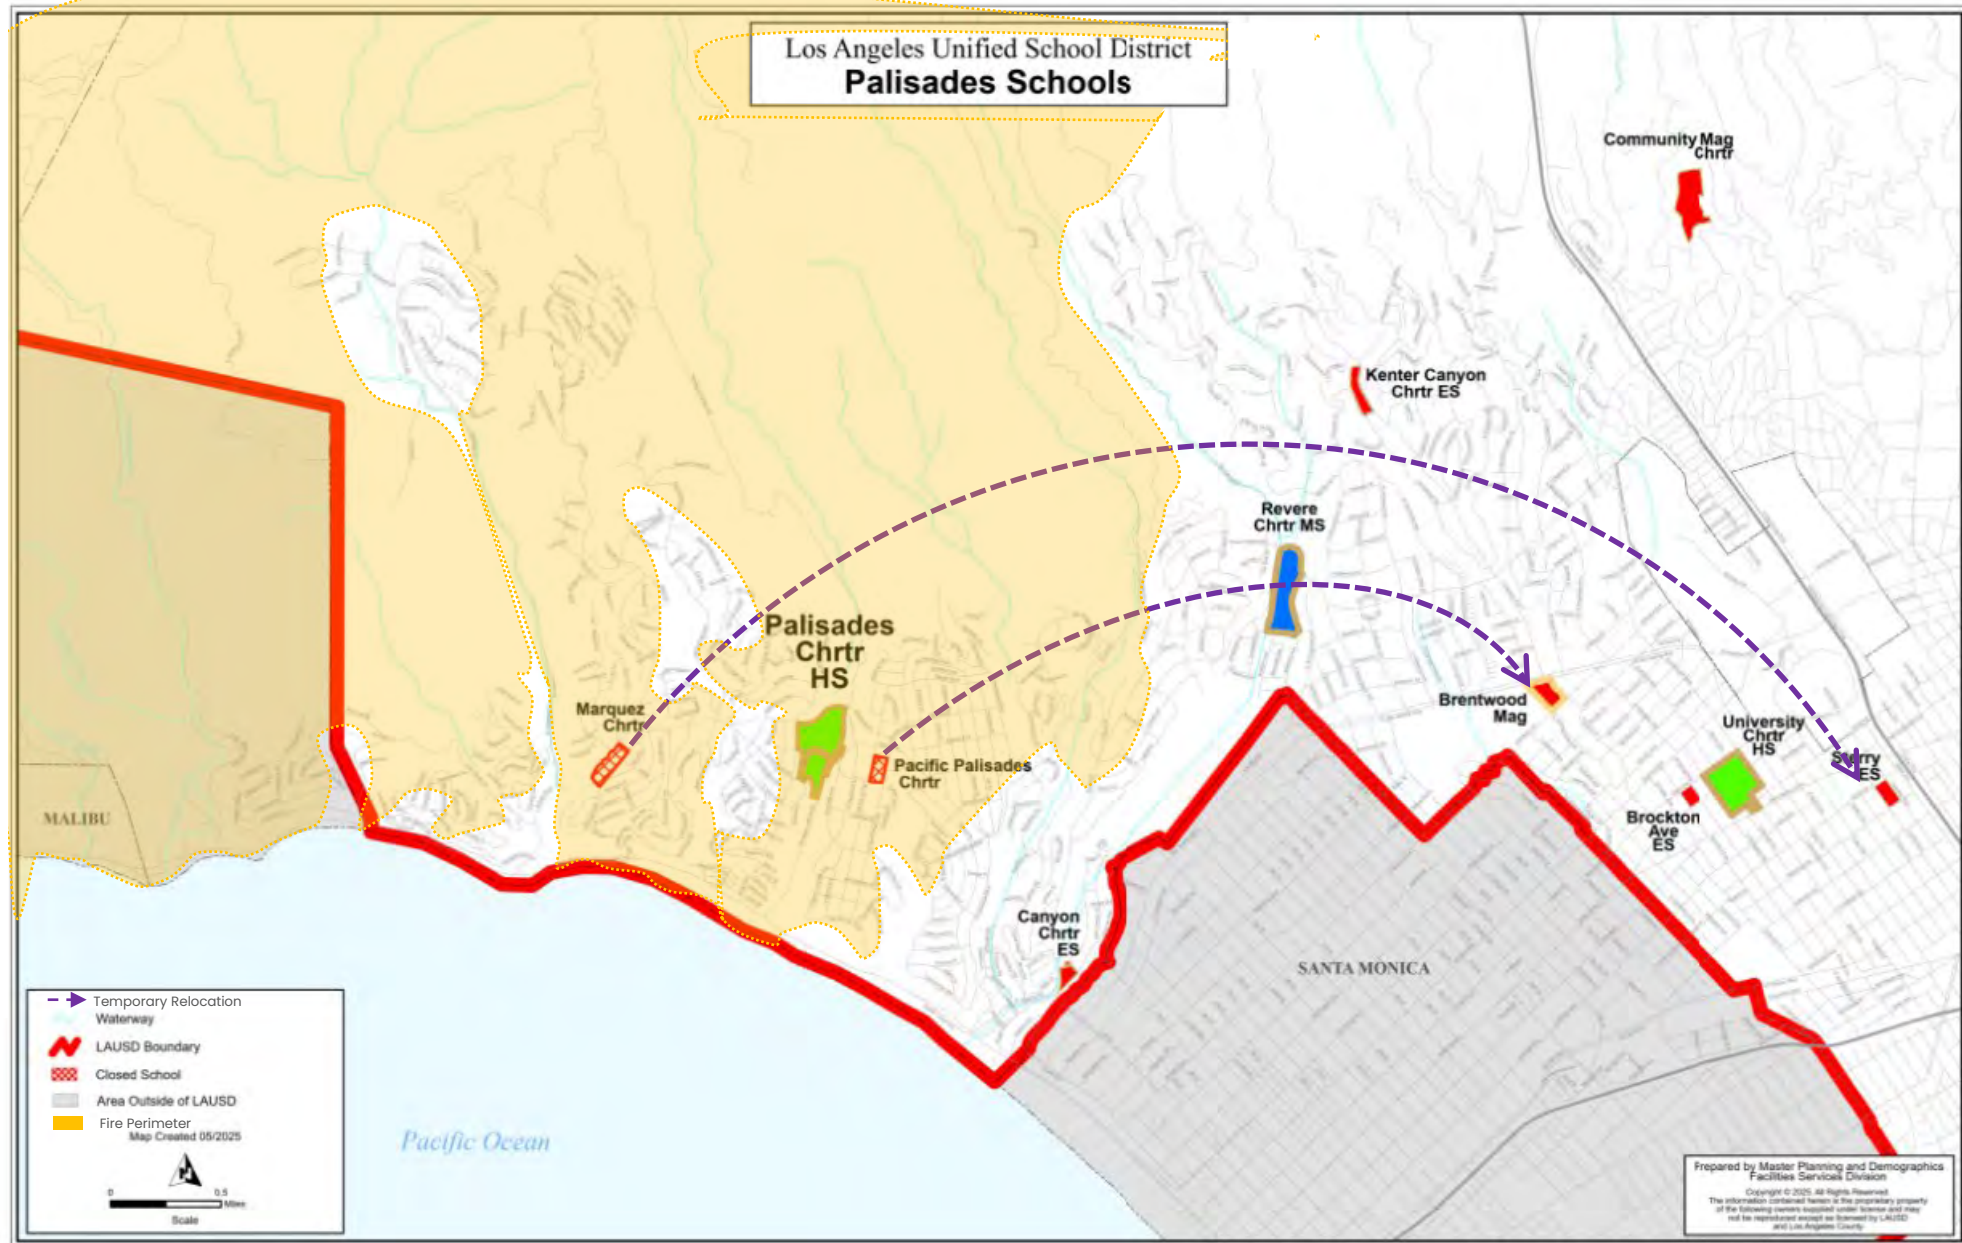

Disaster Impact Summary

27

School	Extent of Damage	Structures Destroyed	Remaining Facilities
Marquez ES	Total Loss (100%)	<ul style="list-style-type: none">• 37 classrooms• Multipurpose room• Library and support spaces	<ul style="list-style-type: none">• None salvageable
Palisades ES	Significant Loss (75%)	<ul style="list-style-type: none">• 18 of 26 classrooms• Multipurpose room• Support facilities	<ul style="list-style-type: none">• Historic main building with 8 classrooms, admin and library• Food services building and lunch shelter
Palisades Charter HS	Partial Loss (25%)	<ul style="list-style-type: none">• 22 of 97 classrooms and support spaces• Synthetic track and field facilities	<ul style="list-style-type: none">• Main academic buildings (approx. 75 classrooms)• Core facilities – cafeteria, gymnasium, and aquatic facilities

Map of Palisades Schools and Fire Perimeter

Forward-Looking Planning Principles

- Creating climate-resilient and high-quality, flexible learning environments aligned to actual needs
- Maintaining essential specialized program spaces at both elementary schools
- Designing for current enrollment with adaptability for future community changes

Planning Considerations

- Anticipate the rebuilding of all residential lots in broader community
- Historical enrollment patterns analyzed to inform capacity planning
- All schools sized for residential neighborhood and program quality

Historical Enrollment Pattern

- Marquez ES: Significant decline
- Palisades ES: Moderate decline
- Palisades HS: Stable

School	2024-25 Enrollment	Original Classrooms	Proposed Classrooms	Classroom Reduction
Marquez ES	312	37	22	41%
Palisades ES	410	26	24	8%
Palisades Charter HS*	2,907	97	97	0%

*Enrollment capacity is 3,000 students per Board approved Charter Renewal Petition and Sole Occupant Agreement. Includes classrooms in the Temescal Continuation School area.

Community Engagement Process

- Approx. 15 school and community town hall meetings in 3 months
- Targeted stakeholder meetings to address specific issues
- Parent surveys to gauge enrollment plans and site location preferences

Key Site Factors Influencing Decisions

	Marquez ES	Palisades ES
Site Size	7.7 acres	4.2 acres
Fire Impact	58% of homes remained intact	24% of homes remained intact
Adj. Properties	Primarily residential	Mixed commercial/residential
Temporary Campus	Further from neighborhood	Closer to neighborhood

Marquez ES

Phased Implementation Plan

- Marquez ES:
 - Return to campus Fall 2025 using portable classrooms
 - Large site enables simultaneous interim campus and permanent construction
- Palisades ES:
 - Remain at Brentwood Sciences Magnet
 - Constrained site severely limits concurrent occupancy and building

Financial Approach

- Bond Program provides necessary upfront funding
- District will pursue maximum eligible reimbursement to offset bond expenditures
- Net bond funding will be determined after all reimbursements secured

Upfront Funding – School Upgrade Program (Bond)

- Elementary Schools: \$337.5M from modernizations, upgrades, reconfiguration category
 - Marquez ES: \$203M
 - Palisades ES: \$135M
- High School: \$266M from charter school facilities upgrades, expansions category
- Total project budget: \$604M

External Funding Sources – Reimbursement

- Insurance claims (\$500M per incident coverage)
- FEMA Public Assistance
 - 100% reimbursement possible for emergency cleanup and protection
 - 75% reimbursement for portions of rebuilding work
- California School Facilities Program

Marquez ES Fire Damage

32

Campus and Aerial Images – January 2025

Marquez ES Proposed Project

33

Project Scope:

- 22 new classrooms (general, TK/K, specialty), admin spaces, multipurpose room, library, food services, and maintenance facilities
- Infrastructure upgrades including utilities, landscape, and parking improvements
- Interim classrooms during design and construction of the permanent campus

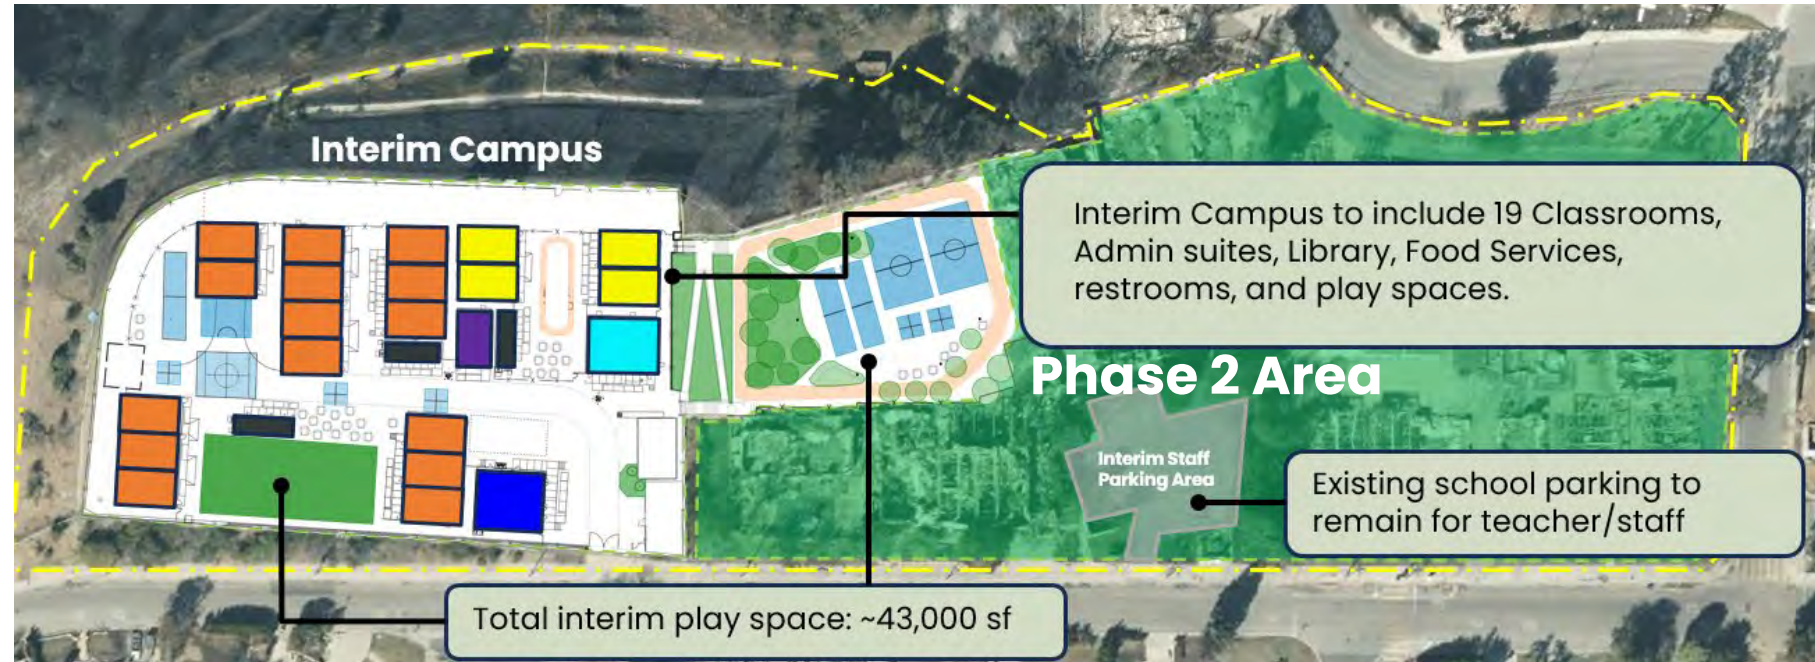

Total Project Budget ~\$202.6M

- | | |
|------------------------|-------|
| • Site & Environmental | 0.2% |
| • Plans | 9.7% |
| • Construction | 75.5% |
| • Management | 8.3% |
| • Other/Reserve | 6.3% |

Phase 1 Scope:

- Approx. 19 portable classrooms, admin and library in portables, mobile kitchen with shaded lunch area, and 3 portable restroom units.
- Installation of temporary infrastructure
- Site preparation for interim play areas and restoration of parking areas.

Anticipated Schedule

- | | |
|------------------------------|---------|
| • Phase 1 Installation Start | Q2-2025 |
| • Phase 1 Complete | Q3-2025 |
| • Phase 2 Construction Start | Q1-2027 |
| • Phase 2 Buildings Complete | Q4-2028 |
| • Phase 2 Play Yard Complete | Q2-2029 |

Palisades ES Fire Damage

35

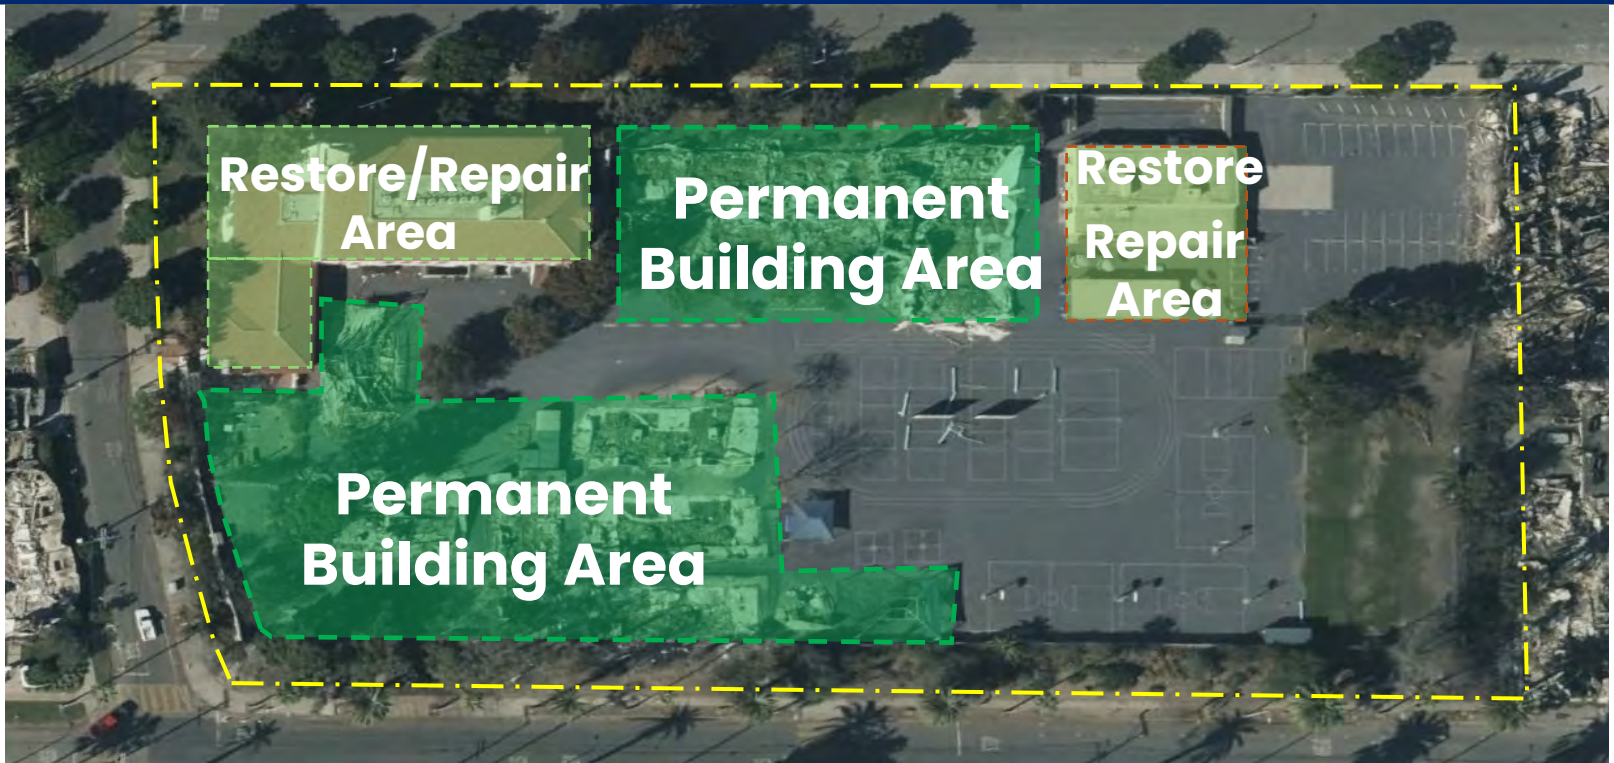

Campus and Aerial Images – January 2025

Palisades ES Proposed Project

Project Scope:

- Restore and repair intact buildings with upgrades for reoccupancy (equipment, systems, interiors)
- 16 new classrooms (general, TK/K, specialty), admin spaces, multipurpose room, and maintenance facilities
- Infrastructure renewal including utilities, landscape, and parking improvements

Total Project Budget ~\$134.9M

• Site/Environmental	0.2%
• Plans	8.1%
• Construction	77.0%
• Management	8.3%
• Other/Reserve	6.4%

Anticipated Schedule

- Restoration/Repair Construction Start Q2 2025
- New Building Construction Start Q1 2027
- Construction Complete Q4-2028

Palisades Charter HS Fire Damage

37

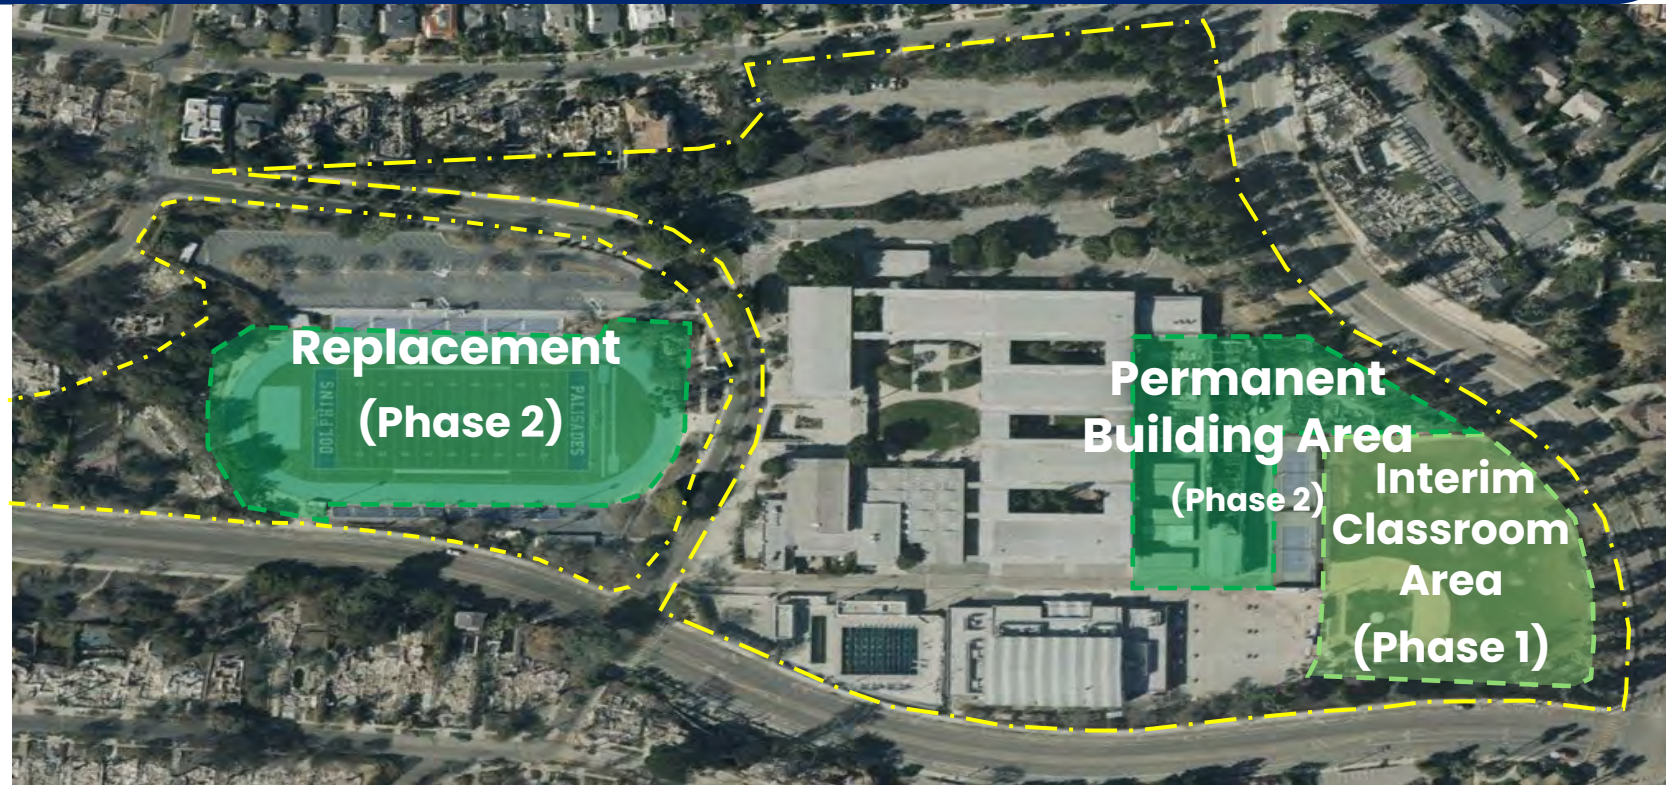

Campus and Aerial Images – January 2025

Palisades Charter HS Proposed Project 38

Project Scope:

- 22 new classrooms (general, specialty), admin spaces, and support spaces
- Replace track & football field, baseball field, field lighting, and ancillary buildings
- Infrastructure upgrades including utilities, landscape, and parking
- Interim classrooms during design and construction of the permanent classrooms

Total Project Budget ~\$266.6M

- | | |
|------------------------|-------|
| • Site & Environmental | 0.2% |
| • Plans | 7.5% |
| • Construction | 77.2% |
| • Management | 8.5% |
| • Other/Reserve | 6.6% |

Palisades Charter HS Proposed Project 39

Phase 1 Scope:

- Approx. 29 portable classrooms, 5 admin portables, and 3 portable restroom units
- Installation of temporary infrastructure
- Site preparation for interim play areas and hardscape/landscape replacement
- Restore and repair intact buildings with upgrades for reoccupancy (equipment, systems, interiors)

Anticipated Schedule

- | | |
|-----------------------------------|---------|
| • Phase 1 Installation Start | Q2-2025 |
| • Phase 1 Complete | Q3-2025 |
| • Phase 2 Construction Start | Q1-2027 |
| • Phase 2 Facilities Complete | Q4-2028 |
| • Phase 2 Baseball Field Complete | Q3-2029 |

TAB 2

Board of Education Report

File #: Rep-377-24/25, **Version:** 1

Agenda Date: 6/3/2025

In Control: Facilities

Define and Approve Five Accessibility Enhancement Projects and Two Barrier Removal Projects and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein

Facilities Services Division and Division of Special Education

Brief Description:

(Define and Approve Five Accessibility Enhancement Projects and Two Barrier Removal Projects and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein) Recommends definition and approval of five accessibility enhancement projects and two barrier removal projects, as detailed in Exhibits A and B, and the amendment of the Facilities Services Division Strategic Execution Plan to incorporate therein, for a combined budget of \$43,447,077.

Action Proposed:

Define and approve five accessibility enhancement projects at Beethoven ES, Dominguez ES, Gage MS, Leland Street ES, and Miles ES as described in Exhibit A, and two barrier removal projects at Cheremoya ES and Ritter ES as described in Exhibit B, to support the implementation of the Board of Education (Board) approved Self-Evaluation and Transition Plan (Transition Plan) under the Americans with Disabilities Act (ADA), and amend the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein. The total combined budget for the seven proposed projects is \$43,447,077.

Authorize the Chief Procurement Officer and/or the Chief Facilities Executive and/or their designee(s) to execute all instruments necessary, as legally permissible, to implement the projects including budget modifications and the purchase of equipment and materials.

Background:

On October 10, 2017, the Board approved the Transition Plan under the ADA to further Los Angeles Unified efforts to comply with ADA Title II program accessibility requirements. The Transition Plan outlined Los Angeles Unified's proposed approach to providing program accessibility, which considers the characteristics of Los Angeles Unified, student population, variety of educational programs, as well as the existing level of accessibility. The Transition Plan established a specific approach and goals for achieving program accessibility within eight years through facility modifications and operational means.

Under the Transition Plan, each school is assigned to one of three levels of accessibility (Category One, Two, or Three) based on assessments of more than two dozen criteria including school programs, matriculation options, feeder pattern, geographic location, known (or anticipated/matriculating) population of students with disabilities or parents/guardians with disabilities, type of instructional model, and public input. The assigned category reflects the level of accessibility the site needs to meet. Schools that do not yet meet the criteria for their assigned category will undergo accessibility improvements and are prioritized for project development based on the criteria mentioned above. The three categories of accessibility are as follows:

- Category One: These are “key” schools and will have the highest level of access, generally in accordance with applicable physical accessibility standards. Category 1A will provide “full accessibility” for the schools that were built to new construction standards, while Category 1B will provide “high accessibility” for schools that have been altered with some limited exceptions.
- Category Two: These will be “program-accessible” schools. The core spaces and features of these schools would be made accessible; in addition, program accessibility would be provided to all programs and activities at the school.
- Category Three: These schools will have “core access,” which means that the core spaces (certain common spaces) would be made accessible, to ensure a basic level of access to the building. These include, for example, parking, the main entrance and main office, assembly areas, and some restrooms.

The five school sites for which an accessibility enhancement project is being proposed do not yet meet their assigned category/level of accessibility and thus require facilities improvements. The scope, schedule, and budget for each proposed project reflects the existing known conditions at each school site and the improvements necessary to meet each school’s assigned category of accessibility. The conditions of significance include acreage, topography, square footage, existence of multi-story buildings, age of buildings, as well as the number of schools, programs, features, and activities at a school site.

A need to accommodate students and staff with disabilities to access classroom buildings at Cheremoya ES and Ritter ES has been identified. Facilities staff were previously delegated authority to execute and expend Bond Program funds for Rapid Access Program (RAP) projects in response to an individual student’s need for programmatic access. These projects require minor installments and adjustments to facilities to ensure a barrier-free learning environment, do not require Division of the State Architect (DSA) approval and thus can be completed “rapidly” with a project budget that does not exceed \$250,000. The proposed barrier removal projects at Cheremoya ES and Ritter ES do not meet the parameters of the RAP due to their scope and budget. As such, the staff is presenting the project proposals to the Board for approval.

Bond Oversight Committee Recommendations:

This item was considered by the School Construction Bond Citizens’ Oversight Committee (BOC) at its meeting on May 22, 2025, as referenced in Exhibit D. The presentation that was provided is included as Exhibit E. Staff has concluded that this proposed Facilities SEP amendment is in alignment with BOC recommendations and will facilitate Los Angeles Unified’s ability to successfully complete the Facilities SEP.

Expected Outcomes:

Define and approve five accessibility enhancement projects and two barrier removal projects, as detailed in Exhibits A and B, and adopt the proposed amendment to the Facilities SEP to incorporate therein. Approval will authorize staff to proceed with the implementation of the proposed projects.

Board Options and Consequences:

Adoption of the proposed action will authorize staff to proceed with the expenditure of Bond Program funds to immediately begin designing the proposed projects at seven school sites.

If the Board does not approve the proposal, staff will be unable to initiate the five proposed accessibility enhancement projects, which are necessary to achieve program accessibility as outlined in the Transition Plan,

and the two barrier removal projects, which are required for compliance with Section 504 of the Rehabilitation Act and the ADA.

Policy Implications:

The proposal furthers the implementation of the Transition Plan. As outlined in the Transition Plan, at Category One, Two and Three schools, an appropriate number of classrooms will be identified to serve as accessible learning spaces, some of which may require facility improvements to meet the criteria for their assigned accessibility category. Additionally, the proposed action will advance the Los Angeles Unified 2022-2026 Strategic Plan Pillar 4 Operational Effectiveness Modernizing Infrastructure by implementing accessibility improvements at schools.

Any potential future room changes by Administrators or Principals will be reviewed by the Division of Special Education, the ADA Compliance Administrator, and the Facilities Services Division to ensure that new accessibility problems are not created as a result of the classroom moves. This will be done in close coordination with school staff to ensure disruptions are minimized.

Budget Impact:

The total combined budget, as currently estimated, for the seven proposed projects is \$43,447,077. The proposed projects will be funded with Bond Program funds earmarked specifically for ADA Transition Plan Implementation.

Each project budget was prepared based on the current information known, and assumptions about the proposed project scopes, site conditions, and market conditions. Individual project budgets will be reviewed throughout the planning, design, and construction phases as new information becomes known or unforeseen conditions arise and will be adjusted accordingly to enable the successful completion of each project.

Student Impact:

The seven proposed projects will remove barriers to program accessibility for approximately 3,600 current and future students and qualified members of the community and ensure that all have an equal opportunity to access programs and activities at each campus.

Equity Impact:

Facilities work to coordinate Los Angeles Unified efforts under the ADA to ensure programs are accessible by students, parents, and community members with disabilities.

Issues and Analysis:

Both Title II of the ADA and Section 504 of the Rehabilitation Act of 1973 impose broad-reaching prohibitions against discrimination on the basis of disability. As to facilities, a key requirement for both the ADA and Section 504 is program accessibility: programs, benefits, services, and activities provided by public entities must be accessible to people with disabilities. This means that a qualified individual with a disability is not to be discriminated against because the entity's facilities are inaccessible; however, this does not necessarily mean that all facilities must be accessible. While both laws do require that newly constructed and altered facilities meet stringent accessibility requirements, they do not require that all existing facilities meet those standards, so long as the programs and services provided in those facilities are made accessible to people with disabilities. A program or service can be made accessible by relocating it, providing it in a different manner, or utilizing some other strategy to ensure that people with disabilities have an equal opportunity to benefit from the entity's programs and activities. These proposed projects are in alignment with Los Angeles Unified's implementation

of the Board-approved Self-Evaluation and Transition Plan.

Cheremoya ES and Ritter ES have been assigned a Category Two accessibility level pursuant to the Transition Plan. Staff considered the possibility of reprioritizing the schools on the Transition Plan list and proposing more robust scopes that would address all programmatic access requirements. However, it was determined that providing three path of travel upgrades, one concrete ramp, one accessible gate, and two intercoms at Cheremoya ES and providing one path of travel upgrade, one restroom upgrade, one concrete ramp, three door hardware, two intercoms, and two miscellaneous upgrades at Ritter ES would provide students and staff direct access to the classroom buildings. Additional accessibility improvements could be undertaken under new projects at a later date, as anticipated under the Transition Plan.

The Office of Environmental Health and Safety (OEHS) will evaluate the proposed projects in accordance with the California Environmental Quality Act (CEQA).

LOS ANGELES UNIFIED SCHOOL DISTRICT

Board of Education Report

Exhibit A

Five Accessibility Enhancement Projects

1. Beethoven Elementary School Accessibility Enhancement Project

Region West, Board District 4 (Nick Melvoin)

Project Background and Scope: The Beethoven Elementary School site spans 5.64 acres and is comprised of a traditional elementary school program. The building area is approximately 38,055 square feet and includes four single-story permanent buildings, one multi-story permanent building, and four relocatable buildings. The buildings were constructed between 1949 and 1997. As of the 2024-2025 Electronic Capacity Assessment Review (E-CAR), the school serves approximately 315 students and currently 61 have been identified as having a disability.

The site has been assigned a Category Two accessibility level. In order to meet the criteria for Category Two, various upgrades to six buildings are required including corrections, installation, or replacement of: 38 paths of travel, nine restrooms, five drinking fountains, one concrete ramp, one new stage lift, one parking area, and other accessibility upgrades such as door hardware, railings, and any other required improvements or mitigations to ensure compliance with local, state and/or federal facilities requirements.

Project Budget: \$8,295,733

Project Schedule: Construction is anticipated to begin in Q1-2028 and be completed in Q3-2029.

2. Dominguez Elementary School Accessibility Enhancement Project

Region South, Board District 7 (Tanya Ortiz Franklin)

Project Background and Scope: The Dominguez Elementary School site spans 6.71 acres and is comprised of a traditional elementary school program and a dual language program. The building area is approximately 54,760 square feet and includes five single-story permanent buildings and 10 relocatable buildings. The permanent buildings were constructed between 1926 and 2007. As of the 2024-2025 E-CAR, the school serves approximately 453 students and currently 46 have been identified as having a disability.

The site has been assigned a Category Two accessibility level. In order to meet the criteria for Category Two, various upgrades to twelve buildings are required including corrections, installation, or replacement of: eight paths of travel, 15 restrooms, five drinking fountains, two concrete ramps, two metal ramps, one parking area, and other accessibility upgrades such as door hardware, railings, and any other required improvements or mitigations to ensure compliance with local, state and/or federal facilities requirements.

Project Budget: \$7,799,748

Project Schedule: Construction is anticipated to begin in Q1-2028 and be completed in Q3-2029.

LOS ANGELES UNIFIED SCHOOL DISTRICT Board of Education Report

Exhibit A Five Accessibility Enhancement Projects

3. Gage Middle School Accessibility Enhancement Project

Region East, Board District 5 (Karla Griego)

Project Background and Scope: The Gage Middle School site spans 13.56 acres and is comprised of a traditional middle school program and a STEAM magnet program. The building area is approximately 193,650 square feet and includes two single-story permanent buildings, 14 multi-story permanent buildings, and 13 relocatable buildings. The buildings were constructed between 1922 and 1992. As of the 2024-2025 Electronic Capacity Assessment Review (E-CAR), the school serves approximately 1,144 students and currently 201 have been identified as having a disability.

The site has been assigned a Category Three accessibility level. In order to meet the criteria for Category Three, various upgrades to five buildings are required including corrections, installation, or replacement of: 49 paths of travel, seven restrooms, three drinking fountains, one concrete ramp, five parking areas, and other accessibility upgrades such as door hardware, railings, and any other required improvements or mitigations to ensure compliance with local, state and/or federal facilities requirements.

Project Budget: \$6,834,502

Project Schedule: Construction is anticipated to begin in Q1-2028 and be completed in Q3-2029.

4. Leland Street Elementary School Accessibility Enhancement Project

Region South, Board District 7 (Tanya Ortiz Franklin)

Project Background and Scope: The Leland Street Elementary School site spans 3.72 acres and is comprised of a traditional UTK-5 elementary school and a magnet program. The building area is approximately 66,400 square feet and includes two single-story permanent buildings, three multi-story permanent buildings, and 10 relocatable buildings. The buildings were constructed between 1924 and 2007. As of the 2024-2025 E-CAR, the school serves approximately 418 students and currently 94 have been identified as having a disability.

The site has been assigned a Category Two accessibility level. In order to meet the criteria for Category Two, various upgrades to ten buildings are required including corrections, installation, or replacement of: two assembly seats, one assistive listening device, 11 furniture, 50 signage, 14 sinks, one stage adapt, 16 threshold, 38 paths of travel, seven restrooms, three drinking fountains, one concrete ramp, four metal ramps, one new stage lift, one playground component/matting area, one parking area, and other accessibility upgrades such as door jamb/hardware, railings, and any other required improvements or mitigations to ensure compliance with local, state and/or federal facilities requirements.

Project Budget: \$10,422,384

Project Schedule: Construction is anticipated to begin in Q1-2028 and be completed in Q3-2029.

LOS ANGELES UNIFIED SCHOOL DISTRICT

Board of Education Report

Exhibit A

Five Accessibility Enhancement Projects

5. Miles Elementary School Accessibility Enhancement Project

Region East, Board District 5 (Karla Griego)

Project Background and Scope: The Miles Elementary School site spans 8.14 acres and is comprised of a traditional elementary school program, a science/technology/math magnet program, and a dual language program. The building area is approximately 136,062 square feet and includes five single-story permanent buildings, six multi-story permanent buildings, and one relocatable building. The buildings were constructed between 1936 and 2005. As of the 2024-2025 E-CAR, the school serves approximately 779 students and currently 149 have been identified as having a disability.

The site has been assigned a Category Three accessibility level. In order to meet the criteria for Category Three, various upgrades to nine buildings are required including corrections, installation, or replacement of: 21 paths of travel, nine restrooms, three drinking fountains, one concrete ramp, one metal ramp, one new stage lift, one playground component/matting area, two parking areas, and other accessibility upgrades such as door hardware, railings, and any other required improvements or mitigations to ensure compliance with local, state and/or federal facilities requirements.

Project Budget: \$8,118,227

Project Schedule: Construction is anticipated to begin in Q1-2028 and be completed in Q3-2029.

LOS ANGELES UNIFIED SCHOOL DISTRICT

Board of Education Report

Exhibit B

Two Barrier Removal Projects

1. Cheremoya Elementary School Barrier Removal Project

Region West, Board District 5 (Karla Griego)

Project Background and Scope: Cheremoya Elementary School site spans 2 acres and is comprised of a traditional elementary school program. The building area is approximately 45,346 square feet and includes one multi-story permanent building and two relocatable buildings. The buildings were constructed between 1922 and 1956. As of the 2024-2025 E-CAR, the school serves 162 students and 20 have been identified as having a disability.

The site has been assigned a Category Two accessibility level. To meet the criteria for Category Two, upgrades to the school site are required including: three path of travel upgrades, one concrete ramp, one accessible gate, and two intercoms, and any other required improvements or mitigations to ensure compliance with local, state and/or federal facilities requirements.

Project Budget: \$1,095,565

Project Schedule: Construction is anticipated to begin in Q2-2027 and be completed in Q4-2027.

2. Ritter Elementary School Barrier Removal Project

Region South, Board District 7 (Tanya Ortiz Franklin)

Project Background and Scope: Ritter Elementary School site spans 4.31 acres and is comprised of a traditional elementary school program. The building area is approximately 47,136 square feet and includes three single-story permanent buildings, two multi-story permanent buildings, and eight relocatable buildings. The permanent buildings were constructed between 1932 and 1968. As of the 2024-2025 E-CAR, the school serves 302 students and 40 have been identified as having a disability.

The site has been assigned a Category Two accessibility level. To meet the criteria for Category Two, upgrades to the school site are required including: one path of travel upgrade, one restroom upgrade, one concrete ramp, three door hardware, two intercoms, two miscellaneous upgrades, and any other required improvements or mitigations to ensure compliance with local, state and/or federal facilities requirements.

Project Budget: \$880,918

Project Schedule: Construction is anticipated to begin in Q2-2027 and be completed in Q4-2027.

RESOLUTION 2025-23**BOARD REPORT 377-24/25**

**RECOMMENDING BOARD APPROVAL TO DEFINE AND APPROVE FIVE ACCESSIBILITY
ENHANCEMENT PROJECTS AND TWO BARRIER REMOVAL PROJECTS AND AMEND
THE FACILITIES SERVICES DIVISION STRATEGIC EXECUTION PLAN TO
INCORPORATE THEREIN**

WHEREAS, Los Angeles Unified School District (District) Staff proposes that the Board of Education (Board) define and approve five accessibility enhancement projects at Beethoven ES, Dominguez ES, Gage MS, Leland Street ES, and Miles ES, and two barrier removal projects at Cheremoya ES and Ritter ES, to support the implementation of the Board approved Self-Evaluation and Transition Plan (Transition Plan) under the Americans with Disabilities Act (ADA), and amend the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) accordingly; and

WHEREAS, District Staff also requests that the Board authorize the Chief Procurement Officer and/or the Chief Facilities Executive and/or their designee(s) to execute all instruments necessary, as legally permissible, to implement the projects including budget modifications and the purchase of equipment and materials; and

WHEREAS, Under the Transition Plan, each school is assigned to one of three levels of accessibility (Category One, Two, or Three) based on assessments of more than two dozen criteria, including school programs, matriculation options, feeder pattern, geographic location, known (or anticipated/matriculating) population of students with disabilities or parents/guardians with disabilities, type of instructional model, and public input. The assigned category reflects the level of accessibility the site needs to meet. Schools that do not yet meet the criteria for their assigned category will undergo accessibility improvements and are prioritized for project development based on the criteria mentioned above. The three categories of accessibility are as follows:

- Category One: These are “key” schools and will have the highest level of access, generally in accordance with applicable physical accessibility standards. Category 1A will provide “full accessibility” for the schools that were built to new construction standards, while Category 1B will provide “high accessibility” for schools that have been altered with some limited exceptions.

RECOMMENDING BOARD APPROVAL TO DEFINE AND APPROVE FIVE ACCESSIBILITY ENHANCEMENT PROJECTS AND TWO BARRIER REMOVAL PROJECTS AND AMEND THE FACILITIES SERVICES DIVISION STRATEGIC EXECUTION PLAN TO INCORPORATE THEREIN

- Category Two: These will be “program-accessible” schools. The core spaces and features of these schools would be made accessible; in addition, program accessibility would be provided to all programs and activities at the school.
- Category Three: These schools will have “core access,” which means that the core spaces (certain common spaces) would be made accessible, to ensure a basic level of access to the building. These include, for example, parking, the main entrance and main office, assembly areas, and some restrooms.

WHEREAS, The five school sites for which an accessibility enhancement project is being proposed do not yet meet their assigned category/level of accessibility and thus require facilities improvements. The scope, schedule, and budget for each proposed project reflects the existing known conditions at each school site and the improvements necessary to meet each schools’ assigned category of accessibility. The conditions of significance include acreage, topography, square footage, existence of multi-story buildings, age of buildings, as well as the number of schools, programs, features, and activities at a school site; and

WHEREAS, A need to accommodate students and staff with disabilities to access classroom buildings at Cheremoya ES and Ritter ES has been identified. Facilities staff were previously delegated authority to execute and expend Bond Program funds for Rapid Access Program (RAP) projects in response to an individual student’s need for programmatic access. These projects require minor installments and adjustments to facilities to ensure a barrier-free learning environment, do not require Division of the State Architect (DSA) approval and thus can be completed “rapidly” with a project budget that does not exceed \$250,000. The proposed barrier removal projects at Cheremoya ES and Ritter ES do not meet the parameters of the RAP due to their scope and budget. As such, the staff is presenting the project proposals to the Board for approval; and

WHEREAS, The total combined budget, as currently estimated, for the seven proposed projects is \$43,447,077 and will be funded by Bond Program funds embarked specifically for ADA Transition Plan Implementation; and

WHEREAS, the District Office of General Counsel has reviewed the proposed Projects and determined that they may proceed to the Bond Oversight Committee for its consideration for recommendation to the Board of Education; and

WHEREAS, District staff has concluded that this proposed Facilities SEP amendment will facilitate Los Angeles Unified’s ability to successfully complete the Facilities SEP.

RECOMMENDING BOARD APPROVAL TO DEFINE AND APPROVE FIVE ACCESSIBILITY ENHANCEMENT PROJECTS AND TWO BARRIER REMOVAL PROJECTS AND AMEND THE FACILITIES SERVICES DIVISION STRATEGIC EXECUTION PLAN TO INCORPORATE THEREIN

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The School Construction Bond Citizens' Oversight Committee recommends that the Board define and approve five accessibility enhancement projects and two barrier removal projects, and amend the Facilities SEP accordingly, as described in Board Report No. 377-24/25, a copy of which is attached hereto in the form it was presented to the BOC and is incorporated herein by reference.
2. This resolution shall be transmitted to the Los Angeles Unified School District Board of Education and posted on the Bond Oversight Committee's website.
3. Los Angeles Unified is directed to track the above recommendation and to report on the adoption, rejection, or pending status of the recommendations as provided in section 6.2 of the Charter and Memorandum of Understanding between the Oversight Committee and the District.

ADOPTED on May 22, 2025, by the following vote:

AYES: 9

ABSTENTIONS: 0

NAYS: 0

ABSENCES: 4

Five Accessibility Enhancement and Two Barrier Removal Projects

**Bond Oversight Committee Meeting
May 22, 2025**

- October 10, 2017: Board approved the Self-Evaluation and Transition Plan (Transition Plan) under the Americans with Disabilities Act (ADA) to further Los Angeles Unified efforts to comply with ADA Title II program accessibility requirements
- Under the Transition Plan each school is assigned to one of three levels of accessibility, and schools requiring accessibility improvements are prioritized for project development
- Accessibility level assignments and project prioritization is based on an assessment of more than two dozen criteria including:
 - School programs
 - Matriculation options
 - Feeder Pattern
 - Geographic location
 - Known (or anticipated/matriculating) population of students with disabilities or parents/guardians with disabilities
 - Type of instructional model
 - Public input

- Levels of Accessibility
 - Category One: Schools with highest level access
 - Generally, in accordance with applicable physical accessibility standards
 - 1A: “full accessibility” schools -- built to new construction standards
 - 1B: “high accessibility” schools -- altered with some limited exceptions
 - Category Two: “Program-Accessible” schools
 - Core spaces and features will be accessible
 - Program accessibility will be provided to all programs and activities at the school
 - Category Three: “Core Access” schools
 - A basic level of access will be provided for core buildings and certain common spaces
- Accessibility enhancement projects are developed only for those schools that do not yet meet their assigned category/level of accessibility and thus require facilities improvements

Board of Education Report

File #: Rep-383-24/25, **Version:** 1

Agenda Date: 6/3/2025

In Control: Facilities

Define and Approve Five Sustainable Environment Enhancement Developments for Schools (SEEDS) Projects and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein
Facilities Services Division and Eco-Sustainability Office

Brief Description:

(Define and Approve Five Sustainable Environment Enhancement Developments for Schools (SEEDS) Projects and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein) Recommends the definition and approval of five Sustainable Environment Enhancement Developments for Schools Projects, as described in Exhibit A, and the amendment of the Facilities Services Division Strategic Execution Plan, for a combined budget of \$700,000.

Action Proposed:

Define and approve five SEEDS Projects at Elysian Heights Arts Magnet Elementary School, Mulholland Middle School, Stoner Avenue Elementary School, Toland Way Elementary School, and Warner Elementary School (Projects), as described in Exhibit A, and amend the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein. The total combined budget for the five proposed Projects is \$700,000.

Authorize the Chief Facilities Executive, Chief Procurement Officer, and/or their designee(s) to execute all instruments necessary, as legally permissible, to implement the proposed SEEDS Projects, including budget modifications and the purchase of equipment and materials.

Background:

The SEEDS Program supports the development of projects that will enhance school sites by creating outdoor learning spaces in collaboration with school-based and community-led efforts (Program). There are two components to the Program:

1. Development of the outdoor learning space constructed by Los Angeles Unified includes capital investments, such as asphalt removal, installation of irrigation and utilities, and any associated testing and inspection.
2. Collaboration with a school site and/or partner organization that will outfit the outdoor learning space with the plant materials and landscaping features that align with the school's instructional vision and program. This component is essential to the success of each project.

Potential projects are identified through proposals submitted by schools and/or partners. A school site by itself, or in cooperation with a partner organization, may submit a SEEDS application to receive up to \$100,000 to create or improve an outdoor learning space. An additional \$50,000 is available to schools ranked in the top 150 on the Los Angeles Unified Greening Index of schools in need of green space as published in August 2022 (Greening Index).

The Greening Index ranks the five schools as follows: Elysian Heights Arts Magnet Elementary School (619), Mulholland Middle School (577), Stoner Avenue Elementary School (91), Toland Way Elementary School (336), and Warner Elementary School (144). Therefore, Stoner Avenue Elementary School and Warner Elementary School are eligible for the additional \$50,000 allocation.

District staff evaluates the proposals based on the specific criteria and requirements outlined in the SEEDS Program Guide to ensure each proposal meets the eligibility requirements. Proposals must include a written project narrative describing the project scope, an explanation of how the project will be integrated into the school's curriculum, and confirmation of the availability of resources to outfit and maintain the outdoor learning space. The recommended Projects included in this Board Report have been reviewed and have been found to comply with the program requirements, including feasibility and equitable distribution throughout the District.

Bond Oversight Committee Recommendations:

This item was considered by the School Construction Bond Citizens' Oversight Committee (BOC) at its meeting on May 22, 2025, as referenced in Exhibit B. The presentation that was provided is included as Exhibit C. Staff has concluded that this proposed Facilities SEP amendment is in alignment with BOC recommendations and will facilitate Los Angeles Unified's ability to successfully implement the Facilities SEP.

Expected Outcomes:

Approval of this proposed action will enable staff to proceed with the design and construction of these five proposed Projects. Approval of these greening Projects will improve the learning environment for students, teachers, and staff, increase sustainability, and enhance the outdoor school environment.

Board Options and Consequences:

Approval of this proposed action will authorize staff to proceed with the expenditure of Bond Program funds to execute these proposed Projects that support educational programs related to nutrition, health, literacy, math, and science. If these proposed projects are not approved, the school sites will not benefit from the creation of these outdoor learning spaces.

Policy Implications:

The proposed action is consistent with the District's long-term goal to address the unmet needs of school facilities and provide students with safe and healthy learning environments. The action is also aligned with Board Resolutions that reiterate Los Angeles Unified's commitment to creating green learning spaces (Expand Sustainable Schoolyards and Environmental Initiatives and Curriculum Board Resolution, Creating New School Gardens and Campus and Community-Shared Green Spaces to Provide Outdoor Learning Opportunities and Create Sustainable and Healthy Environments, and Green Schools for All: Equitable Funding and Expansion of Green Spaces across District Campuses). The proposed action advances Los Angeles Unified's 2022-2026 Strategic Plan Pillar 2 Joy and Wellness Welcoming Learning Environments by developing safe and sustainable green spaces, outdoor learning environments, and shaded areas at schools.

Budget Impact:

The combined project budget for the five proposed Projects is \$700,000. The Projects will be funded with Bond Program funds earmarked specifically for school upgrades and reconfigurations to support wellness, health, athletics, learning, and efficiency.

In Control: Facilities

The combined project budget includes a contribution of \$100,000 from Bond Program funds earmarked for Board District Priority Projects in Board District 4. This contribution will be transferred to funds earmarked in the School Upgrade Program (SUP) for school upgrades and reconfigurations to support wellness, health, athletics, learning, and efficiency. The breakdown of this contribution by project is shown in Exhibit A.

Student Impact:

The proposed SEEDS projects at Elysian Heights Arts Magnet Elementary School, Mulholland Middle School, Stoner Avenue Elementary School, Toland Way Elementary School, and Warner Elementary School will provide outdoor learning spaces that create environments for student-centered, experiential, and engaged learning. These SEEDS learning gardens will facilitate educational programs related to nutrition, health, literacy, math, and science, and may also be used during recess and lunchtime by approximately 2,510 current and future students. These proposed Projects also encourage and support community, student, and parent engagement through the creation of partnerships that help establish and maintain the newly developed garden spaces.

Equity Impact:

Potential projects are identified through proposals submitted by schools and/or partners. A school by itself, or in cooperation with a partner organization, may submit an application for a SEEDS project for up to \$100,000. Schools ranked in the top 150 on the Greening Index will receive an additional \$50,000 for their SEEDS project. Two of the five proposed projects included in this Board Report qualify for this additional funding.

Issues and Analysis:

In order to ensure the long-term permanence of each SEEDS project, the school site and/or its partner organization must enter into a Maintenance Agreement that provides for the ongoing maintenance of the proposed outdoor learning space.

RESOLUTION 2025-26**BOARD REPORT 383-24/25**

**RECOMMENDING BOARD APPROVAL TO DEFINE AND APPROVE FIVE
SUSTAINABLE ENVIRONMENT ENHANCEMENT DEVELOPMENTS FOR SCHOOLS
(SEEDS) PROJECTS AND AMEND THE FACILITIES SERVICES DIVISION STRATEGIC
EXECUTION PLAN TO INCORPORATE THEREIN**

WHEREAS, District Staff proposes the Board of Education define and approve five Sustainable Environment Enhancement Developments for Schools (SEEDS) Projects at Elysian Heights Arts Magnet Elementary School, Mulholland Middle School, Stoner Avenue Elementary School, Toland Way Elementary School, and Warner Elementary School (Projects), which have a total combined budget of \$700,000, and amend the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein, as defined in Board Report No. 383-24/25; and

WHEREAS, The SEEDS Program was established to support the development of projects that will enhance school sites by creating outdoor learning spaces in collaboration with school-based and community-led efforts (Program); and

WHEREAS, Potential projects are identified through proposals submitted by schools and/or partners. A school site by itself, or in cooperation with a partner organization, may submit a SEEDS application to receive up to \$100,000 to create or improve an outdoor learning space. An additional \$50,000 is available to schools ranked in the top 150 on the Los Angeles Unified Greening Index of schools in need of green space as published in August 2022 (Greening Index); and

WHEREAS, The Los Angeles Unified Greening Index ranks Elysian Heights Arts Magnet Elementary School (619), Mulholland Middle School (577), Stoner Avenue Elementary School (91), Toland Way Elementary School (336), and Warner Elementary School (144); and

RECOMMENDING BOARD APPROVAL TO DEFINE AND APPROVE FIVE SUSTAINABLE ENVIRONMENT ENHANCEMENT DEVELOPMENTS FOR SCHOOLS (SEEDS) PROJECTS AND AMEND THE FACILITIES SERVICES DIVISION STRATEGIC EXECUTION PLAN TO INCORPORATE THEREIN

WHEREAS, District Staff evaluates proposals based on the specific criteria and requirements outlined in the SEEDS Program Guide to ensure each proposal meets the eligibility requirements and includes a written project narrative describing the project scope, an explanation of how the project will be integrated into the school's curriculum, and confirmation of the availability of resources to outfit and maintain the outdoor learning space, and the projects being recommended were reviewed and are found to be in compliance with the Program requirements; and

WHEREAS, The combined project budget for the five proposed Projects is \$700,000. The Projects will be funded with Bond Program funds earmarked specifically for school upgrades and reconfigurations to support wellness, health, athletics, learning, and efficiency; and

WHEREAS, The combined project budget includes a contribution of \$100,000 from Bond Program funds earmarked for Board District Priority Projects in Board District 4. This contribution will be transferred to funds earmarked in the SUP for school upgrades and reconfigurations to support wellness, health, athletics, learning, and efficiency. The breakdown of this contribution by project is shown in Exhibit A of Board Report No. 383-24/25; and

WHEREAS, In order to ensure the long-term permanence of each SEEDS project, the school site and/or its partner organization must enter into a Maintenance Agreement that provides for the ongoing maintenance of the proposed outdoor learning space; and

WHEREAS, the District's Office of the General Counsel has reviewed the proposed Projects and determined that they may proceed to the School Construction Bond Citizens' Oversight Committee (BOC) for consideration and recommendation to the Board of Education; and

WHEREAS, District Staff has concluded that this proposed Facilities SEP amendment will facilitate Los Angeles Unified's ability to successfully complete the Facilities SEP.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The School Construction Citizens' Bond Oversight Committee (BOC) recommends the Board of Education define and approve five SEEDS Projects at Elysian Heights Arts Magnet Elementary School, Mulholland Middle School, Stoner Avenue Elementary School, Toland Way Elementary School, and Warner Elementary School, with a total combined budget of \$700,000, and amend the Facilities SEP to incorporate therein, as defined in Board Report No. 383-24/25, a copy of which is attached hereto in the form it was presented to the BOC and is incorporated herein by reference.
2. This resolution shall be transmitted to the Los Angeles Unified School District Board of Education and posted on the Oversight Committee's website.

RESOLUTION 2025-26**RECOMMENDING BOARD APPROVAL TO DEFINE AND APPROVE FIVE SUSTAINABLE ENVIRONMENT ENHANCEMENT DEVELOPMENTS FOR SCHOOLS (SEEDS) PROJECTS AND AMEND THE FACILITIES SERVICES DIVISION STRATEGIC EXECUTION PLAN TO INCORPORATE THEREIN**

3. The District is directed to track the above recommendation and to report on the adoption, rejection, or pending status of the recommendations as provided in section 6.2 of the Charter and Memorandum of Understanding between the Oversight Committee and the District.

Sustainable Environment Enhancement Developments for Schools (SEEDS) Projects

Bond Oversight Committee Meeting
May 22, 2025

Facilities Services Division and Eco-Sustainability Office

Sustainable Environment Enhancement Developments for Schools (SEEDS)⁸⁰

Overview

- SEEDS projects provide outdoor learning spaces in collaboration with school and community led efforts
- The program provides the infrastructure and site work needed, such as asphalt removal, irrigation systems, and soils testing, to make the site “garden ready”
- The school site and/or partner outfits the outdoor learning space with the plant materials and landscaping features that align with the school’s instructional vision and program to move towards 30% green/natural schoolyards
- 111 SEEDS projects have been approved by the Board of Education
 - 79 projects have been completed
 - 3 under construction
 - 29 pending construction start

Lankershim ES

Victoria ES

Sustainable Environment Enhancement Developments for Schools (SEEDS)⁸¹

Funding

- Originally provided up to \$25,000 to projects
- In 2015, increased to \$35,000
- In 2016, increased to \$100,000
- In 2022, an additional \$50,000 was made available to SEEDS+ schools
- \$13M of Bond funds have been allocated to the SEEDS Program
 - Approximately \$8.93M has been allocated to approved SEEDS projects
 - Approximately \$4.07M remaining

Selection Criteria

- Schools are selected by request (schools submit an application)
- LAUSD determines if there is a feasible location and whether there is a greening project or other significant exterior projects planned for the site
- SEEDS+ are those ranked in the top 150 in the LAUSD Greening Index

Board of Education Report

File #: Rep-382-24/25, **Version:** 1

Agenda Date: 6/3/2025

In Control: Facilities

Define and Approve 27 Board District Priority and Region Priority Projects and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein

Facilities Services Division

Brief Description:

(Define and Approve 27 Board District Priority and Region Priority Projects and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein) Recommends the definition and approval of 27 Board District Priority and Region Priority projects, as detailed in Exhibit A, and the amendment of the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein, for a combined budget of \$1,658,302.

Action Proposed:

Define and approve 27 Board District Priority (BDP) and Region Priority (RP) projects, as listed on Exhibit A, and amend the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein. The total budget for these proposed projects is \$1,658,302.

Authorize the Chief Procurement Officer and/or the Chief Facilities Executive and/or their designee(s) to execute all instruments necessary, as legally permissible, to implement the proposed projects, including budget modifications and the purchase of equipment and materials.

Background:

Projects are developed at the discretion of the Board Districts and/or Regions based upon an identified need. These projects are developed with support from Facilities Services Division staff and input from school administrators.

Project scopes, schedules, and budgets may vary depending on site conditions and needs. All projects must be capital in nature and adhere to bond language and laws.

Bond Oversight Committee Recommendations:

This item was considered by the School Construction Bond Citizens' Oversight Committee (BOC) at its meeting on May 22, 2025, as referenced in Exhibit B. The presentation that was provided is included as Exhibit C. Staff has concluded that this proposed Facilities SEP amendment is in alignment with BOC recommendations and will facilitate Los Angeles Unified's ability to successfully implement the Facilities SEP.

Expected Outcomes:

Execution of these proposed projects will help improve the learning environment for students, teachers, and staff.

Board Options and Consequences:

Adoption of the proposed action will allow staff to execute the projects listed on Exhibit A. Failure to approve

this proposed action will delay the projects and ultimately the anticipated benefit to the school and its students.

Policy Implications:

The requested actions are consistent with the Board-Prioritized Facilities Programs for BDP and RP projects and the District's commitment to address unmet school facilities needs and provide students with a safe and healthy learning environment. The proposed action advances Los Angeles Unified's 2022-2026 Strategic Plan Pillar 4 Operational Effectiveness Modernizing Infrastructure by providing capital improvements at schools.

Budget Impact:

The total combined budget for the 27 proposed projects is \$1,658,302. Nineteen projects are funded by Bond Program funds earmarked specifically for BDP projects. Eight projects are funded by Bond Program funds earmarked specifically for RP projects.

Each project budget was prepared based on the current information known and assumptions about the proposed project scope, site conditions, and market conditions. Individual project budgets will be reviewed throughout the planning, design, and construction phases as new information becomes known or unforeseen conditions arise and will be adjusted accordingly to enable the successful completion of each proposed project.

Student Impact:

The proposed projects will upgrade, modernize, and/or improve school facilities to enhance the safety and educational quality of the learning environment to benefit approximately 11,900 current and future students.

Equity Impact:

Board Districts and Regions consider a number of factors, including equity, when identifying the need for BDP and RP projects.

Issues and Analysis:

This report includes a number of time-sensitive, small to medium-sized projects that have been deemed critical by Board Districts and/or Regions and school administrators.

RESOLUTION 2025-25**BOARD REPORT NO. 382-24/25**

RECOMMENDING BOARD APPROVAL TO DEFINE AND APPROVE 27 BOARD DISTRICT PRIORITY AND REGION PRIORITY PROJECTS AND AMEND THE FACILITIES SERVICES DIVISION STRATEGIC EXECUTION PLAN TO INCORPORATE THEREIN

WHEREAS, District Staff proposes the Board of Education define and approve 27 Board District Priority and Region Priority Projects (as listed on Exhibit A of Board Report No. 382-24/25) and amend the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein. The total budget for these proposed projects is \$1,658,302; and

WHEREAS, District Staff proposes the Board of Education authorize the Chief Procurement Officer and/or the Chief Facilities Executive and/or their designee(s) to execute all instruments necessary, as legally permissible, to implement the proposed projects, including budget modifications and the purchase of equipment and materials; and

WHEREAS, Projects are developed at the discretion of the Board Districts and/or Regions based upon an identified need with support from Facilities staff and input from school administrators; and

WHEREAS, District Staff have determined the proposed projects are consistent with the District's commitment to address unmet school facilities needs and provide students with a safe and healthy learning environment; and

WHEREAS, Funding for the 27 proposed projects will come from Board District Priority Funds and Region Priority Funds; and

WHEREAS, the District's Office of the General Counsel has reviewed the proposed Projects and determined that they may proceed to the School Construction Bond Citizens' Oversight Committee for consideration and recommendation to the Board of Education; and

RECOMMENDING BOARD APPROVAL TO DEFINE AND APPROVE 27 BOARD DISTRICT PRIORITY AND REGION PRIORITY PROJECTS AND AMEND THE FACILITIES SERVICES DIVISION STRATEGIC EXECUTION PLAN TO INCORPORATE THEREIN

WHEREAS, District Staff has concluded this proposed Facilities SEP amendment will facilitate Los Angeles Unified's ability to successfully complete the Facilities SEP.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The BOC recommends the Board of Education define and approve 27 Board District Priority and Region Priority Projects with a combined budget of \$1,658,302, and amend the Facilities SEP to incorporate therein, as described in Board Report No. 382-24/25, a copy of which is attached hereto in the form it was presented to the BOC and is incorporated herein by reference.
2. This resolution shall be transmitted to the Los Angeles Unified School District Board of Education and posted on the BOC's website.
3. The District is directed to track the above recommendation and to report on the adoption, rejection, or pending status of the recommendations as provided in section 6.2 of the Charter and Memorandum of Understanding between the BOC and the District.

Board of Education Report

File #: Rep-380-24/25, **Version:** 1

Agenda Date: 6/3/2025

In Control: Facilities

Define and Approve the Birmingham Community Charter High School Aquatic Facility Replacement Project and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein

Facilities Services Division

Brief Description:

(Define and Approve Birmingham Community Charter High School Aquatic Facility Replacement Project and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein) Recommends definition and approval of a project to replace the outdoor swimming pool complex at Birmingham Community Charter High School (Board District 3), and the amendment of the Facilities Services Division Strategic Execution Plan to incorporate therein, for a budget of \$41,141,552.

Action Proposed:

Define and approve the Birmingham Community Charter High School Aquatic Facility Replacement Project (Project) and amend the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein. The budget of the proposed Project is \$41,141,552.

Authorize the Chief Procurement Officer, Chief Facilities Executive, or their designee(s) to execute all instruments necessary, as legally permissible, to implement the proposed Project including budget modifications and the purchase of equipment and materials.

Background:

The School Upgrade Program (SUP) - the current phase of Los Angeles Unified's Bond Program - supports the development of projects that upgrade, modernize, and replace aging and deteriorating school facilities, update technology, and address facilities inequities to help improve student health, safety, and educational quality. The SUP includes a spending target entitled, "Charter School Facilities Upgrades and Expansions." Projects developed under this category of need are included in the Facilities SEP.

Charter school facilities upgrade projects developed under this category of need are subject to assessment of the conditions and needs of the school building/site systems and components of District facilities occupied by charter schools, input from the charter school community, and development of an implementation plan by District staff.

The swimming pool complex at Birmingham Community Charter High School is in need of replacement due to continuous leakage from cracks found throughout the swimming pool and the pool deck, causing reduced water levels in the swimming pool and saturated soil behind the perimeter walls of the swimming pool complex.

The scope of the proposed Project includes, but is not limited to, the following:

- Construction of new outdoor swimming pool and associated support buildings as well as new shade structures, scoreboard, accessible bleachers, and sports lighting system with audio/visual

system.

- Demolition of existing outdoor swimming pool complex, including support buildings and structures.
- Site improvements at former pool area, including new natural turf, landscaping, and irrigation.
- Compliance with requirements from the Americans with Disabilities Act (ADA), Division of the State Architect (DSA), California Environmental Quality Act (CEQA), Department of Toxic Substances Control (DTSC), or other obligations to ensure adherence with local, state, and federal requirements.

Construction is anticipated to begin in Q4-2027 and be completed in Q4-2029. The proposed Project will enhance physical education and athletics at Birmingham Community Charter High School and Daniel Pearl Magnet School - whose students participate in the aquatics program - and support California Interscholastic Federation (CIF) competitions for multiple West Valley schools including Taft Charter HS, Kennedy HS, Van Nuys HS, Granada Hills Charter, and El Camino Real Charter HS at the area's only pool. The proposed Project contributes to student health, safety, athletic achievement, school pride, and a positive school culture.

Bond Oversight Committee Recommendations:

This item was considered by the School Construction Bond Citizens' Oversight Committee (BOC) at its meeting on May 22, 2025, as referenced in Exhibit A. The presentation that was provided is included as Exhibit B. Staff has concluded that this proposed Facilities SEP amendment is in alignment with BOC recommendations and will facilitate Los Angeles Unified's ability to successfully implement the Facilities SEP.

Expected Outcomes:

Staff anticipates that the Board of Education will adopt the proposed amendment to the Facilities SEP to define and approve the proposed Project. Approval will authorize staff to proceed with the implementation of the proposed Project.

The proposed Project, once completed, will support student athletic achievement and physical education programs. The proposed Project will also decrease demand for ongoing costly repairs and maintenance, ensure compliance with current codes and requirements of the CIF for competition pools, and improve student health and safety.

Board Options and Consequences:

Adoption of the proposed action will authorize staff to proceed with the expenditure of Bond Program funds to undertake the proposed Project in accordance with the provisions set forth in Los Angeles Unified local bond measures K, R, Y, Q, RR, and US. If the proposed action is not approved, Bond Program funds will not be expended and ongoing repair and maintenance costs to operate the pool will continue until it is no longer deemed usable.

Policy Implications:

The proposal does not impact Los Angeles Unified policy. The proposal is consistent with Los Angeles Unified's long-term goal to address unmet school facilities needs and significantly improve the conditions of aging and deteriorating school facilities as described in Los Angeles Unified local bond measures. The

File #: Rep-380-24/25, **Version:** 1**Agenda Date:** 6/3/2025**In Control:** Facilities

proposed action advances Los Angeles Unified's 2022-2026 Strategic Plan, Pillar 4 Operational Effectiveness, Modernizing Infrastructure by upgrading athletic facilities.

Budget Impact:

The total budget for the proposed Project is \$41,141,552, and will be funded with Bond Program funds earmarked specifically for charter school facilities upgrades and expansions.

The budget was prepared based on the current information known, and assumptions about the scope, site conditions, and market conditions. The budget will be reviewed throughout the planning, design, and construction phases as new information becomes known or unforeseen conditions arise and will be adjusted accordingly to enable the successful completion of the proposed Project.

Student Impact:

Approval of the proposed Project enables the District to continue ongoing efforts to improve facilities that help ensure thousands of current and future students are provided a safe environment that promotes physical education programs and student athletic achievement.

Equity Impact:

Building components/systems in the worst condition, especially those that pose a safety hazard and/or negatively impact school operations and other building systems if not addressed, will be addressed first.

Issues and Analysis:

Staff will implement all opportunities to minimize construction impacts on school operations and existing athletic programs.

The Office of Environmental Health and Safety (OEHS) will evaluate the proposed Project in accordance with CEQA.

RESOLUTION 2025-24**BOARD REPORT 380-24/25**

RECOMMENDING BOARD APPROVAL TO DEFINE AND APPROVE THE BIRMINGHAM COMMUNITY CHARTER HIGH SCHOOL AQUATIC FACILITY REPLACEMENT PROJECT AND AMEND THE FACILITIES SERVICES DIVISION STRATEGIC EXECUTION PLAN TO INCORPORATE THEREIN

WHEREAS, Los Angeles Unified School District Staff propose that the Board of Education (Board) define and approve the Birmingham Community Charter High School Aquatic Facility Replacement Project (Project) and amend the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein, as described in Board Report No. 380-24/25 and also requests that the Board authorize the Chief Procurement Officer, Chief Facilities Executive or their designee(s) to execute all instruments necessary, as legally permissible, to implement the proposed Project including budget modifications and the purchase of equipment and materials; and

WHEREAS, The School Upgrade Program includes a spending target entitled "Charter School Facilities Upgrades and Expansions" and projects developed under this category of need are included in the Facilities SEP; and

WHEREAS, The swimming pool complex at the Birmingham Community Charter High School is in need of replacement due to continuous leakage from cracks found throughout the swimming pool and the pool deck, causing reduced water levels in the swimming pool and saturated soil behind the perimeter walls of the swimming pool complex; and

WHEREAS, The scope of the proposed Project includes, but is not limited to, the following:

- Construction of new outdoor swimming pool and associated support buildings as well as new shade structures, scoreboard, accessible bleachers, and sports lighting system with audio/visual system.
- Demolition of existing outdoor swimming pool complex, including support buildings and structures.
- Site improvements at former pool area, including new natural turf, landscaping, and irrigation.
- Compliance with requirements from the Americans with Disabilities Act, Division of the State Architect, California Environmental Quality Act, Department of Toxic Substances Control, or other obligations to ensure adherence with local, state, and federal requirements; and

RECOMMENDING BOARD APPROVAL TO DEFINE AND APPROVE THE BIRMINGHAM COMMUNITY CHARTER HIGH SCHOOL AQUATIC FACILITY REPLACEMENT PROJECT AND AMEND THE FACILITIES SERVICES DIVISION STRATEGIC EXECUTION PLAN TO INCORPORATE THEREIN

WHEREAS, Construction is anticipated to begin in Q4-2027 and be completed in Q4-2029; and

WHEREAS, The proposed Project will enhance physical education and athletics at Birmingham Community Charter High School and Daniel Pearl Magnet School – whose students participate in the aquatics program – and support California Interscholastic Federation (CIF) competitions for multiple West Valley schools including Taft Charter HS, Kennedy HS, Van Nuys HS, Granada Hills Charter, and El Camino Real Charter HS at the area's only pool; and

WHEREAS, The proposed Project budget is \$41,141,552 and will be funded with Bond Program funds earmarked specifically for charter school facilities upgrades and expansions; and

WHEREAS, the District's Office of the General Counsel has reviewed the proposed Project and determined that it may proceed to the School Construction Citizens' Bond Oversight Committee (BOC) for its consideration for recommendation to the Board of Education; and

WHEREAS, District staff has concluded that this proposed Facilities SEP amendment will facilitate Los Angeles Unified's ability to successfully complete the Facilities SEP.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The School Construction Bond Citizens' Oversight Committee (BOC) recommends that the Board define and approve the Birmingham Community Charter High School Aquatic Facility Replacement Project, and amend the Facilities SEP accordingly, as described in Board Report No. 380-24/25, a copy of which is attached hereto in the form it was presented to the BOC and is incorporated herein by reference.
2. This resolution shall be transmitted to the Los Angeles Unified Board and posted on the BOC's website.
3. Los Angeles Unified is directed to track the above recommendation and to report on the adoption, rejection, or pending status of the recommendations as provided in section 6.2 of the Charter and Memorandum of Understanding between the Oversight Committee and the District.

ADOPTED on May 22, 2025, by the following vote:

AYES: 9

ABSTENTIONS: 0

NAYS: 0

Birmingham Community Charter High School Aquatic Facility Replacement Project

Bond Oversight Committee Meeting
May 22, 2025

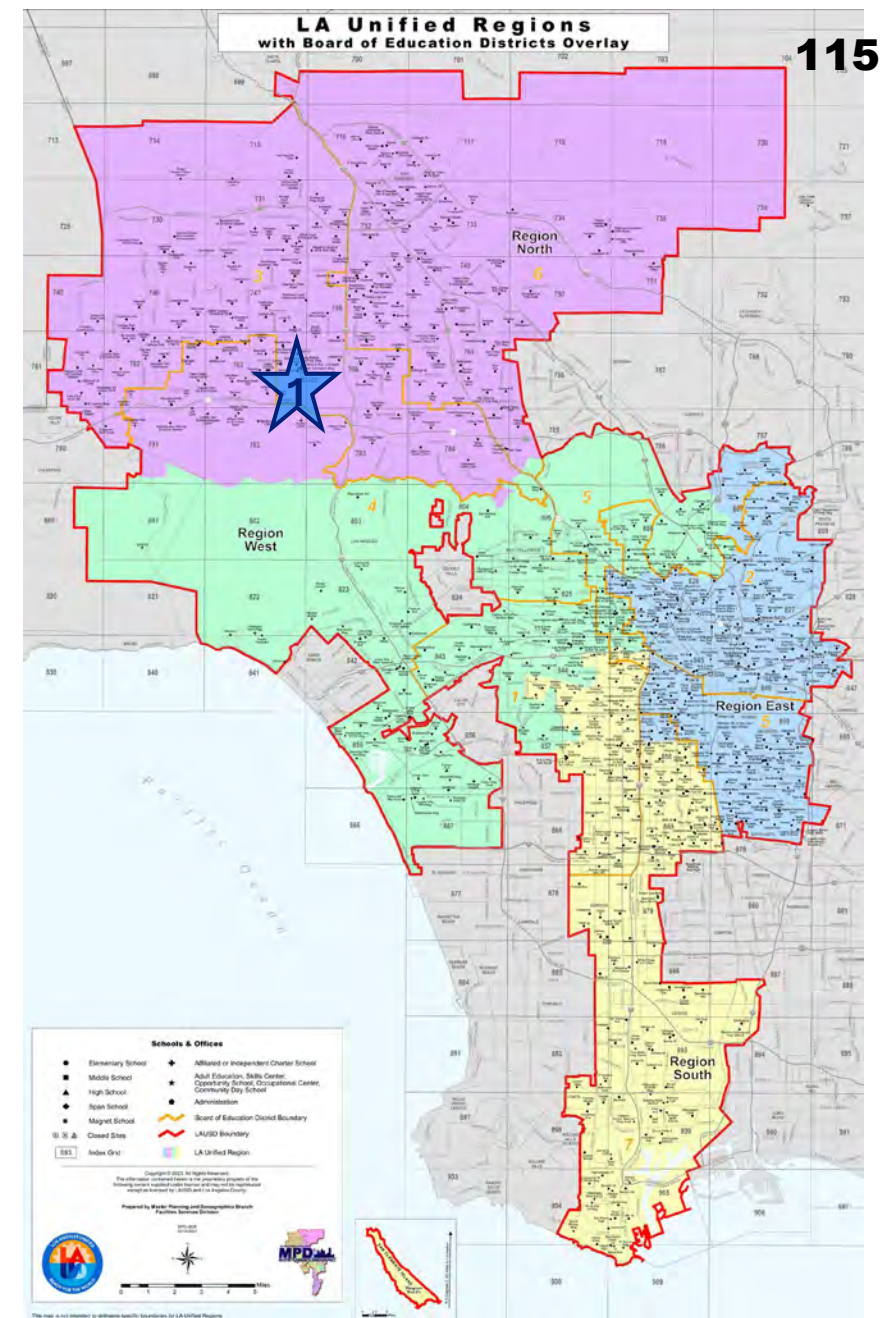

- The School Upgrade Program (SUP) framework and the Measure RR Implementation Plan guide the development of projects that upgrade, modernize, and replace aging and deteriorating school facilities, update technology, and address facilities inequities in order to help improve student health, safety, and educational quality.
- The SUP includes a spending target entitled "Charter School Facilities Upgrades and Expansions" and projects developed under this category of need are included in the Facilities SEP.
- The Prioritization criteria and methodology used for these projects consist of Critical Health and Safety Concerns, Urgency, Capital Preservation, and Stakeholders.
- Charter school facilities upgrade projects are subject to assessment of the conditions and needs of the school building/site systems and components of District facilities operated by charter schools, input from the charter school community, and development of an implementation plan by District staff.

Background

- Existing pool is ~80 years old; originally used as military rehab facility in the 1940s
- Renovated in 1956; new deck and lighting added in 1975
- Pool is now in critical condition with persistent leaks and deck cracks
- Sloped areas lack accessibility, especially at northwest end
- Project will:
 - Improve PE & athletics at Birmingham Community Charter HS & Daniel Pearl Magnet School
 - Support aquatics programs across West Valley schools
 - Enable California Interscholastic Federation (CIF) competitions at area's only pool
 - Serve Taft Charter HS, Kennedy HS, Van Nuys HS, Granada Hills Charter HS & El Camino Real Charter HS

Board of Education Report

File #: Rep-379-24/25, **Version:** 1**Agenda Date:** 6/3/2025**In Control:** Special Education & Specialized Programs

2025-2026 Special Education Local Plan Area (SELPA) Local Plan

Division of Special Education

Brief Description:

(2025-2026 Special Education Local Plan Area (SELPA) Local Plan) Recommends approval of the 2025-26 Local plan components Section A: Contracts and Certifications, Section D: Annual Budget Plan, Section E: Annual Service Plan, and Attachments I-VII.

Action Proposed:

Approve the 2025-26 Local plan components Section A: Contracts and Certifications, Section D: Annual Budget Plan, Section E: Annual Service Plan, and Attachments I-VII. Approval of the SELPA Local Plan will allow submittal within the due date of June 30, 2025, as required by the California Department of Education.

Background:

The Los Angeles Unified School District is a single district Special Education Local Plan Area (SELPA), charged with providing a free appropriate public education (FAPE) to eligible students with disabilities within its jurisdictional boundaries. Annually, the Local Plan's Section D: Annual Budget Plan and Section E: Annual Service Plan must be completed, reviewed, and approved by the Local Education Agency (LEA) and submitted to the California Department of Education (CDE). Every three years, all sections (A-E) of the SELPA Local Plan must be revised. The last Board adoption of the annual SELPA Local Plan occurred in June 2024.

Section A of the Local Plan "Contacts and Certifications" provides a description of the local planning process and governance structure used to ensure that special education services are delivered in compliance with state and federal laws. special education services.

Section B of the SELPA focuses on governance and administration. It outlines the organizational structure, responsibilities, and procedures for governing the SELPA and implementing special education services within the region. This section may include details about the SELPA's governing board, advisory committees, decision-making processes, budget allocations, and administrative procedures for managing programs and resources. It serves as a blueprint for how the SELPA operates and ensures accountability and transparency in its administration of special education services.

The Annual Budget Plan Section D projects special education revenues and expenditures. State (AB602) and Federal IDEA revenue projections are based on funding formulas that rely on student counts. The projected expenditure distribution is based on a districtwide analysis of all required Individualized Education Program (IEP) services, including low incidence and mental health services.

The Annual Services Plan Section E describes the services to be provided by the Local Education Agency (LEA).

File #: Rep-379-24/25, **Version:** 1

Agenda Date: 6/3/2025

In Control: Special Education & Specialized Programs

The Community Advisory Committee (CAC) advised the policy and administrative agency during the development of the Local Plan, in accordance with California Education Code (EC) Section 56194. The Division of Special Education developed a Google Form to collect input from CAC members during the 30-day public review period, pursuant to California Education Code Sections 56194 (a) and (b); and 56205(a)(12)(E) and (b)(7).

The proposed plan and the Notice of Public Hearing will be posted on the Division of Special Education website in the "News & Announcements" section at <https://sped.lausd.org/> to promote public awareness. Furthermore, the proposed plan will also be available in the "About Us" section at <https://sped.lausd.org/aboutus>, which currently hosts the active SELPA Local Plan.

Expected Outcomes:

Approval from the Board of Education with the necessary signatures and submission to the CDE as required ensures compliance with the above-cited Education Code requirements. The SELPA Local Plan's Budget and Service Plans are revised annually and must be submitted to the County Office of Education (COE) and CDE by June 30, 2025. Approval of this item will allow the Division of Special Education to continue providing special education supports and services to serve eligible students with disabilities in support of Board policies and goals.

Board Options and Consequences:

A "YES" vote of these plans will comply with the above-mentioned California Education Code requirements and authorizes the Division of Special Education to continue to provide quality support and services for students with disabilities.

A "NO" vote will result in LAUSD's noncompliance with CDE requirements, and sanctions may be issued.

Policy Implications:

This action does not have policy implications.

Budget Impact:

The Special Education Local Plan Area (SELPA) Local Plan must include an Annual Budget Plan that contains all revenues by revenue source received by the SELPA specifically for special education as required under EC sections 56001, 56195.9, and 56205(b)(1). The plan details are included in Section D, Tables 1 to 5 of Attachment A of this Board Report.

Student Impact:

The SELPA Local Plan reflects the SELPA's provision of special education programs and services to eligible students with disabilities, in compliance with law.

Equity Impact:

Not applicable.

Issues and Analysis:

Not applicable

Local Plan Annual Submission

Section A: Contacts and Certifications

SELPA Fiscal Year **Contact Information and Certification Requirements**

A1. Check the box or boxes that best represents the SELPA's Local Plan submission to the California Department of Education (CDE):

☐ **NEW SELPA** (for proposed multiple Local Educational Agency (LEA) SELPA, or COE joined SELPA only)

☐ Local Plan Section B: Governance and Administration

☒ Local Plan Section D: Annual Budget Plan

☐ Select if this Local Plan Section D submission was revised after June 30th due date

- Local Plan Section D
- Certifications 2, 3, 4 and 5 are required
- Attachments I-V are required
- If the submission is an amendment of special education revenues and/or expenditures previously reported to the CDE due to changes in services and programs provided by LEAs within the SELPA, then the SELPA must also submit an amendment for Local Plan Section E: Annual Service Plan, along with Attachment VI and VII.

☒ Local Plan Section E: Annual Service Plan

☐ Select if this Local Plan Section E submission was revised after June 30th due date

- Local Plan Section E
- Certifications 2, 3, 4 and 5 are required
- Attachments I and VI are required
- If the submission is an amendment of programs and services previously reported to the CDE that affect the allocation of special education funds to LEAs within the SELPA, then the SELPA must also submit an amendment for Local Plan Section D: Annual Budget Plan, along with Attachments II-V and VII.

☐ Local Educational Agency Membership Changes

A2. SELPA Identification

Enter the 4-digit SELPA code issued by the CDE. SELPA codes can be found on the CDE website located at <http://www.cde.ca.gov/sp/se/as/caselpas.asp>.

Submitting the Local Plan to the California Department of Education

STEP 1: Contacts and Certifications

Section A is required when submitting any and all Local Plan sections to the CDE for approval. Certifications and applicable attachments associated with the type of submission identified in item A1 above must be included with each submission.

STEP 2: SELPA Governance Structure

A10. For the purposes of special education, the governing board of a district/charter LEA must elect to participate in a SELPA. The SELPA's governance structure is defined by this election. The SELPA meets requirements and has elected the following governance structure for the Local Plan. Select one of the following three choices:

- ☒ Single LEA SELPA: This selection includes only one district LEA; or
- ☐ Multiple LEA SELPA: This selection includes one district or charter LEA together with one or more additional district or charter LEA(s), or a combination thereof (this selection does not include a COE); or
- ☐ COE Joined SELPA: A district (or charter) LEA(s) joined with a COE(s) to form a SELPA (this selection includes one or more district or charter LEA(s) *AND* one or more COEs).

Section A: Contacts and Certifications

SELPA Fiscal Year

STEP 3: Prior Submissions

A11. Enter the fiscal year of the previously submitted Local Plan section:

Section B: Governance and Administration Section D: Annual Budget Plan Section E: Annual Service Plan

STEP 4: Local Plan Collaboration

A12. Many representatives of the community are involved in the development of all sections of a Local Plan. In this table, report the participation of key stakeholders required to participate in regular meetings by *EC* sections 56001(f) and 56192 including administrators, general education teachers, special education teachers, members of the CAC, parents selected by the CAC, or other persons concerned with individuals with exceptional needs. Include the agency, first and last name, the title of each participant who was involved in the collaboration in the development of the Local Plan sections, and the section worked on. Select the "Add" button to insert a new row and the "-" button to delete the corresponding row.

Add	Agency	First and Last Name	Title	Section
-	Los Angeles Unified	Ana Oregel	Administrator-Spec. Ed.	Section E
-	Los Angeles Unified	Taryn Shimizu	Administrator-Spec. Ed.	Section E
-	Los Angeles Unified	Steve Kim	Administrator-Spec. Ed.	Section E

STEP 5: Certifications

A13. Select the check box below to indicate which of the five certifications are being submitted. Include the total number of each type of certification being submitted.

- ☐ Certification 1: SELPA Local Plan Section B: Governance and Administration
- ☒ Certification 2: SELPA Local Plan Section D: Annual Budget Plan and Section E: Annual Service Plan
- ☐ Certification 3: COE (Required for all SELPA Local Plan Sections B, D, and E)
- Number Submitted
- ☐ Certification 4: CAC (Required for all SELPA Local Plan Sections B)
- ☐ Certification 5: LEA (Required for all SELPA Local Plan Sections B, D, and E)
- Number Submitted

STEP 6: Electronic Signatures

A14. All applicable certifications must be electronically signed and included with the Local Plan.

STEP 7: Final Check

- All certifications submitted to the CDE must be electronically signed.
- Local Plan must be submitted to the CDE using the SELPA's assigned Box.com web address.

Section A: Contacts and Certifications

SELPA Fiscal Year

-
- In order to facilitate the timely processing, approval, and distribution of SELPA funding, please submit the Local Plan in the original, CDE-approved format. All templates are coded for the CDE's record keeping purposes.
 - Handwritten, scanned, or modified templates remove the coding from the fields and impede the CDE's processing of the Local Plan. In such cases, SELPAs may be required to resubmit handwritten, scanned, or modified Local Plans that are not saved in the original 2022–23 CDE Local Plan Submission template provided, resulting in a delay in approval and funding.

Section A: Contacts and Certifications

SELPA Fiscal Year **Certification 1****Local Plan Section B: Governance and Administration**

IMPORTANT: Certification 1 is required when the information being submitted to the CDE is related to Local Plan Section B: Governance and Administration.

I certify the attached Governance and Administration Local Plan section has been adopted by all LEA members listed in Attachment I and is the basis for the operation and administration of special education programs. I further assure the agency(ies) represented herein will meet all applicable requirements of state and federal laws, regulations, and state policies and procedures, including compliance with the Individuals with Disabilities Education Act (IDEA), Title 20 of *United States Code (USC)* 1400 et seq., implementing regulations under; the Federal Rehabilitation Act of 1973, 29 *USC*, Chapter 16 as applicable; the Federal Americans with Disabilities Act of 1990, 42 *USC*, 12101 et seq.; *Code of Federal Regulations*, Title 34, Parts 300 and 303; *EC* Part 30; and the *California Code of Regulations*, Title 5, Chapter 3, Division 1.

C1-1. I certify the SELPA governance and administrative structure as a:

☐ Single LEA SELPA ☐ Multiple LEA SELPA ☐ COE Joined SELPA

C1-2. The SELPA collaborated with the CAC throughout the development, amendment, and review of all Local Plan sections included with this submission?

☐ Yes ☐ No (If the answer is "NO," please include comments.)

C1-3. The SELPA reviewed and considered comments provided by the CAC regarding this Local Plan submission.

☐ Yes ☐ No (If the answer is "NO," please include comments.)

Special Education Local Plan Area (SELPA) Local Plan

SELPA Los Angeles Unified

Fiscal Year 2025-26

LOCAL PLAN

Section D: Annual Budget Plan

SPECIAL EDUCATION LOCAL PLAN AREA

California Department of Education

Special Education Division

Local Plan Annual Submission

Section D: Annual Budget Plan

SELPA Los Angeles Unified

Fiscal Year 2025-26

Local Plan Section D: Annual Budget Plan

Projected special education budget funding, revenues, and expenditures by LEAs are specified in **Attachments II–V**. This includes supplemental aids and services provided to meet the needs of students with disabilities as defined by the Individuals with Disabilities Education Act (IDEA) who are placed in regular education classrooms and environments, and those who have been identified with low incidence disabilities who also receive special education services.

IMPORTANT: Adjustments to any year's apportionment must be received by the California Department of Education (CDE) from the SELPA prior to the end of the first fiscal year (FY) following the FY to be adjusted. The CDE will consider and adjust only the information and computational factors originally established during an eligible FY, if the CDE's review determines that they are correct. *California Education Code (EC) Section 56048*

Pursuant to *EC* Section 56195.1(2)(b)(3), each Local Plan must include the designation of an administrative entity to perform functions such as the receipt and distribution of funds. Any participating local educational agency (LEA) may perform these services. The administrative entity for a multiple LEA SELPA or an LEA that joined with a county office of education (COE) to form a SELPA, is typically identified as a responsible local agency or administrative unit. Whereas, the administrative entity for single LEA SELPA is identified as a responsible individual. Information related to the administrative entity must be included in Local Plan Section A: Contacts and Certifications.

Section D: Annual Budget Plan

Include a description for the expenditures identified under object code 7000:

Section D: Annual Budget Plan

SELPA Fiscal Year **TABLE 3****Federal, State, and Local Revenue Summary (Items D-7 to D-8)****D-7. Federal Categorical, State Categorical, and Local Unrestricted Funding**

Using the fields below, enter the projected funding by revenue jurisdiction. The "Total Revenue From All Sources" and the "Percentage of Total Funding" fields are automatically calculated.

Revenue Source	Amount	Percentage of Total Funding
Projected State Special Education Revenue	<input type="text" value="513,216,157"/>	25.09%
Projected Federal Revenue	<input type="text" value="153,733,418"/>	7.52%
Local Contribution	<input type="text" value="1,378,728,002"/>	67.40%
Total Revenue from all Sources:	2,045,677,577	100.00%

D-8. Attachment IV: Projected Revenue by Federal, State, and Local Funding Source by Local Educational Agency

Using the CDE-approved template provided in **Attachment IV**, provide a complete distribution of revenues to all LEAs participating in the SELPA by federal and state funding source.

D-9. Special Education Local Plan Area Allocation Plan

- a. Describe the SELPA's allocation plan, including the process or procedure for allocating special education apportionments, including funds allocated to the RLA/AU/responsible person pursuant to *EC* Section 56205(b)(1)(A).

The Los Angeles Unified SELPA is a single district SELPA representing the Los Angeles Unified School District. Revenues are fully allocated to the LEA. As a single district SELPA, the services are provided through the LEA. LAUSD offers a continuum of services and tracks each service location code

- b. ☒ YES ☐ NO

If the allocation plan specifies that funds will be apportioned to the RLA/AU/AE, or to the SELPA administrator (for single LEA SELPAs), the administrator of the SELPA, upon receipt, distributes the funds in accordance with the method adopted pursuant to *EC* Section 56195.7(i). This allocation plan was approved according to the SELPA's local policymaking process and is consistent with SELPA's summarized policy statement identified in Local Plan Section B: Governance and Administration item B-4. If the response is "NO," then either Section D should be edited, or Section B must be amended according to the SELPA's

Section D: Annual Budget Plan

SELPA Fiscal Year

adopted policy making process, and resubmitted to the COE and CDE for approval.

Section D: Annual Budget Plan

SELPA Fiscal Year **TABLE 4****Special Education Local Plan Area Expenditures (Items D-10 to D-11)****D-10. Regionalized Operations Budget**

Using the fields below, identify the total operating expenditures projected for the SELPA, exclusively. Expenditure line items are according SACS object codes. Include the projected amount budgeted for the SELPA's exclusive use. The "Percent of Total" expenses is automatically calculated. NOTE: Table 4 does not include district LEA, charter LEA, or COE LEA expenditures, there is no Attachment to be completed for Table 4.

Accounting Categories and Codes	Amount	Percentage of Total
Object Code 1000—Certificated Salaries	<input type="text" value="5,974,114"/>	69.85%

Fiscal Year 2025-26

TABLE 5**Supplemental Aids and Services and Students with Low Incidence Disabilities (D-12 to D-15)**

The standardized account code structure (SACS), goal 5760 is defined as "Special Education, Ages 5–22." Students with a low incidence (LI) disability are classified severely disabled. The LEA may elect to have locally defined goals to separate low-incidence disabilities from other severe disabilities to identify these costs locally.

D-12. Defined Goals for Students with LI Disabilities

Does the SELPA, including all LEAs participating in the SELPA, use locally defined goals to separate low-incidence disabilities from other severe disabilities?

☐ YES ☒ NO

If "No," describe how the SELPA identifies expenditures for low-incidence disabilities as required by *EC* Section 56205(b)(1)(D)?

Unique LI program code is assigned.

D-13. Total Projected Expenditures for Supplemental Aids and Services in the Regular Classroom and for Students with LI Disabilities

Enter the projected expenditures budgeted for Supplemental Aids and Services (SAS) disabilities in the regular education classroom.

3,790,000

D-14. Total Projected Expenditures for Students with LI Disabilities

Enter the total projected expenditures budgeted for students with LI disabilities.

14,608,252

D-15. Attachment V: Projected Expenditures by LEA for SAS Provided to Students with Exceptional Needs in the Regular Classroom and Students with LI Disabilities

Using the current CDE-approved template provided for Attachment V, enter the SELPA's projected funding allocations to each LEA for the provision of SAS to students with exceptional needs placed in the regular classroom setting and for those who are identified with LI disabilities. Information included in this table must be consistent with revenues identified in Section D, Table 5.

LOCAL PLAN

Section E: Annual Service Plan

SPECIAL EDUCATION LOCAL PLAN AREA

California Department of Education

Special Education Division

Local Plan Annual Submission

SELPA: LOS ANGELES UNIFIED

Fiscal Year: 2025-26

Local Plan Section E: Annual Service Plan

California *Education Code (EC)* sections 56205(b)(2) and (d); 56001; and 56195.9

The Local Plan Section E: Annual Service Plan must be adopted at a public hearing held by the SELPA. Notice of this hearing shall be posted in each school in the SELPA at least 15 days before the hearing. Local Plan Section E: Annual Service Plan may be revised during any fiscal year according to the SELPA's process as established and specified in Section B: Governance and Administration portion of the Local Plan consistent with *EC* sections 56001(f) and 56195.9. Local Plan Section E: Annual Service Plan must include a description of services to be provided by each local educational agency (LEA), including the nature of the services and the physical location where the services are provided (Attachment VI), regardless of whether the LEA is participating in the Local Plan.

Services Included in the Local Plan Section E: Annual Service Plan

All entities and individuals providing related services shall meet the qualifications found in Title 34 of the *Code of Federal Regulations (34 CFR)* Section 300.156(b), Title 5 of the *California Code of Regulations (5 CCR)* 3001(r) and the applicable portions 3051 et. seq.; and shall be either employees of an LEA or county office of education (COE), employed under contract pursuant to *EC* sections 56365-56366, or employees, vendors or contractors of the State Departments of Health Care Services or State Hospitals, or any designated local public health or mental health agency. Services provided by individual LEAs and school sites are to be included in **Attachment VI**.

Include a description each service provided. If a service is not currently provided, please explain why it is not provided and how the SELPA will ensure students with disabilities will have access to the service should a need arise.

- ☒ 330—Specialized Academic Instruction/
Specially Designed Instruction

Include an explanation as to why the service option is not included as part of the SELPA's continuum of services available to students with disabilities.

☐ 340—Intensive Individual Service☒ *Service is Not Currently Provided*☒ 415—Speech and Language☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Language and Speech (LAS) services provide remedial intervention for eligible individuals with difficulty understanding or using spoken language. The difficulty may result from a speech sound disorder (excluding abnormal swallowing patterns, if that is the sole assessed disability); voice disorder; fluency disorder; hearing loss; or language disorder characterized by inappropriate or inadequate acquisition, comprehension, or expression of spoken and/or symbolic language. In addition, LAS services may include the incorporation of various Augmentative and Alternative Communication (AAC) systems to help the student communicate to support independent access to the curriculum and interaction with the environment, including but not limited to the following: gestures, objects, picture and symbols, communication boards, and speech-generating devices. Language deficits or speech patterns resulting from the following are not included: unfamiliarity with the English language; lack of instruction in English, dialectical factors, or limited language experience; and environmental, economic, or cultural factors. LAS specialized instruction (i.e., articulation, pragmatics, comprehension/expression, etc.) and services may be direct and may include the use of a speech-language pathology assistant, or indirect such as monitoring, reviewing, and consultation with the student, parent, teacher, or other school support and DIS personnel. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

SELPA: LOS ANGELES UNIFIED

Fiscal Year: 2025-26

Is the SELPA's average SLP caseload >55?

☐

Yes

☒

No

The average caseload for speech, language, and hearing specialists in the SELPA shall not exceed 55 cases, unless the SELPA Local Plan specifies a higher average caseload and the reasons for the greater average caseload. *EC 56363.3*

SELPA Average SLP Caseload:

Reasons for greater than 55 average caseload

☒ 425—Adapted Physical Education☐*Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Adapted Physical Education (APE) is an instructional program that adapts or modifies state mandated physical education curriculum. APE services are delivered by an APE teacher through a direct or indirect model for students 3 years to 22 years, who may not be able to safely and/or successfully access activities in general physical education programs, as indicated by assessment and evaluation of gross motor skills performance and other areas of need. APE services may include: individually designed developmental activities, fundamental motor skills and patterns, rhythm patterns, muscular strength development and fitness, and games and sports suited to the capabilities, limitations, and interests of individual students with disabilities who may not safely, successfully, or meaningfully engage in unrestricted participation in the vigorous activities of the general or modified physical education program. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 435—Health and Nursing: Specialized
Physical Health Care☐*Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Specialized physical health care services means those health services prescribed by the child's licensed physician and surgeon, requiring medically related training of the individual who performs the services and which are necessary during the school day to enable the child to attend school (5 CCR Section 3051.12[b]). "Specialized physical health care services," as used in this section, includes catheterization, gastric tube feeding, suctioning, or other services that require medically related training." California Education Code 49423.5

SELPA: **LOS ANGELES UNIFIED**Fiscal Year: **2025-26**☒ **436—Health and Nursing: Other**☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

This includes services that are provided to individuals with exceptional needs by a qualified individual pursuant to an IEP when a student has health problems which require nursing intervention beyond basic school health services. Services include managing the health problem, consulting with staff, group and individual counseling, making appropriate referrals, and maintaining communication with agencies and health care providers. These services do not include any physician supervised or specialized health care service. IEP required health and nursing services are expected to supplement the regular health services program.

☒ **445—Assistive Technology**☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Assistive Technology (AT) supports and services are based on individual student needs and not dependent on educational placement. AT focuses on student access to curriculum to bridge the gap between the demands of the curriculum and the student's functioning level. Multi-Tiered System of Support (MTSS) collaboration is frequently the initial step in intervention to address access challenges with accommodations, with a comprehensive AT assessment available for more complex student access needs. The range of supports and services may include specialized training and technical support by the AT assessor, assistive devices, adapted computer technology and digital resources within the educational program to improve functional access for the student. The AT support cycle includes a functional analysis of student needs, selecting, designing, or customizing appropriate devices, coordinating services, training or technical assistance for the student, family and school staff and ongoing support for the student's academic career.

☒ **450—Occupational Therapy**☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Occupational Therapy (OT) services are provided, pursuant to an IEP, by a licensed Occupational Therapist (OT) or licensed Occupational Therapy Assistant (OTA). OT works collaboratively with the IEP team to foster self-determination and participation in the educational setting. OT includes services to improve a student's educational performance, postural stability, balance, self-help abilities, sensory processing and organization, motor planning and coordination, visual perception and integration, social and play abilities, and fine motor abilities. OT can support executive functioning skills such as attention, arousal regulation and organization with collaboration with the classroom teacher and

SELPA: LOS ANGELES UNIFIED

Fiscal Year: 2025-26

accommodations. Both direct and indirect services may be provided within the classroom, other educational settings, in groups or individually, and may include therapeutic techniques to develop abilities, adaptations to the student's environment or curriculum, and consultation and collaboration with other staff and parents. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 460–Physical Therapy

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Physical Therapy (PT) services are provided, pursuant to an IEP, by qualified physical therapists (PT) licensed in the state of California. School-based PTs work collaboratively with the IEP team to recommend services as appropriate that are individualized to each student that address physical access, functional mobility, and gross motor skill development. School-based PT focuses on independence within the student's current educational environment as well as meeting postsecondary outcomes. Physical therapy services are provided in the student's actual physical environment whenever possible to address individual needs. Based on the student's goals, services are provided in an individual or group setting, and may focus on skill acquisition, removal of physical barriers, accommodations, and/or consultation to the IEP team, which can include the student's classroom teacher, support staff, and family. Underlying areas addressed include, but are not limited to, motor control and coordination, posture and balance, motor planning, strength and endurance as they relate to a student's ability to access and participate in the daily curriculum. School based physical therapists also collaborate with the student's team to develop Multi-Tiered Systems of Support (MTSS) Tier 1, 2, and 3 strategies as well as educate school staff regarding wellness, prevention, and health. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 510–Individual Counseling

Provide a detailed description of the services to be provided under this code.

Counseling is delivered by a credentialed provider, pursuant to a student's IEP goals, and may be provided in an individual setting. Counseling is provided when deemed necessary for the student with an IEP to benefit educationally from their instructional program. Counseling may focus on one or more areas of social-emotional learning competencies to include self-awareness, self-management, social awareness, and social management, in alignment with the California Department of Education. Counseling may include Educationally Related Intensive Counseling Services (ERICS) for a student whose social-emotional and behavioral needs are documented to be more significant in frequency, duration, or intensity; affect their

SELPA: LOS ANGELES UNIFIED

Fiscal Year: 2025-26

ability to benefit from their special education program; and are manifested at school, at home, and in the community. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☐ *Service is Not Currently Provided*☒ 515—Counseling and Guidance☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Counseling in a group setting, provided by a qualified individual pursuant to an IEP. Group counseling is typically social skills development, but may focus on aspects, such as educational, career, personal, learning problems or guidance programs for students. IEP-required group counseling is expected to supplement the regular guidance and counseling program. (34 CFR §300.24(b)(2)); CCR Title 5 §3051.9) Guidance services include interpersonal, intrapersonal or family interventions, performed in a group setting by a qualified individual pursuant to an IEP. Specific programs include social skills development, self-esteem building, and assistance to special education students supervised by staff credentialed to serve special education students. These services are expected to supplement the regular guidance and counseling program. (34 CFR 300.306; CCR Title 5 §3051.9). Counseling may include Educationally Related Intensive Counseling Services (ERICS) for a student whose social-emotional and behavioral needs are documented to be more significant in frequency, duration, or intensity; affect their ability to benefit from their special education program; and are manifested at school, at home, and in the community. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 520—Parent Counseling☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Parent workshops are provided by a qualified individual pursuant to an IEP to assist the parent(s) of special education students in better understanding and meeting their child's needs and may include parenting skills or other pertinent issues. IEP required parent counseling is expected to supplement the regular guidance and counseling program. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 525—Social Worker Services☐ *Service is Not Currently Provided*

SELPA: LOS ANGELES UNIFIED

Fiscal Year: 2025-26

Provide a detailed description of the services to be provided under this code.

Social work services, provided by a qualified individual pursuant to an IEP, include, but are not limited to, preparing a social or developmental history of a child with a disability, group and individual counseling with the child and family, working with those problems in a child's living situation (home, school, and community) that affect the child's adjustment in school, and mobilizing school and community resources to enable the child to learn as effectively as possible in his or her educational program. Social work services are expected to supplement the regular guidance and counseling program.

☒ 530—Psychological Services☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Psychological services are provided by credentialed school psychologists. Students are generally referred for assessment through their school of residence following a prescribed, mandated, pre-referral intervention process. Services include individual psychological and educational testing, and interpretation of assessment results for parents and staff to support IEP development. Eligibility recommendations are made by school psychologists after gathering data through assessment and applying eligibility criteria as defined by law; eligibility determination and service recommendations are made by IEP teams. School psychologists apply expertise in mental health, learning and behavior to help children and youth succeed academically, socially, behaviorally, and emotionally. They also provide individual and group counseling for children, and consultation with staff and parents. School psychologists work with school administrators to improve school-wide practices and policies and collaborate with community providers to coordinate needed services. Additionally, school psychologists provide crisis prevention and intervention services within their assigned school communities. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 535—Behavior Intervention Services☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

A systematic implementation of procedures designed to promote lasting, positive changes in the student's behavior resulting in greater access to a variety of community settings, social contacts, public events, and placement in the least restrictive environment. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

SELPA: LOS ANGELES UNIFIED

Fiscal Year: 2025-26

☐ 540—Day Treatment Services☒ *Service is Not Currently Provided*☒ 545—Residential Treatment

Provide a detailed description of the services to be provided under this code.

Services are provided by contracted nonpublic, nonsectarian schools with an affiliated residential treatment center ("NPS/RTC") and are available to students pursuant to their IEPs as part of the continuum of placement options.

☐ *Service is Not Currently Provided*☒ 610—Specialized Service for Low Incidence Disabilities☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Low Incidence services are defined as those provided to the student population with a documented Low Incidence disability such as orthopedic impairment (OI), visual impairment (VI), deafness (DEA), hard of hearing (HOH), or deaf-blind (DB). Typically, services are provided in educational settings by an itinerant teacher or specialist in the designated area. The need for Low Incidence Support is individualized to each student. Collaboration and/or consultation is provided to the teacher, staff, and parents as needed. These services are prescribed as part of the student's Individualized Education Program (IEP). All service provision is based upon the student's assessed need and is provided in accordance with the mandates of the IEP and state and federal guidelines. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 710—Specialized Deaf and Hard of Hearing Services☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

The Deaf Education Program serves eligible students with documented hearing differences that may impact their language, communication skills, and access to the core curriculum, offering services to students ages 3 to 22 through both Itinerant and Deaf Education Special Day Classes. In alignment with the California Department of Education, LAUSD accepts and respects all languages, communication supports (such as ASL/English interpreters, assistive listening devices, hearing technology, and captioning), and educational approaches (including

SELPA: LOS ANGELES UNIFIED

Fiscal Year: 2025-26

ASL, English, and students' heritage languages). The Deaf Education Itinerant Program includes Teachers of the Deaf, Educational Audiologists, and ASL/English interpreters, providing specially designed instruction and services across general education classrooms, special day programs, special education centers, and Career and Transition Centers (CTC). The program focuses on specific skills based on student needs, such as auditory skills development, self-advocacy, language skills, and Auditory Verbal Therapy/Listening and Spoken Language Intervention. Students receive support through ASL/English interpreters and/or hearing technology, ensuring access to general education classes and extracurricular activities. Collaboration with general education teachers, school staff, and parents is essential for student success. Special Day Programs are also available to meet Deaf students' unique language, communication, and hearing access needs. These programs include instruction in both ASL and spoken/written English, as well as speech therapy, auditory training, and hearing technology, tailored to individual student needs. The ASL/English (AEB) Special Day Program is available at select elementary, middle, and high school campuses, providing core and modified core curriculum instruction with direct ASL instruction and spoken English interpreters. The Listening and Spoken English (LSE Special Day Program) is offered at select elementary and middle school campuses with core curriculum instruction.

☒ 715—Interpreter Services☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

An "educational interpreter" provides communication facilitation between students who are deaf or hard of hearing, and others, in the general education classroom and for other school-related activities, including extracurricular activities, as designated in a student's IEP.

☒ 720—Audiological Services☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

The Audiological Resource Unit (ARU) provides a comprehensive audiologic evaluation completed by an Educational Audiologist for any child from 3 to 22 years of age. District schools refer students to the ARU when there is a suspected hearing difference, a failed audiometric screening, or a teacher or parent concern regarding a student's hearing ability. Members of the school's multidisciplinary team who facilitate listening, learning, and communication access counsel students with hearing differences and their families regarding hearing levels and act as a liaison between outside agencies and schools. Additionally, the Educational Audiologists are part of the team that assesses students with suspected Central Auditory Processing Disorder (CAPD). The Educational Audiologists also provide Designated Instructional Services (DIS) to students receiving Deaf Education services in special day programs, provide consultative services to students receiving Deaf Education Itinerant Services, and provide support services and professional development relating to students'

SELPA: LOS ANGELES UNIFIED

Fiscal Year: 2025-26

hearing levels and hearing technology to students, teachers, families, and other school staff.

☒ 725—Specialized Vision Services☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

This is a broad category of services provided to students with visual impairments. It includes assessment of functional vision, learning medium, and access technology needs; curriculum modifications necessary to meet the student's educational needs including Braille/tactual, large print, and aural media (both traditional paper and digital media); instruction in the nine areas of the Expanded Core Curriculum (ECC): compensatory skills, independent living skills, self-determination, assistive technology, career education, sensory efficiency, orientation and mobility, recreation and leisure, and social interaction skills. It may include coordination of other personnel providing services to the students such as orientation and mobility specialists, transcribers, readers, counselors, career/vocational staff, Instructional Aide Braille staff, and others, in collaboration with the student's classroom teacher. Teachers of students with visual impairments (TVI) may provide instruction in the use of specialized materials and equipment necessary to access the curriculum in educational settings such as a VI Special Day Program (resource room), or the Low Incidence Learning Center (LILC) on a general education campus. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 730—Orientation and Mobility☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Students who have a VI (visual impairment) eligibility are trained in body awareness, spatial concepts, and mobility (travel) skills. Students are instructed in the skills needed to travel safely and independently around their school and community. Instruction is systematic and intended to promote equal access as well as integration opportunities within a student's classroom, school, and community environments. Service delivery models include direct, collaboration and consultation. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 735—Braille Transcription☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Any transcription services to convert materials from print to tactile media including Braille and raised-line images. It may include textbooks, tests, worksheets, diagrams, maps, image descriptions or anything necessary for instruction. The transcriber should be qualified in

SELPA: LOS ANGELES UNIFIED

Fiscal Year: 2025-26

Unified English Braille as well as the Nemeth Code (mathematics) and certified by an accredited agency. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 740—Specialized Orthopedic Services☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

This program serves eligible students with orthopedic disabilities whose educational performance is significantly impacted. The supports/ and or services for learning are focused on accommodations and adaptations necessary to access the curriculum and the educational setting. Service providers consult and collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed. Supports and services may also include specialized materials and equipment.

☒ 745—Reader Services☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Support provided to students with low incidence eligibilities in obtaining the skills to read through a structured literacy approach.

☒ 750—Note Taking Services☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Note-taking service is any specialized assistance given to a student with a low incidence eligibility for the purpose of taking notes when the student is unable to do so independently. This may include, but is not limited to, copies of notes taken by another student or transcription of tape-recorded information from a class or aide designated to take notes.

☒ 755—Transcription Services☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Any transcription service to convert materials from print to a mode of communication suitable for the student. This may also include dictation services as it may pertain to textbooks, tests, worksheets, or anything necessary for instruction.

SELPA: **LOS ANGELES UNIFIED**Fiscal Year: **2025-26**
☒ **760—Recreation Service, Including
Therapeutic Recreation**
☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Recreation Therapy (RT) services are provided in accordance with a student's IEP, by a qualified recreation therapist with a certification of Recreation Therapist Certified (RTC) from the California Board of Recreation Therapy Certification; or Certified Therapeutic Recreation Specialist (CTRS) from National Council of Therapeutic Recreation Certification. RT services address fostering independence and improving a student's ability to develop and utilize the necessary social and activity skills required for participation in the educational setting, including school based cooperative learning, cooperative play, social recreation and leisure, lesson and activities, across school environments. RT services includes improvement of reciprocal interactions, perspective taking, social and group interactions, peer relationships, social and play skills, leisure education, including functional leisure routines, exploration and development of interests and awareness of personal, school and community resources. RT services range from direct and indirect services for individuals or groups, intense intervention targeting functional skill development, facilitation of activities and lessons where skills are applied in a practical manner and generalized. This continuum of support utilizes collaboration and consultation with other staff and parents. RT services support the transition from school to community programs and the lifelong pursuit of independent and healthy leisure and recreation engagement. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ **820—College Awareness Preparation**
☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

College awareness provides students with an understanding of higher education opportunities. This includes career planning, course prerequisites, financial aid, and admissions eligibility. College awareness information can be disseminated by many school site personnel, including but not limited to teachers, counselors, and administrators.

☒ **830—Vocational Assessment, Counseling,
Guidance, and Career Assessment**
☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Provision of transition assessments focused on post-secondary employment to assist a student in assessing their strengths, preferences, interests and needs in order to make realistic career decisions. Preparation of students for paid or unpaid employment, which may include work experience, job coaching, development and/or placement, and situational

assessment.

☒ 840—Career Awareness☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Career/vocational awareness provides students with an understating of post-secondary employment pathways, through career planning and guidance. This includes post-secondary vocational training options to support students in obtaining future employment. Career awareness information can be disseminated by many school site personnel, including but not limited to teachers, counselors, and administrators

☒ 850—Work Experience Education☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Work Experience Education means organized educational programs or instructional lessons that are directly related to the preparation of individuals for paid and/or unpaid employment.

☒ 855—Job Coaching☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Provision of work-based job coaching and job task orientation, management, and workflow.

☒ 860—Mentoring☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Mentoring is a sustained coaching relationship between a student and teacher through ongoing involvement. The mentor offers support, guidance, encouragement and assistance as the learner encounters challenges with respect to a particular area such as acquisition of job skills. Mentoring can be either formal, as in planned, structured instruction, or informal that occurs naturally through friendship, counseling, and collegiality in a casual, unplanned way.

☒ 865—Agency Linkages (referral and placement)☐ *Service is Not Currently Provided*

Board of Education Report

File #: Rep-354-24/25, **Version:** 1

Agenda Date: 6/3/2025

In Control: School Operations

Renaming of Hesby Oaks Leadership Charter

Division of School Operations

Brief Description:

(Approval of the renaming of Hesby Oaks Leadership Charter) Recommends approval of renaming the school to Hesby Oaks Leadership Academy.

Action Proposed:

Approve the renaming of Hesby Oaks Leadership Charter to Hesby Oaks Leadership Academy consistent with BUL-5549.2 (Naming/ Renaming Schools, Buildings, and Fields). The school is located in Board District 4, Region North.

Background:

In the Fall of 2024, the community of Reseda raised concerns with the current name of the school: Hesby Oaks Leadership Charter. School administrators and staff began to communicate with stakeholders about the possible formation of a renaming committee made up of students, staff, and teachers. In the Fall of 2024, the renaming committee began to have formal meetings and generated feedback and ideas for school names from different stakeholders.

The school community proposed a name change would avoid confusion of being considered as an independent charter school. New families have shared the word “charter” in the school’s name automatically causes families to assume that Hesby Oaks Leadership Charter is not part of the LAUSD district. This confusion has led families away from the school thinking that the school is not aligned with the guidelines and policies of the school district.

The renaming committee proposed 2 school names for the community to vote on: Hesby Oaks Leadership Charter (keep as is) or Hesby Oaks Leadership Academy.

The school community realizes that changing the school’s name will support with attracting new families. The school will continue to successfully operate as a welcoming environment.

Expected Outcomes:

The school and community voted to change the name Hesby Oaks Charter to Hesby Oaks Leadership Academy. With the adoption of this report by the Los Angeles Unified Board of Education, Hesby Oaks Leadership Academy will become the new name of the school.

Board Options and Consequences:

If a “Yes” vote is rendered by the Board of Education, the name will change to Hesby Oaks Leadership Academy.

If a “No” vote is rendered by the Board of Education, the name of the school will remain Hesby Oaks Leadership Charter.

Policy Implications:

None.

Budget Impact:

There is no known budget impact at this time as signage changes are not required. Dropping Charter from the school’s name will not require any new signage, therefore there are no fiscal impacts associated with this board report.

Student Impact:

Renaming the school to Hesby Oaks Leadership Academy would have a positive community impact. It was also the most voted name by the parent and student stakeholder group. Stakeholders strongly believe that this will encourage new families to enroll and eliminate the confusion of assuming the school is part of a charter organization.

Equity Impact:

Not applicable.

Issues and Analysis:

None.

Below is the breakdown of the percentage of each of the votes that took place:

Hesby Oaks Leadership Charter:

6/49 Staff Votes (12%)

17/73 Parent Votes (23%),

171/414 Student votes (41%)

Hesby Oaks Leadership Academy:

43/49 Staff Votes (88%)

56/73 Parent Votes (77%)

243/414 Student Votes (59%)

Attachments:

None.

TAB 8

Board of Education Report

File #: Rep-355-24/25, Version: 1

Agenda Date: 6/3/2025

In Control: School Operations

Renaming of Boyle Heights Hilda Solis Senior High Division of School Operations

Brief Description:

(Approval of the renaming of Boyle Heights Hilda Solis Senior High School) Recommends approval of renaming of the school to Eastside High School at Hilda L. Solis Learning Complex.

Action Proposed:

Approve the renaming of Boyle Heights Hilda Solis Senior HS to Eastside High School at Hilda L. Solis Learning Complex consistent with BUL-5549.2 (Naming/Renaming Schools, Buildings, and Fields). The school is located in Board District 2, Region East.

Background:

The school originally served the Boyle Heights community where it was co-located on a middle school site. The district decided to relocate the school onto the Hilda L. Solis campus at the end of the 2023-24 school year. The school brings a unique thread of STEM focus for students in the surrounding community. The school may now reach, beyond Boyle Heights and into the Eastside Los Angeles and surrounding neighborhoods. The proposed Eastside High School at Hilda L. Solis Learning Complex reflects growth. There has been an effort to maintain the schools original name while weaving together both schools. Under the new name the school is prepared to welcome students from a broader service to diverse communities in the greater Eastside Region. Additionally, to honor the Hilda L. Solis Learning Academy (previous campus name) and the fact that the school is part of a larger complex, which includes a learning center, the name was to retain the Hilda L. Solis as part of the name. Due to the Boyle Heights campus relocation; this move has given the school an opportunity to grow the vibrant STEM program. The campus will be a great place to increase enrollment while offering addition A-G courses on site. At the new location, the campus will have an opportunity to expand its robotics program. The renaming committee proposed 3 names: Eastside High School at Hilda L. Solis Learning Complex, Jose M. Hernandez High School at Hilda L. Solis Learning Complex and Ruben Salazar at Hilda L. Solis Learning Complex.

Expected Outcomes:

The school and community voted to change the name Boyle Heights Hilda L. Solis Senior HS magnet to Eastside High School at Hilda L. Solis Learning Complex.

Board Options and Consequences:

If a “yes” vote is rendered by the Board of Education, the name will change to Eastside High School at Hilda Solis Learning Complex.

If a “no” vote is rendered by the Board of Education, the name of the school will remain Boyle Heights Hilda Solis HS STEM Magnet which does not represent the present community.

Policy Implications:
None.

Budget Impact:
There is no known budget impact at this time as signage changes are not required. Updating the school's name will not require new signage. There will be no fiscal impact to the changing of the name from Boyle Heights Hilda Solis Senior HS to Eastside High School at Hilda L. Solis Learning Complex.

Student Impact:
Renaming the school would have a positive community impact. It was also the most voted name by the parent and student stakeholder group. Students feel a strong, positive connection, rather than the current name, which is not inclusive or representative of the present.

Equity Impact:
Not applicable.

Issues and Analysis:
None.

Below is the breakdown of the voting that took place. There were a total of 383 collected ballots.

323 Votes: Eastside High School at Hilda L. Solis L. Learning Complex

Staff - 50
Parents - 79
Students - 194

38 Votes: Jose M. Hernandez High School at Hilda L. Solis Learning Complex

Board of Education Report

File #: Rep-376-24/25, **Version:** 1**Agenda Date:** 6/3/2025**In Control:** Family and Community Engagement Committee

Approval of Community Advisory Committee (CAC) Membership

Office of Student, Family, and Community Engagement

Brief Description:

(Approval of Community Advisory Committee (CAC) Membership) Recommends approval of prospective members to serve on the District Community Advisory Committee, as required by the California Education Code, section 56191.

Action Proposed:

Approve those persons included in Attachment A for a term of membership on the Community Advisory Committee (CAC) for the identified terms of 2025-2027, and alternates to serve on the CAC for the 2025-2026 school year.

Background:

The CAC serves in an advisory capacity to the Board of Education and the Division of Special Education on the Special Education Local Plan Area (SELPA).

The California Education Code, Section 56190-56193, requires each SELPA to establish a CAC to fulfill specific responsibilities. In addition, it requires that the members of the CAC be appointed by the Board of Education using selection procedures described in the SELPA Local Plan. CAC members serve a two-year term, which is staggered to ensure that no more than one half of the membership serves the first year of the term in any one year.

The CAC must be composed of the following: parents of individuals with exceptional needs enrolled in public or private schools (must serve as committee majority), parents of other students enrolled in school, students and adults with disabilities, regular education teachers, special education teachers, and other school personnel, representatives of other public and private agencies, and people concerned with the needs of individuals with exceptional needs. CAC bylaws also state that "CAC members must live, work, attend, or be the parent/guardian of a student attending a school within the LAUSD SELPA."

For the last decade, prospective members of the CAC were identified through the ranking of applications, with an appointment committee assigning points to applications based on a rubric. At parents' request last year for a more transparent process, the SELPA Local Plan language changed to allow for membership elections to occur in much the same way they transpire for other state-mandated District central committees identified in the California Education Code. This year, vacancies for the seats of parents of students with exceptional needs were filled by in-person elections in each Region and online for the Virtual Academies. The elections for special education students and special education teachers occurred online in the evening. The vacancies for the other categories of adult with disabilities, community members, community-based organizations, and alternate for the seat of parent of general education students were filled at an in-person election in a central location at the Office of Student, Family, and Community Engagement.

Vacancies for membership on the CAC were advertised on KLCS and District websites; through special education parent trainings and bi-weekly Family Academy webinars; through LAUSD's Department of Transition Services (DOTS) staff and Region special education teams; and emails, voice, and text messages sent to all Los Angeles Unified families and additionally to parents or guardians of students with exceptional needs. Membership vacancies were also advertised via flyers and announcements during CAC, PAC, and DELAC meetings; at Region Ambassador sessions and various Region workshops; through the Charter Division and the Office of Development and Civic Engagement; and sent directly to each Board of Education staff via email for distribution. The Division of Special Education and the Office of Student, Family, and Community Engagement held 11 elections during April and one additional election in the month of May. The proposed persons being submitted for appointment to the CAC were elected by their peers, as required by the California Education Code.

According to the California Education Code, Section 56194, the CAC addresses the responsibilities defined in the local plan as described below, including, but not limited to, all the following:

- a. Advising the policy and administrative entity of the special education local plan area regarding the development, amendment, and review of the local plan. The entity shall review and consider comments from the community advisory committee.
- b. Recommending annual priorities to be addressed by the plan.
- c. Assisting in parent education and in recruiting parents and other volunteers who may contribute to the implementation of the plan.
- d. Encouraging community involvement in the development and review of the local plan.
- e. Supporting activities on behalf of individuals with exceptional needs.
- f. Assisting in parent awareness of the importance of regular school attendance.
- g. Supporting community involvement in the parent advisory committee established pursuant to Section 52063 to encourage the inclusion of parents of individuals with exceptional needs to the extent these pupils also fall within one or more of the definitions in Section 42238.01".

The Office of Student, Family, and Community Engagement and the Division of Special Education are requesting a motion by the Los Angeles Unified School District Board of Education to appoint members to the CAC, a state-mandated committee established to advise the Board of Education and the Division of Special Education on the SELPA Local Plan.

The individuals in Attachment A were elected by their peers at an in-person or virtual election. They are recommended to be the new representatives of the CAC for a two-year term, or as alternates for a one-year term.

Expected Outcomes:

Approval by the Board of Education of those persons whose names have been submitted for CAC membership will enable the CAC to remain compliant within the guidelines established in the California Education Code, Sections 56190-56194.

Board Options and Consequences:

Approving the requested membership will enable the CAC to continue fulfilling the responsibilities as defined in the California Education Code, Section 56194, and in the SELPA Local Plan for service. If not approved, the District will be out of compliance with state requirements, and sanctions may be issued.

File #: Rep-376-24/25, **Version:** 1**Agenda Date:** 6/3/2025**In Control:** Family and Community Engagement Committee

Policy Implications:

This action supports the Board's initiative to enhance parent engagement and is aligned to the Strategic Plan Pillar 3: Engagement and Collaboration. There are no changes to the existing policies of the District through this action.

Budget Impact:

None

Student Impact:

None

Equity Impact:

None

Issues and Analysis:

California Education Code, Sections 56190-56194, sets forth state requirements for the selection and appointment of members for the CAC.

Attachments:

Board of Education Report

File #: Rep-325-24/25, Version: 1
In Control: Procurement Services

Agenda Date: 6/3/2025

Approval of Procurement Actions Procurement Services Division

Brief Description:

(Approval of Procurement Actions) Recommends the ratification of the contract actions taken by the Procurement Services Division within delegated authority as listed in Attachment “A” to include the approval of award of Professional Service Contracts not exceeding \$250,000: New Contracts; Contract Amendment; Contract Assignments; and Purchase Orders; Goods and General Services: District Card Transactions; Rental of Facilities; Travel/Conference Attendance; General Stores Distribution Center; Book Instructional Material Purchase Orders; and approval of Professional Service Contracts (exceeding \$250,000): New Contracts; Goods and General Services Contracts (exceeding \$250,000): New Contracts; and Piggyback Contracts as listed on Attachment “B” ; and Certification of federal micro-purchase threshold for calendar years 2024/2025 as listed on Attachment “C.”

Action Proposed:

Ratify the contract actions taken by the Procurement Services Division within delegated authority as listed in Attachment “A” including the approval of award of Professional Service Contracts not exceeding \$250,000: New Contracts; Purchase Orders; Good and General Services: Purchase Orders; District Card Transactions; Rental of Facilities; Travel/Conference Attendance; General Stores Distribution Center; and Book/Instructional Material Purchase Orders; and approve Professional Service Contracts (exceeding \$250,000): New Contracts; and Goods and General Services Contracts (exceeding \$250,000): New Contracts; and Piggyback Contracts as listed in Attachment “B”; and Certify federal micro-purchase threshold for calendar years 2024/2025 as listed on Attachment “C.”

Background:

Procurement Services staff prepares monthly reports for contract actions necessary for the execution of the project approved by the Board for the educational and operational requirements of the District in accordance with Board delegated authority to the Superintendent.

Expected Outcomes:

Approval of these items will allow the goods and services provided by these contracts furnishing the equipment, supplies, or services to the Los Angeles Unified School District that support Board policies and goals.

Board Options and Consequences:

The Board can approve all actions presented or postpone selected actions pending receipt of additional information. Non-ratification of actions awarded under delegated authority in Attachment “A” will result in immediate unavailability of products or discontinuance of services, or both. While non-ratification may be legally defensible, it would likely result in costly litigation over discontinued payments or if the District attempts to reclaim payments made to a vendor. District costs will likely increase as fewer vendors compete for

future procurements. Postponement of actions presented for approval in Attachment “B” will delay contract award or delivery dates.

Policy Implications:

This action does not change District policy and conforms to California Education Code section 17604 that permits the Board of Education to delegate authority for Procurement Services (Board Report 444-17/18), which the Board exercised on May 8, 2018.

Budget Impact:

The contract actions presented are within the budget authority previously approved by the Board. Ratification of contracts awarded under delegation of authority and within their Board approved budget listed in Attachment “A” includes:

- Award of Professional Service Contracts not exceeding \$250,000: New Contracts; Contract Amendment; Contract Assignments; Purchase Orders; and
- Goods and General Services Contracts not exceeding \$250,000: Procurement Transactions - Purchase Orders; Rental of Facilities; Travel/Conference Attendance; District Card Transactions; General Stores Distribution Center; and Book/Instructional Material Purchase Orders.

Request approval of Procurement Action not under delegated authority listed in Attachment “B” includes:

- Professional Service Contracts (exceeding \$250,000): New Contracts; and
- Goods and General Service Contracts (exceeding \$250,000): New Contracts; and Piggyback Contracts.

Student Impact:

Not applicable.

Equity Impact:

See attached for applicable items.

Issues and Analysis:

There are no policy implications on these agreements. The Business and Government Services Team, Office of the General Counsel, has reviewed and approved the agreements as to form, except where “authorization to negotiate and execute” is sought.

<u>INFORMATION TECHNOLOGY SERVICES</u>				\$120,000
<u>CONTRACTOR</u>	<u>IDENTIFI- CATION NO.</u>	<u>CONTRACT TERM</u>	<u>SOURCE OF FUNDS</u>	<u>AMOUNT</u>
CSM Consulting, Inc.	C9311 (IRFP 2000004020)	05/01/25 – 04/30/28 includes two (2) one- year renewal options	General Funds (100%)	\$120,000

Ratification of an informally competed contract procured through an Informal Request for Proposals (IRFP) process conducted by the Procurement Services Division, to provide E-Rate advisory services to support the District's continued participation in the federal E-Rate program. The E-Rate program provides funding for eligible services and equipment (e.g., internet access and network equipment) purchased under the program. The contractor will provide expert advisory services to ensure compliance with E-Rate regulations and assist with successful submission of funding applications. These services are essential to maintaining funding for the eligible equipment and services related to internet access across the District.

Two proposals were received and were deemed qualified. The evaluation committee was comprised of three subject matter experts from Information Technology Services. The proposals were evaluated based on the qualifications and experience of the firm; qualifications and experience of personnel; price; and Small Business Enterprise (SBE) participation.

CSM Consulting, Inc. has done business with the District since 2022 and has delivered similar services to other school districts including San Diego USD, San Francisco USD, and Fresno USD.

This action aligns with the District's Strategic Plan Pillar 1 – Academic Excellence by ensuring the District can maintain funding for E-Rate services and equipment that allow for access to online learning tools and libraries that elevate teaching and learning.

Requester:

Soheil Katal, Chief Information Officer
 Information Technology Services

ATTACHMENT A

**APPROVAL OF PROCUREMENT CONTRACTS:
RATIFICATION OF DELEGATED AUTHORITY**

Equity Impact:

Component	Score	Score Rationale
Recognition	3	The proposed action supports the District's E-Rate program, which recognizes historical inequities with low-income families. The E-Rate program allocates discount eligibility based on the District students who qualify for the National School Lunch Program (NSLP) and the urban/rural status of the District.
Resource Prioritization	3	The proposed action prioritizes resources based on specific student needs as defined under the E-Rate program. All eligible schools and students will be the beneficiary of the services provided by this resource.
Results	3	The proposed action will continue to bring expertise to advise the District on E-Rate and other related matters, which will help maximize receiving all available dollars to benefit schools and students.

ATTACHMENT A

**APPROVAL OF PROCUREMENT CONTRACTS:
RATIFICATION OF DELEGATED AUTHORITY**

**A. PROFESSIONAL SERVICES CONTRACTS/AMENDMENTS/ ASSIGNMENTS
ALREADY AWARDED NOT EXCEEDING \$250,000**

Item D**MEDICAL SERVICES DIVISION****\$225,000**

<u>CONTRACTOR</u>	<u>IDENTIFI- CATION NO.</u>	<u>CONTRACT TERM</u>	<u>SOURCE OF FUNDS</u>	<u>AMOUNT</u>
Care Solace, Inc.	C9225 (IRFP 2000003781)	03/13/25 – 03/12/26	General Funds (100%)	\$225,000

Ratification of an informally competed contract procured through an Informal Request for Proposals (IRFP) process, conducted by the Procurement Services Division, to deliver 24/7, year-round K-12 care coordination and referral services for mental health, substance use, and basic needs. Through this one-year pilot program, students, parents, and staff at priority schools, option schools, and virtual academies (182 serving approximately 75,000 students) will have access to a network of providers offering advanced care pathways such as outpatient services, intensive outpatient programs, substance use clinics, psychiatry, residential care, medical detox, rehabilitation, and crisis intervention. Referrals and providers can be accessed through phone, web, and mobile devices.

Three proposals were received and two were deemed qualified. The evaluation committee was composed of staff members from the Division of School Operations and Medical Services. The proposals were evaluated based on the qualifications and experience of the vendor, the comprehensiveness of the service offerings, platform usability, price, and Small Business Enterprise (SBE) participation.

Care Solace, Inc. is new to the District. Care Solace is well-established with extensive experience in providing similar services to other large school districts across the nation, such as Denver Public Schools, Clark County School District, and Wayne-Westland School District.

This action aligns with the District's Strategic Plan Pillar 2 Joy and Wellness and the priority of "Comprehensive Support for Students." The services provided will support the District's goal of promoting a safe and supportive environment for students by connecting them and their families to essential mental health and substance use services. By fostering a culture of care and support, the program ensures that students have the resources they need to succeed academically and emotionally, contributing to a healthier and more resilient school community.

**APPROVAL OF PROCUREMENT CONTRACTS:
RATIFICATION OF DELEGATED AUTHORITY**

Requester:

Smita Malhotra, Chief Medical Director
 Medical Services Division

Equity Impact:

Component	Score	Score Rationale
Recognition	3	The contract will provide access to resources by providing year-round support-24 hours per day, seven days a week.
Resource Prioritization	3	The contract prioritizes support for students and their family members enrolled at Priority Schools, Virtual Academy, and Continuation High Schools.
Results	3	This contract will have a positive impact by ensuring students, families, and staff have access to receive the mental health and wellness coordination they need, whenever it is needed—year-round, 24hours per day, seven days a week.
TOTAL	9	

ATTACHMENT A

**APPROVAL OF PROCUREMENT CONTRACTS:
RATIFICATION OF DELEGATED AUTHORITY**

**A. PROFESSIONAL SERVICES CONTRACTS/AMENDMENTS/ ASSIGNMENTS
ALREADY AWARDED NOT EXCEEDING \$250,000**

Item E**OFFICE OF THE CHIEF FINANCIAL OFFICER****\$249,925**

<u>CONTRACTOR</u>	<u>IDENTIFI- CATION NO.</u>	<u>CONTRACT TERM</u>	<u>SOURCE OF FUNDS</u>	<u>AMOUNT</u>
School Services of California, Inc.	C9288	05/14/25 – 12/31/25	General Funds (100%)	\$249,925

Ratification of a single-source contract to conduct a comparative analysis of the District's staffing patterns which will be shared in the form of a written report. This analysis is vital to aligning staffing structures with best practices in human capital deployment, promoting operational efficiency, and informing strategic resource allocation decisions. This effort supports the District's objectives to maintain optimal staffing across schools and departments and meet organizational priorities. This service is needed to ensure that LAUSD can evaluate and optimize its staffing configurations across functional areas.

School Services of California Inc. (SSC) was selected as a single-source provider due to its demonstrated expertise in educational staffing assessments and its track record of success with similar projects in school districts across California. SSC has conducted staffing reviews for comparable education agencies, including large urban districts facing similar challenges with enrollment decline and funding fluctuations. Additionally, SSC employs proprietary tools and proven methodologies that are uniquely suited to LAUSD's requirements and customized for education settings, enabling detailed and relevant insights, such as projecting impacts of continued enrollment decline on staffing needs at both school sites and central offices. Their approach is designed to produce practical recommendations that align with LAUSD strategic and operational needs, especially as the District evaluates how to sustain academic programs and support services amid budget constraints tied to reduced ADA.

This action aligns with the District's Strategic Plan Pillar 4, Operational Effectiveness. The analysis supports informed decision-making, improved service delivery, and compliance with policy and operational standards. The service addresses the multiple strategic priorities identified by the District, including Operational Efficiency, Equity and Compliance, and Data-Driven Decision-Making. Evaluating staffing patterns allows for optimized resource use and ensures personnel are effectively deployed in support of District objectives, improving

ATTACHMENT A

**APPROVAL OF PROCUREMENT CONTRACTS:
RATIFICATION OF DELEGATED AUTHORITY**

operational efficiency and effectiveness. This is especially critical given LAUSD's declining enrollment over the last two decades. Without right-sizing staffing levels, the District risks sustaining inefficiencies amid falling average daily attendance (ADA) figures. A thorough review of staffing allocations helps ensure equitable distribution of resources across schools and departments, which is particularly important as staffing needs may shift due to changing enrollment trends and evolving student demographics across regions of the District. Finally, this analysis will yield actionable insights to support Districtwide planning and accountability efforts. By benchmarking against staffing models in other large California districts, this analysis will help LAUSD understand where it aligns with or deviates from statewide best practices, particularly in areas like student-to-teacher ratios and central office staffing levels.

Requester:

Christopher Mount-Benites, Chief Financial Officer
 Office of the Chief Financial Officer

Equity Impact:

Component	Score	Score Rationale
Recognition	3	The objective of the comparative analysis of staffing patterns is to identify operational inefficiencies and inequities in order to inform future resource allocation decisions.
Resource Prioritization	3	The intent of the study is to produce practical recommendations that align with District strategic and operational needs, especially related to sustaining academic programs and support services amid budget constraints tied to reduced ADA.
Results	3	The recommendations resulting from this analysis will likely result in closed opportunity gaps. A thorough review of staffing allocations helps ensure equitable distribution of resources across schools and departments, which is particularly important as staffing needs may shift due to changing enrollment trends and evolving student demographics across regions of the District.

The University of Southern California	C9259	04/07/25 – 12/30/27	Revenue	<\$224,424>

Ratification of a revenue contract to provide high-quality teacher professional development to build teacher capacity in using classroom structures and tools to support effective student discourse of current and contested issues in 8th-12th grade social studies classrooms. This training will bring the facilitator, Street Law's Talking About Local Current and Contested Issues in Schools (TALCCS) program to the District ([TALCCS Resources Toolkit for Administrators](#)).

The TALCCS program aims to develop teachers' capacity to improve students' ability to productively discuss current and contested issues, as well as their attendance, academic outcomes, and civic behaviors. Up to twelve 8th to 12th grade History Social-Science teachers will serve in teacher leader roles. Selected candidates have a demonstrated commitment to the program, experience facilitating student discourse in their own classrooms, and the ability to support instructional practices in their colleagues' classrooms.

During the term of the contract, the teacher leaders will deliver professional development annually to a cohort consisting of approximately 50-75 LAUSD teachers who teach 8th – 12th grade students at standard calendar schools (i.e., not on a 4x4 schedule). Participants will be selected based on their capacity to consistently engage in all scheduled professional development sessions, as well as their willingness and ability to apply and integrate the strategies and concepts presented through the program into their classroom practice. Enrollment for professional development will be available on a first-come, first-serve basis through the District's Learning Management System.

This is a new professional development program for the District. The facilitator, Street Law and contractor, University of Southern California (USC) have a recognized history of supporting student discourse and best educational practices in K-12 classrooms.

ATTACHMENT A

**APPROVAL OF PROCUREMENT CONTRACTS:
RATIFICATION OF DELEGATED AUTHORITY**

This action aligns with the District’s Strategic Plan Pillar 1 High Quality Instruction and Pillar 5 Professional Learning. The program leverages the expertise of Street Law to support teachers in developing structures and using tools to address local, current, and contested topics. The training includes intentionally designed discussion strategies, conflict-resolution skills, and instructional resources to support teacher capacity in fostering student discourse and empower students to engage productively in a democratic society.

Requester:

John Vladovic, Executive Director Division of Instruction

Equity Impact:

Component	Score	Score Rationale
Recognition	3	There are numerous instructional resources that are utilized which serve to inform students about the nuances of historical events and contemporary issues that also provide an understanding of historical inequities.
Resource Prioritization	3	The exploration of contested issues, structured approaches to student deliberation, and thoughtfully selected instructional resources provide students with multiple opportunities to engage with one another—fostering both a deeper understanding of critical topics and the skills necessary to interpret and discuss them effectively.
Results	3	The topics and processes are intentionally designed to spark engagement with local and current issues, aiming to help close opportunity and achievement gaps by building students’ awareness and the skills needed for meaningful, complex civic discourse.

City of Los Angeles	C9222	07/01/24 – 06/15/25	Revenue	<\$100,000>

Ratification of a revenue contract to provide workforce development services for the District's low-income students.

The YouthSource system, established under the Workforce Innovation and Opportunity Act (WIOA), provides a range of services aimed at supporting youth ages 16-24. The system focuses on dropout recovery, engaging out-of-school youth in school or work, improving student retention, and enhancing academic proficiency for low-income youth. The goal is to help eligible youth transition successfully into adulthood through career training, higher education, or employment. YouthSource's mission is achieved through a collaborative support system that integrates co-location of City and LAUSD staff, leveraged resources, and continuous quality improvement. Para Los Ninos (PLN), a YouthSource system agency, partners with Division of Adult and Career Education (DACE) to support the academic success of underserved youth. PLN provides support services, including tutoring, mentoring, work experience, job placement, and case management. Through this revenue agreement, PLN also partially funds two DACE employees who assist PLN participants in achieving educational goals. PLN program participation is based on WIOA eligibility requirements such as income level, area of residence, and cultural barriers. The services provided through this partnership impact 39 current District students, all of whom are enrolled in DACE's secondary program.

This action aligns with the District's Strategic Plan Pillar No. 1- Academic Excellence - The Division of Adult and Career Education's (DACE) goal is to expand opportunities and increase the number of DACE students who complete a career sequence.

Requester:

Renny Neyra, Executive Director
 Division of Adult and Career Education

Ratification of amendment to increase capacity of a revenue contract with the City of Los Angeles, Economic and Workforce Development Department (EWDD) to provide supplemental funding for services aimed at reengaging students and improving educational employment outcomes for youth, delivered through [14 YouthSource Centers and three America's Job Centers of California](#).

This partnership provides on-site support to Workforce Innovation and Opportunity Act staff in identifying potential out-of-school youth participants. It targets students who are experiencing homelessness, are justice involved, and/or in foster care, connecting them to YouthSource Centers (YSC), American Job Centers of California (AJCC), and/or LAUSD services when available. This program is subject to annual renewal by the City of Los Angeles. Additionally, this partnership includes a full time PSA Counselor to support training efforts and coordinate services delivery between education, workforce, and support services offered by different agencies involved in the Los Angeles Performance Partnership Pilot (LAP3). The services provided through this partnership are expected to impact 4,421 students.

Since 2012, this partnership has been dedicated to supporting and addressing the needs of our most vulnerable communities by providing Comprehensive Child Welfare and Attendance services to reintegrate students into various educational, workforce, and vocational training pathways. PSA Counselors focus on assisting students who are at the highest risk of dropping out and facilitate re-engagement of those who have dropped out to bring them back into the education system. This revenue contract provides funding for 50% of the salaries for 14 PSA Counselors co-located in YSCs, three PSA Counselors co-located in County AJCCs, one Lead PSA Counselor, and a Coordinator.

E. PROFESSIONAL SERVICES CONTRACTS AUTHORIZED TO NEGOTIATE AND EXECUTE

Item K

<u>DIVISION OF INSTRUCTION</u>				\$1,484,300
<u>CONTRACTOR</u>	<u>IDENTIFI- CATION NO.</u>	<u>CONTRACT TERM</u>	<u>SOURCE OF FUNDS</u>	<u>AMOUNT</u>
Amplify Education, Inc.	C9258	07/01/25 – 06/30/26	General Funds (52%) Reading Difficulties Risk Screener (RDRS) Grant (48%)	\$1,484,300

Ratification of a single source contract for the purchase of Amplify Education’s mCLASS with DIBELS 8 and mCLASS Lectura reading difficulties risk screening (RDRS) instrument licenses for kindergarten through second grade students, and professional development on administering the screening instrument. Professional development for RDRS instrument will be provided to K-2nd grade teachers (in/out of classroom) and administrators. On May 13, 2025, the Board authorized staff to negotiate and execute this contract (Board Report No. [291-24/25](#)).

In 2023, the California State Legislature recognized the importance of early screening for reading difficulties and passed legislation that directed the State Board of Education (SBE) to develop a list of approved reading difficulties risk screening instruments. Per E.C. 53008(a), RDRS is one of many tools that educators can use to gain information about how to support their students' learning. Screening is considered a part of a school’s comprehensive instructional strategy and is to be used by educators as formative and summative assessments to inform individualized instruction, measure a pupil’s progress, identify pupil learning needs, and enable parents and educators to discuss pupil needs in a more informed way. Early identification and intervention

ATTACHMENT A

**APPROVAL OF PROCUREMENT CONTRACTS:
RATIFICATION OF DELEGATED AUTHORITY**

with evidence-based early literacy instructional strategies and materials improves literacy outcomes for pupils at risk of, and with, reading difficulties, including dyslexia. As a result of the new legislation, Local Education Agencies (LEA) are required to adopt an approved screener and begin universal screening of kindergarten through grade 2 students by June 30, 2025. Amplify Education, Inc. is one of four approved vendors by SBE that provides the approved reading difficulties risk screening instruments: mCLASS with DIBELS Edition 8 and mCLASS Lectura.

Amplify Education, Inc. has been doing business with the District since 2013.

This action aligns with the District's Strategic Plan Pillar 1 - Academic Excellence: implementing the RDRS in LAUSD ensures that all kindergarten through second-grade students, regardless of background or status, have access to early identification and intervention for reading difficulties. Pillar 4 - Operational Effectiveness: screening, regular progress monitoring, and data analysis will drive decisions and ensure that best practices are implemented to meet the needs and close opportunity gaps for students.

Requester:

Maricela Sanchez Robles, Executive Director
 Division of Instruction

Equity Impact:

Component	Score	Score Rationale
Recognition	4	The RDRS actively recognizes and addresses inequities in education by assessing all students, including English Learners, students with disabilities, socio-economically disadvantaged students, and homeless and foster youth.
Resource Prioritization	4	Resources are prioritized in kindergarten to second grade for students identified by the RDRS as having reading difficulties.
Results	4	The RDRS helps close opportunity gaps by providing equitable access to instructional support, resources, and interventions for historically underserved students.

<u>ACCOUNTING AND DISBURSEMENTS DIVISION</u>				<u>\$950,000</u>
<u>CONTRACTOR</u>	<u>IDENTIFI- CATION NO.</u>	<u>CONTRACT TERM</u>	<u>SOURCE OF FUNDS</u>	<u>AMOUNT</u>
Los Angeles County Office of Education (LACOE)	C9495	07/01/25 – 06/30/30	General Funds (100%)	\$950,000

Approval of a sole-source contract for annual maintenance charges for the Business Enhancement System Transformation (BEST) Advantage Financial System, provided by the Los Angeles County Office of Education (LACOE).

As the fiscal oversight body for school districts, LACOE is legally required to review and examine the District's financial records, interim reports, budget, unaudited actuals, and annual audits. In fulfilling these responsibilities, LACOE reviews the District's disbursements and manages daily cash and investment balances through the BEST system interface. Additionally, LACOE monitors the District's compliance with the Standardized Account Code Structure (SACS) as mandated by the California Department of Education. The BEST Advantage System, is provided by LACOE, and use by all Local Education Agencies (LEAs) in the County of Los Angeles is mandated.

On November 19, 2024, the Board of Education ratified a one-year contract with LACOE for the same services, with a term beginning on July 1, 2024 and ending on June 30, 2025 ([Board Report No. 078-24/25](#)). Since then, LACOE has updated their processes to support a five-year contract term for this mandated system.

This action aligns with the District's Strategic Plan Pillar 4: Operational Effectiveness by integrating Payroll, Business Intelligence, Financials, Budget Development, and Human Resources. This integration enables users to enter data accurately, timely, and in a usable format. Additionally, the system allows the data to be downloaded to Excel, eliminating the need to wait for LACOE to generate and send reports.

Item N**HUMAN RESOURCES DIVISION****\$600,000**

<u>CONTRACTOR</u>	<u>IDENTIFI- CATION NO.</u>	<u>CONTRACT TERM</u>	<u>SOURCE OF FUNDS</u>	<u>AMOUNT</u>
Teach for America, Inc.	C9444	07/01/25 – 06/30/30	General Funds (100%)	\$600,000

Approval of a single source contract to recruit and retain annual cohorts of 40 new teacher candidates in hard-to-staff subject fields as identified by the District. This enables the District to support teacher cohorts in their first two years through credentialing coursework, individualized mentorship, and targeted support designed to retain them in their roles as teachers of record beyond their initial two-year commitment to Teach for America (TFA).

The District has been partnering with TFA for over 20 years to provide recruitment and support services. This partnership is both longstanding and incredibly productive. This contract could not be competitively bid because there were no comparable vendors who provide the same level of service. The contract with TFA supplements the District's robust teacher recruitment efforts (representing less than 5% of overall recruitment). Approving this contract action means providing placement of well-prepared and well-supported teachers over the next five years to teach in high-needs schools.

Program participants are required to stay with the District for two years. There are 45 TFA teachers (18 in year 1 and 27 in year 2) currently teaching at 40 District schools, including 27 Priority Schools. Their content areas include, but are not limited to secondary math, science, English, Special Education, and multiple subjects at the elementary school level

This action aligns with the District's Strategic Plan Pillar 1: Academic Excellence and Pillar 5: Investing in Staff by providing diverse, qualified, and well-supported teachers who can provide high-quality instruction and world-class academic experiences for our students.

ATTACHMENT B

**REQUEST FOR APPROVAL OF PROCUREMENT CONTRACTS
NOT UNDER DELEGATED AUTHORITY**

Requester:

Francisco J. Serrato, Ed.D, Chief Human Resource Officer
 Human Resources Division

Equity Impact:

Component	Score	Score Rationale
Recognition	3	Teach For America seeks to recruit teachers into the Corps that reflect the diversity of the students they serve. TFA's incoming 2025 cohort (n=183 for all partners) includes 66 LAUSD graduates (36%), and 139 are candidates of color (72%)
Resource Prioritization	4	Corps Members are required to serve high needs populations. Corps Members must serve in schools where at least 80% of students are eligible for free/reduced price lunch. TFA Corps members are currently serving in 27 different Priority Schools.
Results	3	TFA Corps Members receive substantial support from TFA (individualized PD and mentorship provided) and are therefore more likely to positively impact student achievement than a provisionally certified, or substitute teacher.

**REQUEST FOR APPROVAL OF PROCUREMENT CONTRACTS
NOT UNDER DELEGATED AUTHORITY**

Authorization to increase capacity of formally competed bench of 56 master services agreements by \$36,000,000, to support work orders through the remainder of the calendar year for consolidated IT services. These master services agreements have been utilized to modernize District applications such as the Parent Portal, Principals' Portal, iFieldTrip, and eLibrary, and to implement school network system upgrades (not originally contemplated). The capacity increase will enable the District to retain current and onboard new resources to support various initiatives, including enterprise reporting and enterprise resource planning (e.g. Ariba, Whole Child, Focus Reporting, and Parent Portal), and network infrastructure projects. The authority to increase or decrease the amounts of these contracts will be limited to the updated aggregate value of \$204,000,000.

Initial Contract Value: \$16,000,000 (Board Report [142-20/21](#))

1st authorized increase: \$152,000,000 (Board Report [071-21/22](#))

*2nd authorized increase: \$36,000,000

Aggregate Contract Value For Fifty-Six (56) Contracts: \$204,000,000

Requester:

Soheil Katal, Chief Information Officer
Information Technology Services

Equity Impact:

Component	Score	Score Rationale
Recognition	2	These contracts vaguely recognize historical inequities. The Consolidated Master Services Agreements/Bench (MSAs) is utilized to acquire highly specialized skillsets and services to support significant IT initiatives, including, but not limited to, the development of applications and dashboards for the Whole Child and Black Student Achievement Program (BSAP).
Resource Prioritization	2	These contracts somewhat prioritize resources based on student need. The resources acquired through the MSAs will contribute to the development and enhancement of school applications and dashboards, including Beyond the Bell, MiSiS, Welligent, and Schoology.
Results	2	The MSAs will facilitate the acquisition of resources with specialized IT expertise to support the development and optimization of applications and dashboards aimed at enhancing student learning, which may result in closed opportunity gaps and/or closing achieving gaps.

[Fifteen \(15\) firms](#) were selected for award recommendation. Nine have done business with the District, and six are new vendors. These vendors have delivered similar services to various public-school districts, including but not limited to Chicago Public Schools, Fairfax County Public Schools, and Miami-Dade County Public Schools, as well as other educational institutions.

The proposed services align with the District's Strategic Plan Pillar No. 4 – Operational Effectiveness. Pillar 4B – Modernizing Infrastructure by improving technology, network and communications infrastructure in all schools as well as ensuring we meet safety and accessibility standards and make necessary upgrades in all classrooms and workspaces.

Requester:

Soheil Katal, Chief Information Officer
 Information Technology Services

Equity Impact:

Component	Score	Score Rationale
Recognition	1	Does not recognize historical inequities. The proposed action will provide the necessary Cybersecurity Software solutions to support business and instructional purposes.
Resource Prioritization	1	Does not prioritize resources based on student need. The need for the Cybersecurity Software Solutions acquisition will consider multiple factors such as the District's rapidly growing dependence on technology and information systems, escalation of Cybersecurity threats, compliance regulation, protection of sensitive data, business continuity, etc.
Results	1	Unlikely to result in closed opportunity gaps and/or closing achievement gaps. The proposed action ensures the District has a reliable and economical source of IT software. These contracts will provide an efficient, expeditious, and cost-effective means of procuring software and related services.

Los Angeles County Office of Education (LACOE)	C9469	07/01/25 – 06/30/28	General Funds (100%)	\$360,000

Approval of a sole source contract with the Los Angeles County Office of Education (LACOE) to pay administrative costs required by the California Department of Health Care Services (DHCS) for processing invoices and reviewing LAUSD's School Medi-Cal Administrative Activities (SMAA) program. In accordance with [California Welfare and Institutions Code](#), LACOE is the agency responsible for the administration of the SMAA claims on behalf of the DHCS. LACOE collects fees from the District to cover their obligation to DHCS for oversight of the District's program. The fees are collected via a front funding source where the Medi-Cal reimbursements are deducted by LACOE prior to the reimbursement being sent to LAUSD. This contract action covers the District's participation in the SMAA program during fiscal years 2025-2028.

LACOE is the largest regional education agency in the country. It provides a range of services and programs to support Los Angeles County's 80 school districts and functions as a crucial link between the representative school districts and the California Department of Education.

This contract is aligned with Strategic Plan pillar 2B: Joy and Wellness by promoting whole-child well-being through integrated health, nutrition, and wellness services. Attending to the well-being of the whole child lays a solid foundation for learning and development.

Item S**RISK MANAGEMENT AND INSURANCE SERVICES****\$5,000,000**

<u>CONTRACTOR</u>	<u>IDENTIFI- CATION NO.</u>	<u>CONTRACT TERM</u>	<u>SOURCE OF FUNDS</u>	<u>AMOUNT</u>
Alliant Insurance Services; Gallagher Risk Management Services; Marsh USA	C9315 C9316 C9317 (RFP 2000003942)	07/01/25 – 06/30/30 includes two (2) one-year renewal options	Liability Self- Insurance Fund (100%)	\$5,000,000

Approval of formally competed bench of three (3) contracts, procured through a Request for Proposals (RFP) process, to provide insurance brokerage services that are essential for obtaining coverage in the commercial marketplace. Licensed professionals are authorized to transact business globally to secure coverage from carriers offering various lines of risk, such as liability, property, and workers' compensation. It is a priority of the District to implement sustainable budgeting practices to ensure appropriate allocation of funds and services. The services provided by these vendors are crucial to maintaining required insurance coverages, and will help transition toward a value-based, multi-year budget and investment plans. This approach will better direct funds to support student outcomes, resulting in more efficient and equitable distribution of school and District budgets. Ultimately, the District will benefit from lower costs, greater control over coverage and claims, and more efficient and effective management of its unique risk management needs. The authorization to increase or decrease the amounts of these contracts will be limited to aggregate value of \$5,000,000.

Five proposals were received, and all were deemed qualified. The source selection committee was composed of four executive staff members, and an outside consultant with the Risk Management Department, the Office of General Counsel, and Business Operations. The proposals were evaluated based on the experience and qualifications of the firm and proposed personnel; work plan/project approach; price; Work-Based Learning Partnership (WBLP) plan; and Small Business Enterprise (SBE) participation. The vendors selected for the bench were the highest-scoring proposers.

ATTACHMENT B

**REQUEST FOR APPROVAL OF PROCUREMENT CONTRACTS
NOT UNDER DELEGATED AUTHORITY**

This action aligns with the District's Strategic Plan Pillar 4 – Operational Effectiveness by prioritizing sustainable budgeting practices that support the development and implementation of annual zero-based budgeting. The selected vendors will help the District obtain and manage all necessary insurance coverages across the entire District.

Alliant served as the District's insurance broker for 20 years. Gallagher has over 100 years of experience working with governmental and public entities, and Marsh, the largest brokerage firm globally, has over 100 years of experience, including serving the University of California system.

Requesters:

Sung Yon Lee, Deputy Chief Business Officer
Office of the Deputy Chief Business Officer

Melissa D. Hollingsworth, Deputy Chief Risk Officer
Risk Management Department

Equity Impact:

Component	Score	Score Rationale
Recognition	2	The Insurance Brokerage Services contract bench, while not actively recognizing historical inequities, seeks to decrease costs by managing exposures by providing excess coverage for a variety of risks thereby avoiding additional burdens on the General Fund.
Resource Prioritization	2	The Insurance Brokerage Services contract bench is designed to assist with managing the District's significant financial liability obligations which will ultimately further support student needs.
Results	2	The Insurance Brokerage Services will likely result in closed opportunity gaps by managing programs to help ensure the District continues to provide essential services and opportunities.

**B. APPROVAL OF PROFESSIONAL SERVICE REVENUE/ GRANT CONTRACTS/
AMENDMENTS/ AUTHORIZATION TO INCREASE CONTRACT CAPACITY
EXCEEDING <\$500,000>**

Item T**MEDICAL SERVICES DIVISION**

<\$3,718,994>

<u>CONTRACTOR</u>	<u>IDENTIFI- CATION NO.</u>	<u>CONTRACT TERM</u>	<u>SOURCE OF FUNDS</u>	<u>AMOUNT</u>
Los Angeles County Office of Education (LACOE)	C9346	05/01/25 – 06/30/27	Revenue	<\$3,718,994>

Approval of a revenue contract to build capacity infrastructure for reimbursable mental health services. Funds will support costs associated with building an infrastructure for the Children and Youth Behavioral Health Initiative Fee Schedule project within LAUSD. Funding obtained through this agreement will pay for the electronic health records system, staff positions, and professional development training for staff to ensure all reimbursable services are tracked and reported, and that the District is capitalizing on critical health services delivered to students through school-based and clinic providers.

The District was selected as one of the first 47 Local Education Agencies (LEA) approved by the Department of Health Care Services for meeting the readiness review requirements. This review assessed factors such as: Medi-Cal enrollment, service delivery infrastructure and capacity building, data collection and documentation, and billing infrastructure. Approval enabled the District to participate in the statewide, multi-payer school-linked fee schedule (Fee Schedule) and provider network for school-based behavioral health counselors. The Fee Schedule establishes a standardized set of behavioral health services and reimbursement rates that Medi-Cal and commercial plans must pay to LEAs. Attaining fee schedule readiness ensures that one-time funds are leveraged to support long-term sustainability.

LACOE is the oversight agency of all Local Education Agencies (LEAs) in the County of Los Angeles.

This action aligns with Pillar: 2 – Joy and Wellness - Priority: 2B - Whole-Child Well-Being enabling us to expand our delivery of services that address the whole child.

ATTACHMENT B

**REQUEST FOR APPROVAL OF PROCUREMENT CONTRACTS
NOT UNDER DELEGATED AUTHORITY**

Comprehensively promoting the social, emotional, and physical health and well-being of every child allows them to thrive in school and in life. By investing in the infrastructure needed to claim reimbursement on qualifying services, we will be able to provide all services needed through our school-based networks, clinics, and partnerships, ensuring every child has everything they need, while minimizing encroachment on educational dollars. This creates a win-win situation for Los Angeles Unified by ensuring resources are available to deliver a comprehensive school experience for every student, meeting their academic and non-academic needs.

Requester:

Dr. Smita Malhotra, Chief Medical Director
 Medical Services Division

Equity Impact:

Component	Score	Score Rationale
Recognition	3	The contract is funded by LACOE with funds from the State for building capacity infrastructure to facilitate service delivery to students from populations that have historically been unrepresented.
Resource Prioritization	3	The contract will offset costs historically covered by the District, thus releasing funds to ensure prioritization of service for students based on need.
Results	3	This contract will fund infrastructure development of mental health reimbursable services delivered to students, providing equitable distribution of resources to ensure all students are healthy and ready to learn, thus reducing achievement gaps.

AMENDMENTS/AUTHORIZATION TO INCREASE CONTRACT CAPACITY
EXCEEDING \$250,000**

Authority to award contracts for furnishing equipment, supplies, and general services. The total amount listed is a not-to-exceed contract authority and is based on an estimate since the expenditures made against contracts are based upon purchased and/or approved invoices.

Item U**FACILITIES SERVICES DIVISION****\$400,000**

<u>CONTRACTOR</u>	<u>IDENTIFI- CATION NO.</u>	<u>CONTRACT TERM</u>	<u>SOURCE OF FUNDS</u>	<u>AMOUNT</u>
The Crane Guys, LLC	C9326 (IFB 2000003947)	06/15/25 – 06/14/30 includes two (2) one-year renewal options	Restricted Routine Maintenance Funds (80%) Bond Funds (20%)	\$400,000

Approval of a formally competed contract procured through an Invitation for Bid (IFB) process, to provide crane services to support projects such as rooftop Heating Ventilation and Air Conditioning (HVAC) replacement and wall-mounted marquee installation.

Four bids were received for this solicitation and all were deemed qualified. The Crane Guys, LLC was the lowest, responsive, and responsible bidder. This is the contractor's first contract directly with the District; however, they have provided crane services on various District projects as a subcontractor.

This action aligns with the District's Strategic Plan Pillar 2, Joy and Wellness and Pillar 4, Operational Effectiveness by maintaining safe and healthy environments and providing state-of-the art facilities.

Item V

FOOD SERVICES DIVISION \$15,000,000

<u>CONTRACTOR</u>	<u>IDENTIFI- CATION NO.</u>	<u>CONTRACT TERM</u>	<u>SOURCE OF FUNDS</u>	<u>AMOUNT</u>
Ag Link, Inc. (SBE); Aziz Farms, Inc. (SBE); Dickinson Family Farms, Inc.; Fiery Ginger Farm, LLC, dba Spork Food Hub (SBE); Gold Star Foods, Inc.	C44342 C44345 C44347 C44349 C44351 (RFP 2000003640)	07/01/25 – 06/30/30 includes two (2) one-year renewal options	Cafeteria Funds (100%)	\$15,000,000

Approval of five (5) formally competed contracts procured through a Request for Proposals (RFP) process, for farm to school fresh produce and miscellaneous food products for the District's faculty and student meal programs Districtwide. The authority to increase or decrease individual amounts for these contracts will be limited to the aggregate value of \$15,000,000.

The Food Services Division (FSD) successfully launched a pilot program introducing fresh, local-sourced fruits and vegetables through the Farm to School initiative, utilizing grant funds awarded specifically for this purpose. Three of the five vendors awarded under this procurement were among the vendors that participated in the pilot, leading to its success by delivering high quality produce directly from local farms to our schools.

ATTACHMENT B

**REQUEST FOR APPROVAL OF PROCUREMENT CONTRACTS
NOT UNDER DELEGATED AUTHORITY**

Board approval of these contracts is critical to continuing this effort. Without approval, FSD will not be able to provide these fresh and local-sourced products, and they will no longer be available on school menus. This would significantly limit the variety and nutritional quality of produce offered to students.

The FSD remains committed to enhancing the student dining experience by incorporating fresh fruits and vegetables into daily meals, encouraging healthy eating habits, and supporting lifelong wellness. Continued success with farm-fresh produce not only supports student health and nutrition but also offers valuable exposure to fresh food that many students may not otherwise experience.

Eighteen proposals were received, and eight proposals were deemed qualified. The source selection committee was comprised of five FSD staff members. The proposals were evaluated based on the following criteria: price; Good Food Purchasing Plan/Social & Environmental Responsibility; product, quality and formulation; experience and financial responsibility; customer service/ satisfaction and responsiveness; delivery implementation plan; safety plan; Work-Based Learning Partnership (WBLP) plan; and Small Business Enterprise (SBE) participation. The five vendors recommended for award received the highest scores across the evaluation criteria.

Aziz Farms has been doing business with the District since 2023. Dickinson Family Farms and Fiery Ginger have been doing business with the District since 2024. Gold Star Foods has been doing business with the District for over 30 years. Ag Link is a new vendor with the District.

This action aligns with the District's Strategic Plan Pillar 2B – Whole-Child Well-Being Joy and Wellness. Providing fresh produce and miscellaneous food items through farm-to-school programs and student taste testing has enhanced the nutritional quality of school meals, offering healthier, fresher, and more appealing options. Expanding access to locally produced fresh foods ensures all students have equitable access to high-quality, nutritious meals.

Requester:

Manish Singh, Director of Food Services
 Food Services Division

Equity Impact:

Component	Score	Score Rationale

Item X**INFORMATION TECHNOLOGY SERVICES (CONT.)**

<u>CONTRACTOR</u>	<u>IDENTIFI- CATION NO.</u>	<u>CONTRACT TERM</u>	<u>SOURCE OF FUNDS</u>	<u>AMOUNT</u>
CDW Government LLC	C9314 (IFB 2000004000)	07/01/25 – 06/30/30 includes four (4) one-year renewal options	General Funds (100%)	\$1,710,000

Approval of a formally competed contract procured through an Invitation for Bid (IFB) process, to provide a Districtwide content filtering solution for approximately 365,000 District-issued Chromebooks. The GoGuardian content filtering solution, provided by CDW Government LLC, is essential for ensuring compliance with the Children’s Internet Protection Act (CIPA) and supports District-wide efforts to promote safe, responsible, and effective technology use in the classroom.

Three bids were received for this solicitation, and one was deemed qualified. The evaluation committee was comprised of staff from Information Technology Services. CDW Government LLC (CDW-G) was the lowest, responsive, and responsible bidder.

CDW-G has been doing business with the District since 2013. Examples of other clients are Clark County School District and the New York City Department of Education. CDW-G has extensive experience partnering with K–12 school districts to enhance technological infrastructure and improve educational outcomes.

This action aligns with the District’s Strategic Plan Pillar 4: Operational Effectiveness. Under Priority 4B – Modernizing Infrastructure, it states it is a priority to modernize facilities and technological infrastructure. Content filtering allows blocking of all sites or pages deemed inappropriate by the District.

Item Z

TRANSPORTATION SERVICES BRANCH \$70,765,000

<u>CONTRACTOR</u>	<u>IDENTIFI- CATION NO.</u>	<u>CONTRACT TERM</u>	<u>SOURCE OF FUNDS</u>	<u>AMOUNT</u>
Cal/AMP, dba Synovia LLC	C9329	07/19/25 – 07/18/27 includes a one-year renewal option	General Funds (100%)	\$765,000

Approval of a single-source contract for Global Positioning System (GPS) services. The contract will provide real-time student busing location tracking services for the Transportation Services Branch.

Global Positioning System (GPS) services play a critical role in the daily operations of the Transportation Services Branch (TSB). GPS services are essential to providing TSB with the ability to ensure student safety by monitoring a vehicle's real-time location tracking, speed, and stops. In case of emergencies, real-time tracking assists with quick response times. TSB can also analyze historical driving patterns as deemed appropriate and necessary, such as when investigating traffic accidents and other related incidents.

The vendor is being selected as a single-source procurement because they are the District's current GPS service provider. The vendor will perform interim services until the incoming GPS vendor ([Zum Services, Inc., Board Report No. 268-23/24](#)) can complete their hardware installation and software implementation process, which is estimated to be completed by December 2026.

Cal/Amp has been doing business with the District since 2023, Cal/Amp's client portfolio includes organizations such as Orange County Public Schools, Cobb County School District, United Parcel Service (UPS), and Federal Express (FedEx).

INFORMATION TECHNOLOGY SERVICES **\$56,000,000**

<u>CONTRACTOR</u>	<u>IDENTIFI- CATION NO.</u>	<u>CONTRACT TERM</u>	<u>SOURCE OF FUNDS</u>	<u>AMOUNT</u>
AT&T Corp.	C9321 CALNET (C4-DNCS- 19-001-40 & C4-LEG-12- 10-TS-01)	07/01/25 – 06/30/29 coterminous with exercisable option years of the piggyback contracts, and subject to the exercise thereof	General Funds (100%)	\$29,000,000

Authorization to execute a piggyback contract through the California Department of Technology Master Contracts (C4-DNCS-19-001-40 & C4-LEG-12-10-TS-01) to enable the District to continue to provide telecommunications services such as legacy voice and data services for phone lines, long distance calling, toll-free calling, etc. for all schools and offices.

The vendor is a current LAUSD contracted vendor for telecommunications equipment and related services and has been doing business with LAUSD since 2014. Other entities AT&T Corp. has provided equipment to are the Department of Homeland Security and Federal Emergency Management Agency (FEMA).

This action aligns with the District's Strategic Plan Pillar No. 4 – Operational Effectiveness, specifically Priority 4C – Sustainable Budgeting: Sustainably, equitably, and efficiently implement school and District budgets. The proposed action would enable the district to maintain access to competitive pricing for essential telecommunications services, including those required for crisis communications involving students, both on a day-to-day basis and in emergency situations.

Equity Impact:

Component	Score	Score Rationale
Recognition	1	The services provided do not recognize historical inequities. Telecom services are provided district wide.
Resource Prioritization	1	The services provided do not recognize historical inequities. Telecom services are provided district wide.
Results	2	The services provided may result in closed opportunity gaps and/or closing achievement gaps. Vendor provides reliable telecom services to allow schools and offices to focus on instructional and business operations.
TOTAL	4	

ATTACHMENT B

**REQUEST FOR APPROVAL OF PROCUREMENT CONTRACTS
NOT UNDER DELEGATED AUTHORITY**

D. APPROVAL OF PIGGYBACK GOODS AND GENERAL SERVICES CONTRACTS

Authorize the utilization of a piggyback contract in effect. The proposed action complies with the Public Contract Code Sections 10299 and 20118, which allows school districts to utilize other governmental agencies' established contracts.

Item DD**INFORMATION TECHNOLOGY SERVICES (CONT.)**

<u>CONTRACTOR</u>	<u>IDENTIFI- CATION NO.</u>	<u>CONTRACT TERM</u>	<u>SOURCE OF FUNDS</u>	<u>AMOUNT</u>
Amazon Web Services (AWS)	C9322 OMNIA (RH-22-026)	07/01/25 – 06/30/30 Coterminous with exercisable option years of the piggyback contracts, and subject to the exercise thereof	General Funds (100%)	\$27,000,000

Authorization to execute a piggyback contract through OMNIA Partners and AWS (RH-22-026) for cloud hosting services to enable the District to rapidly migrate and deploy applications to the cloud to enhance the security of our digital assets, provide a more resilient infrastructure and improve overall performance. The contract capacity reflects the anticipated usage over a three-year period. Staff will assess the utilization, remaining capacity, if any, and continued need for these services prior to July 2028. If the evaluation indicates additional capacity is needed, an increase in contract capacity will be presented to the Board.

The vendor is a current LAUSD contracted vendor for telecommunications equipment and related services and has been doing business with LAUSD since 2013. Other entities AWS has provided service to are Huntington Beach High School District and Riverside Unified School District.

This action aligns with the District's Strategic Plan Pillar No. 4 - "Operational Effectiveness". Under priority #4B - "Modernizing Infrastructure," it states it is a priority to "Modernize facilities and technological infrastructure. Cloud computing provides scalability, flexibility, and cost-efficiency, which would allow the District to rapidly migrate and deploy its applications utilizing these capabilities. Cloud-based services drive innovation, offer enhanced security, and increase operational efficiency within ITS, all while reducing capital expenditure.

Board of Education Report

File #: Rep-288-24/25, **Version:** 1
In Control: Facilities Contract Actions

Agenda Date: 6/3/2025

Approval of Facilities Contracts Actions Procurement Services Division - Facilities Contracts

Brief Description:

(Approval of Facilities Contract Actions) Recommends the ratification of the Procurement Services Division contract actions taken by Facilities Contracts under delegated authority as listed in Attachment “A” including award of advertised construction contracts; award of job order contract amendment; approval of change orders; completion of contracts; award of informal contracts; award of architectural and engineering contracts; award of professional services contract; extra services/amendments for architectural and engineering contracts; emergency contracts/purchase orders; and approved proposed contracts listed in Attachment B including film permit management services contract; grant writing services contracts; solar photovoltaic systems contracts; closeout and savings audit services contract; Alternative Design-Build contract at East Los Angeles Occupational Center and Comprehensive Modernization Project contract at Hamilton High School.

Action Proposed:

Ratify the Procurement Services Division (PSD) contract actions taken by Facilities Contracts under delegated authority as listed in Attachment “A” including: award of advertised construction contracts; award of job order contract amendments; approval of change orders; completion of contracts; award of informal contracts; award of architectural and engineering contracts; award of professional services amendment; extra services/amendments for architectural and engineering contracts and approve the proposed contract listed in Attachment B including roofing and waterproofing task order contracts and geotechnical engineering services task order contracts.

Background:

Facilities Contracts staff prepares monthly reports for contract actions necessary for the execution of projects approved by the Board and contained in the FSD Strategic Execution Plan (SEP), and for the maintenance and operation of District facilities in accordance with District policies and Board-delegated authority. As described in the November 12, 2013, Board Report #048-13/14 Informative, detailed information is provided on the Facilities Services website.

Expected Outcomes:

Approval of these items will allow services provided by these contracts to proceed in support of FSD projects, District policies and goals, and the Board-approved FSD-SEP.

Board Options and Consequences:

The Board can approve all actions presented or postpone selected actions pending receipt of additional information. Non-ratification of actions awarded under delegated authority in Attachment “A” will result in the immediate discontinuance of services. While non-ratification may be legally defensible, it will likely result in costly litigation over discontinued payments or if the District attempts to reclaim payments made to a vendor. District costs will likely increase as fewer contractors compete for future procurements.

File #: Rep-288-24/25, **Version:** 1
In Control: Facilities Contract Actions

Agenda Date: 6/3/2025

Policy Implications:

This action does not change District policy and conforms to California Education Code section 17604 that permits the Board of Education to delegate authority for Facilities Contracts (Board Report #444-17/18), which the Board exercised on May 8, 2018.

Budget Impact:

The contract actions presented are within the budget authority previously approved by the Board. Unless indicated otherwise, all contract actions are Bond funded.

Student Impact:

The contract actions will help ensure that the students are provided with safe and healthy environments, and up-to-date facilities that promote learning.

Equity Impact:

Not Applicable.

Issues and Analysis:

There are no policy implications on these agreements.

ACCESSIBILITY ENHANCEMENT PROJECT/OUTDOOR CLASSROOM AND
CAMPUS UPGRADE BUNDLE**

Item C				\$7,248,000
<u>CONTRACTOR</u>	<u>IDENTIFI- CATION NO.</u>	<u>DESCRIPTION</u>	<u>CONTRACT TERM</u>	<u>AMOUNT</u>
Pars Arvin Construction, Inc. (SBE)	C9173	<u>Chatsworth Park Urban Planning Magnet ES Accessibility Enhancement Project</u> Board Member: <u>Scott M. Schmerelson</u>	04/01/25 – Completion	\$2,919,000
	C9174	<u>San Fernando EEC Outdoor Classroom and Campus Upgrades</u> Board Member: <u>Kelly Gonez</u>		\$4,329,000

Ratification of two (2) formally competed best value contracts selected from five (5) bids received to deliver an accessibility enhancement project at Chatsworth Park Urban Planning Magnet ES and an outdoor classroom and campus upgrades project at San Fernando EEC as authorized on August 30, 2022 ([Board Report No. 007-22/23](#)) and April 5, 2022 ([Board Report No. 265-21/22](#)).

The Chatsworth Park Urban Planning Magnet ES project upgrades facilities on site to comply with the Americans with Disabilities Act (ADA) and improve program accessibility. Scope includes door hardware, thresholds, accessible paths of travel, signage, restrooms, restroom accessories, a drinking fountain, accessible furniture, an assembly seat, railings, a parking area, and a new stage lift.

The San Fernando EEC project will provide an outdoor classroom with at least 10 learning stations, and will also provide new HVAC units, and necessary upgrades to the fire alarm system, including ADA accessibility upgrades as needed.

These services support operational effectiveness and the modernization of infrastructure (Pillar 4 of the Strategic Plan).

The contractor has worked with the District since 2003.

AWARD OF PROFESSIONAL SERVICES CONTRACT

Item L

<u>CONTRACTOR</u>	<u>IDENTIFI- CATION NO.</u>	<u>DESCRIPTION</u>	<u>CONTRACT TERM</u>	<u>AMOUNT</u>
Colbi Technologies, Inc.	C8584	Prequalification Management Program	04/01/25- 03/31/30 includes three (3) one- year renewal options	\$155,000 Bond Funds (100%)

Ratification of a professional services contract selected through an Informal Request for Proposals (IRFP) process conducted by the Procurement Services Division (PSD), to provide a Prequalification Management Program. PSD will use the platform to manage the application process for approximately 400 contractors and their annual prequalification process, with the expectation of shorter processing times and with the goal of increasing contractor participation in the bidding process. PSD currently uses Adobe-fillable and web-based applications accessed via the Facilities website for contractors to complete and submit questionnaires and manages the prequalification process through the use of checklists in Excel spreadsheets and tracking of contractor status in Access Databases. The process is antiquated and time-consuming for staff. PSD wants to evolve its prequalification process and ensure the District's continued compliance with Public Contract Codes 20111.5, 20111.6 and 20919.24.

Five proposals were received and five were deemed qualified. The evaluation committee was comprised of staff from ITS and Procurement. The proposals were evaluated according to the following criteria: qualifications and experience of firm and personnel; program or product approach; interview and demo; Small Business Enterprise (SBE) participation; and price.

These services support operational effectiveness and the modernization of infrastructure (Pillar 4 of the Strategic Plan).

The contractor is new to the District.

Ratification of twenty-one (21) formally competed energy services contracts procured via RFP R-22022 and R-23031 to provide solar photovoltaic systems (PV) at selected school sites as authorized on February 11, 2025 ([Board Report No. 166-24/25](#)).

The installation of PV systems to generate electricity from solar power offers the District the opportunity to significantly offset its energy costs over the long term and to help further its goals for environmental stewardship and clean energy. The school sites were selected based on high

ATTACHMENT A**RATIFICATION OF CONTRACTS AWARDED UNDER DELEGATED AUTHORITY**

energy use within the geographic areas of two utility providers, Los Angeles Department of Water and Power (LADWP) and Southern California Edison (SCE). Other factors considered were sites that had been identified for future roof replacement, and sites with newly installed roofs to avoid roof warranty issues and minimize roof penetrations that could cause water leakage. In addition to the PV systems, 13 of these PV Projects will also include the installation of Level 2 electric vehicle (EV) charging stations and/or conduit for future charging stations. The school sites are located across all seven Board Districts and Regions within Los Angeles Unified

These services support operational effectiveness and the modernization of infrastructure (Pillar 4 of the Strategic Plan).

Build Momentum, LLC, dba Momentum	C9153	07/01/25–06/30/30, includes two (2) one- year renewal options	\$2,000,000 Unrestricted Building Funds (85%) Grant Funds (15%)
Engineering Solutions Service, Inc.	C9154		

Authorization to award two (2) formally competed grant writing services contracts in support of the District's Facilities Legislation Grants & Funding, procured via RFP R-25020. The authority to increase or decrease the amounts of these contracts will be limited to the aggregate value of \$2,000,000.

The contract action will provide grant writing services and technical expertise to help the District secure grant funding for the construction and modernization of school facilities. These contracts are needed for circumstances when multiple grant opportunities with similar submittal timelines become available to the District. The grant writing services contractors will be utilized to augment the District's current staffing levels with qualified and experienced grant writers.

The firms bring specialized expertise in securing and managing public-sector funding. They have established relationships with key agencies, including Federal Emergency Management Agency (FEMA)/California Governor's Office of Emergency Services (CalOES), California Department of Forestry and Fire Protection (CALFIRE), the California Natural Resources Agency, the State Water Resources Control Board, the U.S. Environmental Protection Agency (EPA), and the Department of Energy, and are experienced in submitting successful applications to these entities. They are well-versed in complex grant requirements and compliance, and can provide guidance on forming effective partnerships with nonprofit and community-based organizations. Their teams include professionals with technical backgrounds in construction, engineering, public works, and resiliency projects, as well as expertise in public policy and green finance. They excel at identifying emerging funding opportunities, developing impactful project concepts, and crafting compelling, competitive grant proposals.

These firms will utilize their expertise to conduct needs assessments, leverage their relationships with funding agencies to identify funding opportunities, and work with District staff to secure grants. In addition, the firms are skilled in grant management and compliance with the grant

ATTACHMENT B
APPROVAL OF CONTRACTS NOT UNDER DELEGATED AUTHORITY

requirements of federal, state, and local agencies and private organizations. The acquired funding will help provide more students with upgraded, safe, and healthy environments that promote learning. Grants are becoming an increasingly urgent priority for the District, as they provide long-term, sustainable funding that helps the District modernize its facilities and reduce the burden on local funding sources. While the District is already successful in applying for and being awarded grants, its success will be further enhanced by the support of grant writing experts.

These services support operational effectiveness and the modernization of infrastructure (Pillar 4 of the Strategic Plan).

Christy White	C9331	06/04/25–06/30/30, includes two (2) one-year renewal options	\$1,414,940 General and/or Bond Funds as permissible

Authorization to award a formally competed contract procured via RFP R-25034 from three (3) bids received to provide closeout and savings audit services for California School Facility Program (SFP) grant applications.

The contract will support the District's ongoing efforts to audit applications that received funding under the California School Facility Program. There is a backlog and ongoing demand for timely and compliant SFP closeout and savings audits, which are required for project closeout and reporting savings to the State. Additionally, they will ensure the audits are performed in accordance with the SFP Audit Guide and applicable Education Code requirements.

If authorization to enter a contract is not approved, the District will not be able to comply with Education Code 41024 and may be required to repay \$523.4 million in State funds plus interest. Moreover, the District's ability to secure State funding already received for school construction projects will be jeopardized.

These services support operational effectiveness and the modernization of infrastructure (Pillar 4 of the Strategic Plan).

ITEM S

<u>CONTRACTOR</u>	<u>IDENTIFICATION NO.</u>	<u>DESCRIPTION</u>	<u>NOT TO EXCEED AMOUNT</u>
S.J. Amoroso Construction Co., LLC	RFQ R-25023	<u>East Los Angeles Occupational Center</u> Classroom Replacement Project	\$49,715,167 Bond Funds (100%)
		Board Member: <u>Dr. Rocío Rivas</u>	

Authorization to award a formally competed contract from three proposals received, procured via the Alternative Design-Build procurement method (Education Code Sections 17250.60-17250.69), for the Classroom Replacement Project at East Los Angeles Occupational Center (Project). The Classroom Replacement Project will provide safe and updated school facilities that support 21st century teaching and learning for approximately 4,550 adult students. These services support operational effectiveness and the modernization of infrastructure (Pillar 4 of the Strategic Plan).

The proposed contract is consistent with the project definition previously approved by the Board of Education on April 9, 2024 ([Board Report 242-23/24](#)). The contract with S.J. Amoroso Construction Co., LLC, in partnership with the architecture firm HPI Architecture, will provide design, preconstruction services, construction administration, general conditions, overhead and profit for an initial lump sum amount of \$17,569,927.

The remaining work, including construction, will be awarded based on an open book subcontractor bidding process managed by the contractor and approved by the District. The subcontractor awarded bids will be added to the agreement through a Guaranteed Maximum Price (GMP) amendment. If a GMP agreement cannot be reached, the District may terminate the Alternative Design-Build Contract.

The not to exceed amount for the entire scope of the Alternative Design-Build contract is estimated at \$49,715,167, which includes the initial lump sum amount of \$17,569,927. The not to exceed amount was prepared based on the latest available information and assumptions about the project scope, site conditions, and market conditions.

The final agreed upon GMP, including any potential amendment, will be included in a future Facilities Contracts Board Report for ratification.

Ernst & Young US LLP	RFP R-25055	06/04/25-06/03/30	\$6,000,000 General Funds (100%)

Authorization to award a formally competed consulting services contract in support of the District's Asset Management Branch, procured via RFP R-25055. The authority to increase or decrease the amount of this contract will be limited to the aggregate value of \$6,000,000.

The contract action will provide consulting services and technical expertise to help the District secure Disaster Recovery Grants (Federal, State, and other) and insurance reimbursement. To expedite financial recovery and mitigation, a consulting firm's services will be utilized to guide and assist District staff with recovery efforts, including, but not limited to, the reimbursement process for limited to emergency response efforts, debris removal, rebuilding efforts, purchased and used materials, and services. The acquired funding will ensure that students are provided with safe and healthy environments that promote learning. Once reimbursement is received from FEMA and the District's insurance provider(s) the General Fund will be reimbursed.

The consultant firm will ensure full compliance with all applicable laws, regulations, guidelines, and FEMA and California Disaster Assistance Act (CDAA) requirements, and provide guidance to District staff on grant applications, eligibility, project formulation, cost reimbursement, appeals, and FEMA's Validate as You Go ("VAYGo") review process. The consultant is well-versed in procurement regulations, financial reporting, preparing audit documents, and disaster cost recovery strategies to maximize funding.

These services support operational effectiveness and the modernization of infrastructure (Pillar 4 of the Strategic Plan).

Total Access Elevator Corporation	2510153	06/04/25-06/03/30	\$8,652,904 General Funds (100%)

Authorization to award a formally competed best value contract procured from three (3) bids received to provide elevator modernization services supporting established operational and safety protocols for maintaining daily operations at the Beaudry Headquarters Building. Total Access Elevator Corporation will provide for the comprehensive modernization of all elevators at the Beaudry Headquarters Building. The project includes the full upgrade of 15 traction and 2 hydraulic passenger and freight elevators to meet current building, safety, and code standards.

Construction is anticipated to begin in Q2-2025 and be completed by Q4-2027. Modernization will be phased, with one elevator cab from each bank (low-rise, mid-rise, and high-rise) under construction at a time, beginning in December 2025. Cabs will be prioritized based on failure rates to address the most critical units first.

The contract also includes interim preventive maintenance during construction and 24 months of warranty maintenance after the final elevator is completed.

These services support operational effectiveness and the modernization of infrastructure (Pillar 4 of the Strategic Plan).

Approval of Routine Personnel Actions Human Resources Division

Brief Description:

(Approval of Routine Personnel Actions) Recommends approval of 2,332 routine personnel actions (including, but not limited to elections, promotions, transfers, leaves, terminations, separations, permits and contracts).

Action Proposed:

Approve 2,332 routine personnel actions (including, but not limited to elections, promotions, transfers, leaves, terminations, separations, permits and contracts) according to the following breakdown:

Classified: 1,062
Certificated: 1,208
Unclassified: 62

It is proposed that the following routine personnel actions (including, but not limited to elections, promotions, transfers, leaves, terminations, separations, permits and contracts) be approved.

SAP transaction numbers: 3818498 to 3968766

ROUTINE PERSONNEL ACTIONS

	Total (this report) (04/08/2025 to 04/28/2025)	Total (Year-to-date)

REIMBURSEMENT AGREEMENT (ZERO- VALUE CONTRACT)

It is proposed that the following reimbursement agreements be approved for the 2025-2026 school year:

<u>Agency</u>	<u>Agreement Number</u>
United Teachers Los Angeles (UTLA)	HR 25/26-011
Regents of the University of California, UCLA Department of Statistics	HR 25/26-012
California Teachers Association (CTA)	HR 25/26-013
California Federation of Teachers (CFT)	HR 25/26-014
UCLA School of Education and Information Studies- Dean's Office	HR 25/26-015

The requesting agency will reimburse the District for all costs for salary and benefits for the temporary loan of the employee to the agency during the period of the detached service assignment. Organization leaves are provided under the Education Code section 44987 for elected officers.

Background:

This report is presented at each Board Meeting for approval of routine personnel actions.

Expected Outcomes:

Not applicable

Board Options and Consequences:

Specifically in regard to disciplinary action, a no vote may nullify the disciplinary action due to legal time constraints. A no vote impacts the timeliness of processing personnel actions for classified and certificated employees regarding their assignment, salary/rate, transfer, and new appointment and may be in conflict with procedural rights and benefits afforded them under applicable Education Code provisions, Personnel Commission Rules, District Policy, and respective Collective Bargaining Agreements (UTLA, AALA, Teamsters, Los Angeles School Police Sergeants and Lieutenants Association). Employees have procedural rights that are based on their status (permanent or probationary) associated with the specific personnel action being submitted and the respective rights available to them in accordance with the above. Additionally, based on Personnel Commission Rules, permanent classified employees have rights to appeals.

ATTACHMENT B

NUMBER OF ROUTINE PERSONNEL ACTIONS

This attachment addresses the total number of classified personnel actions (1,062), which entails routine personnel actions (including, but not limited to elections, promotions, transfers, leaves, terminations, separations, permits and contracts) and may be found on the Board of Education Routine Personnel Actions Report for the June 3, 2025, meeting.

The following table represents a breakdown of the new hire, reassignment, and rehire actions for the June 3, 2025, board report for the period of April 8, 2025 to April 28, 2025.

Hire Data:

As presented in the attached table, the total number of classified hire and reassignment actions for the period of April 8, 2025 to April 28, 2025, is 524 of which 357 (68%) are rehires or reassignments, and 167 (32%) are new hires (comprised of regular/permanent, restricted, returnee retirees, substitutes, and temporary positions). With the exception of 64 assignments, all of the actions are for positions which are school-based or provide direct support to the schools or their operations.

All new hires to regular/permanent positions are for A, B, C, or E basis positions. The 12 regular/permanent new hires consist of: Administrative Analyst, Administrative Staff Aide, Assignment Technician, Associate IT Electronics Communication Technician, Associate Project Engineer I, Carpenter, Engineering Aide, Food Service Worker, Glazier, Painter, Senior Food Service Worker, and Sheet Metal Worker.

The following regular/permanent positions have been filled by promotional employees: Administrative Assistant, Area Operations Supervisor, Assistant Environmental Safety Officer, Assistant Plant Manager I, Complex Project Manager (3), Coordinating Financial Manager, Early Education Center Office Manager (2), Environmental Safety Officer (2), Food Service Manager I, Food Service Manager V, Labor Compliance Technician, Out-of-School Regional Director, Plant Manager I (5), Senior Administrative Assistant, Senior Food Service Worker, Senior Human Resources Specialist, Special Education Assistant (12), and Supervising Facilities Cost Analyst (2).

Summary

Temporary and Substitute employees are often needed for short periods of time to assume responsibilities for regular employees when they are unavailable; they are not intended to replace regular employees for an extended period of time. Positions for several classifications, such as Education Aides and Instructional Aides, are typically filled by restricted status employees.

Approve of Non-Routine Personnel Actions

Human Resource Division

Brief Description:

(Approval of Non-Routine Personnel Actions) Recommends approval of the demotion of a classified employee from Plant Manager III to Plant Manager II.

Action Proposed:

Approve Classified employee demotion from Plant Manager III to Plant Manager II.

Background:

This report is presented at this Board Meeting for approval of a non-routine personnel action.

Expected Outcomes:

Not applicable.

Board Options and Consequences:

Specifically in regard to disciplinary action:

A "Yes" vote impacts the timeliness of processing personnel actions for classified and certificated employees regarding their assignment, salary/rate, transfer, and new appointment and may be in conflict with procedural rights and benefits afforded them under applicable Education Code provisions, Personnel Commission Rules, District Policy, and respective Collective Bargaining Agreements (UTLA, AALA, Teamsters, Los Angeles School Police Association, Service Employees International Union, Local 99, California School Employees Association, Los Angeles/Orange Counties Building and Construction Trades Council, Los Angeles School Police Sergeants and Lieutenants Association). Employees have procedural rights that are based on their status (permanent or probationary) associated with the specific personnel action being submitted and the respective rights available to them in accordance with the above. Additionally, based on Personnel Commission Rules, permanent classified employees have rights to appeal.

A "No" vote may nullify the disciplinary action due to legal time constraints.

Policy Implications:

Not applicable.

Budget Impact:

No budget impact.

Student Impact:

Not applicable.

Provisional Internship Permits

Human Resources Division

Brief Description:

(Provisional Internship Permits) Recommends approval for 6 teachers to be employed under the Provisional Internship Permit pursuant to Title 5 California Code of Regulations, Section 80021.1.

Action Proposed:

Approve request for 6 teachers to be employed under the Provisional Internship Permit pursuant to Title 5 California Code of Regulations, Section 80021.1.

Background:

The Provisional Internship Permit became effective on July 1, 2005 in anticipation of the phasing out of the former authorizing document. The Provisional Internship Permit is valid for one year and may not be renewed. During the first year of employment, the Provisional Intern teacher must meet all requirements for entrance into an accredited intern program.

The Los Angeles County Office of Education grants authority to the District to employ potential Provisional Interns on a Temporary County Certificate until such time that the Board of Education approves their employment under the Provisional Internship Permit. Commission on Teacher Credentialing (CTC) regulations require that the request to employ Provisional Interns be approved by the Board and submitted to the CTC within three months of the teachers beginning their assignment.

The CTC requires that the governing board be presented with a list of teachers to be employed under the Provisional Internship Permit (Attachment A).

Expected Outcomes:

The approval of Provisional Internship Permits will enable the District to continue to staff teacher vacancies in shortage subject fields with individuals committed to completing the requirements to enter into an intern program and subsequently earn a full credential.

Board Options and Consequences:

Approval of Provisional Internship Permits will afford the District the opportunity to hire new special education teachers who will be required to follow a prescribed and rigorous pathway that results in the earning of both full state and federal teacher certification.

If the Provisional Internship Permits are not approved, and a full-time teacher cannot be hired, classroom vacancies would be staffed by a series of individuals in possession of only Emergency 30-Day Substitute Teaching Permits. Day-to-day substitutes are not required to be enrolled in a teacher education program, and may only remain in a special education classroom for a maximum of twenty days, after which time they are deemed by the State as inappropriately assigned.

File #: Rep-338-24/25, **Version:** 1

Agenda Date: 6/3/2025

In Control: Human Resources

Policy Implications:

This action does not change District policy.

Budget Impact:

There is no impact on the District's budget.

Student Impact:

The goal of Human Resources Division is to insure that there is an appropriately authorized teacher in every classroom. In areas of high need such as special education where there might be a teacher shortage, the District may approve the use of Provisional Internship Permits, which authorize a teacher candidate to step into the classroom as the teacher of record while they take the necessary steps to enroll in a credential program.

Equity Impact:

Not applicable

Issues and Analysis:

Not applicable

Authorization of a Resolution of the Board of Education Approving the Sale and Issuance of Not-to-Exceed \$1,000,000,000 of General Obligation Bonds and the Forms of the Documents Necessary for the Issuance of such Bonds

Business and Finance Division

Brief Description:

(Authorization of a Resolution of the Board of Education Approving the Sale and Issuance of Not-to- Exceed \$1,000,000,000 of General Obligation Bonds and the Forms of the Documents Necessary for the Issuance of such Bonds) Recommends approval for the issuance of up to \$1 billion in General Obligation Bonds under the Measure Q, Measure RR, Measure US, or any combination of the foregoing to fund projects authorized under the respective measure. The bonds are expected to be sold in Fall 2025 via a negotiated method and repaid through ad valorem property taxes, not district funds. This issuance aims to enhance facilities, IT infrastructure, and equity in project funding.

Action Proposed:

Approve the attached Resolution for General Obligation Bonds (Attachment A) in connection with the issuance of the General Obligation Bonds (the “General Obligation Bonds Resolution”) which will:

- a. Authorize the issuance of not to exceed \$1,000,000,000 of General Obligation Bonds (the “GO Bonds”) under the Measure Q, Measure RR, Measure US or any combination of the foregoing;
- b. Approve the forms of documents necessary for the issuance of the General Obligation Bonds, including a Bond Purchase Agreement, a Continuing Disclosure Certificate, and an Official Statement (Attachments C - E);
- c. Authorize the sale of the GO Bonds by the negotiated method of sale in light of current market conditions, the District’s declining enrollment and budget uncertainty, the debt structuring flexibility afforded by this method, and the ability to include a retail order period and meaningful roles for underwriting firms of various sizes; and
- d. Approve and direct certain actions to be taken in connection with the issuance of the General Obligation Bonds.

Background:

This Board Report seeks Board approval of the General Obligation Bonds Resolution, which is a resolution that authorizes the issuance of up to \$1,000,000,000 of GO Bonds under Measure Q, Measure RR, Measure US or any combination of the foregoing to finance projects authorized under the respective measure and the form of documents necessary to issue the GO Bonds. The General Obligation Bonds Resolution authorizes the Chief Financial Officer, Deputy Chief Financial Officer, Controller, and Deputy Controller to affect the issuance of the GO Bonds and carry out all necessary acts related to the transaction or transactions. In addition, consistent with the District’s practice for prior GO Bonds, the General Obligation Bonds Resolution provides for a request

to the Board of Supervisors of the County to adopt a corresponding resolution providing for the issuance of the GO Bonds pursuant to the Education Code. The GO Bonds are currently expected to be sold in Fall 2025.

Based on the District's Debt Management Policy, as determined by the Office of the Chief Financial Officer, the General Obligation Bonds Resolution also authorizes the sale of the GO bonds through the negotiated method of sale in light of current market conditions, the District's declining enrollment and budget uncertainty, the debt structuring flexibility provided, and the ability to include a retail order period and provide meaningful roles for underwriting firms of various sizes. Finance, in accordance with the procedures established in the Debt Management Policy, has completed the process of selecting certain members of the financing team from the respective legal counsel and municipal advisor benches. The financing team for the upcoming transaction will include Dannis Woliver Kelley as Bond Counsel and Disclosure Counsel and Public Resources Advisory Group, as Municipal Advisor. In addition, U.S. Bank Trust Company, National Association will serve as Paying Agent. The Chief Financial Officer shall designate the underwriters and their roles as senior manager(s), co-senior manager(s), and co-managers, in accordance with the Debt Management Policy.

In compliance with Government Code Section 5852.1 and Education Code Section 15146, the Board of Education has obtained from Public Resources Advisory Group, as the District's Municipal Advisor, the required costs of issuance estimates, and such estimates are disclosed in Exhibit A of the General Obligation Bonds Resolution.

The GO Bonds are general obligation bonds of the District secured by and payable from *ad valorem* property taxes to be levied within the jurisdiction of the District pursuant to the California Constitution and State law and as authorized by voters within the District pursuant to Measure Q, Measure RR, and Measure US.

Expected Outcomes:

Approval of the issuance of the General Obligation Bonds will enable the District to enter the market to finance approved capital projects.

Board Options and Consequences:

Should the Board not approve this item, staff will not be authorized to proceed with the issuance of GO Bonds to finance approved capital projects.

Policy Implications:

This action is in compliance with the relevant criteria set forth in Article 1, Article 3 Section 3.02, and Article 4 Section 4.12 of the Debt Management Policy.

Budget Impact:

There will be no material impact on the District's General Fund. The identified projects will be funded with bond proceeds, and debt service will be repaid by *ad valorem* property tax revenues, not the District's general fund revenues.

Student Impact:

The issuance of the General Obligation Bonds will improve the District's capital facilities and information technology resources for the benefit of the students.

File #: Rep-369-24/25, **Version:** 1
In Control: Business & Finance Division

Agenda Date: 6/3/2025

Equity Impact:

Component	Score	Score Rationale
Recognition	4	The proceeds from the GO Bond transaction will be used to fund identified capital projects within the District, which include areas that have had historical inequities.
Resource Prioritization	4	GO Bond proceeds will be allocated to fund identified capital projects that specifically address student needs.
Results	4	Since proceeds from the GO Bond issuance will be used for capital projects designed to modernize and elevate student experience within communities that have experienced historical inequities, it should result in closing opportunity and achievement gaps.
TOTAL	12	

Issues and Analysis:

Based on current market conditions, the District expects to sell the General Obligation Bonds in Fall 2025 to finance the identified projects.

RESOLUTION OF THE BOARD OF EDUCATION OF THE LOS ANGELES UNIFIED SCHOOL DISTRICT PRESCRIBING THE TERMS OF SALE OF NOT TO EXCEED \$1,000,000,000 AGGREGATE PRINCIPAL AMOUNT OF GENERAL OBLIGATION BONDS OF LOS ANGELES UNIFIED SCHOOL **DISTRICT UNDER THE DISTRICT'S MEASURE Q** AND/OR MEASURE RR AND/OR MEASURE US BOND AUTHORIZATIONS, OR ANY COMBINATION THEREOF, IN ONE OR MORE SERIES OR SUBSERIES AND IN THE FORM OF TAX-EXEMPT OR FEDERALLY TAXABLE BONDS, REQUESTING THE BOARD OF SUPERVISORS OF THE COUNTY OF LOS ANGELES TO ISSUE AND SELL THE BONDS BY NEGOTIATED SALE PURSUANT TO ONE OR MORE BOND PURCHASE AGREEMENTS DURING FISCAL YEAR 2025-26, APPROVING THE FORM OF AND AUTHORIZING THE EXECUTION AND DELIVERY OF ONE OR MORE BOND PURCHASE AGREEMENTS AND CONTINUING DISCLOSURE CERTIFICATE, APPROVING THE FORM AND AUTHORIZING THE DISTRIBUTION OF AN OFFICIAL STATEMENT FOR THE BONDS, AND AUTHORIZING THE EXECUTION OF OTHER NECESSARY DOCUMENTS AND CERTIFICATES AND RELATED ACTIONS IN CONNECTION THEREWITH

WHEREAS, an election was duly called and regularly held in the Los Angeles Unified School District, County of Los Angeles, California (the "District") on November 4, 2008, pursuant to Section 1(b)(3) of Article XIII A of the Constitution of the State of California (the "State") and Chapter 1.5 of Title 1, Division 1, Part 10 of the California Education Code (the "Act"), and thereafter canvassed pursuant to law ("Measure Q"); and

WHEREAS, at such election there was submitted to and approved by the requisite approval of at least 55% of the qualified electors of the District voting on the measure in the election a question as to the issuance and sale of general obligation bonds of the District for various purposes set forth in the ballot submitted to the voters, in the maximum amount of \$7.00 billion, payable from the levy of an *ad valorem* tax against taxable property in the District (the "Measure Q Authorization"); and

WHEREAS, an election was duly called and regularly held in the District on November 3, 2020, pursuant to Section 1(b)(3) of Article XIII A of the Constitution of the State and the Act, and thereafter canvassed pursuant to law ("Measure RR"); and

WHEREAS, at such election there was submitted to and approved by the requisite approval of at least 55% of the qualified electors of the District voting on the measure in the election a question as to the issuance and sale of general obligation bonds of the District for various purposes set forth in the ballot submitted to the voters, in the maximum amount of \$7.00 billion, payable from the levy of an *ad valorem* tax against taxable property in the District (the "Measure RR Authorization"); and

WHEREAS, an election was duly called and regularly held in the District on November 5, 2024, pursuant to Section 1(b)(3) of Article XIII A of the Constitution of the State and the Act, and thereafter canvassed pursuant to law ("Measure US" and together with Measure Q and Measure RR, the "Measures"); and

WHEREAS, at such election there was submitted to and approved by the requisite approval of at least 55% of the qualified electors of the District voting on the measure in the election a question as to the issuance and sale of general obligation bonds of the District for various purposes set forth in the ballot submitted to the voters, in the maximum amount of \$9.00 billion, payable from the levy of an *ad valorem* tax against taxable property in the District (the "Measure US Authorization"); and

WHEREAS, this Board of Education of the District (the "Board of Education") deems it necessary and desirable that the Board of Supervisors (the "Board of Supervisors") for the County of Los Angeles (the "County") authorize and consummate the sale of bonds in one or more series or subseries, by individual Measure or combined series or subseries of multiple Measures pursuant to Section 15231 of the Education Code, and in the form of tax-exempt or federally taxable bonds, or any combination thereof, in an aggregate principal amount not exceeding \$1,000,000,000 (bonds issued as a separate series or subseries individually under the Measure Q Authorization and/or in combination with bonds authorized under the Measure RR Authorization and/or the Measure US Authorization, the "Measure Q Bonds," bonds issued as a separate series or subseries individually under the Measure RR Authorization and/or in combination with bonds authorized under the Measure Q Authorization and/or the Measure US Authorization, the "Measure RR Bonds" and bonds issued as a separate series or subseries individually under the Measure US Authorization and/or in combination with bonds authorized under the Measure RR Authorization and/or the Measure Q Authorization, the "Measure US Bonds", and together with the Measure Q Bonds and the Measure RR Bonds, the "Bonds"); and

WHEREAS, this Board of Education deems it necessary and desirable that the Measure Q Bonds, Measure RR Bonds and/or Measure US Bonds be issued for the purpose of financing projects authorized to be financed under the Measure Q Authorization, the Measure RR Authorization and the Measure US Authorization, or any combination of the foregoing; and

WHEREAS, this Board of Education deems it necessary and desirable to authorize the sale of the Bonds by negotiated sale pursuant to a Bond Purchase Agreement, the form of which is presented to this Board of Education at this meeting, with such changes, insertions and omissions as are made pursuant to this Resolution; and

WHEREAS, Rule 15c2-12 promulgated under the Securities Exchange Act of 1934 (as amended, "Rule 15c2-12") requires that, in order to be able to purchase or sell the Bonds, the underwriter thereof must have reasonably determined that the District has undertaken in a written agreement or contract for the benefit of the holders of the Bonds to provide disclosure of certain financial and operating information and certain enumerated events on an ongoing basis; and

WHEREAS, in order to cause such requirement to be satisfied, the District desires to execute and deliver a Continuing Disclosure Certificate in the form presented to this Board of Education at this meeting, with such changes, insertions and omissions as are made pursuant to this Resolution (the "Continuing Disclosure Certificate"); and

WHEREAS, a form of the Preliminary Official Statement to be distributed in connection with a public offering of the initial series of Bonds has been prepared in the form presented to this Board of Education at this meeting, with such changes, insertions and omissions as are made pursuant to this Resolution (the "Preliminary Official Statement"); and

WHEREAS, Section 5852.1 of the California Government Code (the "Government Code") requires that the Board of Education obtain from an underwriter, financial advisor, or private lender and disclose, prior to authorization of the issuance of the Bonds, good faith

estimates of the following information in a meeting open to the public: (a) the true interest cost of the Bonds, (b) the sum of all fees and charges paid to third parties with respect to the Bonds, (c) the amount of proceeds of the Bonds expected to be received net of the fees and charges paid to third parties and any reserves or capitalized interest paid or funded with proceeds of the Bonds, and (d) the sum total of all debt service payments on the Bonds calculated to the final maturity of the Bonds plus the fees and charges paid to third parties not paid with the proceeds of the Bonds; and

WHEREAS, Section 15146 of the California Education Code (the "Education Code") requires that the Board of Education include in this Resolution an estimate of the costs associated with the issuance of the Bonds and requires that after the sale of the Bonds present the actual cost information for the sale at its next scheduled public meeting; and

WHEREAS, in compliance with Section 5852.1 of the Government Code and Section 15146(b)(1)(D) of the Education Code, the Board of Education has obtained from Public Resources Advisory Group, as the District's municipal advisor (the "Municipal Advisor"), the information set forth in Exhibit A attached hereto; and

WHEREAS, there have been prepared and submitted to this meeting the forms of:

- (a) the Bond Purchase Agreement;
- (b) the Continuing Disclosure Certificate; and
- (c) the Preliminary Official Statement,

and this Board of Education has examined each such document and desires to approve, authorize and direct the execution of such documents and the consummation of such financing; and

WHEREAS, the District desires that the County levy and collect a tax on all taxable property within the District sufficient to provide for payment of the Bonds, and intends by the adoption of this Resolution to notify the Board of Supervisors of the County, the Auditor-Controller of the County, the Treasurer and Tax Collector of the County and other officials of the County that they should take such actions as shall be necessary to provide for the levy and collection of such a tax and payment of principal of and interest on the Bonds, all pursuant to Sections 15250 and 15251 of the Education Code; and

WHEREAS, this Board of Education desires to make certain determinations and to authorize the issuance and sale of the Bonds at a negotiated sale pursuant to the terms of this Resolution; and

WHEREAS, all acts, conditions and things required by the Constitution and laws of the State to exist, to have happened and to have been performed precedent to and in connection with the consummation of the actions authorized hereby do exist, have happened and have been performed in regular and due time, form and manner as required by law, and the District is now duly authorized and empowered, pursuant to each and every requirement of law, to consummate such actions for the purpose, in the manner and upon the terms herein provided.

NOW, THEREFORE, THE BOARD OF EDUCATION OF THE LOS ANGELES UNIFIED SCHOOL DISTRICT DOES HEREBY RESOLVE, FIND, DETERMINE AND ORDER, AS FOLLOWS:

Section 1. Recitals. All of the above recitals are true and correct.

Section 2. Definitions; Interpretation. For the purposes of this Resolution, unless the context otherwise requires, the terms defined in this Section shall, for all purposes of this Resolution, have the meanings specified herein. Unless the context otherwise indicates, words importing the singular number shall include the plural number and vice versa. Headings of sections herein are solely for convenience of reference, do not constitute a part hereof, and do not affect the meaning, construction or effect hereof.

"Authorized Officer" shall mean any of the District's Chief Financial Officer, the Deputy Chief Financial Officer, the Controller and the Deputy Controller.

"Board of Education" shall mean the Board of Education of the District.

"Board of Supervisors" shall mean the Board of Supervisors of the County.

"Bond Purchase Agreement" shall mean the Bond Purchase Agreement relating to the sale of a series or subseries of the Bonds by and among the County, the District and the underwriters in accordance with the provisions hereof.

"Chief Financial Officer" shall mean the Chief Financial Officer of the District or any designee of the Chief Financial Officer of the District.

"Code" shall mean the Internal Revenue Code of 1986.

"Continuing Disclosure Certificate" shall mean the applicable Continuing Disclosure Certificate executed and delivered by the District relating to any series or subseries of the Bonds.

"Controller" shall mean the Controller of the District or any designee of the Controller of the District.

"County" shall mean the County of Los Angeles.

"County Auditor-Controller" shall mean the Auditor-Controller of the County or any authorized deputy thereof.

"County Resolution" shall mean the resolution of the Board of Supervisors authorizing the issuance of the Bonds approved in this Resolution.

"County Treasurer" shall mean the Treasurer and Tax Collector of the County or any authorized deputy thereof.

"Deputy Chief Financial Officer" shall mean the Deputy Chief Financial Officer of the District or any designee of the Deputy Chief Financial Officer of the District.

"Deputy Controller" shall mean the Deputy Controller or any designee of the Deputy Controller of the District.

"District" shall mean the Los Angeles Unified School District.

"DTC" shall mean The Depository Trust Company, New York, New York, and its successors and assigns.

"Interest Payment Date" shall mean each January 1 and July 1 of each year, commencing on the date set forth in the related Bond Purchase Agreement, until the final maturity of the Bonds and the final maturity date of the Bonds or such dates as shall be set forth in the related Bond Purchase Agreement.

"Interest and Sinking Fund" shall mean each interest and sinking fund of the District, designated to correspond to the applicable general obligation bonds or general obligation refunding bonds of the District and related voter-approved bond measure of the District established for such bonds and used only for payment of principal of and interest on such bonds.

"Investment Agreement(s)" shall mean, collectively, investment agreements, guaranteed investment contracts, float contracts or other investment products subject to the requirements set forth in Section 14 hereof.

"Letter of Representations" shall mean the blanket letter of representations from the District to DTC with respect to the Bonds, as such blanket letter of representations may be amended, supplemented or otherwise modified and in effect from time to time.

"Opinion of Tax Counsel" shall mean an opinion of counsel of nationally recognized standing in the field of law relating to municipal bonds qualified to conclude whether an action or proposed action or the failure to act or the proposed failure to act for which the opinion is required will affect the exclusion of interest on the Tax-Exempt Bonds from gross income for federal income tax purposes.

"Owner" shall mean with respect to any Bond, the Person in whose name such Bond is registered on the Registration Books.

"Paying Agent" shall mean the County Treasurer or any bank, trust company, national banking association or other financial institution appointed as authenticating agent, bond registrar, transfer agent and paying agent for the Bonds in the manner provided in the County Resolution.

"Person" shall mean an individual, corporation, limited liability company, firm, association, partnership, trust, or other legal entity or group of entities, including a governmental entity or any agency or political subdivision thereof.

"Registration Books" shall mean the records maintained by the Paying Agent for the registration of ownership and registration of transfer of the Bonds, as defined in the County Resolution.

"Record Date" shall mean, with respect to any Interest Payment Date for Bonds, the close of business on the 15th day of the month preceding an Interest Payment Date for such Bonds or such other date or dates as shall be set forth in the Bond Purchase Agreement.

"Resolution" shall mean this resolution of the Board of Education of the District adopted on June 3, 2025.

"Rule 15c2-12" shall mean Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended.

"State" shall mean the State of California.

"Tax Certificate" shall mean the applicable Tax Certificate with respect to the Bonds issued as Tax-Exempt Bonds, executed by the District, dated the date of issuance of such Bonds.

"Tax-Exempt Bonds" shall mean any series or subseries of the Bonds bearing interest that is excluded from the gross income of the holders thereof for federal income tax purposes, whether or not such interest is includable as an item of tax preference or otherwise includable directly or indirectly for purposes of calculating other tax liabilities, including any alternative minimum tax or environmental tax under the Code.

"Taxable Bonds" shall mean any series or subseries of the Bonds bearing interest that is included in gross income for federal income tax purposes under Section 103 of the Code.

Section 3. Request for Sale of Bonds; Purpose of Bonds. (a) *Request for Sale.* The Board of Supervisors, pursuant to Education Code Section 15140 *et seq.*, is hereby requested to sell, by negotiated sale, Bonds pursuant to the Measures, in one or more series or subseries, by individual measure or combined series or subseries of multiples Measures pursuant to Section 15231 of the Education Code, or any combination thereof, in an aggregate principal amount not exceeding \$1,000,000,000, and to designate each series or subseries of the Bonds as the "Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds," with appropriate election, series, subseries and other designations, all as may be set forth in the Preliminary Official Statement and the related Bond Purchase Agreement.

Pursuant to this Resolution, the Board of Supervisors of the County is requested to adopt a resolution providing for the issuance of the bonds and the terms of the sale of the Bonds in accordance with the particular terms and manner set forth herein and, with respect to such necessary or desirable terms as are not specified herein, as the Board of Supervisors shall otherwise see fit to determine. With respect to such necessary or desirable terms as are not finally determined by the County Resolution, the Board of Supervisors is hereby requested to provide for such terms to be finally determined and set forth in each Bond Purchase Agreement.

(a) *Purpose of Bonds.* The proceeds of the Bonds, exclusive of any premium and accrued interest received as required, shall be applied to finance projects authorized to be financed under the Measure Q Authorization, the Measure RR Authorization and the Measure US Authorization, respectively, or any combination of the foregoing, and to pay all necessary legal, financial, engineering and contingent costs in connection therewith.

Section 4. Terms of Bonds.

(a) *Date of Bonds.* The Bonds shall be issued as set forth in the County Resolution. Each Bond of a series or subseries shall be dated its date of delivery, or such other date as shall be set forth in the Bond Purchase Agreement relating to such series of Bonds.

(b) *Denominations.* The Bonds shall be issued in denominations of \$5,000 principal amount or any integral multiple thereof or such other denominations as shall be designated in the related Bond Purchase Agreement.

(c) *Maturity.* Each series or subseries of Bonds shall mature on the dates, in each of the years, in the principal amounts and in the aggregate principal amount as shall be set forth in the Bond Purchase Agreement. No Bond shall mature later than the date which is 25 years from the date of such Bond, to be determined as provided in subsection (a) of this Section.

(d) *Interest.* The Bonds shall bear interest at an interest rate or rates not to exceed 8.00% per annum, payable on the Interest Payment Dates in each year computed on the basis of a 360-day year of twelve 30-day months (or on such other basis as shall be set forth in the Bond Purchase Agreement). Each Bond shall bear interest from the Interest Payment Date for such Bond next preceding the date of authentication thereof, unless it is authenticated as of a date during the period from the Record Date next preceding an Interest Payment Date for such Bond to such Interest Payment Date, inclusive, in which event it shall bear interest from such Interest Payment Date, or unless it is authenticated on or before the Record Date preceding the first Interest Payment Date for such Bond, in which event it shall bear interest from its dated date; provided, however, that if, at the time of authentication of any Bond, interest is in default on any outstanding Bonds of such series or subseries, such Bond shall bear interest from the Interest Payment Date to which interest has previously been paid or made available for payment on the outstanding Bonds of such series or subseries. If provided in the Bond Purchase Agreement, Bonds may have different interest rates for separately defined periods of the term thereof as set forth in the Bond Purchase Agreement.

(e) *Tax-Exempt or Taxable Bonds.* The Bonds may be issued as Tax-Exempt Bonds or Taxable Bonds, or any combination thereof. The Board of Education hereby finds and determines that, pursuant to Section 5903 of the Government Code, the interest payable on any portion of the Bonds issued as Taxable Bonds will be subject to federal income taxation under the Code in existence on the date of issuance of any such Bonds.

Section 5. Payment of Bonds. (a) *Request for Tax Levy.* The money for the payment of principal, redemption premium, if any, and interest on the Bonds shall be raised by taxation upon all taxable property in the District and provision shall be made for the levy and collection of such taxes in the manner provided by law and for such payment out of the related Interest and Sinking Fund of the District. The Board of Supervisors and officers of the County are obligated by statute to provide for the levy and collection of property taxes in each year sufficient to pay all principal and interest coming due on the Bonds in such year, and to pay from such taxes all amounts due on the Bonds. The District hereby requests the Board of Supervisors to annually levy a tax upon all taxable property in the District sufficient to redeem the Bonds, and to pay the principal, redemption premium, if any, and interest thereon as and when the same become due.

(b) *Interest and Sinking Fund.* Principal, redemption premium, if any, and interest due on Bonds shall be paid from the Interest and Sinking Fund of the District established for such Bonds as provided in Section 15146 of the Education Code. The tax levied is levied specifically for the purpose of paying Bonds of such Measure issued to finance the projects specified in such Measure and for no other purpose.

(c) *Obligation of the District.* No part of any fund or account of the County is pledged or obligated to the payment of the Bonds. The obligation for repayment of the Bonds is the sole obligation of the District.

(d) *Pledge of Taxes.* The District hereby pledges, and grants a lien on and security interest in, all revenues from the property taxes collected from the levy by the Board of Supervisors with respect to each Measure for payment of Bonds issued under such Measures and all amounts on deposit in any Interest and Sinking Fund of the District for the payment of the principal or redemption price of and interest on such Bonds. This pledge and grant shall be valid and binding from the date hereof for the benefit of the owners of such Bonds and successors thereto. The property taxes and amounts held in each Interest and Sinking Fund of the District shall be immediately subject to this pledge and grant, and this pledge and grant shall constitute a lien and security interest which shall immediately attach to the property taxes and amounts held in such Interest and Sinking Fund of the District to secure the payment of such Bonds and shall be effective, binding, and enforceable against the District, its successors, creditors and all others irrespective of whether those parties have notice of the pledge or grant, and without the need of any physical delivery, recordation, filing, or further act.

This pledge and grant is an agreement between the District and the owners of each series of Bonds and of each issue of outstanding general obligation bonds and general obligation refunding bonds to provide security for each series of Bonds and all such other general obligation bonds and general obligation refunding bonds of the District in addition to any statutory lien that may exist, and each such issue of general obligation bonds and general obligation refunding bonds of the District are or were issued to finance one or more of the projects specified in the Measure under which such general obligation bonds were issued and not to finance the general purposes of the District. For the avoidance of doubt, in accordance with Section 15251 of the Education Code, such Bonds are also automatically secured by a statutory lien on all revenues received pursuant to the levy and collection of the tax for the applicable Measure.

(e) *Insurance.* The payment of principal of and interest on all or a portion of any series of Bonds may be secured by a municipal bond insurance policy as shall be described in the applicable Bond Purchase Agreement. The Bond Purchase Agreement may provide that no municipal bond insurance policy shall be obtained. The Authorized Officers are each hereby authorized to apply for, or cause to be applied for, municipal bond insurance for each series of Bonds and to execute and deliver a contract or contracts in order to obtain such insurance if doing so puts such series of Bonds (or portion thereof) and the marketing thereof on an economically advantageous basis, and is deemed to be in the best interests of the District, such determination to be conclusively evidenced by such Authorized Officer's execution and delivery of such contract.

(f) *Designation of Paying Agent.* The County Treasurer is designated to act as the initial Paying Agent. The County Treasurer is authorized to enter into a contract with a bank or trust company doing business in and having a corporate trust office in Los Angeles, California, with at least \$100,000,000 in net assets, to perform the services of the Paying Agent. If at any time the County Treasurer shall resign or be removed as the Paying Agent, the Authorized Officers are authorized, with the prior consent of the County Treasurer, to appoint any successor Paying Agent. If no successor Paying Agent is appointed by an Authorized Officer in a timely manner, the County Treasurer shall appoint a successor Paying Agent without further action by any Authorized Officer. The successor Paying Agent shall be a bank or trust company doing business in and having a corporate trust office in the County, with at least \$100,000,000 in net assets.

Section 6. Redemption. (a) *Optional Redemption.* The Bonds of each series or subseries may be subject to redemption, at the option of the District, on the dates and terms as shall be designated in the Bond Purchase Agreement. The Bond Purchase Agreement may provide that the Bonds of a series or subseries shall not be subject to optional redemption.

(b) *Selection.* If less than all of the Bonds of a series or subseries, if any, are subject to such redemption and are called for redemption, such Bonds shall be redeemed as directed by the District (or as otherwise set forth in the Bond Purchase Agreement), and if less than all of the Bonds of any given maturity of a series or subseries are called for redemption, the portions of such Bonds of a given maturity to be redeemed shall be determined by lot in any manner deemed fair by the Paying Agent (or as otherwise set forth in the Bond Purchase Agreement).

(c) *Mandatory Sinking Fund Redemption.* The Bonds of a series or subseries, if any, which are designated in the related Bond Purchase Agreement as term bonds shall also be subject to redemption prior to their stated maturity dates, without a redemption premium, in part by lot or as otherwise directed by the District (or as otherwise set forth in the related Bond Purchase Agreement), from mandatory sinking fund payments in the amounts and in accordance with the terms to be specified in the related Bond Purchase Agreement. Unless otherwise provided in the related Bond Purchase Agreement, the principal amount of each mandatory sinking fund payment of any maturity of a series or subseries shall be reduced proportionately or as otherwise directed by the District by the amount of any Bonds of that maturity and series or subseries redeemed in accordance with subsection (a) of this Section prior to the mandatory sinking fund payment date (or as otherwise set forth in the Bond Purchase Agreement). The related Bond Purchase Agreement may provide that the Bonds of a series or subseries shall not be subject to mandatory sinking fund redemption. The Board of Supervisors is hereby requested to authorize the County Auditor-Controller to create such sinking funds or accounts for the term Bonds as shall be necessary to accomplish the purposes of this Section.

(d) *Notice of Redemption.* Notice of any redemption of the Bonds of a series or subseries shall be sent electronically through the facilities of DTC by the Paying Agent, not less than 20 nor more than 60 days prior to the redemption date (i) to the County and the respective Owners thereof at the addresses appearing on the Registration Books, and (ii) as may be further required in accordance with the Continuing Disclosure Certificate.

Each notice of redemption shall state (i) the date of such notice; (ii) the name of the series or subseries of Bonds and the date of issue of such series or subseries of Bonds; (iii) the redemption date; (iv) the redemption price; (v) the dates of maturity or maturities of Bonds to be redeemed; (vi) if less than all of the Bonds of any maturity of a series or subseries are to be redeemed, the distinctive numbers of the Bonds of each maturity of such series or subseries to be redeemed; (vii) in the case of Bonds of a series or subseries redeemed in part only, the respective portions of the principal amount of the Bonds of each maturity of such series or subseries to be redeemed; (viii) the CUSIP number, if any, of each maturity of Bonds to be redeemed; (ix) a statement that such Bonds must be surrendered by the Owners at the principal corporate trust office of the Paying Agent, or at such other place or places designated by the Paying Agent; (x) notice that further interest on such Bonds will not accrue after the designated redemption date; and (xi) in the case of a conditional notice, that such notice is conditioned upon certain circumstances and the manner of rescinding such conditional notice.

(e) *Effect of Notice.* A certificate of the Paying Agent that notice of redemption has been given to Owners as herein provided shall be conclusive as against all parties. Neither the failure to receive the notice of redemption as provided in this Section, nor any defect in such notice shall affect the sufficiency of the proceedings for the redemption of the Bonds called for redemption or the cessation of interest on the date fixed for redemption.

When notice of redemption has been given substantially as provided for herein, and when the redemption price of the Bonds called for redemption is set aside, the Bonds

designated for redemption shall become due and payable on the specified redemption date and interest shall cease to accrue thereon as of the redemption date, and upon presentation and surrender of such Bonds at the place specified in the notice of redemption, such Bonds shall be redeemed and paid at the redemption price thereof out of the money provided therefor. The Owners of such Bonds so called for redemption after such redemption date shall be entitled to payment thereof only from the related interest and sinking fund or the trust fund established for such purpose. All Bonds redeemed shall be cancelled forthwith by the Paying Agent and shall not be reissued.

(f) *Right to Rescind Notice.* The District may rescind any optional redemption and notice thereof for any reason on any date prior to the date fixed for redemption by causing written notice of the rescission to be given to the owners of the Bonds so called for redemption. Any optional redemption and notice thereof shall be rescinded if for any reason on the date fixed for redemption moneys are not available in the related interest and sinking fund or otherwise held in trust for such purpose in an amount sufficient to pay in full on said date the principal of and premium, if any, and interest due on the Bonds called for redemption. Notice of rescission of redemption shall be given in the same manner in which notice of redemption was originally given. The actual receipt by the owner of any Bond of notice of such rescission shall not be a condition precedent to rescission, and failure to receive such notice or any defect in such notice shall not affect the validity of the rescission.

(g) *Funds for Redemption.* Prior to or on the redemption date of any Bonds there shall be available in the related interest and sinking fund of the District, or held in trust for such purpose as provided by law, monies for the purpose and sufficient to redeem, at the redemption prices as in this Resolution provided, the Bonds designated in the notice of redemption. Such monies shall be applied on or after the redemption date solely for payment of principal of and premium, if any, and interest due on the Bonds to be redeemed upon presentation and surrender of such Bonds, provided that all monies in the related interest and sinking fund of the District shall be used for the purposes established and permitted by law. Any interest due on or prior to the redemption date shall be paid from the related interest and sinking fund of the District, unless otherwise provided to be paid from such monies held in trust. If, after all of the Bonds have been redeemed and cancelled or paid and cancelled, there are monies remaining in the related interest and sinking fund of the District or otherwise held in trust for the payment of redemption price of the Bonds, the monies shall be held in or returned or transferred to any interest and sinking fund of the District for payment of any outstanding bonds of the District payable from such fund; provided, however, that if the monies are part of the proceeds of bonds of the District, the monies shall be transferred to the fund created for the payment of principal of and interest on such bonds. If no such bonds of the District are at such time outstanding, the monies shall be transferred to the general fund of the District as provided and permitted by law.

(h) *Defeasance of Bonds.* If at any time the District shall pay or cause to be paid or there shall otherwise be paid to the Owners of any or all of the outstanding Bonds of a Series all or any part of the principal of and premium, if any, and interest on such Bonds at the times and in the manner provided herein and in such Bonds, or as provided in the following paragraph, or as otherwise provided by law consistent herewith, then such Owners of such Bonds shall cease to be entitled to the obligation of the District as provided in Section 10 hereof, and such obligation and all agreements and covenants of the District and of the County to such Owners hereunder and under such Bonds shall thereupon be satisfied and discharged and shall terminate, except only that the District shall remain liable for payment of all principal of and premium, if any, and interest on such Bonds, but only out of monies on deposit in the related interest and sinking fund of the District or otherwise held in trust for such payment;

and provided further, however, that the provisions of subsection (i) of this Section shall apply in all events.

For purposes of this Section, the District may pay and discharge any or all of the Bonds of a Series by depositing in trust with the Paying Agent or an escrow agent, selected by the District, at or before maturity, money and/or Defeasance Securities, in an amount which will, together with the interest to accrue thereon and available monies then on deposit in the related interest and sinking fund of the District, be fully sufficient to pay and discharge the indebtedness on such Bonds (including all principal, interest and redemption premium, if any) at or before their respective maturity dates.

The term “Defeasance Securities” means (a) non-callable direct and general obligations of the United States of America (including state and local government series), or obligations that are unconditionally guaranteed as to principal and interest by the United States of America, including (in the case of direct and general obligations of the United States of America) evidences of direct ownership of proportionate interests in future interest or principal payments of such obligations; provided that investments in such proportionate interests must be limited to circumstances wherein **(i) a bank or trust company acts as custodian and holds the underlying United States obligations; (ii) the owner of the investment is the real party in interest and has the right to proceed directly and individually against the obligor of the underlying United States obligations; and (iii) the underlying United States obligations are held in a special account, segregated from the custodian’s general assets, and are not available to satisfy any claim of the custodian, any person claiming through the custodian, or any person to whom the custodian may be obligated; (b) non-callable obligations of government sponsored agencies that are rated in one of the two highest rating categories assigned by S&P (defined herein) or Moody’s (defined herein) but are not guaranteed by a pledge of the full faith and credit of the United States of America; and (c) Advance Refunded Municipal Securities.**

The term “Advance Refunded Municipal Securities” means any bonds or other obligations of any state of the United States of America or of any agency, instrumentality or local government unit of any such state (a) which are not callable prior to maturity or as to which irrevocable instructions have been given to the trustee, fiscal agent or other fiduciary for such bonds or other obligations by the obligor to give due notice of redemption and to call such bonds or other obligations for redemption on the date or dates specified in such instructions, (b) which are secured as to principal, premium, if any, and interest by a fund consisting only of cash, direct U.S. or U.S. guaranteed obligations, or any combination thereof, which fund may be applied only to the payment of such principal, premium, if any, and interest on such bonds or other obligations on the maturity date or dates thereof or the redemption date or dates specified in the irrevocable instructions referred to in clause (a) above, as appropriate, and (c) as to which the principal of and premium, if any, and interest on the bonds and obligations of the character described in clause (a) above which have been deposited in such fund, along with any cash on deposit in such fund, have been verified by an independent certified public accountant as being sufficient to pay principal of and premium, if any, and interest on such bonds or other obligations on the maturity date or dates thereof or on the redemption date or dates specified in the irrevocable instructions referred to in clause (a) above, as applicable.

The term “Moody’s” means Moody’s Investors Service, Inc., a corporation duly organized and existing under the laws of the State of Delaware, and its successors and assigns, except that if such entity shall be dissolved or liquidated or shall no longer perform the functions of a securities rating agency, then the term “Moody’s” shall be deemed to refer to any other nationally recognized securities rating agency selected by the District.

The term "S&P" means Standard & Poor's Ratings Services, a Standard & Poor's Financial Services LLC business duly organized and existing under the laws of the State of New York, and its successors and assigns, except that if such entity shall be dissolved or liquidated or shall no longer perform the functions of a securities rating agency, then the term "S&P" shall be deemed to refer to any other nationally recognized securities rating agency selected by the District.

(i) *Unclaimed Monies.* Any money held in any fund created pursuant to this Resolution, or by the Paying Agent or an escrow agent in trust, for the payment of the principal of and premium, if any, and interest on a Series of Bonds and remaining unclaimed for two years after the principal of all of such Series of Bonds has become due and payable (whether by maturity or upon prior redemption) shall be transferred to the interest and sinking fund of the District for payment of any outstanding bonds of the District payable from the fund; or, if no such bonds of the District are at such time outstanding, the monies shall be transferred to the general fund of the District as provided and permitted by law.

Section 7. Sale of the Bonds.

(a) *Method of Sale.* This Board of Education deems it necessary and desirable considering among other factors, current volatile market conditions, debt structuring flexibility, the District's declining enrollment and budget uncertainty, the ability to include a retail order period to garner additional investor interest, and the ability to provide meaningful roles for underwriting firms of various sizes, and requests the County to authorize and provide for the sale of each series or subseries of Bonds by negotiated sale pursuant to one or more Bond Purchase Agreements to be entered into with the underwriters selected as herein provided; provided, however, that, in each case, (i) the interest rate on any Bond shall not be in excess of 8.00% per annum, (ii) the true interest cost for each applicable series of Bonds shall not be in excess of 6.00%, (iii) the ratio of total debt service to principal of each series of Bonds shall not exceed four to one, (iv) each underwriter's discount shall not exceed 1.00% of the principal amount of the corresponding Bonds and (v) the Bonds shall otherwise conform to the limitations specified herein. The Chief Financial Officer shall designate which underwriters shall act as senior manager(s), co-senior manager(s) and co-manager(s) in accordance with the District's Debt Management Policy.

(b) *Costs of Issuance and Good Faith Estimates.* In accordance with Section 5852.1 of the Government Code and Section 15146(b)(1)(D) of the Education Code, estimates of the costs of issuance and good faith estimates of the following have been obtained from the Municipal Advisor and are set forth on Exhibit A attached hereto: (i) the true interest cost of the Bonds, (ii) the sum of all fees and charges paid to third parties with respect to the Bonds, (iii) the amount of proceeds of the Bonds expected to be received net of the fees and charges paid to third parties and any reserves or capitalized interest paid or funded with proceeds of the Bonds, and (iv) the sum total of all debt service payments on the Bonds calculated to the final maturity of the Bonds plus the fees and charges paid to third parties not paid with the proceeds of the Bonds. In accordance with Section 15146(d) of the Education Code, the actual costs associated with each issuance of a series of Bonds shall be presented to this Board of Education at its next scheduled public meeting following the sale of a series of Bonds.

(c) *Cost of Issuance.* In accordance with Section 15146(h) of the Education Code, the Authorized Officers are each hereby authorized to cause to be deposited in a costs of issuance account, which may be held by a bank, national banking association or trust company meeting the qualifications necessary to be a paying agent set forth in Section 5 hereof, as cost of issuance administrator, proceeds of sale of the Bonds (exclusive of any premium or accrued interest received) in an amount not exceeding 2.00% of the principal amount of the

Bonds sold, as shall be set forth in the Bond Purchase Agreement for the purposes of paying the costs associated with the issuance of the Bonds.

Section 8. **Bond Purchase Agreement.** The form of Bond Purchase Agreement, submitted to and on file with the Executive Officer of this Board of Education, is hereby approved. The Authorized Officers are, and each of them is, hereby authorized, and any one of the Authorized Officers is hereby directed, for and in the name of the District, to execute and deliver one or more Bond Purchase Agreements in the form presented to this meeting, with such changes, insertions and omissions as the Authorized Officer executing the same may require or approve, such requirement or approval to be conclusively evidenced by the execution of the Bond Purchase Agreement by such Authorized Officer; provided that the terms of the applicable series or subseries of Bonds and the sale thereof shall conform in all respects with the limitations contained in this Resolution. The Board of Supervisors of the County is hereby requested to cause each Bond Purchase Agreement to be executed and delivered by the County, as is determined by the District and the County Treasurer to be in the best interest of the District, subject to such changes, insertions and omissions as may be acceptable to the District and to the Board of Supervisors or the County officer to whom execution of the Bond Purchase Agreement is delegated.

Section 9. **Continuing Disclosure Certificate.** The form of Continuing Disclosure Certificate, submitted to and on file with the Executive Officer of this Board of Education, is hereby approved. Any Authorized Officer is hereby authorized on behalf of the District to execute one or more Continuing Disclosure Certificates with respect to the Bonds in substantially the form on file with the Board of Education, with such changes, insertions and omissions as the Authorized Officer executing the same may require or approve, such requirement or approval to be conclusively evidenced by the execution of the Continuing Disclosure Certificate by such Authorized Officer. The District hereby covenants and agrees that it will comply with and carry out all of the provisions of the Continuing Disclosure Certificate.

Section 10. **Section 10. Authorization of Preliminary Official Statement and Official Statement.** (a) *Preliminary Official Statement.* The form of the Preliminary Official Statement relating to the initial issue of Bonds to be publicly offered submitted to and on file with the Executive Officer of this Board of Education, with any such changes as any Authorized Officer acting singly may approve, is hereby approved, and the use of such Preliminary Official Statement in connection with the offering and sale of such Bonds is hereby authorized and approved. The Authorized Officers are each hereby authorized to certify on behalf of the District that such Preliminary Official Statement is deemed final as of its date, within the meaning of Rule 15c2-12 (except for the omission of certain final pricing, rating and related information as permitted by Rule 15c2-12). If it is necessary to make substantial changes to the Preliminary Official Statement hereby approved, this Board of Education shall review a revised draft of such Preliminary Official Statement with accompanying directions and instructions to members of this Board of Education to review such revised Preliminary Official Statement. For subsequent series of Bonds publicly offered, the preparation of a Preliminary Official Statement with respect to each such subsequent series of Bonds, similar in form and content to the Preliminary Official Statement relating to the first series of Bonds with such changes as shall be deemed necessary, is hereby authorized and approved, and the

certification of its finality within the meaning of Rule 15c2-12 by an Authorized Officer and its use in connection with the offering and sale of each such subsequent series of Bonds, are also hereby authorized, following the distribution to this Board of Education of a substantially complete draft of a Preliminary Official Statement relating to such series of Bonds with accompanying directions and instructions to members of this Board of Education to review such Preliminary Official Statement.

(b) *Official Statement.* The preparation and delivery of an Official Statement with respect to the Bonds to be publicly offered (the "Official Statement"), and its use by the underwriters in connection with the offering and sale of such Bonds, is hereby authorized and approved. Such Official Statement shall be in substantially the form of the Preliminary Official Statement distributed in connection with the public offering of such Bonds with such changes, insertions and omissions as may be approved by an Authorized Officer, such approval to be conclusively evidenced by the execution and delivery thereof. The Authorized Officers are each hereby authorized and directed, for and in the name of and on behalf of the District, to execute each final Official Statement, and any amendment or supplement thereto, for and in the name of the District.

Section 11. Deposit and Investment of Proceeds. (a) *Deposit of Proceeds.* Except as permitted by Section 7 hereof, a portion of the proceeds of the sale of the Bonds, exclusive of any premium and accrued interest received, shall be deposited in the County treasury and credited to the building fund of the District (the "Building Fund"). The District shall have sole responsibility that such proceeds be used for the purposes authorized by the Measure for which the Bonds are being issued. Any premium and accrued interest received shall be deposited in the related Interest and Sinking Fund within the County treasury. Additionally, a portion of the proceeds of the Bonds shall be transferred to the Paying Agent, as costs of issuance custodian, for the payment of the costs of issuance relating to the Bonds, as directed by the District.

(b) *Investment of Proceeds.* All funds held by the County Treasurer hereunder on behalf of the District shall be invested by the County Treasurer or its agent in the County Investment Pool, any investment authorized pursuant to Sections 53601 and 53635 of the Government Code, or in any Investment Agreement; provided that such agreements comply with the requirements of Section 148 of the Code, to the extent applicable to the related series or subseries of Bonds, and with the requirements of each rating agency then rating the Bonds necessary in order to maintain the then-current rating on the Bonds.

Subject to a determination by the Chief Financial Officer, any Authorized Officer may request the County Treasurer to invest funds held in an Interest and Sinking Fund of the District and in the Building Fund of the District in specific Investment Agreements. Pursuant to Section 5922 of the California Government Code, this Board of Education hereby finds and determines that the Investment Agreements will reduce the amount and duration of interest rate risk with respect to amounts invested pursuant to the Investment Agreements and are designed to reduce the amount or duration of payment, rate, spread or similar risk or result in a lower cost of borrowing when used in combination with the Bonds or enhance the relationship between risk and return with respect to investments of proceeds of the Bonds and funds held to pay the Bonds.

(c) *Excess Proceeds.* Any excess proceeds of Bonds on deposit in the Building Fund not needed for the authorized purposes set forth herein for which such Bonds are being issued shall be transferred to the applicable Interest and Sinking Fund and applied to the payment of principal of, premium, if any, and interest on the related Bonds.

Section 12. Tax Covenants. (a) *General.* The District shall not take any action, or fail to take any action, if such action or failure to take such action would adversely affect the exclusion from gross income of the interest payable on any Tax-Exempt Bonds under Section 103 of the Code. Without limiting the generality of the foregoing, the District hereby covenants that it will comply with the requirements of the Tax Certificate to be executed by the District on the date of issuance of any Tax-Exempt Bonds (each, a "Tax Certificate"). The provisions of this subsection (a) shall survive payment in full or defeasance of the Tax-Exempt Bonds.

(b) *Yield Restriction.* In the event that at any time the District is of the opinion that for purposes of this Section it is necessary or helpful to restrict or limit the yield on the investment of any monies held by the County Treasurer on behalf of the District, in accordance with this Resolution or pursuant to law, the District shall so request of the County Treasurer in writing, and the District shall make its best efforts to ensure that the County Treasurer shall take such action as may be necessary in accordance with such instructions so that the Tax-Exempt Bonds will not constitute arbitrage bonds under Section 148 of the Code and the applicable Treasury Regulations promulgated under that section.

(c) *Private Activity.* The District will not take or omit to take any action or make any use of the proceeds of the Tax-Exempt Bonds or of any other moneys or property which would cause the Tax-Exempt Bonds to be "private activity" bonds within the meaning of Section 141 of the Code.

(d) *Arbitrage.* The District will make no use of the proceeds of the Tax-Exempt Bonds or of any other amounts or property, regardless of the source, or take or omit to take any action which would cause the Tax-Exempt Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code.

(e) *Federal Guarantee.* The District will make no use of the proceeds of the Tax-Exempt Bonds or take or omit to take any action that would cause the Tax-Exempt Bonds to be "federally guaranteed" within the meaning of Section 149(b) of the Code.

(f) *Hedge Bonds.* The District will make no use of the proceeds of the Tax-Exempt Bonds or any other amounts or property, regardless of the source, or take any action or refrain from taking any action that would cause either the Tax-Exempt Bonds to be considered "hedge bonds" within the meaning of Section 149(g) of the Code unless the District takes all necessary action to assure compliance with the requirements of Section 149(g) of the Code to maintain the exclusion from gross income of interest on the Tax-Exempt Bonds for federal income tax purposes.

(g) *Information Reporting.* The District will take or cause to be taken all necessary action to comply with the informational reporting requirement of Section 149(e) of the Code.

(h) *Reliance on Opinion of Tax Counsel.* Notwithstanding any provision of this Section, if the District shall provide to the County Treasurer an Opinion of Tax Counsel that any specified action required under this Section is no longer required or that some further or different action is required to maintain the exclusion from federal income tax of interest on Bonds not issued as Taxable Bonds under Section 103 of the Code, the County Treasurer may conclusively rely on such Opinion of Tax Counsel in complying with the requirements of

this Section and of each Tax Certificate with respect to the Bonds not issued as Taxable Bonds, and the covenants hereunder shall be deemed to be modified to that extent.

Section 14. Professional Services. In connection with the issuance of the Bonds, Public Resources Advisory Group is hereby appointed to serve as Municipal Advisor (the **"Municipal Advisor"**) to the District, and Dannis Woliver Kelley is hereby appointed to serve as Bond Counsel and Disclosure Counsel to the District.

Section 15. Delegation of Authority. Each Authorized Officer is hereby authorized and directed to, or to authorize in writing any officer or employee of the District to, execute and deliver, for and on behalf of the District, any and all documents and instruments and to do and cause to be done any and all acts and things necessary or advisable in order to consummate the transactions contemplated by this Resolution and otherwise to carry out, give effect to and comply with the terms and intent of this Resolution, the Bond Purchase Agreement, and the Continuing Disclosure Certificate. Without limiting the generality of the foregoing, the President of this Board of Education, the Executive Officer of this Board of Education, and any Authorized Officer are hereby authorized and directed to execute and deliver any and all agreements, certificates and representations, including but not limited to (i) signature certificates, no litigation certificates, and certificates concerning the contents of the Preliminary Official Statement and the Official Statement, (ii) representation letters to The Depository Trust Company, (iii) the Tax Certificate, (iv) a costs administrator agreement, (v) any other certificates proposed to be delivered in connection with the sale or issuance of the Bonds, (vi) any Investment Agreements entered into pursuant to the authority granted hereunder, and (vii) and any other agreements, letters, documents, certificates or representations, which any of them deem necessary and desirable to accomplish the transactions authorized herein.

(a) Section 16. Approval of Actions. All actions heretofore taken by the officers and agents of this Board of Education with respect to the Bonds are hereby approved, confirmed, and ratified.

(b) Section 17. Filing with the County. Pursuant to Section 15140 of the Education Code of the State, the Executive Officer of this Board of Education is hereby authorized and directed to file a certified copy of this Resolution with the Executive Officer-Clerk of the Board of Supervisors of the County, the County Auditor-Controller, and the County Treasurer.

(c) Section 18. Severability. In the event any provision of this Resolution shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

(d) Section 19. Contract with Bondholders. The provisions of this Resolution shall be a contract with each and every owner of Bonds and the duties of the District and of the Board of Education and the officers of the District shall be enforceable by any owner of Bonds by mandamus or other appropriate suit, action or proceeding in any court of competent jurisdiction.

(e) Section 20. Amendments. This Resolution may be modified or amended without the consent of the Owners in order to cure ambiguities or provide clarification, provided that such modification or amendment does not materially adversely affect the rights of Owners of Bonds. For any other purpose, this Resolution may be modified or amended only with the consent of the Owners of a majority of the aggregate principal amount of all

Bonds then outstanding. No such modification or amendment shall extend the maturity of, reduce the interest rate or redemption premium on or principal amount of Bonds or reduce the percentage of consent required for amendment hereof without the express consent of all the Owners so affected.

Section 21. Effective Date. This Resolution shall take effect from and after its adoption.

PASSED AND ADOPTED this 3rd day of June, 2025, by the Board of Education of the Los Angeles Unified School District.

By: _____
Executive Officer, Board of Education

EXHIBIT AGOVERNMENT CODE SECTION 5852.1 DISCLOSURE AND
COSTS OF ISSUANCE ESTIMATES

In accordance with Section 5852.1(a)(1) of the California Government Code and Section 15146(b)(1)(D) of the California Education Code, the following information was obtained from Public Resources Advisory Group, as the District's Municipal Advisor, with respect to the Bonds approved in the attached Resolution (the "Bonds") assuming the principal amount of the Bonds is \$700,000,000:

1. True Interest Cost of the Bonds. Based on market interest rates prevailing at the time of preparation of this information, a good faith estimate of the true interest cost of the New Money Bonds, which means the rate necessary to discount the amounts payable on the respective principal and interest payment dates to the purchase price received for the Bonds, is 4.39%.

2. Finance Charge of the Bonds. Based on market interest rates prevailing at the time of preparation of this information, a good faith estimate of the finance charge of the Bonds, which means the sum of all fees and charges paid to third parties (or costs associated with the Bonds), is \$2,339,167.

3. Amount of Proceeds to be received. Based on market interest rates prevailing at the time of preparation of this information, a good faith estimate of the amount of proceeds expected to be received by the District for sale of the Bonds less the finance charge of the Bonds described in paragraph 2 above and any reserves or capitalized interest paid or funded with proceeds of the Bonds, is \$697,660,833.

4. Total Payment Amount. Based on market interest rates prevailing at the time of preparation of this information, a good faith estimate of the total payment amount, which means the sum total of all payments the District will make to pay debt service on the Bonds plus the finance charge of the Bonds described in paragraph 2 above not paid with the proceeds of the Bonds, calculated to the final maturity of the Bonds, is \$1,155,283,628.

Attention is directed to the fact that the foregoing information constitutes good faith estimates only. The actual interest cost, finance charges, amount of proceeds and total payment amount may vary from the estimates above due to variations from these estimates in the timing of Bond sales, the amount of Bonds sold, the amortization of the Bonds sold and market interest rates at the time of each sale. The date or dates of sale and the amount of Bonds sold will be determined by the District based on need for project funds and other factors. The actual interest rates at which the Bonds will be sold will depend on the bond market at the time of each sale. The actual amortization of the Bonds will also depend, in part, on market interest rates at the time of each sale. Market interest rates are affected by economic and other factors **beyond the District's control. The Board of Education has approved the issuance of each series of Bonds with a maximum true interest cost of 6.00%.**

EXECUTIVE OFFICER'S CERTIFICATE

I, _____, Executive Officer of the Board of Education of the Los Angeles Unified School District, County of Los Angeles, California, hereby certify as follows:

The attached is a full, true and correct copy of a resolution duly adopted at a regular meeting of said Board of Education of said District duly and regularly held at the regular meeting place thereof on June 3, 2025, at which meeting all of the members of said Board of Education had due notice and at which a quorum thereof was present; and at said meeting said resolution was adopted by the following vote:

AYES:

NOES:

ABSTAIN:

ABSENT:

An agenda of said meeting was posted at least 72 hours before said meeting at 333 South Beaudry Avenue, Los Angeles, California, a location freely accessible to members of the public, and a brief description of said resolution appeared on said agenda. A copy of said agenda is attached hereto.

I have carefully compared the same with the adopted resolution on file and of record in my office. Said resolution has not been amended, modified or rescinded since the date of its adoption, and the same is now in full force and effect.

WITNESS my hand this ____ day of _____, 2025.

By: _____

Executive Officer of the Board of
Education of Los Angeles
Unified School District

RESOLUTION OF THE BOARD OF SUPERVISORS OF THE COUNTY OF LOS ANGELES AUTHORIZING THE ISSUANCE AND SALE OF NOT TO EXCEED \$1,000,000,000 AGGREGATE PRINCIPAL AMOUNT OF GENERAL OBLIGATION BONDS OF LOS ANGELES UNIFIED SCHOOL DISTRICT **UNDER THE DISTRICT'S MEASURE Q**, MEASURE RR AND MEASURE US BOND AUTHORIZATIONS, OR ANY COMBINATION THEREOF, IN ONE OR MORE SERIES OR SUBSERIES AND IN THE FORM OF TAX-EXEMPT OR FEDERALLY TAXABLE BONDS, BY NEGOTIATED SALE PURSUANT TO ONE OR MORE BOND PURCHASE AGREEMENTS, PRESCRIBING THE TERMS OF SALE OF THE BONDS, APPROVING THE FORMS OF AND AUTHORIZING THE EXECUTION AND DELIVERY OF ONE OR MORE BOND PURCHASE AGREEMENTS, AND AUTHORIZING THE EXECUTION OF NECESSARY DOCUMENTS AND CERTIFICATES AND RELATED ACTIONS

WHEREAS, an election was duly called and regularly held in the Los Angeles Unified School District, County of **Los Angeles, California (the "District") on November 4, 2008**, pursuant to Section 1(b)(3) of Article XIII A of the Constitution of the State of California (the **"State"**) and Chapter 1.5 of Title 1, Division 1, Part 10 of the California Education Code (the **"Act"**), and thereafter canvassed pursuant to law (**Measure Q**); and

WHEREAS, at such election there was submitted to and approved by the requisite approval of at least 55% of the qualified electors of the District voting on the measure in the election a question as to the issuance and sale of general obligation bonds of the District for various purposes set forth in the ballot submitted to the voters, in the maximum amount of \$7.00 billion, payable from the levy of an *ad valorem* tax against taxable property in the **District (the "Measure Q Authorization"); and**

WHEREAS, an election was duly called and regularly held in the District on November 3, 2020, pursuant to Section 1(b)(3) of Article XIII A of the Constitution of the State and the Act, and thereafter canvassed pursuant to law (**"Measure RR"**); and

WHEREAS, at such election there was submitted to and approved by the requisite approval of at least 55% of the qualified electors of the District voting on the measure in the election a question as to the issuance and sale of general obligation bonds of the District for various purposes set forth in the ballot submitted to the voters, in the maximum amount of \$7.00 billion, payable from the levy of an *ad valorem* tax against taxable property in the **District (the "Measure RR Authorization"); and**

WHEREAS, an election was duly called and regularly held in the District on November 5, 2024, pursuant to Section 1(b)(3) of Article XIII A of the Constitution of the State and the Act, and thereafter canvassed pursuant to law (**"Measure US"** and together with **Measure Q and Measure RR, the "Measures"**); and

WHEREAS, at such election there was submitted to and approved by the requisite approval of at least 55% of the qualified electors of the District voting on the measure in the election a question as to the issuance and sale of general obligation bonds of the District for

various purposes set forth in the ballot submitted to the voters, in the maximum amount of \$9.00 billion, payable from the levy of an *ad valorem* tax against taxable property in the District (the "Measure US Authorization"); and

WHEREAS, the Board of Education of the District (the "Board of Education") has requested this Board of Supervisors (the "Board of Supervisors") of the County of Los Angeles (the "County") to authorize and consummate the sale of bonds in one or more series or subseries, by individual Measure or combined series or subseries of multiple Measures pursuant to Section 15231 of the Education Code, and in the form of tax-exempt or federally taxable bonds, or any combination thereof, in an aggregate principal amount not exceeding \$1,000,000,000, according to the terms and in the manner hereinafter set forth (bonds issued as a separate series or subseries individually under the Measure Q Authorization and/or in combination with bonds authorized under the Measure RR Authorization and/or the Measure US Authorization, the "Measure Q Bonds," bonds issued as a separate series or subseries individually under the Measure RR Authorization and/or in combination with bonds authorized under the Measure Q Authorization and/or the Measure US Authorization, the "Measure RR Bonds" and bonds issued as a separate series or subseries individually under the Measure US Authorization and/or in combination with bonds authorized under the Measure RR Authorization and/or the Measure Q Authorization, the "Measure US Bonds", and together with the Measure Q Bonds and the Measure RR Bonds, the "Bonds"); and

WHEREAS, the Board of Education deemed it necessary and desirable that the Bonds be issued for the purpose of financing projects authorized to be financed under the Measure Q Authorization the Measure RR Authorization and the Measure US Authorization, or any combination of the foregoing; and

WHEREAS, the Board of Education has requested the Board of Supervisors to authorize the sale of the Bonds in light of current market conditions, the District's declining enrollment and budget uncertainties, the debt structuring flexibility provided and the ability to include a retail order period and to provide meaningful roles for underwriter firms of various sizes, by negotiated sale pursuant to the Bond Purchase Agreement (the "Bond Purchase Agreement"), in the form presented to this meeting to be entered into with one or more of the underwriters from the District's underwriter bench (each, an "Underwriter" and, collectively, the "Underwriters"), in accordance to the terms and in the manner set forth in a resolution duly adopted by the Board of Education on [May 13, 2025], a certified copy of which has been filed with the Executive Officer-Clerk of this Board of Supervisors (the "District Resolution"); and

WHEREAS, in the District Resolution, the Board of Education of the District found, and informed this Board of Supervisors, that all acts, conditions and things required by the Constitution and laws of the State to exist, to have happened and to have been performed precedent to and in connection with the consummation of the actions authorized by the District Resolution do exist, have happened and have been performed in regular and due time, form and manner as required by law, and that the District is now duly authorized and empowered, pursuant to each and every requirement of law, to consummate such actions for the purpose, in the manner and upon the terms provided in the District Resolution; and

WHEREAS, there have been prepared and submitted to this meeting the form of the Bond Purchase Agreement; and

WHEREAS, this Board of Supervisors accepts the representations of the Board of Education in the District Resolution that it is desirable for the Board of Supervisors to issue the Bonds on behalf of the District and to sell the Bonds by negotiated sale for the purposes for which the Bonds have been authorized on the terms and conditions set forth in the District Resolution; and

WHEREAS, applicable law mandates that the Bonds shall be offered for sale by the Board of Supervisors of the County, the County Superintendent of which has jurisdiction over the District, as soon as possible following receipt of a resolution duly adopted by the Board of Education of the District; and

WHEREAS, the Bonds will be issued by this Board of Supervisors in the name of and on behalf of the District, payable from *ad valorem* taxes to be levied on all taxable property in the District, as herein provided.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE COUNTY OF LOS ANGELES AS FOLLOWS:

Section 1. Recitals. All of the above recitals are true and correct.

Section 2. Definitions. For the purposes of this Resolution, unless the context otherwise requires, the terms defined in this Section shall, for all purposes of this Resolution, have the meanings specified herein. Terms used and not defined herein shall have the meanings set forth in the District Resolution. Unless the context otherwise indicates, words importing the singular number shall include the plural number and vice versa.

"Advance Refunded Municipal Securities" shall mean any bonds or other obligations of any state of the United States of America or of any agency, instrumentality or local government unit of any such state (i) which are not callable prior to maturity or as to which irrevocable instructions have been given to the trustee, fiscal agent or other fiduciary for such bonds or other obligations by the obligor to give due notice of redemption and to call such bonds or other obligations for redemption on the date or dates specified in such instructions, (ii) which are secured as to principal of, premium, if any, and interest by a fund consisting only of cash, direct United States or United States guaranteed obligations, or any combination thereof, which fund may be applied only to the payment of such principal of, premium, if any, and interest on such bonds or other obligations on the maturity date or dates thereof or the redemption date or dates specified in the irrevocable instructions referred to in clause (i) above, as appropriate, and (iii) as to which the principal of, premium, if any, and interest on the bonds and obligations of the character described in clause (i) above which have been deposited in such fund, along with any cash on deposit in such fund, have been verified by an independent certified public accountant as being sufficient to pay principal of, premium, if any, and interest on such bonds or other obligations on the maturity date or dates thereof or on the redemption date or dates specified in the irrevocable instructions referred to in clause (i) above, as applicable.

"Authorized Officer" means the officers of the County, including the County Treasurer, the Deputy Treasurer and their authorized representatives, authorized to act with regard to general obligation bond matters.

"Authorized District Officer" shall mean any of the Chief Financial Officer, the Deputy Chief Financial Officer, the Controller and the Deputy Controller.

"Board of Education" shall mean the Board of Education of the District.

"Board of Supervisors" shall mean the Board of Supervisors of the County.

"Bonds" shall mean the bonds authorized and issued pursuant to this Resolution, at the request of the District pursuant to the District Resolution.

"Building Fund" means the Building Fund established pursuant to Section 13 of this Resolution.

"Business Day" shall mean a day which is not a Saturday, Sunday or a day on which banking institutions in the State or the State of New York and the New York Stock Exchange are authorized or required to be closed.

"Cede & Co." shall mean Cede & Co., the nominee of DTC, and any successor nominee of DTC with respect to the Bonds.

"Chair of this Board of Supervisors" shall mean the Chair, Chairman or Mayor of the Board of Supervisors of the County of Los Angeles, California.

"Chief Financial Officer" shall mean the Chief Financial Officer of the District or any designee of the Chief Financial Officer of the District.

"Clerk" shall mean the Executive Officer-Clerk of the Board of Supervisors of the County or an authorized deputy of such officer.

"Code" shall mean the Internal Revenue Code of 1986.

"Controller" shall mean the Controller of the District or any designee of the Controller of the District.

"Costs of Issuance" means all of the authorized costs of issuing the Bonds as described in Section 15145(a) of the Education Code, including but not limited to, all printing and document preparation expenses in connection with this Resolution, the Bonds and the preliminary Official Statement and Official Statement pertaining to the Bonds and any and all other agreements, instruments, certificates or other documents prepared in connection therewith; rating agency fees; auditor's fees; CUSIP service bureau charges; legal fees and expenses of counsel with respect to the financing, including the fees and expenses of Bond Counsel and Disclosure Counsel; the fees and expenses of the Municipal Advisor; the fees and

expenses of the Paying Agent; fees for credit enhancement (if any) relating to the Bonds; and other fees and expenses incurred in connection with the issuance of the Bonds, to the extent such fees and expenses are approved by the District.

"County" shall mean the County of Los Angeles.

"County Auditor-Controller" shall mean the Auditor-Controller of the County or any authorized deputy thereof.

"County Treasurer" shall mean the Treasurer and Tax Collector of the County or any authorized deputy thereof.

"Defeasance Securities" shall mean (i) non-callable direct and general obligations of the United States of America (including state and local government series), or obligations that are unconditionally guaranteed as to principal and interest by the United States of America, including (in the case of direct and general obligations of the United States of America), evidences of direct ownership of proportionate interests in future interest or principal payments of such obligations; provided that investments in such proportionate interests must be limited to circumstances wherein

(a) a bank or trust company acts as custodian and holds the underlying United States obligations;

(b) the owner of the investment is the real party in interest and has the right to proceed directly and individually against the obligor of the underlying United States obligations; and (c) the underlying United States obligations are held in a special account, segregated from the custodian's general assets, and are not available to satisfy any claim of the custodian, any person claiming through the custodian, or any person to whom the custodian may be obligated;

(ii) non-callable obligations of government sponsored agencies that are rated in one of the two highest rating categories assigned by S&P or Moody's but are not guaranteed by a pledge of the full faith and credit of the United States of America; and (iii) Advance Refunded Municipal Securities.

"Deputy Chief Financial Officer" shall mean the Deputy Chief Financial Officer of the District or any designee of the Deputy Chief Financial Officer of the District.

"Deputy Controller" shall mean the Deputy Controller of the District or any designee of the Deputy Controller of the District.

"District" shall mean the Los Angeles Unified School District.

"District Resolution" means the Resolution of the District adopted on June 3, 2025 requesting the Board of Supervisors to sell the Bonds.

"DTC" shall mean The Depository Trust Company, New York, New York, and its successors and assigns.

"Interest Payment Date" shall mean each January 1 and July 1 of each year, commencing on the date set forth in the Bond Purchase Agreement, as applicable, until the

final maturity of the Bonds and the final maturity date of the Bonds or such other dates as shall be set forth in the Bond Purchase Agreement, as applicable.

"Interest and Sinking Fund" shall mean the interest and sinking fund of the District designated to correspond to the applicable general obligation bonds or general obligation refunding bonds of the District and related voter-approved bond measure of the District established for such bonds and used only for payment of principal of and interest on such bonds.

"Investment Agreements" shall mean, collectively, investment agreements, guaranteed investment contracts, float contracts or other investment products subject to the requirements set forth in Section 13 hereof.

"Letter of Representations" shall mean the blanket letter of representations from the District to DTC with respect to the Bonds, as such blanket letter of representations may be amended, supplemented or otherwise modified and in effect from time to time.

"Moody's" means Moody's Investors Service, Inc., a corporation duly organized and existing under the laws of the State of Delaware, and its successors and assigns, except that if such entity shall be dissolved or liquidated or shall no longer perform the functions of a securities rating agency, then the term **"Moody's"** shall be deemed to refer to any other nationally recognized securities rating agency selected by the District.

"Municipal Advisor" means, in accordance with the District Resolution, Public Resources Advisory Group.

"Official Statement" means the Official Statement of the District relating to a series of Bonds.

"Owner" shall mean with respect to any Bond, the Person in whose name such Bond is registered on the Registration Books.

"Paying Agent" shall mean the County Treasurer or any bank, trust company, national banking association or other financial institution appointed as authenticating agent, bond registrar, transfer agent and paying agent for the Bonds in the manner provided in this Resolution.

"Person" shall mean an individual, corporation, limited liability company, firm, association, partnership, trust, or other legal entity or group of entities, including a governmental entity or any agency or political subdivision thereof.

"Record Date" shall mean, with respect to any Interest Payment Date for Bonds, the close of business on the 15th day of the month preceding an Interest Payment Date for such Bonds or such other date or dates as shall be set forth in the related Bond Purchase Agreement, as applicable.

"Registration Books" shall mean the records maintained by the Paying Agent for the registration of ownership and registration of transfer of the Bonds, as defined in this Resolution.

"Resolution" shall mean this Resolution of the Board of Supervisors.

"Resolutions" shall mean, collectively, this Resolution and the District Resolution.

"Securities Act" shall mean the Securities Act of 1933, as amended.

"State" shall mean the State of California.

"S&P" means Standard & Poor's Ratings Services, a Standard & Poor's Financial Services LLC business duly organized and existing under the laws of the State of New York, and its successors and assigns, except that if such entity shall be dissolved or liquidated or shall no longer perform the functions of a securities rating agency, then the term "S&P" shall be deemed to refer to any other nationally recognized securities rating agency selected by the District.

"Tax Certificate" shall mean the Tax Certificate with respect to the Bonds issued as Tax-Exempt Bonds, executed by the District, dated the date of issuance of such Bonds.

"Tax-Exempt Bonds" shall mean the series or subseries of the Bonds bearing interest that is excluded from the gross income of the holders thereof for federal income tax purposes, whether or not such interest is includable as an item of tax preference or otherwise includable directly or indirectly for purposes of calculating other tax liabilities, including any alternative minimum tax or environmental tax under the Code.

"Taxable Bonds" shall mean the series or subseries of the Bonds bearing interest that is included in gross income for federal income tax purposes under Section 103 of the Code.

Section 3. District Resolution Incorporated. The Board of Supervisors hereby acknowledges receipt of the District Resolution. The District Resolution is incorporated herein by reference and all of the provisions thereof are made a part hereof and shall be applicable to the bonds herein provided for, except as herein otherwise expressly provided.

Section 4. Authorization and Designation of the Bonds; Purpose of Bonds.

(a) *Authorization and Designation.* This Board of Supervisors hereby authorizes, in the name of and on behalf of the District, the issuance and sale, by a negotiated sale of Bonds pursuant to the Measures, in one or more series or subseries, in an aggregate principal amount not exceeding \$1,000,000,000, and designates each series or subseries of the Bonds as the **"Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds,"** with appropriate election, series, subseries and other designations as may be set forth in the Bond Purchase Agreement.

(b) *Purpose of Bonds.* The proceeds of the Bonds, exclusive of any premium and accrued interest received, shall be applied to finance projects authorized to be financed under

the Measures, and to pay all necessary legal, financial, engineering and contingent costs in connection therewith.

Section 5. Form of Bonds; Execution. (a) *Form of Bonds.* The Bonds shall be issued in **fully registered form without coupons. The Bonds, and the paying agent's certificate of authentication and registration and the form of assignment to appear on each of them, shall be in substantially the form attached hereto as Exhibit A, with necessary or appropriate variations, omissions and insertions as permitted or required by this Resolution, including such variations, omissions and insertions as are necessary to reflect the terms, conditions and limitations contained in this Resolution.**

(b) *Execution of Bonds.* The Bonds shall be signed by the manual or facsimile signatures of the Chair of the Board of Supervisors and the County Treasurer, and countersigned by the manual or facsimile signature of the Clerk of the Board of Supervisors. The Bonds shall be authenticated by a manual signature of a duly authorized officer of the Paying Agent.

(c) *Valid Authentication.* Only such of the Bonds as shall bear thereon a certificate of authentication and registration in the form set forth in Exhibit A executed by the Paying Agent shall be valid or obligatory for any purpose or entitled to the benefits of this Resolution, and such certificate of the Paying Agent shall be conclusive evidence that the Bonds so authenticated have been duly authenticated and delivered hereunder and are entitled to the benefits of this Resolution.

(d) *Identifying Number.* The Paying Agent shall assign each Bond authenticated and registered by it a distinctive letter, or number, or letter and number, and shall maintain a record thereof at its principal corporate trust office, which record shall be available to the District and the County for inspection.

Section 6. Terms of Bonds. (a) *Date of Bonds.* Each Bond shall be dated the date of delivery or such other date as shall be set forth in the Bond Purchase Agreement.

(b) *Denominations.* The Bonds shall be issued in denominations of \$5,000 principal amount or any integral multiple thereof.

(c) *Maturity.* The Bonds shall mature on the dates, in each of the years, in the principal amounts and in the aggregate principal amount as shall be set forth in the Bond Purchase Agreement. No Bond shall mature later than the date which is 25 years from the date of such Bond.

(d) *Interest.* The Bonds shall bear interest at an interest rate or rates not to exceed 8.00% per annum, payable on the Interest Payment Dates in each year computed on the basis of a 360-day year of twelve 30-day months (or on such other basis as shall be set forth in the Bond Purchase Agreement). Each Bond shall bear interest from the Interest Payment Date for such Bond next preceding the date of authentication thereof, unless it is authenticated as of a date during the period from the Record Date next preceding an Interest Payment Date for such Bond to such Interest Payment Date, inclusive, in which event it shall bear interest from such Interest Payment Date, or unless it is authenticated on or before the Record Date

preceding the first Interest Payment Date for such Bond, in which event it shall bear interest from its dated date; provided, however, that if, at the time of authentication of any Bond, interest is in default on any outstanding Bonds of such series or subseries, such Bond shall bear interest from the Interest Payment Date to which interest has previously been paid or made available for payment on the outstanding Bonds of such series or subseries. If provided in the Bond Purchase Agreement, Bonds may have different interest rates for separately defined periods of the term thereof as set forth in the Bond Purchase Agreement.

(e) *Tax-Exempt or Taxable Bonds.* The Bonds may be issued as Tax-Exempt Bonds or Taxable Bonds, or any combination thereof. The Board of Supervisors hereby finds and determines that, pursuant to Section 5903 of the California Government Code, the interest payable on any portion of the Bonds issued as Taxable Bonds will be subject to federal income taxation under the Code in existence on the date of issuance of such Bonds.

Section 7. Payment of Bonds. (a) *Tax Levy.* The money for the payment of principal, redemption premium, if any, and interest with respect to the Bonds shall be raised by taxation upon all taxable property in the District and provision shall be made for the levy and collection of such taxes in the manner provided by law and for such payment out of the Interest and Sinking Fund of the District for the related series or subseries of Bonds as provided in Section 15146 of the Education Code, and the Board of Supervisors hereby covenants to annually levy *ad valorem* taxes for the payment of the Bonds on all property in the District subject to taxation by the District without limitation as to rate or amount (except certain personal property which is taxable at limited rates). The tax levied for each Measure is levied specifically for the purpose of paying each series or subseries of Bonds issued to finance the projects specified in such Measure and for no other purpose.

(b) *Principal.* The principal of the Bonds shall be payable in lawful money of the United States of America to the Owner thereof, upon the surrender thereof at the principal corporate trust office of the Paying Agent.

(c) *Interest; Record Date.* The interest on each series or subseries of Bonds shall be payable on each Interest Payment Date in lawful money of the United States of America to the Owner thereof as of the Record Date preceding such Interest Payment Date, such interest to be paid by check or draft mailed on such Interest Payment Date (if a business day, or on the next business day if the Interest Payment Date does not fall on a business day) **to such Owner at such Owner's address as it appears on the Registration Books or at such address as the Owner may have filed with the Paying Agent for that purpose except that the payment shall be made by wire transfer of immediately available funds to any Owner of at least \$1,000,000 of outstanding Bonds of a Series who shall have requested in writing such method of payment of interest prior to the close of business on the Record Date immediately preceding any Interest Payment Date. So long as Cede & Co. or its registered assigns shall be the Owner of the Bonds, payment shall be made in immediately available funds as provided in Section 10(e) hereof.**

(d) *Interest and Sinking Fund; Obligation of the District.* Principal, redemption premium, if any, and interest due on Bonds shall be paid from the Interest and Sinking Fund of the District established for such Bonds as provided in Section 15146 of the Education Code. No

part of any fund of the County is pledged or obligated to the payment of the Bonds. The obligation for repayment of the Bonds is the sole obligation of the District.

(e) *Pledge of Taxes.* Pursuant to the District Resolution, the District pledges, and grants a lien on and security interest in, all revenues from the property taxes collected from the levy by the Board of Supervisors with respect to each Measure for payment of Bonds issued under such Measures of the District and all amounts on deposit in any Interest and Sinking Fund of the District for the payment of the principal or redemption price of and interest on such Bonds. The District Resolution provides that this pledge and grant shall be valid and binding from the date of adoption of the District Resolution for the benefit of the owners of such Bonds and successors thereto. The District Resolution further provides that the property taxes and amounts held in each Interest and Sinking Fund of the District shall be immediately subject to this pledge and grant, and this pledge and grant shall constitute a lien and security interest which shall immediately attach to the property taxes and amounts held in such Interest and Sinking Fund of the District to secure the payment of such Bonds and shall be effective, binding, and enforceable against the District, its successors, creditors and all others irrespective of whether those parties have notice of the pledge or grant, and without the need of any physical delivery, recordation, filing, or further act.

The District Resolution provides that this pledge and grant is an agreement between the District and the owners of each series of Bonds and of each issue of outstanding general obligation bonds and general obligation refunding bonds to provide security for each series of Bonds and all such other general obligation bonds and general obligation refunding bonds of the District in addition to any statutory lien that may exist, and each such issue of general obligation bonds and general obligation refunding bonds of the District are or were issued to finance or refinance, as applicable, one or more of the projects specified in such Measure and not to finance the general purposes of the District. For the avoidance of doubt, in accordance with Section 15251 of the Education Code, such Bonds are also automatically secured by a statutory lien on all revenues received pursuant to the levy and collection of the tax for each Measure.

(f) *Insurance.* The payment of principal of and interest on all or a portion of the Bonds may be secured by a municipal bond insurance policy as shall be described in the Bond Purchase Agreement. The Bond Purchase Agreement may provide that no municipal bond insurance policy shall be obtained. The District Resolution provides that certain officers of the District are authorized to apply for, or cause to be applied for, municipal bond insurance for the Bonds, and to execute and deliver a contract or contracts in order to obtain such insurance if doing so puts such Bonds (or portion thereof) and the marketing thereof on an economically advantageous basis, and is deemed to be in the best interests of the District, such determination to be conclusively evidenced by the execution and delivery of such contract.

Section 8. Redemption Provisions. (a) *Optional Redemption.* The Bonds of each series or subseries may be subject to redemption, at the option of the District, on the dates and terms as shall be designated in the related Bond Purchase Agreement. The related Bond Purchase Agreement may provide that the Bonds of a series or subseries shall not be subject to optional redemption.

(b) *Selection.* If less than all of the Bonds of a series or subseries, if any, are subject to such redemption and are called for redemption, such Bonds shall be redeemed as directed by the District (or as otherwise set forth in the related Bond Purchase Agreement), and if less than all of the Bonds of any given maturity of a series or subseries are called for redemption, the portions of such Bonds of a given maturity to be redeemed shall be determined by lot (or as otherwise set forth in the related Bond Purchase Agreement).

(c) *Mandatory Sinking Fund Redemption.* The Bonds, if any, which are designated in the related Bond Purchase Agreement as term bonds shall also be subject to redemption prior to their stated maturity dates, without a redemption premium, in part by lot or as otherwise directed by the District (or as otherwise set forth in the related Bond Purchase Agreement), from mandatory sinking fund payments in the amounts and in accordance with the terms to be specified in the Bond Purchase Agreement. Unless otherwise provided in the related Bond Purchase Agreement, the principal amount of each mandatory sinking fund payment of any maturity shall be reduced proportionately or as otherwise directed by the District by the amount of any Bonds of that maturity redeemed in accordance with subsection (a) of this Section prior to the mandatory sinking fund payment date. The related Bond Purchase Agreement may provide that the Bonds shall not be subject to mandatory sinking fund redemption. The County Auditor-Controller is hereby authorized to create such sinking funds or accounts for the term Bonds as shall be necessary to accomplish the purposes of this Section.

(d) *Notice of Redemption.* Notice of any redemption of the Bonds of a series or subseries shall be mailed by the Paying Agent, postage prepaid, not less than 20 nor more than 60 days prior to the redemption date (i) by first class mail to the County and the respective Owners thereof at the addresses appearing on the Registration Books, and (ii) as may be further required in accordance with the Continuing Disclosure Certificate.

Each notice of redemption shall state (i) the date of such notice; (ii) the name of the series or subseries of Bonds and the date of issue of such series or subseries of Bonds; (iii) the redemption date; (iv) the redemption price; (v) the dates of maturity or maturities of Bonds to be redeemed; (vi) if less than all of the Bonds of any maturity of a series or subseries are to be redeemed, the distinctive numbers of the Bonds of each maturity of such series or subseries to be redeemed; (vii) in the case of Bonds of a series or subseries redeemed in part only, the respective portions of the principal amount of the Bonds of each maturity of such series or subseries to be redeemed; (viii) the CUSIP number, if any, of each maturity of Bonds to be redeemed; (ix) a statement that such Bonds must be surrendered by the Owners at the principal corporate trust office of the Paying Agent, or at such other place or places designated by the Paying Agent; (x) notice that further interest on such Bonds will not accrue after the designated redemption date; and (xi) in the case of a conditional notice, that such notice is conditioned upon certain circumstances and the manner of rescinding such conditional notice.

(e) *Effect of Notice.* A certificate of the Paying Agent that the notice of redemption that has been given to Owners as herein provided shall be conclusive as against all parties. Neither the failure to receive the notice of redemption as provided in this Section, nor any defect in such notice shall affect the sufficiency of the proceedings for the redemption of the Bonds called for redemption or the cessation of interest on the date fixed for redemption.

When notice of redemption has been given substantially as provided for herein, and when the redemption price of the Bonds called for redemption is set aside for the purpose as described in subsection (g) of this Section, the Bonds designated for redemption shall become due and payable on the specified redemption date and interest shall cease to accrue thereon as of the redemption date, and upon presentation and surrender of such Bonds at the place specified in the notice of redemption, such Bonds shall be redeemed and paid at the redemption price thereof out of the money provided therefor. The Owners of such Bonds so called for redemption after such redemption date shall be entitled to payment thereof only from the related Interest and Sinking Fund or the trust fund established for such purpose. All Bonds redeemed shall be cancelled forthwith by the Paying Agent and shall not be reissued.

(f) *Right to Rescind Notice.* The District may rescind any optional redemption and notice thereof for any reason on any date prior to the date fixed for redemption by causing written notice of the rescission to be given to the owners of the Bonds so called for redemption. Any optional redemption and notice thereof shall be rescinded if for any reason on the date fixed for redemption moneys are not available in the related Interest and Sinking Fund or otherwise held in trust for such purpose in an amount sufficient to pay in full on said date the principal of and premium, if any, and interest due on the Bonds called for redemption. Notice of rescission of redemption shall be given in the same manner in which notice of redemption was originally given. The actual receipt by the owner of any Bond of notice of such rescission shall not be a condition precedent to rescission, and failure to receive such notice or any defect in such notice shall not affect the validity of the rescission.

(g) *Funds for Redemption.* Prior to or on the redemption date of any Bonds there shall be available in the related Interest and Sinking Fund of the District, or held in trust for such purpose as provided by law, monies for the purpose and sufficient to redeem, at the redemption prices as in this Resolution provided, the Bonds designated in the notice of redemption. Such monies shall be applied on or after the redemption date solely for payment of principal of and premium, if any, and interest due on the Bonds to be redeemed upon presentation and surrender of such Bonds, provided that all monies in the related Interest and Sinking Fund of the District shall be used for the purposes established and permitted by law. Any interest due on or prior to the redemption date shall be paid from the related Interest and Sinking Fund of the District, unless otherwise provided to be paid from such monies held in trust. If, after all of the Bonds have been redeemed and cancelled or paid and cancelled, there are monies remaining in the related Interest and Sinking Fund of the District or otherwise held in trust for the payment of redemption price of the Bonds, the monies shall be held in or returned or transferred to any Interest and Sinking Fund of the District for payment of any outstanding bonds of the District payable from such fund; provided, however, that if the monies are part of the proceeds of bonds of the District, the monies shall be transferred to the fund created for the payment of principal of and interest on such bonds. If no such bonds of the District are at such time outstanding, the monies shall be transferred to the general fund of the District as provided and permitted by law.

(h) *Defeasance of Bonds.* If at any time the District shall pay or cause to be paid or there shall otherwise be paid to the Owners of any or all of the outstanding Bonds of a series or subseries all or any part of the principal of and premium, if any, and interest on

such Bonds at the times and in the manner provided herein and in such Bonds, or as provided in the following paragraph, or as otherwise provided by law consistent herewith, then such Owners of such Bonds shall cease to be entitled to the obligation of the District as provided in Section 7 hereof, and such obligation and all agreements and covenants of the District and of the County to such Owners hereunder and under such Bonds shall thereupon be satisfied and discharged and shall terminate, except only that the District shall remain liable for payment of all principal of and premium, if any, and interest on such Bonds, but only out of monies on deposit in the related Interest and Sinking Fund or otherwise held in trust for such payment; and provided further, however, that the provisions of subsection (i) of this Section shall apply in all events.

For purposes of this Section, the District may pay and discharge any or all of the Bonds of a series or subseries by depositing in trust with the Paying Agent or an escrow agent, selected by the District, at or before maturity, money and/or Defeasance Securities, in an amount which will, together with the interest to accrue thereon and available monies then on deposit in the related Interest and Sinking Fund of the District, be fully sufficient to pay and discharge the indebtedness on such Bonds (including all principal, interest and redemption premiums) at or before their respective maturity dates.

(i) *Unclaimed Monies.* Any money held in any fund created pursuant to this Resolution, or by the Paying Agent or an escrow agent in trust, for the payment of the principal of, premium, if any, or interest on a Series of Bonds and remaining unclaimed for two years after the principal of all of such Series of Bonds has become due and payable (whether by maturity or upon prior redemption) shall be transferred to any Interest and Sinking Fund of the District for payment of any outstanding bonds of the District payable from that fund; or, if no such bonds of the District are at such time outstanding, the monies shall be transferred to the general fund of the District as provided and permitted by law.

Section 9. Paying Agent and Disbursement Agent. (a) *Appointment; Payment of Fees and Expenses.* This Board of Supervisors hereby consents to and confirms the appointment of the County Treasurer or the County Treasurer's third-party designee to act as initial Paying Agent for the Bonds under this Resolution. The County Treasurer is authorized to contract with a third party to perform the services of Paying Agent hereunder. All fees and expenses of the Paying Agent shall be the sole responsibility of the District, and to the extent not paid from the proceeds of sale of the Bonds, or from the related Interest and Sinking Fund, insofar as permitted by law, including specifically by Section 15232 of the Education Code, such fees and expenses shall be paid by the District.

(b) *Resignation, Removal and Replacement of Paying Agent.* The Paying Agent initially appointed or any successor Paying Agent may resign from service as Paying Agent and may be removed at any time by the County Treasurer. If at any time the Paying Agent shall resign or be removed, the County Treasurer shall appoint a successor Paying Agent, which shall be any bank, trust company, national banking association or other financial institution doing business in and having a corporate trust office in California, with at least \$100,000,000 in net assets.

(c) *Principal Corporate Trust Office.* Unless otherwise specifically noted, any reference herein to the Paying Agent shall initially mean the County Treasurer and the designated agents thereof or the successors or assigns thereof, acting in the capacity of Paying Agent, and any reference herein to the **"principal corporate trust office" of the Paying Agent** for purposes of transfer, registration, exchange, payment, and surrender of the Bonds shall initially mean the office of the County Treasurer or the principal corporate trust office of his designated agent bank or other office of his designated agent bank designated thereby for a **particular purpose; provided, however, that in the event that "Paying Agent" shall refer to any successor paying agent, bond registrar, authenticating agent or transfer agent for the Bonds, "principal corporate trust office" shall include the principal corporate trust office or other office of such successor Paying Agent designated thereby for a particular purpose.**

(d) *Registration Books.* The Paying Agent shall keep or cause to be kept at its principal corporate trust office sufficient books for the registration and transfer of the Bonds, which shall at all times be open to inspection by the District and the County, and, upon presentation for such purpose, the Paying Agent shall, under such reasonable regulations as it may prescribe, register or transfer or cause to be registered or transferred on the Registration Books, Bonds as provided in Sections 10 and 11 hereof. The Paying Agent shall keep accurate records of all funds administered by it and of all Bonds paid and discharged by it. Such records shall be provided, upon reasonable request, to the District or the County in a format mutually agreeable to the Paying Agent and the District and/or the County.

Section 10. Transfer Under Book-Entry System; Discontinuation of Book-Entry System. (a) Unless otherwise specified in the Bond Purchase Agreement, DTC is hereby appointed depository for each series and subseries of Bonds and each series and subseries of Bonds shall be issued in book-entry form only, and shall be initially registered **in the name of "Cede & Co.," as nominee of DTC ("Cede & Co.")**. **One bond certificate shall** be issued for each maturity of each series or subseries of Bonds; provided, however, that if different CUSIP numbers are assigned to Bonds of a series or subseries maturing in a single year or, if Bonds of a series or subseries maturing in a single year are issued with different interest rates, additional bond certificates shall be prepared for each such maturity. Registered ownership of such Bonds of each such maturity, or any portion thereof, may not thereafter be transferred except as provided in this Section or Section 11 hereof:

(i) To any successor of DTC, or its nominee, or to any substitute depository designated pursuant to **clause (ii) of this Section (a "substitute depository")**; provided, however that any successor of DTC, as nominee of DTC or substitute depository, shall be qualified under any applicable laws to provide the services proposed to be provided by it;

(ii) To any substitute depository not objected to by the District, upon (1) the resignation of DTC or its successor (or any substitute depository or its successor) from its functions as depository, or (2) a determination by the District to substitute another depository for DTC (or its successor) because DTC or its successor (or any substitute depository or its successor) is no longer able to carry out its functions as depository; provided, that any such substitute depository shall be qualified under any applicable laws to provide the services proposed to be provided by it; or

(iii) To any person as provided below, upon (1) the resignation of DTC or its successor (or substitute depository or its successor) from its functions as depository; provided that no substitute depository which is not objected to by the District can be obtained, or (2) a determination by the District that it is in the best interests of the District to remove DTC or its successor (or any substitute depository or its successor) from its functions as depository.

(b) In the case of any transfer pursuant to clause (i) or clause (ii) of subsection (a) of this Section, upon receipt of the outstanding Bonds by the Paying Agent, together with a written request of the District to the Paying Agent, a new Bond for each maturity of each series and subseries shall be executed and delivered (in the aggregate principal amount of such Bonds then outstanding), registered in the name of such successor or such substitute depository, or their nominees, as the case may be, all as specified in such written request of the District. In the case of any transfer pursuant to clause (iii) of subsection (a) of this Section, upon receipt of the outstanding Bonds by the Paying Agent together with a written request of the District to the Paying Agent, new Bonds shall be executed and delivered in such denominations, numbered in the manner determined by the Paying Agent, and registered in the names of such persons, as are requested in such written request of the District, and thereafter, the Bonds shall be transferred pursuant to the provisions set forth in Section 11 hereof; provided, however, that the Paying Agent shall not be required to deliver such new Bonds within a period of less than 60 days after the receipt of any such written request of the District.

(c) In the case of partial redemption or an advance refunding of a series or subseries of Bonds evidencing all or a portion of the principal amount then outstanding, DTC shall make an appropriate notation on the Bonds of such series or subseries indicating the date and amounts of such reduction in principal.

(d) The District and the Paying Agent shall be entitled to treat the person in whose name any Bond is registered as the owner thereof, notwithstanding any notice to the contrary received by the District or the Paying Agent; and the District and the Paying Agent shall have no responsibility for transmitting payments to, communicating with, notifying, or otherwise dealing with any beneficial owners of the Bonds, and neither the District nor the Paying Agent shall have any responsibility or obligation, legal or otherwise, to the beneficial owners or to any other party, including DTC or its successor (or substitute depository or its successor), except for the Owner of any Bonds.

(e) So long as the outstanding Bonds are registered in the name of Cede & Co. or its registered assigns, the District and the Paying Agent shall cooperate with Cede & Co., as sole registered Owner, or its registered assigns in effecting payment of the principal of and interest on the Bonds by arranging for payment in such manner that funds for such payments are properly identified and are made immediately available on the date they are due.

Section 11. Transfer and Exchange. (a) *Transfer.* Following the termination or removal of DTC or successor depository pursuant to Section 10 hereof, any Bond may, in accordance with its terms, be transferred, upon the books required to be kept pursuant to the provisions of Section 9(d) hereof, by the Owner thereof, in person or by the duly authorized attorney of such Owner, upon surrender of such Bond to the Paying Agent for

cancellation, accompanied by delivery of a duly executed written instrument of transfer in a form approved by the Paying Agent.

Whenever any Bond or Bonds shall be surrendered for transfer, the designated County officials shall execute and the Paying Agent shall authenticate and deliver, as provided in Section 5, a new Bond or Bonds of the same series, subseries, maturity, interest payment dates and interest rates for a like aggregate principal amount. The Paying Agent may require the payment by any Owner of Bonds requesting any such transfer of any tax or other governmental charge required to be paid with respect to such transfer.

No transfer of any Bond shall be required to be made by the Paying Agent (i) during the period established by the Paying Agent for selection of the applicable series or subseries of Bonds for redemption, and (ii) after any Bond has been selected for redemption.

(b) *Exchange.* The Bonds may be exchanged for Bonds of other authorized denominations of the same series, subseries, term, maturity and interest payment dates and interest rates, by the Owner thereof, in person or by the duly authorized attorney of such Owner, upon surrender of such Bond to the Paying Agent for cancellation, accompanied by delivery of a duly executed request for exchange in a form approved by the Paying Agent.

Whenever any Bond or Bonds shall be surrendered for exchange, the designated County officials shall execute and the Paying Agent shall authenticate and deliver, as provided in Section 5, a new Bond or Bonds of the same series, subseries, term, maturity, interest payment date and interest rates for a like aggregate principal amount. The Paying Agent may require the payment by the Owner requesting such exchange of any tax or other governmental charge required to be paid with respect to such exchange.

No exchange of any Bonds shall be required to be made by the Paying Agent (i) during the period established by the Paying Agent for selection of the Bonds for redemption, and (ii) after any Bond has been selected for redemption.

Section 12. Sale of Bonds: Bond Purchase Agreement. (a) *Sale of Bonds.* As requested and directed by the District, the County hereby authorizes the sale of any series of Bonds by negotiated sale pursuant to one or more Bond Purchase Agreements to be entered into with the underwriters designated by the Chief Financial Officer of the District as provided in the District Resolution; provided, however, that, in each case, (i) the interest rate or rates on any Bond shall not be in excess of 8.00% per annum, (ii) the true interest cost for each applicable series of Bonds shall not be in excess of 6.00%, (iii) the ratio of total debt service to principal of each series of Bonds shall not exceed four to one, (iv) each underwriter's discount shall not exceed 1.00% of the principal amount of the corresponding Bonds, and (v) the Bonds shall otherwise conform to the limitations specified herein.

(b) *Bond Purchase Agreement.* The form of Bond Purchase Agreement, attached hereto as Exhibit B, is hereby approved. The County Treasurer is hereby authorized, for and in the name of the County, to execute and deliver one or more Bond Purchase Agreements, as applicable, in the form presented to this meeting, with such changes, insertions and omissions as the County Treasurer executing the same may require or approve, such requirement or

approval to be conclusively evidenced by the execution of the Bond Purchase Agreement, as applicable, by the County Treasurer; provided that the terms of the applicable series of Bonds and the sale thereof shall conform in all respects with the limitations contained in this Resolution. The Bond Purchase Agreement shall recite the aggregate principal amount of each series or subseries of Bonds, the date or dates thereof, the maturity dates, principal amounts and annual rates of interest of each maturity thereof, the initial and semiannual Interest Payment Dates thereof, and the terms of optional and mandatory sinking fund redemption thereof, if any.

Section 13. Deposit and Investment of Proceeds. (a) *Deposit of Proceeds.* The proceeds of sale of the Bonds, exclusive of any premium and accrued interest received, shall be deposited in the County treasury and credited to the building fund of the District (the "Building Fund"). **The District shall have sole responsibility that** such proceeds be used for the purposes of the Measure Q Authorization, the Measure RR Authorization or the Measure US Authorization under which the Bonds are being issued. Any premium and accrued interest received shall be deposited upon receipt by the District in the applicable Interest and Sinking Fund of the District within the County treasury.

(b) *Investment of Proceeds.* All funds held by the County Treasurer hereunder on behalf of the District shall be invested by the County Treasurer or its agent in the County Investment Pool, any investment authorized pursuant to Sections 53601 and 53635 of the California Government Code, or in any Investment Agreement; provided that such agreements comply with the requirements of Section 148 of the Code, to the extent applicable to the related series or subseries of Bonds, and with the requirements of each rating agency then rating the Bonds necessary in order to maintain the then-current rating on the Bonds.

Subject to a determination by the Chief Financial Officer, any Authorized District Officer may request the County Treasurer to invest funds held in an Interest and Sinking Fund of the District and in the Building Fund of the District in specific Investment Agreements. Pursuant to Section 5922 of the Government Code, the Board of Education has found and determined that the Investment Agreements will reduce the amount and duration of interest rate risk with respect to amounts invested pursuant to the Investment Agreements and are designed to reduce the amount or duration of payment, rate, spread or similar risk or result in a lower cost of borrowing when used in combination with the Bonds or enhance the relationship between risk and return with respect to investments of proceeds of the Bonds and funds held to pay the Bonds.

(c) *Excess Proceeds.* Any excess proceeds of the Bonds on deposit in the Building Fund not needed for the authorized purposes set forth herein for which the Bonds are being issued shall be transferred to the applicable Interest and Sinking Fund and applied to the payment of principal of, premium, if any, and interest on the Bonds; provided, however, that when all of the principal and interest on all of the Bonds have been paid, any balance then remaining in said fund shall be transferred to the general fund of the District as permitted and provided for in Section 15234 of the Education Code.

Section 14. Tax Covenant. The County acknowledges and relies upon the fact that the District has represented and covenanted that it shall not take any action, or fail to take any action, if such action or failure to take such action would adversely affect the exclusion from gross income of the interest payable on Tax-Exempt Bonds under Section 103 of the Code, and that it will comply with the requirements of each Tax Certificate of the District with respect to a series of the Bonds comprising Tax-Exempt Bonds, and further that such representation and covenant shall survive payment in full or defeasance of the Tax-Exempt Bonds.

Section 15. Limited Responsibility for Official Statement. Neither the Board of Supervisors nor any officer of the County has prepared or reviewed or will prepare or review the Official Statement of the District describing the Bonds, and this Board of Supervisors and the various officers of the County take no responsibility for the contents or distribution thereof provided, however, that solely with respect to a section contained or to be contained therein **describing the County's current portfolio holdings, and valuation procedures, as they** may relate to funds of the District, the County Treasurer is hereby authorized and directed to prepare and review such information for inclusion in the Official Statement and in the preliminary Official Statement, and to certify to the District prior to or upon the issuance of each series of the Bonds that the information contained in such section does not contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements made therein, in the light of the circumstances under which they are made, not misleading.

Section 16. Approval of Actions. The Chair, the Clerk, the County Auditor-Controller, the County Counsel, and the County Treasurer and the deputies and designees of any of them, are hereby authorized and directed to execute and deliver any and all certificates, representations and agreements, as may be acceptable to County Counsel, including signature certificates, no-litigation certificates, a costs administrator agreement, a paying agent agreement, and other certificates proposed to be distributed in connection with each sale of Bonds, necessary and desirable to accomplish the transactions authorized herein.

Section 17. Severability. In the event any provision of this Resolution shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof.

Section 18. Effective Date. This Resolution shall take effect from and after its adoption.

The foregoing resolution was adopted on the ____ day of _____, 2025, by the Board of Supervisors of the County of Los Angeles and *ex officio* the governing body of all other special assessment and taxing districts, agencies and authorities for which the Board so acts.

 COUNTY OF LOS ANGELES

LOS ANGELES UNIFIED SCHOOL DISTRICT
 (COUNTY OF LOS ANGELES, CALIFORNIA)
 GENERAL OBLIGATION BONDS, SERIES QRR (2025)
 (DEDICATED UNLIMITED AD VALOREM PROPERTY TAX BONDS)

<u>Maturity Date</u>	<u>Interest Rate</u>	<u>Dated</u>	<u>CUSIP No.</u>
_____	_____%	_____	_____

Registered Owner: CEDE & CO.

Principal Amount: \$ _____

On behalf of the Los Angeles Unified School District, County of Los Angeles, State of California (herein called the "District"), the County of Los Angeles (the "County") hereby acknowledges itself obligated to and promises to pay, but only from taxes collected by the County for such purpose pursuant to Section 15250 of the California Education Code, to the Registered Owner identified above or registered assigns (the "Registered Owner"), on the Maturity Date set forth above or upon prior redemption hereof, the Principal Amount specified above in lawful money of the United States of America, and to pay interest thereon in like lawful money from the interest payment date next preceding the date of authentication of this Bond (unless this bond is authenticated as of a date during the period from the Record Date (as defined herein) next preceding any interest payment date to such interest payment date, inclusive, in which event it shall bear interest from such interest payment date, or unless this Bond is authenticated on or before _____, 2025, in which event it shall bear interest from the date hereof); provided, that if, at the time of authentication of any Bond, interest is in default on any outstanding Bonds, this Bond shall bear interest from the interest payment date to which interest has previously been paid or made available for payment on the outstanding Bonds at the interest rate per annum stated above, payable commencing on [_____ 1, 20__], and thereafter on January 1 and July 1 in each year, until payment of the principal amount hereof.

The principal hereof is payable to the Registered Owner hereof upon the surrender hereof at the principal corporate trust office of the paying agent/registrars and transfer agent of the District (the "Paying Agent"), initially U.S. Bank Trust Company, National Association, as the agent of the Treasurer and Tax Collector of the County of Los Angeles. The interest hereon is payable to the person whose name appears on the bond registration books of the Paying Agent as the Registered Owner hereof as of the close of business on the 15th day of the month preceding an interest payment date (the "Record Date"), whether or not such day is a business

day, such interest to be paid by check or draft mailed to such Registered Owner at the owner's address as it appears on such registration books, or at such other address filed with the Paying Agent for that purpose. Upon written request, given no later than the Record Date immediately preceding an interest payment date, of the owner of Bonds aggregating at least \$1,000,000 in principal amount, interest will be paid by wire transfer in immediately available funds to an account maintained in the United States as specified by the Registered Owner in such request. So long as Cede & Co. or its registered assigns shall be the Registered Owner of this Bond, payment shall be made in immediately available funds as provided in the Resolution hereinafter described.

This Bond is one of a duly authorized issue of bonds of like tenor (except for such variations, if any, as may be required to designate varying series, numbers, denominations, interest rates, maturities and redemption provisions), in the aggregate principal amount of \$ [_____, and designated as "Los Angeles Unified School District (County of Los Angeles, California), General Obligation Bonds, Series QRR (2025) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds)" (the "Bonds"). The Bonds were authorized by a vote of the voters voting at an election duly and legally called, held and conducted in the District on November 4, 2008 (Measure Q) or a vote of the voters voting at an election duly and legally called, held and conducted in the District on November 3, 2020 (Measure RR). The Bonds are issued and sold by the Board of Supervisors of the County of Los Angeles, State of California (the "Board of Supervisors") pursuant to and in conformity with the provisions of the Constitution and laws of the State of California and of a Resolution adopted by the Board of Supervisors on _____, 2025 (the "Resolution"). Capitalized undefined terms used herein have the meanings ascribed thereto in the Resolution.

The Bonds are issuable as fully registered bonds without coupons in the denomination of \$5,000 principal amount or any integral multiple thereof, provided that no Bond shall have principal maturing on more than one principal maturity date. Subject to the limitations and conditions and upon payment of the charges, if any, as provided in the Resolution, Bonds may be exchanged for a like aggregate principal amount of Bonds of the same tenor and maturity of other authorized denominations.

This Bond is transferable by the Registered Owner hereof, in person or by attorney duly authorized in writing, at the principal corporate trust office of the Paying Agent, but only in the manner, subject to the limitations and upon payment of the charges provided in the Resolution, and upon surrender and cancellation of this Bond. Upon such transfer, a new Bond or Bonds of authorized denomination or denominations of the same tenor, interest payments, and same aggregate principal amount will be issued to the transferee in exchange herefor.

The District and the Paying Agent may treat the Registered Owner hereof as the absolute owner hereof for all purposes, and the District and the Paying Agent shall not be affected by any notice to the contrary.

The Bonds are subject to redemption as set forth in the Bond Purchase Agreement.

If this Bond is called for redemption and payment is duly provided therefor, interest shall cease to accrue hereon from and after the date fixed for redemption.

All acts, conditions and things required by law to be done or performed precedent to and in the issuance of this Bond have been done and performed in conformity with the laws authorizing the issuance of this Bond; and that this Bond is in substantially the form prescribed by order of the Board of Supervisors duly made and entered on its minutes. The Bonds represent an obligation of the District payable out of the related Interest and Sinking Fund of the District, and the money for the payment of principal hereof and premium, if any, and interest hereon, shall be raised by taxation upon the taxable property of the District.

Unless this Bond is presented by an authorized representative of The Depository Trust Company, a New York corporation ("**DTC**"), to the **Paying Agent for registration of transfer**, exchange, or payment, and any Bond issued is registered in the name of Cede & Co. or in such other name as is requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), ANY TRANSFER, PLEDGE, OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL inasmuch as the Registered Owner hereof, Cede & Co., has an interest herein.

This Bond shall not be entitled to any benefit under the Resolution, or become valid or obligatory for any purpose, until the certificate of authentication and registration hereon endorsed shall have been signed by the Paying Agent.

IN WITNESS WHEREOF, the County of Los Angeles has caused this Bond to be executed on behalf of the District and in their official capacities by manual or facsimile signatures of the Chair of the Board of Supervisors of the County and the Treasurer and Tax Collector of the County, and to be countersigned by the manual or facsimile signature of the Executive Officer-Clerk of the Board of Supervisors of the County, all as of the date set forth above.

 Los Angeles, California 90012

Los Angeles Unified School District
 c/o Office of the Chief Financial Officer
 333 S. Beaudry Avenue, 26th Floor
 Los Angeles, CA 90017

Ladies and Gentlemen:

The undersigned, [REPRESENTATIVES], acting on its own behalf and as representatives (the “Representatives”) of the Underwriters identified on the signature page hereof (collectively, the “Underwriters”), hereby offers to enter into this Bond Purchase Agreement (the “Bond Purchase Agreement”) with the County of Los Angeles, California (the “County”) and the Los Angeles Unified School District (the “District”), which, upon your acceptance hereof, will be binding upon the County, District and the Underwriters. By execution of this Bond Purchase Agreement, the County acknowledges the terms hereof and recognizes that it will be bound by certain of the provisions hereof, and to the extent binding on the County, acknowledges and agrees to such terms. This offer is made subject to the written acceptance of this Bond Purchase Agreement by the County and the District and delivery of such acceptance to us at or prior to 11:59 p.m., California time, on the date hereof.

Section 1. Purchase and Sale of the Bonds. Upon the terms and conditions and in reliance upon the representations, warranties, and agreements herein set forth, the Underwriters hereby agree to purchase from the County for reoffering to the public, and the County hereby agrees to sell in the name and on behalf of the District to the Underwriters for such purpose, all (but not less than all) of \$[AMOUNT] aggregate principal amount of the District’s General Obligation Bonds, Series QRR (2025) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) (the “Bonds”). The Bonds shall be dated the date of delivery thereof (the “Date of Delivery”) and shall be payable as to interest on each January 1 and July 1, commencing ____ 1, 202__]. The Underwriters shall purchase the Bonds at a price of \$[PURCHASE PRICE] (the “Purchase Price”) (which is equal to the principal amount of the Bonds of \$[AMOUNT], [plus] [net] original issue premium of \$[PREMIUM], and less Underwriter’s discount of \$[UNDERWRITER’S DISCOUNT]). From the Purchase Price for the Bonds, the Underwriters shall withhold and hereby

agree to wire on the Close Date (as defined below) \$[AMOUNT] to U.S. Bank Trust Company, National Association, as costs administrator, to pay the costs of issuance of the Bonds as provided herein. Any authority, discretion, or other power conferred upon the Underwriters by this Bond Purchase Agreement shall be exercised by the Representatives alone.

The County and District acknowledge and agree that (a) the purchase and sale of the Bonds under this Bond Purchase Agreement is an arm's-length commercial transaction between the County and District and the Underwriters; (b) in connection therewith and with the discussions, undertakings and procedures leading up to the consummation of such transaction, the Underwriters are and have been acting solely as principal and not as the agent or fiduciary of the County or District; (c) the Underwriters have not assumed a fiduciary responsibility in favor of the County or District with respect to (i) the offering of the Bonds or the process leading thereto (whether or not the Underwriters, or any affiliate of the Underwriters, has advised or is currently advising the County or District on other matters); or (ii) any other obligation to the County and District except the obligations expressly set forth in this Bond Purchase Agreement; and (d) the County and District have consulted their own legal, financial and other advisors to the extent they have deemed appropriate in connection with this transaction. The County and District acknowledge that it has previously provided the Underwriters with an acknowledgement of receipt of the required Underwriters disclosure under Rule G-17 of the Municipal Securities Rulemaking Board ("MSRB").

Section 2. The Bonds. The Bonds shall be dated their date of delivery, bear interest at the rates, and shall mature in the years and amounts as shown on Appendix A hereto, which is incorporated herein by this reference. The Bonds shall otherwise be as described in the Official Statement related to the Bonds (the "Official Statement"), and shall be issued and secured pursuant to the provisions of (i) Section 1(b)(3) of Article XIII A of the California Constitution and Chapters 1 and 1.5 of Part 10 of Division 1 of Title 1 of the California Education Code, commencing with Section 15100 *et seq.* (collectively, the "Bond Law"), (ii) a Resolution of the Board of Education of the District (the "Board of Education") adopted on [May 13, 2025] (the "District Resolution"), and (iii) a resolution of the Board of Supervisors of the County (the "Board of Supervisors"), adopted on [June 10, 2025], authorizing the issuance of the Bonds on behalf of the District and certain related documents and actions (the "County Resolution" and together with the District Resolution, the "Resolutions").

A portion of the proceeds of the Bonds attributable to the Measure Q Authorization (defined below) will, after payment of costs of issuance thereto, fund certain school projects (collectively, the "Measure Q Projects") approved by voters in the November 4, 2008 election approving Measure Q (the "Measure Q Authorization"). A portion of the proceeds of the Bonds attributable to the Measure RR Authorization (defined below) will, after payment of costs of issuance thereto, fund certain school projects (collectively, the "Measure RR Projects") approved by voters in the November 3, 2020 election approving Measure RR (the "Measure RR Authorization"). Certain provisions for the redemption of the Bonds, not otherwise specified in the Resolutions, are shown in Appendix A hereto and incorporated herein by reference, all as provided in the Resolutions. Capitalized terms used and not otherwise defined herein shall have the meanings ascribed to such terms in the Official Statement or, if not defined in the Official Statement, in the Resolutions.

Upon the written acceptance of this Bond Purchase Agreement by the County and the District, the Representatives, on behalf of the Underwriters, shall deliver, within twenty-four (24) hours of such acceptance, by federal funds wire transfer (to the County's account at a bank having an office located in the State of California (the "State") and having a demand account relationship with the County and payable in immediately available funds), for the account of the County, the amount of \$[Good Faith Deposit], as a good-faith deposit ("Good Faith Deposit") for the performance by the Underwriters of their obligations to accept and pay for the Bonds at Closing (as defined herein) in accordance with the provisions of this Bond Purchase Agreement. Upon receipt, such amount shall be held by the County pending Closing (except as provided below), although the proceeds thereof may be invested by the County pending the Closing. At the Closing, the Underwriters shall pay or cause to be paid the Purchase Price of the Bonds, less the amount of such Good Faith Deposit, without accrued interest, and thereupon the County shall apply the amount of the Good Faith Deposit, to the payment of the balance of such Purchase Price. In the event of the County's inability to deliver the Bonds at the Closing, or if the County or the District is unable to satisfy the conditions to the Underwriters' obligations contained herein (unless such conditions are waived by the Underwriters), or if the Underwriters' obligations shall be terminated for any reason permitted hereby, the County shall forthwith return the amount of the Good Faith Deposit, without accrued interest, to the Representatives immediately and, subject to Section 15 of this Bond Purchase Agreement, such return shall constitute a full release and discharge of all claims by the Underwriters against the County and the District arising out of the transactions contemplated by this Bond Purchase Agreement. In the event that the Underwriters fail (other than for a reason permitted hereby) to accept and pay for the Bonds at the Closing as herein provided, the proceeds of the Good Faith Deposit, shall be retained and applied by the County and the District in full and complete liquidated damages (and not as a penalty) for such failure and as a discharge of all damages suffered on the part of the County and the District as a result of such failure.

The Bonds shall be executed and delivered under and in accordance with the provisions of this Bond Purchase Agreement, the Bond Law and the Resolutions. The Bonds shall be in book-entry form, shall bear CUSIP numbers, shall be in fully registered form, registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York; the Bonds shall initially be in authorized denominations of \$5,000 principal amount or any integral multiple thereof.

Section 3. Use of Documents. The District and the County hereby authorize the Underwriters to use, in connection with the offer and sale of the Bonds, this Bond Purchase Agreement, the Preliminary Official Statement and the Official Statement, the Resolutions, the Continuing Disclosure Agreement (defined herein), and all information contained herein and therein and all of the documents, certificates or statements furnished by the District or the County to the Underwriters in connection with the transactions contemplated by this Bond Purchase Agreement.

Section 4. Public Offering of the Bonds; Establishment of Issue Price.

(a) The Representatives, on behalf of the Underwriters, agree to make a bona fide initial public offering of all the Bonds at prices no higher than, or yields not lower than, those set forth on Exhibit A hereto. Subsequent to such initial public offering but subject to the provisions set forth below, the Underwriters reserve the right to lower such initial offering prices as the

Underwriters deems necessary in connection with the marketing of the Bonds; provided, however, that the Underwriters shall not change the interest rates set forth in Exhibit A. Subject to the provisions set forth below, the Underwriters may offer and sell the Bonds to certain dealers (including dealers depositing the Bonds into investment trusts) and others at prices lower than the initial public offering price or prices set forth on Exhibit A hereto. Subject to the provisions set forth below, the Underwriters also reserve the right to (i) over-allot or effect transactions which stabilize or maintain the market price of the Bonds at levels above those that might otherwise prevail in the open market and (ii) discontinue such stabilizing, if commenced, at any time without prior notice. The Representatives, on behalf of the Underwriters, agree to assist the District in establishing the issue price of the Bonds and shall execute and deliver to the District at Closing an “issue price” or similar certificate, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Exhibit B, with such modifications as may be appropriate or necessary, in the reasonable judgment of the Representatives, the District and Bond Counsel (as defined herein), to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Bonds. All actions to be taken by the District under this section to establish the issue price of the Bonds may be taken on behalf of the District by the District’s municipal advisor, Public Resources Advisory Group (the “Municipal Advisor”), and any notice or report to be provided to the District may be provided to the District’s Municipal Advisor.

(b) Except as otherwise set forth in Appendix A attached hereto, the District will treat the first price (meaning single) at which 10% of each maturity of the Bonds (the “10% test”) is sold to the public as the issue price of that maturity. At or promptly after the execution of this Bond Purchase Agreement, the Representatives shall report to the District the price or prices at which the Underwriters have sold to the public each maturity of the Bonds. If at that time the 10% test has not been satisfied, but is applicable, as to any maturity of the Bonds, the Representatives agree to promptly report to the District the prices at which it sells the unsold Bonds of that maturity to the public. Unless the hold-the-offering-price rule (described below) applies, that reporting obligation shall continue, whether or not the Closing Date (as defined herein) has occurred, until either (i) the Underwriters have sold all Bonds of that maturity or (ii) the 10% test has been satisfied as to the Bonds of that maturity, provided that, the Representatives’ reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the District or Bond Counsel. For purposes of this Section, if Bonds mature on the same date but have different interest rates, each separate CUSIP number within that maturity will be treated as a separate maturity of the Bonds.

(c) The Representatives confirm that it has offered the Bonds to the public on or before the date of this Bond Purchase Agreement at the offering price or prices (the “initial offering price”), or at the corresponding yield or yields, set forth in Appendix A attached hereto, except as otherwise set forth therein. Appendix A also sets forth, as of the date of this Bond Purchase Agreement, the maturities, if any, of the Bonds for which the Representatives represent that (A) the 10% test has been satisfied (assuming orders are confirmed by the end of the day immediately following the day of execution of this Bond Purchase Agreement) and (B) the 10% test has not been satisfied and for which the District and the Representatives agree that the restrictions set forth in the next sentence shall apply, which will allow the District to treat the initial offering price to the public of each such maturity as of the sale date as the issue price of that maturity (the “hold-the-offering-price rule”). So long as the hold-the-offering-price rule remains

applicable to any maturity of the Bonds, the Underwriters will neither offer nor sell unsold Bonds of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

- (i) the close of the fifth (5th) business day after the sale date; or
- (ii) the date on which the Underwriters have sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The Underwriters will advise the District promptly after the close of the fifth (5th) business day after the sale date whether it has sold 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public. [The District acknowledges that, in making the representation set forth in this subsection, the Representatives will rely on (i) the agreement of each Underwriter to comply with the hold-the-offering-price rule, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the hold-the-offering-price rule, if applicable, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event that an Underwriter is a party to a retail distribution agreement that was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the hold-the-offering-price rule, if applicable, as set forth in the retail distribution agreement and the related pricing wires. The District further acknowledges that each Underwriter shall be solely liable for its failure to comply with its agreement regarding the hold-the-offering-price rule and that no Underwriter shall be liable for the failure of any other Underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a retail distribution agreement, to comply with its corresponding agreement regarding the hold-the-offering-price rule as applicable to the Bonds.]

- (d) The Representatives confirm that:
 - (i) Any agreement among underwriters, selling group agreement and any third-party distribution agreement (to which the Representatives are a party) relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each dealer who is a member of the selling group and each broker-dealer that is a party to such third-party distribution agreement, as applicable:
 - (A) (1) to report the prices at which it sells to the public the unsold Bonds of each maturity allocated to it, whether or not the Closing Date has occurred, until either all Bonds of that maturity allocated to it have been sold or it is notified by the Representatives that the 10% test has been satisfied as to the Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the Representatives, and (2) to comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Representatives,

(B) to promptly notify the Representatives of any sales of Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Bonds to the public (each such term being used as defined below), and

(C) to acknowledge that, unless otherwise advised by the Underwriters, dealer or broker-dealer, the Representatives shall assume that each order submitted by the dealer or broker-dealer is a sale to the public.

(ii) Any agreement among underwriters or selling group agreement relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Bonds to the public to require each broker-dealer that is a party to such third-party distribution agreement to (A) report the prices at which it sells to the public the unsold Bonds of each maturity allocated to it, whether or not the Closing Date has occurred, until either all Bonds of that maturity allocated to it have been sold or it is notified by the Representatives or Underwriters that the 10% test has been satisfied as to the Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the Representatives or Underwriters, and (B) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Representatives or the Underwriters and as set forth in the related pricing wires.

(e) The Underwriters acknowledge that sales of any Bonds to any person that is a related party to an underwriter participating in the initial sale of the Bonds to the public (each such term being used as defined below) shall not constitute sales to the public for purposes of this section. Further, for purposes of this section:

(i) “public” means any person other than an underwriter or a related party;

(ii) “underwriter” means (A) any person that agrees pursuant to a written contract with the District (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the public);

(iii) a purchaser of any of the Bonds is a “related party” to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (A) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (B) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (C) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a

corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other); and

(iv) “sale date” means the date of execution of this Bond Purchase Agreement by all parties.

Section 5. Review of Official Statement. The Underwriters hereby represent that they have received and reviewed the Preliminary Official Statement with respect to the Bonds, dated [DATE] (the “Preliminary Official Statement”). The District represents that it has duly authorized and prepared the Preliminary Official Statement for use by the Underwriters in connection with the sale of the Bonds, and that it has deemed the Preliminary Official Statement to be final, except for either revision or addition of the offering price(s), interest rate(s), yield(s), selling compensation, aggregate principal amount, principal amount per maturity, delivery date, rating, redemption provisions and other terms of the Bonds which depend upon the foregoing as provided in and pursuant to Rule 15c2-12 of the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the “Rule”).

The Underwriters agree that prior to the time the final Official Statement relating to the Bonds is available, the Underwriters will send to any potential purchaser of the Bonds, upon the request of such potential purchaser, a copy of the most recent Preliminary Official Statement. Such Preliminary Official Statement shall be sent by first-class mail (or other equally prompt means) not later than the first business day following the date upon which each such request is received.

The Underwriters hereby represents that it will provide, consistent with the requirements of MSRB Rule G-32, for the delivery of a copy of the Official Statement to each customer who purchases any Bonds during the underwriting period (as such term is defined in MSRB Rule G-11), and deliver a copy of the Official Statement to the MSRB in electronic format as prescribed by the MSRB on or before the Closing Date, and that it will otherwise comply with all applicable statutes and regulations in connection with the offering and sale of the Bonds, including, without limitation, MSRB Rule G-32 and G-36 and the Rule.

Section 6. Closing. At 8:30 a.m., California time, on [CLOSING DATE] or at such other time or on such other date as shall have been mutually agreed upon by the parties hereto (the “Closing”), the District will direct U.S. Bank Trust Company, National Association, as agent to the Treasurer and Tax Collector of the County (the “Treasurer”), as paying agent for the Bonds (the “Paying Agent”) to deliver to the Underwriters, through the facilities of The Depository Trust Company (“DTC”), or at such other place as the District and the Underwriters may mutually agree upon, the Bonds duly executed and in fully registered, book-entry form, and will cause the other documents hereinafter mentioned to be delivered at the offices of Dannis Woliver Kelley (“Bond Counsel”), in Long Beach, California.

Upon fulfillment of all conditions to Closing herein, the Underwriters will accept such delivery and pay the Purchase Price thereof in immediately available funds by wire transfer to the order of the County and U.S. Bank Trust Company, National Association, as cost administrator, as provided by Section 1 hereof, less the Good Faith Deposit, as provided by Section 2 hereof.

Section 7. Representations, Warranties and Agreements of the District. The District hereby represents, warrants and agrees with the Underwriters that:

(a) ***Due Organization.*** The District is a unified school district duly organized and validly existing under the laws of the State of California (the “State”), with full legal power to issue the Bonds pursuant to the Bond Law.

(b) ***Due Authorization.*** At or prior to the Closing, the District will have taken all action required to be taken by it to authorize the issuance and delivery of the Bonds; (ii) the District has full legal right, power and authority to execute and deliver this Bond Purchase Agreement and the Continuing Disclosure Certificate, to adopt the District Resolution, to issue and to deliver the Bonds, and to perform its obligations under each such document or instrument (collectively, the “District Documents”), and to carry out and effectuate the transactions contemplated by the District Documents; (iii) the execution and delivery or adoption of, and the performance by the District of its obligations contained in, the Bonds and the other District Documents have been duly authorized and such authorization shall be in full force and effect at the time of the Closing; (iv) this Bond Purchase Agreement constitutes, and each of the Bonds, when issued, authenticated, delivered and sold to the Underwriters as provided herein, and each of the other District Documents, when duly executed and delivered, will constitute, a valid and legally binding obligation of the District, enforceable against the District in accordance with its terms; and (v) the District has duly authorized the consummation by it of all transactions contemplated by the District Documents.

(c) ***Consents.*** No consent, approval, authorization, order, filing, registration, qualification, election or referendum, of or by any court or governmental agency or public body whatsoever is required in connection with the issuance, delivery or sale of the Bonds or the consummation of the other transactions effected or contemplated herein or hereby, except for such actions as may be necessary to qualify the Bonds for offer and sale under the Blue Sky or other securities laws and regulations of such states and jurisdictions of the United States as the Underwriters may reasonably request, or which have not been taken or obtained; provided, however, that the District shall not be required to subject itself to service of process in any jurisdiction in which it is not so subject as of the date hereof.

(d) ***Internal Revenue Code.*** The District has complied with the Internal Revenue Code of 1986, as amended, with respect to the Bonds.

(e) ***No Conflicts.*** To the best knowledge of the District, the issuance of the Bonds, and the execution, delivery and performance of the District Documents and the Bonds, and the compliance with the provisions hereof and thereof do not conflict with or constitute on the part of the District a violation of or default under, the Constitution of the State or any existing law, charter, ordinance, regulation, decree, order or resolution and do not conflict with or result in a violation or breach of, or constitute a default under, any agreement, indenture, mortgage, lease or other instrument to which the District is a party or by which it is bound or to which it is subject.

(f) ***Litigation.*** As of the time of acceptance hereof, to the best knowledge of the District, no action, suit, proceeding, hearing or investigation is pending for which the District has been served or threatened in writing against the District: (i) in any way affecting the existence of the District or in any way challenging the respective powers of the several offices or of the titles of the officials of the District to such offices; or (ii) seeking to prohibit, restrain or enjoin the sale, issuance or delivery of any of the Bonds, or the application of the proceeds of the sale of the Bonds, or the collection or levy of taxes contemplated by the Resolutions and available to pay the principal of and interest on the Bonds, or in any way contesting or affecting the validity or enforceability of the Bonds or the District Documents or contesting the powers of the District or its authority with respect to the Bonds or the District Documents or contesting in any way the completeness or accuracy of the Preliminary Official Statement or the Official Statement; or (iii) in which a final adverse decision could (A) materially adversely affect the operations or financial condition of the District or the consummation of the transactions contemplated by the District Documents, (B) declare this Bond Purchase Agreement to be invalid or unenforceable in whole or in material part, or (C) adversely affect the exclusion of the interest paid on the Bonds from gross income for federal income tax purposes and the exemption of such interest from California personal income taxation.

(g) ***No Other Debt.*** Between the date hereof and the Closing, without the prior written consent of the Representatives, neither the District directly nor any other governmental agency or other body on behalf of the District will have issued in the name and on behalf of the District any bonds, notes or other obligations for borrowed money except for such borrowings as may be described in or contemplated by the Official Statement.

(h) ***Interim Financial Report.*** The District has not received a qualified or negative certification in its most recent interim report pursuant to Section 42130 *et seq.* of the California Education Code.

(i) ***Certificates.*** Any certificates signed by any officer of the District and delivered to the Underwriters shall be deemed a representation and warranty by the District to the Underwriters, but not by the person signing the same, as to the statements made therein.

(j) ***Continuing Disclosure.*** At or prior to the Closing, the District shall have duly authorized, executed and delivered a continuing disclosure agreement (the “Continuing Disclosure Agreement”). The Continuing Disclosure Agreement shall comply with the provisions of the Rule and be substantially in the form attached to the Preliminary Official Statement and Official Statement in Appendix [E]. Except as otherwise described in the Official Statement, the District has not failed during the previous five years to comply in all material respects with any previous undertakings in a written continuing disclosure certificate or agreement under the Rule.

(k) ***Official Statement Accurate and Complete.*** The Preliminary Official Statement, at the date thereof, did not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the

statements therein, in the light of the circumstances under which they were made, not misleading. At the date hereof and on the date of Closing (the “Closing Date”), the Official Statement did not and will not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. If the Official Statement is supplemented or amended pursuant to paragraph (f) of Section 9 of this Bond Purchase Agreement, at the time of each supplement or amendment thereto and (unless subsequently again supplemented or amended pursuant to such paragraph) at all times subsequent thereto during the period up to and including the Closing Date of the Official Statement as so supplemented or amended will not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which made, not misleading.

(l) ***Financial Statements of District.*** The audited financial statements of, and other financial information regarding, the District contained in the Preliminary Official Statement and final Official Statement fairly present the financial position and results of operations of the District as of the dates and for the periods therein set forth.

(m) ***Levy of Tax.*** The District has taken or will take any and all actions as may be required by the County of Los Angeles (the “County”) or otherwise necessary in order to arrange for the levy and collection of taxes, payment of the Bonds, and the deposit and investment of taxes so collected. In particular, the District hereby agrees to provide to the County Auditor and County Treasurer-Tax Collector a copy of the District Resolution, a copy of Appendix A hereto, and the full debt service schedule for the Bonds.

Section 8. Representations, Warranties and Agreements of the County. The County hereby represents, warrants and agrees with the Underwriters that:

(a) The County has the power under the laws of the State to issue the Bonds pursuant to the Bond Law.

(b) (i) At or prior to the Closing, the County will have taken all action required to be taken by it to authorize the issuance and delivery of the Bonds; (ii) the County has full legal right, power and authority to execute and deliver this Bond Purchase Agreement, to adopt the County Resolution, to issue and deliver the Bonds to the Underwriters on behalf of the District and to perform its obligations under each such document or instrument (collectively, the “County Documents”), and to carry out and effectuate the transactions contemplated by the County Documents; (iii) the execution and delivery or adoption of, and the performance by the County of its obligations contained in, the Bonds and the other County Documents have been duly authorized and such authorization shall be in full force and effect at the time of the Closing; (iv) this Bond Purchase Agreement constitutes, and each of the other County Documents, when duly executed and delivered in accordance with the County Resolution, will constitute, a valid and legally binding obligation of the County, enforceable against the County in accordance with its terms; and (v) the County has duly authorized the consummation by it of all transactions contemplated by the County Documents.

(c) No consent, approval, authorization, order, filing, registration, qualification, election or referendum, of or by any court or governmental agency or public body whatsoever is required in connection with the issuance, delivery or sale of the Bonds or the consummation of the other transactions effected or contemplated herein or hereby, except for such actions as may be necessary to qualify the Bonds for offer and sale under the Blue Sky or other securities laws and regulations of such states and jurisdictions of the United States as the Underwriters may reasonably request, or which have not been taken or obtained; provided, however, that the County shall not be required to subject itself to service of process in any jurisdiction in which it is not so subject as of the date hereof.

(d) To the best knowledge of the County, the County is not in breach of or default under any applicable constitutional provision, law or administrative regulation of the State or the United States or any applicable judgment or decree or any trust agreement, loan agreement, bond, note, resolution, ordinance, agreement or other instrument to which the County is a party or to which the County or any of its property or assets is otherwise subject, which breach or default would materially adversely affect the County's ability to enter into or perform its obligations under this Bond Purchase Agreement.

(e) To the best knowledge of the County, the issuance of the Bonds, the adoption, execution, delivery and performance of the County Documents, and the compliance with the provisions of the County Documents do not conflict with or result in on the part of the County a violation or breach of, or default under, any applicable constitutional provision, law or administrative rule or regulation of the State or the United States, or any applicable judgment or decree or any trust agreement, loan agreement, bond, note, resolution, ordinance, agreement or other instrument to which the County is a party or to which the County or any of its property or assets is otherwise subject, where such conflict, violation, breach or default, individually or in the aggregate, shall result in a material adverse change to the County that materially and adversely affects the ability of the Underwriters to market the Bonds or enforce contracts of sale on the Bonds.

(f) As of the time of acceptance hereof, except as will be provided in the Official Statement, to the best knowledge of the County, no action, suit, proceeding, hearing or investigation is pending (in which service of process has been completed against the County) or threatened against the County: (i) in any way affecting the existence of the County or in any way challenging the respective powers of the several offices or the titles of the officials of the County to such offices; (ii) seeking to restrain or enjoin the sale, issuance or delivery of any of the Bonds, the application of the proceeds of the sale of the Bonds, or the levy of any taxes contemplated by the County Resolution, or in any way contesting or affecting the validity or enforceability of the Bonds or the County Documents or contesting the powers of the County or its authority with respect to the Bonds or the County Documents; or (iii) in which a final adverse decision could (a) materially adversely affect the operations of the County or the consummation of the transactions contemplated by the County Documents or the Bonds or (b) declare the County Documents or the Bonds to be invalid or unenforceable in whole or in material part.

(g) Between the date hereof and the Closing, without the prior written consent of the Underwriters, the County will not have issued in the name and on behalf of the District any bonds,

notes or other obligations for borrowed money except for such borrowing as may be described in or contemplated by the Official Statement.

(h) Any certificates signed by any officer of the County and delivered to the Underwriters shall be deemed a representation and warranty by the County to the Underwriters, but not by the person signing the same in such person's individual capacity, as to the statements made therein.

Section 9. Covenants of the County and the District. The County and District respectively covenant and agree with the Underwriters that:

(a) **Securities Laws.** The County and District will furnish such information, execute such instruments, and take such other action in cooperation with the Underwriters if and as the Underwriters may reasonably request in order to qualify the Bonds for offer and sale under the Blue Sky or other securities laws and regulations or such states and jurisdictions; provided, however, that the County and the District shall not be required to consent to service of process in any jurisdiction in which they are not so subject as of the date hereof.

(b) **Official Statement.** The District hereby agrees to deliver or cause to be delivered to the Underwriters not later than the seventh business day following the date this Bond Purchase Agreement is signed, copies of a final Official Statement substantially in the form of the Preliminary Official Statement, with only such changes therein as shall have been accepted by the Underwriters, the County and the District (such Official Statement with such changes, if any, and including the cover page and all appendices, exhibits, maps, reports and statements included therein or attached thereto being herein called the "Official Statement") in such quantities as may be requested by the Underwriters, in order to permit the Underwriter to comply with paragraph (b)(4) of the Rule and with the rules of the MSRB. The District hereby authorizes the Underwriters to use and distribute the Official Statement in connection with the offering and sale of the Bonds.

(c) **Subsequent Events.** The District hereby agrees to notify the Underwriters of any event or occurrence that may affect the accuracy or completeness of any information set forth in the Official Statement relating to the District, respectively, until the date which is 25 days following the Closing.

(d) **Filings.** The District authorizes the Underwriter to file, to the extent required by the applicable rules promulgated by the Securities and Exchange Commission or the MSRB, and the Underwriter agrees to file or cause to be filed, the Official Statement with (i) the MSRB or its designee (including the MSRB's Electronic Municipal Market Access system); or (ii) other repositories approved from time to time by the Securities and Exchange Commission (either in addition to or in lieu of the filing referred to above). If an amended Official Statement is prepared in accordance with Section 9(f) of this Bond Purchase Agreement during the "Primary Offering Disclosure Period" (as defined herein), and if required by an applicable Securities and Exchange Commission Rule or MSRB rule, the Underwriter also shall make the required filings of the amended Official Statement.

(e) **References.** References herein to the Preliminary Official Statement and the final Official Statement include the cover page and all appendices, exhibits, maps, reports and statements included therein or attached thereto.

(f) **Amendments to the Official Statement.** During the period ending on the twenty-fifth day after the End of the Underwriting Period (or such other period as may be agreed to by the District and the Underwriters), the District (i) shall not supplement or amend the Official Statement or cause the Official Statement to be supplemented or amended without the prior written consent of the Underwriters; and (ii) shall notify the Underwriters promptly if any event shall occur, or information comes to the attention of the District, that is reasonably likely to cause the Official Statement (whether or not previously supplemented or amended) to contain any untrue statement of a material fact or to omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. If, in the opinion of the Underwriters, such event requires the preparation and distribution of a supplement or amendment to the Official Statement, the District shall prepare and furnish to the Underwriters, at the District's expense, such number of copies of the supplement or amendment to the Official Statement, in form and substance mutually agreed upon by the District and the Underwriters, as the Underwriters may reasonably request. If such notification shall be given subsequent to the Closing, the District also shall furnish, or cause to be furnished, such additional legal opinions, certificates, instruments and other documents as the Underwriters may reasonably deem necessary to evidence the truth and accuracy of any such supplement or amendment to the Official Statement.

For purposes of this Agreement:

(i) the "End of the Underwriting Period" is used as defined in the Rule and shall occur on the later of (A) the Closing Date; or (B) when the Underwriters no longer retain an unsold balance of the Bonds; unless otherwise advised in writing by the Underwriters to the District on or prior to the Closing Date, or otherwise agreed to by the District and the Underwriters, the District may assume that the End of the Underwriting Period is the Closing Date.

(ii) The "Primary Offering Disclosure Period" is used as defined in MSRB Rule G-32 and shall end on the twenty-fifth day after the Closing Date.

Section 10. Representations and Agreements of the Underwriters. The Underwriters represents to and agrees with the District and County that, as of the date hereof and as of the date of the Closing, which representations and warranties shall survive the Closing:

(a) The Representatives are duly authorized and has been duly authorized by the Underwriters, pursuant to an agreement among the Underwriters (the "AAU"), to execute this Bond Purchase Agreement, to act hereunder on behalf of the Underwriters and to take all actions, and waive any condition or requirement, required or permitted to be taken or waived hereunder by the Representatives or the Underwriters. The Underwriters are in compliance with MSRB Rule G-37 with respect to the District, and is not prohibited thereby from acting as underwriter with respect to securities of the District.

(b) The Underwriters have not paid or agreed to pay, nor will they pay or agree to pay, any entity, company, firm, or person (including, but not limited to any officer, agent or employee of the District), other than a bona fide officer, agent or employee working for the Underwriters, any compensation, fee, gift or other consideration contingent upon or resulting from the award of or entering into this Bond Purchase Agreement

(c) Based on representations in the AAU, the Underwriters have, and have had, no financial advisory relationship (as such term is defined in California Government Code Section 53590) with the District or the County with respect to the Bonds, and no investment firm controlling, controlled by or under common control with any of the Underwriters has or has had any such financial advisory relationship (as such term is defined in California Government Code Section 53590).

(d) The Underwriters are licensed by and registered with the Financial Industry Regulatory Authority as a broker-dealer and the MSRB as a municipal securities dealer. The Underwriters shall comply with all statutes, rules and regulations of all governmental entities in connection with the offering and sale of the Bonds.

(e) The Underwriters have reasonably determined that the District's undertaking to provide continuing disclosure with respect to the Bonds pursuant to Section 10(e)(viii) hereof is sufficient to effect compliance with the Rule.

Section 11. Division of Responsibility Between District and County. It is specifically acknowledged and agreed by and between the District and the County that the County shall have no responsibility or liability to ensure or provide compliance with those provisions of this Bond Purchase Agreement which are to be performed solely by the District and the District shall have no responsibility or liability to ensure or provide compliance with those provisions of this Bond Purchase Agreement which are to be performed solely by the County.

Section 12. Conditions to Closing. The Underwriters have entered into this Bond Purchase Agreement in reliance upon the representations and warranties of the County and District contained herein and the performance by the County and District of their respective obligations hereunder, both as of the date hereof and as of the date of Closing. The Underwriters' obligations under this Bond Purchase Agreement are, and shall be subject at the option of the Underwriters, to the following further conditions at the Closing:

(a) ***Representations True.*** The representations and warranties of the County and District contained herein shall be true, complete and correct in all material respects at the date hereof and at and as of the Closing, as if made at and as of the Closing, and the statements made in all certificates and other documents delivered to the Underwriters at the Closing pursuant hereto shall be true, complete and correct in all material respects on the date of the Closing; and the County and District shall be in compliance with each of the agreements made by it in this Bond Purchase Agreement.

(b) ***Obligations Performed.*** At the time of the Closing, (i) the District Documents and the County Documents shall be in full force and effect and the Resolutions and the Official Statement shall not have been amended, modified or supplemented except

as may have been agreed to in writing by the Underwriters; (ii) all actions under the Bond Law which, in the opinion of Bond Counsel, shall be necessary in connection with the transactions contemplated hereby, shall have been duly taken and shall be in full force and effect; (iii) the County and the District shall have adopted, and there shall be in full force and effect such additional resolutions, agreements, opinions and certificates (including with respect to the Bonds such certificates as may be required by regulations of the Internal Revenue Service in order to establish the tax-exempt character of the interest on the Bonds), as shall be satisfactory in form and substance to Bond Counsel and to the Underwriters, and there shall have been taken in connection therewith and in connection with the execution and delivery of the Bonds all such actions as shall, in the reasonable opinion of each, be necessary in connection with the transactions contemplated hereby; (iv) all actions under the Resolutions which, in the opinion of Bond Counsel to the District, shall be necessary in connection with the transactions contemplated hereby, shall have been duly taken and shall be in full force and effect; (v) the Bonds shall have been duly authorized, executed and delivered; and (vi) the District and the County shall perform or have performed all of their respective obligations required under or specified in the District Documents and the County Documents to be performed at or prior to the Closing.

(c) ***Adverse Rulings.*** No decision, ruling or finding shall have been entered by any court or governmental authority since the date of this Bond Purchase Agreement (and not reversed on appeal or otherwise set aside), or to the best knowledge of the District and County, pending for which it has been served or threatened in writing which has any of the effects described in Section 7(f) hereof or contesting in any way the completeness or accuracy of the Official Statement.

(d) ***Marketability.*** Between the date hereof and the Closing, the market price or marketability or the ability of the Underwriters to enforce contracts for the sale of the Bonds, at the initial offering prices set forth in the Official Statement, shall not have been materially adversely affected in the sole and reasonable judgment of the Underwriters by reason of any of the following:

(ii) legislation enacted or introduced in the Congress or recommended for passage by the President of the United States, or a decision rendered by a court established under Article III of the Constitution of the United States or by the United States Tax Court, or an order, ruling, regulation (final, temporary or proposed) or official statement issued or made or proposed to be made:

(A) by or on behalf of the United States Treasury Department, or by or on behalf of the Internal Revenue Service, with the purpose or effect, directly or indirectly, of causing the inclusion in gross income for purposes of federal income taxation of the interest received by the owners of the Bonds; or

(B) by or on behalf of the Securities and Exchange Commission, or any other governmental agency having jurisdiction over the subject matter thereof, to the effect that the Bonds, or obligations of the general character of the Bonds, including any and all underlying arrangements, are

not exempt from registration under the Securities Act of 1933, as amended, or would be in violation of any provision of the federal securities laws;

(iii) legislation enacted by the legislature of the State, or a decision rendered by a court of the State, or a ruling, order or regulation (final or temporary) made by State authority, which would have the effect of changing, directly or indirectly, the State tax consequences of interest on obligations of the general character of the Bonds in the hands of the holders thereof;

(iv) there shall have occurred (1) an outbreak or escalation of hostilities or the declaration by the United States of a national emergency or war or (2) any other calamity or crisis in the financial markets of the United States or elsewhere or the escalation of such calamity or crisis;

(v) a general suspension of trading on the New York Stock Exchange or other major exchange shall be in force, or minimum or maximum prices for trading shall have been fixed and be in force, or maximum ranges for prices for securities shall have been required and be in force on any such exchange, whether by virtue of determination by that exchange or by order of the Securities and Exchange Commission or any other governmental authority having jurisdiction;

(vi) the declaration of a general banking moratorium by federal, New York or California authorities;

(vii) the imposition by the New York Stock Exchange, other national securities exchange, or any governmental authority, of any material restrictions not now in force with respect to the Bonds, or obligations of the general character of the Bonds, or securities generally, or the material increase of any such restrictions now in force, including those relating to the extension of credit by, or the charge to the net capital requirements of, the Underwriters;

(viii) except as disclosed in or contemplated by the Official Statement, any material adverse change in the affairs of the District shall have occurred;

(ix) any underlying rating of the District's outstanding indebtedness is withdrawn or downgraded or placed on credit watch by a national rating agency;

(x) any event occurring, or information becoming known which, in the reasonable judgment of the Underwriters, makes untrue in any material adverse respect any statement or information contained in the Official Statement, or has the effect that the Official Statement contains any untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements made therein, in light of the circumstances under which they were made, not misleading and, in either such event, the District refuses to permit the Official Statement to be supplemented to supply such statement or information, or the effect of the Official Statement as so supplemented is to materially adversely affect the market price or marketability of the Bonds or the ability of the Underwriter to enforce contracts for the sale of the Bonds;

(xi) a material disruption in securities settlement, payment or clearance services affecting the Bonds shall have occurred;

(xii) any amendment shall have been made to the federal or State Constitution or action by any federal or State court, legislative body, regulatory body, or other authority materially adversely affecting the tax status of the District, its property, income, securities (or interest thereon) or the validity or enforceability of the levy of taxes to pay principal of and interest on the Bonds; or

(xiii) the purchase of and payment for the Bonds by the Underwriters, or the resale of the Bonds by the Underwriters, on the terms and conditions herein provided shall be prohibited by any applicable law, governmental authority, board, agency or commission.

(e) ***Delivery of Documents.*** At or prior to the Closing Date, the Underwriters shall receive sufficient copies of the following documents in each case dated as of the Closing Date and satisfactory in form and substance to the Underwriters:

(1) the approving opinion of Bond Counsel with respect to the Bonds, dated the Closing Date and addressed to the District, substantially in the form attached as APPENDIX D to the Preliminary Official Statement;

(2) a reliance letter from Bond Counsel to the effect that the Underwriters may rely upon the approving opinion of Bond Counsel described in subsection (e)(1) above;

(3) a supplemental opinion of Bond Counsel in a form acceptable to the Underwriters, dated the Closing Date and addressed to the Underwriters, to the effect that:

(i) assuming due authorization, execution and delivery by all the parties thereto, the District Resolution, this Bond Purchase Agreement and the Continuing Disclosure Certificate have each been duly authorized, executed and delivered by the respective parties thereto and constitute legal, valid and binding obligations of the District and are enforceable in accordance with their respective terms, except as enforcement thereof may be limited by bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium or other laws affecting generally the enforcement of creditors' rights and except as their enforcement may be subject to the application of equitable principles and the exercise of judicial discretion in appropriate cases if equitable remedies are sought (provided that no opinion need be rendered regarding the adequacy of the Continuing Disclosure Certificate for purposes of the Rule) and by limitations on the enforcement of legal remedies against public agencies in the State;

(ii) the statements contained in the Official Statement under the captions "The Bonds" (excluding any and all information relating to The Depository Trust Company and its book-entry system and the County

Treasury Pool set forth in Appendix F), “Security and Sources of Payment for the Bonds – General Description” and “Tax Matters,” excluding any material that may be treated as included under such captions by cross reference, to the extent they purport to summarize certain provisions of the Bonds, the Resolutions and the exclusion from gross income of interest on the Bonds for federal income tax purposes or the exemption of interest on the Bonds for State income tax purposes, fairly and accurately summarize the matters purported to be summarized thereto; and

(iii) the Bonds are not subject to the registration requirements of the Securities Act of 1933, as amended, and the County Resolution is exempt from qualification pursuant to the Trust Indenture Act of 1939, as amended;

(4) the Continuing Disclosure Certificate signed by an appropriate official of the District and in form and substance reasonably satisfactory to the Underwriters;

(5) a certificate signed by an appropriate official of the District to the effect that (i) such official is authorized to execute this Bond Purchase Agreement, the Official Statement and the Continuing Disclosure Certificate; (ii) the representations, agreements and warranties of the District herein are true and correct as of the date of Closing; (iii) the District has complied with all the terms of the District Documents to be complied with by the District prior to or concurrently with the Closing and the District Documents are in full force and effect; (iv) no litigation is pending (with service of process having been accomplished) or, to the best of the District’s knowledge, threatened (either in State or federal courts): (A) seeking to restrain or enjoin the execution, sale or delivery of any of the Bonds, (B) in any way contesting or affecting the authority for the execution, sale or delivery of the Bonds, the Official Statement, the Continuing Disclosure Certificate or this Bond Purchase Agreement, or (C) in any way contesting the existence or powers of the District; (v) such official has reviewed the Official Statement and on such basis certifies that the Official Statement does not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made therein, in the light of the circumstances under which they were made, not misleading; (vi) each of the conditions listed in Section 13 of this Bond Purchase Agreement required to be satisfied by the District has been satisfied on the date thereof and the District is not aware of any other condition of this Bond Purchase Agreement that has not been satisfied on the date thereof; and (vii) the Bonds being delivered on the date of the Closing to the Underwriters under this Bond Purchase Agreement substantially conform to the descriptions thereof contained in the Resolutions, the Official Statement and this Bond Purchase Agreement;

(6) a certificate signed by an appropriate official of the County to the effect that (i) such official is authorized to execute and to approve this Bond Purchase Agreement; (ii) the representations, agreements and warranties of the County herein are true and correct as of the date of Closing; (iii) the County has complied

with all the terms of the County Documents to be complied with by the County prior to or concurrently with the Closing; (iv) to the best of the County's knowledge, no litigation is pending (with service of process having been accomplished) or threatened (either in State or federal courts): (A) seeking to restrain or enjoin the execution, sale or delivery of any of the Bonds, (B) in any way contesting or affecting the authority for the execution, sale or delivery of the Bonds or this Bond Purchase Agreement, or (C) in any way contesting the existence or powers of the County with respect to the Bonds; (v) each of the conditions listed in Section 13 of this Bond Purchase Agreement required to be satisfied by the County has been satisfied on the date thereof and the County is not aware of any other condition of this Bond Purchase Agreement that has not been satisfied on the date thereof; and (vii) the Bonds being delivered on the date of the Closing to the Underwriters under this Bond Purchase Agreement substantially conform to the descriptions thereof contained in the County Resolution and this Bond Purchase Agreement;

(7) a certificate of the Paying Agent, or its agent, as applicable, dated the date of the Closing, signed by a duly authorized officer of the Paying Agent, or its agent, as applicable, and in form and substance satisfactory to the Underwriters, to the effect that: (i) to the best of such officer's knowledge, the representations and agreements of the Paying Agent in the Master Paying Agent Services Contract, dated as of [July 1, 2019] (the "Paying Agent Agreement"), between the County and the Paying Agent, are true and correct as of the date of the Closing; (ii) the Paying Agent Agreement has been duly authorized, executed and delivered and, assuming due execution by the other parties thereto, is enforceable against the Paying Agent in accordance with its terms; and (iii) to the best of such officer's knowledge, no litigation is pending or threatened (either in State or federal courts) (A) seeking to restrain or enjoin the delivery by the Paying Agent of any of the Bonds, or (B) in any way contesting or affecting any authority of the Paying Agent for the delivery of the Bonds or the validity or enforceability of the Bonds or the Paying Agent Agreement;

(8) a tax certificate of the District in form satisfactory to Bond Counsel with respect to the Bonds;

(9) evidence satisfactory to the Underwriters that any ratings described in the Official Statement are in full force and effect as of the Closing Date;

(10) the opinion of General Counsel to the District, addressed to the District, the County and the Underwriters, dated the Closing Date, to the effect that: (i) the District is a unified school district validly existing under the Constitution and the laws of the State; (ii) the District has the full right and lawful authority to enter into and perform its duties and obligations under the District Documents and to authorize the issuance and sale of the Bonds; (iii) to the best knowledge of General Counsel to the District, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court or public body, pending, or to such counsel's knowledge, threatened against the District contesting in any way the

completeness or accuracy of the Official Statement or the due adoption of the District Resolution, and there is no breach or default by the District under any other instruments which is caused by the issuance of the Bonds or the execution and delivery of this Bond Purchase Agreement or the Continuing Disclosure Certificate; (iv) General Counsel to the District is not representing the District in connection with any litigation of any nature to restrain or enjoin the execution, delivery or performance of the District Documents, the Bonds or any of the proceedings taken with respect to the issuance of the Bonds, the application of monies to the payment of the Bonds or in any manner questioning the proceedings and authority under which the Bonds were authorized or challenging the validity of the Bonds, the existence or boundaries of the District or the title of the officials of the District who have acted with respect to the proceedings for the issuance of the Bonds on behalf of the District to their respective offices; and (v) the Official Statement has been duly approved by the District.

(11) the opinion of County Counsel for the County (“County Counsel”), as counsel to the Board of Supervisors, addressed to the County, the District and the Underwriters, dated the Closing Date, to the effect that: (i) the County is a political subdivision of the State, duly organized and validly existing under the Constitution and the laws of the State; (ii) the County Resolution approving and authorizing the execution and delivery of this Bond Purchase Agreement and the sale and issuance of the Bonds was duly adopted at a meeting of the Board of Supervisors, which was called and held pursuant to law and with all public notice required by law and at which a quorum was present and acting at the time of adoption of the County Resolution, and the County Resolution has not been modified, amended, rescinded or revoked and is in full force and effect on the date thereof; (iii) to the best knowledge of County Counsel, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court, governmental agency, public authority or body, pending or threatened against the County in which service of process has been completed (a) affecting the existence of the County or the titles of its officers who have acted with respect to the proceedings for issuance and sale of the Bonds to their respective offices; (b) seeking to prohibit, restrain or enjoin the execution, delivery or performance of this Bond Purchase Agreement or the issuance of the Bonds or in any way contesting or affecting the validity or enforceability of the Bonds or the County Documents; (c) contesting the powers of the County or its authority to enter into, adopt or perform its obligations under the County Documents; or (d) seeking to restrain or enjoin the levy or collection of tax revenues pledged for payment of the Bonds, or the application thereof to such payment; and (iv) this Bond Purchase Agreement has been duly authorized, executed and delivered by the County and the Bonds have been duly authorized by the County, executed by the County on behalf of the District and delivered by the County and, assuming due authorization, execution and delivery by the other parties thereto, this Bond Purchase Agreement constitutes a legal, valid and binding obligation of the County enforceable against the County in accordance with its terms; provided that any County Counsel opinions regarding the enforcement of the County Documents and the Bonds may be expressly limited by the effect of bankruptcy, insolvency or other laws affecting the enforcement of creditors’ rights

generally and by the application of equitable principles if equitable remedies are sought and by the limitations on legal remedies imposed on actions against counties in the State.

(12) the opinion of [UW Counsel], counsel for the Underwriters (“Underwriters’ Counsel”), dated the date of Closing and addressed to the Underwriters, satisfactory in form and substance to the Underwriters;

(13) the letters of Disclosure Counsel in a form subject to the satisfaction of the Underwriters, dated the date of Closing and addressed separately to the District and the Underwriters;

(14) a certificate, together with a fully executed copy of each of the District Resolution, of the Executive Officer of the Board of Education to the effect that: (i) such copy is a true and correct copy of the District Resolution; and (ii) that the District Resolution was duly adopted, has not been modified, amended, rescinded or revoked and is in full force and effect on the date of the Closing;

(15) an original or copy of the County Resolution, certified by the Executive Officer - Clerk of the Board of Supervisors;

(16) a certificate of the appropriate official of the District evidencing the District’s determination respecting the Preliminary Official Statement in accordance with Rule 15c2-12;

(17) a transcript of all proceedings relating to the authorization, issuance and delivery of the Bonds; and

(18) such additional legal opinions, certificates, proceedings, instruments and other documents as the Underwriters may reasonably request to evidence compliance (i) by the County, the District and the Paying Agent (and its agent, if applicable) with legal requirements, (ii) the truth and accuracy, as of the time of Closing, of the representations of the County and the District herein contained, and (iii) the due performance or satisfaction by the County, the District and the Paying Agent (and its agent, if applicable) at or prior to such time of all agreements then to be performed and all conditions then to be satisfied by them.

(f) **Termination.** Notwithstanding anything to the contrary herein contained, if for any reason whatsoever the Bonds shall not have been delivered by the District to the Underwriters as provided in Section 6 hereof, then the obligation to purchase Bonds hereunder shall terminate and be of no further force or effect except with respect to the obligations of the District and the Underwriter that survive termination hereof.

If the County and/or the District shall be unable to satisfy the conditions to the Underwriters’ obligations contained in this Bond Purchase Agreement or if the Underwriters’ obligations shall be terminated for any reason permitted by this Bond Purchase Agreement, this Bond Purchase Agreement may be canceled by the Underwriters at, or at any time prior to, the time of Closing. Notice of such cancellation shall be given to the County and the District in writing,

or by telephone or electronic communication, confirmed in writing. Notwithstanding any provision herein to the contrary, the performance of any and all obligations of the County and the District hereunder and the performance of any and all conditions contained herein for the benefit of the Underwriters may be waived by the Representatives in writing at their sole discretion.

Section 13. Conditions to Obligations of the District. The performance by the County and District of their obligations is conditioned upon (a) the performance by the Underwriters of their obligations hereunder, and (b) receipt by the District and the Underwriters of opinions and certificates being delivered at the Closing by persons and entities other than the County and District.

Section 14. Expenses. On the Closing Date, the Underwriters will wire \$[] from the proceeds of the Bonds, as provided in Section 1 hereof, to U.S. Bank Trust Company, National Association, as costs administrator, to be used to pay costs of issuance of the Bonds, including, but not limited to the following at the direction of the District: (i) the costs of the preparation and reproduction of the Resolutions; (ii) the fees and disbursements of Bond Counsel, Disclosure Counsel and the Municipal Advisor; (iii) the cost of the preparation, printing and delivery of the Bonds; (iv) the fees for Bond ratings, including all necessary expenses for travel; (v) the cost of the printing and distribution of the Preliminary Official Statement and the Official Statement, and any supplement or amendment thereto; (vi) costs, fees and expenses related to the presentation to investors; (vii) the initial fees of the Paying Agent; and (viii) all other fees and expenses incident to the issuance and sale of the Bonds or the performance of its obligations hereunder. All out-of-pocket expenses of the Underwriters, including California Debt and Investment Advisory Commission fees, CUSIP Service Bureau registration fees, Underwriters' Counsel fees, expenses for travel and other expenses of the Underwriters, shall be paid by the Underwriters out of Underwriters' discount.

Section 15. Notices. Any notice or other communication to be given under this Bond Purchase Agreement (other than the acceptance hereof as specified in the first paragraph hereof) may be given by delivering the same in writing if to the County, to the Treasurer and Tax Collector of the County of Los Angeles at 437 Kenneth Hahn Hall of Administration, 500 West Temple Street, Los Angeles, California 90012; if to the District, to the Chief Financial Officer of the Los Angeles Unified School District, 333 S. Beaudry Avenue, 26th Floor, Los Angeles, California 90017, or if to the Representatives, to [Underwriter], [Address] Attention: [].

Section 16. Parties in Interest; Survival of Representations and Warranties. This Bond Purchase Agreement when accepted by the District in writing as heretofore specified shall constitute the entire agreement between the District and the Underwriter. This Bond Purchase Agreement is made solely for the benefit of the District and the Underwriter (including the successors or assigns of the Underwriter). No other person shall acquire or have any rights hereunder or by virtue hereof. All representations, warranties and agreements of the District in this Bond Purchase Agreement shall survive regardless of (a) any investigation or any statement in respect thereof made by or on behalf of the Underwriter, (b) delivery of and payment by the Underwriter for the Bonds hereunder, and (c) any termination of this Bond Purchase Agreement.

Section 17. Severability. If any provision of this Bond Purchase Agreement is, or is held or deemed to be, invalid, illegal or unenforceable for any reason by any court of competent

jurisdiction or otherwise, the validity, legality and enforceability of the remaining provisions hereof shall not in any way be affected or impaired thereby.

Section 18. Entire Agreement. This Bond Purchase Agreement when accepted by the County and District in writing as heretofore specified shall constitute the entire agreement between the County, District and the Underwriters, including their permitted successors and assigns, respectively.

Section 19. Execution in Counterparts. This Bond Purchase Agreement may be executed in several counterparts each of which shall be regarded as an original and all of which shall constitute but one and the same document.

(Signature page follows)

Section 20. Applicable Law. This Bond Purchase Agreement shall be interpreted, governed and enforced in accordance with the laws of the State applicable to contracts made and performed in such State.

APPENDIX B

ISSUE PRICE CERTIFICATE OF THE REPRESENTATIVE

\$[AMOUNT]
LOS ANGELES UNIFIED SCHOOL DISTRICT
(County of Los Angeles, California)
General Obligation Bonds, Series QRR (2025)

[REPRESENTATIVES] have acted as the representative of the Underwriters listed in the Bond Purchase Agreement (collectively, the “Representative”) entered into in connection with the sale and issuance by the Los Angeles Unified School District (the “District”) of the Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series QRR (2025) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) maturing on the dates set forth on Schedule 1 hereto in the principal amount of \$_____ (the “Bonds”) being issued on the date hereof, and the Representatives hereby certify and represent on behalf of itself and such other Underwriters the following:

1. As of [Sale Date] (the “Sale Date”), all of the Bonds were the subject of a bona fide offering to the Public at the respective prices or yields set forth on the inside cover page of the District’s Official Statement in respect of the Bonds dated [Sale Date] (each, an “Initial Offering Price”), which are the same prices or yields shown on the final pricing wire for the offering of the Bonds attached hereto as Schedule 1.

2. As of the Sale Date, [except for the Maturities [IDENTIFY UN/UNDERSOLD MATURITIES] (the “Unsold Maturities”), shown on Schedule 2 attached hereto,] the first price at which 10% of each Maturity of the Bonds was sold by the Underwriters to the Public is set forth on Schedule 1.

3. [HOLD THE PRICE - REPRESENTATIVES ALLOTTED UNSOLD MATURITIES] On and following the Sale Date, with respect to the initial sales of the Unsold Maturities, the Representatives: (i) have retained the unsold principal amounts of the bonds of the Unsold Maturities as shown in Schedule 2 attached hereto and not allocated any such Unsold Maturities to any other Underwriter, and (ii) has neither offered nor sold any such Unsold Maturities to any person at a price that is higher or yield lower than the Initial Offering Price during the period starting on the Sale Date and ending on the earlier of the following: (a) the close of the fifth business day after the Sale Date, or (b) the date on which at least 10% of the bonds of the Unsold Maturity has been sold to the Public at a price that is at or below the Initial Offering Price. OR:

4. [HOLD THE PRICE - SYNDICATE RETAINS BONDS] On and following the Sale Date, with respect to the initial sales of the Unsold Maturities, the Underwriters have neither offered nor sold any Unsold Maturities to any person at a price higher than or a yield lower than the respective Initial Offering Price for a period of time starting on the Sale Date and ending on the earlier of the following: (a) the close of the fifth business day

after the Sale Date, or (b) the date on which at least 10% of the bonds of the Unsold Maturity has been sold to the Public at a price that is at or below the Initial Offering Price.

5. The agreement among Underwriters, each selling group agreement and each retail distribution agreement (to which the Representatives are parties) relating to the initial sale of the Bonds to the Public, together with the related pricing wires, contains language obligating each Underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such retail distribution agreement, as applicable, to (A) report the prices at which it sells to the Public the unsold Bonds of each Maturity allotted to it until it is notified by the Representative that at least 10% of such Maturity of the Bonds was sold by the Underwriters to the Public at a single price, and (B) with respect to the Unsold Maturities, if any, comply with the hold-the-offering-price rule, as described above, if and for so long as directed by the Representatives and as set forth in the related pricing wires.

6. The agreement among Underwriters relating to the initial sale of the Bonds to the Public, together with the related pricing wires, contains language obligating each Underwriter that is a party to a retail distribution agreement to be employed in connection with the initial sale of the Bonds to the Public to require each broker-dealer that is a party to such retail distribution agreement to (A) report the prices at which it sells to the Public the unsold Bonds of each Maturity allotted to it until it is notified by the Underwriter that at least 10% of such Maturity of the Bonds was sold by the Underwriters to the Public at a single price, and (B) with respect to the Unsold Maturities, if any, comply with the hold-the-offering-price rule, as described above, if and for so long as directed by the Representative and as set forth in the related pricing wires.

For purposes of this Certificate, the following definitions apply:

(a) Maturity means Bonds with the same credit and payment terms. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate Maturities.

(b) Public means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a Related Party to an Underwriter.

(c) Related Party means any entity if an Underwriter and such entity are subject, directly or indirectly, to (i) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profit interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other).

(d) Underwriter means (i) any person that agrees pursuant to a written contract with the District (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

The Representatives understand that the foregoing information will be relied upon by the District with respect to certain of the representations set forth in the District's Tax Certificate and Agreement to which this certificate is included as an exhibit and with respect to compliance with the federal income tax rules affecting the Bonds, and by Dannis Woliver Kelly, as bond counsel to the District, in connection with providing an opinion as to the exclusion from gross income of interest on the Bonds pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the District from time to time relating to the Bonds. The Representatives are certifying only as to facts in existence on the date hereof. Nothing herein represents the Representatives' interpretation of any laws; in particular the Treasury Regulations under the Code, or the application of any laws to these facts. The certifications contained herein are not necessarily based on personal knowledge, but may instead be based on either inquiry deemed adequate by the undersigned or institutional knowledge (or both) regarding the matters set forth herein. Although certain information furnished in this Certificate has been derived from other Underwriters and cannot be independently verified by us, we have no reason to believe it to be untrue in any material respect.

CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (the “Disclosure Certificate”), dated [DATE], is executed and delivered by the Los Angeles Unified School District (the “District”) in connection with the issuance of its Bonds (defined herein), which are being issued pursuant to the laws of the State of California and the Resolution (defined herein). The District covenants and agrees as follows:

Section 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the District and the Dissemination Agent for the benefit of the Holders and Beneficial Owners of the Bonds and in order to assist the Participating Underwriters in complying with Securities and Exchange Commission Rule 15c2-12(b)(5).

Section 2. Definitions. In addition to the definitions set forth in the Resolution, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“Annual Report” shall mean any Annual Report provided by the District pursuant to, and as described in, Sections 4 and 5 of this Disclosure Certificate.

“Beneficial Owner” shall mean any person who (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries), or (b) is treated as the owner of any Bonds for federal income tax purposes.

“Bonds” shall mean the Los Angeles Unified School District’s General Obligation Bonds, Series QRR (2025) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds).

“County” shall mean the County of Los Angeles, California.

“CUSIP Numbers” shall mean the Committee on Uniform Security Identification Procedure’s unique identification number for each public issue of a security.

“Dissemination Agent” shall mean Digital Assurance Certification, L.L.C., or any successor Dissemination Agent designated in writing by the District and which has filed with the District a written acceptance of such designation.

“Disclosure Counsel” shall mean an attorney-at-law, or a firm of such attorneys, of nationally recognized standing in matters pertaining to the disclosure obligations under the Rule, duly admitted to the practice of law before the highest court of any state of the United States of America.

“EMMA System” shall mean the MSRB’s Electronic Municipal Market Access system, the current internet address of which is <http://emma.msrb.org>.

“Financial Obligation” shall mean, for purposes of the Listed Events set out in Section 6(b)(xv) and Section 6(b)(xvi), a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt

obligation; or (iii) guarantee of (i) or (ii). The term “Financial Obligation” shall not include municipal securities (as defined in the Securities Exchange Act of 1934, as amended) as to which a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule.

“Holder” shall mean either the registered owners of the Bonds, or if the Bonds are registered in the name of The Depository Trust Company or another recognized depository, any applicable participant in such depository system.

“Listed Events” shall mean any of the events listed in Section 6(b) of this Disclosure Certificate.

“MSRB” shall mean the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934, or any successor thereto or to the functions of the MSRB contemplated by this Disclosure Certificate.

“Official Statement” shall mean the Official Statement dated [____], 2025, with respect to the Bonds.

“Participating Underwriters” shall mean the original underwriters of the Bonds required to comply with the Rule in connection with offering of the Bonds.

“Resolution” shall mean collectively, the resolution adopted by the Board of Education of the District on [May 13, 2025], and a resolution adopted by the Board of Supervisors of the County on [June 10, 2025].

“Rule” shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

Section 3. Transmission of Notices, Documents and Information.

(a) Unless otherwise required by the MSRB, all notices, documents and information provided to the MSRB shall be provided to the EMMA System.

(b) All notices, documents and information provided to the MSRB shall be provided in an electronic format as prescribed by the MSRB.

Section 4. Provision of Annual Reports.

(a) The District shall, or shall cause the Dissemination Agent to, not later than 240 days following the end of the District’s fiscal year (currently ending June 30), commencing with the report for the 2024-25 fiscal year (which is due not later than February 25, 2026), provide to the MSRB through its EMMA System an Annual Report which is consistent with the requirements of Section 5 of this Disclosure Certificate. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 5 of this Disclosure Certificate. If the District’s fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 6(c).

(b) Not later than thirty (30) days (not more than sixty (60) days) prior to the date on which the Annual Report is to be provided pursuant to subsection (a), the Dissemination Agent shall give notice to the District that the Annual Report is so required to be filed in accordance with the terms of this Disclosure Certificate. Not later than fifteen (15) days prior to said date, the District shall provide the Annual Report to the Dissemination Agent (if other than the District). If the District is unable to provide to the MSRB through its EMMA System an Annual Report by the date required in subsection (a), the Dissemination Agent shall send a timely notice of such fact to the MSRB through its EMMA System.

(c) The Dissemination Agent shall: (i) determine each year prior to the date for providing the Annual Report to the EMMA System the date on which such Annual Report shall be due and notify the District of such date; and (ii) (if the Dissemination Agent is other than the District) file a report with the District certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, stating the date it was provided and that it was provided to the MSRB through the EMMA System.

Section 5. Content of Annual Reports. The District's Annual Report shall contain or include by reference the following:

(a) Audited financial statements of the District for the preceding fiscal year, prepared in accordance with the laws of the State of California and including all statements and information prescribed for inclusion therein by the Controller of the State of California. If the District's audited financial statements are not available by the time the Annual Report is required to be filed pursuant to Section 4 hereof, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the final Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available.

(b) To the extent not included in the audited financial statements of the District, the Annual Report shall also include the following:

(i) Table [3] – “Historical Gross Assessed Valuation of Taxable Property” if and to the extent provided to the District by the County;

(ii) Table [5] – “Assessed Valuation and Parcels by Land Use;”

(iii) Table [6] – “Assessed Valuations of Single Family Homes per Parcel;”

(iv) Table [7] – “Largest Local Secured Taxpayers;”

(v) Table [9A] – “Secured Tax Charges and Delinquencies,” if and to the extent provided to the District by the County;

(vi) Table [A-1] – “Average Daily Attendance;”

(vii) Table [A-4] – “District General Fund Budget” for the current fiscal year;

(viii) Table [A-18] – “Proposition BB (Election of 1997) Bonds,” if and only to the extent that bonds issued pursuant to Proposition BB or bonds that have refunded such bonds are outstanding;

(ix) Table [A-19] – “Measure K (Election of 2002) Bonds,” if and only to the extent that bonds issued pursuant to Measure K or bonds that have refunded such bonds are outstanding;

(x) Table [A-20] – “Measure R (Election of 2004) Bonds,” if and only to the extent that bonds issued pursuant to Measure R or bonds that have refunded such bonds are outstanding;

(xi) Table [A-21] – “Measure Y (Election of 2005) Bonds,” if and only to the extent that bonds issued pursuant to Measure Y or bonds that have refunded such bonds are outstanding;

(xii) Table [A-22] – “Measure Q (Election of 2008) Bonds,” if and only to the extent that bonds issued pursuant to Measure Q or bonds that have refunded such bonds are outstanding; and

(xiii) Table [A-23] – “Measure RR (Election of 2020) Bonds,” if and only to the extent that bonds issued pursuant to Measure RR or bonds that have refunded such bonds are outstanding.

(c) It shall be sufficient for purposes of Section 4 hereof if the District provides annual financial information by specific reference to documents (i) available to the public on the MSRB Internet Web site (currently, www.emma.msrb.org) or (ii) filed with the Securities and Exchange Commission. The District shall clearly identify each such other document so included by reference. The provisions of this Section 5(c) shall not apply to notices of Listed Events pursuant to Section 6 hereof.

(d) The descriptions contained in clause (b) above of financial information and operating data constituting to be included in the Annual Report are of general categories or types of financial information and operating data. When such descriptions include information that no longer can be generated because the operations to which it related have been materially changed or discontinued, or due to changes in accounting practices, legislative or organizational changes, a statement to that effect shall be provided in lieu of such information. Comparable information shall be provided if available.

Section 6. Reporting of Listed Events.

(a) If a Listed Event occurs, the District shall provide or cause to be provided, in a timely manner not in excess of ten (10) Business Days of the District having notice of such Listed Event, notice of such Listed Event to (i) the EMMA System of the MSRB and (ii) the Dissemination Agent.

(b) Pursuant to the provisions of this Section 6, the District shall give, or cause to be given, notice of the occurrence of any of the following events (each, a “Listed Event”) with respect to the Bonds;

(i) principal and interest payment delinquencies;

(ii) non-payment related defaults, if material;

(iii) modifications to rights of Holders, if material;

(iv) bond calls, if material and tender offers;

(v) defeasances;

(vi) rating changes;

(vii) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (Internal Revenue Service Form 5701-TEB) or other material notices of determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;

(viii) unscheduled draws on the debt service reserves reflecting financial difficulties;

(ix) unscheduled draws on the credit enhancements reflecting financial difficulties;

(x) release, substitution or sale of property securing repayment of the Bonds, if material;

(xi) bankruptcy, insolvency, receivership or similar event of the District (such event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the District in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under State or federal law in which a court or government authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District);

(xii) substitution of credit or liquidity providers, or their failure to perform;

(xiii) the consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of the assets of the District, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;

(xiv) appointment of a successor or additional Paying Agent or the change of name of a Paying Agent, if material;

(xv) incurrence of a Financial Obligation of the District, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the District, any of which affect security holders, if material;

(xvi) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the District, any of which reflect financial difficulties; and

(xvii) any amendment or waiver of a provision of this Disclosure Certificate.

The District intends to comply with the Listed Events described in Section 6(b)(xv) and Section 6(b)(xvi), and the definition of “Financial Obligation” in Section 1, with reference to the Rule, any other applicable federal securities laws and the guidance provided by the Securities and Exchange Commission in Release No. 34-83885, dated August 20, 2018 (the “2018 Release”), and any further amendments or written guidance provided by the Securities and Exchange Commission or its staff with respect to the amendments to the Rule effected by the 2018 Release. The District notes that items (viii), (ix), (x) and (xii) are not applicable to the Bonds.

(c) If the District determines that a Listed Event has occurred, the District shall promptly notify the Dissemination Agent in writing. Such notice shall instruct the Dissemination Agent to report the occurrence pursuant to Section 3 hereof.

(d) If the Dissemination Agent has been instructed by the District to report the occurrence of a Listed Event, the Dissemination Agent shall file a notice of such occurrence with the MSRB through its EMMA System.

(e) Notwithstanding the foregoing, notice of Listed Events described in subsections (b)(iv) need not be given under this subsection any earlier than the notice (if any) of the underlying event is given to Holders of affected Bonds pursuant to the Resolution.

Section 7. CUSIP Numbers. Whenever providing information to the Dissemination Agent, including but not limited to Annual Reports, documents incorporated by reference to the Annual Reports, Audited Financial Statements and notices of Listed Events, the District shall indicate the full name of the Bonds and the 9-digit CUSIP numbers for the Bonds as to which the provided information relates.

Section 8. Termination of Reporting Obligation.

(a) The District’s obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the District shall give notice of such termination in the same manner as for a Listed Event under Section 6(c).

(b) This Disclosure Certificate, or any provision hereof, shall cease to be effective in the event that the District (1) delivers to the Dissemination Agent an opinion of Disclosure Counsel,

addressed to the District and the Dissemination Agent, to the effect that those portions of the Rule which require this Disclosure Certificate, or such provision, as the case may be, do not or no longer apply to the Bonds, whether because such portions of the Rule are invalid, have been repealed, or otherwise, as shall be specified in such opinion, and (2) delivers copies of such opinion to the MSRB.

Section 9. Dissemination Agent. The District may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent shall be Digital Assurance Certification, L.L.C. If at any time there is no designated Dissemination Agent appointed by the District, or if the Dissemination Agent so appointed is unwilling or unable to perform the duties of the Dissemination Agent hereunder, the District shall be the Dissemination Agent and undertake or assume its obligations hereunder. The Dissemination Agent (other than the District) shall not be responsible in any manner for the content of any notice or report required to be delivered by the District pursuant to this Disclosure Certificate.

Section 10. Amendment; Waiver.

(a) This Disclosure Certificate may be amended by the District without the consent of the holders of the Bonds (except to the extent required under clause (a)(iv)(2) below), if all of the following conditions are satisfied:

(i) such amendment is made in connection with a change in circumstances that arises from a change in legal (including regulatory) requirements, a change in law (including rules or regulations) or in interpretations thereof, or a change in the identity, nature or status of the District or the type of business conducted thereby;

(ii) this Disclosure Certificate as so amended would have complied with the requirements of the Rule as of the date of this Disclosure Certificate, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances;

(iii) the District shall have received an opinion of a nationally recognized bond counsel or counsel expert in federal securities laws, addressed to the District, to the same effect as set forth in (a)(ii) above;

(iv) either (1) the District shall have received an opinion of a nationally recognized bond counsel or counsel expert in federal securities laws, addressed to the District, to the effect that the amendment does not materially impair the interests of the holders of the Bonds or (2) is approved by the Holders of the Bonds in the same manner as provided in the Resolution for amendments to the Resolution with the consent of Holders; and

(v) the District shall have delivered copies of such opinion and amendment to the MSRB through its EMMA system within ten (10) Business Days from the execution thereof.

(b) In addition to subsection 10(a) above, this Disclosure Certificate may be amended and any provision of this Disclosure Certificate may be waived, by written certificate of the District, without the consent of the holders of the Bonds, if all of the following conditions are satisfied:

(i) an amendment to the Rule is adopted, or a new or modified official interpretation of the Rule is issued, after the effective date of this Disclosure Certificate which is applicable to this Disclosure Certificate;

(ii) the District shall have received an opinion of a nationally recognized bond counsel or counsel expert in federal securities laws, addressed to the District, to the effect that performance by the District under this Disclosure Certificate as so amended or giving effect to such waiver, as the case may be, will not result in a violation of the Rule; and

(iii) the District shall have delivered copies of such opinion and amendment to the MSRB through its EMMA system.

(c) In the event of any amendment or waiver of a provision of this Disclosure Certificate, the District shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the District. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 6 hereof, and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

Section 11. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the District chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the District shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

Section 12. Default. In the event of a failure of the District to comply with any provision of this Disclosure Certificate, the Dissemination Agent may (and, at the request of any Participating Underwriters or the Holders or Beneficial Owners of at least 25% of aggregate principal amount of the Bonds then outstanding, shall) or any Holders or Beneficial Owners of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Disclosure Certificate; provided that any such action may be instituted only in the Superior Court of the State of California in and for the County of Los Angeles or in the U.S. District Court in the County of Los Angeles. A default under this Disclosure Certificate shall not be deemed an Event

of Default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel performance.

Section 13. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the District agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's gross negligence or willful misconduct. The obligations of the District under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

Section 14. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the District, the Dissemination Agent, the Participating Underwriters and Holders and Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

Section 15. Execution in Counterparts. This Disclosure Certificate may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same certificate.

[DAC Logo]

RATINGS: Fitch: “[]”

KBRA: “[]”

Moody’s: “[]”

See “MISCELLANEOUS – Ratings” herein.

In the opinion of Dannis Woliver Kelley, Bond Counsel to the District, under existing law, interest on the Bonds is exempt from personal income taxes of the State of California, and, assuming continuing compliance after the date of initial delivery of the Bonds with certain covenants contained in the Resolution authorizing the Bonds and subject to the matters set forth under “TAX MATTERS” herein, interest on the Bonds for federal income tax purposes under existing statutes, regulations, published rulings, and court decisions will be excludable from the gross income of the owners thereof pursuant to section 103 of the Internal Revenue Code of 1986, as amended to the date of initial delivery of the Bonds, and will not be included in computing the alternative minimum taxable income of the owners thereof; however, interest on the Bonds is taken into account in determining annual adjusted financial statement income for the purpose of computing alternative minimum tax imposed on certain corporations. See “TAX MATTERS” herein.

\$[]*
LOS ANGELES UNIFIED SCHOOL DISTRICT
 (County of Los Angeles, California)
General Obligation Bonds, Series QRR (2025)
(Dedicated Unlimited Ad Valorem Property Tax Bonds)

Dated: Date of Delivery**Due: As shown herein**

The Los Angeles Unified School District (County of Los Angeles, California) Election of 2024, General Obligation Bonds, Series QRR (2025) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) (the “Bonds”) are issued by the County of Los Angeles, California (the “County”), on behalf of the Los Angeles Unified School District (the “District”) to (i) finance certain school facilities projects, (ii) fund capitalized interest on the Bonds through ____ 1, 20[]*, and (iii) to pay the costs of issuance of the Bonds, as more fully described herein. See “PLAN OF FINANCE” herein. The Bonds are being issued under the laws of the State of California (the “State”), the applicable authorizations received at elections held by the District as described herein, and pursuant to resolutions of the Board of Education of the District and the Board of Supervisors of the County.

The Bonds are general obligation bonds of the District secured by and payable from *ad valorem* property taxes to be levied within the District pursuant to the California Constitution and other State law. The Board of Supervisors of the County is empowered and is obligated to levy *ad valorem* property taxes upon all property subject to taxation by the District, without limitation as to rate or amount (except as to certain personal property which is taxable at limited rates), for the payment of principal of and interest on the Bonds, all as more fully described herein. See “SECURITY AND SOURCE OF PAYMENT FOR THE BONDS.”

Interest on the Bonds is payable on each January 1 and July 1 to maturity, commencing [January 1, 2026]. Principal of the Bonds is payable in each of the years and in the amounts set forth on the inside front cover page hereof.

The Bonds will be issued in book-entry form only, in denominations of \$5,000 principal amount, or integral multiples thereof, and will be initially issued and registered in the name of Cede & Co., as nominee for The Depository Trust Company (“DTC”). DTC will act as securities depository for the Bonds. Owners will not receive certificates representing their interests in the Bonds. Payments of principal of, premium, if any, and interest on the Bonds will be made by U.S. Bank Trust Company, National Association, as agent to the Treasurer and Tax Collector of the County, as the initial paying agent, to DTC, which is obligated to remit such payments to its DTC Participants for subsequent disbursement to the beneficial owners of the Bonds. See APPENDIX C – “BOOK-ENTRY ONLY SYSTEM.”

The Bonds are subject to redemption prior to their respective stated maturity dates as described herein. See “THE BONDS – Redemption.”

THIS COVER PAGE CONTAINS CERTAIN INFORMATION FOR GENERAL REFERENCE ONLY. IT IS NOT INTENDED TO BE A SUMMARY OF THE SECURITY FOR OR TERMS OF THIS ISSUE. INVESTORS ARE ADVISED TO READ THE ENTIRE OFFICIAL STATEMENT TO OBTAIN INFORMATION ESSENTIAL TO THE MAKING OF AN INFORMED INVESTMENT DECISION.

The Bonds will be offered when, as and if issued by the County on behalf of the District, and received by the Underwriters, subject to the approval as to their legality by Dannis Woliver Kelley, Long Beach, California, Bond Counsel to the District, and certain other conditions. Certain legal matters will be passed upon for the District by the General Counsel to the District and by Dannis Woliver Kelley, Long Beach, California, Disclosure Counsel to the District, and for the Underwriters by [UW Counsel], [CITY, STATE]. The Bonds, in book-entry form, will be available for delivery through the facilities of DTC on or about _____, 2025.

LOS ANGELES UNIFIED SCHOOL DISTRICT
(County of Los Angeles, California)
General Obligation Bonds, Series QRR (2025)
Federally Tax-Exempt
(Dedicated Unlimited *Ad Valorem* Property Tax Bonds)

INTRODUCTION

This Introduction is not a summary of this Official Statement. It is only a brief description of, and is qualified by, more complete and detailed information contained in the entire Official Statement, including the cover page and inside cover page, through the appendices hereto, and the documents summarized or described herein. The offering of the Bonds to potential investors is made only by means of the entire Official Statement. A full review should be made of the entire Official Statement.

General

This Official Statement, which includes the cover page through the appendices hereto, is provided to furnish information in connection with the sale of the Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series QRR (2025) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) (the “Bonds”).

The Bonds are issued by the County of Los Angeles, California (the “County”), on behalf of the District, pursuant to certain provisions of the California Education Code and other applicable law, the authorization received at certain elections held by the District as described herein, a resolution adopted by the Board of Education of the District (the “District Board”) on [May 13, 2025] (the “District Resolution”), and a resolution adopted by the Board of Supervisors of the County on [June 10, 2025] (the “County Resolution” and, together with the District Resolution, the “Resolutions”). The Bonds are being issued to (i) finance certain school facilities projects, [(ii) fund capitalized interest on a portion of the Bonds], and (iii) to pay the costs of issuance of the Bonds as more fully described herein. See “INTRODUCTION – Authority and Purpose for Issuance of the Bonds” and “PLAN OF FINANCE.”

THE BONDS ARE GENERAL OBLIGATION BONDS OF THE DISTRICT SECURED BY AND PAYABLE FROM *AD VALOREM* PROPERTY TAXES TO BE LEVIED UPON ALL PROPERTY SUBJECT TO TAXATION BY THE DISTRICT, WITHOUT LIMITATION AS TO RATE OR AMOUNT (EXCEPT AS TO CERTAIN PERSONAL PROPERTY WHICH IS TAXABLE AT LIMITED RATES). THE BONDS ARE NOT AN OBLIGATION OF THE COUNTY, THE STATE OF CALIFORNIA OR OF THE GENERAL FUND OF THE DISTRICT. SEE “SECURITY AND SOURCE OF PAYMENT FOR THE BONDS.”

The District

The District, encompassing approximately 710 square miles, is located in the western section of the County in the State of California (the “State”). The District’s boundaries include virtually all of the City of Los Angeles (the “City”), all of the Cities of Cudahy, Gardena, Huntington Park, Lomita, Maywood, San Fernando, Vernon and West Hollywood, and portions of the Cities of Bell, Bell Gardens, Beverly Hills, Calabasas, Carson, Commerce, Culver City, Downey, Hawthorne, Inglewood, Long Beach, Lynwood, Montebello, Monterey Park, Rancho Palos Verdes, Rolling Hills Estates, Santa Clarita, Santa Monica, South Gate, and Torrance. In addition, the District provides services to several unincorporated areas of the

* Preliminary; subject to change.

County which include residential and industrial areas. The boundaries for the District are approximately 80% coterminous with the City, with the remaining 20% included in the smaller neighboring cities and unincorporated County areas described above. The District was formed in 1854 as the Common Schools for the City and became a unified school district in 1960.

The District is the largest public school district in the State and the largest self-governing public school district in the United States. At the time of preparation of the District's second interim report for fiscal year 2024-25 (the "2024-25 Second Interim Report"), the transitional kindergarten ("TK") through 12th grade enrollment in the District for fiscal year 2024-25 was projected to be approximately 402,561 students, including those attending magnet, opportunity, and continuation schools and centers, Affiliated Charter Schools, and schools for people with disabilities. Such enrollment represents a projected decrease of 892 students or a decrease of approximately (0.22)% from the budgeted TK-12 enrollment in the District at the time of preparation of the District's original adopted budget for fiscal year 2024-25 (the "Fiscal Year 2024-25 Budget"). Such enrollment does not include students attending Fiscally Independent Charter Schools that was budgeted at 108,520 students at the time of preparation of the Fiscal Year 2024-25 Budget. Based on enrollment projections at the time of preparation of the 2024-25 Second Interim Report, the District projected enrollment to decline by (1.99)% on average through fiscal year 2025-26. For more information regarding District enrollment and average daily attendance, see APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT GENERAL INFORMATION – Enrollment and Average Daily Attendance." See also APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – District Budget – *LACOE's Responses to Fiscal Year 2024-25 Budget*," for information regarding District declining enrollment.

As reflected in the District's Audited Annual Financial Report for fiscal year 2023-24, the District operated 1,232 schools and centers in fiscal year 2023-24, which consisted of 435 elementary schools, 78 middle/junior high schools, 87 senior high schools, 59 options schools, 29 multi-level schools, 12 special education schools, 264 magnet centers, 67 magnet schools, 18 primary school centers, 2 community adult schools, 7 regional occupational centers, 2 skills centers, 87 early education centers, 4 infant centers, and 81 California State preschools. As reflected in the District's Audited Annual Financial Report for fiscal year 2023-24, 51 of the District's schools were operated as Affiliated Charter Schools in fiscal year 2023-24. In addition, as reflected in the District's Audited Annual Financial Report for fiscal year 2023-24, the District oversaw 221 Fiscally Independent Charter Schools within the District's boundaries in fiscal year 2023-24. See APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – STATE FUNDING OF SCHOOL DISTRICTS – Charter School Funding."

Additional information on the District is set forth in Appendices A and B. See APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION" and APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

For information regarding potential additional financings the District may undertake, see APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – Future Financings."

The District's General Obligation Bond Program

Voters within the District have approved a total of \$36.605 billion of general obligation bonds in seven separate bond elections since 1997, as delineated in Table 1 below, a portion of which are currently

outstanding. Following the issuance of the Bonds, a total of approximately \$_____ billion of the approved general obligation bonds will have been issued, with approximately \$_____ billion remaining to be issued under the bond authorizations listed below (collectively, the “Authorizations”). See “SECURITY AND SOURCE OF PAYMENT FOR THE BONDS – The District’s General Obligation Bond Program and Bonding Capacity.”

TABLE 1
LOS ANGELES UNIFIED SCHOOL DISTRICT
General Obligation Bond Authorizations

Bond Authorization	Date Authorized by Voters	Percentage Approval⁽¹⁾	Amount Authorized (\$ Billions)	Amount Issued⁽²⁾ (\$ Billions)	Amount Unissued⁽²⁾ (\$ Billions)	Purposes
Proposition BB	April 8, 1997	71%	\$ 2.400	\$ 2.400	\$0.000	Health and safety improvements, computer technology and science labs, air conditioning and new construction
Measure K	November 5, 2002	68	3.350	3.350	0.000	New construction, acquisition, rehabilitation and upgrading of specifically identified school facilities
Measure R	March 2, 2004	63	3.870	3.870	0.000	New construction, acquisition, rehabilitation and upgrading of specifically identified school facilities, and installation and upgrading of information-technology infrastructure
Measure Y	November 8, 2005	66	3.985	3.985	0.000	New construction, acquisition, rehabilitation and upgrading of specifically identified school facilities, and installation and upgrading of information-technology infrastructure
Measure Q	November 4, 2008	69	7.000	4.801 ⁽³⁾	2.199 ⁽³⁾	New construction, acquisition, rehabilitation and upgrading of specifically identified school facilities, and installation and upgrading of information-technology infrastructure

Measure US	November 5, 2024	68	9.000	—	—	New construction, acquisition, rehabilitation and upgrading of specifically identified school facilities, and installation and upgrading of information-technology infrastructure
Total			<u>\$36.605</u>	<u>\$20.536</u>	<u>\$16.069</u>	

* Preliminary; subject to change. Amounts are rounded.

⁽¹⁾ Measure K, Measure R, Measure Y, Measure Q, Measure RR, and Measure US were approved pursuant to the provisions of Proposition 39, which requires approval of at least 55% of voters voting on the proposition. Proposition BB was approved pursuant to the provisions of Proposition 46, which requires approval of at least two-thirds of voters voting on the proposition.

⁽²⁾ Totals may not add due to rounding. See also APPENDIX A – “DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – District Debt – *General Obligation Bonds*” for the amounts of outstanding general obligation bonds under the referenced Authorizations. Excludes general obligation refunding bonds.

⁽³⁾ Prior to issuance of the Bonds.

Source: Los Angeles Unified School District.

In addition to the bond proceeds from the seven Authorizations referred to above, the District has received State-matching funds and other revenue sources to fund the general obligation bond program's various projects. The District may continue to receive other revenue sources, including State-matching funds; however, additional funding is not guaranteed. The District's general obligation bond program completed all projects that enabled the District to operate all schools on a traditional two-semester calendar in the 2018-19 school year. In addition, approximately 24,475 new school construction, rehabilitation, modernization and replacement projects, which are intended to upgrade facilities and improve the learning environment for students, have been completed. The program includes, among other things, various school facilities improvements for campus safety and security, computer technology, sustainability, information technology systems and school buses.

Authority and Purpose for Issuance of the Bonds

The Bonds are issued pursuant to provisions of Section 1(b)(3) of Article XIII A of the State Constitution, Chapters 1 and 1.5 of Part 10 of Division 1 of Title 1 of the California Education Code and other applicable law, the Measure Q Authorization (defined below), the Measure RR Authorization (defined below) and the Resolutions.

A portion of the proceeds of the Bonds attributable to the Measure Q Authorization (defined below) will, after payment of costs of issuance thereto, fund certain school projects (collectively, the "Measure Q Projects") approved by voters in the November 4, 2008 election approving Measure Q (the "Measure Q Authorization"). A portion of the proceeds of the Bonds attributable to the Measure RR Authorization (defined below) will, after payment of costs of issuance thereto, fund certain school projects (collectively, the "Measure RR Projects") approved by voters in the November 3, 2020 election approving Measure RR (the "Measure RR Authorization"). A portion of the proceeds of the Bonds is also expected to fund capitalized interest on a portion of the Bonds through [July 1, 20__]*. See "PLAN OF FINANCE AND REFINANCE" and "ESTIMATED SOURCES AND USES OF FUNDS."

Security and Source of Payment for the Bonds

The Bonds are payable from *ad valorem* property taxes to be levied within the District pursuant to the California Constitution, other State law, Measure Q and Measure RR. The Board of Supervisors of the County is empowered and is obligated to levy *ad valorem* property taxes upon all property subject to taxation by the District, without limitation as to rate or amount (except as to certain personal property which is taxable at limited rates), for the payment of principal of and interest on the Bonds, all as more fully described herein. Such *ad valorem* property taxes are deposited in the related Interest and Sinking Fund of the District, which is established for the Bonds and held by the County and may only be applied to pay the principal of, redemption premium, if any, and interest on the Bonds. Pursuant to the Resolutions, the term "Interest and Sinking Fund" means each interest and sinking fund of the District, designated to correspond to the applicable general obligation bonds or general obligation refunding bonds of the District and related voter-approved bond measure of the District established for such bonds and used only for payment of principal of and interest on such bonds.

Pursuant to the District Resolution, the District pledges and grants a lien on and security interest in, all revenues from the property taxes collected from the levy by the Board of Supervisors with respect to each voter-approved bond measure of the District for payment of bonds issued under such measure of the District and all amounts on deposit in any Interest and Sinking Fund of the District for the payment of the principal or redemption price of and interest on such bonds. The District Resolution provides that this pledge and grant is valid and binding from the date of adoption of the District Resolution for the benefit of the owners of such bonds and successors thereto. The District Resolution further provides that the property taxes and amounts held in each Interest and Sinking Fund of the District are immediately subject to this

pledge and grant, and that this pledge and grant constitutes a lien and security interest which immediately attaches to the property taxes and amounts held in such Interest and Sinking Fund of the District to secure the payment of such bonds and is effective, binding, and enforceable against the District, its successors, creditors and all others irrespective of whether those parties have notice of the pledge or grant, and without the need of any physical delivery, recordation, filing, or further act.

The District Resolution provides that this pledge and grant is an agreement between the District and the owners of each series of Bonds and of each issue of outstanding general obligation bonds to provide security for each series of Bonds and all such other general obligation bonds and general obligation refunding bonds of the District in addition to any statutory lien that may exist, and each such issue of general obligation bonds and general obligation refunding bonds of the District are or were issued to finance or refinance, as applicable, one or more of the projects specified in the applicable voter-approved measure and not to finance the general purposes of the District. In accordance with Section 15251 of the Education Code, such bonds are also automatically secured by a statutory lien on all revenues received pursuant to the levy and collection of the tax for the applicable Measure. See “SECURITY AND SOURCE OF PAYMENT FOR THE BONDS.”

Cybersecurity

School districts, like other governmental and business entities, face significant risks relating to the use and application of computer software and hardware for educational, operational and management purposes. The District also collects, processes, and distributes an enormous amount of private, protected and personal information on students, staff, parents, visitors, vendors and contractors. As the custodian of such information, the District has faced and may face in the future cybersecurity threats, attacks or incidents from time to time, including the cybersecurity attacks and incident in 2019, 2022 and 2024, as more fully described in Appendix A hereto. Moreover, the District relies on other entities and service providers in the course of operating the District, including the County with respect to the levy and collection of *ad valorem* property taxes and its servers and systems for accounting and other matters, as well as other trustees, fiscal agents, dissemination agents and project management firms. No assurance can be given that future cyber threats and attacks against the District or third-party entities or service providers will not directly or indirectly impact the District or the owners of the Bonds, including the possibility of impacting the timely payments of debt service on the Bonds or timely filings pursuant to the District’s continuing disclosure undertakings. See APPENDIX A – “DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT GENERAL INFORMATION – Cybersecurity,” for a discussion of prior cyberattacks and incidents, cybersecurity litigation, and the District’s responses to prior cyberattacks and incidents.

Federal Funding

The federal government provides funding for several District programs. On January 20, 2025, President Trump issued a series of executive orders, which include ensuring that federal funds are used in a manner approved by the current administration. In response to and in an effort to carry out such orders, on January 27, 2025, the White House Office of Management and Budget (“OMB”) released its memorandum M-25-13, Temporary Pause of Agency Grant, Loan, and Other Financial Assistance Programs (the “OMB Memorandum”). The OMB Memorandum directed federal agencies to temporarily pause all activities related to obligation or disbursement of all federal financial assistance in order to review spending for consistency with the Trump Administration’s policies, stating that the temporary pause was to become effective at 5:00 p.m. on January 28, 2025. The OMB Memorandum caused uncertainty as to whether certain Federal funding and grants would be paused.

Before the OMB Memorandum became effective, two separate lawsuits were filed in federal district courts in Rhode Island and the District of Columbia challenging the OMB Memorandum and seeking injunctions. On January 28, 2025, shortly before the OMB Memorandum became effective, a District of Columbia federal judge issued an emergency administrative stay through February 3, 2025, at which time a preliminary injunction hearing was set. On January 29, 2025, OMB rescinded the OMB Memorandum. Although the OMB Memorandum was rescinded, the executive orders are in effect and the matter is ongoing as spending reviews are ongoing. On January 31, 2025, a Rhode Island federal judge issued a temporary restraining order on the pause. On February 3, 2025, the District of Columbia federal judge issued a temporary restraining order as well. On February 10, 2025, the Rhode Island federal judge granted a motion for a preliminary injunction and issued an Enforcement Order clarifying the scope of the temporary restraining order and ordering the Trump Administration to release federal funds and comply with the earlier order. The Trump Administration appealed the temporary restraining order to the U.S. Court of Appeals for the First Circuit. The Trump Administration's request to stay the temporary restraining order pending appeal was denied. The District cannot predict any action to be taken in carrying out the executive orders nor its effect on the District's federal funding or operations of the District. See also APPENDIX A "– District Debt."

Other Information

This Official Statement contains brief descriptions of, among other things, the District, the District's general obligation bond program, the Resolutions and certain matters relating to the security and source of payment for the Bonds. Such descriptions and information do not purport to be comprehensive or definitive. All references herein to documents are qualified in their entirety by reference to such documents. Copies of such documents are available for inspection at the District by request to the Office of the Chief Financial Officer at (213) 241-7888 and, following delivery of the Bonds will be on file, as applicable, at the principal office of U.S. Bank Trust Company, National Association, as agent to the Treasurer and Tax Collector of the County, as paying agent (the "Paying Agent"), in Los Angeles, California.

PLAN OF FINANCE

A portion of the proceeds of the Bonds attributable to the Measure Q Authorization will be applied to fund the costs of various components of the Measure Q Projects in accordance with the ballot measure for the Measure Q Authorization. The Measure Q Authorization includes a number of specifically identified projects that can be funded with the proceeds of the Bonds attributable to the Measure Q Authorization, which was summarized to the District's voters to include the following: repair/upgrade of aging/deteriorating classrooms, restrooms; upgrade fire/earthquake safety; reduce asbestos, lead paint, air pollution, water quality hazards; build upgrade specialized classrooms students need to meet job/college requirements; and improve classroom internet access.

A portion of the proceeds of the Bonds attributable to the Measure RR Authorization will be applied to fund the costs of various components of the Measure RR Projects in accordance with the ballot measure for the Measure RR Authorization. The Measure RR Authorization includes a number of specifically identified projects that can be funded with the proceeds of the Bonds attributable to the Measure RR Authorization, which was summarized to the District's voters to include the following: upgrade classrooms/labs/technology for 21st century learning; implement COVID-19 facilities safety standards; address school facility inequities; reduce asbestos, earthquake and water quality hazards; and replace/renovate aging school classrooms.

A portion of the proceeds of the Bonds will also be used to pay the costs of issuance of the Bonds, including the underwriters' discount. Premium received from the Bonds will be used to pay capitalized interest on a portion of the Bonds.

ESTIMATED SOURCES AND USES OF FUNDS

The estimated sources and uses of funds with respect to the Bonds are as follows:

TABLE 2
ESTIMATED SOURCES AND USES OF FUNDS

Estimated Sources of Funds	
Principal Amount	\$
[Original Issue Premium]

⁽¹⁾ Expected to fund capitalized interest on a portion of the Bonds through []*.

⁽²⁾ Includes fees of Bond Counsel, Disclosure Counsel, Paying Agent, Municipal Advisor, rating agencies, and printer, and other miscellaneous expenses.

THE BONDS

General Provisions

The Bonds will be dated their date of delivery, will be issued in book-entry form only, without coupons, in denominations of \$5,000 principal amount or any integral multiple thereof, and, when issued, will be initially registered in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC"). DTC will act as securities depository for the Bonds. Owners will not receive physical certificates representing their interest in the Bonds purchased, except in the event that use of the book-entry system for the Bonds is discontinued. Payments of principal of, premium, if any, and interest on the Bonds will be made by the Paying Agent to DTC, which is obligated in turn to remit such payments to its DTC Participants for subsequent disbursement to the beneficial owners of the Bonds. For information about the securities depository and DTC's book-entry system, see APPENDIX C – "BOOK-ENTRY ONLY SYSTEM."

The Bonds mature in the years and on the dates set forth on the inside front cover page hereof. Interest on the Bonds is payable on each January 1 and July 1 to maturity, commencing on [January 1, 2026] (each, an "Interest Payment Date"). Interest on the Bonds will be computed based on a 360-day year of twelve 30-day months. Each Bond will bear interest from the Interest Payment Date next preceding the date of authentication thereof, unless it is authenticated as of a date during the period from the 15th day of the calendar month immediately preceding such Interest Payment Date, inclusive, whether or not such day is a business day (each, a "Record Date") to such Interest Payment Date, in which event it shall bear interest from such Interest Payment Date, or unless it is authenticated on or before the Record Date preceding the first Interest Payment Date, in which event it shall bear interest from the date of delivery of the Bonds.

conditional notice, that such notice is conditioned upon certain circumstances and the manner of rescinding such conditional notice.

Effect of Notice. A certificate of the Paying Agent that the notice of redemption that has been given to Owners as herein provided shall be conclusive as against all parties. Neither the failure to receive the notice of redemption nor any defect in such notice shall affect the sufficiency of the proceedings for the redemption of the Bonds called for redemption or the cessation of interest on the date fixed for redemption. When notice of redemption has been given substantially as provided for in the County Resolution or Refunding Resolution, as applicable, and when the redemption price of such Bonds called for redemption is set aside for the purpose as described in the County Resolution or Refunding Resolution, as applicable, the Bonds designated for redemption shall become due and payable on the specified redemption date and interest shall cease to accrue thereon as of the redemption date, and upon presentation and surrender of such Bonds at the place specified in the notice of redemption, such Bonds are required to be redeemed and paid at the redemption price thereof out of the money provided therefor. The Owners of such Bonds so called for redemption after such redemption date shall be entitled to payment thereof only from the related Interest and Sinking Fund of the District or the trust fund established for such purpose. All Bonds redeemed will be cancelled forthwith by the Paying Agent and will not be reissued.

Right to Rescind Notice. The District may rescind any optional redemption and notice thereof for any reason on any date prior to the date fixed for redemption by causing written notice of the rescission to be given to the owners of the Bonds so called for redemption. Any optional redemption and notice thereof shall be rescinded if for any reason on the date fixed for redemption moneys are not available in the related Interest and Sinking Fund of the District or otherwise held in trust for such purpose in an amount sufficient to pay in full on said date the principal of and premium, if any, and interest due on the Bonds called for redemption. Notice of rescission of redemption shall be given in the same manner in which notice of redemption was originally given. The actual receipt by the owner of any Bond of notice of such rescission shall not be a condition precedent to rescission, and failure to receive such notice or any defect in such notice shall not affect the validity of the rescission.

Redemption Fund. Prior to or on the redemption date of any Bonds, there shall be available, in the related Interest and Sinking Fund of the District, or held in trust for such purpose as provided by law, moneys for the purpose and sufficient to redeem, at the redemption prices as provided therefor, the Bonds designated in the notice of redemption. Such monies set aside for the Bonds are required to be applied on or after the redemption date solely for payment of principal of and premium, if any, and interest due on the Bonds to be redeemed upon presentation and surrender of such Bonds provided that all monies in the related Interest and Sinking Fund of the District shall be used for the purposes established and permitted by law. Any interest due on or prior to the redemption date shall be paid from the related Interest and Sinking Fund of the District, unless otherwise provided to be paid from such monies held in trust. If, after all of the Bonds have been redeemed and cancelled or paid and cancelled, there are monies remaining in the related Interest and Sinking Fund of the District or otherwise held in trust for the payment of the redemption price of such Bonds, the moneys are required to be held in or returned or transferred to any Interest and Sinking Fund of the District for payment of any outstanding bonds of the District payable from such fund; provided, however, that if those monies are part of the proceeds of bonds of the District, the monies shall be transferred to the fund created for the payment of principal of and interest on such bonds. If no such bonds of the District are at such time outstanding, the moneys shall be transferred to the general fund of the District as provided and permitted by law.

Defeasance and Unclaimed Moneys

Defeasance. If at any time the District pays or causes to be paid or there shall otherwise be paid to the Owners of any or all of the outstanding Bonds all or any part of the principal of and premium, if any,

and interest on such Bonds at the times and in the manner provided in the County Resolution or Refunding Resolution, as applicable and in such Bonds, or as provided in the following paragraph, or as otherwise provided by law consistent herewith, then such Owners of such Bonds shall cease to be entitled to the obligation of the District as provided in the County Resolution or Refunding Resolution, as applicable, and such obligation and all agreements and covenants of the District and of the County to such Owners under the County Resolution or Refunding Resolution, as applicable, and such Bonds shall thereupon be satisfied and discharged and shall terminate, except only that the District shall remain liable for payment of all principal of and premium, if any, and interest on such Bonds, but only out of monies on deposit in the related Interest and Sinking Fund of the District or otherwise held in trust for such payment; and provided further, however, that the provisions of the County Resolution and Refunding Resolution, as applicable, shall apply in all events. See “– Unclaimed Moneys” below.

The District may pay and discharge any or all of the Bonds by depositing in trust with the Paying Agent or an escrow agent selected by the District, at or before maturity, money and/or Defeasance Securities (as defined herein), in an amount which will, together with the interest to accrue thereon and available monies then on deposit in the related Interest and Sinking Fund of the District, be fully sufficient to pay and discharge the indebtedness on such Bonds (including all principal, interest and redemption premiums) at or before their respective maturity dates.

The term “Defeasance Securities” means (i) non-callable direct and general obligations of the United States of America (including state and local government series), or obligations that are unconditionally guaranteed as to principal and interest by the United States of America, including, in the case of direct and general obligations of the United States of America, evidences of direct ownership of proportionate interests in future interest or principal payments of such obligations; provided that investments in such proportionate interests must be limited to circumstances wherein (a) a bank or trust company acts as custodian and holds the underlying United States obligations; (b) the owner of the investment is the real party in interest and has the right to proceed directly and individually against the obligor of the underlying United States obligations; and (c) the underlying United States obligations are held in a special account, segregated from the custodian’s general assets, and are not available to satisfy any claim of the custodian, any person claiming through the custodian, or any person to whom the custodian may be obligated; (ii) non-callable obligations of government sponsored agencies that are rated in one of the two highest rating categories assigned by Standard & Poor’s Ratings Services, a Standard & Poor’s Financial Services LLC business (“S&P”) or Moody’s Investors Service (“Moody’s”), but in each case the obligations are not guaranteed by a pledge of the full faith and credit of the United States of America; and (iii) Advance Refunded Municipal Securities (defined herein).

The term “Advance Refunded Municipal Securities” means any bonds or other obligations of any state of the United States of America or of any agency, instrumentality or local government unit of any such state (i) which are not callable prior to maturity or as to which irrevocable instructions have been given to the trustee, fiscal agent, or other fiduciary for such bonds or other obligations by the obligor to give due notice of redemption and to call such bonds or other obligations for redemption on the date or dates specified in such instructions, (ii) which are secured as to principal of, premium, if any, and interest by a fund consisting only of cash, direct United States or United States guaranteed obligations, or any combination thereof, which fund may be applied only to the payment of such principal of, premium, if any, and interest on such bonds or other obligations on the maturity date or dates thereof or the redemption date or dates specified in the irrevocable instructions referred to in clause (i) above, as appropriate, and (iii) as to which the principal of, premium, if any, and interest on the bonds and obligations of the character described in clause (i) above which have been deposited in such fund, along with any cash on deposit in such fund, have been verified by an independent certified public accountant as being sufficient to pay principal of, premium, if any, and interest on such bonds or other obligations on the maturity date or dates thereof or on the

redemption date or dates specified in the irrevocable instructions referred to in clause (i) above, as applicable.

Unclaimed Moneys. Any money held in any fund created pursuant to the County Resolution or Refunding Resolution, as applicable, or by the Paying Agent or an escrow agent in trust, for the payment of the principal of, premium, if any, and interest on the Bonds, and remaining unclaimed for two years after the principal of all of the Bonds has become due and payable (whether by maturity or upon prior redemption) shall be transferred to any Interest and Sinking Fund of the District for payment of any outstanding bonds of the District payable from that fund; or, if no such bonds of the District are at such time outstanding, the monies shall be transferred to the general fund of the District as provided and permitted by law.

SECURITY AND SOURCE OF PAYMENT FOR THE BONDS

General Description

The Bonds are payable from *ad valorem* property taxes to be levied within the District pursuant to the California Constitution and other State law. In order to provide sufficient funds for repayment of principal and interest when due on the Bonds, the Board of Supervisors of the County is empowered and is obligated to levy *ad valorem* property taxes upon all property subject to taxation by the District, without limitation as to rate or amount (except as to certain personal property which is taxable at limited rates). When collected, such *ad valorem* property taxes are required by law to be deposited in the related Interest and Sinking Fund of the District, which is established for each series of the Bonds and held and maintained by the County and may only be applied to pay the principal of, redemption premium, if any, and interest on the applicable Bonds. Such taxes are in addition to but separate from other taxes levied upon property within the District that are deposited by the County in the General Fund of the District. The District does not receive such funds, nor are they available to pay any of the District's operating expenses.

Under California law, the District's funds are required to be held by the Treasurer and Tax Collector of the County (the "County Treasurer"). All funds held by the County Treasurer in each Interest and Sinking Fund of the District are expected to be invested at the discretion of the County Treasurer on behalf of the District in such investments as are authorized by Section 53601 and following of the California Government Code and the investment policy of the County, as either may be amended or supplemented from time to time. See APPENDIX F – "THE LOS ANGELES COUNTY TREASURY POOL."

Pledge of Tax Revenues

Pursuant to the District Resolution the District pledges and grants a lien on and security interest in, all revenues from the property taxes collected from the levy by the Board of Supervisors with respect to each voter-approved bond measure of the District and related refunding bonds for payment of bonds issued under such measure of the District or refunded and all amounts on deposit in any Interest and Sinking Fund of the District for the payment of the principal or redemption price of and interest on such bonds. The District Resolution provides that this pledge and grant is valid and binding from the date of adoption of such resolution for the benefit of the owners of such bonds and successors thereto. The District Resolution further provides that the property taxes and amounts held in each Interest and Sinking Fund of the District are immediately subject to this pledge and grant, and this pledge and grant constitutes a lien and security interest which immediately attaches to the property taxes and amounts held in such Interest and Sinking Fund of the District to secure the payment of such bonds and is effective, binding, and enforceable against the District, its successors, creditors and all others irrespective of whether those parties have notice of the pledge or grant, and without the need of any physical delivery, recordation, filing, or further act. The District Resolution provides that this pledge and grant is an agreement between the District and the owners of the

Bonds and of each issue of outstanding general obligation bonds and general obligation refunding bonds to provide security for the Bonds and all such other general obligation bonds and general obligation refunding bonds of the District in addition to any statutory lien that may exist, and each such issue of general obligation bonds and general obligation refunding bonds of the District are or were issued to finance or refinance, as applicable, one or more of the projects specified in the applicable voter-approved measure and not to finance the general purposes of the District. In accordance with Section 15251 of the Education Code, such bonds are also automatically secured by a statutory lien on all revenues received pursuant to the levy and collection of the tax for the applicable measure. See “ – Statutory Lien on Taxes (Senate Bill 222)” below.

The pledge of tax revenues provided for in the District Resolution specifies that said lien secures the applicable Bonds and other bonds that may be issued in the future. Further, previous general obligation bonds of the District have been issued under resolutions which pledge tax revenues to secure the general obligation bonds and the general obligation refunding bonds issued thereunder and the District may provide for a similar pledge of tax revenues in resolutions adopted in the future that authorize general obligation bonds and general obligation refunding bonds. The District Resolution does not specify the relative priority of obligations so secured or a method of allocation in the event that the revenues received pursuant to the levy and collection of the tax are insufficient to pay all amounts then due and owing that are secured by the lien of the pledges.

Statutory Lien on Taxes (Senate Bill 222)

Pursuant to Section 53515 of the California Government Code (which became effective on January 1, 2016, as part of Senate Bill 222), all general obligation bonds issued by local agencies, including refunding bonds, will be secured by a statutory lien on all revenues received pursuant to the levy and collection of the tax. California Education Code Section 15251 provides for a similar lien for bonds issued and sold by school districts (including the Bonds) pursuant to Chapter 1 of Part 10 of Division 1 of Title 1 of the California Education Code. Section 53515 of the California Government Code and Section 15251 of the California Education Code provide that the lien will automatically arise, without the need for any action or authorization by the local agency or its governing board, and will be valid and binding from the time the Bonds are executed and delivered. Section 53515 and Section 15251 further provide that the revenues received pursuant to the levy and collection of the tax will be immediately subject to the lien, and the lien will immediately attach to the revenues and be effective, binding and enforceable against the local agency or school district, as applicable, its successor, transferees and creditors, and all others asserting rights therein, irrespective of whether those parties have notice of the lien and without the need for physical delivery, recordation, filing or further act.

This statutory lien, by its terms, secures not only the Bonds, but also any other bonds of the District payable, as to both principal and interest, from the proceeds of *ad valorem* property taxes that may be levied pursuant to paragraphs (2) and (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution. The statutory lien provision does not specify the relative priority of obligations so secured or a method of allocation in the event that the revenues received pursuant to the levy and collection of the tax are insufficient to pay all amounts then due and owing that are secured by the statutory lien.

California Constitutional and Statutory Provisions Relating to *Ad Valorem* Property Taxes

Article XIII A of the California Constitution. On June 6, 1978, California voters approved Proposition 13, adding Article XIII A to the California Constitution. Article XIII A limits the amount of any *ad valorem* property tax on real property to 1% of the full cash value thereof, except that additional *ad valorem* property taxes may be levied to pay debt service (i) on indebtedness approved by the voters prior to July 1, 1978, (ii) (as a result of an amendment to Article XIII A approved by California voters on June 3,

1986) on bonded indebtedness for the acquisition or improvement of real property that has been approved on or after July 1, 1978 by two-thirds of the voters voting on such indebtedness, and (iii) (as a result of a constitutional amendment approved by California voters on November 7, 2000) on bonded indebtedness incurred for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, approved by 55% of the voters voting on the bond measure. Article XIII A effectively prohibits the levying of any other *ad valorem* property tax above the 1% limit except for taxes to support indebtedness approved by the voters as described above.

Article XIII A defines full cash value to mean “the county assessor’s valuation of real property as shown on the 1975-1976 tax bill under full ‘cash value,’ or thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership have occurred after the 1975 assessment.” Assessed value may be adjusted annually to reflect inflation at a rate not to exceed 2% per year, or to reflect a reduction in the consumer price index or comparable data for the area under taxing jurisdiction, or may be reduced in the event of declining property value caused by substantial damage, destruction or other factors. As a result, property that has been owned by the same taxpayer for many years can have an assessed value that is much lower than the market value of the property. Similar property that has recently been acquired may have a substantially higher assessed value reflecting the recent acquisition price. Increases in assessed value in a taxing area due to the change in ownership of property may occur even when the rate of inflation or consumer price index do not permit an increase in assessed valuation of property that does not change ownership. Proposition 13 has had the effect of stabilizing assessed valuation such that it does not fluctuate as significantly as the market value of property, but instead gradually changes as longer owned residential properties are transferred and reassessed upon such transfer. On June 18, 1992, the United States Supreme Court issued a decision upholding the constitutionality of Article XIII A (*Nordlinger v. Hahn*, 112 S. Ct. 2326, 120 L. Ed. 2d 1 (1992)).

Article XIII A has subsequently been amended to permit reduction of the full cash value base in the event of declining property values caused by damage, destruction, or other factors to provide that there would be no increase in the full cash value base in the event of reconstruction of property damaged or destroyed in a disaster and in other minor or technical ways. Proposition 8, approved by the voters in November of 1978, provides for the enrollment of the lesser of the base year value or the market value of real property, taking into account reductions in value due to damage, destruction, depreciation, obsolescence, removal of property, or other factors causing a similar decline. In these instances, the market value is required to be reviewed annually until the market value exceeds the base year value. The assessed value increases to its pre-reduction level (escalated to the annual inflation rate of no more than 2%) following the year(s) for which the reduction is applied. Reductions in assessed value could result in a corresponding increase in the annual tax rate levied by the County to pay debt service on the Bonds. See also “-Assessed Valuation of Property Within the District - 2025 Wildfires” herein.

Legislation Implementing Article XIII A. Legislation has been enacted and amended a number of times since 1978 to implement Article XIII A. Under current law, local agencies are no longer permitted to levy directly any property tax (except to pay voter-approved indebtedness). The 1% property tax is automatically levied by the County and distributed according to a formula among taxing agencies. The formula apportions the tax roughly in proportion to the relative shares of taxes levied prior to 1979.

Increases of assessed valuation resulting from reappraisals of property due to new construction, change in ownership or from the 2% annual adjustment are allocated among the various jurisdictions in the “taxing area” based upon their respective “situs.” Any such allocation made to a local agency continues as part of its allocation in future years. All taxable property is shown at full assessed value on the tax rolls. Consequently, the 1% tax rate is expressed as \$1 per \$100 of taxable value.

Proposition 19. On November 3, 2020, State voters approved Proposition 19, a legislatively referred constitutional amendment (“Proposition 19”), which amends Article XIII A to (i) expand special rules that give property tax savings to homeowners that are over the age of 55, severely disabled, or whose property has been impacted by wildfire or natural disaster, when they buy a different home; (ii) narrow existing special rules for inherited properties; and (iii) dedicate most of the potential new State revenue generated from Proposition 19 toward fire protection. The District cannot make any representation regarding the effect Proposition 19 may have on District revenues or the assessed valuation of real property in the District. The District cannot provide make any representation regarding the effect Proposition 19 may have on District revenues or the assessed valuation of real property in the District. Any reduction of assessed valuation, however, would result in a corresponding increase in the annual tax rate levied by the County to pay the debt service on to the Bonds.

Prospective purchasers of the Bonds should be aware that, notwithstanding any decrease in assessed valuation for any fiscal year, the County is required to levy sufficient taxes to pay debt service on the Bonds. The consequence of any decrease in assessed valuation is a corresponding increase in the tax rate on taxable property so that sufficient tax revenues may be collected from taxpayers to pay debt service on the Bonds in full when due. Increases in tax rates, however, may impact the ability or willingness of taxpayers to pay their property taxes. See “– Tax Rates, Levies and Collections.”

Assessed Valuation of Property Within the District

General. As required by State law, the District uses the services of the County for the assessment and collection of taxes for District purposes. District taxes are collected at the same time and on the same tax rolls as are the County, the City of Los Angeles, and other local agency and special district taxes.

State law exempts \$7,000 of the full cash value of an owner-occupied dwelling from property tax, but this exemption does not result in any loss of revenue to local entities, including the District, because an amount equivalent to the taxes which would have been payable on such exempt values is paid by the State to the County for distribution to local agencies. The County levies property taxes on behalf of taxing agencies in the County for each fiscal year on taxable real and personal property which is situated in the County as of the preceding January 1. Upon a change in ownership of property or completion of new construction, however, State law permits the County to recognize changes in the assessed valuation of real property before the next regular assessment role is complete in order to levy taxes based on the new assessed value. In such instances, the property is reassessed and a supplemental tax bill is sent to the new owner based on the new value prorated for the balance of the tax year.

The fiscal year 2025-26 Assessment Roll for property within the District’s boundaries reflects an increase of approximately ____% in assessed value from the prior year. Under State law, in addition to reassessments requested by property owners pursuant to Proposition 8 when the current market value of property is less than assessed value as of January 1, the county assessor annually initiates reviews of property for reassessments due to decline-in-value. See “—*Appeals of Assessed Valuation; Blanket Reductions of Assessed Values*” below.

Assessed Valuation Reductions. Assessments may be adjusted during the course of the year when real property changes ownership or new construction is completed. Assessments may also be appealed by taxpayers seeking a reduction as a result of economic and other factors beyond the District’s control, such as a general market decline in property values, including potential market declines caused by the effects of a reclassification of property to a class exempt from taxation, whether by ownership or use (such as exemptions for property owned by State and local agencies and property used for qualified educational, hospital, charitable or religious purposes), pandemic, or the complete or partial destruction of taxable property caused by natural or manmade disaster, such as earthquake, drought, flood, landslide, liquefaction, levee failure, fire, toxic dumping, etc. When necessitated by changes in assessed value in the course of a year, taxes are pro-rated for each portion of the tax year. See also “—*Appeals of Assessed Valuation; Blanket Reductions of Assessed Values*” below.

Property values could be reduced by factors beyond the District’s control, including a depressed real estate market due to general economic conditions or other events. A pandemic, like the outbreak of the respiratory disease caused by COVID-19 which was declared a pandemic by the World Health Organization, could result in an economic recession or depression that causes a general market decline in property values therefore affecting the assessed value of property in the District. Events resulting in changing economic conditions may also alter the willingness or the ability of local taxpayers to pay *ad*

valorem property taxes levied to repay the District's general obligation bonds. The District cannot predict whether events that may result in changing economic conditions will occur or the extent that a change in economic conditions will impact assessed value of property in the District or the willingness or ability of local taxpayers to pay *ad valorem* property taxes.

Aside from economic conditions, property values could be reduced by natural or manmade disasters. In recent years, portions of California, including the County and adjacent counties, have experienced wildfires that have burned thousands of acres and destroyed thousands of homes and structures. Moreover, the District is located in a seismically active region. Active earthquake faults include the San Andreas Fault that runs throughout the County, the Palos Verdes fault that runs along the coast and through a small portion of the County, and other smaller faults including the Lower Elysian Park thrust, the Upper Elysian Park fault and Puente Hills blind thrust system. Furthermore, California has experienced severe drought conditions in recent years, but has also recently experienced periods of extreme precipitation. These and other extreme weather events are all effects of climate change. As greenhouse gas emissions continue to accumulate, climate change may intensify and increase the frequency of such extreme weather events. The District cannot predict the timing, extent, or severity of any potential natural or manmade disaster and its impact on property values in the District.

2025 Wildfires. In January 2025, multiple fires broke out across areas of Los Angeles County burning thousands of acres and damaging or destroying thousands of structures. The three largest of said fires are the Hughes Fire, Eaton Fire, and Palisades Fires. The Hughes Fire burned approximately 10,400 acres, although no information is available on the number of structures that have been damaged or destroyed. The Eaton Fire has burned approximately 14,000 acres and has damaged or destroyed at least 11,000 structures. The Palisades Fire has burned approximately 23,500 acres and has damaged or destroyed at least 7,000 structures. Properties damaged or destroyed in the Palisades Fire are included within the boundaries of the District and represent a small percentage of the assessed value in the District. As a result of the fires, schools in the District were closed for 3 days and approximately 2,400 students were displaced. Three school campuses within District boundaries, Marquez Elementary School, Palisades Elementary School, and Palisades High School/Palisades Charter High School (Palisades Charter High School is an independent charter school), were significantly damaged by the fires and remain closed. The District expects to rebuild its damaged campuses, however, no assurances can be given that the District will rebuild any or all of its damaged facilities.

The County Assessor's Office allows for the reassessment of properties that are damaged or destroyed as a result of misfortune or calamity, which includes wildfires. Property owners may submit an application for the reassessment of the property within 12 months of the damage or destruction. Any such reassessment is retroactive to the date of damage or destruction. The District is unable at this time to quantify the loss in assessed value as a result of any such reassessment. The California Legislative Analyst's Office currently estimates a reduction of assessed value in the County to be between \$10 and \$20 billion. Such estimation includes areas located within and outside of the boundaries of the District. The District does not yet know the total decrease in assessed value within the District. The assessed value of property within the District for Fiscal Year 2024-25 was \$972,869,117,538. Based on the California Legislative Analyst's Office estimates, the loss in assessed value from the reassessment of properties that were damaged or destroyed by the fires within the District is anticipated to be a small percentage of the assessed value of properties within the District for Fiscal Year 2024-25.

Additionally on January 16, 2025, the California Governor issued Executive Order 10-25 that (i) suspends until April 10, 2026, certain state tax laws that impose penalties, costs, and interest for late payment of property taxes due in calendar year 2025, and (ii) suspends certain additional state tax laws requiring the filing of various property tax statements. The orders apply to properties located in 9 zip codes that are included in the boundaries of the District. Additional executive orders have been issued to allow

for a quicker redevelopment in fire-damaged areas. The District cannot predict the effect any executive orders will have on the timely collection of property taxes.

Prospective purchasers of the Bonds should be aware that, notwithstanding any decrease in assessed valuation for any fiscal year, the County is required to levy taxes to pay debt service on the Bonds up to the maximum authorized pursuant to Measure Q and Measure RR. The consequence of any decrease in assessed valuation is a corresponding increase in the tax rate on taxable property so that sufficient tax revenues may be collected from taxpayers to pay debt service on the Bonds in full when due. Increases in tax rates, however, may impact the ability or willingness of taxpayers to pay their property taxes. See “– Tax Rates, Levies and Collections.”

Appeals of Assessed Valuation; Blanket Reductions of Assessed Values. There are two basic types of property tax assessment appeals provided for under State law. The first type of appeal, commonly referred to as a base year assessment appeal, involves a dispute on the valuation assigned by the assessor immediately subsequent to an instance of a change in ownership or completion of new construction. If the base year value assigned by the assessor is reduced, the valuation of the property cannot increase in subsequent years more than 2% annually unless and until another change in ownership and/or additional new construction or reconstruction activity occurs. Any base year appeal must be made within four years of the change of ownership or new construction date.

The second type of appeal, commonly referred to as a Proposition 8 appeal, can result if factors occur causing a decline in the market value of the property to a level below the property's then current taxable value (escalated base year value). Pursuant to State law, a property owner may apply for a Proposition 8 reduction of the property tax assessment for such owner's property by filing a written application with the appropriate county board of equalization or assessment appeals board. A property owner desiring a Proposition 8 reduction of the assessed value of such owner's property in any one year must submit an application to the county assessment appeals board (the “Appeals Board”). Following a review of the application by the county assessor's office, the county assessor may offer to the property owner the opportunity to stipulate to a reduced assessment, or may confirm the assessment. If no stipulation is agreed to, and the applicant elects to pursue the appeal, the matter is brought before the Appeals Board (or, in some cases, a hearing examiner) for a hearing and decision. The Appeals Board generally is required to determine the outcome of appeals within two years of each appeal's filing date. Any reduction in the assessment ultimately granted applies only to the year for which application is made and during which the written application is filed. The assessed value increases to its pre-reduction level (such pre-reduction level escalated by the annual inflation rate of no more than 2%) following the year for which the reduction application is filed. The county assessor, however, has the power to grant a reduction not only for the year for which application was originally made, but also for the then current year and any intervening years as well. In practice, such a reduced assessment may and often does remain in effect beyond the year in which it is granted.

In addition, Article XIII A of the State Constitution provides that the full cash value base of real property used in determining taxable value may be adjusted from year to year to reflect the inflationary rate, not to exceed a 2% increase for any given year, or may be reduced to reflect a reduction in the consumer price index or comparable local data. This measure is computed on a calendar year basis. According to representatives of the County Assessor's office, the County has in the past, pursuant to Article XIII A of the State Constitution, ordered blanket reductions of assessed property values and corresponding property tax bills on single family residential properties when the value of the property has declined below the current assessed value as calculated by the County.

No assurance can be given that property tax appeals and/or blanket reductions of assessed property values will not significantly reduce the assessed valuation of property within the District in the future.

Assessed Valuation by Jurisdiction. The following Table 4 describes the percentage and value of the total assessed value of the property within the District’s boundaries that resides in the various cities and unincorporated portions of the County, as well as the assessed value of property within the District relative to the County’s assessed value, for fiscal year 2025-26.

Historically, among the top 10 taxpayers within the District are landowners with primary land use of oil and gas production, including Marathon Petroleum Corporation, Phillips 66 Company and Valero Energy Corporation, which are not reflected in the table above.

⁽²⁾ 2025-26 Local Secured Assessed Valuation: \$_____ (which excludes utility property).

Source: California Municipal Statistics, Inc.

The more property (by assessed value) owned by a single taxpayer, the more tax collections are exposed to weakness, if any, in such taxpayer's financial situation and ability or willingness to pay property taxes in a timely manner. Furthermore, assessments may be appealed by taxpayers seeking a reduction as a result of economic and other factors beyond the District's control.

Tax Rates, Levies and Collections

General. Taxes are levied for each fiscal year on taxable real and personal property as of the preceding January 1. Real property that changes ownership or is newly constructed is revalued at the time the change occurs or the construction is completed. The current year property tax rate is applied to the reassessed value, and the taxes are then adjusted by a proration factor that reflects the portion of the remaining tax year for which taxes are due. The annual tax rate is based on the amount necessary to pay all obligations payable from *ad valorem* property taxes and the assessed value of taxable property in a given year. Economic and other factors beyond the District's control, such as a general market decline in land

values, reclassification of property to a class exempt from taxation, whether by ownership or use (such as exemptions for property owned by State and local agencies and property used for qualified educational, hospital, charitable or religious purposes), pandemic, or the complete or partial destruction of taxable property caused by natural or manmade disaster such as earthquake, drought, flood, fire, toxic dumping, etc., could cause a reduction in the assessed value of taxable property within the District and necessitate a corresponding increase in the annual tax rate to be levied to pay the principal of and interest on the District's outstanding general obligation bonds.

For assessment and collection purposes, property is classified as either "secured" or "unsecured" and is listed accordingly on separate parts of the assessment roll. The "secured roll" is that part of the assessment roll containing property (real or personal) the taxes on which are a lien sufficient, in the opinion of the County Assessor, to secure payment of the taxes. Other property is listed on the "unsecured roll."

Property taxes on the secured roll are due in two installments, on November 1 and February 1 of each fiscal year, and become delinquent on December 10 and April 10, respectively. A penalty of 10% attaches immediately to all delinquent payments. Properties on the secured roll with respect to which taxes are delinquent become tax defaulted on or about June 30 of the fiscal year. Such property may thereafter be redeemed by payment of a penalty of 1.5% per month to the time of redemption, plus costs and a redemption fee. If taxes are unpaid for a period of five years or more, the property is deeded to the State and then may be sold at public auction by the County Treasurer.

Property taxes on the unsecured roll are due in one payment on the January 1 lien date and become delinquent after August 31. A 10% penalty attaches to delinquent unsecured taxes. If unsecured taxes are unpaid at 5 p.m. on October 31, an additional penalty of 1.5% attaches to them on the first day of each month until paid. The County has four ways of collecting delinquent unsecured personal property taxes: (i) a civil action against the taxpayer; (ii) filing a judgment in the office of the County Clerk specifying certain facts in order to obtain a lien on certain property of the taxpayer; (iii) filing a certificate of delinquency for record in the County Recorder's office in order to obtain a lien on certain property of the taxpayer; and (iv) seizure and sale of personal property, improvements or possessory interests belonging or assessed to the assessee.

Proposition 13 and its implementing legislation impose the function of property tax allocation on counties in the State and prescribe how levies on countywide property values are to be shared with local taxing entities within each county. The limitations in Proposition 13, however, do not apply to *ad valorem* property taxes or special assessments to pay the interest and redemption charges on indebtedness, like the District's general obligation bonds, approved by the voters.

The County levies a 1% *ad valorem* property tax on behalf of all taxing agencies in the County. The taxes collected are allocated on the basis of a formula established by State law enacted in 1979. Under this formula, the County and all other taxing entities receive a base year allocation plus an allocation on the basis of "situs" growth in assessed value (new construction, change of ownership, inflation) prorated among the jurisdictions that serve the tax rate areas within which the growth occurs. Tax rate areas are specifically defined geographic areas, which were developed to permit the levying of taxes for less than county-wide or less than city-wide special and school districts. In addition, the County levies and collects additional approved property taxes and assessments on behalf of any taxing agency within the County.

State Government Code Sections 29100 through 29107 provide the procedures that all counties must follow for calculating tax rates. The secured tax levy within the District consists of the District's share of the 1% general *ad valorem* property and unitary taxes assessed on a County-wide basis and amounts levied that are in excess of the 1% general *ad valorem* property taxes. These tax receipts are part of the District's operations. In addition, the secured tax levy also includes the amount for the District's share of

special voter-approved *ad valorem* property taxes assessed on a District-wide basis, such as the *ad valorem* property taxes assessed for the District's general obligation bonds issued pursuant to the Authorizations and any related general obligation refunding bonds. *Ad valorem* property taxes levied for general obligation bonds are deposited with the County and may only be applied to pay the principal of, redemption premium, if any, and interest on the District's general obligation bonds and general obligation refunding bonds. The District does not receive such funds nor are they available to pay any of the District's operating expenses. In addition, the total secured tax levy includes special assessments, improvement bonds, supplemental taxes or other charges which have been assessed on property within the District. Since State law allows homeowners' exemptions (described above) and certain business exemptions from *ad valorem* property taxation, such exemptions are not included in the total secured tax levy. See also "– California Constitutional and Statutory Provisions Relating to *Ad Valorem* Property Taxes" above.

Further, State Education Code Section 15251 provides that all taxes levied with respect to general obligation bonds when collected will be paid into the county treasury of the county whose superintendent of schools has jurisdiction over the school district on behalf of which the tax was levied, to the credit of the debt service fund (or interest and sinking fund) of the school district, and will be used for the payment of the principal of and interest on the general obligation bonds and general obligation refunding bonds of the school district and for no other purpose. Accordingly, the County may not borrow or spend such amounts nor can the District receive such funds and use them for operating purposes.

Typical Tax Rate Area. The following Table 8 shows *ad valorem* property tax rates for the last five fiscal years in a typical Tax Rate Area of the District (TRA 0067). TRA 0067 comprises approximately ____% of the total fiscal year 2025-26 assessed value of the District.

TABLE 8

Secured Tax Charges and Delinquencies. The following Table 9A sets forth the real property tax charges and corresponding delinquencies for the District's general obligation bond debt service levy, with respect to the property located in the District, for fiscal years 2014-15 through 2024-25. For reference and as an indication of comparative delinquency rates, Table 9B sets forth the real property tax charges and corresponding delinquencies for the portion of the County's 1% general fund levy that is allocated to the District, with respect to property located in the District for fiscal years 2014-15 through 2024-25. The portion of the County's 1% general fund levy that is allocated to the District is not pledged to and does not secure the repayment of the Bonds.

Source: California Municipal Statistics, Inc.

Property tax delinquencies may be impacted by economic and other factors beyond the District's control, including the ability or willingness of property owners to pay property taxes during an economic recession or depression. An economic recession or depression could be caused by many factors outside the control of the District, including reduced consumer confidence, reduced real wages or reduced economic activity as a result of a pandemic or natural or manmade disaster, such as earthquake, drought, flood, fire,

or toxic dumping. It is not possible for the District to make any representation regarding the extent to which an economic recession or depression could impact the ability or willingness of property owners within the District to pay property taxes in the future. If delinquencies increase substantially as a result of events outside the control of the District, the County does have the authority to increase allowances for annual reserves in the tax levy to avoid fluctuating tax levies.

The County Does Not Participate in a Teeter Plan. Certain counties in the State operate under a statutory program entitled Alternate Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds (the “Teeter Plan”). Under the Teeter Plan local taxing entities receive 100% of their tax levies net of delinquencies, but do not receive interest or penalties on delinquent taxes collected by the county. The County has not adopted the Teeter Plan, and consequently the Teeter Plan is not available to local taxing entities within the County, such as the District. The District’s receipt of property taxes is therefore subject to delinquencies.

The District Participates in CSDTFA. The District is a member of the California Statewide Delinquent Tax Finance Authority (“CSDTFA”). CSDTFA is a joint exercise of powers agency formed for the purpose of purchasing delinquent *ad valorem* property taxes of its members in accordance with Section 6516.6 of the Government Code of the State of California. Historically, CSDTFA has from time to time purchased delinquent *ad valorem* property tax receivables related to the District’s share of the 1% general *ad valorem* property tax levy (not the additional *ad valorem* property tax levy for debt service on the District’s general obligation bonds) from the District. The District, however, cannot predict whether CSDTFA will continue to make such purchases in the future. CSDTFA purchased the District’s delinquent *ad valorem* property tax receivables related to the 1% general *ad valorem* property tax levy attributable to fiscal year 2023-24 from the District at a purchase price equal to 108% of such receivables and is expected to purchase the District’s delinquent *ad valorem* property tax receivables related to the 1% general *ad valorem* property tax levy attributable to fiscal year 2024-25 from the District at a substantially similar purchase price. Any penalty charges collected with respect to such delinquencies will be retained by CSDTFA.

Debt Service

Debt service on the Bonds, assuming no early redemptions, is as shown in the following Table 10.

⁽¹⁾ The Bonds have principal maturing on July 1 in each of the years and in the amounts set forth on the inside front cover page hereof.

⁽²⁾ Includes set-aside payments for Qualified School Construction Bonds. Excludes federal subsidies related to Qualified School Construction Bonds. See APPENDIX A – “DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – District Debt – *Limitations on the Receipt of Federal Funds.*”

⁽³⁾ Totals may not equal the sum of the components due to rounding.

Source: Los Angeles Unified School District.

The District's General Obligation Bond Program and Bonding Capacity

Voters within the District have approved a total of \$36.605 billion of general obligation bonds in seven separate bond elections since 1997. See “INTRODUCTION – The District’s General Obligation Bond Program.” See also APPENDIX A – “DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – District Debt” for additional information regarding the District’s outstanding general obligation bonds. Pursuant to Section 15106 of the Education Code, the District’s bonding capacity for general obligation bonds may not exceed 2.5% of taxable property value in the District as shown by the last equalized assessment of the County. The taxable property valuation in the District for fiscal year 2025-26 is \$ _____ billion, which results in a total current bonding capacity of approximately \$ _____ billion. The District’s available capacity for the issuance of new general obligation bonds is approximately \$ _____ billion (taking into account current outstanding debt before the issuance of the Bonds). The issuance of additional series of general obligation bonds, other than general obligation refunding bonds, in future fiscal years will depend upon, among other things, the assessed valuation of property within the District’s boundaries, as determined by the District’s analysis of information from, among other sources, the Office of the County Assessor. See “– California Constitutional and Statutory Provisions Relating to *Ad Valorem* Property Taxes” above and APPENDIX A – “DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – Future Financings – *General Obligation Bonds*.”

Overlapping Debt Obligations

Set forth in Table 12 on the following page is the report prepared by California Municipal Statistics Inc., which provides information with respect to direct and overlapping debt within the District as of _____ 1, 2025 (the “Overlapping Debt Report”). The Overlapping Debt Report is included for general information purposes only. The District has not reviewed the Overlapping Debt Report for completeness or accuracy and makes no representations in connection therewith. The Overlapping Debt Report generally includes long-term obligations sold in the public credit markets by public agencies whose boundaries overlap the boundaries of the District. Such long-term obligations generally are not payable from revenues of the District (except as indicated) nor are they necessarily obligations secured by land within the District. In many cases, long-term obligations issued by a public agency are payable only from the general fund or other revenues of such public agency.

The first column in Table 12 names each public agency which has outstanding debt as of the date of the report and whose territory overlaps the District in whole or in part. Column 2 shows the percentage of each overlapping agency's assessed value located within the boundaries of the District. This percentage, multiplied by the total outstanding debt of each overlapping agency (which is not shown in Table 12) produces the amount shown in column 3, which is the apportionment of each overlapping agency's outstanding debt to taxable property in the District.

TAX MATTERS

The delivery of the Bonds is subject to delivery of the opinion of Bond Counsel, to the effect that interest on the Bonds for federal income tax purposes under existing statutes, regulations, published rulings, and court decisions (1) will be excludable from the gross income, as defined in section 61 of the Internal Revenue Code of 1986, as amended to the date of initial delivery of the Bonds (the "Code"), of the owners thereof pursuant to section 103 of the Code, (2) will not be included in computing alternative minimum taxable income for purposes of the federal alternative minimum tax imposed on individuals, and (3) will be taken into account in determining adjusted financial statement income for the alternative minimum tax imposed on certain corporations. The delivery of the Bonds is also subject to the delivery of the opinion of Bond Counsel, based upon existing provisions of the laws of the State of California, that interest on the Bonds is exempt from personal income taxes of the State of California. The statutes, regulations, rulings, and court decisions on which such opinions will be based are subject to change. The form of Bond Counsel's anticipated opinion respecting the Bonds is included in APPENDIX A.

In rendering the foregoing opinions, Bond Counsel will rely upon the representations and certifications of the District made in a certificate (the "Tax Certificate") of even date with the initial delivery of the Bonds pertaining to the use, expenditure, and investment of the proceeds of the Bonds and will assume continuing compliance with the provisions of the Resolution by the District subsequent to the issuance of the Bonds. The Tax Certificate contains covenants by the District with respect to, among other matters, the use of the proceeds of the Bonds and the facilities and equipment financed therewith by persons other than state or local governmental units, the manner in which the proceeds of the Bonds are to be invested, if required, the calculation and payment to the United States Treasury of any "arbitrage profits" and the reporting of certain information to the United States Treasury. Failure to comply with any of these covenants could cause interest on the Bonds to be includable in the gross income of the owners thereof from the date of the issuance of the Bonds.

Except as described above, Bond Counsel will express no other opinion with respect to any other federal, State or local tax consequences under present law, or proposed legislation, resulting from the receipt or accrual of interest on, or the acquisition or disposition of, the Bonds. Prospective purchasers of the Bonds should be aware that the ownership of tax-exempt obligations such as the Bonds may result in collateral federal tax consequences to, among others, financial institutions, life insurance companies,

property and casualty insurance companies, S corporations with subchapter C earnings and profits, certain foreign corporations doing business in the United States, individual recipients of Social Security or Railroad Retirement benefits, individuals otherwise qualifying for the earned income tax credit, owners of an interest in a financial asset securitization investment trust, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry, or who have paid or incurred certain expenses allocable to, tax-exempt obligations. Prospective purchasers should consult their own tax advisors as to the applicability of these consequences to their particular circumstances.

Bond Counsel's opinion is not a guarantee of a result, but represents its legal judgment based upon its review of existing statutes, regulations, published rulings and court decisions and the representations and covenants of the District described above. No ruling has been sought from the Internal Revenue Service ("IRS" or the "Service") or the State of California with respect to the matters addressed in the opinion of Bond Counsel, and Bond Counsel's opinion is not binding on the Service or the State of California. The Service has an ongoing program of auditing the tax status of the interest on municipal obligations. If an audit of the Bonds is commenced, under current procedures, the Service is likely to treat the District as the "taxpayer," and the Owners of the Bonds would have no right to participate in the audit process. In responding to or defending an audit of the tax-exempt status of the interest on the Bonds, the District may have different or conflicting interests from the owners of the respective Bonds. Public awareness of any future audit of the Bonds could adversely affect the value and liquidity of the Bonds during the pendency of the audit, regardless of its ultimate outcome.

Tax Accounting Treatment of Discount and Premium on Certain of the Bonds

The initial public offering price of certain of the Bonds (the "Discount Bonds") may be less than the amount payable on such Bonds at maturity. An amount equal to the difference between the initial public offering price of a Discount Bond (assuming that a substantial amount of the Bonds of that maturity are sold to the public at such price) and the amount payable at maturity constitutes original issue discount to the initial purchaser of such Discount Bond. The tax rules requiring inclusion in income annually by the holder of a debt instrument having original issue discount of the daily portion of original issue discount for each day during a taxable year in which such holder held such debt instrument is inapplicable to the Bonds. A portion of such original issue discount, allocable to the holding period of such Discount Bond by the initial purchaser, will, upon the disposition of such Discount Bond (including by reason of its payment at maturity), be treated as interest excludable from gross income, rather than as taxable gain, and will be added to the holder's basis in the Discount Bond, for federal income tax purposes, on the same terms and conditions as those for other interest on the bonds described above under "TAX MATTERS." Such interest is considered to be accrued in accordance with the constant-yield-to-maturity method over the life of a Discount Bond taking into account the semiannual compounding of accrued interest at the yield to maturity on such Discount Bond, and generally will be allocated to an original purchaser in a different amount from the amount of the payment denominated as interest actually received by the original purchaser during the tax year.

However, such interest may be required to be taken into account in determining the amount of the branch profits tax applicable to certain foreign corporations doing business in the United States, even though there will not be a corresponding cash payment. In addition, the accrual of such interest may result in certain other collateral federal income tax consequences to, among others, financial institutions, life insurance companies, property and casualty insurance companies, S corporations with subchapter C earnings and profits, individual recipients of Social Security or Railroad Retirement benefits, individuals otherwise qualifying for the earned income tax credit, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry, or who have paid or incurred certain expenses allocable to, tax-exempt obligations. Moreover, in the event of the redemption, sale or other taxable disposition of a Discount Bond by the initial Owner prior to maturity, the amount realized by such Owner in excess of the

basis of such Discount Bond in the hands of such Owner (adjusted upward by the portion of the original issue discount allocable to the period for which such Discount Bond was held) is includable in gross income.

Owners of Discount Bonds should consult with their own tax advisors with respect to the determination for federal income tax purposes of accrued interest upon disposition of Discount Bonds and with respect to the state and local tax consequences of owning Discount Bonds. It is possible that, under applicable provisions governing determination of state and local income taxes, accrued interest on Discount Bonds may be deemed to be received in the year of accrual even though there will not be a corresponding cash payment.

The initial offering price of certain Bonds (the “Premium Bonds”), may be greater than the amount payable on such bonds at maturity. An amount equal to the difference between the initial public offering price of a Premium Bond (assuming that a substantial amount of the Bonds of that maturity are sold to the public at such price) and the amount payable at maturity constitutes premium to the initial purchaser of such Premium Bonds. The basis for federal income tax purposes of a Premium Bond in the hands of such initial purchaser must be reduced each year by the amortizable bond premium, although no federal income tax deduction is allowed as a result of such reduction in basis for amortizable bond premium. Such reduction in basis will increase the amount of any gain (or decrease the amount of any loss) to be recognized for federal income tax purposes upon a sale or other taxable disposition of a Premium Bond. The amount of premium which is amortizable each year by an initial purchaser is determined by using such purchaser’s yield to maturity. Purchasers of the Premium Bonds should consult with their own tax advisors with respect to the determination of amortizable bond premium with respect to the Premium Bonds for federal income purposes and with respect to the state and local tax consequences of owning Premium Bonds.

Form of Bond Counsel Opinion. The form of the proposed opinion of Bond Counsel relating to the Bonds is attached to this Official Statement as APPENDIX A.

LEGAL MATTERS

Possible Limitations on Remedies; Bankruptcy

General. State law contains certain safeguards to protect the financial solvency of school districts. See APPENDIX A – “DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – STATE FUNDING OF SCHOOL DISTRICTS.” If the safeguards are not successful in preventing a school district from becoming insolvent, the State Superintendent of Public Instruction (the “State Superintendent”), operating through an administrator appointed by the State Superintendent, may be authorized under State law to file a petition under Chapter 9 of the United States Bankruptcy Code (the “Bankruptcy Code”) on behalf of the school district for the adjustment of its debts, assuming that the school district meets certain other requirements contained in the Bankruptcy Code necessary for filing a petition under Chapter 9 of the Bankruptcy Code. School districts are not themselves authorized to file a bankruptcy proceeding, and they are not subject to involuntary bankruptcy.

Bankruptcy courts are courts of equity and as such have broad discretionary powers. If the District were to become the debtor in a proceeding under Chapter 9 of the Bankruptcy Code, then the “automatic stay” provisions of the Bankruptcy Code would prohibit the parties from taking any action to collect any amount from the District or the County (including *ad valorem* property tax revenues) or to enforce any obligation of the District or the County, without the bankruptcy court’s permission. In such a proceeding, as part of its plan of adjustment in bankruptcy, the District may be able to alter the priority, interest rate, principal amount, payment terms, collateral, maturity dates, payment sources, covenants (including tax-related covenants), and other terms or provisions of the Bonds and other transaction documents related to the Bonds, as long as the bankruptcy court determines that the alterations are fair and equitable. In addition,

in such a proceeding, as part of such a plan, the District may be able to eliminate the obligation of the County to raise taxes if necessary to pay the Bonds.

As stated above, if a school district were to go into bankruptcy, the bankruptcy petition would be filed under Chapter 9 of the Bankruptcy Code. Chapter 9 provides that it does not limit or impair the power of a state to control, by legislation or otherwise, a municipality of or in such state in the exercise of the political or governmental powers of such municipality, including expenditures for such exercise. For purposes of Chapter 9, a school district is a municipality. State law provides that the *ad valorem* property taxes levied to pay the principal and interest on the Bonds shall be used for the payment of principal and interest of the District's general obligation bonds and for no other purpose. If this restriction on the expenditure of such *ad valorem* property taxes is respected in a bankruptcy case, then the *ad valorem* property tax revenue could not be used by the District for any purpose other than to make payments on the Bonds. It is possible, however, that a bankruptcy court could conclude that the restriction should not be respected.

Statutory Lien. Pursuant to the California Government Code, all general obligation bonds issued by local agencies, including the Bonds, are secured by a statutory lien on all revenues received pursuant to the levy and collection of the tax and the lien automatically arises, without the need for any action or authorization by the local agency or its governing board, and is valid and binding from the time the bonds are executed and delivered. See "SECURITY AND SOURCE OF PAYMENT FOR THE BONDS – Statutory Lien on Taxes (Senate Bill 222)." Although a statutory lien would not be automatically terminated by the filing of a Chapter 9 bankruptcy petition by the District, the automatic stay provisions of the Bankruptcy Code would apply, preventing bondholders from enforcing their rights to payment from such tax collections without permission of the bankruptcy court, and payments that become due and owing on the Bonds during the pendency of the Chapter 9 proceeding could be delayed.

Special Revenues. If the *ad valorem* property tax revenues that are pledged to the payment of the Bonds (see "SECURITY AND SOURCE OF PAYMENT FOR THE BONDS – Pledge of Tax Revenues") are determined to be "special revenues" within the meaning of the Bankruptcy Code, then, subject to the following discussion, the application in a manner consistent with the Bankruptcy Code of the pledged *ad valorem* property tax revenues that are collected after the date of the bankruptcy filing should not be subject to the automatic stay. "Special revenues" are defined to include, among others, taxes specifically levied to finance one or more projects or systems of the debtor, but excluding receipts from general property, sales, or income taxes levied to finance the general purposes of the debtor. State law prohibits the use of the tax proceeds for any purpose other than payment of the general obligation bonds and the bond proceeds can only be used to fund projects involving the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, included in the proposition. There is no binding judicial precedent, however, dealing with the treatment in bankruptcy proceedings of *ad valorem* property tax revenues collected for the payment of bonds in California, and no assurance can be given that a bankruptcy court will hold that the *ad valorem* property tax revenues are special revenues within the meaning of the Bankruptcy Code.

The Bankruptcy Code provides that there is no stay of application of pledged special revenues to payment of indebtedness secured by such revenues. The United States Court of Appeals for the First Circuit, in cases arising out of the insolvency proceedings of Puerto Rico, has held that this provision permits voluntary payments of debt service by the issuer of bonds backed by special revenues, but does not permit the bondholders to compel the issuer to make payments of debt service from special revenues. If this decision is followed by other courts, the holders of the Bonds may be prohibited from taking any action to require the District or the County to make payments on the Bonds, unless the bankruptcy court's permission is obtained. This could result in substantial delays in payments on the Bonds.

In addition, even if the *ad valorem* property tax revenues are determined to be “special revenues,” the Bankruptcy Code provides that special revenues can be applied to necessary operating expenses of the project or system, before they are applied to other obligations. This rule applies regardless of the provisions of the transaction documents. Thus, a bankruptcy court could permit the District to use the *ad valorem* property tax revenues to pay necessary operating expenses of the District and its schools, before the remaining revenues are paid to the owners of the Bonds.

There continues to be litigation in the insolvency proceedings of Puerto Rico regarding the treatment of revenue bonds. The outcome of such litigation could affect the treatment of the Bonds should the District go into bankruptcy.

Possession of Tax Revenues; Remedies. If the District goes into bankruptcy and the District or the County has possession of tax revenues (whether collected before or after commencement of the bankruptcy), and if the District or the County, as applicable, does not voluntarily pay such tax revenues to the owners of the Bonds, it is not entirely clear what procedures the owners of the Bonds would have to follow to attempt to obtain possession of such tax revenues, how much time it would take for such procedures to be completed, or whether such procedures would ultimately be successful. A similar risk would exist if the County goes into bankruptcy and has possession of tax revenues (whether collected before or after commencement of the bankruptcy). The United States Court of Appeals for the First Circuit, in another case arising out of the insolvency proceedings of Puerto Rico, has held that the Bankruptcy Code prohibits the bankruptcy court from requiring a governmental debtor to apply revenues in accordance with applicable non-bankruptcy law. In yet another case arising out of the insolvency proceedings of Puerto Rico, the United States Court of Appeals for the First Circuit has held that creditors cannot bring suit in a non-bankruptcy court to compel the governmental debtor to comply with non-bankruptcy law without first obtaining the permission of the bankruptcy court, and that the bankruptcy court has discretion as to whether to provide permission.

Effects of Bankruptcy. There may be delays in payments on the Bonds while the court considers any of these issues. There also may be other possible effects of a bankruptcy of the District that could result in delays or reductions in payments on the Bonds, or other losses on the Bonds. Moreover, regardless of any specific adverse determinations in any District bankruptcy proceeding, the existence of a District bankruptcy proceeding could have an adverse effect on the liquidity, value, and market price of the Bonds.

Opinion of Bond Counsel Qualified by Reference to Bankruptcy, Insolvency and Other Laws Relating to or Affecting Creditor’s Rights. The proposed form of opinion of Bond Counsel, included as Appendix D, is qualified by reference to bankruptcy, insolvency and other laws relating to or affecting creditor’s rights.

Amounts Held in County Treasury Pool

The County, on behalf of the District, is expected to be in possession of the annual *ad valorem* property taxes and certain funds to repay the Bonds and may invest these funds in the County’s Treasury Pool, as described in Appendix F – “THE LOS ANGELES COUNTY TREASURY POOL.” Should those investments suffer any losses, there may be delays or reductions in payments on the Bonds.

Legality for Investment in the State

Under provisions of the State Financial Code, the Bonds are legal investments for commercial banks in the State to the extent that the Bonds, in the informed opinion of said bank, are prudent for the investment of funds of depositors, and, under provisions of the California Government Code, are eligible for security for deposits of public moneys in the State.

Continuing Disclosure

The District has covenanted for the benefit of the holders and beneficial owners of the Bonds to provide certain financial information and operating data relating to the District (the “Annual Report”) for each fiscal year by not later than 240 days following the end of the District’s fiscal year (currently ending June 30), commencing with the Annual Report for fiscal year 2024-25, and to provide notices of the occurrence of certain specified events (collectively, the “Listed Events”). The information to be contained in the Annual Report and in a notice of a Listed Event is set forth in Appendix E – “FORM OF CONTINUING DISCLOSURE CERTIFICATE.” The District will provide or cause to be provided the Annual Report and such notices to the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access system in the manner prescribed by the Securities and Exchange Commission (“SEC”). Copies of the District’s annual reports and notices of Listed Event filings are available at the website of Digital Assurance Certification, L.L.C. (“DAC”), www.dacbond.com, and at the website of the Municipal Securities Rulemaking Board’s Electronic Municipal Market Access (“EMMA”) system, emma.msrb.org. The information presented on these websites is not incorporated by reference in this Official Statement and should not be relied upon in making an investment decision with respect to the Bonds. These covenants have been made in order to assist the Underwriters (defined herein) in complying with SEC Rule 15c2-12(b)(5) (the “Rule”).

Due to the impact of COVID-19 on California school district operations during fiscal year 2019-20, California Senate Bill 98 extended the deadline for school districts to file their audited financial statements for fiscal year 2019-20 with the State to March 31, 2021. As a result, at the time of filing the District’s Annual Report for fiscal year 2019-20, the District’s audited financial statements for fiscal year 2019-20 were not yet available. The District’s audited financial statements for fiscal year 2019-20 were subsequently filed to EMMA on March 30, 2021. Additionally, within the past five years, certain of the District’s annual report and Listed Events filings required in connection with its prior continuing disclosure undertakings were not properly linked to all CUSIP numbers for the District’s outstanding bonds.

Certain Legal Matters

The validity of the Bonds and certain other legal matters are subject to the approving opinion of Dannis Woliver, Kelley, Long Beach, California, Bond Counsel to the District, and certain other conditions. A complete copy of the proposed form of opinion of Bond Counsel with respect to the Bonds is contained in Appendix D. Bond Counsel undertakes no responsibility for the accuracy, completeness or fairness of this Official Statement. Certain legal matters will also be passed upon for the District by its General Counsel and by the District’s Disclosure Counsel, Dannis Woliver Kelley, Long Beach, California (“Disclosure Counsel”), and for the Underwriters by their counsel, [UW COUNSEL], [City, State] (“Underwriters’ Counsel”).

Each of Bond and Disclosure Counsel and Underwriters’ Counsel will receive compensation contingent upon the sale and delivery of the Bonds. From time to time, Bond Counsel and Disclosure Counsel each may represent one or more of the Underwriters in matters unrelated to the District or the Bonds.

FINANCIAL STATEMENTS

The District’s Audited Annual Financial Report for fiscal year ended June 30, 2024, including its general purpose financial statements for the fiscal year ended June 30, 2024, is included as Appendix B. The basic financial statements of the District for the fiscal year ended June 30, 2024 have been audited by Simpson & Simpson, independent certified public accountants, as stated in their report appearing in Appendix B. The District has not requested nor has the District obtained the consent of Simpson & Simpson to the inclusion of its report in Appendix B. Simpson & Simpson has not been engaged to perform and has

not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. Simpson & Simpson has not been requested to perform and has not performed any procedures relating to the Official Statement.

LITIGATION

[There is no litigation pending against the District or, to the knowledge of its respective executive officers, threatened, seeking to restrain or enjoin the issuance, sale, execution or delivery of the Bonds or in any way contesting or affecting the validity of the Bonds or the Authorizations or any proceedings of the District taken with respect to the issuance or sale thereof, or the levy or application of *ad valorem* property taxes for the payment of principal of and interest on the Bonds or the use of the proceeds of the Bonds. There are no pending lawsuits that, in the opinion of the District's General Counsel, challenge the validity of the Bonds, the existence of the District, or the title of the executive officers to their respective offices. There are a number of lawsuits and claims pending against the District. See APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – Risk Management and Litigation." In the opinion of the District, the outcome of the presently pending suits and claims will not materially impair the District's repayment of the Bonds.

MISCELLANEOUS

Ratings

[Fitch Ratings, Inc. ("Fitch"), Kroll Bond Rating Agency, LLC ("KBRA"), and Moody's Investors Service Inc. ("Moody's")] have assigned their municipal bond ratings of "[_]," "[_]," and "[_]," respectively, to the Bonds, which may include information that has not been included in this Official Statement. The District has furnished to each rating agency certain materials and information with respect to itself and the Bonds. Generally, rating agencies base their ratings on such information and materials and on their own investigations, studies and assumptions. Each rating reflects only the view of the respective rating agency, and any explanation of the significance of such rating may be obtained only from the issuing rating agency furnishing the same, at the following addresses: Fitch Ratings, Inc., 33 Whitehall Street, New York, New York 10004, telephone: (212) 908-0800, Kroll Bond Rating Agency, LLC, 805 Third Avenue, 29th floor, New York, New York 10022, telephone: (212) 702-0707, and Moody's Investors Service, Inc., 7 World Trade Center at 250 Greenwich Street, New York, New York 10007, telephone: (212) 533-0300. There is no assurance that any such rating will continue for any given period of time or that it will not be revised downward or withdrawn entirely by such rating agency, if, in its judgment, circumstances so warrant. Any such downward revision or withdrawal of any such rating may have an adverse effect on the market price of the Bonds.

Municipal Advisor

The District has retained Public Resources Advisory Group, as Municipal Advisor (the "Municipal Advisor") in connection with the issuance of the Bonds and certain other financial matters. The Municipal Advisor has not been engaged, nor has it undertaken, to audit, authenticate or otherwise verify the information set forth in this Official Statement, or any other related information available to the District, with respect to accuracy and completeness of disclosure of such information. The Municipal Advisor has reviewed this Official Statement but makes no guaranty, warranty or other representation respecting accuracy and completeness of the information contained in this Official Statement. The Municipal Advisor will receive compensation from the District contingent upon the sale and delivery of the Bonds.

Underwriting

The Bonds are being purchased by [UNDERWRITER], [on behalf of a syndicate that also includes the other underwriters set forth on the cover hereof (collectively, the “Underwriters”)]. The Underwriters have agreed to purchase the Bonds at the purchase price of \$[_____] (which amount is equal to the aggregate principal amount of the Bonds, [plus/less] [net] original issue [premium/discount] of \$[_____] , less an Underwriters’ discount of \$[_____]), pursuant to that certain Bond Purchase Agreement, dated [DATE] (the “Purchase Agreement”), by and among the Underwriters, the County and the District, relating to the Bonds. Pursuant to the Purchase Agreement, the Underwriters will purchase all of the Bonds if any are purchased.

The Underwriters may offer and sell the Bonds to certain securities dealers and dealer banks and banks acting as agent at prices lower than the public offering prices stated on the inside cover page of this Official Statement. The public offering prices may be changed from time to time by the Underwriters.

The Underwriters have provided the following paragraphs for inclusion in the section “MISCELLANEOUS – Underwriting.” No representation is made by the District as to the accuracy, completeness or adequacy of such information.

Certain of the Underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Under certain circumstances, the Underwriters and their affiliates may have certain creditor and/or other rights against the District and its affiliates in connection with such activities. In the various course of their various business activities, the Underwriters and their respective affiliates, officers, directors and employees may purchase, sell or hold a broad array of investments and actively trade securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to assets, securities and/or instruments of the District (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with the District. The Underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

Additional Information

The purpose of this Official Statement is to provide information to prospective buyers of the Bonds. Quotations from and summaries of the Bonds, the Resolutions, and the constitutional provisions, statutes and other documents described herein do not purport to be complete, and reference is made to said documents, constitutional provisions and statutes for full and complete statements of their provisions. Any statements in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended as such and not as representations of fact. This Official Statement is not a contract or agreement between the District and the purchasers or owners of any of the Bonds.

Execution and Delivery

The District has duly authorized the execution and delivery of this Official Statement.

LOS ANGELES UNIFIED SCHOOL DISTRICT

APPENDIX A**DISTRICT FINANCIAL INFORMATION AND
REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION**

APPENDIX B

**AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT
FOR FISCAL YEAR ENDED JUNE 30, 2024**

APPENDIX C

BOOK-ENTRY ONLY SYSTEM

THE INFORMATION IN THIS APPENDIX C CONCERNING THE DEPOSITORY TRUST COMPANY AND ITS BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE DISTRICT AND THE UNDERWRITERS BELIEVE TO BE RELIABLE, BUT THE DISTRICT AND THE UNDERWRITERS TAKE NO RESPONSIBILITY FOR THE ACCURACY OR COMPLETENESS THEREOF. THERE CAN BE NO ASSURANCE THAT THE DEPOSITORY TRUST COMPANY WILL ABIDE BY ITS PROCEDURES OR THAT SUCH PROCEDURES WILL NOT BE CHANGED FROM TIME TO TIME.

The Depository Trust Company (“DTC”) will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered security certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world’s largest security depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com. Information on these websites is not incorporated herein by reference.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each security (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the security documents. For example, Beneficial Owners of the Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds are to be redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and other payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or the District subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and other payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District. Under such circumstances, in the event that a successor depository is not obtained, security certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, certificates will be printed and delivered to DTC and the requirements of the Resolution with respect to certificated Bonds will apply.

THE DISTRICT, THE COUNTY, THE PAYING AGENT, THE MUNICIPAL ADVISOR, AND THE UNDERWRITERS CANNOT AND DO NOT GIVE ANY ASSURANCES THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE BONDS (1) PAYMENTS OF PRINCIPAL OF AND INTEREST ON THE BONDS (2) CONFIRMATIONS OF THEIR OWNERSHIP INTERESTS IN THE BONDS OR (III) OTHER NOTICES SENT TO DTC OR CEDE & CO., ITS PARTNERSHIP NOMINEE, AS THE REGISTERED OWNER OF THE BONDS, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT.

NEITHER THE DISTRICT, THE COUNTY, THE PAYING AGENT, THE MUNICIPAL ADVISOR, NOR THE UNDERWRITERS WILL HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO DTC, THE DIRECT PARTICIPANTS, THE INDIRECT PARTICIPANTS OF DTC OR THE BENEFICIAL OWNERS WITH RESPECT TO (1) THE ACCURACY OR COMPLETENESS OF ANY RECORDS MAINTAINED BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC, (2) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL AMOUNT OF OR INTEREST ON THE BONDS, (3) THE DELIVERY BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY NOTICE TO ANY BENEFICIAL OWNER THAT IS REQUIRED OR PERMITTED TO BE GIVEN TO OWNERS UNDER THE TERMS OF THE RESOLUTION, OR (4) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS OWNER OF THE BONDS.

APPENDIX D

PROPOSED FORMS OF OPINION OF BOND COUNSEL

Upon issuance of the Bonds, Dannis Woliver Kelley, Los Angeles, California, Bond Counsel to the Los Angeles Unified School District, will render its approving opinion with respect to the Bonds in substantially the following forms:

[Closing Date]

Board of Education
Los Angeles Unified School District
Los Angeles, California

Re: \$[PAR AMOUNT] Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series QRR (2025) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds)

Ladies and Gentlemen:

We have acted as Bond Counsel in connection with the issuance of and Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2024 US Series B (2025) Federally Taxable (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) (“Series B Bonds” and together with the Series A Bonds, the “Bonds”).

We have acted as bond counsel for the Los Angeles Unified School District (County of Los Angeles, California) (the “District”), in connection with the issuance by the District of \$_____ aggregate principal amount of the District’s General Obligation Bonds, Series QRR (2025) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) (the “Bonds”). The Bonds are issued pursuant to the Government Code of the State of California (commencing at Section 53506), as amended, applicable provisions of the Education Code of the State and a resolution of the Board of Supervisors of the County adopted on [June 10, 2025] (the “County Resolution”) at the request of the District pursuant to a resolution adopted by the Board of Education of the District (the “District Board”) on [May 13, 2025] (the “District Resolution”). All terms used herein and not otherwise defined shall have the meanings given to them in the Resolution.

As bond counsel, we have examined copies certified to us as being true and complete copies of the proceedings of the District for the authorization and issuance of the Bonds, including the Resolution. Our services as such bond counsel were limited to an examination of such proceedings and to the rendering of the opinions set forth below. In this connection, we have also examined such certificates of public officials and officers of the District and Merced County as we have considered necessary for the purposes of this opinion.

Certain agreements, requirements and procedures contained or referred to in the Resolution and other relevant documents may be changed and certain actions (including, without limitation, defeasance of Bonds) may be taken or omitted under the circumstances and subject to the terms and conditions set forth in such documents. No opinion is expressed herein as to any effect on any Bonds if any such change occurs or action is taken or omitted upon the advice or approval of counsel other than ourselves.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions or events are taken or do occur. Our engagement with respect to the Bonds has concluded with their issuance, and we disclaim any obligation to update this letter. We have assumed the genuineness of all documents and signatures presented to us (whether as originals or as copies) and the due and legal execution and delivery thereof by any parties other than the District. We have not undertaken to verify independently, and have assumed, the accuracy of the factual matters represented, warranted or certified in the documents referred to in the second paragraph hereof. Furthermore, we have assumed compliance with all covenants and agreements contained in the Resolution. We call attention to the fact that the rights and obligations under the Bonds and the Resolution may be subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors, rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against public entities in the State of California. We express no opinion with respect to any indemnification, contribution, choice of law, choice of forum or waiver provisions contained in the foregoing documents. We express no opinion and make no comment with respect to the sufficiency of the security for the marketability of the Bonds. Finally, we undertake no responsibility for the accuracy, completeness or fairness of the Official Statement or other offering material relating to the Bonds and express no opinion herein with respect thereto.

Based on and subject to the foregoing and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Bonds constitute valid and binding general obligations of the District.
2. The Bonds are payable as to both principal and interest from the proceeds of a levy of *ad valorem* taxes on all property subject to such taxes in the District, which taxes are unlimited as to rate or amount, except for certain personal property that is taxable at limited rates.
3. The Resolution has been duly adopted and constitutes a valid and binding obligation of the District enforceable against the District in accordance with its terms.
4. Interest on the Bonds is excluded from the gross income of the owners thereof for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended.
5. Interest on the Bonds is exempt from personal income taxes of the State of California.

Bondholders should note that interest on the Bonds is not a preference item for purposes of the alternative minimum tax imposed on individuals but is taken into account in determining the annual adjusted financial statement income for the purpose of computing the alternative minimum tax imposed on certain corporations. Ownership of tax-exempt obligations such as the Bonds may result in collateral tax consequences. The nature and extent of these other tax consequences will depend upon the particular tax status of the owner of the Bonds or such owner's other items of income or deduction. We express no opinion with respect to any federal, state, or local tax consequences, under present law or any proposed legislation, resulting from the receipt or accrual of interest on, or the acquisition or disposition of, the Bonds.

Our opinions are based on existing law, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. We assume no duty to update or supplement our opinions to reflect any facts or circumstances that may thereafter come to our attention or to reflect any changes in any law that may thereafter occur or become effective. Our opinions represent our legal judgment based

upon our review of existing law that we deem relevant to such opinions and in reliance upon the representations and covenants referenced above.

The foregoing opinions represent our legal judgment based upon a review of existing legal authorities that we deem relevant to render such opinions and are not a guarantee of results.

Dannis Woliver Kelley

APPENDIX E
FORM OF CONTINUING DISCLOSURE CERTIFICATE

APPENDIX F

THE LOS ANGELES COUNTY TREASURY POOL

The Treasurer and Tax Collector of the County of Los Angeles (the “Treasurer”) manages, in accordance with California Government Code Section 53600 et seq., funds deposited with the Treasurer by County school and community college districts, various special districts, and some cities. State law generally requires that all moneys of the County, school districts, and certain special districts be held in the County’s Treasury Pool (the “Treasury Pool”) as described below. The composition and value of investments under management in the Treasury Pool vary from time to time, depending on the cash flow needs of the County and the other public agencies invested in the Treasury Pool, the maturity or sale of investments, purchase of new securities and fluctuations in interest rates generally. Additionally, the Treasurer, with the consent of the Board of Supervisors of the County of Los Angeles (the “County”), may change the County investment policy at any time. Therefore, there can be no assurance that the values of the various investments in the Treasury Pool will not vary significantly from the values described herein. Neither the District, the Municipal Advisor nor the Underwriters make any representation as to the accuracy or adequacy of such information or as to the absence of material adverse changes in such information subsequent to the date hereof, or that the information contained herein is correct as of any time subsequent to its date. The Treasurer maintains a website, the address of which is <https://ttc.lacounty.gov/monthly-reports/>, on which the Treasurer periodically places information relating to the Treasury Pool. The information presented there, however, is not part of this Official Statement, is not incorporated by reference herein and should not be relied upon in making an investment decision with respect to the Bonds.

The County of Los Angeles Pooled Surplus Investments

The Treasurer and Tax Collector (the “Treasurer”) of the County of Los Angeles (the “County”) has the delegated authority to invest funds on deposit in the County Treasury (the “Treasury Pool”). As of November 30, 2024, investments in the Treasury Pool were held for local agencies including school districts, community college districts, special districts and discretionary depositors such as cities and independent districts in the following amounts:

Local Agency	Invested Funds (in billions)
County of Los Angeles and Special Districts	\$23.944
Schools and Community Colleges	27.803
Discretionary Participants	3.997
Total	<u>\$55.744</u>

The Treasury Pool participation composition is as follows:

Non-discretionary Participants	92.83%
Discretionary Participants:	
Independent Public Agencies	7.05%
County Bond Proceeds and Repayment Funds	0.12%
Total	<u>100.00%</u>

Decisions on the investment of funds in the Treasury Pool are made by the County Investment Officer in accordance with established policy, with certain transactions requiring the Treasurer’s prior approval. In Los Angeles County, investment decisions are governed by Chapter 4 (commencing with Section 53600) of Part 1 of Division 2 of Title 5 of the California Government Code, which governs legal

investments by local agencies in the State of California, and by a more restrictive Investment Policy developed by the Treasurer and adopted by the Los Angeles County Board of Supervisors on an annual basis. The Investment Policy adopted on March 19, 2024, reaffirmed the following criteria and order of priority for selecting investments:

1. Safety of Principal
2. Liquidity
3. Return on Investment

The Treasurer prepares a monthly Report of Investments (the “Investment Report”) summarizing the status of the Treasury Pool, including the current market value of all investments. This report is submitted monthly to the Board of Supervisors. According to the Investment Report dated December 31, 2024, the November 30, 2024 book value of the Treasury Pool was approximately \$55.744 billion, and the corresponding market value was approximately \$53.876 billion.

An internal controls system for monitoring cash accounting and investment practices is in place. The Treasurer’s Compliance Auditor, who operates independently from the Investment Officer, reconciles cash and investments to fund balances daily. The Compliance Auditor’s staff also reviews each investment trade for accuracy and compliance with the Board adopted Investment Policy. On a quarterly basis, the County’s outside independent auditor (the “External Auditor”) reviews the cash and investment reconciliations for completeness and accuracy. Additionally, the External Auditor reviews investment transactions on a quarterly basis for conformance with the approved Investment Policy and annually accounts for all investments.

The following table identifies the types of securities held by the Treasury Pool as of November 30, 2024:

Type of Investment	% of Pool
Certificates of Deposit	3.32%
U.S. Government and Agency Obligations	71.09
Bank Acceptances	0.00
Commercial Paper	25.55
Municipal Obligations	0.04
Corporate Notes & Deposit Notes	0.00
Repurchase Agreements	0.00
Asset Backed Instruments	0.00
Other	0.00
	<u>100.00%</u>

The Treasury Pool is highly liquid. As of November 30, 2024, approximately 39.61% of the investments mature within 60 days, with an average of 685 days to maturity for the entire portfolio.

This Appendix A provides information concerning the operations and finances of the Los Angeles Unified School District (the “District”) and certain demographic information in the area covered by the District. The Bonds are general obligation bonds of the District, secured and payable from ad valorem property taxes assessed on taxable properties within the District and are not an obligation of the County (defined herein) or of the general fund of the District. See “SECURITY AND SOURCE OF PAYMENT FOR THE BONDS” in the forepart of this Official Statement. See also “GLOSSARY OF CERTAIN TERMS AND ABBREVIATIONS” herein for a description of certain terms and abbreviations used in this Appendix A.

DISTRICT GENERAL INFORMATION

District Boundaries

The District, encompassing approximately 710 square miles, is located in the western section of the County of Los Angeles (the “County”) in the State of California (the “State”). The District’s boundaries include virtually all of the City of Los Angeles (the “City”), all of the Cities of Cudahy, Gardena, Huntington Park, Lomita, Maywood, San Fernando, Vernon and West Hollywood, and portions of the Cities of Bell, Bell Gardens, Beverly Hills, Calabasas, Carson, Commerce, Culver City, Downey, Hawthorne, Inglewood, Long Beach, Lynwood, Montebello, Monterey Park, Rancho Palos Verdes, Rolling Hills Estates, Santa Clarita, Santa Monica, South Gate, and Torrance. In addition, the District provides services to several unincorporated areas of the County, which include residential and industrial areas. The boundaries for the District are approximately 80% coterminous with the City, with the remaining 20% included in the smaller neighboring cities and unincorporated County areas described above. The District was formed in 1854 as the Common Schools for the City and became a unified school district in 1960.

District Governance; Senior Management

District Board. The District is governed by a seven-member Board of Education (the “District Board”), each member of which is a voting member and elected by voters within such member’s designed district. The members of the District Board are elected to four-year terms in alternate slates of three and four, with elections held every two years. In an election year, if a candidate receives a majority of the votes cast for a District Board seat in the primary election, that candidate is elected to the office. In the event no candidate receives a majority of the votes cast for a District Board seat, there is a runoff election at the general election between the two candidates receiving the highest number of votes for the seat in the primary election. The current members of the District Board along with their district and term are set forth below.

District	Member	Term Ending
3	Scott Schmerelson, President	December 10, 2028
2	Dr. Rocio Rivas, Vice President	December 13, 2026
1	Sherlett Hendy Newbill	December 10, 2028
4	Nick Melvoin	December 13, 2026
5	Karla Griego	December 10, 2028
6	Kelly Gonez	December 13, 2026
7	Tanya Ortiz Franklin	December 10, 2028

Superintendent. The chief executive officer of the District, appointed by the District Board to manage the day-to-day operations of the District, is the Superintendent of Schools (the “Superintendent”). The District Board appointed Alberto M. Carvalho to serve as the Superintendent effective February 2022.

Strategic Plan. On June 21, 2022, the District Board unanimously adopted a strategic plan outlining the student outcomes expected by 2026 (the “2022-26 Strategic Plan”) that focuses on the goal of ensuring that all District students graduate “ready for the world” and prepared to thrive in college, career, and life.

The 2022-26 Strategic Plan revolves around four goals, postsecondary preparedness, literacy, numeracy, and social-emotional wellness, and five pillars, each consisting of priorities that represent critical areas the District will focus on: academic excellence; joy and wellness; engagement and collaboration; operational effectiveness; and investing in staff.

Pursuant to the 2022-26 Strategic Plan, the first pillar of “Academic Excellence” prioritizes improving student outcomes through high-quality instruction, delivering enriching experiences to instill lifelong learning, eliminating opportunity gaps, and encouraging multiple paths for college and career readiness. The second pillar of “Joy and Wellness” prioritizes creating welcoming and inclusive learning environments, addressing student well-being through health, nutrition, and wellness services, cultivating strong social-emotional skills, and ensuring outstanding attendance to achieve consistent learning. The third pillar of “Engagement and Collaboration” prioritizes strengthening relationships between students, families, and schools, providing accessible information to the community, leading on local, state, and national levels, and honoring the perspectives of students. The fourth pillar of “Operational Effectiveness” prioritizes developing data-driven decision-making, modernizing facilities and technological infrastructure, sustainably implementing school and District budgets, and making the District a district of choice of families. The fifth pillar of “Investing in Staff” prioritizes recruiting and retaining a diverse workforce, providing rigorous and relevant professional learning, cultivating staff wellness, and maintaining consistent and high performance standards.

The District developed an Implementation Guide for the 2022-26 Strategic Plan with actions and practices for practitioners to implement in schools and classrooms. Pursuant to the 2022-26 Strategic Plan, the District intends to, among other endeavors, ensure processes and systems are in alignment by reviewing budgets, updating reporting structures, offering professional development for school and central office staff, and providing additional support for aligning school-level plans to the 2022-26 Strategic Plan. Furthermore, to ensure the 2022-26 Strategic Plan remains on track, the District is regularly engaging with the community to solicit feedback on its actions and expenditures, and has established districtwide systems to monitor progress of ongoing implementation, as well as progress toward achieving its targets for success – at both the central-office and school-site levels. The District has released a Year One Report (2022-23) and Year Two Report (2023-24) regarding the District’s progress on implementation of the 2022-26 Strategic Plan.

Regions. In addition to the Superintendent of the District, the District organizes its schools into four (formerly six) geographically-based regions (each, a “Region”). Each Region has a separate superintendent to oversee the schools in the related area of the District. The current Region Superintendents are Dr. David Baca (North), Andre Spicer (South), José P. Huerta (East), and Dr. Denise Collier (West).

Biographies. Brief biographical information for Superintendent Alberto M. Carvalho and other senior management of the District is set forth below.

Alberto M. Carvalho, Superintendent. Alberto M. Carvalho has served as Superintendent of the District, the nation’s second-largest school district, since February 2022. He was selected by the District Board in a unanimous vote following a comprehensive community engagement process and a nationwide search.

Since starting at the District, Superintendent Carvalho has led the development and implementation of the District’s unanimously approved 2022-2026 Ready for the World Strategic Plan. Numerous initiatives and ideas have enhanced the plan, including the launch of the STEAM Lab Makerspaces, Education Transformation Office, Cultural Arts Passport, and Family Academy. Through Superintendent Carvalho’s leadership, the District has also established nine new education compacts between the District and local municipalities, made significant progress in greening schools, and secured upgraded credit ratings, generating millions in savings.

During his 14-year tenure as Superintendent of Miami-Dade County Public Schools (“M-DCPS”), Superintendent Carvalho garnered local, state, national and international recognition. His honors include being named Florida’s 2014 Superintendent of the Year; the 2014 National Superintendent of the Year; the 2016 Magnet Schools of America Superintendent of the Year, the 2016 winner of the Harold W. McGraw Prize in Education; the 2018 National Urban Superintendent of the Year; and the 2019 National Association for Bilingual Education (NABE) Superintendent of the Year.

Under his leadership, M-DCPS became one of the nation’s highest-performing urban school systems, receiving systemwide accreditation from AdvancEd in 2014 and 2019. M-DCPS was named as the 2014 College Board Advanced Placement Equity and Excellence District of the Year and the 2012 winner of the Broad Prize for Urban Education. Superintendent Carvalho is now seeking to elevate the District to the premier spot in American urban education.

Superintendent Carvalho was appointed by the U.S. Secretary of Education to serve on the National Assessment Governing Board. He has served as a committee member for the National Academies of Science, Engineering, and Medicine and is currently serving as an Advisory Committee Member to the Harvard Program on Education Policy and Governance. Superintendent Carvalho is also a dedicated member the Homeland Security Academic Partnership Council, the National Board of Directors for Common Threads, the Posse Foundation, the Aspen Institute’s Planet Media Task Force, and Code.org. He is a member of the Leadership Table for the Los Angeles County Executive Committee on Homelessness and serves on the Board of Directors of The Music Center of Los Angeles.

Superintendent Carvalho has been awarded many honorary degrees. He has been honored by the President of Portugal with the “Ordem de Mérito Civil” and by Mexico with the “Ohtli Award.” He was also knighted by King Felipe VI of Spain with the Cross of the Orden de Isabel la Católica.

Jaime G. Torrens, Senior Advisor to the Superintendent. Mr. Torrens, Senior Advisor to the Superintendent of the District, is responsible for assisting and supporting the Superintendent in the overall operation of the District, the largest self-governing public school district in the nation. Mr. Torrens also oversees the district’s eco-sustainability, compliance and audits, and environmental health and safety functions. Mr. Torrens previously served as Deputy Superintendent and Chief of Staff for Miami-Dade County Public Schools (“M-DCPS”) where he oversaw a broad portfolio of functional areas. Among other duties, he led the M-DCPS’ response and recovery related to COVID-19 (as defined herein).

As Chief Facilities Officer for over 12 years, he was responsible for all aspects of facilities planning, construction, maintenance, operations and inspections at the fourth largest school system in the nation. As a member of the Superintendent’s Cabinet, he directed a staff of 1,000 professional and technical personnel responsible for all aspects of 3,100 buildings comprising 45 million square feet on over 400 school campuses and ancillary facilities.

Mr. Torrens also led the implementation of M-DCPS’ \$1.2 billion general obligation bond program approved by voters in 2012 to renovate, construct, and modernize school facilities throughout Miami-Dade County. This extensive capital improvement program included instructional technology upgrades at every school to provide equity throughout all campuses. Concurrently, he helped launch a comprehensive business development program which drastically expanded participation of small, minority and women-owned businesses that had been historically underrepresented in the construction industry.

Mr. Torrens served M-DCPS in various positions of increasing responsibility related to facilities management and district/emergency operations. He led M-DCPS’ infusion of sustainability principles into design criteria and specifications for capital projects, implemented the Guaranteed Energy Performance

Contracting Program, and opened the first Gold Certified comprehensive high school under the LEED for Schools Program.

Mr. Torrens holds a Master of Science in Management Information Systems and a Bachelor of Science in Electrical Engineering from Florida International University, and he is a LEED Accredited Professional.

Mr. Pedro Salcido, Deputy Superintendent Business Services and Operations. Pedro Salcido has been a dedicated member of the District since 2012, advancing through a variety of roles that reflect his deep commitment to both educational equity and operational excellence. Currently serving as the Deputy Superintendent of Business Services and Operations, Mr. Salcido oversees the essential divisions that keep the District running, including finance, food services, facilities, information technology, medical services, procurement, school operations, school police, and transportation. His strategic priorities include addressing the digital divide, advancing school bus electrification and systems modernization, improving school meals, modernizing wireless networks, leading school building renovations, and implementing strategic budgeting efforts.

Since his appointment in November 2022, Mr. Salcido has spearheaded multiple initiatives that are critical to the District's long-term goals. Notably, he has been instrumental in efforts to close the digital divide and modernize technological systems, ensuring that all students and staff have access to state-of-the-art tools for teaching, learning, and communication. His leadership also extends to the District's sustainability efforts, such as the transition to electric school buses, and his work on improving the quality of school meals, making them both healthier and more appealing to students.

Before becoming Deputy Superintendent of Business Services and Operations, Mr. Salcido served as the Chief of Staff, where he played a pivotal role in managing the District's academic and non-academic operations. As the Superintendent's principal liaison to the Board of Education, he facilitated the execution of policies and worked closely with Superintendent Carvalho on the development of both the 100-Day Plan and the Strategic Plan. His work continues to focus on aligning the District's resources with its most urgent priorities, ensuring that every decision is made with a focus on equity and efficiency.

One of Mr. Salcido's most significant contributions to the District has been his leadership in the development and implementation of the Student Equity Needs Index (SENI), a funding allocation model designed to address the District's most pressing equity challenges. Today, SENI has grown to distribute nearly \$700 million to the schools that need it most. This initiative is just one example of how Mr. Salcido has worked tirelessly to expand both equitable financial practices and programmatic efforts across the District.

Mr. Salcido's experience also includes serving as Senior Executive Director of Finance and Policy and Director of Government Relations, where he led state, federal, and local advocacy efforts, managed labor negotiations, and oversaw the District's financial operations and policy development. He played a key role in the establishment of the District's Local Control and Accountability Plan, aligning budget practices with a system of accountability and community engagement that continues to guide the District's efforts.

As a first-generation Mexican American, son of immigrants, and the first in his family to graduate from high school and college, Mr. Salcido brings a personal perspective to his leadership. He connects deeply with the educational journeys of the District's diverse students and is committed to listening to the voices of staff, students, and families to ensure that their experiences inform the decisions that shape the District's future.

Mr. Salcido holds a Master of Public Administration from the University of Southern California and holds dual degrees in Politics and Latin American Studies from the University of California, Santa Cruz.

Devora Navera Reed, General Counsel. Devora Navera Reed serves as the General Counsel for the District, the largest school district in California. She was appointed by the Board of Education in 2020. She has served as legal counsel in various roles since 2006. As the General Counsel for the District, Devora is responsible for administering and overseeing the legal activities of the District's legal staff of over 100 talented individuals and outside legal firms. In addition, she advises the Board of Education, Superintendent, and senior leadership on matters of major importance to the District. She is a critical member of the executive cabinet focused on accelerating student achievement and equity in the District. Prior to joining the District in 2006, Devora served as an attorney for the Children's Law Center of Los Angeles for nearly a decade, where she represented and advocated for children in dependency court and the foster care system. In addition to her legal responsibilities, Devora serves as a board member of the California Minority Counsel Program promoting diversity, equity and inclusion in the legal field. Devora earned a Bachelor of Arts from the University of Southern California in 1992 and a Juris Doctorate degree from the University of San Francisco School of Law in 1996.

Christopher D. Mount-Benites, Chief Financial Officer. Mr. Mount began serving as the District's Interim Chief Financial Officer in August of 2024, and now holds the position, and previously served as the District's Chief Procurement Officer. Prior to coming to the District, Mr. Mount served as a Superintendent for three years and as a Deputy Superintendent, Chief Business Official and Chief Financial Official of various schools in the San Francisco Bay Area and Sacramento for over a decade with a specialization in schools that were experiencing fiscal distress. Prior to working on the business side of education, Mr. Mount was a Director of Curriculum and Instruction and both a high school and elementary school Principal for six years in New York and Los Angeles. He also taught high school English and Social Studies for a decade and served as an Operations Executive for an Educational and Training Company in Los Angeles. Mr. Mount earned his Bachelor's Degree from the State University of New York at Oswego, his Master of Arts degree in European and Asian History from the State University of New York at Cortland, his Master of Arts degree in Educational and Public Administration from California State University at Dominguez Hills and his California Chief Business Official certification from the University of Southern California.

Nolberto Delgadillo, Deputy Chief Financial Officer – Finance. Mr. Delgadillo joined the District in July 2023, taking on the role to support the District's fiscal strategy. He came to the District from Portland Public Schools (Oregon) where he served as Chief Financial Officer. Prior to his time at Portland Public Schools he served in the same role for Tulsa Public Schools (Oklahoma). Mr. Delgadillo has a track record for being responsible for ensuring that school district funds are managed responsibly and reported accurately while leading the full spectrum of financial services. Before his time with Tulsa Public Schools, Mr. Delgadillo served as Chief Operations Officer in Los Angeles, at the LA Promise Fund. He also previously supported finance operations at Green Dot Public Schools (California). Mr. Delgadillo also spent over 12 years in the health care sector. He is a graduate of the University of Southern California earning degrees in Chemistry and Spanish and earning a Master of Business Administration from Loyola Marymount University. He also completed a two-year program through The Broad Center, earning a Master's in Educational Leadership.

Ernie Thomas, Controller. Mr. Thomas joined the District in January 2024 from a national non-profit organization focused on education where he served for a decade, first as Controller and eventually as Treasurer and Controller for the last six years. He previously served as Corporate Controller for a community sector organization for two years. Prior to that, he served as Vice President at National Community Renaissance for a year. Before that, Mr. Thomas served at an entertainment company for over

a decade, where he first held the position of Controller for three years, and then Chief Financial Officer for the last nine years. Mr. Thomas was also an auditor at Arthur Andersen & Co. and is a Certified Public Accountant (inactive). Mr. Thomas graduated from the University of California, Los Angeles with a Bachelor of Arts degree in Economics.

Timothy S. Rosnick, Deputy Controller. Mr. Rosnick joined the District in October 2006 and served as the District's Director of Accounting Controls from October 2006 through June 2007 and the Director of Treasury and Accounting Controls from July 2007 through June 2008. Mr. Rosnick served as the District's Controller from June 2008 through June 2011 and served as the District's Deputy Controller from June 2011 through September 2023. Mr. Rosnick served as Director of Capital Planning and Budgeting from September 2023 to June 2025. Prior to joining the District, Mr. Rosnick served as an Administrator at the Orange County Department of Education and as a Financial Officer with the Los Angeles County Office of Education. Mr. Rosnick graduated from the University of Washington with a Bachelor of Arts degree with Distinction in Economics and received a Master of Business Administration degree from the University of Texas at Austin. Mr. Rosnick is a member of the Government Finance Officers Association and the CFA Institute.

School Facilities

The District is the largest public school district in the State and the largest self-governing public school district in the United States. As reflected in the District's Audited Annual Financial Report for fiscal year 2023-24, the District operated 1,232 schools and centers in fiscal year 2023-24, which consisted of 435 elementary schools, 78 middle/junior high schools, 87 senior high schools, 59 options schools, 29 multi-level schools, 12 special education schools, 264 magnet centers, 67 magnet schools, 18 primary school centers, 2 community adult schools, 7 regional occupational centers, 2 skills centers, 87 early education centers, 4 infant centers, and 81 California State preschools. As reflected in the District's Audited Annual Financial Report for fiscal year 2023-24, 51 of the District's schools were operated as Affiliated Charter Schools in fiscal year 2023-24. In addition, as reflected in the District's Audited Annual Financial Report for fiscal year 2023-24, the District oversaw 221 Fiscally Independent Charter Schools within the District's boundaries in fiscal year 2023-24. See "STATE FUNDING OF SCHOOL DISTRICTS – Charter School Funding."

Enrollment and Average Daily Attendance

At the time of preparation of the District's second interim report for fiscal year 2024-25 (the "2024-25 Second Interim Report"), the transitional kindergarten ("TK") through 12th grade enrollment in the District for fiscal year 2024-25 was projected to be approximately 402,561 students, including those attending magnet, opportunity, and continuation schools and centers, locally funded affiliated charter schools ("Affiliated Charter Schools"), and schools for people with disabilities. Such enrollment represents a projected decrease of 892 students or a decrease of approximately (0.22)% from the budgeted TK-12 enrollment in the District at the time of preparation of the District's original adopted budget for fiscal year 2024-25 (the "Fiscal Year 2024-25 Budget"). Such enrollment does not include students attending charter schools located within the District's boundaries and receiving funding directly from the State ("Fiscally Independent Charter Schools"), that was budgeted at 108,520 students at the time of preparation of the Fiscal Year 2024-25 Budget. Based on enrollment projections at the time of preparation of the 2024-25 Second Interim Report, the District projected enrollment to decline by (1.99)% on average through fiscal year 2025-26. For more information regarding District enrollment and average daily attendance, see APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT GENERAL INFORMATION – Enrollment and Average Daily Attendance." While the District expects enrollment to continue to decline, the District's projected enrollment declines are subject to change as conditions change and more data becomes available throughout

the fiscal year. The District attributes declining enrollment to, among other things, the reduced birth rate in the County, increased costs of living and housing costs in southern California, declining immigration trends in the Los Angeles area, and residual impacts of the Coronavirus Disease 2019 (“COVID-19”) pandemic. The District’s Strategic Enrollment & Program Planning Office continues to lead coordination of District-wide enrollment efforts by utilizing data-driven decision-making to expand successful district programs, improve marketing and outreach to communities, implement student retention and matriculation strategies, and streamline TK-12 pathways and programs. Additionally, the recent 2025 wildfires could additionally impact enrollment. See “2025 Wildfires” in the front part of the Official Statement. See also APPENDIX A – “DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – District Budget – LACOE’s Responses to Fiscal Year 2024-25 Budget,” for information regarding District declining enrollment.

As a result of declining enrollment in District schools, the District’s annual average daily attendance (“ADA”) has declined in recent years and is expected to further decline in fiscal years 2024-25 through 2026-27 based on projections contained in the 2024-25 Second Interim Report. To ensure funding stability regardless of instructional model in light of the COVID-19 pandemic, the State budget for fiscal year 2020-21 included a hold-harmless provision for the purpose of calculating apportionments in fiscal year 2020-21, and it provided that average daily attendance for fiscal year 2020-21 was based on fiscal year 2019-20 (specifically, the period July 1, 2019 through February 29, 2020). Although the State budget for fiscal year 2021-22 did not include an extension of the ADA hold-harmless provision in fiscal year 2021-22, school districts with enrollment declines in fiscal year 2021-22, like the District, retained the ability to receive their apportionment based on the higher of their fiscal year 2019-20 or fiscal year 2021-22 ADA as provided under the Local Control Funding Formula (the “LCFF”). See “STATE FUNDING OF SCHOOL DISTRICTS – Local Control Funding Formula.” In light of pervasive declining enrollment throughout nearly all school districts in the State, the Governor’s State budget for fiscal year 2022-23 revised the LCFF calculation beginning with fiscal year 2022-23 to consider the greater of a school district’s current fiscal year, prior fiscal year, or the average of three prior fiscal years’ ADA to allow school districts more time to adjust to enrollment-related LCFF funding declines. For purposes of fiscal year 2021-22, if a school district could demonstrate it provided independent study offerings to students in fiscal year 2021-22, such school district could consider the greater of its fiscal year 2021-22 ADA or its fiscal year 2021-22 enrollment adjusted for pre-COVID-19 absence rates. Such adjustment was applicable to fiscal year 2021-22 for purposes of calculating a school district’s prior year ADA or the average of three prior years’ ADA in fiscal year 2022-23 and beyond in accordance with the amendments made in connection with the Governor’s State budget for fiscal year 2022-23. The following Table A-1 sets forth the District’s actual and funded ADA for fiscal years 2015-16 through 2024-25. As reflected in Table A-1, the District’s funded ADA for fiscal years 2015-16 through 2021-22 was based largely on actual prior year ADA for the second period of attendance (“P-2”) for traditional TK-12 students, but current year P-2 ADA for students attending Affiliated Charter Schools. For fiscal years 2022-23 through 2024-25, the District’s funded ADA was based largely on the average of three prior fiscal years’ P-2 ADA for traditional TK-12 students, as adjusted in accordance with the COVID-19 ADA relief measures, but current year P-2 ADA for students attending Affiliated Charter Schools. As is shown in Table A-1, the revised LCFF calculation allowing the greater of a school district’s current fiscal year, prior fiscal year, or the average of three prior fiscal years’ ADA delays, but does not eliminate, the effects of enrollment declines on LCFF funding, such effects to eventually be felt as higher attendance levels from earlier years continue phasing out of the District’s average.

TABLE A-1
LOS ANGELES UNIFIED SCHOOL DISTRICT
Average Daily Attendance
Fiscal Years 2015-16 through 2024-25⁽¹⁾

Fiscal Year	Actual ADA			Funded ADA
	TK-12 ⁽²⁾	Affiliated Charter Schools ⁽³⁾	Total	Total
2015-16	463,735	39,632	503,367	512,625 ⁽⁷⁾
2016-17	450,713	41,143	491,856	500,648 ⁽⁷⁾
2017-18	438,359	40,232	478,591	483,710 ⁽⁷⁾
2018-19	415,100	38,910	454,010	470,127 ⁽⁷⁾
2019-20 ⁽⁴⁾	413,965	40,940	454,905	454,792 ⁽⁷⁾
2020-21 ⁽⁵⁾	N/A	N/A	N/A	455,356 ⁽⁷⁾
2021-22	345,896	35,043	380,939	449,937 ⁽⁷⁾
2022-23	348,544	35,466	384,010	433,929 ⁽⁸⁾
2023-24	345,702	35,587	381,289	410,914 ⁽⁸⁾
2024-25 ⁽⁶⁾	336,961	35,302	372,263	386,478 ⁽⁸⁾

⁽¹⁾ Data may differ from other District disclosures because adjustments were made in certain fiscal years due to additional attendance for non-public students, corrected attendance reports for District students, and/or audit findings.

⁽²⁾ Includes non-public school special education students and District students attending schools operated by the County.

⁽³⁾ Includes charter schools that are fiscally-affiliated with the District.

⁽⁴⁾ Condensed reporting period. Does not reflect actual student attendance after February 29, 2020 due to the COVID-19 pandemic.

⁽⁵⁾ Attendance reporting not required for fiscal year 2020-21. The fiscal year 2020-21 State budget included a hold harmless provision for the purpose of calculating apportionments under LCFF in fiscal year 2020-21, providing that ADA for fiscal year 2020-21 was based on ADA for fiscal year 2019-20 (specifically, the period July 1, 2019 through February 29, 2020), as discussed in more detail above.

⁽⁶⁾ Funded ADA, as reflected in the 2024-25 Second Interim Report; Actual ADA is based on projections provided in the 2024-25 Second Interim Report.

⁽⁷⁾ Funded ADA is based largely on actual prior year P-2 ADA for TK-12 and current year P-2 ADA for Affiliated Charter Schools. For more information, see the discussion of ADA funding in the paragraph immediately preceding this table.

⁽⁸⁾ Funded ADA is based largely on the average of three prior fiscal years' P-2 ADA for TK-12, as adjusted in accordance with the COVID-19 ADA relief measures, and current year P-2 ADA for Affiliated Charter Schools. For more information, see the discussion of ADA funding in the paragraph immediately preceding this table.

Sources: Los Angeles Unified School District; the District's Audited Annual Financial Report for fiscal year 2021-22 (actual ADA for fiscal years 2012-13 through 2021-22); unaudited actuals reports for fiscal years 2012-13 through 2022-23 (funded ADA for fiscal years 2012-13 through 2022-23; actual ADA for fiscal year 2022-23); Fiscal year 2023-24 Audited Annual Financial Report; and 2024-25 Second Interim Report (funded ADA for fiscal year 2024-25).

Federal Funding

The federal government provides funding for several District programs. On January 20, 2025, President Trump issued a series of executive orders, which include ensuring that federal funds are used in a manner approved by the current administration. In response to and in an effort to carry out such orders, on January 27, 2025, the White House Office of Management and Budget ("OMB") released its Memorandum M-25-13, Temporary Pause of Agency Grant, Loan, and Other Financial Assistance Programs (the "OMB Memorandum"). The OMB Memorandum directed federal agencies to temporarily pause all activities related to obligation or disbursement of all federal financial assistance in order to review spending for consistency with the Trump Administration's policies, stating that the temporary pause was to become effective at 5:00 p.m. on January 28, 2025. The OMB Memorandum caused uncertainty as to whether certain Federal funding and grants would be paused.

Before the OMB Memorandum became effective, two separate lawsuits were filed in federal district courts in Rhode Island and the District of Columbia challenging the OMB Memorandum and seeking injunctions. On January 28, 2025, shortly before the OMB Memorandum became effective, a District of Columbia federal judge issued an emergency administrative stay through February 3, 2025, at which time a preliminary injunction hearing was set. On January 29, 2025, OMB rescinded the OMB

Memorandum. Although the OMB Memorandum was rescinded, the executive orders are in effect and the matter is ongoing as spending reviews are ongoing. On January 31, 2025, a Rhode Island federal judge issued a temporary restraining order on the pause. On February 3, 2025, the District of Columbia federal judge issued a temporary restraining order as well. On February 10, 2025, the Rhode Island federal judge granted a motion for a preliminary injunction and issued an Enforcement Order clarifying the scope of the temporary restraining order and ordering the Trump Administration to release federal funds and comply with the earlier order. The Trump Administration appealed the temporary restraining order to the U.S. Court of Appeals for the First Circuit. The Trump Administration's request to stay the temporary restraining order pending appeal was denied. The District cannot predict any action to be taken in carrying out the executive orders nor its effect on the District's federal funding or operations of the District. See also APPENDIX A "– District Debt."

On March 20, 2025, President Trump signed an executive order instructing the Secretary of Education to take all necessary steps to close the Department of Education (the "DOE") to the maximum extent appropriate and permitted by law. The executive order followed the mass dismissal of approximately half of the DOE's staff on March 11, 2025, and the cancellation of \$1.5 billion in grants and contracts for the performance of DOE functions. The DOE provides funding to local school districts nationwide, including the District, primarily for special education services under the Individuals with Disabilities Education Act and under Title I to the Elementary and Secondary Education Act to districts that serve large populations of economically disadvantaged students.

Two separate complaints were filed on March 24, 2025, the first in the U.S. District Court for the District of Massachusetts by Democracy Forward, a plaintiff group acting on behalf of the Easthampton School District and certain labor and parent groups. The second complaint was filed in the U.S. District Court for the District of Maryland, by a plaintiff group including the National Association for the Advancement of Colored People, the National Education Association, and other parent groups and education proponents. Each lawsuit generally challenges the layoffs of DOE staff and the executive order dismantling the DOE as exceeding the constitutional authority of the executive branch.

The District is unable to predict whether the Trump Administration's review of spending will be upheld in full or in part or whether legal challenges to any freeze or pause in spending will be successful. Similarly, the District is unable to predict whether the executive order dismantling the DOE or the staff reductions or grant cancellations will be upheld after legal challenge. If the reductions in funding, elimination of the DOE, or staff layoffs are upheld in whole or in part, the District cannot anticipate whether the amount of federal revenues in the District's General Fund will be reduced, or the extent of any reduction, or whether any reduction would occur in the current or any future fiscal year.

Cybersecurity

General. The District collects, processes, and distributes large amounts of private, protected and personal information on students, staff, parents, visitors, vendors and contractors. The size of the District's information assets creates a target-rich environment for a variety of threats such as cyber criminals and natural disasters. In March 2020, in response to the COVID-19 pandemic, the District rapidly implemented new remote learning and remote working capabilities, which increased the District's cyberattack surface area. The District implemented additional layers of technical and administrative controls to mitigate remote access risks.

2019 Cyberattack. In 2019, the District experienced a cyberattack that resulted in unauthorized access to a limited number of student records; the software vulnerability was resolved the same day it was discovered, and no material impact occurred.

August 2022 Outage. In August 2022, a Data Center power outage triggered by a failed electrical transformer owned by Los Angeles Department of Water and Power, resulted in temporary unavailability of some information systems. The District mitigated the risk by increasing electrical line and backup power capacity and successfully performing functional load tests.

September 2022 Cyberattack. On September 3, 2022, the District became aware of a cyberattack on its information technology assets and proactively suspended network traffic in and out of its data centers. In response to such incident, the District swiftly activated its incident response protocol and commenced an investigation with support from Kroll, LLC, an outside cybersecurity firm, to assist with containment, remediation, and forensic analysis. The Microsoft Detection and Response Team also assisted with the forensic investigation. The District also notified local and federal law enforcement agencies and continues to support their ongoing investigations. The District has identified, contained, and remediated the ransomware, and it found no evidence of additional malware related to the cyberattack or any other persistent malicious activity on its network or systems.

The District's investigation of the incident determined that on or about July 31, 2022, the threat actor began conducting digital monitoring of the District's environment remotely using a contractor account to gain unauthorized access to systems. The District did not pay a ransom to the threat actor in connection with the incident. The threat actor posted approximately 500 gigabytes of data it stole from the District to its "leak site" on the dark web. Most of the files exfiltrated by the threat actor were located on the District's facilities servers and systems. The District provided required notifications to those individuals and entities with personal information included among those materials posted by the threat actor. This included employees, former employees, job applicants, and employees and contractors of facilities services division vendors who had personally identifiable information posted. The District offered credit monitoring services to such individuals. Notifications were also provided to individuals, including students and employees, who had personal "medical information" posted in the form of positive COVID-19 test results collected through the District's COVID-19 testing program, and to individuals, mostly former students, who had information contained in student assessment reports, most of which was dated, posted.

As a result of the incident, the District initially restricted access to its servers and systems, including access to user accounts, email, and software applications. Many operations and processes that were automated or facilitated by technology had to be completed manually, and some still remain manual at this time. Nonetheless, school sites remained operational. Most servers and systems were gradually restored within days as they were determined to be safe, with the District's most critical systems being restored first. The District restored certain impacted systems from backups and continues to work to rebuild others. While the District maintains cyber liability insurance, not all costs incurred are covered thereunder, and certain covered costs, which continue to be identified and calculated may ultimately exceed applicable coverage limits. Further, the District implemented various security enhancements in light of the incident.

Three related lawsuits relating to the incident remain pending against the District, which were filed on behalf of individuals allegedly impacted by the cyberattack, and unidentified classes of others impacted. The District cannot predict the outcome or any potential financial impact that may result from such litigation. Further, the District cannot predict whether any other claims or litigation will be filed or estimate any potential financial impact that may result. For more information about the existing lawsuits, see "DISTRICT FINANCIAL INFORMATION – Risk Management and Litigation."

June 2024 Cyberattack. On June 6, 2024, the District became aware of a malicious actor purporting to offer certain student and employee data for sale. Upon learning of this, the District launched an investigation and notified law enforcement. The District found no evidence that this incident involved any unauthorized access to its network or systems. Rather, the District's investigation found evidence that the data involved was taken from Snowflake, a cloud-based platform used for mass data storage by a former

vendor of the District, and appears to have been stolen in a manner consistent with recently publicized thefts involving numerous Snowflake accounts. The District has recently concluded its investigation into the scope and extent of the data impacted, and is in the process of ensuring compliance under the Family Educational Rights and Privacy Act, and the District will provide any notifications that may be required to impacted individuals under applicable law.

Protective Measures. The District has implemented several protective measures with respect to access requirements to its systems to reduce the likelihood of a similar incident from occurring in the future. The District established an Independent Information Technology Task Force comprised of cybersecurity experts from private and public sectors to develop a set of recommendations to further strengthen the District's cybersecurity. The District has augmented its cybersecurity team, retained cybersecurity service providers, and implemented additional security controls and monitoring of its systems.

To minimize the impact and frequency of cybersecurity incidents, the District previously hired a Director of Information Technology Security in 2016 to develop and implement a risk-based information security management program ("ISMP"). The ISMP is designed to protect the confidentiality, integrity, and availability of information assets managed by the District's Information Technology Division and comply with all applicable information protection regulations including the Family Educational Rights and Privacy Act, Children's Internet Protection Act, and the Health Insurance Portability and Accountability Act. The ISMP includes a number of technical, administrative, and physical security safeguards that take into account the District's unique threats and vulnerabilities. The District and its third-party IT vendors are required to carry cyber liability insurance to offset the cost of business disruptions caused by cybersecurity incidents.

No assurance can be made in any networked environment that a future cyberattack or natural disaster would not compromise the confidentiality, integrity or availability of District information assets. The only viable mitigation of cybersecurity risks is a layered defense strategy. The District implements layered defenses as a principal driver of its information security program and continuously monitors the effectiveness of the program to proactively modify it when the cyberattack landscape changes.

Potential Vulnerabilities of Third Parties. The District relies on other entities and service providers in the course of operating the District, including the County with respect to the levy and collection of *ad valorem* property taxes and its servers and systems for accounting and other matters, as well as other trustees, fiscal agents, dissemination agents and project management firms. No assurance can be given that future cyber threats and attacks against third party entities or service providers will not directly or indirectly impact the District or the owners of the Bonds, including the possibility of impacting the timely payments of debt service on the Bonds or timely filings pursuant to the District's continuing disclosure undertakings.

STATE FUNDING OF SCHOOL DISTRICTS

General

School districts in the State receive operating revenues from federal, State and local sources, including appropriations from the State's general fund and local property taxes derived from a school district's share of the 1% *ad valorem* property tax. School districts also currently receive revenues from the State attributable to temporary tax increases implemented by Proposition 30 (defined herein). In connection with voter approval of Proposition 55 (defined herein), certain of such temporary tax increases were extended by twelve years through 2030. See "CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Proposition 30" herein. School districts, such as the District, may be eligible for other special categorical funding, including funding for certain State and federal programs. The amount of categorical funding appropriated to a school district may vary significantly from other school districts and

yearly. At the time of preparation of the 2024-25 Second Interim Report, the District budgeted to receive approximately 68.18% of District General Fund revenues from funds of or controlled by the State related to LCFF funding. As a result, decreases in State revenues, or in State legislative appropriations made to fund education, may significantly affect District operations. For more information regarding the District's funding for fiscal year 2024-25, see “– State Budget Act – 2024-25 *State Budget*,” “– Local Control Funding Formula” and “DISTRICT FINANCIAL INFORMATION – District Budget” herein. See also, “District General Information – Federal Funding” herein.

Article XVI of the State Constitution requires that from all State revenues, there first be set apart the moneys to be applied by the State for support of the public school system and public institutions of higher education. See “CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Constitutionally Required Funding of Education” herein. The State Legislature and the Governor approve the State's authorized appropriations for school districts each fiscal year in connection with the adoption of the State Budget Act (defined herein). Proposition 98 (“Proposition 98”), approved in November 1988 as a combined initiative constitutional amendment and statute called the “Classroom Instructional Improvement and Accountability Act,” provides the minimum funding formula for school districts. See “CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Proposition 98” herein. Under Proposition 98 (as modified by Proposition 111, which was enacted on June 5, 1990), there are currently three tests which determine the minimum level of K-14 funding. See “CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS” and “STATE FUNDING OF SCHOOL DISTRICTS– Local Control Funding Formula” herein. Proposition 98 permits the State Legislature, by two-thirds vote of both houses and with the Governor's concurrence, to suspend the K-14 schools' minimum funding formula for a one-year period. The amount of suspension is required to be repaid according to a specified State Constitutional formula, thereby restoring Proposition 98 funding to the level that would have been required in the absence of such suspension.

The actual appropriations and the timing of such appropriations are subject to, among other things, the estimated amount of State general fund revenues during the fiscal year and subsequent changes in State law. At times since the implementation of Proposition 98, the State has also sought to preserve general fund cash while avoiding increases in the base guaranteed amount through various mechanisms: by treating any excess appropriations as advances against subsequent years' Proposition 98 minimum funding levels rather than current year increases; by deferring apportionments of Proposition 98 funds from one fiscal year to the next, as the State did in fiscal years 2019-20 and 2020-21; by suspending Proposition 98, as the State did in fiscal year 2004-05, fiscal year 2010-11, fiscal year 2011-12 and fiscal year 2012-13; and by proposing to amend the State Constitution's definition of the guaranteed amount and settle-up requirement under certain circumstances. For more information on the Proposition 98 minimum guarantee under the 2024-25 State Budget, see “– State Budget Act – 2024-25 *State Budget*” herein.

Since fiscal year 2013-14, the amount of funds an individual school district receives from State revenues depends on the amount of revenues the State calculates that the school district should receive based on the LCFF, less the amount the school district derives from such school district's share of the 1% *ad valorem* property tax. See “– Local Control Funding Formula” and “CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Constitutionally Required Funding of Education” herein.

The State Budget Process

The State's fiscal year begins on July 1 and ends on June 30. According to the State Constitution, the Governor of the State (the "Governor") is required to propose a budget for the next fiscal year (the "Governor's Budget") to the State Legislature no later than January 10 of each year. State law requires the Governor to update the Governor's Budget projections and budgetary proposals by May 14 of each year (the "May Revision"). Proposition 25, which was adopted by voters in the State at an election held on November 2, 2010, amended the State Constitution such that a final budget must be adopted by a simple majority vote of each house of the State Legislature by no later than June 15 and the Governor must sign the adopted budget by no later than June 30. The budget becomes law upon the signature of the Governor (the "State Budget Act").

Under State law, the annual proposed Governor's Budget cannot provide for projected expenditures in excess of projected revenues and balances available from prior fiscal years. Following the submission of the Governor's Budget, the State Legislature takes up the proposal. Under the State Constitution, money may be drawn from the State Treasury only through an appropriation made by law. The primary source of the annual expenditure authorizations is the State Budget Act, as approved by the State Legislature and signed by the Governor. The Governor may reduce or eliminate specific line items in the State Budget Act or any other appropriations bill without vetoing the entire bill. Such individual line-item vetoes are subject to override by a two-thirds majority vote of each House of the State Legislature. Appropriations also may be included in legislation other than the State Budget Act. Bills containing appropriations (except for K-14 education) must be approved by a two-thirds majority vote in each House of the State Legislature and be signed by the Governor. Bills containing K-14 education appropriations require only a simple majority vote. Continuing appropriations, available without regard to fiscal year, may also be provided by statute or the State Constitution. Funds necessary to meet an appropriation need not be in the State Treasury at the time such appropriation is enacted; revenues may be appropriated in anticipation of their receipt. However, delays in the adoption of a final State budget in any fiscal year may affect payments of State funds during such budget impasse. See "– State Funding of Schools Without a State Budget" herein for a description of payments of appropriations during a budget impasse.

The description above and below of the State's budget has been obtained from publicly available information which the District believes to be reliable; however, the District, its counsel (including Bond Counsel and Disclosure Counsel), the Municipal Advisor, the Underwriters and their counsel do not guarantee the accuracy or completeness of this information and have not independently verified such information. Additional information regarding State budgets is available at various State-maintained websites, including www.dof.ca.gov. The website is not incorporated herein by reference and the District, its counsel (including Bond Counsel and Disclosure Counsel), the Municipal Advisor, the Underwriters and their counsel do not make any representation as to the accuracy of the information provided therein.

State Budget Act

2024-25 State Budget. The Governor signed the fiscal year 2024-25 State budget on June 29, 2024, which was amended through a series of legislative trailer bills (as amended, the "2024-25 State Budget"). The 2024-25 State Budget notes that the State has experienced significant revenue volatility—seeing unprecedented revenue growth that was quickly followed by a sharp and deep correction back toward historical trends. The 2024-25 State Budget also notes that the unprecedented Internal Revenue Service tax filing and payment postponement in 2023 significantly clouded the State's revenue forecast, and indicates that, with the revenue picture now clearer, the 2024-25 State Budget takes steps to ensure the State is on sound fiscal footing by setting the State on a fiscally responsible long-term path that protects vital programs.

In this regard, the 2024-25 State Budget includes provisions intended to address a budget deficit of approximately \$46.8 billion while also creating a positive fund balance in the State's Special Fund for Economic Uncertainties (the "SFEU") in fiscal years 2024-25 and 2025-26 and maintaining core programs for vulnerable populations. The 2024-25 State Budget includes approximately \$16.0 billion in budgetary reductions, comprising (a) an approximately 7.95% reduction in the State's operations budget resulting in State general fund savings of approximately \$2.2 billion, (b) a \$1.5 billion permanent reduction in State departments' budgets for vacant positions, (c) a reduction of approximately \$358.0 million in the State Department of Corrections and Rehabilitation budget in fiscal year 2024-25 and a total reduction of approximately \$740.0 million in fiscal years 2022-23 through 2024-25, (d) a \$500.0 million reduction to the State Student Housing Revolving Loan Program, (e) a \$485.0 million reduction in unspent one-time Learning-Aligned Employment Program resources, (f) an ongoing reduction of \$110.0 million to the Middle Class Scholarship Program, beginning in fiscal year 2025-26, (g) a \$1.1 billion reduction in various affordable housing programs, and (h) a \$746.1 million reduction for various healthcare workforce programs. The 2024-25 State Budget includes a \$13.6 billion increase in revenues in fiscal year 2024-25 through fiscal year 2026-27 by means of additional revenue sources and internal borrowing from special funds. As part of this revenue increase, the 2024-25 State Budget includes suspension of net operating loss deductions for companies with over \$1.0 million in taxable income and limits business tax credits to \$5.0 million in fiscal years 2023-2024 through 2025-2026, which is projected to increase revenues by \$5.95 billion in fiscal year 2024-25, \$5.5 billion in fiscal year 2025-26 and \$3.4 billion in fiscal year 2026-27. Additionally, the 2024-25 State Budget includes an increased managed care organization tax generating a projected \$5.1 billion in fiscal year 2024-25, \$4.6 billion in fiscal year 2025-26, and \$4.0 billion in fiscal year 2026-27. Significantly, the 2024-25 State Budget provides for the withdrawal of approximately \$12.2 billion from the State Rainy Day Fund (the "Rainy Day Fund" or "State Rainy Day Fund") over fiscal years 2024-25 and 2025-26 and approximately \$900.0 million from the State Safety Net Reserve in fiscal year 2024-25.

Additional budgeting maneuvers include \$6.0 billion in fund shifts, including (a) applying a prior CalPERS supplemental pension payment to the State's overall pension liability which reduces the State's required employer contributions in fiscal year 2024-25 by \$1.7 billion, (b) shifting approximately \$958.0 million from the State general fund to the State's Greenhouse Gas Reduction Fund for the Formula and Competitive Transit and Intercity Rail Capital Program, and (c) shifting approximately \$3.0 billion from the State general fund to the State's Greenhouse Gas Reduction Fund for clean energy and other climate programs. The 2024-25 State Budget also delays funding for programs such as the State Food Assistance Program Expansion, Developmental Services, childcare slots and the State's broadband program by a total amount of approximately \$3.1 billion. The 2024-25 State Budget also includes approximately \$2.1 billion in payroll and University of California and California State University compact deferrals.

The 2024-25 State Budget projects total resources available in fiscal year 2023-24 of approximately \$236.5 billion, including revenues and transfers of approximately \$189.4 billion and a prior year balance of approximately \$47.1 billion, and total expenditures in fiscal year 2023-24 of approximately \$223.1 billion. The 2024-25 State Budget projects total resources available for fiscal year 2024-25 of approximately \$225.6 billion, inclusive of revenues and transfers of approximately \$212.1 billion and a prior year balance of approximately \$13.4 billion. The 2024-25 State Budget projects total expenditures in fiscal year 2024-25 of approximately \$211.5 billion, inclusive of non-Proposition 98 expenditures of approximately \$128.9 billion and Proposition 98 expenditures of approximately \$82.6 billion. The 2024-25 State Budget projects total reserve balances of \$22.2 billion at the end of fiscal year 2024-25. This includes \$17.6 billion in the State Rainy Day Fund, \$3.5 billion in the SFEU, and \$1.1 billion in the Public School System Stabilization Account (the "Proposition 98 Rainy Day Fund"). In addition, the 2024-25 State Budget maintains approximately \$10.6 billion in the Reserve for Liquidation of Encumbrances. The 2024-25 State Budget includes total funding of \$133.8 billion for all K-12 education programs, including \$81.5 billion from the State's general fund and \$52.3 billion from other funds. The 2024-25 State Budget reflects

significant Proposition 98 funding that enables increased support for core programs such as the LCFF, special education, transitional kindergarten, nutrition, and preschool.

Certain budgeted programs and adjustments for K-12 education set forth in the 2024-25 State Budget include the following:

- Proposition 98 Minimum Guarantee. The 2024-25 State Budget suspends the Proposition 98 minimum guarantee in fiscal year 2023-24 and projects the Proposition 98 minimum guarantee to be in Test 1 in fiscal year 2024-25. In Test 1 years, the Proposition 98 minimum guarantee is equal to the percentage of State general fund appropriated for K-14 schools in fiscal year 1986-87. Suspending the Proposition 98 minimum guarantee is projected to create a maintenance factor obligation of approximately \$8.3 billion in fiscal year 2023-24 and is projected to result in a \$4.1 billion maintenance factor payment in fiscal year 2024-25, which will be paid in addition to the Proposition 98 minimum guarantee level in fiscal year 2024-25. The 2024-25 State Budget reflects Proposition 98 funding levels of \$103.7 billion in fiscal year 2022-23, \$98.5 billion in fiscal year 2023-24, and \$115.3 billion in fiscal year 2024-25. Such funding represents approximately 39.2% of the State's general fund revenues, plus local property tax revenues and a \$4.1 billion maintenance factor payment. To accommodate enrollment increases related to the expansion of transitional kindergarten, the 2024-25 State Budget increased the funding level from approximately 38.6% to approximately 39.2% to increase the percentage of State general fund revenues obligated to the Proposition 98 minimum guarantee.
- Proposition 98 Rainy Day Fund. The 2024-25 State Budget includes a withdrawal of the entire \$8.4 billion balance in the Proposition 98 Rainy Day Fund in fiscal year 2023-24 and a discretionary payment of approximately \$1.1 billion in fiscal year 2024-25, leaving a projected balance of \$1.1 billion at the end of fiscal year 2024-25. Because there is no ending balance at the end of fiscal year 2023-24 and a balance of \$1.1 billion at the end of fiscal year 2024-25, school district reserve caps would not be triggered in fiscal year 2024-25 and are not projected to be triggered in fiscal year 2025-26. See “ – School District Reserves” and “CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS – Proposition 2 – SB 751.”
- Local Control Funding Formula. The 2024-25 State Budget includes an LCFF cost-of-living adjustment of 1.07%. The cost-of-living adjustment, when combined with population growth adjustments, increases discretionary funding for local agencies by approximately \$983.0 million. To fully fund the LCFF, the 2024-25 State Budget withdraws approximately \$5.3 billion from the Proposition 98 Rainy Day Fund to support LCFF costs in fiscal year 2023-24, and uses available reappropriation and reversion funding of \$253.9 million to support ongoing LCFF costs in fiscal year 2024-25.
- Deferrals. The 2024-25 State Budget reflects LCFF apportionment deferrals from fiscal year 2023-24 to fiscal year 2024-25 of approximately \$3.6 billion and from fiscal year 2024-25 to fiscal year 2025-26 of approximately \$246.0 million. Additionally, the 2024-25 State Budget reflects approximately \$2.3 billion in categorical program deferrals from fiscal year 2022-23 to fiscal year 2023-24, with the deferred categorical amount being repaid using Proposition 98 Rainy Day Fund resources.
- Learning Recovery Emergency Block Grant. The 2024-25 State Budget focuses the use of allocated but unexpended Learning Recovery Emergency Block Grant funds on actions to address the needs of students most impacted by learning loss, based on an assessment of needs, and incorporates the use of these funds into the existing Local Control and Accountability Plan development process.

- Employee Protections. To ensure stable employment for school staff, the 2024-25 State Budget includes a suspension of the August 15, 2024, layoff window for certificated and classified staff.
- Instructional Continuity and Attendance Program. The 2024-25 State Budget includes statutory changes to allow local educational agencies to provide attendance recovery opportunities to students to make up lost instructional time, thereby offsetting student absences, and mitigating learning loss, as well as related fiscal impacts to local educational agencies. Beginning in fiscal year 2024-25, the 2024-25 State Budget allows local educational agencies to add up to 10 days of attendance recovery time per pupil to the attendance data submitted to the California Department of Education for funding purposes. Beginning July 1, 2025, the 2024-25 State Budget requires local educational agencies to include an instructional continuity plan in their School Safety Plan as a component of their emergency funding application. The plan must include procedures for student engagement within 5 days of an emergency and a plan to provide hybrid or remote learning opportunities to students within 10 instructional days. The 2024-25 State Budget also includes a \$4.0 million in one-time Proposition 98 general fund resources to research existing, and develop new models of hybrid and remote learning to support students' attendance, including developing and disseminating guidance and resources for local educational agencies to develop their own hybrid and remote learning programs to enable instructional continuity.
- Teacher Professional Development and Preparation. To expand the State's educator training infrastructure, the 2024-25 State Budget (a) provides \$25.0 million of one-time Proposition 98 general fund resources to support necessary costs, including training for educators to administer literacy screenings to meet the requirement to screen students in kindergarten through second grade for risk of reading difficulties, including dyslexia, by the 2025-26 school year; and (b) provides \$20.0 million in one-time Proposition 98 general fund resources for a county office of education to work with the University of California Subject Matter Projects, as well as other well-qualified governmental or non-profit providers, to develop and provide training aligned with the new California Mathematics Framework for mathematics coaches and leaders who in turn can provide training and support to mathematics teachers to deliver high-quality instruction.
- State Preschool Program. The 2024-25 State Budget provides approximately \$53.7 billion of State general fund resources to support reimbursement rate increases previously supported by available one-time federal stimulus funding. The 2024-25 State Budget reflects one-time savings of \$190.7 million general fund and \$522.3 million Proposition 98 general fund. The 2024-25 State Budget authorized State Preschool Program providers to serve two-year-old children, in addition to three and four-year old children, until June 30, 2027. The 2024-25 State Budget maintains that the State Preschool Program continue to require providers to reserve 5% of funded enrollment for children with disabilities. However, the 2024-25 State Budget suspends provisions to increase this requirement to 7.5% in fiscal year 2025-26 and 10% in fiscal year 2026-27.
- Transitional Kindergarten. The 2024-25 State Budget provides approximately \$988.7 million in Proposition 98 general fund resources for the 2023-24 school year to support the second year of expanded eligibility for transitional kindergarten to all children turning five-years-old between September 2 and April 2. The 2024-25 State Budget also provides approximately \$390.2 million in Proposition 98 general fund resources to support the second year of adding one additional certificated or classified staff person in each transitional kindergarten classroom. Additionally, the 2024-25 State Budget provides approximately \$1.5 billion in ongoing Proposition 98 general fund resources beginning in fiscal year 2024-25 to support the third year of expanded eligibility for transitional kindergarten to all children turning five-years-old between September 2 and June 2. The 2024-25 State Budget also provides approximately \$515.5 million in ongoing Proposition 98

general fund resources to support the third year of adding one additional certificated or classified staff person in each transitional kindergarten classroom.

The 2024-25 State Budget solution-oriented measures that directly impact funding for school districts, including forgoing planned investments of (a) \$875.0 million to support the School Facility Program, (b) \$550.0 million support to the State Preschool, Transitional Kindergarten And Full-Day Kindergarten Facilities Grant Program, and (c) \$500.0 million one-time Proposition 98 general fund investment in zero-emission school buses.

Additional budgeted programs and adjustments for K-12 education set forth in the 2024-25 State Budget include the following:

- Arts and Music in Schools. The 2024-25 State Budget provides approximately \$907.1 million to support arts and music in schools.
- Nutrition. The 2024-25 State Budget provides an additional \$179.4 million in ongoing Proposition 98 general fund resources and an additional \$120.8 million one-time Proposition 98 general fund resources to fully fund the universal school meals program in fiscal years 2023-24 and 2024-25. This is in addition to the \$1.6 billion base funding for such program.

The complete 2024-25 State Budget is available from the California Department of Finance website at www.dof.ca.gov or www.ebudget.ca.gov. The District can take no responsibility for the continued accuracy of these internet addresses or for the accuracy, completeness or timeliness of information posted therein, and such information is not incorporated herein by such reference.

LAO Analysis of the 2024-25 State Budget. The Legislative Analyst’s Office (the “LAO”), a nonpartisan State office which provides fiscal and policy information and advice to the State legislature, released its report on the 2024-25 State Budget entitled “The 2024-25 Budget: Overview of the Spending Plan” on September 6, 2024 (the “2024-25 State Budget Analysis”). In the 2024-25 State Budget Analysis, the LAO assesses the budget problem that was addressed in the 2024-25 State Budget and analyzes the major proposals for K-12 education.

The LAO estimates that the State addressed a budget shortfall of \$55.0 billion, which is larger than the budget shortfall of \$47.0 billion cited in the 2024-25 State Budget. The main driver for the \$8.0 billion difference is the difference in treatment of assumptions about baseline spending for schools and community colleges.

The LAO notes that the 2024-25 State Budget uses various maneuvers to address the budget shortfall, including reserve withdrawals, spending reductions, revenue increases, and cost shifts. The LAO indicates that spending-related adjustments (including school spending) were the largest component of the budget package, accounting for \$39.0 billion and approximately 70% of the total solutions. The LAO also shows that reserve withdrawals were the second largest component, totaling \$6.0 billion from the State Rainy Day Fund and the Safety Net Reserve. The report further details that cost shifts and revenue-related solutions were smaller components, amounting to \$2.0 billion and \$8.0 billion, respectively. The LAO estimates \$16.0 billion in one time or temporary spending solutions (excluding school spending) and \$4.0 billion in ongoing reductions, which grow to approximately \$6 billion over time.

The LAO notes that the budget emergency proclamation by the Governor on June 26, 2024 allowed the 2024-25 State Budget to withdraw approximately \$5.0 billion from the State Rainy Day Fund. The 2024-25 State Budget also includes a withdrawal of the \$900.0 million balance from the Safety Net Reserve.

The LAO estimates that, pursuant to the 2024-25 State Budget, the State would end the 2024-25 fiscal year with \$21.1 billion in General Fund reserves, including \$17.6 billion in the State Rainy Day Fund and \$3.5 billion in the SFEU. The LAO also estimates that the State would have room under the State appropriations limit in fiscal years 2022-23 through 2024-25. The LAO projects that revenues from the major tax sources would grow from fiscal year 2023-24 to fiscal year 2024-25, but not enough to offset the revenue shortfalls in the prior and current fiscal years.

The LAO explains that the 2024-25 State Budget includes \$12.7 billion in reductions to Proposition 98 funding for schools and community colleges over fiscal years 2022-23 through 2024-25. This includes a reduction to the Proposition 98 funding by \$2.6 billion for fiscal year 2022-23. For fiscal year 2023-24, the 2024-25 State Budget invokes a provision allowing the State to suspend the minimum requirement and reduces the amount of Proposition 98 funding by \$8.3 billion. The LAO states that these reductions lower the Proposition 98 requirement on an ongoing basis but create an obligation to increase funding more rapidly in the future. Additionally, the 2024-25 State Budget introduces a new type of fiscal maneuver that accrues \$6.2 billion in previous school and community college payments to future fiscal years. Specifically, the State will not recognize these payments as a cost to the State general fund in the year it provided them *i.e.*, fiscal year 2022-23. The maneuver does not delay or reduce any payments to schools or community colleges, nor does it reduce the Proposition 98 funding requirement in future fiscal years.

The LAO notes that the 2024-25 State Budget contains reserve withdrawals from the Proposition 98 Rainy Day Fund to mitigate the funding reductions to schools in fiscal year 2023-24. Additionally, the LAO estimates cost savings because the COVID-19 attendance policies preserving attendance numbers to pre-pandemic levels are being phased out. The LAO describes other minor savings for schools and community colleges from (1) deferring payments from fiscal year 2024-25 to fiscal year 2025-26, (2) reducing funding for the State Preschool program that is expected to go unused, and (3) repurposing certain unspent appropriations from previous years. The payment deferral involved deferring \$487.0 million in payments from fiscal year 2024-25 to fiscal year 2025-26 by delaying a portion of payment to school districts from June 2025 to July 2025. The LAO notes that school districts may be exempt from this deferral if they can show the delay would cause fiscal insolvency. The purpose of the deferral is to reduce spending in fiscal year 2024-25 to the minimum level required by Proposition 98.

The LAO indicates that after accounting for these actions, the State has \$1.5 billion available to augment school and community college programs. The LAO highlights that the budget allocates \$1.0 billion of this amount to cover a 1.07 percent cost-of-living adjustment for existing programs. For schools, the 2024-25 State Budget also provides an increase of \$300.0 million to cover cost increases of universal school meals. For community colleges, the 2024-25 Budget also provides \$75.0 million to cover increased costs.

The 2024-25 State Budget Analysis is available on the LAO website at www.lao.ca.gov. The District can take no responsibility for the continued accuracy of this internet address or for the accuracy, completeness or timeliness of information posted therein, and such information is not incorporated herein by such reference.

Governor's Fiscal Year 2025-26 State Budget Proposal

On January 10, 2025, the Governor released his proposed State budget for fiscal year 2025-26 (the "2025-26 Proposed State Budget"). The 2025-26 Proposed State Budget reflects the Governor's projection that the fiscal year 2025-26 Budget will be roughly balanced, and will represent a return to historical norms following a period of revenue volatility and a federal tax filing delay that contributed to significant State budget shortfalls over the past two fiscal years. The 2025-26 Proposed State Budget projects \$217.9 billion in 2025-26 General Fund revenues.

Regarding the State’s reserves and fund balances, the 2025-26 Proposed State Budget contemplates the continuation of a two-year drawdown of the State’s Budget Stabilization account that began in the 2024-25 State Budget (with a withdrawal of \$5.1 billion in 2024-25 and a projected withdrawal \$7.1 billion projected in 2025-26). The balance of the Budget Stabilization account is projected to be \$10.9 billion following the projected 2025-26 drawdown. The 2025-26 Proposed State Budget includes \$376 million contribution to fund the Public School System Stabilization Account.

The stronger-than-anticipated performance of the economy, stock market, and cash receipts, combined with an improved economic outlook, have all contributed to the upgraded revenue forecast. While the 2025-26 Proposed State Budget does not forecast a recession, it recognizes several risk factors that could negatively affect the economy and state revenues, including stock market and asset price volatility and declines—particularly those affecting high-income earners—as well as geopolitical instability. Additional risks come from stated policy changes by the incoming federal administration that could negatively impact the State’s economy—especially in the areas of international trade and immigration, as well as in health care. The 2025-26 Proposed State Budget does not include any adjustments to account for the damage caused by the Los Angeles-area fires, which is expected to be significant.

The Legislative Analyst’s Office’s analysis of the 2025-26 Proposed State Budget identifies three categories of discretionary proposals (those that are not already committed to under current law or policy): (1) proposals provide short-term budget savings that create more budget capacity which the LAO projects to generate a total of \$2.2 billion General Fund savings within the budget window, (2) new discretionary spending proposals that use budget capacity by increasing spending or reducing revenues which the LAO projects to increase General Fund expenditures within the budget window by \$700 million, and (3) increases to the State’s discretionary reserves.

Discretionary savings proposals identified by Legislative Analyst’s Office’s Analysis include:

- **\$1.6 Billion Reduction in School and Community College Settle-Up Obligations.** The 2025-26 Proposed State Budget proposes providing \$1.6 billion less in total funding for schools and community colleges than the estimated constitutional minimum funding level for 2024-25. This provides one-time General Fund savings in that year, but also creates a “settle-up” obligation, which will need to be paid in a future year if revenues for 2024-25 were to remain unchanged. If revenues for 2024-25 come in below current projections, this obligation would also decline—potentially to zero. While the administration indicates it will provide this payment in the future—after the final calculation of the minimum funding requirement—it also has not scored this future obligation in its multiyear budget.
- **Increases Revenue by Around \$300 Million.** The 2025-26 Proposed State Budget changes the rules about how taxable profits are determined for financial institutions. This change would increase revenues on an ongoing basis by around \$300 million per year.
- **Shifts Nearly \$300 Million in General Fund Spending to Proposition 4 (2024) Climate Bond.** The 2025-26 Proposed State Budget reduces and reverts significant General Fund appropriations for a variety of climate- and environmental-related activities totaling \$273 million, achieving General Fund savings. These include funds for water recycling, wildfire prevention activities at state parks, and dam safety activities. The proposal would then provide a like amount of funding from Proposition 4, the climate bond approved by voters in November 2024. This would result in maintaining prior funding levels for these activities but would preclude this amount of Proposition 4 funds from supporting expanded service levels or additional projects.

New spending proposals identified by Legislative Analyst’s Office’s Analysis include:

- **New Spending Proposals of Nearly \$600 Million.** The 2025-26 Proposed State Budget includes \$570 million in new discretionary General Fund spending. After 2025-26, these proposals would add about \$300 million in ongoing spending. Some of the largest spending augmentations proposed include: (1) \$60 million to provide additional grants under the Cal Competes program; (2) the intent to partially restore an ongoing reduction to the trial courts, which, if enacted, would cost \$42 million ongoing; and (3) a proposed expansion to College Corps, which would cost \$5 million in 2025-26, but grow to \$84 million ongoing.
- **New Tax Expenditures of \$150 Million.** The 2025-26 Proposed State Budget includes revenue proposals, which would expand existing tax expenditures and create new ones. These include increasing the existing film tax credit from \$330 million to \$750 million per year and excluding some military retirement income from taxation. Taken together, these proposals would reduce revenues by around \$150 million in 2025-26, reaching \$300 million by 2028-29.

Adjustments to the State's discretionary reserves identified by Legislative Analyst's Office's Analysis include an increase of approximately \$500 million to the State's Special Fund for Economic Uncertainties (SFEU). The SFEU is a general-purpose reserve used to provide capacity for unanticipated expenditures, including state costs associated with disasters and other emergencies. The state constitution has a balanced budget requirement, which means the balance of the SFEU must be set above zero for the upcoming fiscal year. Any level above zero is up to the discretion of the Legislature. Recent budgets have set the SFEU between \$3.5 billion and \$4 billion. The 2025-26 Proposed State Budget sets a \$4.5 billion SFEU balance for the end of 2025-26.

K-12 Education Spending. The 2025-26 Proposed State Budget reduces total funding for all K-12 education programs by \$300 million compared to 2024-25 State Budget funding levels, with total expenditures of \$118.9 billion, including \$83.1 billion from the State general fund and \$35.8 billion from other sources. The 2025-26 Proposed State Budget includes a roughly \$376 million discretionary payment into the Proposition 98 Rainy Day Fund in fiscal year 2025-26 to bring the fund balance to approximately \$1.5 billion.

Significant features of the 2025-26 Proposed State Budget relating to K-12 and higher education funding identified by the Legislative Analyst's Office include the following:

- **Funding for Schools and Community Colleges Up \$7.1 Billion Across the Budget Window.** The 2025-26 Proposed State Budget projects that the constitutional minimum funding level for schools and community colleges is up \$7.1 billion. Of this increase, \$3.9 billion is attributable to 2024-25 and \$3.2 billion is attributable to 2025-26. (Spending is unchanged in 2023-24.) The increase is due primarily to higher General Fund revenue estimates. In addition, approximately \$4 billion in one-time spending expires in 2025-26, freeing-up the underlying funding for other school and community college purposes.
- **Funds Some Ongoing Increases.** The 2025-26 Proposed State Budget provides approximately \$2.5 billion to fund a 2.43% statutory cost-of-living adjustment (COLA) for existing school and community college programs. The 2025-26 Proposed State Budget also sets aside \$1.1 billion to complete the expansion of transitional kindergarten in 2025-26. The 2025-26 Proposed State Budget also provides \$746 million to reduce student-to-adult ratios in transitional kindergarten classrooms from 12:1 to 10:1. The 2025-26 Proposed State Budget provides a \$435 million increase for the Expanded Learning Opportunities Program to increase the number of school districts that must offer enrichment programs (such as after school activities and summer school) to all of their students. The 2025-26 Proposed State Budget also includes \$30 million to support 0.5 percent systemwide community college enrollment growth.

- Allocates One-Time Funds for Discretionary Grants, Staffing Enhancements, and Technology Activities. The largest education-related one-time proposal in the 2025-26 Proposed State Budget is to provide \$1.8 billion for schools through a new discretionary block grant that could be used to fund new activities or cover costs of existing programs. The 2025-26 Proposed State Budget also includes \$500 million to fund literacy and mathematics coaches at high-poverty schools that would expand upon a program the state funded in previous budgets. In addition, the 2025-26 Proposed State Budget includes a series of initiatives intended to advance teacher training and recruitment efforts at schools and implement a common technology platform across the community college system.
- Delays \$1.6 Billion Payment in 2024-25 Pending Revised Revenue Data. As described above, under the 2025-26 Proposed State Budget, total funding for schools and community colleges in 2024-25 would be \$1.6 billion less than the administration's estimate of the constitutional minimum funding level that year. The administration indicates it will provide this payment in the future after finalizing the calculation of the minimum requirement. If State revenues come in below the levels estimated in the 2025-26 Proposed State Budget, the constitutional funding requirement also would decrease.

The State has not entered into any contractual commitment with the District, the County, the Underwriters nor the Owners of the Bonds to provide State budget information to the District or the Owners of the Bonds. Although they believe the State sources of information listed herein are reliable, none of the District, the Municipal Advisor or the Underwriters assumes any responsibility for the accuracy of the State budget information set forth or referred to herein or incorporated by reference herein.

Future Budgets and Budgetary Actions. The District cannot predict what future actions will be taken by the State legislature and the Governor to address changing State revenues and expenditures or the impact such actions will have on State revenues available in the current or future years for education. The State budget will be affected by national and State economic conditions and other factors beyond the District's ability to predict or control. Certain actions could result in a significant shortfall of revenue and cash and could impair the State's ability to fund schools during the current fiscal year and in future fiscal years. Certain factors, like an economic recession, could result in State budget shortfalls in any fiscal year and could have a material adverse financial impact on the District. As the Bonds are payable from *ad valorem* property taxes, the 2024-25 State Budget is not expected to have a material impact on the payment of the Bonds.

Additional Information. Information about the State budget and State spending for education is regularly available at various State-maintained websites. Text of the State budget may be found at the website of the Department of Finance, www.dof.ca.gov, under the heading "California Budget." Various analyses of the budget may be found at the website of the LAO at www.lao.ca.gov. In addition, various State official statements, many of which contain a summary of the current and past State budgets and the impact of those budgets on school districts in the State, may be found via the website of the State Treasurer, www.treasurer.ca.gov. The information presented in these websites is not incorporated by reference in this Official Statement.

State Funding of Schools Without a State Budget

Although the State Constitution requires that the State Legislature adopt a budget for the State by June 15 of the prior fiscal year and that the Governor sign a budget by June 30, this deadline has been missed from time to time. Delays in the adoption of a Budget Act in any fiscal year could impact the receipt of State funding by the District. On May 29, 2002, the California Court of Appeal for the Second District decided the case of *Howard Jarvis Taxpayers Association, et al. v. Kathleen Connell* (as Controller of the

State of California), et al. (also referred to as *White v. Davis*) (“Connell”). The California Court of Appeal concluded that, absent an emergency appropriation, the State Controller may authorize the payment of State funds during a budget impasse only when payment is either (i) authorized by a “continuing appropriation” enacted by the State Legislature, (ii) authorized by a self-executing provision of the State Constitution, or (iii) mandated by federal law. The Court of Appeal specifically concluded that the provisions of Article XVI, Section 8 of the State Constitution—the provision establishing minimum funding of K-14 education enacted as part of Proposition 98—did not constitute a self-executing authorization to disburse funds, stating that such provisions merely provide formulas for determining the minimum funding to be appropriated every budget year but do not appropriate funds. Nevertheless, the State Controller has concluded that the provisions of the State Education Code establishing K-12 and county office of education revenue limit funding (the predecessor to the LCFF) do constitute continuing appropriations enacted by the State Legislature and, therefore, has indicated that State payments of such amounts would continue during a budget impasse. The State Controller, however, has concluded that K-12 categorical programs are not authorized pursuant to a continuing appropriation enacted by the State Legislature and, therefore, cannot be paid during a budget impasse. To the extent the Connell decision applies to State payments reflected in the District’s budget, the requirement that there be either a final budget bill or an emergency appropriation may result in the delay of some payments to the District while such required legislative action is delayed, unless the payments are self-executing authorizations, continuing appropriations or are subject to a federal mandate. The District, however, does not expect any delays in payments from the State to adversely affect its ability to pay the principal of and interest on the Bonds described in the forepart of this Official Statement, which are payable from voter-approved *ad valorem* property taxes.

Local Control Funding Formula

General. Funding for school districts, charter schools and county offices of education in connection with the LCFF includes State apportionments for general operating costs (“State Aid”) and funding for categorical programs. During fiscal year 2023-24, approximately 60.04% of the District’s General Fund revenues were pursuant to the LCFF. At the time of preparation of the 2024-25 Second Interim Report, the District projected that approximately 68.40% of the District’s fiscal year 2024-25 General Fund revenues will consist of funds determined under the LCFF. For fiscal years 2020-21 through 2023-24, LCFF revenues comprised a lower percentage of the District’s total General Fund revenues as a result of increases in one-time federal funding for COVID-19 relief. The following Table A-2 sets forth the percentage of the District’s General Fund revenues that are derived from revenues under the LCFF, federal revenues, other State revenues and other local revenues for fiscal years 2020-21 through 2024-25.

TABLE A-2

⁽³⁾ Projected. For more information regarding State funding during fiscal year 2024-25, see “– State Budget Act – 2024-25 State Budget” and “DISTRICT FINANCIAL INFORMATION – District Budget.”

Sources: Audited Annual Financial Report for fiscal years 2020-21 through 2023-24; and 2024-25 Second Interim Report.

The LCFF allocates State funding based on a school district's demographics. Each school district receives a base grant (the "Base Grant") per ADA in an amount determined by the State. The Governor's State budget for fiscal year 2022-23 revised the LCFF calculation beginning with fiscal year 2022-23 to consider the greater of a school district's current fiscal year, prior fiscal year, or the average of three prior fiscal years' ADA. See "DISTRICT GENERAL INFORMATION – Enrollment and Average Daily Attendance." Pursuant to the LCFF, each local education agency ("LEA") is required to, among other things, show progress toward an average class enrollment of no more than 24 pupils in kindergarten through grade 3, unless the LEA has entered into a collective bargaining agreement specifying an annual alternative average class enrollment in those grades for each school. Accordingly, the LCFF includes an adjustment to the Base Grant for kindergarten through grade 3 (the "K-3 Grade Span Adjustment") of approximately 10.4% in order to cover the costs associated with class size reduction. In addition, the LCFF includes an adjustment to the Base Grant for grades 9 through 12 of approximately 2.6% to cover the costs of, among other things, providing career technical education.

Based on the ADA of the given demographic classification, school districts are eligible to receive a 20% supplemental grant (the "Supplemental Grant") for students classified as English learners ("EL"), students eligible to receive a free or reduced-price meal ("FRPM"), and students classified as foster youth ("LI"). The State expects the Supplemental Grants to reflect the additional costs associated with the education of EL, FRPM and LI students. In addition, school districts are eligible to receive a concentration grant (the "Concentration Grant") if the school district has a significant concentration of students classified as EL, FRPM or LI (collectively, "Unduplicated Pupils"). The LCFF uses an unduplicated student count to determine the amount of the Supplemental Grant and Concentration Grant authorized for a school district. A school district may only count a student one time if such student is classified in more than one of the EL, FRPM and LI categories. In the event the percentage of Unduplicated Pupils exceeds 55% of a school district's total enrollment, the LCFF provides additional funding to the school district through a Concentration Grant. The Concentration Grant will be an amount equal to an additional 65% of the school district's adjusted Base Grant, which includes the cost of living adjustment and grade span adjustments, if any, for each Unduplicated Pupil above the 55% threshold.

Starting with the 2023-24 fiscal year, an additional Equity Multiplier was added for LEAs who qualify by having both (1) a prior year nonstability rate of greater than 25% and (2) a prior year socioeconomically disadvantaged pupil rate of greater than 70%. The nonstability rate refers to the percentage of students who do not complete the year due to factors like expulsion or other reason without stable subsequent enrollment at another school. The socioeconomically disadvantaged pupil rate refers to the percentage of students who (i) do not have a parent with a high school diploma, (ii) are eligible for free or reduced-price meals, (iii) are migratory, (iv) are homeless youth, (v) are foster youth or (vi) are enrolled in a county juvenile court school. Every year, the state will allocate \$300 million to the qualifying LEAs on a per-unit basis based on the LEA's prior year adjusted cumulative enrollment, but each qualifying school will receive at least \$50,000. The Equity Multiplier revenue must be used for evidence-based services and support for pupils.

The Base Grants are based on four uniform, grade-span base rates. For fiscal year 2024-25, the LCFF provided to school districts and charter schools: (a) a Base Grant for each LEA equivalent to \$11,068 per ADA for transitional kindergarten/kindergarten through grade 3 (including the grade span adjustment); (b) a Base Grant for each LEA equivalent to \$10,177 per ADA for grades 4 through 6; (c) a Base Grant for each LEA equivalent to \$10,478 per ADA for grades 7 and 8; (d) a Base Grant for each LEA equivalent to \$12,460 per ADA for grades 9 through 12 (including the grade span adjustment). The Base Grant amount for fiscal year 2024-25 includes a COLA of 1.07%. The amount of actual funding allocated to the Base Grant, Supplemental Grants and Concentration Grants is subject to the discretion of the State.

Since the full implementation of the LCFF in fiscal year 2018-19, there is no longer a gap between a school district's prior year funding and the target amount of funding under the LCFF for the current year. Further, there is no longer a difference between the District's target entitlement under the LCFF – the amount available once the LCFF is fully funded – and the District's transition entitlement. In fiscal year 2018-19, the District reached its target entitlement for the District and the Affiliated Charter Schools, such that there is no transition entitlement for the District and the Affiliated Charter Schools. Accordingly, the District's historically significant increases in LCFF funding from year to year are not reflective of the District's current and expected LCFF funding since the LCFF is fully funded.

The difference between the amount a school district or charter school would have received under the old funding system and the estimated amount it would receive for LCFF funding at full implementation, based on certain criteria is referred to as the "Economic Recovery Target." Only school districts and charter schools that were at, or below, the 90th percentile of per-pupil funding rates of school districts under the pre-fiscal year 2013-14 funding system, as determined at the certification of the State's second principal apportionment in fiscal year 2013-14, are eligible for Economic Recovery Target payments. Based on this criteria, the District is not entitled to receive Economic Recovery Target funding. Certain of the District's Affiliated Charter Schools, however, are entitled to the Economic Recovery Target funding and received \$990,310, collectively, in fiscal year 2023-24, and budget to receive approximately the same amount, collectively, in fiscal year 2024-25.

The District has the largest ADA in the State. See "DISTRICT GENERAL INFORMATION – Enrollment and Average Daily Attendance" herein. In addition, the District's ADA includes a significant number of students classified as Unduplicated Pupils. Accordingly, the District expects to receive more LCFF funding than other school districts in the State. The 2024-25 Second Interim Report projects that approximately 85.72% of students attending non-charter schools of the District will be classified as Unduplicated Pupils under the LCFF during fiscal year 2024-25. The percentage of students classified as Unduplicated Pupils is based on a three-year rolling average. The District's calculation of ADA with respect to Unduplicated Pupils, which is used to determine Supplemental and Concentration Grant revenues, is subject to adjustment upon review thereof by the District's independent auditor.

The following Table A-3 sets forth the District's Base Grant per ADA with grade span adjustments for fiscal years 2015-16 through 2024-25 under the LCFF.

TABLE A-3
LOS ANGELES UNIFIED SCHOOL DISTRICT
Adjusted Base Grant Per Average Daily Attendance
Fiscal Years 2015-16 through 2024-25

<u>Fiscal Year</u>	<u>Grades TK/K-3</u>	<u>Grades 4-6</u>	<u>Grades 7-8</u>	<u>Grades 9-12</u>
2015-16	\$ 7,820	\$ 7,189	\$ 7,403	\$ 8,801
2016-17	7,820	7,189	7,403	8,801

⁽¹⁾ LCFF was fully funded in fiscal year 2018-19.

Sources: California Department of Education.

Local Control and Accountability Plan. Pursuant to the LCFF, since July 1, 2014, school districts, county offices of education and charter schools have been required to develop, adopt and annually update a three-year LCAP. The LCAP is required to identify goals and measure progress for student subgroups across multiple performance indicators. The Education Code requires each school district to file with the county superintendent of schools such school district's LCAP or annual update thereof not later than five days after its adoption. On or before August 15 of each year, the county superintendent of schools may seek clarification, in writing, from the governing board of such school district about the contents of the LCAP. The school district has the opportunity to respond to such request and the county superintendent is authorized to submit recommendations for amendments to the LCAP. On or before October 8 of each year, the county superintendent of schools is required to approve each school district's LCAP pending a determination that the school district has adhered to the template adopted by the State Board of Education, the school district's budget includes expenditures sufficient to implement the specific actions and strategies included in the LCAP based on projected costs, and the school district has adhered to the Education Code with respect to funds apportioned for Unduplicated Pupils.

The State's priorities for each LCAP include, among other things, compliance with requirements with respect to appropriateness of teacher assignments, ensuring that teachers are fully credentialed in the subject areas and for the pupils they are teaching, and ensuring that every pupil in the school district has sufficient access to the standards-aligned instructional materials as determined in accordance with the Education Code. In addition, school facilities are to be maintained in good repair. The State requires proper implementation of the academic content and performance standards adopted by the State Board of Education and will measure parental involvement (e.g., efforts to seek input from parents or guardians regarding decisions for the district and the school site), pupil achievement (e.g. performance on Statewide assessments, the academic performance index, readiness for college or career technical education, progress towards English proficiency, performance on advance placement examinations), pupil engagement (e.g., school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout and graduation rates, pupil suspension and expulsion rates, etc.), access and enrollment in a broad course of study including the core subject areas and programs and services developed and provided to Unduplicated Pupils, and pupil outcomes in the subject areas comprising a broad course of study.

In November 2014, the State Board of Education adopted final regulations to govern the expenditure of the Supplemental Grant and Concentration Grant funding. These regulations require school districts, county offices of education, and charter schools to increase and improve services for Unduplicated Pupils and provide authority for school districts to spend funds school-wide when significant populations of Unduplicated Pupils attend a school. Pursuant to the regulations, LEAs are required to obtain input from parents of students and the general public in connection with the development, revision and updates of LCAPs. In addition, the regulations require County superintendents to review school district LCAPs and require county offices of education to provide technical assistance if they disapprove an LCAP. The Education Code grants the State Superintendent of Public Instruction authority to intervene if a school district or charter school fails to show improvement across multiple subgroups in three out of four consecutive years.

Risks Affecting School District Revenue. Many school districts in the State are funded based on the LCFF, which allocates a Base Grant per unit of ADA with additional supplemental funding in the form of Supplemental Grants and Concentration Grants based on certain factors. Thus, a temporary shutdown of a school or an entire school district or other event resulting in reduced enrollment or attendance would reduce the ADA of a school district and could impact the funding a school district receives. For example, events like the outbreak of a highly contagious disease or epidemic disease could harm a school district's financial results or result in a temporary shutdown of the school district's facilities. Such an event could also have impacts on the State's tax and other revenue receipts which may, in turn, impact educational

funding that school districts receive from the State. The outbreak of the respiratory disease caused by COVID-19 was declared a pandemic by the World Health Organization, a national emergency by former President Trump and a state of emergency by the Governor. While State and federal one-time COVID-19 relief funding provided some immediate relief to school districts, including the District, during the COVID-19 pandemic, the District cannot predict whether similar legislation providing State and federal one-time relief funding would be enacted in the future in the event the outbreak of COVID-19 were to increase in intensity or a similar or other outbreak of a highly contagious disease or epidemic disease or other event resulting in reduced enrollment or attendance were to occur in the future.

In January 2025, multiple fires broke out across areas of the County burning thousands of acres and damaging or destroying thousands of structures. The three largest of said fires are the Hughes Fire, Eaton Fire, and Palisades Fires. The Hughes Fire burned approximately 10,400 acres, although no information is available on the number of structures that have been damaged or destroyed. The Eaton Fire has burned approximately 14,000 acres and has damaged or destroyed at least 10,000 structures. The Palisades Fire has burned approximately 23,500 acres and has damaged or destroyed at least 7,000 structures. Properties damaged or destroyed in the Palisades Fire are included within the boundaries of the District and represent a small percentage of the assessed value in the District. As a result of the fires, schools in the District were closed for 3 days and approximately 2,400 students were displaced. Three school campuses within District boundaries, Marquez Elementary School, Palisades Elementary School, and Palisades High School/Palisades Charter High School (Palisades Charter High School is a Fiscally Independent Charter School), were significantly damaged by the fires and remain closed. The District estimates that the costs of rebuilding the three damaged campuses will be approximately \$600 million, and debris removal at the sites is nearly complete. The District expects to rebuild its damaged campuses, however, no assurances can be given that the District will rebuild any or all of its damaged facilities. The District is unable at this time to quantify the overall loss as a result of the fires.

The County Assessor's Office allows for the reassessment of properties that are damaged or destroyed as a result of misfortune or calamity, which includes wildfires. Property owners may submit an application for the reassessment of the property within 12 months of the damage or destruction. Any such reassessment is retroactive to the date of damage or destruction. The District is unable at this time to quantify the loss in assessed value as a result of any such reassessment. The California Legislative Analyst's Office currently estimates a reduction of assessed value in the County, including impacted areas located within and outside of the boundaries of the District, to be between \$10 and \$20 billion.

Additionally on January 16, 2025, the California Governor issued Executive Order 10-25 that (i) suspends until April 10, 2026, certain state tax laws that impose penalties, costs, and interest for late payment of property taxes due in calendar year 2025, and (ii) suspends certain additional state tax laws requiring the filing of various property tax statements. The orders apply to properties located in 9 zip codes that are included in the boundaries of the District. Additional executive orders have been issued to allow for a quicker redevelopment in fire-damaged areas. The District cannot predict the effect any executive orders will have on the timely collection of property taxes.

Charter School Funding

A charter school is a public school authorized by a school district, county office of education or the State Board of Education. State law requires that charter petitions be approved if they comply with the statutory criteria. The District has certain fiscal oversight and other responsibilities with respect to both Affiliated Charter Schools and Fiscally Independent Charter Schools located in the District geographic boundaries. Fiscally Independent Charter Schools, however, are separate LEAs and receive revenues directly from the State. Affiliated Charter Schools receive their funding from the District and are included in the District's budgets and audit reports. Information regarding enrollment, ADA, budgets and other

financial information relating to Fiscally Independent Charter Schools is not included in the District’s audit reports or in this Official Statement unless otherwise noted.

Pursuant to the LCFF, Fiscally Independent Charter Schools and Affiliated Charter Schools will receive a Base Grant per ADA and are eligible to receive Supplemental Grants, Concentration Grants and Equity Multiplier funds. See “– Local Control Funding Formula” herein. In fiscal year 2023-24, the District operated 51 Affiliated Charter Schools and oversaw 221 Fiscally Independent Charter Schools within the District boundaries. The fiscal year 2023-24 funded ADA of the Affiliated Charter Schools and the Fiscally Independent Charter Schools was 35,586 and 101,451 (unaudited), respectively. An increase in the number of Fiscally Independent Charter Schools within the boundaries of a school district or an increase in the number of students transferring to a Fiscally Independent Charter School or an Affiliated Charter School from a traditional school within a school district may cause a net reduction in the District’s ADA.

Limitations on School District Reserves

Unless a school district is granted an exemption by its county superintendent of schools, amounts in its reserves may not exceed the limitations set forth in the Education Code once certain conditions precedent are met. Pursuant to Section 42127.01 of the Education Code, in a fiscal year immediately after a fiscal year in which the amount of moneys in the Proposition 98 Rainy Day Fund is equal to or exceeds 3% of the combined total of State general fund revenues appropriated for school districts and allocated local proceeds of taxes for that fiscal year, a school district budget that is adopted or revised shall not contain a combined assigned or unassigned ending general fund balance that is in excess of 10% of total General Fund expenditures and other financing uses. A county superintendent of schools may grant a school district under its jurisdiction an exemption from the reserves limitation for up to two consecutive fiscal years within a three-year period if the school district provides documentation indicating that extraordinary fiscal circumstances, including, but not limited to, multiyear infrastructure or technology projects, substantiate the need for a combined assigned or unassigned ending general fund balance that is in excess of the reserves limitation. The limitation applies once the Superintendent of Public Instruction notifies school districts and county offices of education that the conditions precedent are met. The Superintendent of Public Instruction is also required to notify school districts and county offices of education when those conditions no longer exist.

The State-imposed minimum recommended reserve for the District is accounted for in the District’s reserve for economic uncertainties. Payments allocated to the Proposition 98 Rainy Day Fund by the State in fiscal years 2021-22 and 2022-23 triggered the limitations on school district reserves under the Education Code in fiscal years 2022-23 and 2023-24. The State’s economic and revenue outlook, however, has changed. Although the 2024-25 State Budget provides for a discretionary payment of approximately \$1.1 billion to the Proposition 98 Rainy Day Fund in fiscal year 2024-25, the 2024-25 State Budget also provides for a withdrawal of the entire \$8.4 billion balance in the Proposition 98 Rainy Day Fund in fiscal year 2023-24, leaving a projected balance of \$1.1 billion at the end of fiscal year 2024-25. Given 2024-25 State Budget provisions relating to the Proposition 98 Rainy Day Fund, school district reserve caps will not be triggered in fiscal year 2024-25 and are not projected to be triggered in fiscal year 2025-26. See “– State Budget Act.”

DISTRICT FINANCIAL INFORMATION

District Financial Policies and Related Practices

General. The District has three key financial policies: a budget and finance policy (the “Budget and Finance Policy”), a debt management policy (the “Debt Management Policy”) and an investment policy (the “Investment Policy”).

Budget and Finance Policy. The District has adopted a Budget and Finance Policy pursuant to which the District creates and funds reserves for operating purposes (collectively, the “Operating Reserves”) and liability management purposes. The Budget and Finance Policy reflects reserve categories promulgated by the Government Accounting Standards Board (“GASB”) and incorporates certain reserve categories established by the District. See “STATE FUNDING OF SCHOOL DISTRICTS – Limitations on School District Reserves” herein.

Operating Reserves. The District uses the Operating Reserves to manage its budget for each fiscal year. A portion of the District’s authorized appropriations are set aside in the Operating Reserves. The District generally appropriates amounts from the General Fund based on the amount estimated in its budget. The District may, however, appropriate funds from unspent balances within the Operating Reserves, if necessary. Accordingly, the District uses the Operating Reserves to ensure that appropriations reflect the District’s actual General Fund expenditures. The current Operating Reserves include nonspendable reserves, restricted reserves, committed reserves, assigned reserves, and unassigned reserves (generally described as fund balances), the latter of which includes the District’s reserve for economic uncertainties. Pursuant to the California Code of Regulations, school districts with an ADA of over 250,001 students, such as the District, must maintain a reserve for economic uncertainties of 1% of General Fund appropriations.

Pursuant to the Budget and Finance Policy, the District’s total General Fund balance may not be less than an amount equal to 5% of total General Fund expenditures and net transfers out during a fiscal year (the “5% Minimum Reserve Threshold”). In addition, the Budget and Finance Policy requires the projected General Fund balance to satisfy the 5% Minimum Reserve Threshold in each of the two subsequent fiscal years which the District includes in its interim financial reports. In the event that the District’s estimates indicate that the total General Fund balance will not satisfy the 5% Minimum Reserve Threshold in any of the current fiscal year or two subsequent fiscal years, the Budget and Finance Policy directs the District to develop and implement budget proposals to restore reserve balances to the 5% Minimum Reserve Threshold.

Based on the 2024-25 Second Interim Report, the District’s Operating Reserves are expected to satisfy both the 5% Minimum Reserve Threshold and the 1% statutory reserve requirement for fiscal years 2024-25, 2025-26 and 2026-27. Unlike the 5% Minimum Reserve Threshold, the 1% statutory reserve requirement is based on the unrestricted and unassigned ending fund balance (including the reserve for economic uncertainties) only and does not take into account the restricted, committed, or assigned ending fund balances. See “– District Budget – 2024-25 Second Interim Report” herein.

Liability Management. Pursuant to the Budget and Finance Policy, the District has established a health and welfare reserve (the “Health and Welfare Benefits Fund”), and an other-post-employment benefits (“OPEB”) trust (the “OPEB Trust Fund”). Annual appropriations are made to address other identified liabilities, such as pension, vacation, and retiree healthcare.

The District is in the process of transitioning certain liabilities and potential claims previously covered by District reserves and purchased lines of coverage to a captive insurance company, designed to mitigate financial risks, enhance control over the insurance processes, potentially reduce costs, and tailor coverage to meet the District’s specific needs. The Captive Insurer (as defined below) is a separate legal entity. See “Risk Management and Litigation – *Captive Insurance Program.*” The Captive Insurer will determine the reserves, liabilities, and insurance policy premiums charged to the District from actuarial information. The Captive Insurer is liable for losses and will record the liability on its books.

The liability for auto, general, and workers’ compensation, prior to July 1, 2024, was based upon information from an independent actuary. Effective July 1, 2024, coverage and reserves with respect to

automobile, general, sexual abuse and molestation, and workers' compensation liabilities was and is being transferred to the Captive Insurer, with required reserves, liabilities and insurance policy premiums determined by the Captive Insurer and charged to the District using actuarial information. See "Risk Management and Litigation – *Captive Insurance Program*." The District is currently evaluating the following lines of coverage to be provided by the Captive Insurer: boiler and machinery; crime and fiduciary; property; cyber security; and medical malpractice.

For certain current claims for sexual abuse and molestation pending settlement, funds have been set aside or transferred to the Captive Insurer. Remaining sources of funds to resolve claims for sexual abuse and molestation are expected to include limited insurance including through the Risk Management Authority (as defined herein), amounts provided and available to the Captive Insurer, and other legally available funds whether made payable as due or by payments spread over several years for a period commencing with the judgment or court's order approving a settlement with dismissal of the action. See "Risk Management and Litigation – Sexual Misconduct Cases" and "Future Financings – AB 218 and Similar Claims."

Prior to the establishment of the Captive Insurer, the District maintained a workers' compensation reserve (the "Workers' Compensation Fund") with the amount required to be on deposit therein established with information from an independent actuary at an amount necessary to fund its outstanding workers' compensation liability to the actuarially recommended level based on the central estimate approach and by additionally calculating the amount necessary for claims and operation of the Workers' Compensation Fund. See "– Risk Management and Litigation" herein. As used herein, the central estimate represents an expected value over the range of reasonably possible outcomes.

The Health and Welfare Benefits Fund is used to pay all health and welfare payments for active employees and retirees. The District determines funding of the Health and Welfare Benefits Fund based on the applicable health benefits agreement for each of the applicable years. See "– Employees and Labor Relations – Negotiations Regarding Labor Contracts" herein. As of June 30, 2024, the net position of the Health and Welfare Benefits Fund was in deficit at approximately \$(2.0) million. The deficit will be addressed by increasing the annual employee contribution rate for fiscal year 2024-25, from \$15,500 to \$18,400 per employee. The Fiscal Year 2024-25 Budget includes contributions of \$1.4 billion for the Health and Welfare Benefits Fund.

The District Board approved the creation of the OPEB Trust Fund in May 2014 as an irrevocable trust for its OPEB liability. The Budget and Finance Policy directs the District, subject to approval by the District Board, to make annual contributions to the OPEB Trust Fund when the balance in the General Fund exceeds the 5% Minimum Reserve Threshold to the extent possible. In the event that the unrestricted portion of the General Fund balance is above 5% of the unrestricted revenues (after the annual OPEB contribution has been determined), the Budget and Finance Policy directs the District to make an additional contribution to the OPEB Trust Fund. See "– Other Postemployment Benefits" herein. As of a June 30, 2024 measurement date, the net position of the OPEB Trust Fund was approximately \$820 million.

Budgeting Practices. Since Fiscal Year 2022-23 the District has updated and implemented new budgeting practices to improve timeliness, accuracy and transparency. In Fiscal Year 2024-25, the District named these collective actions as strategic budgeting. To support this effort, departments are now able to view daily updates of budget to actuals analysis for their respective departments, which facilitates effective and timely decision-making regarding opportunities for internal budget adjustments and/or reallocations that may be available for both labor and non-labor resources (this data is refreshed on a nightly basis). The District also implemented budget sweeps of positions that have been vacant for more than 180 days. In addition, to improve transparency of anticipated underspend in multi-year projections, the District refined its use of contras (i.e. underspend projections) in budgeting to better reflect actual expenditures for current

and future years. The district is also beta testing a budget transparency dashboard for public use to improve the communication of central office and school site budgetary information (to external audiences); the first phase is scheduled to go live July 1, 2025. In summary, the strategic budgeting process aims to align non-labor budgeting to need, eliminate aged vacancies, reassess budget needs with actual spend and enrollment trends, while improving transparency for both internal and external stakeholders.

Debt Management Policy. The Debt Management Policy establishes formal guidelines for the issuance and management of the District’s debt and other financial obligations. The Debt Management Policy establishes targets and ceilings for certificates of participation (“COPs”) and unhedged variable rate exposure and sets forth benchmark debt ratios that include both COPs and the District’s general obligation bonds. The Debt Management Policy also requires the District to annually publish a comprehensive debt report that, among other things, provides information on tax rates related to the District’s general obligation bonds and credit factors that reflect the District’s ratings.

The Debt Management Policy is required to be reviewed annually. The current Debt Management Policy was approved by the District Board on June 18, 2024. The District is in compliance with the Debt Management Policy. The Debt Management Policy establishes a ceiling of 2.0% for the ratio of COPs gross annual debt service to District General Fund expenditures. The District Board may increase the target at the time a new debt issuance is proposed, but such authority is not intended to exceed the ceiling established in the Debt Management Policy. As of January 1, 2025, the maximum fiscal year COPs debt service was approximately 0.45% of the District’s General Fund budgeted expenditures for Fiscal Year 2024-25. As of January 1, 2025, the District has outstanding COPs in the aggregate principal amount of approximately \$443.0 million, which includes the portion to be refunded by the Series B Bonds. (See “ – District Debt – Certificates of Participation” for more information.) The Debt Management Policy limits unhedged variable rate debt to \$100 million and requires reporting of the debt ratios and benchmarks. The District currently has a variable interest rate exposure of \$69.95 million. The variable rate debt is associated with the District’s 2024-25 Tax and Revenue Anticipation Notes which serve as an interim financing mechanism in connection with the District’s refinancing of claims arising from AB 218 and similar claims.

Investment Policy. The foremost objective of the District’s Investment Policy is safety. In addition, the Investment Policy directs the District to invest public funds in a manner that will maximize the investment return on all of its funds with maximum security while meeting the daily cash flow demands of each portfolio of the District and conforming to all federal, State, and local statutes governing the investment of public funds. Further, the Investment Policy directs that all investments of the District be undertaken to ensure the preservation of capital in the overall portfolio. To attain this objective, the District may diversify its investments by investing funds among a variety of securities offering independent returns. In addition, the Investment Policy requires the District’s investment portfolios remain sufficiently liquid to enable the District to meet its operating requirements and be structured to attain a maximum return commensurate with its investment risk constraints and the cash flow characteristics of each portfolio.

The District’s operating funds and all of the debt service funds maintained for repayment of general obligation bonds are deposited in the County Treasury Pool in accordance with State law and managed pursuant to the County’s Investment Policy, a copy of which can be found at <http://ttc.lacounty.gov/>. Such website is not incorporated herein by reference and the District, its counsel (including Bond Counsel and Disclosure Counsel), the Municipal Advisor, the Underwriters and their counsel do not make any representation as to the accuracy of the information provided therein. See APPENDIX F – “THE LOS ANGELES COUNTY TREASURY POOL.” With the concurrence of the County’s Treasurer and Tax Collector, however, the District may direct the investment of funds in certain of its operating funds and debt service funds so long as such direction complies with both the County’s investment policy and the District’s Investment Policy. In addition, the District can direct the investment of indentured funds held by

third party trustees with regard to certain issuances of COPs pursuant to a prescribed list of permitted investments.

Significant Accounting Policies, System of Accounts and Audited Financial Statements

The CDE imposes by law uniform financial reporting and budgeting requirements for K-12 school districts. Financial transactions are accounted for in accordance with the California School Accounting Manual. The District uses fund accounting and maintains governmental funds, proprietary funds and fiduciary funds. The General Fund is the chief operating fund of the District. For a description of the other major funds of the District, see the description thereof contained in APPENDIX B – “AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024.” Note 1 to such audited financial statements sets forth significant accounting policies that the District follows. Simpson & Simpson Certified Public Accountants (“Simpson”), Los Angeles, California, served as independent auditor to the District for its audited financial statements for fiscal year 2023-24. Simpson has not been requested to consent to the use or to the inclusion of its reports in this Official Statement, and it has not audited or reviewed this Official Statement. The District’s audited financial statements for the fiscal year ended June 30, 2024, are included as Appendix B to this Official Statement. The complete audited financial statements of the District, including the notes thereto, are an integral part of this Official Statement.

Typically, the District is required to file its audited financial statements for the preceding fiscal year with the State Controller’s Office, the CDE and the County Superintendent of Schools by December 15 of each year. During the last five years, the District timely filed its audited financial reports with the State Controller’s Office, the CDE, and LACOE pursuant to the Education Code and any applicable legislation amending the filing deadline thereof by the respective deadlines therefor.

The audited financial statements for fiscal year 2023-24 include certain audit findings and questioned costs. With respect to the audited financial statements for fiscal year 2023-24, Simpson identified 13 audit findings and questioned costs totaling approximately \$770.1 million. For detailed information regarding such findings and questioned costs, see Appendix B. Notably, in fiscal year 2023-24 – like the three previous fiscal years – the District did not meet the minimum threshold of General Fund spending on classroom teacher salaries and benefits in accordance with Education Code Section 41372. Under Education Code Section 41372, a unified school district, like the District, is required to spend a minimum of 55% of its General Fund resources on classroom salaries and benefits. In fiscal year 2023-24, the District spent approximately 47.08% of its General Fund resources on classroom salaries and benefits, which is approximately 7.92% or \$763.9 million below such minimum threshold set forth in the Education Code. Such discrepancy is the result of the COVID-19 pandemic that caused the District to spend significant General Fund revenues on COVID-19 related expenses that were non-classroom teacher salaries and benefits. In each of fiscal year 2020-21, fiscal year 2021-22, and fiscal year 2022-23, the District Board approved the submission of a waiver request to the County Superintendent, and each was approved by the County Superintendent. The District expects to submit a waiver request for fiscal year 2023-24 to the County Superintendent after notice is received from the Los Angeles County Office of Education.

In addition, the audited financial statements for fiscal year 2023-24 included a finding that the District did not meet the transitional kindergarten and early enrollment average class enrollment and adult-to-pupil requirements pursuant to Education Code Section 48000. The District has implemented measures to ensure compliance with class size and adult-to-pupil ratio requirements, including the distribution of a Transitional Kindergarten Resources and Communication Toolkit to school sites and district administrators.

Copies of the District’s audited financial statements as well as budgets and interim financial reports may be obtained from the website of the District: www.lausd.org. The website is not incorporated herein

by reference and the District, its counsel (including Bond Counsel and Disclosure Counsel), the Municipal Advisor, the Underwriters and their counsel do not make any representation as to the accuracy of the information provided therein.

Audited Financial Report

Fiscal Year 2023-24 Audited Annual Financial Report. The District’s fiscal year 2023-24 Audited Annual Financial Report (the “Fiscal Year 2023-24 Audit”) has been submitted to the District. The Fiscal Year 2023-24 Audit reflects the District’s audited financial results for fiscal year 2023-24. The Fiscal Year 2023-24 Audit reflects a General Fund adjusted beginning balance of approximately \$5.71 billion, total revenues of \$11.22 billion, total expenditures of \$10.55 billion, other financing sources and uses of \$45.64 million, and an ending balance of \$6.42 billion. The Fiscal Year 2023-24 Audit indicates that the General Fund ending balance of approximately \$6.42 billion consists of approximately \$244.90 million for the mandatory reserve for economic uncertainties, \$2.92 million of non-spendable revolving cash, stores, and prepaid expenditures, \$1.79 billion of restricted ending balances, \$2.97 billion of committed ending balances, \$491.52 million of assigned ending balances and \$869.03 million of unassigned and unappropriated ending balances. In fiscal year 2023-24, the District was able to meet its financial commitments and its required ending balances, as set forth in the Budget and Finance Policy. See “– District Financial Policies and Related Practices” for more information on the Budget and Finance Policy.

District Budget

General School District Budget Process and Oversight. State law requires that each school district maintain a balanced budget in each fiscal year. The California Department of Education imposes a uniform budgeting and accounting format for school districts. Under current law, a school district governing board must adopt and file with the county superintendent of schools a budget by July 1 of each fiscal year. The District is under the jurisdiction of the County of Los Angeles Superintendent of Schools.

The county superintendent of schools must approve, conditionally approve, or disapprove the adopted budget for each school district by September 15 in accordance with the Education Code. The county superintendent of schools is required to examine the adopted budget for compliance with the standards and criteria adopted by the State Board of Education and identify technical corrections necessary to bring the budget into compliance with the established standards. The county superintendent of schools is also required to determine whether the adopted budget will allow the school district to meet its financial obligations during the fiscal year and is consistent with a financial plan that will enable the school district to satisfy its multiyear financial commitments. The Education Code directs the county superintendent of schools to disapprove any school district budget if it determines that the budget does not include expenditures necessary to implement an LCAP or an annual update to the LCAP. See “STATE FUNDING OF SCHOOL DISTRICTS – Local Control Funding Formula – *Local Control and Accountability Plan*” herein for more information about LCAP.

In the event that the county superintendent of schools conditionally approves or disapproves the school district’s budget, the county superintendent of schools will submit to the governing board of the school district no later than September 15 of such year recommendations regarding revisions of the budget and the reasons for the recommendations, including, but not limited to, the amounts of any budget adjustments needed before the county superintendent of schools can approve that budget. In addition, school districts must make available for public review any revisions to revenues and expenditures that it has made to its budget to reflect the funding made available by the State Budget Act (defined herein) not later than 45 days after the enactment of the State Budget Act.

The governing board of the school district, together with the county superintendent of schools, must review and respond to the recommendations of the county superintendent of schools before October 8 at a regular meeting of the governing board of the school district. The county superintendent of schools will examine and approve or disapprove of the revised budget by November 8 of such year. If the county superintendent of schools disapproves a revised budget, the county superintendent of schools will call for the formation of a budget review committee. By December 31 of each year, every school district must have an adopted budget, or the county superintendent of schools may impose a budget and will report such school district to the State Legislature and the Department of Finance. In prior years, LACOE has granted a conditional approval to certain of the District's budgets pending, among other things, approval of the District's LCAP, information regarding collective bargaining and other budgetary considerations. However, in the last ten years, LACOE has not disapproved any budget submitted to it by the District. LACOE approved the Fiscal Year 2024-25 Budget. See “– *Fiscal Year 2024-25 Budget*” and “– *LACOE's Response to Fiscal Year 2024-25 Budget*” below.

Subsequent to approval, the county superintendent of schools will monitor each school district under its jurisdiction throughout the fiscal year pursuant to its adopted budget to determine on an ongoing basis if the school district can meet its current or subsequent year financial obligations. If the county superintendent of schools determines that a school district cannot meet its current or the subsequent year's obligations, the county superintendent of schools will notify the school district's governing board, the Superintendent of Public Instruction and the president of the State board (or the president's designee) of the determination and take at least one of the following actions, and all actions that are necessary to ensure that the school district meets its financial obligations: (a) develop and impose, after also consulting with the Superintendent of Public Instruction and the school district's governing board, revisions to the budget that will enable the school district to meet its financial obligations in the current fiscal year, (b) stay or rescind any action inconsistent with the ability of the school district to meet its obligations for the current or subsequent fiscal year, (c) assist in developing, in consultation with the school district's governing board, a financial plan that will enable the school district to meet its future obligations, (d) assist in developing, in consultation with the school district's governing board, a budget for the subsequent fiscal year and (e) as necessary, appoint a fiscal advisor to perform the aforementioned duties. The county superintendent of schools will also make a report to the Superintendent of Public Instruction and the president of the State board or the president's designee about the financial condition of the school district and the remedial actions proposed by the county superintendent of schools. The county superintendent of schools, however, may not abrogate any provision of a collective bargaining agreement that was entered into prior to the date upon which the county superintendent of schools assumed authority.

Fiscal Stabilization Plans. While LACOE and the District will partner to implement actions necessary to stabilize and improve the financial condition of the District as and when needed, LACOE has not required nor has the District implemented a fiscal stabilization plan since 2019 in light of the District's positive certification on its recent interim reports. In the event that the District's financial condition were to change in future fiscal years, LACOE may require the District to implement a fiscal stabilization plan to stabilize and improve the financial condition of the District.

Fiscal Year 2024-25 Budget. The Fiscal Year 2024-25 Budget was adopted by the District Board on June 25, 2024. The Fiscal Year 2024-25 Budget was developed with the assumptions contained in the Governor's May revision to the proposed fiscal year 2024-25 State Budget. The Fiscal Year 2024-25 Budget projects a General Fund beginning balance of approximately \$6.36 billion, total budgeted revenues of \$9.41 billion, total budgeted expenditures of \$11.16 billion, budgeted other financing sources and uses of negative \$20.16 million, and a budgeted ending balance of \$4.58 billion. The Fiscal Year 2024-25 Budget projects that its budgeted General Fund ending balance of \$4.58 billion is expected to consist of approximately \$112.24 million for the mandatory reserve for economic uncertainties, \$47.98 million of non-spendable revolving cash, stores, and prepaid expenditures, \$1.67 billion of restricted ending balances,

\$1.80 billion of committed ending balances, \$726.09 million of assigned ending balances, and \$224.78 million of undesignated and unassigned ending balances.

The Fiscal Year 2024-25 Budget includes certain assumptions and policies, including:

- a COLA of 1.07% for the LCFF, Special Education and selected categorical programs outside of LCFF;
- a net enrollment decline of 8,888 to 403,453 in fiscal year 2024-25 from 412,341 in fiscal year 2023-24 for non-charter and Affiliated Charter Schools and a Fiscally Independent Charter School enrollment decline of 1,227 to 108,520 in fiscal year 2024-25 from 109,747 in fiscal year 2023-24;
- LCFF-funded ADA of 351,116 for non-charter schools, which is based on the average of 3 prior years' ADA, and 35,231.96 for Affiliated Charter Schools, which is based on projected fiscal year 2024-25 P-2 ADA; the percentage of ADA to enrollment is 92%;
- State Special Education funding reflects increased base rate to \$897 per ADA;
- estimated unduplicated pupil count and three-year rolling average unduplicated pupil percentage of 314,904 and 85.75%, respectively, for non-charter schools (including County Program students) and 18,018 and 48.10%, respectively, on average for Affiliated Charter Schools;
- an LCFF allocation of \$1.22 billion from the Education Protection Account (the "Education Protection Account") established by Proposition 30 (defined herein) to be spent for instruction;
- LCFF supplemental and concentration expenditure of \$1.51 billion;
- lottery unrestricted rate per ADA is estimated at \$177 per ADA and restricted rate per ADA is estimated at \$72 per ADA;
- receipt of approximately \$472.0 million from the ELOP in fiscal year 2024-25, which the District anticipates using, together with approximately \$472.0 million in ELOP funds carried over from fiscal year 2023-24;
- receipt of approximately \$74.0 million from Arts and Music in Schools and LCFF Equity Multiplier of \$21.5 million;
- certificated and classified salaries include bargaining agreements with AALA (Certificated and Classified Management), LASPMA, LASPA, Los Angeles/Orange Counties Building & Construction Trades Council, District Represented, and UTLA, and the agreement for revised instructional calendar is also included (See "– Employees and Labor Relations – *Negotiations Regarding Labor Contracts*" for information regarding labor agreements not reflected in Fiscal Year 2024-25 Budget.);
- funding for employee health and medical benefits at the per participant rate set forth in the Health and Welfare Agreement (defined herein);
- a contribution to the OPEB Trust Fund of \$40 million from all funds of the District for fiscal year 2024-25;
- a contribution rate for CalSTRS (defined herein) of 19.10%;

- an increase of 0.37% of CalPERS (defined herein) employer contribution rate for fiscal year 2024-25 from 26.68% to 27.05%;
- a California consumer price index of 3.1% on other operating expenditures, except utilities which is projected to decline by 13.6% as result of lifting the 24-hour heating, ventilation, and air conditioning runtime and switching to occupancy-based usage;
- ongoing and major maintenance resources totaling \$326.9 million, reflecting approximately 3% of budgeted General Fund expenditures and other financing uses, excluding CalSTRS on behalf payments made by the State;
- a contribution from all funds of \$102.0 million to the Workers' Compensation Fund and inclusion of total Workers' Compensation actuarially determined funded liability of \$380.5 million;
- inclusion of bond measure, debt service, COP proceeds funds, and other financing sources/uses;
- a reserve for economic uncertainties totaling \$112.2 million, reflecting the statutory 1% budgeted expenditure requirement and other financing uses;
- inclusion of beginning balances in the General Fund and other funds for fiscal year 2024-25, reflecting the updated estimated actual ending balance as of June 30, 2024;
- estimated ending balances for the General Fund and other funds for fiscal year 2024-25, which reflect the difference between estimated revenue and expenditure levels for fiscal year 2024-25;
- adherence to the 10% cap on reserves (combined assigned and unassigned balances);
- release of a committed balance of \$211 million for OPEB, as approved by the District Board on June 20, 2023;
- authority to transfer amounts, as necessary, to implement technical adjustments related to the Fiscal Year 2024-25 Budget;
- authority to implement new revenues for fiscal year 2024-25, if any, and increase budgeted appropriations accordingly; and
- a transfer from the Community Redevelopment Agency Fund to repay the General Fund of \$30 million initially allocated for ongoing and major maintenance resources.

The District does not expect to adopt revisions to the Fiscal Year 2024-25 Budget prior to what is incorporated into the District's second interim report for fiscal year 2024-25.

LACOE's Response to Fiscal Year 2024-25 Budget. In its August 2024 letter to the District, LACOE approved the Fiscal Year 2024-25 Budget. LACOE noted that the District projected operating deficits in fiscal years 2024-25, 2025-26 and 2026-27 of unrestricted General Fund expenditures and other outgo, indicating that the unrestricted General Fund is projected to decrease from a beginning balance of \$4,475.8 million in 2024-25 to an ending balance of \$1,452.42 million in 2026-27, a decline of approximately \$3,023.44 million, or 67.55% over three years. LACOE indicated that, while the District projected maintaining the required reserve levels by releasing assigned and committed fund balances, LACOE is concerned about the projected trend of deficit spending and recommends that the District monitor the causes for deficit spending to keep it manageable and prevent further erosion of the fund

balance. LACOE noted further that the Fiscal Year 2024-25 Budget reflected declining enrollment and funded three-year average daily attendance from fiscal year 2024-25 to fiscal year 2026-27, reflecting a two-year loss of 20,109 of funded ADA, or a 5.20% decline. As LACOE explained more specifically, continued declines in enrollment and attendance will result in a loss of revenue for the District in future years. Accordingly, LACOE recommended that the District carefully monitor its enrollment and attendance trends and adjust financial projections for the current and subsequent fiscal years accordingly to reflect the resulting impact and indicated that staffing needs and facilities planning should be assessed and adjusted based on the projected rate of decline in enrollment. For more information on the Fiscal Year 2024-25 Budget, see “–Fiscal Year 2024-25 Budget.” See also “DISTRICT GENERAL INFORMATION – Enrollment and Average Daily Attendance,” for more information regarding the District’s declining enrollment.

District General Fund Budgets and Audited Actuals. The following Table A-4 sets forth the District’s Adopted Budgets for the District General Fund, inclusive of regular and specially funded programs, for fiscal years 2020-21 through 2024-25, the audited results for fiscal years 2020-21 through 2023-24. The budgeted beginning balance for each fiscal year reflects the estimated ending balance for the prior fiscal year based upon information as of the budget adoption date. Accordingly, the budgeted ending balance for a fiscal year and the subsequent budgeted beginning balance may differ from the actual ending balance and actual beginning balance.

District Interim Financial Reports. A State law adopted in 1991 (known as “A.B. 1200”) imposed financial reporting requirements on school districts and established guidelines for emergency State aid apportionments. Under the provisions of A.B. 1200 and the Education Code (Section 42100 *et. seq.*), each school district is required to file two interim certifications with the county superintendent of schools (on December 15, for the period ended October 31, and by mid-March for the period ended January 31) as to its ability to meet its financial obligations for the remainder of the then-current fiscal year and, based on current forecasts, for the subsequent fiscal year. The county superintendent of schools reviews the certification and issues either a positive, negative or qualified certification. In the past five fiscal years, the District has received a qualified certification for its first interim report for fiscal year 2021-22.

A positive certification is assigned to any school district that, based on then current projections, will meet its financial obligations for the current fiscal year and the subsequent two fiscal years. A negative certification is assigned to any school district that, based on then current projections, will be unable to meet its financial obligations for the remainder of the fiscal year or the subsequent fiscal year. A qualified certification is assigned to any school district that, based on then current projections, may not meet its financial obligations for the current fiscal year or the two subsequent fiscal years. A certification may be revised to a negative or qualified certification by the county superintendent of schools, as appropriate. A school district that receives a qualified or negative certification for its second interim report must provide to the county superintendent of schools, the State Controller and the Superintendent no later than June 1,

financial statement projections of the school district's fund and cash balances through June 30 for the period ending April 30. Any school district that receives a qualified or negative certification in any fiscal year may not issue, in that fiscal year or in the next succeeding fiscal year, certificates of participation, tax and revenue anticipation notes, revenue bonds or any other debt instruments that do not require the approval of the voters of the school district, unless the county superintendent of schools determines that the school district's repayment of indebtedness is probable.

For school districts under fiscal distress, the county superintendent of schools is authorized to take a number of actions to ensure that the school district meets its financial obligations, including budget revisions. However, the county superintendent of schools is not authorized to approve any diversion of revenue from *ad valorem* property taxes levied to pay debt service on district general obligation bonds. A school district that becomes insolvent may, upon the approval of a fiscal plan by the county superintendent of schools, request an emergency appropriation from the State, in which case the county superintendent of schools, the Superintendent of Public Instruction and the president of the State board or the president's designee will appoint a trustee to serve the school district until it has adequate fiscal systems and controls in place. The acceptance by a school district of an emergency apportionment exceeding 200% of the reserve recommended for that school district constitutes an agreement that the county superintendent of schools will assume control of the school district in order to ensure the school district's return to fiscal solvency.

In the event the State elects to provide an emergency apportionment to a school district, such apportionment will constitute an advance payment of apportionments owed to the school district from the State School Fund and the Education Protection Account. The emergency apportionment may be accomplished in two ways. First, a school district may participate in a two-part financing in which the school district receives an interim loan from the State general fund, with the agreement that the school district will subsequently enter into a lease financing with the California Infrastructure and Economic Development Bank for purposes of financing the emergency apportionment, including repaying such amounts advanced to the State general fund. State law provides that so long as bonds from such lease financing are outstanding, the recipient school district (via its administrator) cannot file for bankruptcy. As an alternative, a school district may receive an emergency apportionment from the State general fund that must be repaid in 20 years. Each year, the Superintendent of Public Instruction will withhold from the apportionments to be made to the school district from the State School Fund and the Education Protection Account an amount equal to the emergency apportionment repayment that becomes due that year. The determination as to whether the emergency apportionment will take the form of a lease financing or an emergency apportionment from the State general fund will be based upon the availability of funds within the State general fund.

Second Interim Financial Report for Fiscal Year 2024-25. The District submitted the Fiscal Year 2024-25 Second Interim Report to LACOE with a positive certification. Based on the 2024-25 Second Interim Report, the District expects to meet its financial commitments and satisfy the 5% Minimum Reserve Threshold and the 1% statutory reserve requirement for fiscal years 2024-25, 2025-26 and 2026-27. The 2024-25 Second Interim Report provides that the District continues to be challenged with deficit spending wherein expenditures are greater than projected revenues.

The 2024-25 Second Interim Report projects a General Fund ending balance of approximately \$4.188 billion for fiscal year 2024-25, consisting of a projected unrestricted General Fund ending balance of approximately \$3.38 billion and a projected restricted General Fund ending balance of \$804.3 million for fiscal year 2024-25. The projected Fiscal Year 2024-25 unrestricted General Fund ending balance consists of non-spendable, assigned, unassigned reserve for economic uncertainties and unassigned/unappropriated components in the amounts of approximately \$49.47 million, \$1.22 billion, \$132.75 million, and \$1.98 billion, respectively.

The 2024-25 Second Interim Report acknowledges the 2024-25 State Budget addressed a \$47 billion deficit through a mix of solutions and included plans to tackle the fiscal year 2025-26 budget deficit

as well. The 2024-25 Second Interim Report further acknowledges LAO’s warning of potential annual operating State deficits beginning in fiscal year 2026-27. See “STATE FUNDING OF SCHOOL DISTRICTS – State Budget Act.” In May 2025, the Governor will revise the Proposed 2025-26 State Budget based on updated information available at such time. Such revision may differ substantially from the Proposed 2025-26 State Budget, and could result in negative impacts to State K-12 education funding in fiscal year 2024-25. The District cannot predict the impact that the final fiscal year 2025-26 State budget, or subsequent budgets, will have on its finances and operations.

The District revises its projections of revenues, expenditures, and ending fund balances contained in the Fiscal Year 2024-25 Budget as more financial data becomes available throughout the fiscal year. The 2024-25 Second Interim Report reflects the District’s projections for fiscal year 2024-25 for the period from July 1, 2024 through January 31, 2025. It also reflects multi-year projections through fiscal year 2026-27. The achievement of certain results or other expectations contained in the 2024-25 Second Interim Report involves known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements described therein to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. All projections, forecasts, assumptions, expressions of opinions, estimates, and other forward-looking statements contained in the 2024-25 Second Interim Report are expressly qualified in their entirety by the foregoing and the other cautionary statements.

The following Table A-6 sets forth budgeted revenues and expenditures and projected year-end amounts, including projected and year-end General Fund Balances, as reported in the Fiscal Year 2024-25 Budget and the 2024-25 Second Interim Report.

TABLE A-6
LOS ANGELES UNIFIED SCHOOL DISTRICT
District General Fund Summary of Fund Balances, Revenues and Expenditures
Fiscal Year 2024-25
(\$ in millions)

	Fiscal Year 2024-25 Final Adopted Budget	Fiscal Year 2024-25 Second Interim Report
Beginning Balance	\$6,413.6 ⁽¹⁾	\$6,413.6 ⁽²⁾
Revenues	9,407.3	9,425.2
Expenditures	11,163.6	11,046.8
Excess (Deficiency) of Revenues Over Expenditures Before Other Financing Sources and Uses	(1,756.2)	(1,621.6)
Other Financing Sources/Uses	(20.16)	(612.7)
Ending Balance	\$4,580.5	\$4,187.6

LACOE’s Review of Fiscal Year 2024-25 First Interim Report. In its January 2025 letter to the District, LACOE concurred with the District’s positive certification on the 2024-25 First Interim Report. LACOE pointed out that the 2024-25 First Interim Report projected operating deficits in fiscal years 2024-25 and 2025-26, emphasizing the erosion of projected General Fund balances. LACOE acknowledged that the 2024-25 First Interim Report projected maintaining the required level of reserves but recommended that the District monitor causes for deficit spending to prevent additional fund balance erosion. LACOE also indicated that the 2023-24 First Interim Report reflected declining enrollment and funding under LCFF based on three-year average daily attendance for fiscal years 2024-25, 2025-26, and 2026-27, and

highlighted the impacts of declining enrollment, emphasizing that continued declines in enrollment and attendance will result in a loss of revenue for the District in future years. LACOE recommended the District carefully monitor its enrollment and attendance trends and adjust financial projections for the current and subsequent fiscal years accordingly to reflect the resulting impact. LACOE also indicated that staffing needs and facilities planning should also be assessed and adjusted based on the projected rate of decline in enrollment.

Employees and Labor Relations

General. The District has twelve bargaining units with existing contracts. The largest bargaining unit among the District’s employees is United Teachers Los Angeles (“UTLA”), which is comprised of among other employees, teachers, counselors, advisers, nurses, psychologists, and social workers. In addition, certain employees are not represented by a formal bargaining unit (the “District Represented Employees”). The following Table A-7 sets forth the number of members of each bargaining unit as of January 1, 2025, and the expiration dates of the existing or successor labor agreements with each of the District’s employee bargaining units.

TABLE A-7
LOS ANGELES UNIFIED SCHOOL DISTRICT
Employee Bargaining Units and Contract Expiration Dates
As of January 1, 2025

Employee Bargaining Unit	Members	Contract Expiration Date (June 30)
Associated Administrators of Los Angeles (“AALA”) (Certificated)	2,599	2025
Unit A (School Police)	258	2025
Unit B (Instructional Aides)	14,245	2024 ⁽²⁾
Unit C (Operations – Support Services)	8,189	2024 ⁽²⁾
Unit D (Office – Technical and Business Services)	4,512	2026
Unit E (Skilled Crafts)	1,436	2025
Unit F (Teacher Assistants)	1,328	2024 ⁽²⁾
Unit G (Playground Aides)	6,757	2024 ⁽²⁾
Unit H (Sergeants and Lieutenants)	50	2025
Unit J (Classified Management)	429	2025
Unit S (Classified Supervisors)	3,271	2024 ⁽²⁾
United Teachers Los Angeles	37,399	2025
District Represented Employees ⁽¹⁾	488	N/A

⁽¹⁾ District-represented employees include employees that are not represented by a union due to their designation as management, confidential or unrepresented employees. Does not include unrepresented seasonal employees or employees in positions not yet assigned to a union.

⁽²⁾ Each bargaining unit with an expired contract is operating under the terms of the expired contract until a new contract is negotiated and agreed upon.

Negotiations Regarding Labor Contracts. The United Teachers Los Angeles (“UTLA”) and the District reached a three-year agreement for fiscal years 2022-23 through 2024-25 (the “UTLA Agreement”). For fiscal year 2022-23, the UTLA Agreement provides for a 3% on schedule retroactive wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2022, and a 4% on schedule retroactive wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2023. For fiscal year 2023-24, the UTLA Agreement provides for a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2023, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2024. For fiscal year 2024-25, the UTLA Agreement provides for a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2024, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2025. In addition, the UTLA Agreement (a) provides for certain on schedule

salary increases for certain employee groups, including special and early education teachers, nurses and table employees, (b) provides for academic class size reduction in certain schools, (c) for adjustments in staffing ratios for counselors, pupil services and attendance counselors (PSA) and psychiatric social workers (PSW), (d) provides for additional funding for certain community schools, (e) for additional community school coach positions, and (f) includes differential pay increases for certain positions and programs. There are no reopeners provided for in the UTLA Agreement. The financial impacts of the UTLA Agreement are incorporated as expenditures in the Fiscal Year 2024-25 Budget. UTLA and the District have commenced successor negotiations for a three-year agreement for fiscal years 2025-26 through 2027-28.

SEIU Local 99 (Units B, C, F and G) and the District reached a one-year agreement for fiscal year 2020-21, and a three-year agreement for fiscal years 2021-22 through 2023-24 (collectively, the “SEIU Agreements”). Under the SEIU Agreements, (a) based on the salary table effective July 1, 2021, all SEIU bargaining unit members will receive a 6% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables; (b) based on the salary table effective July 1, 2022, all SEIU bargaining unit members will receive a 7% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables; (c) based on the salary table effective July 1, 2023, all SEIU bargaining unit members will receive a 7% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables, and (d) based on the salary table effective January 1, 2024, there will be a \$2.00 per hour on-schedule wage increase applied to all pay scale groups and levels of the base salary table. In addition, the SEIU Agreements (a) provide for the funding an Education and Professional Development Fund in the amount of \$3 million, (b) effective January 1, 2024, make employees assigned 4 hours per day or 80 hours per month, with respect to Units F and G, eligible (along with eligible dependents) to enroll in certain low cost health insurance plans or receive a cash amount if the employee opts out, and (c) include certain pay differentials and one-time pay increases. There are no reopeners provided for in the SEIU Agreements. SEIU Local 99 (Units B, C, F and G) and the District are in successor negotiations for a three-year agreement for Fiscal Years 2024-25, 2025-26 and 2026-27. Any financial impacts of a successor agreement will be incorporated into future budget projections once negotiations are concluded and the agreements are ratified by the unions and adopted by the Board.

AALA (Certificated Administrators) and the District reached a three-year agreement for fiscal years 2022-23 through 2024-25 (the “AALA (Certificated Administrators) Agreement”) with on schedule salary increases to be applied to the AALA (Certificated Administrators) master salary table comparable to the increases provided to UTLA in the UTLA Agreement. There are no reopeners provided for in the AALA (Certificated Administrators) Agreement. As a result of such agreement, the District anticipates an increase in fiscal year 2023-24 expenditures of approximately \$87.07 million (all funds), of which approximately \$81.10 million relate to the District’s general fund. Of such amounts, approximately \$25.07 million (all funds) of such expenditures (\$23.36 million related to the District’s general fund) reflect expenditures attributable to fiscal year 2022-23 and are to be paid in fiscal year 2023-24. The financial impacts of the AALA (Certificated Administrators) Agreement are incorporated as expenditures in the Fiscal Year 2024-25 Budget. AALA (Certificated Administrators) and the District have commenced successor negotiations for a three-year agreement for fiscal years 2025-26 through 2027-28.

CSEA (Unit D – Technical and Business Services) and the District have reached a three-year agreement for fiscal years 2023-24 through 2025-26 (the “CSEA Agreement”). The CSEA Agreement provides for one reopener for fiscal year 2024-25 and fiscal year 2025-26. Based on the salary table effective July 1, 2023, all CSEA bargaining unit members will receive a 7% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables, and based on the salary table effective January 1, 2024, there will be a \$2.00 per hour on-schedule wage increase applied to all pay scale groups and levels of the base salary table. The CSEA Agreement also provides for an increase to \$22.52 effective January 1, 2024, for the classifications of Office Technician, Parent Education Support Assistant, Parent Resource Assistant, Microfilm Operator, Clerk, and Student Integration Helper. The financial impacts of the CSEA Agreement are incorporated in the Fiscal Year 2024-25 Budget. CSEA (Unit D – Technical and Business

Services) and the District are expected to begin successor negotiations for a three-year agreement for fiscal years 2026-27 through 2028-29 after January 1, 2026.

Teamsters (Unit S – Classified Supervisors) and the District reached a three-year agreement for fiscal years 2021-22 through 2023-24 (the “Teamsters Agreement”). Under the Teamsters Agreement (a) based on the salary table effective July 1, 2021, all Teamsters bargaining unit members will receive a 1% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables (which is in addition to the 5% increase previously agreed to and applied); (b) based on the salary table effective July 1, 2022, all Teamsters bargaining unit members will receive a 7% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables; (c) based on the salary table effective July 1, 2023, all Teamsters bargaining unit members will receive a 7% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables, and (d) based on the salary table effective January 1, 2024, there will be a \$2.00 per hour on-schedule wage increase applied to all pay scale groups and levels of the base salary table. Teamsters (Unit S – Classified Supervisors) and the District are in successor negotiations for a three-year agreement for Fiscal Years 2024-25, 2025-26 and 2026-27. Any financial impacts of a successor agreement will be incorporated into future budget projections once negotiations are concluded and the agreements are ratified by the unions and adopted by the Board.

LASPA (Unit A – School Police) and the District reached a three-year agreement for fiscal years 2022-23 through 2024-25 (the “LASPA Agreement”). The LASPA Agreement provides, with respect to sworn officers, (a) for fiscal year 2022-23, a 3% retroactive on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2022, and a 4% retroactive on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2023; (b) for fiscal year 2023-24, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2023, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2024; and (c) for fiscal year 2024-25, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2024, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2025. The LASPA Agreement provides, with respect to school safety officers, (a) for fiscal year 2022-23, a 7% retroactive on schedule wage increase applied to the base salary tables effective July 1, 2022; (b) for fiscal year 2023-24, a 7% on schedule wage increase applied to the base salary tables effective July 1, 2023; and (b) for a Step 1 an increase to \$22.52 effective January 1, 2024, with the subsequent Steps applied accordingly. The classification of school safety officer is not included in the on-schedule fiscal year 2024-25 wage increase as the additional increase is being provided on January 1, 2024. There are no reopeners provided for in the LASPA Agreement. The financial impacts of the LASPA Agreement are incorporated as expenditures into the Fiscal Year 2024-25 Budget. LASPA and the District are currently in dispute over LASPA’s assertion that they are entitled to a \$1.00 per hour increase for fiscal year 2019-20. LASPA (Unit A – School Police) and the District are expected to begin successor negotiations for a three-year agreement for fiscal years 2025-26 through 2027-28 in 2025.

LASPMA (Unit H – School Police Management) and the District reached a three-year agreement for fiscal years 2022-23 through 2024-25 (the “LASPMA Agreement”). For fiscal year 2022-23, the LASPMA Agreement provides for a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2022, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2023. For fiscal year 2023-24, the LASPMA Agreement provides for a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2023, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2024. For fiscal year 2024-25, the LASPMA Agreement provides for a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2024 and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2025. There are no reopeners provided for in the LASPMA Agreement. The financial impacts of the LASPMA Agreement are incorporated as expenditures into the Fiscal Year 2024-25 Budget. LASPMA (Unit H – School Police Management) and

the District are expected to begin successor negotiations for a three-year agreement for fiscal years 2025-26 through 2027-28 in 2025.

“Trades” (Unit E) and the District reached agreements for fiscal years 2022-23 through 2024-25 (the “Trades Agreement”). The Trades Agreement provides (a) for fiscal year 2022-23, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2022, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2023; (b) for fiscal year 2023-24, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2023, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2024; and (c) for fiscal year 2024-25, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2024, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2025. During the term of the Trades Agreement for fiscal years 2022-23 through 2024-25, the District and Trades have agreed to reopen on two items – health and welfare and deferred compensation, but have not begun negotiations. The financial impacts of the Trades Agreement for scheduled wage increases are incorporated into the Fiscal Year 2024-25 Budget. “Trades” (Unit E) and the District are expected to begin successor negotiations for a three-year agreement for fiscal years 2025-26 through 2027-28 in 2025.

AALA (Unit J – Classified Managers) and the District reached a three-year agreement for fiscal years 2022-23 through 2024-25 (the “AALA Agreement”). The AALA Agreement provides (a) for fiscal year 2022-23, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2022, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2023; (b) for fiscal year 2023-24, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2023, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2024; and (c) for fiscal year 2024-25, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2024, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2025. There are no reopeners provided for in the AALA Agreement. The financial impacts of the AALA Agreement are incorporated as expenditures in the Fiscal Year 2024-25 Budget. AALA (Unit J – Classified Managers) and the District have commenced successor negotiations for a three-year agreement for fiscal years 2025-26 through 2027-28.

Employees that are classified as “District-represented” are not in a formal bargaining unit. In alignment with District Board-approved labor agreements discussed above, District-represented employees will receive comparable compensation adjustments. District-represented employees as well as employees in positions that have not yet been assigned a union, totaling approximately 2,200 positions, with salaries within the range of union-represented classifications, will receive a 21% wage increase, beginning with 3% effective July 1, 2022; 4% on January 1, 2023; 3% on July 1, 2023; 4% on Jan. 1, 2024; 3% on July 1, 2024; and 4% on Jan. 1, 2025. District-represented employees, totaling approximately 87 positions, with salaries outside of the range of union-represented classifications, will receive a 15% wage increase, beginning with 3% effective July 1, 2022; 4% on January 1, 2023; 2% on July 1, 2023; 2% on Jan. 1, 2024; 2% on July 1, 2024; and 2% on Jan. 1, 2025. The financial impacts of the District-represented agreement are incorporated as expenditures into the Fiscal Year 2024-25 Budget.

The District entered a memorandum of understanding with SEIU and UTLA modifying the three-year tentative instructional calendar approved by the District Board on March 27, 2023, to a two-year instructional calendar (fiscal years 2023-24 and 2024-25). The memorandum of understanding maintains a three-week (15 days) winter break, provides for three additional instructional days to make up for lost instructional days in March 2023, and provides for instruction, enrichment, nutrition and child supervision through a voluntary winter recess academy in each such fiscal year. Subsequently, on December 11, 2023, the District entered a memorandum of understanding with CSEA with the same provisions outlined above

in the SEIU and UTLA instructional calendar memorandum of understanding. The financial impacts of the memorandum of understanding with SEIU and UTLA and memorandum of understanding with CSEA are incorporated into the Fiscal Year 2024-25 Budget.

Health and Welfare Agreement. On October 5, 2023, the District reached a two-year agreement (the “Health and Welfare Agreement”) with all of its bargaining units for calendar years 2024 and 2025 to continue providing health and welfare benefits for active employees and retirees at no additional cost to participants. Under the Health and Welfare Agreement, the District will make contributions to fully fund the per-participant actual costs of current health and welfare benefits, including administrative cost, for the 2024 and 2025 calendar years. This is exclusive of any plan design changes that increase benefit costs and is different than previous agreements where the District’s obligation was to pay a fixed dollar amount for each participant category. The Health and Welfare Agreement also provides that any unspent health care reserve funds held pursuant to the District’s prior health and welfare agreements will be maintained as reserves for the term of the Health and Welfare Agreement and used to improve or adjust health care plan designs as agreed to from time to time by the parties and approved by the District Board. As of June 30, 2023, and June 30, 2024, the District had \$107.7 million and \$(7.0) million, respectively, in health care reserves. The deficit has been addressed by increasing the annual rate for fiscal year 2024-25, from \$15,500 to \$18,400 per employee. The financial impacts of the Health and Welfare Agreement are incorporated as expenditures in the Fiscal Year 2024-25 Budget. Future District health and welfare contributions are subject to negotiations for a successor agreement. It is anticipated that such negotiations will commence in 2025.

Reduction in Force and Release Notices. In general, pursuant to Sections 44949 and 44951 of the Education Code, the District must give written notice to a certificated employee no later than March 15 if such certificated employee is to be released or reassigned for the ensuing school year. Similarly, pursuant to Section 45117 of the Education Code, the District must give written notice to a classified employee no later than March 15 if such classified employee is to be laid off for the ensuing school year. Further, pursuant to Sections 44955.5 and 45117(d) of the Education Code (as applicable), the District Board has the authority to terminate the services of certificated and classified employees between the period commencing five days after the enactment of the annual State Budget Act and August 15 of the fiscal year to which the State Budget Act applies if the District’s LCFF apportionment per unit of ADA has not increased by at least 2% for such fiscal year. To provide flexibility in the event budget reductions are necessary in a given fiscal year, the District Board may approve the use of reduction in force and release notices for a portion of its certificated and classified employees. The Board approved release notices, which were sent to certificated employees before March 15, 2025. To date, however, no employees have been released. There were no reduction in force notices approved by the District before March 15, 2025, for the 2025-26 school year.

Retirement Systems

General. The District currently participates in CalSTRS, CalPERS and PARS (defined herein). The amounts of the District’s contributions to CalSTRS, CalPERS and PARS are subject to, among other things, modifications to or approvals of collective bargaining agreements and any changes in actuarial assumptions used by CalSTRS, CalPERS and PARS.

The information set forth below regarding CalSTRS and CalPERS and their respective actuarial valuations and comprehensive annual financial reports has been obtained from publicly available sources and has not been independently verified by the District and is not guaranteed as to the accuracy or completeness thereof by or to be construed as a representation by the District. Furthermore, the summary data below should not be read as current or definitive, as recent gains or losses on investments made by the retirement systems generally may have changed the unfunded actuarial accrued liabilities stated below.

The following Table A-8 sets forth the District’s aggregate contributions to CalSTRS, CalPERS and PARS, inclusive of employee contributions to CalPERS paid by the District, for fiscal years 2020-21

through 2023-24 and the budgeted contribution for fiscal year 2024-25 and these contributions as a percentage of the District's Total Governmental Funds expenditures for fiscal years 2020-21 through 2024-25. See Table A-8 "Annual Regular CalSTRS Contributions," Table A-10 "Annual CalPERS Regular Contributions" and Table A-13 "Annual PARS Contribution." See also the District's financial statements contained in APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

TABLE A-8
LOS ANGELES UNIFIED SCHOOL DISTRICT
Aggregate Employer Contributions to CalSTRS, CalPERS and PARS
Fiscal Years 2020-21 through 2024-25
(\$ in millions)

Fiscal Year	District Contributions⁽¹⁾	District Contribution as Percentage of Total Governmental Funds Expenditures
2020-21	\$ 762.30	7.06%
2021-22	869.20	7.12
2022-23	1,040.40	8.36
2023-24 ⁽²⁾	1,201.06	8.60
2024-25 ⁽³⁾	1,344.09	8.58

⁽¹⁾ Reflects data for all District Funds, including the District's General Fund. Excludes on-behalf payments from the State to CalSTRS and CalPERS.

⁽²⁾ Audited.

⁽³⁾ Budgeted in Fiscal Year 2024-25 Budget. Amounts do not reflect labor agreements not reflected in Fiscal Year 2024-25 Budget. For a discussion of pending labor agreements not reflected in the Fiscal Year 2024-25 Budget, see "– Employees and Labor Relations – Negotiations Regarding Labor Contracts" above.

California State Teachers' Retirement System. CalSTRS is a defined benefit plan that covers all full-time certificated District employees and some classified District employees, which are District employees employed in a position that does not require a teaching credential from the State. Benefit provisions are established by State legislation in accordance with the State Teachers' Retirement Law. CalSTRS is operated on a Statewide basis and, based on publicly available information, has substantial unfunded liabilities. Additional funding of CalSTRS by the State and the inclusion of adjustments to such State contributions based on consumer price changes were provided for in 1979 Statutes, Chapter 282. Copies of CalSTRS' comprehensive annual financial reports may be obtained from CalSTRS, P.O. Box 15275, Sacramento, California 95851-0275. The information presented in these reports is not incorporated by reference in this Official Statement.

Member benefits are determined pursuant to the Education Code and are generally based on a member's age, final compensation and years of credited service. Members are 100% vested in retirement benefits after five years of credited service and are eligible for "normal" retirement at age 60 and for early retirement at age 55 or at age 50 with 30 years of credited service. The normal retirement benefit is 2% of final compensation (as defined in the Education Code) for each year of credited service (up to 2.4% of final compensation for members retiring after age 60), and members who retire on or after January 1, 2011 with 30 or more years of service by December 31, 2010 receive monthly bonus payments of up to \$400 per month. Members hired on or after January 1, 2013 who retire at age 62 are eligible for a benefit equal to 2% of final compensation for each year of credited service (up to 2.4% of final compensation for members retiring after age 62). Benefits include a 2% cost of living increase (computed on a simple, non-compounded, basis based on the initial allowance) on each September 1 following the first anniversary of the effective date of the benefit. See "– California Public Employees' Pension Reform Act of 2013" herein and Note 9 set forth in APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

Funding; Contributions. The CalSTRS defined benefit plan (the “DB Plan”) is funded through a combination of investment earnings and statutorily set contributions from members of CalSTRS, the participating employers (including the District) and the State. Prior to fiscal year 2014-15, the statutorily-set rate did not vary annually to adjust for funding shortfalls or actuarial surpluses. As a result, the combined employer, employee and State contributions to the DB Plan were not sufficient to pay actuarially required amounts. To address the shortfall, Assembly Bill 1469 (“AB 1469”), signed into law by the Governor as part of the State budget for fiscal year 2014-15, increased member, employer and State contributions as part of a plan to eliminate by June 30, 2046, CalSTRS’ unfunded liability for service credited to members of the CalSTRS defined benefit program before July 1, 2014.

Pursuant to AB 1469, since fiscal year 2021-22, the State Teachers’ Retirement Board is authorized to modify the percentages paid by employers and employees to eliminate by June 30, 2046, CalSTRS’ unfunded liability for service credited to members of the CalSTRS defined benefit program before July 1, 2014, based upon actuarial recommendations and subject to certain limitations. The State Teachers’ Retirement Board may not increase the employer contribution rate by more than 1% in any fiscal year up to a maximum contribution rate of 20.25%. The State Teachers’ Retirement Board may also adjust the State’s contribution rate by a maximum of 0.5% from year to year, based on the funding status of the CalSTRS actuarially determined unfunded liability. A decrease in investment earnings may result in increased employer contribution rates in order to timely eliminate by June 30, 2046, CalSTRS’ unfunded liability for service credited to members of the CalSTRS defined benefit program before July 1, 2014, based upon actuarial recommendations. The District cannot predict the impact of State, national, and international events on investment earnings and contribution rates or the amount the District will be required to pay for pension related costs in future fiscal years.

The State is not an employer (with certain limited exceptions) in any of the CalSTRS programs but contributes to the DB Plan and a supplemental benefits maintenance account pursuant to provisions of the Education Code. For fiscal year 2023-24, the State contributed 8.328% of members’ annual earnings to the DB Plan and an additional 2.5% of member earnings into the CalSTRS supplemental benefit maintenance account, which is used to maintain the purchasing power of benefits. The State’s contribution rate for fiscal year 2024-25 will remain at 8.328% of members’ annual earnings to the DB Plan and an additional payment of 2.5% of member earnings into the CalSTRS supplemental benefit maintenance account.

The District’s employer contribution rate for fiscal year 2023-24 was 19.10% of covered payroll. The District’s employer contribution rate for fiscal year 2024-25 will remain at 19.10% of covered payroll. The District’s employer contribution rate is inclusive of the employer base contribution of 8.25% of payroll provided by the Education Code.

The employee contribution rate for CalSTRS members first hired on or before December 31, 2012 to perform CalSTRS creditable activities (i.e., CalSTRS 2% at 60 members) was 10.25% for fiscal years 2016-17 through 2023-24 and will remain at 10.25% for fiscal year 2024-25. The employee contribution rate for CalSTRS members first hired on or after January 1, 2013 to perform CalSTRS creditable activities (i.e., CalSTRS 2% at 62 members) was 9.205% for fiscal years 2016-17 and 2017-18, 10.205% for fiscal years 2018-19 through 2023-24, and will remain at 10.205% for fiscal year 2024-25.

The following Table A-9 sets forth the District’s regular annual contributions to CalSTRS for fiscal years 2020-21 through 2023-24 and the budgeted contribution for fiscal year 2024-25 and such contributions as a percentage of the District’s Total Governmental Funds expenditures for fiscal years 2020-21 through 2024-25. The District has always paid all required CalSTRS annual contributions. As of January 1, 2025, 39,045 District employees were members of CalSTRS.

TABLE A-9
LOS ANGELES UNIFIED SCHOOL DISTRICT
Annual Regular CalSTRS Contributions
Fiscal Years 2020-21 through 2024-25
(\$ in millions)

Fiscal Year	CalSTRS Employer Rate	District Contributions⁽¹⁾	District Contribution as Percentage of Total Governmental Funds Expenditures
2020-21	16.15%	\$497.7	4.61%
2021-22	16.92	563.9	4.62
2022-23	19.10	663.9	5.33
2023-24 ⁽²⁾	19.10	740.7	5.30

Actuarial Valuation. The State Teachers' Retirement Board has sole authority to determine the actuarial assumptions and methods used for the valuation of the DB Plan. CalSTRS actuarial consultant (the "Actuarial Consultant") determines the actuarial value of the DB Plan's assets by using a one-third smoothed recognition method of the difference between the actual market value of assets to the expected actuarial value of assets. Accordingly, the actuarial value of assets will not reflect the entire impact of certain investment gains or losses on an actuarial basis as of the date of the valuation or legislation enacted subsequent to the date of the valuation.

The actuarial valuation for the entire CalSTRS defined benefit program as of June 30, 2023 (the "2023 CalSTRS Actuarial Valuation") showed an estimated unfunded actuarial liability of \$86.59 billion, a decrease of approximately \$1.97 billion from the June 30, 2022, valuation. Such estimated unfunded actuarial liability was projected to decrease in the June 30, 2022, valuation, which projected an unfunded actuarial liability of \$88.10 billion as of June 30, 2023. The actual unfunded actuarial liability as of June 30, 2023, represents a net actuarial gain of approximately \$1.52 billion. Such net actuarial gain is due primarily to change in actuarial value assumptions based on the most recent experience analysis, member salary increases being more than assumed, market value returns (estimated at 6.50%) being less than assumed (7.00%) and returns on actuarial value of assets (estimated at 7.20%) being greater than assumed as the recognition of actuarial investment gains which were previously deferred had a greater impact on recognition of the less-than-assumed market return for the most recent year. The funded ratios of the actuarial value of valuation assets over the actuarial accrued liabilities as of June 30, 2023, and June 30, 2022, based on the actuarial assumptions, were approximately 75.90% and 74.40%, respectively. According to the 2023 CalSTRS Actuarial Valuation, the funded ratio increased by 1.50% during the past year. As described in the 2023 CalSTRS Actuarial Valuation, the increase in the funded ratio is primarily due to the new assumptions and contributions made to pay down the unfunded actuarial obligation in fiscal year 2022-23. Persistent negative returns on investments may result in increased employer contribution rates above the current level of expected increases. The District cannot predict the impact of State, national, and international events on investment returns and employer contribution rates or the amount the District will be required to pay for pension related costs. Accordingly, there can be no assurances that the District's required contributions to CalSTRS will not increase in the future, subject to the limitations of AB 1469.

The following are certain of the actuarial assumptions set forth in the 2023 CalSTRS Actuarial Valuation: measurement of accruing costs by the "Entry Age Normal Actuarial Cost Method," an assumed

7.00% investment rate of return for measurements subsequent to June 30, 2016, 3.00% interest on member accounts, 3.50% projected wage growth, 3.25% payroll growth, and 2.75% projected inflation and demographic assumptions relating to mortality rates, length of service, rates of disability, rates of withdrawal, probability of refund, and merit salary increases. Future estimates of the actuarial unfunded liability may change due to market performance, legislative actions and other experience that may differ from the actuarial assumptions used for the CalSTRS valuation. The 2023 CalSTRS Actuarial Valuation also assumes that all members hired on or after January 1, 2013, are subject to the provisions of PEPRA (as defined herein). See “– *California Public Employees’ Pension Reform Act of 2013*” below for a discussion of the pension reform measure signed by the Governor in September 2012 expected to help reduce future pension obligations of public employers with respect to employees hired on or after January 1, 2013.

The CalSTRS ACFR for fiscal year 2022-23 (the “2022-23 CalSTRS ACFR”) states that during fiscal year 2022-23, CalSTRS included 39,127 covered employees of the District in its State Teachers’ Retirement Program and 3,956 covered employees of the District in its tax-deferred defined contribution plans under Sections 403(b) and 457 of the Internal Revenue Code (the “Pension2 Program”). Accordingly, covered employees of the District represented approximately 7.60% and 11.40% of covered employees in the State Teachers’ Retirement Program and Pension2 Program, respectively.

The UAAL and funded status of the CalSTRS pension fund as of June 30 of fiscal years ended June 30, 2019, through June 30, 2023, are set forth in the following Table A-10. The fair market value of the CalSTRS pension fund as of June 30, 2022, and June 30, 2023, was approximately \$260.29 billion and \$274.17 billion, respectively, based on total system assets less amounts allocable to the CalSTRS Supplemental Benefits Maintenance Account Reserve. The individual funding progress for the District and the District’s proportionate share of CalSTRS’ net pension liability is set forth in the District’s audited financial statements. See “– *Pension Accounting and Financial Reporting Standards*” herein and Note 9 set forth in APPENDIX B – “AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024.”

TABLE A-10
Actuarial Value of CalSTRS Defined Benefit Program
Valuation Dates June 30, 2019 through June 30, 2023
(\$ in billions)

Valuation Date (June 30)	Actuarial Obligation	Actuarial Value of Assets⁽¹⁾	Market Value of Assets	Unfunded Actuarial Obligation	Funded Ratio (Actuarial Value)	Funded Ratio (Fair Market Value)
2019	\$310.719	\$205.016	\$225.466	\$105.7	66.0%	67.0%
2020	322.127	216.252	233.253	105.9	67.1	66.5
2021	332.082	242.363	292.980	89.7	73.0	81.9
2022	346.089	257.537	283.340	88.6	74.4	75.2
2023	359.741	273.155	299.148	86.6	75.9	76.2

⁽¹⁾ Actuarial Value of Assets does not include amounts allocable to the CalSTRS Supplemental Benefits Maintenance Account Reserve which was \$17.38 billion as of June 30, 2019, \$19.13 billion as of June 30, 2020, \$21.03 billion as of June 30, 2021, and \$23.05 billion as of June 30, 2022; and \$24.98 billion as of June 30, 2023.

Sources: California State Teachers’ Retirement System Defined Benefit Program Actuarial Valuations as of June 30, 2019 through June 30, 2023.

District Proportionate Share. As of June 30, 2024, the District’s proportionate share of CalSTRS’ net pension liability was approximately \$4.0 billion, based on a discount rate of 7.10%. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District’s proportion of the net pension liability was based on the fiscal year 2022-23 employer contributions calculated by CalSTRS with consideration given to separately financed and irregular employer contributions relative to the projected contributions of all participating employer and non-employer contributing entities. At June 30, 2023, the District’s proportionate rate was 5.133%. See Note 9(b) of the District’s financial statements in APPENDIX

B – “AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024.”

California Public Employees’ Retirement System. CalPERS is a defined benefit plan that covers classified personnel who work four or more hours per day. CalPERS is operated on a Statewide basis and, based on publicly available information, has significant unfunded liabilities. CalPERS issues a comprehensive annual financial report and actuarial valuations that include financial statements and required supplementary information. Copies of the CalPERS ACFRs and actuarial valuations may be obtained from the CalPERS Financial Services Division, P.O. Box 942703, Sacramento, California 94229-2703. The information set forth therein is not incorporated by reference in this Official Statement. Benefit provisions are established by State legislation in accordance with the Public Employees’ Retirement Law and are generally based on a member’s age, final compensation, and years of credited service. For a description of member benefits for both the Safety Plan and Miscellaneous Plan of the District administered by CalPERS, see Note 9(a) set forth in APPENDIX B – “AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024.”

Funding; Contributions. All qualifying classified employees of K-12 school districts in the State are members in CalPERS. All school districts contributing to CalPERS participate in the same plan and share the same contribution rate in each year. Unlike contributions to CalSTRS, however, which incrementally increase at statutorily set rates, school districts’ contributions to CalPERS fluctuate each year and include a normal cost component and a component equal to an amortized amount of the unfunded liability of CalPERS. Accordingly, the District cannot provide any assurances that the District’s required contributions to CalPERS in future years will not significantly vary from any current projected levels of contributions to CalPERS.

CalPERS is funded by employee contributions and investment earnings, with the balance of the funding provided by employer contributions. School districts’ contributions decrease when investment earnings rise and increase when investment earnings decline. As a result, declines in investment earnings may result in substantial increases in school district contributions. The District cannot make any predictions as to the effect of State, national or international events on investment earnings and school district contributions. Participating employees enrolled in CalPERS prior to January 1, 2013 contribute 7.00% of their respective salaries, while participating employees enrolled after January 1, 2013 contribute the higher of fifty percent of normal costs of benefits or an actuarially determined rate of 8.00% in fiscal year 2023-24, which remains at 8.00% in fiscal year 2024-25. School districts are required to contribute to CalPERS at an actuarially determined rate, which was originally 20.733% and 22.68% of eligible salary expenditures for fiscal years 2019-20 and 2020-21, respectively. The employer contribution rate for fiscal year 2019-20, however, was reduced to 19.721% as a result of the State’s buy-down of employer contribution rates in fiscal year 2019-20. Similarly, the fiscal year 2020-21 State budget allocated funding to buy down employer contribution rates in fiscal years 2020-21 and 2021-22 to approximately 20.70% and 22.91%, respectively. The actuarially determined rate for employer contributions was 25.37% for fiscal year 2022-23 and 26.68% for fiscal year 2023-24 and is 27.05% for fiscal year 2024-25. For a description of employer and member contribution rates, see Note 9(a) set forth in APPENDIX B – “AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024.”

The following Table A-11 sets forth the District’s employer contribution rates, regular annual contributions, inclusive of employee contributions paid by the District to CalPERS for fiscal years 2020-2021 through 2023-24, and the budgeted contribution for fiscal year 2024-25, and such contributions as a percentage of the District’s Total Governmental Funds expenditures for said fiscal years. The District has always paid all required CalPERS annual contributions. As of January 1, 2025, 31,329 District employees were members of CalPERS.

Actuarial Valuation. Since the June 30, 2015, valuation, CalPERS has employed an amortization and smoothing policy that apportions all gains and losses over a fixed 30-year period with the increases or decreases in the rate spread directly over a five-year period. In contrast, the previous policy spread investment returns over a 15-year period with experience gains and losses spread over a rolling 30-year period. The amounts of the pension/award benefit obligation or UAAL will vary from time to time depending upon actuarial assumptions, and actual rates of return on investments, salary scales, and levels of contribution. See Table A-12 – “Actuarial Value of Schools Portion of CalPERS – Historical Funding Status” herein.

The CalPERS Schools Pool Actuarial Valuation as of June 30, 2023 (the “2023 CalPERS Schools Pool Actuarial Valuation”), was released in August 2024, and such valuation reported an actuarial accrued liability of approximately \$124.92 billion with the market value of assets at approximately \$84.29 billion, and a funded status of approximately 67.50%. From June 30, 2022, to June 30, 2023, the funded status of the CalPERS Schools Pool decreased by approximately 0.40%, and the unfunded accrued liability increased by approximately \$3.04 billion, largely due to salary increases in Fiscal Year 2022-23 being higher than expected.

CalPERS reported a 5.8% net return on investments for fiscal year 2022-23. In Fiscal Year 2021-22, however, CalPERS’ reported its first negative return on investments since fiscal year 2008-09. Such negative return generated an actuarial investment loss of approximately \$12.40 billion, which will be amortized over 20 years with a five-year phase in, and increased the component of the expected employer contribution rate related to the unfunded liability contribution in fiscal year 2023-24 by 1.69% of payroll. The 2023 CalPERS Schools Pool Actuarial Valuation reports that the employer contribution rates for fiscal years 2025-26, 2026-27, 2027-28, 2028-29, and 2029-30 are projected to be 27.60%, 28.00%, 29.20%, 29.00%, and 28.80%, respectively. Such projections assume that all actuarial assumptions will be realized, including net investment returns in such fiscal years of 6.80%, and that no further changes to assumptions, contributions, benefits or funding will occur during such fiscal years. Persistent negative returns on investments may result in increased employer contribution rates above the current level of expected increases reflected in the 2023 CalPERS Schools Pool Actuarial Valuation. Actual contribution rates will differ from such projections. The District cannot predict the impact of State, national, and international

events on investment returns and employer contribution rates. Accordingly, there can be no assurances that the District's required contributions to CalPERS will not significantly increase in the future.

The 2023 CalPERS Schools Pool Actuarial Valuation as summarized assumes, among other things, 2.30% price inflation, 2.80% wage inflation and payroll growth of 2.80% compounded annually. The 2023 CalPERS Schools Pool Actuarial Valuation as summarized reflects a discount rate of 6.80% compounded annually (net of investment and administrative expenses) as of June 30, 2023. The CalPERS Board of Administration adopted new demographic assumptions on November 17, 2021, including a reduction in the discount rate from 7.00% as of June 30, 2020, to 6.80% as of June 30, 2021, a reduction in the inflation assumption from 2.50% as of June 30, 2020 to 2.30% as of June 30, 2021, and an increase in payroll growth from 2.75% as of June 30, 2020 to 2.80% as of June 30, 2021. Such assumption changes result in increases in both the normal cost and unfunded liabilities contributions to be paid in the future. The actuarial funding method used in the 2023 CalPERS Schools Pool Actuarial Valuation is the "Entry Age Normal Cost Method."

In November 2024, PERS released its 2024 Annual Review of Funding Levels and Risk (the "2024 PERS Funding Levels and Risk Report"), which provided a summary of the current funding levels of the system, the near-term outlook for required contributions and risks faced by the system in the near and long-term. The 2024 PERS Funding Levels and Risk Report notes that over the next several years there is the potential for various factors to either further increase required contributions or add additional financial strain on employers and their ability to make required contributions, including inflation and near-term economic turmoil. The 2024 PERS Funding Levels and Risk Report notes that over the last few years, price inflation has been significantly higher than the PERS long-term assumption of 2.3%, which can affect liability measures and investment returns in several ways and which can be difficult to quantify. The most direct impact of high inflation is that retirees can receive higher than expected cost of-living adjustments and active employees can receive higher than expected salary increases, which could increase actuarial losses in the future. The 2024 PERS Funding Levels and Risk report concludes that, as of June 30, 2023, the PERS Retirement System had experienced a couple of years of investment returns below the expected return of 6.8%, and actuarial losses primarily due to high inflation which resulted in unexpected cost of living adjustments for retirees and higher than expected member pay increases, which resulted in increased employer contributions along with further increases forecasted for the near future. Despite the strong investment return for the fiscal year ending June 30, 2024, the 2024 PERS Funding Levels and Risk Report notes that employer contributions are currently at relatively high levels due to large amounts of unfunded accrued liability, and uncertainty within the economy suggests possible economic turmoil in the near future. The 2024 PERS Funding Levels and Risk Report concludes that the ability of employers to continue making required contributions to the system is the area of greatest concern.

The UAAL and funded status of the schools portion of CalPERS as of June 30 of fiscal years ended June 30, 2019 through June 30, 2023 are set forth in the following Table A-12.

TABLE A-12
Actuarial Value of Schools Portion of CalPERS
Historical Funding Status
Valuation Dates June 30, 2019 through June 30, 2023
(\$ in millions)

Valuation Date (June 30)	Actuarial Accrued Liabilities	Market Value of Assets (MVA)	Funded Status (MVA)	Unfunded Liability/ (Surplus) (MVA)	Projected Payroll for Determining Contributions	Unfunded Liability/ (Surplus) as % of Payroll
2019	\$ 99,528	\$ 68,177	68.5%	31,351	14,844	211.2
2020	104,062	71,400	68.6	32,662	15,295	213.6
2021	110,507	86,519	78.3	23,988	15,181	158.0
2022	116,982	79,386	67.9	37,596	16,731	224.7
2023	124,924	84,292	67.5	40,632	19,055	213.2

Source: CalPERS Schools Pool Actuarial Valuation as of June 30, 2023.

District Proportionate Share. As of June 30, 2024, the District reported a net pension liability of \$2.8 billion for its proportionate share of the net pension liability of the Miscellaneous Plan. The net pension liability of the Miscellaneous Plan was measured by CalPERS as of June 30, 2023, and the total pension liability for the Miscellaneous Plan used to calculate the net pension liability was determined by CalPERS pursuant to an actuarial valuation as of June 30, 2022 rolled forward to June 30, 2023 using standard update procedures. The District's proportion of the net pension liability was based on the fiscal year 2022-23 employer contributions calculated by CalPERS. As of June 30, 2024, the District's proportion of the CalPERS net pension liability was approximately 7.746%. See “– *Pension Accounting and Financial Reporting Standards*” herein and Note 9(a) to the audited financial statements of the District contained in APPENDIX B – “AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024.”

Safety Plan Actuarial Valuation; Net Pension Liability. The CalPERS Safety Plan of the Los Angeles Unified School District (Employer # 3614620780) Annual Valuation Report as of June 30, 2023 uses the “Entry Age Normal Cost Method” as the actuarial funding method and assumes, among other things, a 6.80% investment rate of return (net of administrative expenses), projected annual salary increases based on category, entry age, and duration of service, projected inflation of 2.30% and projected payroll growth of 2.80%. The UAAL and funded status of the District's Safety Plan, which is an individual component of CalPERS, as of June 30 of fiscal years ended June 30, 2019 through June 30, 2023, are set forth in the following Table A-13. As of June 30, 2024, the District's net pension liability under the CalPERS Safety plan was \$128.0 million. The net pension liability of the CalPERS Safety plan is measured as of June 30, 2023, using standard update procedures. See Note 9(a) to the audited financial statements of the District contained in APPENDIX B – “AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024.”

Public Agency Retirement System. On July 1, 1992, the District joined the Public Agency Retirement System ("PARS"), a multiple-employer retirement trust. This defined contribution plan covers the District's part-time, seasonal, temporary and other employees not otherwise covered by CalPERS or CalSTRS, but whose salaries would otherwise be subject to Social Security tax. Benefit provisions and other requirements are established by District management based on agreements with various bargaining units. The District is unable to predict the amount of the contributions which the District may be required to make to PARS in the future. Accordingly, there can be no assurances that the District's required contributions to PARS will not significantly increase in the future above current levels. The District has always paid all required PARS annual contributions. As of January 1, 2025, 12,691 active District employees were members of PARS.

The following Table A-14 sets forth the District's annual contributions to PARS for fiscal years 2020-21 through 2023-24 and the budgeted annual contribution to PARS for fiscal year 2024-25, and the contributions as a percentage of the District's Total Governmental Funds expenditures for fiscal years 2020-21 through 2024-25.

TABLE A-14
LOS ANGELES UNIFIED SCHOOL DISTRICT
Annual PARS Contribution
Fiscal Years 2020-21 through 2024-25
(\$ in millions)

Fiscal Year	District Contributions⁽¹⁾⁽²⁾	District Contribution as Percentage of Total Governmental Funds Expenditures
2020-21	\$7.3	0.07%
2021-22	6.9	0.06
2022-23	6.2	0.05
2023-24 ⁽³⁾	7.4	0.05
2024-25 ⁽⁴⁾	7.9	0.05

⁽¹⁾ Reflects payments to PARS for pension costs associated with the District's regular and specially funded programs.

⁽²⁾ Includes amounts related to prior years' PARS contributions.

⁽³⁾ Audited.

⁽⁴⁾ Budgeted in Fiscal Year 2024-25 Budget. Amounts do not reflect labor agreements not reflected in Fiscal Year 2024-25 Budget. For a discussion of pending labor agreements not reflected in the Fiscal Year 2024-25 Budget, see "– Employees and Labor Relations – *Negotiations Regarding Labor Contracts*" above.

California Public Employees' Pension Reform Act of 2013. In September 2012, the Governor approved Assembly Bill 340, the California Public Employees' Pension Reform Act of 2013 ("PEPRA"). Among other things, PEPRA establishes new retirement formulas for employees hired on or after January 1, 2013 ("PEPRA Employees") and prohibits public employers from offering defined benefit pension plans to PEPRA Employees that exceed the benefits provided thereunder. PEPRA increases the retirement age for new State, school, city and local agency employees depending on job function and limits the annual CalPERS and CalSTRS pension benefit payouts. PEPRA applies to all public employers except the University of California, charter cities and charter counties. PEPRA is, however, applicable to those entities which contract with CalPERS.

PEPRA mandates equal sharing of normal costs between a contracting agency or school employer and their employees and that employers not pay any of the required employee contribution. PEPRA limits, however, the contribution to an amount not in excess of 8% of pay for local miscellaneous or school members, not more than 12% of pay for local police officers, local firefighters, and county peace officers, and not more than 11% of pay for all local safety members. PEPRA requires employers to complete a good faith bargaining process as required by law prior to implementing changes regarding the contribution requirements. The contribution requirements of PEPRA went into effect on January 1, 2018. See "– *California State Teachers' Retirement System*" and "– *California Public Employees' Retirement System*" herein.

In addition, PEPRA amends existing laws to redefine final compensation for purposes of pension benefits for PEPRA Employees. Further, PEPRA permits certain public employers who have offered a lower defined benefit retirement plan before January 1, 2013 to continue to offer such plan to PEPRA Employees. If a public employer adopts a new defined benefit plan on or after January 1, 2013, however, such plan will be subject to PEPRA requirements unless, among other things, its retirement system's chief actuary and retirement board certify that the new plan is not riskier or costlier to the public employer than the defined benefit formula required under PEPRA.

Pension Accounting and Financial Reporting Standards. In 2012, the Governmental Accounting Standards Board issued Governmental Accounting Standards Board Statement No. 68 – “Accounting And Financial Reporting For Pensions” (“GASB 68”), which revises and establishes new financial reporting requirements for most public employers, such as the District, that provide pension benefits to their employees. GASB 68, among other things, requires public employers providing defined benefit pensions to recognize their long-term obligation for pension benefits as a liability and provides greater guidance on measuring the annual costs of pension benefits, including thorough guidelines on projecting benefit payments, use of discount rates and use of the “entry age” actuarial cost allocation method. GASB 68 also enhances accountability and transparency through revised and new note disclosures and required supplementary information. GASB 68 became effective for the financial statements of plan employers, including the District’s financial statements, commencing the fiscal year ended June 30, 2015.

Pursuant to GASB 68, CalSTRS and CalPERS will use a new blended rate that reflects a long-term rate of return on plan assets, which reflects a pension fund’s long-term investment strategy, and a high-quality, non-taxable municipal bond index rate, to account for the potential need to borrow funds to pay pension benefits after net assets have been fully depleted. CalSTRS has cautioned that use of the new, blended discount rate may cause the financial statements of plans, such as CalSTRS, to reflect an increased unfunded liability.

Other Postemployment Benefits

General. In addition to employee health care costs, the District provides post-employment health care benefits (“OPEB”) in accordance with collective bargaining agreements and the health benefits agreement. The District’s OPEB consists of post-employment benefits for health, prescription drug, dental, and vision coverage for retirees and their dependents. As of June 30, 2024, there were approximately 61,692 active employees who meet the eligibility requirements for OPEB benefits, 39,777 inactive employees or beneficiaries currently receiving benefits, and 183 inactive employees entitled to but not yet receiving benefits, for a total of 101,652 current and former employees entitled to receive benefits under the District’s OPEB plan. Historically, the District has funded these benefits on a pay-as-you-go basis, paying an amount in each fiscal year equal to the benefits distributed or disbursed in that fiscal year. Beginning in fiscal year 2013-14, the District’s policy, subject to District Board approval, is to prefund a portion of its OPEB costs for employees, retirees and their beneficiaries by allocating funds for the express purpose of funding future other postemployment benefit costs to the extent possible. See “– District Financial Policies and Related Practices – *Budget and Finance Policy* – Liability Reserves” herein. The District Board approved the creation of the OPEB Trust Fund in May 2014.

As of June 30, 2024, the District has contributed approximately \$583.3 million to the OPEB Trust Fund, inclusive of the District’s contributions of \$60 million in July 2014, \$30 million in September 2014, \$45 million in September 2015, \$6 million in March 2016, \$78 million in October 2016, \$120 million in October 2017, \$33.3 million in August 2023, \$52.8 million in September 2023, \$17.6 million in each of October 2023, November 2023, December 2023, January 2024, February 2024, March 2024, April 2024 and May 2024, and \$17.4 million in June 2024. The District did not contribute to the Trust Fund in fiscal years 2018-19, 2019-20, 2020-21, 2021-22 and 2022-23, although the District, for internal purposes, designated \$33.3 million of the \$244.3 million contributed to the OPEB Trust Fund in fiscal year 2023-24 as a fiscal year 2022-23 contribution. As of a June 30, 2024 measurement date, the OPEB Trust Fund’s net position was \$820 million. Based on the Fiscal Year 2024-25 Budget, the District has budgeted to contribute \$40.0 million from all funds of the District with eligible employees (not just the General Fund) to the OPEB Trust Fund in fiscal year 2024-25, \$33.0 million of which has been deposited in the OPEB Trust Fund as of April 8, 2025. The District expects to deposit the remaining \$7.0 million budgeted for fiscal year 2024-25 into the OPEB Trust Fund monthly in the amount of \$3.3 million in May 2025 and \$3.7 million in June 2025.

In the April 2024 Actuarial Valuation Report Postretirement Health Benefits as of the June 30, 2023, measurement date for fiscal year 2023-24 (the “2023 Actuarial Valuation”), Aon Hewitt indicated that based on the District’s current funding policy, projected cash flows, and the assumed asset return, the assets in the OPEB Trust Fund are projected to be depleted in fiscal year 2037-38 if such assets were drawn upon to pay benefits as they come due without the District funding such benefits on a pay-as-you-go basis. The year of depletion was projected to be fiscal year 2035-36 in the District’s audited financial statements for fiscal year ended June 30, 2024. See Note 9 to the audited financial statements of the District contained in APPENDIX B – “AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024.”

The following Table A-14 sets forth the District’s funding of other postemployment benefits for fiscal years 2020-21 through 2023-24, the budgeted contribution for fiscal year 2024-25, and the contributions as a percentage of the District’s Total Governmental Funds expenditures for said fiscal years. In addition, Table A-15 sets forth the District’s contribution to the OPEB Trust Fund for fiscal years 2020-21 through 2024-25.

TABLE A-15
LOS ANGELES UNIFIED SCHOOL DISTRICT
Expenditures for Other Postemployment Benefits
Fiscal Years 2020-21 through 2024-25
(\$ in millions)

Fiscal Year	Pay-as-You-Go Amount	OPEB Trust Fund Contribution⁽²⁾	Total Amount	Expenditure as Percentage of Total Governmental Funds Expenditures
2020-21	\$231.2	\$0.0	\$231.2	2.14%
2021-22	231.1	0.0	231.1	1.89
2022-23	235.9	0.0 ⁽³⁾	235.9	1.90
2023-24	245.8	244.3 ⁽³⁾	490.1	3.58
2024-25 ⁽¹⁾	219.9	40.0 ⁽⁴⁾	259.9	1.66

⁽¹⁾ Budgeted.

⁽²⁾ As of June 30, 2024, the District has contributed approximately \$583.3 million to the OPEB Trust Fund, inclusive of the District’s contributions of \$60 million in July 2014, \$30 million in September 2014, \$45 million in September 2015, \$6 million in March 2016, \$78 million in October 2016, \$120 million in October 2017, \$33.3 million in August 2023, \$52.8 million in September 2023, \$17.6 million in each of October 2023, November 2023, December 2023, January 2024, February 2024, March 2024, April 2024 and May 2024, and \$17.4 million in June 2024.

⁽³⁾ The District, for internal purposes, designated \$33.3 million of the \$244.3 million contributed to the OPEB Trust Fund in fiscal year 2023-24 as a fiscal year 2022-23 contribution.

⁽⁴⁾ As of April 8, 2025, \$33.0 million of which has been deposited in the OPEB Trust Fund. The District expects to deposit the remaining \$7.0 million budgeted for fiscal year 2024-25 into the OPEB Trust Fund monthly in the amount of \$3.3 million in May 2025 and \$3.7 million in June 2025.

Postemployment Benefits Other Than Pensions Accounting and Financial Reporting Standards.

In June 2015, the GASB issued Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions (“GASB 75”), which revised and established new accounting and financial reporting requirements for state and local governments, such as the District, that offer OPEB to employees. Pursuant to GASB 75, net OPEB liabilities are required to be recognized in the financial statements for such state and local governments. In addition, GASB 75 provides additional guidance with respect to recognizing and measuring liabilities, deferred outflows and inflows of resources, and expense/expenditures. GASB 75 directs the use of “entry age normal” as the actuarial cost allocation method to be used and the various procedures, assumptions and discount rates to be used in connection with the calculation of liabilities. In connection therewith, states and local governments that do not pre-fund their respective OPEB obligations may report increased liabilities. GASB 75, among other things, requires additional note disclosures and the presentation of required supplementary information in financial statements. GASB 75 was implemented in the District’s audited financial statements beginning in fiscal year 2017-18.

The District’s net OPEB liability takes into consideration the adoption of GASB 75, under which the District is required to recognize in full its total net OPEB liability rather than on an incremental basis. Over the past few years, the District has taken steps to (i) reduce its OPEB liability through a more cost-effective healthcare plan and (ii) pre-fund its OPEB liability by making deposits from time to time to an irrevocable trust when its reserves exceed the 5% Minimum Reserve Threshold, subject to District Board approval.

Changes in Net OPEB Liability. The District’s net OPEB liability has fluctuated over time based on a variety of factors, including changes in healthcare plans and actuarial assumptions and the funded status of the OPEB Trust Fund. In the June 2023 Actuarial Valuation Report Postretirement Health Benefits as of the June 30, 2022, measurement date for fiscal year 2022-23 (the “2022 Actuarial Valuation”), the District’s actuary, Aon Hewitt, pointed out that a byproduct of the GASB 75 standards is the potential for increased volatility of results from year to year, which the District has experienced since the implementation of GASB 75. In January 2019, the District implemented a less costly healthcare plan, the Anthem Preferred PPO (50 state Medicare Advantage Plan) (the “Anthem PPO”), which replaced the United HealthCare Group Medicare Advantage Plan and the Anthem Blue Cross Medicare (EPO) plan. The implementation of the Anthem PPO together with certain updated actuarial assumptions resulted in a significant reduction in the District’s net OPEB liability from \$14.97 billion as of June 30, 2018 (prior to the Anthem PPO implementation) to \$11.18 billion as of June 30, 2019 (after the Anthem PPO implementation) to \$8.58 billion as of June 30, 2020 (based on further revised actuarial assumptions). However, the District’s net OPEB liability as of June 30, 2021 increased to \$11.06 billion and then decreased to \$10.19 billion as of June 30, 2022 based on certain changes in actuarial assumptions described in more detail below. As of June 30, 2023, the District’s net OPEB liability decreased to \$8.48 billion also based on certain changes in actuarial assumptions also described in more detail below. See “– 2022 Actuarial Valuation” below for more information. As of June 30, 2024, the District net OPEB liability increased to \$8.99 billion. See “– 2023 Actuarial Valuation” below for more information.

2022 Actuarial Valuation. The District’s net OPEB liability decreased by approximately \$1.70 billion from \$10.19 billion as of June 30, 2022 to \$8.48 billion as of June 30, 2023. According to the 2022 Actuarial Valuation, the 150-basis point increase in the discount rate from the March 2022 Actuarial Valuation Report Postretirement Health Benefits as of the June 30, 2021 measurement date for fiscal year 2021-22 (the “2021 Actuarial Valuation”) had a considerable impact in the 2022 Actuarial Valuation, decreasing the value of liabilities by more than 20%. As explained in the 2022 Actuarial Valuation, such impact, which is somewhat offset by low asset returns as of the measurement date, decreases the net OPEB liability and the OPEB expense for fiscal year 2022-23. The 2022 Actuarial Valuation reflects updated financial information for fiscal year 2022-23 and is based on the census data, actuarial assumptions, and plan provisions used in the 2021 Actuarial Valuation with the following changes:

- Assets: \$469,939,493 as of June 30, 2022, measurement date
- Municipal Bond Rate: 3.54% as of June 30, 2022, based on the *Bond Buyer* General Obligation Bond 20-Bond Municipal Bond Index
- Contributions: Additional contribution of \$211 million to OPEB Trust Fund scheduled to be made for fiscal years ending 2023, 2024 and 2025. The District currently budgets to contribute \$244.3 million in fiscal year 2023-24, \$33.3 million of which the District, for internal purposes, designated as a fiscal year 2022-23 contribution.
- Expected Long-Term Return on Assets: 6.10% as of June 30, 2022, based on District's revised expectations for certain asset allocations
- Discount Rate: 3.70% as of June 30, 2022, after reassessment based on updated assets and municipal bond rate as of June 30, 2022

2023 Actuarial Valuation. The District's net OPEB liability increased by approximately \$509 million from \$8.48 billion as of June 30, 2023 to \$8.99 billion as of June 30, 2024. The 2023 Actuarial Valuation reflects updated financial information for fiscal year 2023-24 and is based on the census data, actuarial assumptions, and plan provisions used in the 2022 Actuarial Valuation with the following changes:

- Assets: \$499,889,641 as of June 30, 2023, measurement date
- Municipal Bond Rate: 3.65% as of June 30, 2023, based on the *Bond Buyer* General Obligation Bond 20-Bond Municipal Bond Index
- Contributions: Additional contribution of \$33.3 million for fiscal year ending 2023, to be made in fiscal year ending 2024; \$211 million to be made in fiscal year ending 2024; and \$40 million for all future fiscal years.
- Expected Long-Term Return on Assets: 6.20% as of June 30, 2023, based on District's revised expectations for certain asset allocations
- Discount Rate: 3.80% as of June 30, 2023, after reassessment based on updated assets and municipal bond rate as of June 30, 2023

The following Table A-16 shows the impact of the changes to the actuarial assumptions in the 2023 Actuarial Valuation on the District's Net OPEB Liability for the fiscal year ending June 30, 2024 compared to fiscal year June 30, 2023 that was based on the 2022 Actuarial Valuation.

TABLE A-16
LOS ANGELES UNIFIED SCHOOL DISTRICT
NET OPEB LIABILITY
As of June 30, 2023 and June 30, 2024
(\$ in billions)

	Fiscal Year Ending June 30, 2023	Fiscal Year Ending June 30, 2024
(1) OPEB Liability		
(a) Retired Participants and Beneficiaries		
Receiving payment	\$2.755	\$3.353
(b) Active Participants	6.197	6.139
(c) Total	8.952	9.491
(2) Plan Fiduciary Net Position	0.470	0.500
(3) Net OPEB Liability	8.482	8.991
(4) Plan Fiduciary Net Position as a Percentage of the Total OPEB Liability	5.25%	5.27%
(5) Deferred Outflow of Resources for Contributions Made After Measurement Date	\$0.236	-

Source: 2023 Actuarial Valuation.

The District cannot predict the impact future changes in healthcare plans and actuarial assumptions and the funded status of the OPEB Trust Fund will have on the District's net OPEB liability.

For more information on the District's OPEB plan, OPEB liability and related assumptions for fiscal year ended June 30, 2024, see Note 9 to the audited financial statements of the District contained in APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024" attached hereto.

Risk Management and Litigation

General. The District's administration of claims liabilities, insurance coverage and retentions is under review and transition as the District begins to employ the use of a recently-formed Captive Insurer (as defined below) which was incorporated for the benefit of the District. The District created the Captive Insurer in June 2024, effective July 1, 2024, to insure and manage the non-insured/retained auto liability, general liability, and workers' compensation exposures of the District as well as other insurance coverages deemed necessary by the Captive Insurer in the future. The lines of insurance coverage provided by the Captive Insurer are intended to replace certain of the District's third-party insurance and its program of self-insurance and reserves for the related liabilities.

In the aggregate, the District's outstanding liability (losses plus loss adjustment expense) for general, auto, and sexual molestation as of June 30, 2024, on a nominal basis and at the central estimate, is approximately \$621 million. See "– Sexual Misconduct Cases – Current Claims Exposure" below. This estimate is substantially based on an independent third-party actuarial report. The District is in the process of analyzing pending claims, timing of liabilities and potential liabilities, and estimates of liability for claims in accordance with GASB Statement Nos. 10 and 56, which require that the District recognize liabilities as of June 30, 2024, to the extent that the liability is (1) probable, and (2) an amount of the liability can be reasonably estimated. As described above, this liability estimate reflects an accounting perspective. Detailed information is not yet final, and this estimate is provided based on certain averages, assumptions, and opinion.

Captive Insurance Program. The District has reorganized its insurance program to include a captive insurance company, effective July 1, 2024, officially named the Los Angeles Unified School District Insurance Company, LLC (the "Captive Insurer"), a manager-managed Vermont limited liability

company. The Captive Insurer was organized for the purpose of writing insurance and/or reinsurance as a pure captive insurance company operating pursuant to Title 8, Vermont Statutes Annotated, Chapter 141, Captive Insurance, and other relevant laws of the State of Vermont.

The primary purpose of the Captive Insurer is to manage certain risks of the District, offering tailored insurance that may not be available or affordable in the traditional insurance market. Advantages sought with the Captive Insurer include: (a) greater flexibility in customizing coverage to meet specific needs, which may not be fully addressed by conventional insurance policies; (b) enhanced ability to control claims management and underwriting processes, leading to more efficient handling and potentially reduced claims costs; and (c) strategic management of investments and reserves to optimize returns and ensure adequate funding for future claims.

The Captive Insurer evaluates risks, sets premium levels, and invests capitalization and premium payments for future claim payouts. This structure is expected to provide the District with greater control over its insurance costs, claims handling, and risk management practices. The Captive Insurer was established initially to insure and manage the District's non-insured/retained automobile, general, sexual abuse and molestation, and workers' compensation liabilities as well as other insurance coverages deemed necessary by the Captive Insurer in the future. The District will continue to assess its insurance portfolio to identify additional lines of insurance to include in the Captive Insurer. The District is currently evaluating the following lines of coverage to include in the Captive Insurer: boiler and machinery; crime and fiduciary; property; cyber security; and medical malpractice. Currently, a portion of the District's liabilities for sexual abuse and molestation are included in the Captive Insurer.

The District is authorized to budget and appropriate funds for the development and implementation of the Captive Insurer, including capital, premiums, funds and fees in lines of insurance coverage to be provided by the Captive Insurer. Upon substantial implementation of the Captive Insurer in Fiscal Year 2024-25, the District expects to transfer applicable and eligible portions of the District's Internal Service Fund and Liability Self Insurance Fund to the Captive Insurer to be managed, invested, and applied to pay claims. As of July 9, 2024, approximately \$50 million had been transferred to the Captive Insurer. The District has completed subsequent transfers to the Captive Insurer of approximately \$998 million in Fiscal Year 2024-25 and anticipates approximately \$230 million in Fiscal Year 2025-26. Upon its substantial implementation, the District expects that use of the Captive Insurer, together with traditional insurance, reinsurance, and self-insured retentions, will efficiently regulate and minimize insurance costs and secure liability insurance coverage in order to mitigate financial risks.

For fiscal year 2024-25, the Captive Insurer has provided the District with \$5 million of general liability (automobile and sexual abuse and molestation) coverage for lawsuits and settlements. Thereafter, the Captive Insurer has a commercial policy for \$15 million in aggregate in excess of the \$5 million. Lawsuits and settlements over that threshold are covered by the Captive Insurer. As an authorized self-insurer for workers' compensation claims, which reserves the Captive Insurer will manage, invest, and apply to claims, such insurance will provide initial coverage and the District will continue its practice of unlimited coverage for such claims, actuarially determined by, and annually capitalized to, the Captive Insurer.

Traditional Insurance. In addition to the insurance coverage provided by the Captive Insurer, the District maintains various excess property, casualty, and fidelity insurance with varying self-insured retentions. The District's excess property coverage is provided currently through its membership in the Public Entity Property Insurance Program ("PEPIP"), an insurance pool comprised of certain cities, counties, and school districts. The District maintains excess property insurance on all District facilities under a combination of self-insurance retentions and varying sublimits through the excess insurance policies of PEPIP. The current self-insured retention for fire loss damage for excess property coverage is \$2,500,000 per occurrence maintained through a combination of excess policies with an occurrence limit of \$500 million. With respect to this exposure, the District maintains what it considers to be adequate

reserves to cover losses within the self-insurance retention. District General Fund resources are used to pay for property loss insurance and uninsured repairs for property damage. In addition to the above excess property policies, the District purchases a separate boiler and machinery policy with \$100 million in occurrence limits and a Fidelity crime coverage policy with \$15 million in occurrence limits.

Prior to Fiscal Year 2013-14, the District's liability coverage generally included coverage for sexual misconduct and molestation claims with some limited exceptions as described herein with respect to claims potentially revived and made actionable after the passage of Assembly Bill 218. See “– Sexual Misconduct Cases – Assembly Bill 218 and Statute of Limitations in Childhood Sexual Assault Claims” herein. Liability coverage beginning in Fiscal Year 2013-14 did not include this coverage because the District determined that it was not available at reasonable rates from any insurance provider. In March 2014, the District Board approved a joint powers authority agreement by and between the District and Los Angeles Trust Children's Health Inc., a nonprofit public benefit corporation organized under the laws of the State of California, to establish the Los Angeles Unified School District Risk Management Authority (the “Risk Management Authority”) which became effective July 1, 2014. The Risk Management Authority allows the District to purchase reinsurance for excess liability coverage for incidents such as sexual misconduct and molestation, to the extent such coverage is available. The Risk Management Authority was capitalized by the District and provides an insurance program for the District and the Los Angeles Trust Children's Health Inc. The Risk Management Authority allows the District to purchase reinsurance for excess liability coverage which is not presently available to self-insured public agencies such as the District. See “– Sexual Misconduct Cases” herein. The District currently maintains excess liability coverage for lawsuit settlements which covers certain sexual misconduct and molestation claims, among others, with a limit of \$15 million above a \$5 million self-insurance retention; see “Risk Management and Litigation – *Captive Insurance Program*” above.

Workers' Compensation. The District is authorized to self-insure for workers' compensation claims and had previously established the Workers' Compensation Fund for such claims. With the establishment of the Captive Insurer, the District will fund such self-insurance through the Captive Insurer for its workers' compensation liability, which amounts the Captive Insurer will manage, invest, and apply to claims. As described above, a portion of this liability may be covered by insurance obtained by the Captive Insurer.

Pollution Legal Liability Policy. The District purchased a pollution legal liability (“PLL”) policy through Allied World National Assurance Company with coverage of \$10.0 million per incident and \$10.0 million in aggregate, effective May 1, 2023 to May 1, 2026.

Owner-Controlled Insurance Program. The District has arranged for its construction projects to be insured under its owner-controlled insurance program (“OCIP”). An OCIP is a single insurance program that insures the District, the District Board, all enrolled contractors, and enrolled subcontractors, and other designated parties for work performed at project sites. The District pays the insurance premiums for the OCIP coverages and requires each eligible bidder to exclude from its bid price the cost of insurance coverage. The exclusion of the cost of insurance premiums from each bid is intended to result in lower overall bids for projects, which would in turn lower the contract award amount and general obligation bond and other funds spent. In addition, the District may be able to pay a lower overall insurance cost than a single contractor because of the economies of scale gained by the purchase of an OCIP.

Litigation Regarding Insurance Providers. In September 2015, the District filed a lawsuit entitled *Los Angeles Unified School District v. ACE et al.* (the “Miramonte Coverage Action”), in the Los Angeles Superior Court seeking more than \$200 million in damages from twenty-seven of the District's current and former insurance providers who failed to fund the defense and reimburse the District for settlement amounts paid by the District in connection with claims by hundreds of students and parents alleging that negligent hiring, supervision, and retention of former teachers Mark Berndt and Martin Springer at Miramonte Elementary School resulted in sexual abuse of the students. In April 2017, the District filed a second lawsuit

in the Los Angeles Superior Court entitled *Los Angeles Unified School District v. AIU Insurance Company, et. al.* (the “Telfair Coverage Action”), seeking more than \$40 million in damages from eight of the District’s current and former insurance providers in connection with the lawsuits filed against the District alleging that negligence of its employees in hiring, retaining, and supervising Paul Chapel resulted in sexual abuse of approximately twenty students at Telfair Elementary School. In August 2017, the District filed a third lawsuit in the Los Angeles Superior Court entitled *Los Angeles Unified School District v. Allied World et al.* (the “De La Torre Coverage Action”), seeking more than \$60 million in damages from seven of the District’s current and former insurance providers who failed to fund the defense and reimburse the District for settlement amounts paid by the District in connection with claims by over twenty students and their parents alleging that negligent hiring, supervision, and retention of former teacher Robert Pimentel at De La Torre Elementary School resulted in sexual abuse of the students. The District has not been reimbursed by any of the defendants for amounts expended in conjunction with resolving the underlying sexual abuse litigation described in this section. While no insurer agreed to pay any of the District’s defense costs before the coverage actions were filed, rulings obtained in the Miramonte Coverage Action have forced AIG to reimburse the District for over \$21 million in defense costs. Further, the District has alleged that the insurance providers have not only breached their respective insurance obligations owed to the District in connection with underlying litigation but also breached the implied covenant of good faith and fair dealing. In 2021, following a bench trial, the court found that the insurer breached its duty to indemnify the District under one insurance policy at issue in the Miramonte Coverage Action for its settlements of the underlying claims. In the Miramonte Coverage Action and Telfair Coverage Action, the Court has provided guidance to the District in allocating defense costs to exhaustion of the District’s self-insured retentions for specific policy periods, which has allowed the District to recover some additional indemnity payments from certain insurers. In the De La Torre Coverage Action, the Court entered judgment in favor of Lexington Insurance Company, and the District has filed a notice of appeal from that judgment. The District is considering its options with respect to additional motion practice and appellate review.

On November 4, 2020, the District filed another round of lawsuits against its insurers, *Los Angeles Unified School District v. Starr Indemnity & Liability Co., et al.* (the “Cahuenga Coverage Action”) and *Los Angeles Unified School District v. Ins. Co. of the State of Pennsylvania, et al.* (the “Franklin Coverage Action”), in which it is seeking more than \$25 million and \$8 million, respectively, in settlement reimbursements plus defense costs relating to underlying litigation involving the alleged abuse of multiple students at Franklin High School and Cahuenga High School. The District cannot predict the final outcome of or remedy imposed by any court with respect to these complaints or the amounts, if any, by which any of the insurance providers will reimburse the District for settlements and defense costs in the underlying litigation matters. In 2021, the District moved for summary adjudication to establish that the Insurance Company of State of Pennsylvania (an AIG Co.) had breached its duty to defend the District under a 2002-2003 insurance policy, which the court denied. In April 2024, in the Cahuenga Coverage Action, the Court denied the motion for summary judgment of Starr Indemnity & Liability Company, finding triable issues of fact under the Starr policies. In July 2024, in the Franklin Coverage Action, the Court granted the defendant insurers’ motion for summary judgment and entered judgment in favor of the defendants. The District is considering its options with respect to additional motion practice and a limited trial in the Cahuenga Coverage Action.

On September 29, 2022, the District filed a new lawsuit against its insurers, *Los Angeles Unified School District v. Everest National Insurance Company, et al.*, in which it is seeking more than \$11 million in settlement reimbursements plus defense costs relating to underlying litigation involving the alleged abuse of multiple students at El Sereno Elementary School. One insurer has reimbursed some, but not all, of the District’s defense costs in connection with the underlying litigation. The District cannot predict the final outcome of or remedy imposed by any court with respect to this complaint or the amount, if any, by which any of the insurance providers will reimburse the District for settlements and defense costs in the underlying litigation. In April 2024, the Court granted the motion for summary adjudication by Insurance Company of State of Pennsylvania regarding its duties to defend and indemnify under a 2003-2004 policy. The District is considering its options with respect to additional motion practice and appellate review.

On June 26, 2024, the District filed a new lawsuit against its insurers, *Los Angeles Unified School District v. Aetna Insurance Company, et al.*, in which it is seeking more than \$9 million in settlement reimbursements, declaratory relief that would result in its insurers indemnifying future settlement and/or verdict payments, defense costs incurred to defend approximately sixty lawsuits arising out of sexual abuse allegations from the 1950s, 1960s, and 1970s, and punitive damages. The District cannot predict the final outcome of or remedy imposed by any court with respect to this complaint or the amount, if any, by which any of the insurance providers will reimburse the District for settlements and defense costs in the underlying litigation.

Wrongful Death Cases. In August 2020, the mother of an elementary school student filed a lawsuit seeking unspecified damages in excess of \$1,000,000 against the District for the alleged wrongful death of her son on December 26, 2019, after he died from injuries sustained while at a District employee's home, during the employee's non-working hours and when school was out for winter break. The death was later ruled a homicide and the employee was subsequently criminally convicted. A jury trial in the wrongful death matter commenced on July 31, 2023, in the Van Nuys Courthouse of the Los Angeles Superior Court and on August 10, 2023, the jury found the District 90% at fault and plaintiff 10% at fault and awarded plaintiff a total of \$30 million. On October 17, 2023, the District brought a motion for a new trial which the Court denied. On November 8, 2023, the District filed its Notice of Appeal and will seek to overturn the verdict based on a number of grounds that the District believes to have strong merit. Should the District's appeal be unsuccessful, thus obligating the District to pay its share of the judgment (\$27 million), the District's expected share will be \$5 million (self-insured retention amount) and the balance of the judgment would be expected to be covered by the District's reinsurers through the Risk Management Authority. The matter has been fully briefed, and the parties are awaiting an oral argument hearing date.

In September 2022, two high school students overdosed in a bathroom on campus after ingesting a pill believed to have been laced with Fentanyl. The students were found on campus after school hours: one deceased in the bathroom and the second student in the courtyard outside the bathroom. The surviving student found in the courtyard was transported to the hospital. On December 12, 2022, the deceased student's mother filed a complaint in the Los Angeles Superior Court against the District seeking unspecified damages for negligence and wrongful death. She has since made an offer to dismiss her lawsuit in exchange for \$50 million. Trial in that matter is currently set for May 9, 2025. On October 13, 2023, the surviving student filed a lawsuit against the District in the Los Angeles Superior Court, seeking unspecified damages for negligence. The surviving student has not made any offers to resolve her lawsuit. The trial in that matter is currently scheduled for September 9, 2025.

On March 5, 2024, a high school student was involved in a fight on campus, wherein she allegedly sustained injuries, including head trauma. It is further alleged that as a result of these claimed injuries, the student passed away ten days later. A report issued by the Los Angeles County Medical Examiner's Office concluded that the cause of death was head trauma sustained from a fall down a set of stairs on March 10, 2024, while the decedent was attending a party. On September 20, 2024, the mother and the decedent's estate filed a complaint in the Los Angeles Superior Court against the District, seeking unspecified damages for wrongful death. Trial in the matter is currently set for August 3, 2026 and the litigation is in the discovery phase.

In April 2016, a middle school student experienced sudden cardiac arrest during physical education class and died. On July 21, 2017, the father of the student filed a complaint in the Los Angeles Superior Court against the District, seeking unspecified damages for wrongful death. The case was tried in April 2023, resulting in a \$15 million jury verdict. On August 11, 2023, the District filed a Notice of Appeal, which is currently pending. The matter has been fully briefed and oral argument was recently scheduled for April 30, 2025.

Catastrophic Injury Cases. In January 2020, a non-verbal special education student claims to have sustained injury on a District special education campus when he allegedly pulled a soccer goal post net,

causing himself and the goal to fall, hitting him on the head. The student underwent emergency cervical spine surgery as a result of the incident, and his medical bills/costs known to date exceed \$1,000,000. On January 11, 2022, the court appointed conservator for the student filed a complaint in the Los Angeles Superior Court against the District, seeking unspecified damages. The matter settled on September 23, 2024 for \$4.2M and approved by the Board of Education on November 20, 2024.

In February 2017, an elementary school student claimed to have fallen and struck her head during the school day, on campus. On November 22, 2017, the mother of the student filed a complaint in the Los Angeles Superior Court against the District, seeking unspecified damages for traumatic brain injury. Plaintiff alleged the District failed to provide the requisite medical care and failed to contact emergency medical personnel in a timely manner. A verdict was entered against the District in the amount of \$7,083,194.86.

In February 2018, a middle school student suffered a non-fatal injury when a gun, brought to school by another student, accidentally discharged in class causing a bullet fragment to strike the student in the temple. A personal injury action was subsequently filed on behalf of the injured student in the Los Angeles Superior Court against the District and other parties seeking unspecified damages for traumatic brain injury. During litigation, the District brought a motion for summary judgment which the trial court granted in its entirety. Plaintiff subsequently appealed the granting of the motion for summary judgment and dismissal of the case and the California Court of Appeal reversed, in part, the trial court's ruling and remanded the matter to the trial court. Plaintiff's last settlement demand was in excess of \$20 million. In November 2024 the jury returned a defense verdict; plaintiff is pursuing an appeal.

COVID-19 Distance Learning Lawsuits. On September 24, 2020, a class action lawsuit was filed on behalf of nine named plaintiffs in the Los Angeles Superior Court asserting that the District's instructional plan in response to the COVID-19 pandemic denied plaintiffs' children their basic education rights under the California Constitution. The complaint alleges that the District's distance learning approach was inadequate in that it allegedly reduced instructional and professional development time, eliminated student assessments, failed to provide adequate access to technology, and failed to reengage students who did not participate in online learning in the spring of 2020 after the closure of school facilities due to the COVID-19 pandemic. The operative first amended complaint asserts various causes of action for injunctive and declaratory relief, including claims for alleged violations of statutory and Constitutional rights and claims of discrimination and disparate treatment. On April 9, 2021, the District's motion to strike certain allegations in the complaint with respect to individualized education program services was granted, but its demurrer to the first amended complaint was overruled. After plaintiffs filed a second amended complaint, the District filed another demurrer. On August 16, 2021, the Court sustained the District's demurrer with leave to amend. The Court further struck plaintiffs' claims seeking retrospective injunctive relief on a class wide basis. Plaintiffs were given 20 days to file an amended complaint. In September 2021, the Court dismissed the action in its entirety, with prejudice, and entered judgment in favor of the defendants, including the District. Plaintiffs subsequently filed a notice of appeal with the Court of Appeal of California, Second Appellate District. On September 19, 2023, the California Court of Appeal issued its decision reversing in part the September 2021 order dismissing the lawsuit. The Court of Appeal found that dismissal of the case and denial of class certification was premature, permitting the plaintiffs to move forward on three of their eight causes of action, but sustaining the dismissal of the remaining claims in favor of the District. The matter has now been remanded back to the trial court to proceed. Discovery and settlement negotiations are in process. The District will continue to defend the case and also determine any potential settlement options.

COVID-19 Employee Vaccinations Lawsuit. Since the Fall of 2021, the District has been named in at least thirty-four different lawsuits challenging the District's previous COVID-19 vaccination mandate, filed by current and former employees and job applicants, asserting various causes of action for wrongful termination, employment discrimination, and violations of Constitutional rights, among other theories of recovery. As of January 2025, twelve of the thirty-four cases had settled. While certain of the lawsuits have

been filed on behalf of a single named plaintiff, others are filed on behalf of groups of plaintiffs ranging from 6 to 167. The earliest filed of such actions, *Health Freedom Defense Fund v. Carvalho, et al.*, is presently on appeal before the Ninth Circuit Court of Appeals, following the U.S. District Court for the Central District of California's grant of the District's motion for judgment on the pleadings in September 2022. On June 7, 2024, the Ninth Circuit reversed the Central District of California's decision. On February 4, 2025, the Ninth Circuit ordered En Banc review.

In general, the District believes it has strong defenses to these employee vaccination mandate lawsuits, and anticipates that most will result in defense verdicts. Nevertheless, given the inherent uncertainty of litigation and the different factual scenarios presented in each of them, the District faces potential exposure to claims for damages, including lost wages, a claim in at least one case for emotional distress damages, claims for punitive damages, and perhaps most significantly, exposure to potential awards of prevailing party attorneys' fees, which in some employment cases, can reach seven figures. The damages sought in these lawsuits vary significantly, particularly depending on the number of plaintiffs involved, the causes of action asserted, and remedies sought. As such, the District cannot predict the total damages that might be recovered in the event that it does not prevail in one or more of the lawsuits.

Sexual Misconduct Cases. The District is occasionally subject to claims relating to the sexual misconduct of District personnel and other students. There are currently threatened and pending claims against the District brought on behalf of minor students as a result of such alleged sexual misconduct. The District is in various stages of litigation relating to such pending claims and cannot predict the outcome and effects of such claims or provide any assurances that such claims will not be successful. The damages requested by the plaintiffs in the various pending sexual misconduct cases are substantial, but vary significantly, in multiple instances there are demands for several million dollars. The District, however, cannot predict any final award of damages or settlement amounts. The District also cannot predict the damages sought by any threatened litigation.

As described above, the information below reflects an accounting perspective. The District is in the process of analyzing pending claims, the timing of liabilities and potential liabilities, and estimates of liability for claims by class and at levels of potential exposure. Detailed information is not yet final, and this estimate is provided based on certain averages, assumptions, and opinion.

Miramonte. In the Miramonte sexual abuse litigation, involving Mark Berndt (who in 2013 pleaded no contest to 23 felony counts of lewd acts on children and was sentenced to 25 years in prison), there have previously been over \$250 million in settlements with 225 students. This amount was a contingent liability reported in the Fiscal Year 2023-24. There are multiple active cases pending with 75 plaintiffs. This includes several recent complaints filed and served on behalf of 29 plaintiffs. The earliest trial date is scheduled for November 3, 2025, in a four-plaintiff matter. The other remaining matters do not have trial dates yet.

Assembly Bill 218 and Statute of Limitations in Childhood Sexual Assault Claims. Pursuant to Assembly Bill 218 ("AB 218"), which became effective on January 1, 2020, certain changes were made to the claim prerequisites and the applicable statute of limitations periods for claims of childhood sexual assault, including claims against public entities like the District. AB 218 impacted the District's liability exposure because it (1) extended the statute of limitations periods for claims of childhood sexual assault, (2) did away altogether with the Tort Claims Act's presentation requirements for claims involving childhood sexual assault under which many claims were found to be late, and (3) revived certain claims for which applicable statute of limitations periods have otherwise already expired (if brought within three years of January 1, 2020). Pursuant to AB 218, a plaintiff's ability to bring a claim was extended to twenty-two years from the age of majority or five years after the plaintiff discovered or reasonably should have discovered psychological injury or illness occurring after the age of majority caused by the alleged childhood sexual assault. With respect to claims that otherwise would have been barred as of January 1, 2020, AB 218 revived such claims for a period of three years, which period expired on December 31, 2022.

In 2023, the California State Legislature passed, and the Governor signed into law, AB 452 which eliminated the statute of limitations for the recovery of civil damages suffered as a result of childhood sexual assault. AB 452 applies prospectively for civil claims that arise on or after January 1, 2024.

Currently, the District has active cases involving 222 AB 218 claimants who allege misconduct by former employees. Since the District is in the middle of litigation on many of the pending AB 218 lawsuits, the District cannot fully predict the extent of its liability in such cases, whether the claimants will prevail, and if so, how a final court decision or settlement agreement with respect to each such lawsuit may affect the financial status, policies or operations of the District, as the nature of the court's remedy and the responses thereto are unknown at the present time.

Current Claims Exposure. Based on information available to the District as of June 30, 2024, the District estimates its liability for claims arising from AB 218 and similar sexual abuse and molestation claims (losses and allocated loss adjustment expenses) at levels of potential exposure of approximately \$500 million. This estimate is substantially based on an independent third-party actuarial report. Without the benefit of a current actuarial report, which is pending, the District anticipates that its exposure to these types of claims may be closer to \$650 million. It should be noted that these cases include a significant number of claimants in the Miramonte sexual abuse litigation matters described above, among others, and does not include that amount settled with claims dismissed. Further, funds have been set aside as accrued expenses for all current claims pending settlement. As further described elsewhere herein, this exposure estimate reflects an accounting perspective and the District is in the process of analyzing pending claims. Detailed information is not yet final, and this estimate is provided based on certain averages, assumptions, and opinion.

In the aggregate, the District's outstanding liability (losses plus loss adjustment expense) for general, auto, and sexual molestation as of June 30, 2024, on a nominal basis and at the central estimate, is approximately \$621 million. This estimate is substantially based on an independent third-party actuarial report issued in 2024. Without the benefit of a current actuarial report, which is pending, the District anticipates that its exposure to these claims may be closer to \$770 million. The District is in the process of analyzing pending claims, timing of liabilities and potential liabilities, and estimates of liability for claims in accordance with GASB Statement Nos. 10 and 56, which require that the District recognize liabilities as of June 30, 2024, to the extent that the liability is (1) probable, and (2) an amount of the liability can be reasonably estimated. As described above, this liability estimate reflects an accounting perspective. Detailed information is not yet final, and this estimate is provided based on certain averages, assumptions, and opinion.

It is important to note that this projected liability is an estimate, subject to variables including the potential for a changing claims environment over time as may be informed by jury verdicts involving the District and other public agencies subject to the provisions of AB 218 and the results of the District's further analysis of pending claims, with the potential for the movement of claims into higher loss layers than were initially assumed or assumed over time. This potential for claims includes inflation over time, among other variables, and may be inconsistent with the accounting perspective described above and, future loss emergence will likely deviate, perhaps substantially, from these estimates.

Certain recent sexual molestation claims, as described immediately below, have been outside of District expectations and actuarial assumptions at the per claims level and are, for example, respectively, proceeding to trial and approved for settlement on an assumed expectation for coverage since denied. Notwithstanding, the District believes that its expected nominal, central estimate of total liability is within the range of probabilities, based on current claims analysis. As discussed, the estimates herein at this time are subject to the variables described above and necessarily constitute forward looking statements. Actual results may differ or differ materially from those contemplated in such forward-looking statements.

From October 8, 2020, to June 3, 2022, seventeen former elementary school students filed complaints (nine total complaints) in the Los Angeles Superior Court against the District seeking unspecified damages for negligence and the failure to file a mandatory report of suspected child abuse based on allegations that from Fall 1988 to Spring 1991, they were victims of sexual abuse by their 1st grade teacher. The plaintiffs allege District employees knew or should have known of the alleged abuse and failed to take action to remove the teacher and failed to notify the authorities of suspected child abuse. On November 4, 2024, a \$68 million settlement was reached subject to Board approval. The Board approved the settlement on January 15, 2025.

On May 12, 2021, three former elementary school students filed a complaint in the Los Angeles Superior Court against the District seeking unspecified damages for negligence and the failure to file a mandatory report of suspected child abuse based on allegations that from Fall 2006 to Spring 2008, they were victims of their 4th grade (for two of the plaintiffs) and 1st grade (for one of the plaintiffs) teacher. The plaintiffs allege District employees knew or should have known of the alleged abuse and failed to take action to remove the teacher and failed to notify the authorities of suspected child abuse. A settlement of \$24 million was reached following a second mediation on May 17, 2024, with the District's expectation being that its insurer would pay much of the settlement given applicable coverages. The District Board approved the settlement on September 11, 2024, the same day the District's insurer for the relevant time period denied coverage for the claims. The District is currently weighing all options, including pursuing a coverage action against its insurer.

The District has set aside an amount in its Liability Self-Insurance Fund to pay certain existing claims amounts arising under AB 218. Additional amounts are expected to be provided and available to the Captive Insurer, with required reserves, liabilities and insurance policy premiums determined by the Captive Insurer and charged to the District using actuarial information. The District's total liability arising from existing AB 218 claims may ultimately exceed such amounts. The District expects to amortize payments on remaining claims beyond the year in which they accrue. See “- Assembly Bill 218 and Statute of Limitations in Childhood Sexual Assault Claims” above. While the District may be able to access insurance coverage for a portion of some of the AB 218 claims, the District is not currently able to determine what amount of the total liability may be covered by prior insurance policies or existing insurance policies for excess coverage. The District has identified certain gaps in insurance coverage prior to 1992 for which it is actively investigating the availability of policies that may provide coverage for claims arising from AB 218. Additionally, under AB 218, individuals who were over the age of 26 and under 40 on December 31, 2022, will still be able to timely file a lawsuit until they turn 40, and the District is unable to estimate the potential liability associated with this group of potential claimants.

The California Government Code requires the District to pay each judgment in the fiscal year that it becomes due, to the extent funds are available, or if its funds are not sufficient, in the “ensuing fiscal year immediately upon the obtaining of sufficient funds for that purpose.” Such liabilities demanding prompt payment may in the aggregate exceed the amount currently reserved for settlements and monetary damages and not otherwise amortized beyond the year in which they accrue. The District may finance or refinance certain judgments arising from AB 218 and similar claims, essentially refunding claims such that claims liabilities can be spread over several years, whether pursuant to California law applicable to local agencies such as the District, or by court order for a period not to exceed ten years commencing with the judgment or court's order approving a settlement with dismissal of the action. See “Future Financings – AB 218 and Similar Claims.” Without amortization of pending and projected claims, such liabilities could decrease the District's net position as of June 30, 2024 from the amount set forth in the District's financial statements for Fiscal Year 2023-24.

Within the District, the treatment of child abuse and related reporting has evolved significantly over the past several decades. Prior to 1981, District employees did not have child abuse and neglect reporting obligations under California law, and there was limited, if any, training provided to District employees. Since 1981, California law mandates District employees to report suspected child abuse or neglect. The

District's policies on such reporting have evolved and improved since then consistent with changes to California law. The District currently maintains (a) policies regarding child abuse and neglect reporting, sexual harassment (student-to-student, adult-to-student, and student-to-adult), social media for employees and associated persons, responsible use of technology, and ethics, (b) a code of conduct with students, and (c) protocols and procedures for reporting and investigating allegations of employee misconduct. The District also offers a variety of online and in-person training courses and resources to District employees. Currently, all District employees are subject to background checks prior to employment and are required to complete yearly child abuse training. For further reference, certain of the District's policies, protocols, training materials are made available online at the District's website. The District regularly reviews its policies, procedures, and protocols with respect to these topics and updates them periodically to address evolving circumstances.

Litigation Regarding September 2022 Cyberattack. Four separate lawsuits have been filed against the District relating to the 2022 cyberattack on the District. The first three cases have been deemed related, with the matter of *M.M., et al. v. Los Angeles Unified School District*, Case No. 22STCV37822, serving as the lead case. The three lawsuits, filed on behalf of named individuals and purported classes of individuals whose personal information was allegedly posted to the dark web as a result of the cyberattack, have been deemed complex, and plaintiffs' counsel filed a consolidated complaint against the District and Defendant Infosys, Ltd. Therein, on February 13, 2024. The District filed its demurrer in response to the consolidated complaint on March 22, 2024. The District's demurrer was sustained as to 14 of 16 causes of action on June 6, 2024, with leave to amend. Plaintiffs filed their First Amended Class Action Complaint on September 27, 2024, asserting twelve causes of action, including several that were subject to the previous demurrer. The parties engaged in mediation on October 24, 2024, but the mediation did not result in a settlement. The District's demurrer to the amended pleading is set to be heard on April 28, 2025. A separate limited jurisdiction lawsuit related to the 2022 cyberattack was filed in October 2023, and has been settled and dismissed. For more information related to the cyberattack, see "DISTRICT GENERAL INFORMATION – Cybersecurity."

Charter School Co-Location Policy Litigation. On April 2, 2024, the California Charter Schools Association ("CCSA"), on behalf of itself, member charter schools and students they serve, filed a civil action in the Los Angeles Superior Court, challenging the District Board's September 26, 2023, adoption of the resolution titled, "Creating a Charter Schools Co-Location Policy to Mitigate Impacts Caused by Proposition 39" ("Charter School Co-Location Resolution") and March 19, 2024 approval of the "Proposition 39 Charter Schools Co-Location Policy" ("Charter School Co-Location Policy"). On May 20, 2024, the District filed a demurrer and motion to strike. On July 31, 2024, CCSA filed a Verified First Amended Petition for Writ of Mandate and Complaint for Declaratory Relief ("CCSA First Amended Petition"), asserting two writ causes of action and a declaratory relief cause of action. The CCSA First Amended Petition claims that, among other things, by adopting the Charter School Co-Location Policy, the District has violated its mandatory and non-discretionary duty to comply with the California Education Code. The CCSA First Amended Petition also seeks a preliminary injunction prohibiting the District from implementing the Charter School Co-Location Resolution and the Charter School Co-Location Policy until the merits of the lawsuit have been determined. The CCSA First Amended Petition also alleges that the District has failed to comply with the California Public Records Act by refusing to make records available in response to CCSA's request seeking documents related to the District's Proposition 39 compliance and the development/passage of the Charter School Co-Location Resolution and the Charter School Co-Location Policy. The CCSA First Amended Petition seeks, among other things, a writ of mandate that sets aside the Charter School Co-Location Resolution and the Charter School Co-Location Policy, and rescinds all Board policies, administrative regulations and internal directives or guidance documents that restrict the availability of District facilities to charter schools for any reasons not expressly authorized by state law. Additionally, the CCSA First Amended Petition seeks a writ of mandate that commands the District to comply with the California Public Records Act by promptly providing to CCSA all of the records requested in its request. Further, the CCSA First Amended Petition seeks a declaratory judgment stating that the Charter School Co-Location Resolution and the Charter School Co-Location Policy do not comply with

Proposition 39 and are unnecessary, unenforceable, and void. The CCSA First Amended Petition also seeks a preliminary injunction commanding the District to not enforce the Charter School Co-Location Resolution and the Charter School Co-Location Policy. Lastly, the CCSA First Amended Petition seeks recovery of CCSA's attorneys' fees and costs. On October 29, 2024, the court overruled the District's demurrer to the CCSA First Amended Petition, finding that it satisfied the minimum pleading standard. But the court also denied CCSA's motion for a preliminary injunction, stating, in part, "on its face, the policy does not necessarily violate Proposition 39. Contrary to CCSA's argument, the District has not implemented a 'ban' on these co-locations. Rather, the policy contains guidelines to be considered in selecting co-locations for charter schools. The law is clear that school districts retain substantial discretion in making decisions under Proposition 39. The policy itself states that these preferences will be considered to the extent that doing so does not violate the law." The court has set trial for April 25, 2025.

Proposition 28 Litigation. In February 2025, the District's former superintendent, among others, filed a civil action against the District and the Superintendent, alleging misuse of approximately \$77 million in taxpayer funds that voters approved pursuant to Proposition 28 to expand arts and music education. The District has not yet been served with the complaint and cannot predict the outcome of the matter.

District Debt

General Obligation Bonds. From July 1997 through March 2003, the District issued the entire amount of \$2,400,000,000 general obligation bonds authorized pursuant to Proposition BB approved by voters on April 8, 1997 (the "Proposition BB Authorization"). From May 2003 to May 2010, the District issued the entire amount of \$3,350,000,000 general obligation bonds pursuant to Measure K approved by voters on November 5, 2002 (the "Measure K Authorization"). From September 2004 through October 2021, the District issued the entire amount of \$3,870,000,000 general obligation bonds pursuant to Measure R approved by voters on March 2, 2004 (the "Measure R Authorization"). From February 2006 through October 2021, the District issued the entire amount of \$3,985,000,000 general obligation bonds pursuant to Measure Y approved by voters on November 8, 2005 (the "Measure Y Authorization").

A \$7,000,000,000 general obligation bond authorization was approved by voters on November 4, 2008 (the "Measure Q Authorization"). The District has issued \$4,800,955,000 of Measure Q general obligation bonds, leaving \$2,199,045,000 available under the Measure Q Authorization. A \$7,000,000,000 general obligation bond authorization was approved by the voters on November 3, 2020 (the "Measure RR Authorization"). The District has issued \$1,600,000,000 of Measure RR general obligation bonds, leaving \$5,400,000,000 available under the Measure RR Authorization.

A \$9,000,000,000 general obligation bond authorization was approved by voters on November 5, 2024 (the "Measure US Authorization"). [Following the issuance of the New Money Bonds, the first issuance of bonds pursuant to the Measure US Authorization, the District will have issued \$[PAR AMOUNT] of Measure US general obligation bonds, leaving \$[] available under the Measure US Authorization.]

Under the District's general obligation bond program, approximately 24,475 new school construction, rehabilitation, modernization and replacement projects, which are intended to upgrade facilities and improve the learning environment for students, have been completed. In addition, 822 projects valued at approximately \$8.5 billion are currently underway, including 590 projects valued at nearly \$3.7 billion in pre-construction, and 232 projects valued at nearly \$4.8 billion under construction.

Pursuant to Section 1(b)(3) of Article XIII A of the State Constitution, Chapters 1 and 1.5 of Part 10 of Division 1 of Title 1 of the State Education Code, as amended, and other applicable law (collectively, the "Act"), the District Board has appointed the LAUSD School Construction Bond Citizens' Oversight Committee (the "Citizens' Bond Oversight Committee"). The Citizens' Bond Oversight Committee is composed of 15 members representing numerous community groups and operates to inform the public

concerning the spending of Measure K, Measure R, Measure Y, Measure Q, Measure RR, and Measure US Authorization bond funds authorized by the Act. The Citizens' Bond Oversight Committee regularly reviews the potential bond projects and budgets and provides non-binding advice to the District Board on how to allocate and reallocate scarce bond proceeds in order to ensure the completion of viable projects and to avoid non-completion of projects once commenced. The Citizens' Bond Oversight Committee also informs the public concerning the spending of funds attributable to the Proposition BB Authorization, although Proposition BB was approved under statutes other than the Act. The Citizens' Bond Oversight Committee meets monthly in order to review all matters including, among other things, changes in budget, scope and schedules that relate to the District's general obligation bonds and the projects proposed to be funded therefrom. In addition, the Citizens' Bond Oversight Committee makes recommendations to the District Board regarding such matters. See "CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Proposition 39" herein. The District's Office of the Inspector General conducts audits on a selected number of the construction management firms on an annual basis to ensure that funds from the School Upgrade Program and other legacy bond programs are spent in compliance with the Act and the District's policies relating thereto. The District's outside auditor, Simpson & Simpson, currently prepares the required bond audits regarding the expenditures of general obligation bond proceeds.

The members of the District's Citizens' Bond Oversight Committee and the community groups represented by such members are set forth in Table A-17 below.

Lease Obligations and Certificates of Participation. As of January 1, 2025, the District has outstanding lease obligations in the form of COPs in the aggregate principal amount of approximately \$443.04 million. The District estimates that the aggregate payment of principal and interest evidenced by COPs will be approximately \$605.60 million until the final maturity thereof. The District's lease obligations are not subject to acceleration in the event of a default thereof. The following Table A-24 sets forth the District's existing lease obligations paid from the District General Fund with respect to its outstanding COPs as of January 1, 2025. The table below does not reflect the issuance of the Bonds expected to defease a portion of the District's outstanding COPs -- see "PLAN OF FINANCE AND REFINANCE" in the forepart of this Official Statement. See "– Future Financings – *Lease Financings*" for more information. A portion of the District's 2023 COPs will be prepaid with a portion of the proceeds of the Series B Bonds.

TABLE A-24

Certificates of Participation Lease Obligations Debt Service Schedule⁽¹⁾
(as of January 1, 2025)
(\$ in thousands)

Fiscal Year Ending (June 30)	Paid From General Fund ⁽²⁾⁽³⁾
2025	\$ 10,496,986 ⁽⁴⁾
2026	50,166,678
2027	50,165,837
2028	50,170,829
2029	50,163,720
2030	48,411,327
2031	48,412,291
2032	38,004,125
2033	38,001,075
2034	37,992,000
2035	37,985,550
2036	36,406,750
2037	36,409,000
2038	36,410,750
2039	36,408,000
Total⁽³⁾	<u>\$605,604,918</u>

⁽¹⁾ The lease payments reflect the net obligations of the District due to the defeasance of certain COPs.

⁽²⁾ The District expects to pay all or a portion of the final debt service payments evidenced by certain series of COPs from funds on deposit in the related debt service reserve fund.

⁽³⁾ Total may not equal sum of component parts due to rounding.

⁽⁴⁾ Only reflects remaining debt service for fiscal year ending June 30, 2025, as of January 1, 2025. Total debt service for fiscal year ending June 30, 2025 is \$50.2 million.

Source: Los Angeles Unified School District.

Limitations Related to Receipt of Federal Subsidy Payments. On March 1, 2013, then-President Barack Obama signed an executive order (the “Sequestration Executive Order”) to reduce budgetary authority in certain accounts subject to sequester in accordance with the Budget Control Act of 2011 (the “Budget Control Act”) and the American Taxpayer Relief Act of 2012 (the “Taxpayer Relief Act”). Pursuant to the Sequestration Executive Order, budget authority for all accounts in the domestic mandatory spending category including, among others, accounts for the payments to issuers of “Direct Pay Bonds,” which includes the District’s outstanding Series J (Qualified School Construction Bonds) (the “Series J Bonds”), are subject to sequestration. Direct Pay Bonds are issued as taxable bonds and provide credits to the District from the federal government pursuant to Section 54AA(d) and 54AA(g) of the Code.

Pursuant to the Bipartisan Budget Act of 2013, enacted in December 2013, the District’s Direct Pay Bonds are subject to the full amount of sequestration budget cuts. The federal subsidy for the Direct Pay Bonds for the federal fiscal year ended September 30, 2023, was reduced by 5.7%, and the U.S. Treasury Department has announced a decrease in subsidy amounts by 5.7% through federal fiscal year ending 2031. During the federal fiscal year ended September 30, 2024, the sequester resulted in a reduction in the aggregate amount of approximately \$0.9 million with respect to the refundable credits for the Series J Bonds.

Congress can terminate, extend or otherwise modify reductions in federal subsidy payments on Direct Pay Bonds due to sequestration at any time. Furthermore, due to recent federal legislation, it was reported that the Congressional pay-as-you-go or PAYGO budget rule and scorecard could increase the overall sequestration percentage from the current level of 5.7% (under the Budget Control Act) to 100%. The Consolidated Appropriations Act of 2023, enacted in December 2022, prevented the PAYGO sequestration provisions from being triggered in January 2023 and delaying PAYGO sequestration until

January 2025, absent further legislation. Accordingly, the District cannot predict what action, if any, that Congress may take with respect to the federal subsidy and its impact on the District's Direct Pay Bonds in future federal fiscal years. The District's Series J Bonds, however, are payable from and secured by *ad valorem* property taxes which are to be assessed in amounts sufficient to pay principal of and interest on the Series J Bonds when due. The County has levied and will continue to levy *ad valorem* property taxes in an amount sufficient to pay principal of and interest on the Series J Bonds when due regardless of the amount of federal subsidy.

On January 20, 2025, President Trump issued a series of executive orders, which include ensuring that federal funds are used in a manner approved by the current administration. In response to and in an effort to carry out such orders, on January 27, 2025, the White House Office of Management and Budget ("OMB") released its Memorandum M-25-13, Temporary Pause of Agency Grant, Loan, and Other Financial Assistance Programs (the "OMB Memorandum"). The OMB Memorandum directed federal agencies to temporarily pause all activities related to obligation or disbursement of all federal financial assistance, and said temporary pause was to become effective at 5:00 p.m. on January 28, 2025. The OMB Memorandum caused mass confusion as to whether certain Federal funding and grants would be paused. On January 28, 2025, shortly before the OMB Memorandum became effective, a federal judge blocked the pause on federal funding. On January 29, 2025, OMB rescinded the OMB Memorandum. Although the OMB Memorandum was rescinded, the executive orders are in effect and the matter is ongoing as spending reviews are ongoing. On January 31, 2025, a federal judge issued a temporary restraining order that says the administration cannot pause, freeze, impede, block, cancel, or terminate federal financial assistance obligations to the states. Responding to the petition of several state Attorneys General, on February 10, 2025, a federal judge issued an Enforcement Order clarifying the scope of temporary restraining order and ordering the Trump Administration to release federal funds and comply with the earlier order. The Trump Administration's request to stay the temporary restraining order was denied. The District cannot predict any action to be taken in carrying out the executive orders nor its effect on the District's federal funding or operations of the District.

Tax and Revenue Anticipation Notes. On November 22, 2024, the District issued \$54,563,613 aggregate principal amount of its 2024-25 Tax and Revenue Anticipation Notes, Series A (the "2025A TRANS"). On January 30, 2025, the District issued \$1,362,475.87 of its 2024-25 Tax and Revenue Anticipation Notes, Series B (the "2025B TRANS"). On March 27, 2025, the District issued \$14,026,452.50 aggregate principal amount of its 2024-25 Tax and Revenue Anticipation Notes, Series C (the "2025C TRANSs"). The 2025A TRANSs, the 2025B TRANSs and the 2025C TRANSs all mature on August 1, 2025. The District anticipates paying the 2025A TRANSs, 2025B TRANSs and 2025C TRANSs through the issuance of judgement obligation bonds in fiscal year 2024-25. See "- Future Financings – Judgment Obligation Bonds" below.

Future Financings

General Obligation Bonds. The District may not issue general obligation bonds without voter approval and may not issue general obligation bonds in an amount greater than its bonding capacity. The District may not issue general obligation bonds under the Measure US Authorization if the tax rate levied to meet the debt service requirements under the related Authorization for general obligation bonds is projected to exceed \$60 per year per \$100,000 of taxable property in accordance with Article XIII A of the State Constitution. See "CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Article XIII A of the State Constitution" and "– Proposition 39" herein.

Pursuant to the Education Code, the District's bonding capacity for general obligation bonds may not exceed 2.5% of taxable property valuation in the District as shown by the last equalized assessment roll of the County. The taxable property valuation in the District for fiscal year 2024-25 is approximately \$972.87 billion, which results in a total current bonding capacity of approximately \$24.32 billion. The

District's available capacity for the issuance of new general obligation bonds is approximately \$13.26 billion (taking into account current outstanding debt before the issuance of the Bonds). The fiscal year 2024-25 assessed valuation of property within the District's boundaries of approximately \$972.87 billion reflects an increase of 4.61% from fiscal year 2023-24. See "SECURITY AND SOURCE OF PAYMENT FOR THE BONDS – Assessed Valuation of Property Within the District" in the forepart of this Official Statement and "CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Article XIII A of the State Constitution" herein. See also "SECURITY AND SOURCE OF PAYMENT FOR THE BONDS – Assessed Valuation of Property Within the District - 2025 *Wildfires*" in the forepart of this Official Statement.

Following the issuance of the Bonds, the District has \$[] authorized and unissued general obligation bond authorization remaining under the Measure US Authorization. The District may issue additional general obligation bonds or general obligation refunding bonds in the future depending upon project needs and market conditions.

As provided in the text of each of the ballots of Proposition BB, Measure K, Measure R, Measure Y, Measure Q, Measure RR, and Measure US, the District Board does not guarantee that the respective bonds authorized and issued under the Proposition BB, Measure K, Measure R, Measure Y, Measure Q, Measure RR, and Measure US Authorizations will provide sufficient funds to allow completion of all potential projects listed in connection with said measures.

Lease Financings. The District may finance capital projects through the execution and delivery of certificates of participation or other obligations secured by general fund lease payments from time to time. In particular, the District may utilize lease financing, from time to time, to fund projects that are not eligible to be funded with general obligation bond proceeds, that are not authorized to be funded under existing general obligation bond measures, or for which there is not sufficient general obligation bond authorization to fund. See also "– District Financial Policies and Related Practices – Debt Management Policy" herein.

AB 218 and Similar Claims. With respect to a portion of the District's pending and potential liabilities for sexual misconduct and similar claims including those brought pursuant to AB 218, the District has approved the issuance of certain judgment obligation notes and bonds for the refinancing and amortization of such claims resulting in settlement and final judgment of the court. See "DISTRICT FINANCIAL INFORMATION – Risk Management and Litigation – *Sexual Misconduct Cases.*"

The refinancing and amortization of these claims over a ten-to-twenty-year period as general unsecured obligations of the District payable from legally available revenues will result in more manageable annual payment obligations in the near term and minimize detrimental impacts upon the District's operations and currently enrolled and future students. To provide for the issuance of the judgment obligation notes and bonds, the District Board adopted an approving resolution and the District filed a complaint in the Los Angeles Superior Court for judicial validation in June 2024. Judicial validation is necessary for the District to deliver the notes, bonds and related agreements to the satisfaction of lenders and bond investors as legally enforceable obligations of the District meeting an exception to the constitutional debt limitation under the California constitution. Answers and objections to the complaint were filed by certain claimants but have now been withdrawn. The District is awaiting the court's decision on its ex parte motion for judgment of validation and cannot predict the outcome.

Tax and Revenue Anticipation Notes. The District may issue additional tax and revenue anticipation notes in fiscal year 2024-25 for purposes of paying obligations of the District payable or accruing during fiscal year 2024-25, particularly as an interim financing mechanism in connection with its refinancing of claims arising from AB 218 and similar claims. See "– AB 218 and Similar Claims" above. The District may also issue tax and revenue anticipation notes in future fiscal years depending on State and federal funding.

Judgement Obligation Bonds. The District expects to issue judgement obligation bonds in fiscal year 2024-25, in order to pay the District's outstanding 2024-25 tax and revenue anticipation notes issued as an interim financing mechanism in connection with its refinancing of claims arising from AB 218 and similar claims. See "– AB 218 and Similar Claims" above. The District may issue judgement obligation bonds in future fiscal years as well.

CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS

Constitutionally Required Funding of Education

The State Constitution requires that from all State revenues there shall first be set apart the moneys to be applied by the State for the support of the public school system and public institutions of higher education. California school districts receive a significant portion of their funding from State appropriations. As a result, decreases as well as increases in State revenues can significantly affect appropriations made by the State Legislature to school districts.

Article XIII A of the State Constitution

On June 6, 1978, California voters approved Proposition 13 ("Proposition 13"), which added Article XIII A to the State Constitution ("Article XIII A"). On June 3, 1986, California voters approved Proposition 46 ("Proposition 46") which amended Article XIII A to permit local governments and school districts to increase the *ad valorem* property tax rate above 1% if two-thirds of those voting in a local election approve the issuance of such bonds and the proceeds of such bonds are used to acquire or improve real property. See "SECURITY AND SOURCE OF PAYMENT FOR THE BONDS – California Constitutional and Statutory Provisions Relating to *Ad Valorem* Property Taxes – Article XIII A of the California Constitution" in the forepart of this Official Statement.

The provisions of Article XIII A were subsequently modified pursuant to Proposition 39, which was approved by California voters on November 7, 2000. See "– Proposition 39" below. Article XIII A defines full cash value to mean "the county assessor's valuation of real property as shown on the 1975-76 tax bill under "full cash value," or thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred after the 1975 assessment." The full cash value may be adjusted annually to reflect inflation at a rate not to exceed 2% per year, or a reduction in the consumer price index or comparable local data at a rate not to exceed 2% per year or reduced in the event of declining property value caused by substantial damage, destruction or other factors including a general economic downturn. Subsequent amendments further limit the amount of any *ad valorem* tax on real property to 1% of the full cash value except that additional taxes may be levied to pay debt service on bonded indebtedness approved by the requisite percentage of voters voting on the proposition.

Legislation Implementing Article XIII A

Legislation has been enacted and amended a number of times since 1978 to implement Article XIII A. Under current law, local agencies are no longer permitted to levy directly any *ad valorem* property tax (except to pay voter-approved indebtedness). The 1% *ad valorem* property tax is automatically levied by the County and distributed according to a formula among taxing agencies. The formula apportions the tax roughly in proportion to the relative shares of taxes levied prior to 1989.

Increases of assessed valuation resulting from reappraisals of property due to new construction, change in ownership or from the up to 2% annual inflationary adjustment of the 1% tax base are allocated among the various jurisdictions in the "taxing area" based upon their respective "situs." Any such allocation made to a local agency continues as part of its allocation in future years. Separate *ad valorem* property taxes to pay voter approved indebtedness such as general obligation bonds are levied by the County on behalf of

the local agencies. Article XIII A effectively prohibits the levying of any other *ad valorem* property tax above the Proposition 13 limit except for taxes to support such indebtedness.

The full cash value of taxable property under Article XIII A represents the maximum taxable value for property. Accordingly, the fair market value for a given property may not be the equivalent of the full cash value under Article XIII A. During periods in which the real estate market within the District evidences an upward trend, the fair market value for a given property, which has not been reappraised due to a change in ownership, may exceed the full cash value of such property. During periods in which the real estate market demonstrates a downward trend, the fair market value of a given property may be less than the full cash value of such property and the property owner may apply for a “decline in value” reassessment pursuant to Proposition 8. Reassessments pursuant to Proposition 8, if approved by the Office of the County Assessor, lower valuations of properties (where no change in ownership has occurred) if the current value of such property is lower than the full cash value of record of the property. See “SECURITY AND SOURCE OF PAYMENT FOR THE BONDS – Assessed Valuation of Property Within the District” in the forepart of this Official Statement. The value of a property reassessed as a result of a decline in value may change, but in no case may its full cash value exceed its fair market value. When and if the fair market value of a property which has received a downward reassessment pursuant to Proposition 8 increases above its Proposition 13 factored base year value, the Office of the County Assessor will enroll such property at its Proposition 13 factored base year value.

Proposition 19

On November 3, 2020, State voters approved Proposition 19, a legislatively referred constitutional amendment (“Proposition 19”), which amends Article XIII A to (i) expand special rules that give property tax savings to homeowners that are over the age of 55, severely disabled, or whose property has been impacted by wildfire or natural disaster, when they buy a different home; (ii) narrow existing special rules for inherited properties; and (iii) dedicate most of the potential new State revenue generated from Proposition 19 toward fire protection. The District cannot make any representation regarding the effect Proposition 19 may have on District revenues or the assessed valuation of real property in the District. The District cannot provide make any representation regarding the effect Proposition 19 may have on District revenues or the assessed valuation of real property in the District. Any reduction of assessed valuation, however, would result in a corresponding increase in the annual tax rate levied by the County to pay the debt service on to the Bonds.

State-Assessed Utility Property

Some amount of property tax revenue of the District is derived from utility property which is considered part of a utility system with components located in many taxing jurisdictions. Under the State Constitution, such property is assessed by the State Board of Equalization (“SBE”) as part of a “going concern” rather than as individual pieces of real or personal property. Such State-assessed property is allocated to the counties by the SBE, taxed at special county-wide rates, and the tax revenues distributed to taxing jurisdictions (including the District) according to statutory formulae generally based on the distribution of taxes in the prior year.

The California electric utility industry has been undergoing significant changes in its structure and in the way in which components of the industry are regulated and owned. Sale of electric generation assets to largely unregulated, non-utility companies may affect how those assets are assessed, and which local agencies are to receive the property taxes. The District is unable to predict the impact of these changes on its utility property tax revenues, or whether legislation may be proposed or adopted in response to industry restructuring, or whether any future litigation may affect ownership of utility assets or the State’s methods of assessing utility property and the allocation of assessed value to local taxing agencies, including the District. So long as the District is not a basic aid district, taxes lost through any reduction in assessed valuation will be compensated by the State as equalization aid under the State’s school financing formula.

Article XIII B of the State Constitution

An initiative to amend the State Constitution entitled “Limitation of Government Appropriations” was approved on September 6, 1979 thereby adding Article XIII B to the State Constitution (“Article XIII B”). In June 1990, Article XIII B was amended by the voters through their approval of Proposition 111. Under Article XIII B, the State and each local governmental entity have an annual “appropriations limit” and are not permitted to spend certain moneys that are called “appropriations subject to limitation” (consisting of tax revenues, State subventions and certain other funds) in an amount higher than the appropriations limit. Article XIII B does not affect the appropriations of moneys that are excluded from the definition of “appropriations subject to limitation,” including debt service on indebtedness existing or authorized as of January 1, 1979, or bonded indebtedness subsequently approved by the voters. In general terms, the appropriations limit is to be based on certain 1978-79 expenditures and is to be adjusted annually to reflect changes in costs of living and changes in population, and adjusted where applicable for transfer of financial responsibility of providing services to or from another unit of government. Among other provisions of Article XIII B, if these entities’ revenues in any year exceed the amounts permitted to be spent, the excess would have to be returned by revising tax rates or fee schedules over the subsequent two years. However, in the event that a school district’s revenues exceed its spending limit, the district may, in any fiscal year, increase its appropriations limit to equal its spending by borrowing appropriations limit from the State, provided the State has sufficient excess appropriations limit in such year. See “STATE FUNDING OF SCHOOL DISTRICTS” herein.

The 2025-26 State Budget Proposal projects that the State will not be below its appropriations limit (also referred to as the Gann Limit) for fiscal year 2025-26. The District Board adopted the annual appropriation limit for both fiscal year 2023-24 and fiscal year 2024-25 of approximately \$4.00 billion and \$4.06 billion, respectively. The limitation applies only to proceeds of taxes and therefore does not apply to service fees and charges, investment earnings on non-proceeds of taxes, fines, and revenue from the sale of property and taxes received from the State and federal governments that are tied to special programs.

Article XIII C and Article XIII D of the State Constitution

On November 5, 1996, the voters of the State of California approved Proposition 218, popularly known as the “Right to Vote on Taxes Act.” Proposition 218 added to the California Constitution Articles XIII C and XIII D (respectively, “Article XIII C” and “Article XIII D”), which contain a number of provisions affecting the ability of local agencies, including school districts, to levy and collect both existing and future taxes, assessments, fees and charges.

According to the “Title and Summary” of Proposition 218 prepared by the California Attorney General, Proposition 218 limits “the authority of local governments to impose taxes and property-related assessments, fees and charges.” Among other things, Article XIII C establishes that every tax is either a “general tax” (imposed for general governmental purposes) or a “special tax” (imposed for specific purposes), prohibits special purpose government agencies such as school districts from levying general taxes, and prohibits any local agency from imposing, extending or increasing any special tax beyond its maximum authorized rate without a two-thirds percent vote; and also provides that the initiative power will not be limited in matters of reducing or repealing local taxes, assessments, fees and charges. Article XIII C further provides that no tax may be assessed on property other than *ad valorem* property taxes imposed in accordance with Articles XIII and XIII A of the California Constitution and special taxes approved by a two-thirds percent vote under Article XIII A, Section 4.

On November 2, 2010, Proposition 26 was approved by State voters, which amended Article XIII C to expand the definition of “tax” to include “any levy, charge, or exaction of any kind imposed by a local government” except the following: (1) a charge imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege; (2) a charge imposed for a

specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product; (3) a charge imposed for the reasonable regulatory costs to a local government for issuing licenses and permits, performing investigations, inspections, and audits, enforcing agricultural marketing orders, and the administrative enforcement and adjudication thereof; (4) a charge imposed for entrance to or use of local government property, or the purchase, rental, or lease of local government property; (5) a fine, penalty, or other monetary charge imposed by the judicial branch of government or a local government, as a result of a violation of law; (6) a charge imposed as a condition of property development; and (7) assessments and property-related fees imposed in accordance with the provisions of Article XIID. Proposition 26 provides that the local government bears the burden of proving by a preponderance of the evidence that a levy, charge, or other exaction is not a tax, that the amount is no more than necessary to cover the reasonable costs of the governmental activity, and that the manner in which those costs are allocated to a payor bear a fair or reasonable relationship to the payor's burdens on, or benefits received from, the governmental activity.

Article XIID deals with assessments and property-related fees and charges. Article XIID explicitly provides that nothing in Article XIIC or XIID shall be construed to affect existing laws relating to the imposition of fees or charges as a condition of property development; however, it is not clear whether the initiative power is therefore unavailable to repeal or reduce developer and mitigation fees imposed by the District. Proposition 218 does not affect the *ad valorem* property taxes to be levied to pay debt service on the Bonds.

Proposition 98

On November 8, 1988, State voters approved Proposition 98, a combined initiative, constitutional amendment and statute called the "Classroom Instructional Improvement and Accountability Act" (the "Accountability Act"). The Accountability Act changed State funding of public education below the university level, and the operation of the State's Appropriations Limit, primarily by guaranteeing State funding for K-12 school districts and community college districts (collectively, "K-14 districts").

Under Proposition 98 (as modified by Proposition 111, which was enacted on June 5, 1990), K-14 districts are guaranteed the greater of (i) in general, a fixed percent of the State general fund's revenues ("Test 1"), (ii) the amount appropriated to K-14 districts in the prior year, adjusted for changes in the cost of living (measured as in Article XIIB by reference to State per capita personal income) and enrollment ("Test 2"), or (iii) a third test, which would replace Test 2 in any year when the percentage growth in per capita State general fund revenues from the prior year plus 0.05% is less than the percentage growth in State per capita personal income ("Test 3"). Under Test 3, schools would receive the amount appropriated in the prior year adjusted for changes in enrollment and per capita State general fund revenues, plus an additional small adjustment factor. If Test 3 is used in any year, the difference between Test 3 and Test 2 would become a "credit" to schools which would be the basis of payments in future years when per capita State general fund revenue growth exceeds per capita personal income growth. Legislation adopted prior to the end of fiscal year 1988-89 that implemented Proposition 98, determined the K-14 districts' funding guarantee under Test 1 to be 40.3% of the State general fund tax revenues, based on 1986-87 appropriations. However, that percentage has been adjusted to 34.559% to account for a subsequent redirection of local property taxes whereby a greater proportion of education funding now comes from local property taxes.

Proposition 98 permits the State Legislature, by a two-thirds vote of both houses of the State Legislature and with the Governor's concurrence, to suspend the K-14 districts' minimum funding formula for a one-year period. In the fall of 1989, the State Legislature and the Governor utilized this provision to avoid having 40.3% of revenues generated by a special supplemental sales tax enacted for earthquake relief go to K-14 districts. In the fall of 2004, the State Legislature and the Governor agreed to suspend the K-14 districts' minimum funding formula set forth pursuant to Proposition 98 in order to address a projected

shortfall during fiscal year 2004-05. Proposition 98 also contains provisions transferring certain State tax revenues in excess of the Article XIII B limit to K-14 districts.

The 2024-25 State Budget suspends the Proposition 98 guarantee in 2023-24, which is projected to create a maintenance factor payment to be paid in future fiscal years of approximately \$8.3 billion in 2023-24 and \$4.1 billion in 2024-25. The maintenance factor obligation will be paid in addition to the Proposition 98 guarantee funding in 2024-25. The 2024-25 State Budget projects the Proposition 98 guarantee to fall under Test 1 for fiscal year 2023-24, resulting in funding estimates of \$103.7 billion in fiscal year 2022-23, \$98.5 billion in fiscal year 2023-24, and \$115.3 billion in fiscal year 2024-25. For more information on the Proposition 98 funding under the 2024-25 State Budget, see “STATE FUNDING OF SCHOOL DISTRICTS – State Budget Act – 2024-25 State Budget” herein. The 2025-26 Proposed State Budget, due to the implementation of universal transitional kindergarten, estimates that the Proposition 98 guarantee will fall under Test 1 for fiscal year 2025-26 and will increase to \$199.2 billion for fiscal year 2024-25 and \$118.9 billion in 2025-26. The 2025-26 Proposed State Budget expects an increased repayment of \$5.6 billion for the maintenance factor obligation, lowering the remaining balance to \$2.9 billion. There is no scheduled repayment proposed for fiscal year 2025-26.

Proposition 39

Proposition 39, which was approved by California voters in November 2000 (“Proposition 39”), provides an alternative method for passage of school facilities bond measures by lowering the constitutional voting requirement from two-thirds to 55% of voters and allows property taxes to exceed the current 1% limit in order to repay such bonds. The lower 55% vote requirement would apply only to bond issues to be used for construction, rehabilitation, or equipping of school facilities or the acquisition of real property for school facilities. The State Legislature enacted additional legislation which placed certain limitations on this lowered threshold, requiring that (i) two-thirds of the governing board of a school district approve placing a bond issue on the ballot, (ii) the bond proposal be included on the ballot of a Statewide or primary election, a regularly scheduled local election, or a Statewide special election (rather than a school district election held at any time during the year), (iii) the tax rate levied as a result of any single election not exceed \$25 for a community college district, \$60 for a unified school district, or \$30 for an elementary school or high school district per \$100,000 of taxable property value, and (iv) the governing board of the school district appoint a citizen’s oversight committee to inform the public concerning the spending of the bond proceeds. In addition, the school board of the applicable district is required to perform an annual, independent financial and performance audit until all bond funds have been spent to ensure that the funds have been used only for the projects listed in the measure. The District’s Measure K, Measure R, Measure Y, Measure Q, and Measure RR bond programs were authorized pursuant to Proposition 39. See “DISTRICT FINANCIAL INFORMATION – District Debt – *General Obligation Bonds*” herein. The District is in full compliance with all Proposition 39 requirements.

Proposition 1A

Proposition 1A, which was approved by California voters in November 2004 (“Proposition 1A”), provides that the State may not reduce any local sales tax rate, limit existing local government authority to levy a sales tax rate or change the allocation of local sales tax revenues, subject to certain exceptions. Proposition 1A generally prohibits the State from shifting to schools or community colleges any share of property tax revenues allocated to local governments for any fiscal year, as set forth under the laws in effect as of November 3, 2004. Any change in the allocation of property tax revenues among local governments within a county must be approved by two-thirds of both houses of the Legislature. Proposition 1A provided, however, that beginning in fiscal year 2008-09, the State could shift to schools and community colleges up to 8% of local government property tax revenues, which amount must be repaid, with interest, within three years, if the Governor proclaims that the shift is needed due to a severe state financial hardship, the shift is approved by two-thirds of both houses of the State Legislature and certain other conditions are met. The State may also approve voluntary exchanges of local sales tax and property tax revenues among local

governments within a county. Proposition 1A also provides that if the State reduces the vehicle license fee rate below 0.65% of vehicle value, the State must provide local governments with equal replacement revenues. Further, Proposition 1A requires the State, beginning July 1, 2005, to suspend State mandates affecting cities, counties and special districts, excepting mandates relating to employee rights, schools or community colleges, in any year that the State does not fully reimburse local governments for their costs to comply with such mandates. The State's ability to initiate future exchanges and shifts of funds will be limited by Proposition 22. See "– Proposition 22" below.

Proposition 22

Proposition 22, which was approved by California voters in November 2010, prohibits the State, even during a period of severe fiscal hardship, from delaying the distribution of tax revenues for transportation, redevelopment, or local government projects and services and prohibits fuel tax revenues from being loaned for cash-flow or budget balancing purposes to the State general fund or any other State fund. Due to the prohibition with respect to State's ability to take, reallocate, and borrow money raised by local governments for local purposes, Proposition 22 supersedes certain provisions of Proposition 1A of 2004. See "– Proposition 1A" herein. In addition, Proposition 22 generally eliminated the State's authority to temporarily shift property taxes from cities, counties, and special districts to schools, temporarily increased school and community college district's share of property tax revenues, prohibited the State from borrowing or redirecting redevelopment property tax revenues or requiring increased pass-through payments thereof, and prohibited the State from reallocating vehicle license fee revenues to pay for State-imposed mandates. In addition, Proposition 22 requires a two-thirds vote of each house of the State Legislature and a public hearing process to be conducted in order to change the amount of fuel excise tax revenues shared with cities and counties. The LAO stated that Proposition 22 would prohibit the State from enacting new laws that require redevelopment agencies to shift funds to schools or other agencies. However, the California Supreme Court, in *California Redevelopment Association v. Matosantos*, held that the dissolution provisions set forth in Assembly Bill No. 26 of the First Extraordinary Session (2011) were constitutional and permitted the State to allocate revenues that would have been directed to the redevelopment agencies to make pass-through payments (*i.e.*, payments that such entities would have received under prior law) to local agencies and to successor agencies for retirement of the debts and certain administrative costs of the redevelopment agencies.

Proposition 22 prohibits the State from borrowing sales taxes or excise taxes on motor vehicle fuels or changing the allocations of those taxes among local government except pursuant to specified procedures involving public notices and hearings. In addition, Proposition 22 requires that the State apply the formula setting forth the allocation of State fuel tax revenues to local agencies revert to the formula in effect on June 30, 2009. The LAO stated that Proposition 22 would require the State to adopt alternative actions to address its fiscal and policy objectives, particularly with respect to short-term cash flow needs. The District does not believe that the adoption of Proposition 22 will have a significant impact on their respective revenues and expenditures.

Proposition 30

Proposition 30, which was approved by voters in the State in November 2012 ("Proposition 30") authorized the State to temporarily increase the maximum marginal personal income tax rates for individuals, heads of households and joint filers above 9.3% by creating three additional tax brackets of 10.3%, 11.3% and 12.3%. The tax increases set forth in Proposition 30 were in effect from tax year 2012 to tax year 2018. In addition, Proposition 30 temporarily increased the State's sales and use tax rate by 0.25% from 2013 to 2016.

Pursuant to Proposition 30, the State included revenues from the temporary tax increases in the general fund calculation of the Proposition 98 minimum guarantee for education spending. The State deposited a portion of the new general fund revenues into an Education Protection Account established to

support funding for schools and community colleges. The remainder of the new general fund revenues was available to help the State balance its budget through fiscal year 2017-18. However, the allocation of such revenues to particular programs was subject to the discretion of the Governor and the State Legislature.

In addition, Proposition 30 amended the State Constitution to address certain provisions relating to the realignment of State program responsibilities to local governments. Proposition 30 required the State to continue to provide tax revenues that were redirected in calendar year 2011 (or equivalent funds) to local governments to pay for transferred program responsibilities. Further, Proposition 30 permanently excluded sales tax revenues that are redirected to local governments from the calculation of the Proposition 98 minimum guarantee for schools and community colleges.

The Proposition 30 sales and use tax increases expired at the end of the 2016 tax year. Under Proposition 30, the personal income tax increases were set to expire at the end of the 2018 tax year. The voters, however, approved on November 8, 2016, the California Tax Extension to Fund Education and Healthcare Initiative (“Proposition 55”), which extended by twelve years the temporary personal income tax increases on incomes over \$250,000 that was first enacted by Proposition 30. Revenues from the tax increase will be allocated to school districts and community colleges in the State.

Proposition 2

General. Proposition 2, which included certain constitutional amendments to the State Rainy Day Fund and, upon its approval, triggered the implementation of certain provisions which could limit the amount of reserves that may be maintained by a school district, was approved by the voters in the November 2014 election.

State Rainy Day Fund. The Proposition 2 constitutional amendments related to the State Rainy Day Fund (i) require deposits into the State Rainy Day Fund whenever capital gains revenues rise to more than 8% of general fund tax revenues; (ii) set the maximum size of the State Rainy Day Fund at 10% of general fund revenues; (iii) for the next 15 years, require half of each year’s deposit to be used for supplemental payments to pay down the budgetary debts or other long-term liabilities and, thereafter, require at least half of each year’s deposit to be saved and the remainder used for supplemental debt payments or savings; (iv) allow the withdrawal of funds only for a disaster or if spending remains at or below the highest level of spending from the past three years; (v) require the State to provide a multiyear budget forecast; and (vi) create a Proposition 98 reserve (defined herein as the “Proposition 98 Rainy Day Fund”) to set aside funds in good years to minimize future cuts and smooth school spending. The State may deposit amounts into such account only after it has paid all amounts owing to school districts relating to the Proposition 98 maintenance factor for fiscal years prior to fiscal year 2014-15. The State, in addition, may not transfer funds to the Proposition 98 Rainy Day Fund unless the State is in a Test 1 year under Proposition 98 or in any year in which a maintenance factor is created. For more information on limitations on school district reserves and the District’s commitment of funds in fiscal years 2022-23 and 2023-24, see “STATE FUNDING OF SCHOOL DISTRICTS – Limitations on School District Reserves.”

SB 858. Senate Bill 858 (“SB 858”) became effective upon the passage of Proposition 2. SB 858 includes provisions which could limit the amount of reserves that may be maintained by a school district in certain circumstances. Under SB 858, in any fiscal year immediately following a fiscal year in which the State has made a transfer into the Proposition 98 Rainy Day Fund, any adopted or revised budget by a school district would need to contain a combined unassigned and assigned ending fund balance that (a) for school districts with an ADA of less than 400,000, is not more than two times the amount of the reserve for economic uncertainties mandated by the Education Code, or (b) for school districts with an ADA that is more than 400,000, is not more than three times the amount of the reserve for economic uncertainties mandated by the Education Code. In certain cases, the county superintendent of schools may grant a school district a waiver from this limitation on reserves for up to two consecutive years within a three-year period if there are certain extraordinary fiscal circumstances.

SB 751. Senate Bill 751 (“SB 751”), enacted on October 11, 2017, alters the reserve requirements imposed by SB 858. Under SB 751, in a fiscal year immediately after a fiscal year in which the amount of moneys in the Proposition 98 Rainy Day Fund is equal to or exceeds 3% of the combined total general fund revenues appropriated for school districts and allocated local proceeds of taxes for that fiscal year, a school district budget that is adopted or revised cannot have an assigned or unassigned ending fund balance that exceeds 10% of those funds. SB 751 excludes from the requirements of those provisions basic aid school districts (also known as community funded districts) and small school districts having fewer than 2,501 units of average daily attendance.

Although the 2024-25 State Budget provides for a discretionary payment of approximately \$1.1 billion to the Proposition 98 Rainy Day Fund in fiscal year 2024-25, the 2024-25 State Budget also provides for a withdrawal of the entire \$8.4 billion balance in the Proposition 98 Rainy Day Fund in fiscal year 2023-24, leaving a projected balance of \$1.1 billion at the end of fiscal year 2024-25. The 2025-26 Proposed State Budget replaces the discretionary payment of \$1.1 billion into the Proposition 98 Rainy Day Fund in 2024-25 with a mandatory payment of \$1.2 billion, and another mandatory payment in 2025-26 of \$376 million. School district reserve caps will not be triggered in fiscal year 2024-25 and are not projected to be triggered in fiscal year 2025-26. The District, which has an ADA of over 250,001 students, is required to maintain a reserve for economic uncertainty in an amount equal to 1% of its general fund expenditures and other financing uses. For more information on limitations on school district reserves and the District’s commitment of funds in fiscal year 2023-24, see “STATE FUNDING OF SCHOOL DISTRICTS – Limitations on School District Reserves.”

The Bonds are payable from *ad valorem* taxes to be levied within the District pursuant to the California Constitution and other State law. Accordingly, the District does not expect SB 858 or SB 751 to adversely affect its ability to pay the principal of and interest on the Bonds as and when due.

State School Facilities Bonds

General. The District applies for apportionments from State bond initiatives and historically has received funding from such State bond initiatives. No assurances can be given that the District will continue to apply for apportionments from current or future State bond initiatives or that the District will continue to receive funding from State bond initiatives for which it applies. Typically, the District receives State funds from the below mentioned propositions. As a result, as of January 1, 2025, the District has received \$296.84 million in General Funds.

Proposition 47. The Class Size Reduction Kindergarten – University Public Education Facilities Bond Act of 2002 appeared on the November 5, 2002 ballot as Proposition 47 (“Proposition 47”) and was approved by State voters. Proposition 47 authorized the sale and issuance of \$13.05 billion in general obligation bonds by the State to fund construction and renovation of K-12 school facilities (\$11.4 billion) and higher education facilities (\$1.65 billion). Proposition 47 includes \$6.35 billion for acquisition of land and new construction of K-12 school facilities. Of this amount, \$2.9 billion is set aside to fund backlog projects for which school districts submitted applications to the State on or prior to February 1, 2002. The balance of \$3.45 billion would be used to fund projects for which school districts submitted applications to the State after February 1, 2002. To be eligible for bond proceeds under Proposition 47, K-12 school districts are required to pay 50% of the costs for land acquisition and new construction with local revenues. In addition, Proposition 47 provided that up to \$100 million of the \$3.45 billion would be allocated for charter school facilities. Proposition 47 provides up to \$3.3 billion for reconstruction or modernization of existing K-12 school facilities. Of this amount, \$1.9 billion will be set aside to fund backlog projects for which school districts submitted applications to the State on or prior to February 1, 2002 and the balance of \$1.4 billion would be used to fund projects for which school districts submitted applications to the State after February 1, 2002. K-12 school districts will be required to pay 40% of the costs for reconstruction or modernization with local revenues. Proposition 47 provides a total of \$1.7 billion to K-12 school districts which are considered critically overcrowded, specifically to schools that have a large number of pupils

relative to the size of the school site. In addition, \$50 million will be available to fund joint-use projects. Proposition 47 also includes \$1.65 billion to construct new buildings and related infrastructure, alter existing buildings and purchase equipment for use in the State's public higher education systems. As of January 1, 2025, the District has received approximately \$949.88 million in funds attributable to Proposition 47.

Proposition 55 (2004). The Kindergarten-University Public Education Facilities Bond Act of 2004 appeared on the March 2, 2004 ballot as Proposition 55 ("Proposition 55 (2004)") and was approved by State voters. Proposition 55 (2004) authorizes the sale and issuance of \$12.3 billion in general obligation bonds by the State to fund construction and renovation of public K-12 school facilities (\$10 billion) and public higher education facilities (\$2.3 billion). Proposition 55 (2004) includes \$5.26 billion for the acquisition of land and construction of new school buildings. Under Proposition 55 (2004), a school district is required to provide a 50% matching share for new construction or a 60% matching share for modernization projects with local resources unless it qualifies for state hardship funding. Proposition 55 (2004) also allocates up to \$300 million of new construction funds for charter school facilities.

Proposition 55 (2004) makes \$2.25 billion available for the reconstruction or modernization of existing public school facilities. School districts would be required to pay 40% of project costs from local resources. Proposition 55 (2004) directs a total of \$2.44 billion to school districts with schools which are considered critically overcrowded. These funds would go to schools that have a large number of pupils relative to the size of the school site. Proposition 55 (2004) also makes a total of \$50 million available to fund joint-use projects. Proposition 55 (2004) includes \$2.3 billion to construct new buildings and related infrastructure, alter existing buildings and purchase equipment for use in these buildings for the State's public higher education systems. The measure allocates \$690 million to the University of California and California State University and \$920 million to community colleges in the State. The Governor and the State Legislature select specific projects to be funded by the bond proceeds. As of January 1, 2025, the District has received approximately \$2.31 billion in funds attributable to Proposition 55 (2004).

Proposition 1D. The Kindergarten-University Public Education Facilities Bond Act of 2006 was approved by State voters at the November 7, 2006 ballot as Proposition 1D ("Proposition 1D"). Proposition 1D authorizes the sale and issuance of \$10.4 billion in general obligation bonds by the State to fund construction and renovation of public K-12 school facilities (\$7.3 billion) and public higher education facilities (\$3.1 billion). Proceeds of bonds issued by the State under Proposition 1D are required to be deposited in the 2006 State School Facilities Fund established in the State Treasury under the Greene Act and allocated by the State Allocation Board. Proposition 1D includes \$1.9 billion for land acquisition and construction of new school buildings. Under Proposition 1D, a school district is required to pay for 50% of costs with local resources unless it qualifies for state hardship funding. Proposition 1D also allocates \$500 million for charter school facilities.

Proposition 1D makes \$3.3 billion available for the reconstruction or modernization of existing public school facilities. Districts would be required to pay 40% of project costs from local resources. Proposition 1D directs a total of \$1.0 billion to school districts with schools that are considered critically overcrowded. These funds would go to schools that have a large number of pupils relative to the size of the school site. Proposition 1D also makes a total of \$29 million available to fund joint-use projects. Proposition 1D includes \$3.1 billion to construct new buildings and related infrastructure, alter existing buildings and purchase equipment for use in these buildings for the State's public higher education systems. Pursuant to Proposition 1D, the Governor and the State Legislature select specific projects to be funded by the bond proceeds. As of January 1, 2025, the District has received approximately \$819.50 million in funds attributable to Proposition 1D.

Proposition 51. The Kindergarten Through Community College Public Education Facilities Bond Act of 2016 was approved by State voters at the November 8, 2016 ballot as Proposition 51 ("Proposition 51"). Proposition 51 authorizes the sale and issuance of \$9 billion in general obligation bonds by the State

to fund new construction of school facilities (\$3 billion), school facilities for charter schools (\$500 million), modernization of school facilities (\$3 billion), facilities for career technical education programs (\$500 million), and acquisition, construction, renovation, and equipping of community college facilities (\$2 billion). Proceeds of bonds issued by the State for K-12 under Proposition 51 are required to be deposited in the 2016 State School Facilities Fund established in the State Treasury under the Greene Act and allocated by the State Allocation Board. As of January 1, 2025, the District has received approximately \$397.31 million in funds attributable to Proposition 51.

Proposition 2 (2024). The Kindergarten Through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair and Safety Bond Act of 2024 (also known as Proposition 2 and referred to herein as “Proposition 2 (2024)”) was a ballot measure that was approved by State voters on November 5, 2024. Proposition 2 (2024) authorizes the sale and issuance of \$10 billion in State general obligation bonds for the repair, upgrade and construction of facilities at K-12 public schools, community colleges and career technical education programs, including the development of health and safety conditions. Proposition 2 (2024) includes \$3.3 billion for the new construction of K-12 facilities and an additional \$4 billion for the modernization of existing K-12 facilities. Up to \$10 million of the allocation for new constructions will be reserved for small school districts with an enrollment of fewer than 2,501 students. Of the \$4 billion assigned for modernization of existing K-12 facilities, up to \$115 million will be allocated for the repairment of lead in water at school facilities. In addition, a total of \$1.2 billion will be available for the modernization and new construction of charter school facilities (\$600 million) and technical education facilities (\$600 million). The State will award funds to technical education and charter school through an application process, and charter schools must be deemed financially sound before project approval. The District is pursuing but cannot guarantee that it will qualify for or receive Proposition 2 (2024) State facilities funding.

Future Initiatives

The foregoing described amendments to the State Constitution and propositions were each adopted as measures that qualified for the ballot pursuant to the State’s initiative process. From time to time, other initiative measures could be adopted that further affect District revenues or the District’s ability to expend revenues.

REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION

The District is located in the City of Los Angeles and portions of the County of Los Angeles. The following economic and demographic information pertains to the City of Los Angeles (the “City”) and the County of Los Angeles (the “County”). The historical data and results presented in the tables that follow may differ materially from future results as a result of economic or other factors.

The Bonds are general obligations of the District secured by and payable from *ad valorem* property taxes levied within the District. The Bonds are not general obligations of the City or the County.

Population

The following Table A-25 sets forth the estimates of the population of the City, the County and the State in calendar years 2020 through 2024.

TABLE A-25
POPULATION ESTIMATES
2020 through 2024

GLOSSARY OF CERTAIN TERMS AND ABBREVIATIONS

The following are definitions and abbreviations of certain terms used in this Appendix A.

“AALA” means the Associated Administrators of Los Angeles, which represents the middle managers in the District.

“ACFR” means annual comprehensive financial report.

“ADA” means average daily attendance, a measure of pupil attendance used as the basis for providing revenue to school districts and as a measure of unit costs. ADA includes only in-seat attendance.

“CalPERS” means the California Public Employees’ Retirement System, a defined benefit plan which covers classified personnel who work four or more hours per day.

“CalSTRS” means the California State Teachers’ Retirement System, a defined benefit plan which covers all full-time certificated and some classified District employees.

“CARES Act” means Coronavirus Aid, Relief and Economic Security Act.

“CDE” means the California Department of Education.

“COLA” means cost-of-living adjustments, which is used in determining the District’s funding from the State.

“Common Core” means Common Core State Standards.

“COPS” means certificates of participation.

“COVID-19” means Coronavirus Disease 2019.

“CSEA” means California School Employees Association.

“EL” means English learners, a classification for students.

“FRPM” means free or reduced-price meal.

“GASB” means the Governmental Accounting Standards Board, an operating entity of the Financial Accounting Foundation establish to set standards of financial accounting and reporting for state and local governmental entities.

“ISMP” means the Information Security Management Program.

“LACOE” means the Los Angeles County Office of Education.

“LAO” means the Legislative Analyst’s Office of the State of California.

“LASPA” means the Los Angeles Sheriff’s Professional Association.

“LASPMA” means the Los Angeles School Police Management Association.

“LCAP” means the Local Control and Accountability Plan.

“LCFF” means the Local Control Funding Formula.

“LEA” means local education agency as defined under the NCLB Act.

“LI” means students classified as foster youth.

“OCIP” means owner controlled insurance program.

“OPEB” means Other Post-Employment Benefits.

“PARS” means the Public Agency Retirement System, a defined contribution plan which covers the District’s part-time, seasonal, temporary and other employees not otherwise covered by CalPERS or CalSTRS, but whose salaries would otherwise be subject to Social Security tax.

“PEPIP” means the Public Entity Property Insurance Program, an insurance pool comprised of certain cities, counties and school districts.

“PEPRA” means the California Public Employees’ Pension Reform Act of 2013.

“PERB” means the Public Employee Relations Board.

“PLL” means pollution legal liability.

“SEIU” means Service Employees International Union.

“SUP” means School Upgrade Program.

“UAAL” means unfunded actuarial accrued liability.

“UTLA” means the United Teachers Los Angeles, which is the collective bargaining unit representing teachers and support service personnel of the District.

Board of Education Report

File #: Rep-370-24/25, **Version:** 1
In Control: Business & Finance Division

Agenda Date: 6/3/2025

Authorization of a Resolution of the Board of Education Approving the Sale and Issuance of Not-to-Exceed \$5.1 Billion of General Obligation Refunding Bonds and the Forms of the Documents Necessary for the Issuance of such Bonds

Business and Finance Division

Brief Description:

(Authorization of a Resolution of the Board of Education Approving the Sale and Issuance of Not-to-Exceed \$5,100,000,000 of General Obligation Refunding Bonds and the Forms of the Documents Necessary for the Issuance of such Refunding Bonds) Recommends approval for the issuance of up to \$5.1 billion in General Obligation Refunding Bonds to the extent taxpayer savings are available and approval of the necessary documents like a Bond Purchase Agreement, Official Notice of Sale, Notice of Intention to Sell Bonds, Continuing Disclosure Certificate, Escrow Agreement, and Official Statement. The sale of the GO Refunding Bonds will be through either a negotiated or competitive method, considering market conditions, declining enrollment, and budget uncertainties.

Action Proposed:

Approve the attached Master Refunding Resolution (Attachment A) in connection with the issuance of GO Refunding Bonds (the "Master Refunding Resolution"), which will:

- a. Authorize the issuance of not to exceed \$5.1 billion of GO Refunding Bonds;
- b. Approve the forms of documents necessary for the issuance of the GO Refunding Bonds, including an Official Statement, a Bond Purchase Agreement, an Official Notice of Sale, a Notice of Intention to Sell Bonds, a Continuing Disclosure Certificate, and Escrow Agreement (Attachments B - G);
- c. Authorize the sale of the GO Refunding Bonds by either a negotiated or competitive method of sale in light of current market conditions, the District's declining enrollment and budget uncertainty, the debt structuring flexibility afforded by this method, and the ability to include a retail order period and meaningful roles for underwriting firms of various sizes; and
- d. Approve and direct certain actions to be taken in connection with the issuance of the GO Refunding Bonds.

Background:

This Board Report seeks Board approval of the Master Refunding Resolution, which is a master resolution for the issuance of general obligation refunding bonds in an amount not-to-exceed \$5.1 billion through Fiscal Year 2025-26. The purpose of the Master Refunding Resolution is to enable the District to quickly take advantage of favorable market conditions if they arise, and to reduce tax-payers' debt service costs through economic refundings. The District has periodically used this approach in the past to authorize its general obligation refunding bonds. The Master Refunding Resolution authorizes the Chief Financial Officer, Deputy Chief Financial Officer, Controller, and Deputy Controller to effect the issuance of the GO Refunding Bonds and

carry out all necessary acts related to the transaction or transactions.

While the District typically issues refunding bonds on a tax-exempt basis, it is possible that either tax-exempt or taxable refunding structures may generate significant savings to justify an economic refunding. As a result, the Master Refunding Resolution provides the flexibility to issue the GO Refunding Bonds on either a tax-exempt or taxable basis if circumstances arise that favor one or the other structure. The Master Refunding Resolution also authorizes the forms of documents necessary to issue the GO Refunding Bonds.

Based on the District's Debt Management Policy, the Master Refunding Resolution authorizes the sale of the GO Refunding Bonds through the negotiated method of sale in light of current market conditions, the District's declining enrollment and budget uncertainty, the debt structuring flexibility, and the ability to include a retail order period and meaningful roles for underwriting firms of various sizes. If refunding opportunities arise, the Chief Financial Officer shall designate the underwriters and their roles as senior manager(s), co-senior manager(s), and co-managers, in accordance with the Debt Management Policy. Alternatively, the Master Refunding Resolution provides flexibility to issue the GO Refunding Bonds via competitive sale if favorable market conditions arise.

In compliance with Government Code Section 5852.1, the Board of Education has obtained from KNN Public Finance, as the District's Municipal Advisor, the required costs of issuance estimates, and such estimates are disclosed in Exhibit A of the Master Refunding Resolution.

The GO Refunding Bonds are general obligation bonds of the District secured by and payable from *ad valorem* property taxes to be levied within the jurisdiction of the District pursuant to the California Constitution and State law.

Expected Outcomes:

Approval of the Master Refunding Resolution will enable the District to enter the market in an expedited manner to reduce the debt service costs on a portion of the District's outstanding general obligation bonds should market conditions support one or more refundings.

Board Options and Consequences:

Should the Board not approve this item, staff will not be authorized to proceed with the issuance of the GO Refunding Bonds which, subject to favorable market conditions, may generate taxpayer savings through a refunding.

Policy Implications:

This action is in compliance with the relevant criteria set forth in Article 1, Article 3 Section 3.02, and Article 4 Sections 4.08 and 4.12 of the Debt Management Policy.

Budget Impact:

The proceeds of the GO Refunding Bonds will be placed into an escrow account and used to defease and call (prepay) the refunded bonds. Debt service savings from the GO Refunding Bonds will benefit the District's taxpayers through reduced *ad valorem* property tax levies. There will be no impact on the District's General Fund.

Student Impact:

The issuance of GO Refunding Bonds will reduce the taxes needed to repay the debt service on the District's outstanding general obligation bonds and create more capacity to issue general obligation bonds in the future for new projects.

Equity Impact:

Component	Score	Score Rationale
Recognition	3	Debt service savings from the GO Refunding Bonds will benefit the District's taxpayers through reduced <i>ad valorem</i> property tax levies. Communities that have experienced historical inequities should benefit from reduced property taxes.
Resource Prioritization	4	Savings achieved through the refunding of outstanding bonds benefit the District and its taxpayers through reduced debt service and property tax levies, respectively. This relief allows resources that would otherwise be used to service debt and property taxes, to be used for student needs.
Results	2	The refunding of bonds is done to achieve debt service savings and reduce <i>ad valorem</i> property taxes. It may result in closing achievement gaps by increasing disposable income in households located within communities that have experienced historical inequities, giving them the ability to allocate resources towards the education of their children (students).
TOTAL	9	

Issues and Analysis:

This Board Report seeks Board approval of a master resolution for general obligation refunding bonds in an amount not-to-exceed \$5.1 billion through the end of Fiscal Year 2025-26, based on the total amount of callable bonds outstanding.

Based on tax law limitations, \$591.2 million of outstanding general obligation bonds are currently or will become eligible for a tax-exempt current refunding starting in April 2026, subject to market conditions. The Master Refunding Resolution also enables the District to issue additional GO Refunding Bonds, if economic.

DEVORA NAVERA REED
General Counsel

☒ Approved as to form.

APPROVED & PRESENTED BY:

CHRISTOPHER D. MOUNT-BENITES
Chief Financial Officer
Business and Finance Division

REVIEWED BY:

NOLBERTO DELGADILLO
Deputy Chief Financial Officer

☒ Approved as to budget impact statement.

A RESOLUTION OF THE BOARD OF EDUCATION OF THE LOS ANGELES UNIFIED SCHOOL DISTRICT AUTHORIZING THE SALE AND ISSUANCE OF NOT TO EXCEED \$5,100,000,000 AGGREGATE PRINCIPAL AMOUNT OF LOS ANGELES UNIFIED SCHOOL DISTRICT GENERAL OBLIGATION REFUNDING BONDS, IN ONE OR MORE SERIES, BY EITHER NEGOTIATED OR COMPETITIVE SALE IN THE FORM OF TAX-EXEMPT OR FEDERALLY TAXABLE BONDS, APPROVING THE FORMS OF AND AUTHORIZING THE EXECUTION AND DELIVERY OF ONE OR MORE ESCROW AGREEMENTS, BOND PURCHASE AGREEMENTS AND CONTINUING DISCLOSURE CERTIFICATES, APPROVING THE FORM AND AUTHORIZING THE DISTRIBUTION OF ONE OR MORE OFFICIAL STATEMENTS FOR THE BONDS, AND AUTHORIZING THE EXECUTION OF NECESSARY DOCUMENTS AND CERTIFICATES AND RELATED ACTIONS IN CONNECTION THEREWITH

WHEREAS, a duly called election was held in the Los Angeles Unified School District, County of Los Angeles, State of California (the “District”) on April 8, 1997, and thereafter canvassed pursuant to law; and

WHEREAS, at such election there was submitted to and approved by the requisite approval of at least two-thirds vote of the qualified electors of the District voting in the election on a question as to the issuance and sale of general obligation bonds of the District for various purposes set forth in the ballot submitted to the voters, in the maximum principal amount of \$2,400,000,000, payable from the levy of an *ad valorem* tax against the taxable property in the District (the “Proposition BB Authorization”); and

WHEREAS, \$2,400,000,000 aggregate principal amount of bonds under the Proposition BB Authorization, designated as “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 1997, Series A (1997),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 1997, Series B (1998),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 1997, Series C (1999),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 1997, Series D (2000),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 1997, Series E (2002),” and “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 1997, Series F (2003)” have heretofore been issued and sold (collectively, the “Proposition BB Prior Bonds”); and

WHEREAS, a duly called election was held in the District on November 5, 2002, and thereafter canvassed pursuant to law; and

WHEREAS, at such election there was submitted to and approved by the requisite approval of at least 55% of the qualified electors of the District voting in the election on a question as to the issuance and sale of general obligation bonds of the District for various purposes set forth in the ballot submitted to the voters, in the maximum principal amount of \$3,350,000,000, payable

from the levy of an *ad valorem* tax against the taxable property in the District (the “Measure K Authorization”); and

WHEREAS, \$3,350,000,000 aggregate principal amount of bonds under the Measure K Authorization, designated as “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2002, Series A (2003),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2002, Series B (2007),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2002, Series C (2007),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2002, Series D (2009),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series KRY (2009) (Federally Taxable Build America Bonds),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series KRY (2010) (Tax-Exempt),” and “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series KY (2010) (Tax-Exempt)” have heretofore been issued and sold (collectively, the “Measure K Prior Bonds”); and

WHEREAS, a duly called election was held in the District on March 2, 2004, and thereafter canvassed pursuant to law; and

WHEREAS, at such election there was submitted to and approved by the requisite approval of at least 55% of the qualified electors of the District voting in the election on a question as to the issuance and sale of general obligation bonds of the District for various purposes set forth in the ballot submitted to the voters, in the maximum principal amount of \$3,870,000,000, payable from the levy of an *ad valorem* tax against the taxable property in the District (the “Measure R Authorization”); and

WHEREAS, \$3,870,000,000 aggregate principal amount of bonds under the Measure R Authorization, designated as “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2004, Series A (2004),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2004, Series B (2004),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2004, Series C (2004),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2004, Series D (2004),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2004, Series E (2005),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2004, Series F (2006),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2004, Series G (2006),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2004, Series H (2007),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2004, Series I (2009),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series KRY (2009) (Tax-Exempt),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series KRY (2009) (Federally Taxable Build America Bonds),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series KRY (2010) (Tax-Exempt),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds,

Series RY (2010) (Federally Taxable Build America Bonds),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2004, Series J (2014),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2004, Series K (2014) (Federally Taxable),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series RYQ (2020) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds),” and “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series RYRR (2021) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds)” have heretofore been issued and sold (collectively, the “Measure R Prior Bonds”); and

WHEREAS, a duly called election was held in the District on November 8, 2005, and thereafter canvassed pursuant to law; and

WHEREAS, at such election there was submitted to and approved by the requisite approval of at least 55% of the qualified electors of the District voting in the election a question as to the issuance and sale of general obligation bonds of the District for various purposes set forth in the ballot submitted to the voters, in the maximum principal amount of \$3,985,000,000, payable from the levy of an *ad valorem* tax against the taxable property in the District (the “Measure Y Authorization”); and

WHEREAS, \$3,985,000,000 aggregate principal amount of bonds under the Measure Y Authorization, designated as “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2005, Series A (2006),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2005, Series B (2006),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2005, Series C (2006),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2005, Series D (2006) (Taxable),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2005, Series E (2007),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2005, Series F (2009),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series KRY (2009) (Tax-Exempt),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series KRY (2009) (Federally Taxable Build America Bonds),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2005, Series G (2009) (Federally Taxable),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2005, Series H (2009) Qualified School Construction Bonds (Tax Credit Bonds),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series KRY (2010) (Tax-Exempt),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series RY (2010) (Federally Taxable Build America Bonds),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2005, Series I (2010) (Federally Taxable),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series KY (2010) (Tax-Exempt),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2005, Series J-1 (2010) Qualified School Construction Bonds (Federally Taxable Direct Subsidy Bonds),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2005,

Series J-2 (2010) Qualified School Construction Bonds (Federally Taxable Direct Subsidy Bonds),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2005, Series K (2014),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2005, Series L (2014) (Federally Taxable),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2005, Series M-1 (2018) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) (Tax Exempt),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2005, Series M-2 (2018) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) (Federally Taxable),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series RYQ (2020) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds),” and “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series RYRR (2021) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds)” have heretofore been issued and sold (collectively, the “Measure Y Prior Bonds”); and

WHEREAS, a duly called election was held in the District on November 4, 2008, and thereafter canvassed pursuant to law; and

WHEREAS, at such election there was submitted to and approved by the requisite approval of at least 55% of the qualified electors of the District voting in the election on a question as to the issuance and sale of general obligation bonds of the District for various purposes set forth in the ballot submitted to the voters, in the maximum principal amount of \$7,000,000,000 payable from the levy of an *ad valorem* tax against the taxable property in the District (the “Measure Q Authorization”); and

WHEREAS, \$4,800,955,000 aggregate principal amount of bonds under the Measure Q Authorization, designated as “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2008, Series A (2016) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2008, Series B-1 (2018) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) (Tax-Exempt),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Election of 2008, Series B-2 (2018) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) (Federally Taxable),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series RYQ (2020) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Measure Q, Series C (2020) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series QRR (2022) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series QRR (2023) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) (Sustainability Bonds),” and “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series QRR (2024) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) (Sustainability Bonds)” have heretofore been issued and sold (collectively, the “Measure Q Prior Bonds”); and

WHEREAS, a duly called election was held in the District on November 3, 2020, and thereafter canvassed pursuant to law; and

WHEREAS, at such election there was submitted to and approved by the requisite approval of at least 55% of the qualified electors of the District voting in the election on a question as to the issuance and sale of general obligation bonds of the District for various purposes set forth in the ballot submitted to the voters, in the maximum principal amount of \$7,000,000,000 payable from the levy of an *ad valorem* tax against the taxable property in the District (the “Measure RR Authorization”); and

WHEREAS, \$1,600,000,000 aggregate principal amount of bonds under the Measure RR Authorization, designated as “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series RYRR (2021) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series QRR (2022) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds),” “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series QRR (2023) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) (Sustainability Bonds),” and “Los Angeles Unified School District (County of Los Angeles, California) General Obligation Bonds, Series QRR (2024) (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) (Sustainability Bonds)” have heretofore been issued and sold (collectively, the “Measure RR Prior Bonds”); and

WHEREAS, \$11,904,110,000 aggregate principal amount of refunding bonds, designated as “Los Angeles Unified School District (County of Los Angeles, California) 2002 General Obligation Refunding Bonds,” “Los Angeles Unified School District (County of Los Angeles, California) 2004 General Obligation Refunding Bonds, Series A-1,” “Los Angeles Unified School District (County of Los Angeles, California) 2004 General Obligation Refunding Bonds, Series A2,” “Los Angeles Unified School District (County of Los Angeles, California) 2005 General Obligation Refunding Bonds, Series A-1,” “Los Angeles Unified School District (County of Los Angeles, California) 2005 General Obligation Refunding Bonds, Series A-2,” “Los Angeles Unified School District (County of Los Angeles, California) 2006 General Obligation Refunding Bonds, Series A,” “Los Angeles Unified School District (County of Los Angeles, California) 2006 General Obligation Refunding Bonds, Series B,” “Los Angeles Unified School District (County of Los Angeles, California) 2007 General Obligation Refunding Bonds, Series A-1,” “Los Angeles Unified School District (County of Los Angeles, California) 2007 General Obligation Refunding Bonds, Series A-2,” “Los Angeles Unified School District (County of Los Angeles, California) 2007 General Obligation Refunding Bonds, Series B,” “Los Angeles Unified School District (County of Los Angeles, California) 2009 General Obligation Refunding Bonds, Series A (Tax-Exempt),” “Los Angeles Unified School District (County of Los Angeles, California) 2010 General Obligation Refunding Bonds, Series A (Tax-Exempt),” “Los Angeles Unified School District (County of Los Angeles, California) 2011 General Obligation Refunding Bonds, Series A1,” “Los Angeles Unified School District (County of Los Angeles, California) 2011 General Obligation Refunding Bonds, Series A-2,” “Los Angeles Unified School District (County of Los Angeles, California) 2012 General Obligation Refunding Bonds, Series A,” “Los Angeles Unified School District (County of Los Angeles, California) 2014 General Obligation Refunding Bonds, Series A,” “Los Angeles Unified School District (County of Los Angeles, California) 2014 General Obligation Refunding Bonds, Series B,” “Los Angeles Unified School District (County of Los Angeles, California) 2014 General Obligation Refunding Bonds, Series C,” “Los Angeles Unified School District (County of Los Angeles, California) 2014 General Obligation Refunding Bonds, Series D,” “Los Angeles Unified School District (County of Los Angeles, California) 2015

General Obligation Refunding Bonds, Series A,” “Los Angeles Unified School District (County of Los Angeles, California) 2016 General Obligation Refunding Bonds, Series A (Dedicated Unlimited *Ad Valorem* Property Tax Bonds),” “Los Angeles Unified School District (County of Los Angeles, California) 2016 General Obligation Refunding Bonds, Series B (Dedicated Unlimited *Ad Valorem* Property Tax Bonds),” “Los Angeles Unified School District (County of Los Angeles, California) 2017 General Obligation Refunding Bonds, Series A (Dedicated Unlimited *Ad Valorem* Property Tax Bonds),” “Los Angeles Unified School District (County of Los Angeles, California) 2019 General Obligation Refunding Bonds, Series A (Dedicated Unlimited *Ad Valorem* Property Tax Bonds),” “Los Angeles Unified School District (County of Los Angeles, California) 2020 General Obligation Refunding Bonds, Series A,” “Los Angeles Unified School District (County of Los Angeles, California) 2021 General Obligation Refunding Bonds, Series A,” “Los Angeles Unified School District (County of Los Angeles, California) 2021 General Obligation Refunding Bonds, Series B,” and “Los Angeles Unified School District (County of Los Angeles, California) 2024 General Obligation Refunding Bonds, Series A” have heretofore been issued and sold (collectively, the “Prior Refunding Bonds,” and together with the Proposition BB Prior Bonds, the Measure K Prior Bonds, the Measure R Prior Bonds, the Measure Y Prior Bonds, the Measure Q Prior Bonds and the Measure RR Prior Bonds, the “Prior Bonds,” and, each Series of Prior Bonds, individually, a “Series of Prior Bonds”); and

WHEREAS, pursuant to Articles 9 and 11 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code and other applicable law (the “Act”), the District is authorized to issue refunding bonds to refund all or a portion of one or more Series of Prior Bonds on a competitive or negotiated sale basis; and

WHEREAS, it is desirable that all or a portion of one or more Series of Prior Bonds be refunded (such refunded Prior Bonds being referred to herein as the “Refunded Bonds”); and

WHEREAS, in order to refund all or a portion of one or more Series of Prior Bonds, it is desirable that the District issue one or more series of refunding bonds to be designated the “Los Angeles Unified School District (County of Los Angeles, California) 20__ General Obligation Refunding Bonds, Series __,” with completed and/or such additional or other series designations as may be approved as herein provided (collectively, the “Refunding Bonds” and each series of Refunding Bonds, individually, a “Series of Refunding Bonds”), according to the terms and in the manner herein provided; and

WHEREAS, the District may desire to secure the timely payment of all or a portion of the principal of and interest on each Series of Refunding Bonds by obtaining a bond insurance policy with respect thereto, if such a policy is available and determined to be economically advantageous; and

WHEREAS, the moneys to redeem each Series of Prior Bonds to be refunded will be applied to such purpose pursuant to one or more Escrow Agreements by and between the District and the paying agent for such Series of Prior Bonds, as paying agent and as escrow bank (each such Escrow Agreement, in the form presented to this meeting, with such changes, insertions and omissions as are made pursuant to this Resolution, being referred to herein as an “Escrow Agreement”); and

WHEREAS, this Board of Education of the District (this “Board of Education”) deems it necessary and desirable to authorize the sale of each Series of Refunding Bonds by a negotiated or competitive sale pursuant to one or more Bond Purchase Agreements (each such Bond Purchase Agreement, in the form presented to this meeting, with such changes, insertions and omissions as are made pursuant to this Resolution, being referred to herein as a “Bond Purchase Agreement”) to be entered into with one or more of the underwriters from the District’s underwriter bench (each, an “Underwriter” and, collectively, the “Underwriters”) as selected as herein provided; and

WHEREAS, in accordance with Rule 15c2-12 promulgated under the Securities Exchange Act of 1934 (as amended, “Rule 15c2-12”), the District may execute and deliver one or more Continuing Disclosure Certificates (each such Continuing Disclosure Certificate, in the form presented to this meeting, with such changes, insertions and omissions as are made pursuant to this Resolution, being referred to herein as a “Continuing Disclosure Certificate”); and

WHEREAS, a form of the Preliminary Official Statement to be distributed in connection with a public offering of the initial Series of Refunding Bonds has been prepared (such Preliminary Official Statement, in the form presented to this meeting, with such changes, insertions and omissions as are made pursuant to this Resolution, being referred to herein as the “Preliminary Official Statement”); and

WHEREAS, Section 5852.1 of the California Government Code (the “Government Code”) requires that the Board of Education obtain from an underwriter, financial advisor or private lender and disclose, prior to authorization of the issuance of bonds with a term of greater than 13 months, good faith estimates of the following information in a meeting open to the public: (a) the true interest cost of the bonds, (b) the sum of all fees and charges paid to third parties with respect to the bonds, (c) the amount of proceeds of the bonds expected to be received net of the fees and charges paid to third parties and any reserves or capitalized interest paid or funded with proceeds of the bonds, and (d) the sum total of all debt service payments on the bonds calculated to the final maturity of the bonds plus the fees and charges paid to third parties not paid with the proceeds of the bonds; and

WHEREAS, in compliance with Section 5852.1 of the Government Code, the Board of Education has obtained from KNN Public Finance, as the District’s municipal advisor (the “Municipal Advisor”), the information set forth in Exhibit B attached hereto; and

WHEREAS, the Los Angeles County Superintendent of Schools has jurisdiction over the District; and

WHEREAS, this Board of Education desires that the County of Los Angeles (the “County”) levy and collect a tax on all taxable property within the District sufficient to provide for payment of each Series of Refunding Bonds, and intends by the adoption of this Resolution to notify the Board of Supervisors of the County (the “Board of Supervisors”), the Auditor-Controller of the County (together with any authorized deputy thereof, the “County Auditor-Controller”), the Treasurer and Tax Collector of the County (together with any authorized deputy thereof, the “County Treasurer”) and other officials of the County that they should take such actions as shall be necessary to provide for the levy and collection of such a tax and payment of each Series of Refunding Bonds and such portion of each Series of Prior Bonds as shall remain outstanding

following the issuance of the related Series of Refunding Bonds, pursuant to the Act and Sections 15250 and 15251 of the California Education Code; and

WHEREAS, there have been prepared and submitted to this meeting forms of:

- (a) the Escrow Agreement;
- (b) the Bond Purchase Agreement;
- (c) the Official Notice of Sale;
- (d) the Notice of Intention to Sell Bonds;
- (e) the Continuing Disclosure Certificate; and
- (f) the Preliminary Official Statement; and

WHEREAS, the District desires to proceed to issue and sell, at one or more times, via either a competitive or negotiated sale, one or more Series of Refunding Bonds and to authorize the execution of such documents and the performance of such acts as may be necessary or desirable to effect the offering, sale and issuance of each such Series of Refunding Bonds; and

WHEREAS, all acts, conditions and things required by the Constitution and laws of the State of California (the "State") to exist, to have happened and to have been performed precedent to and in connection with the consummation of the actions authorized hereby do exist, have happened and have been performed in regular and due time, form and manner as required by law, and the District is now duly authorized and empowered, pursuant to each and every requirement of law, to consummate such actions for the purpose, in the manner and upon the terms herein provided.

NOW, THEREFORE, BE IT RESOLVED by this Board of Education of the Los Angeles Unified School District, County of Los Angeles, California, as follows:

Section 1. Recitals. All of the above recitals are true and correct and the Board of Education so finds and determines.

Section 2. Determination. This Board of Education hereby determines that prudent management of the fiscal affairs of the District requires that, subject to the provisions of Section 4 hereof, it authorize the District to issue one or more Series of Refunding Bonds under the provisions of the Act to refund all or a portion of one or more Series of Prior Bonds.

Section 3. Authorization and Designation of Refunding Bonds. Subject to the provisions of Section 4 hereof, the issuance from time to time of one or more Series of Refunding Bonds in the aggregate principal amount of not to exceed \$5,100,000,000 on the terms and conditions set forth, and subject to the limitations specified, herein is hereby authorized and approved. Each Series of Refunding Bonds shall be dated, shall accrue interest at the rates, shall mature on the dates, and shall be as otherwise provided in the related Bond Purchase Agreement as the same shall be completed as provided in this Resolution.

Each Series of Refunding Bonds may be issued such that the interest on such Series of Refunding Bonds is “Tax-Exempt” or such that the interest on such Series of Refunding Bonds is “Taxable” for purposes of federal tax law. The Board of Education hereby finds and determines that, pursuant to Section 5903 of the California Government Code, the interest payable on each Series of Refunding Bonds issued as Taxable Refunding Bonds will be subject to federal income taxation under the Code in existence on the date of issuance of such Series of Refunding Bonds.

Section 4. Sale of Bonds. (a) This Board of Education, considering, among other factors, current volatile market conditions, debt structuring flexibility, the District’s declining enrollment and budget uncertainty, the ability to include a retail order period to garner additional investor interest, and the ability to provide meaningful roles for underwriting firms of various sizes and consistent with the District’s Debt Management Policy (the “Debt Management Policy”), deems it necessary and desirable to authorize, and hereby authorizes, the sale of each Series of Refunding Bonds by either a negotiated or competitive sale with one or more Underwriters selected as herein provided; provided that Refunding Bonds may only be issued if the issuance of such Refunding Bonds conforms to the District’s Debt Management Policy; and, provided further that (i) no Series of Refunding Bonds shall be authorized in a principal amount which, when combined with the principal amount of all Series of Refunding Bonds previously authorized and issued pursuant hereto, is in excess of \$5,100,000,000, (ii) no Series of Refunding Bonds shall have a final maturity date later than the latest maturity date of the corresponding Refunded Bonds, (iii) the interest rate on any Refunding Bond shall not be in excess of 8.00% per annum, (iv) the true interest cost for each applicable Series of Refunding Bonds shall not be in excess of 6.00%, (v) the total net interest cost to maturity of each applicable Series of Refunding Bonds, plus the principal amount of such Series of Refunding Bonds, shall not be in excess of the total net interest cost to maturity of the applicable Refunded Bonds, plus the principal amount of such Refunded Bonds, and (vi) the underwriters’ compensation, as applicable, shall not exceed 1.00% of the principal amount of the corresponding Series of Refunding Bonds.

(b) In accordance with Section 5852.1 of the Government Code, good faith estimates have been obtained from the Municipal Advisor and are set forth on Exhibit B attached hereto of the following: (i) the true interest cost of the Refunding Bonds, (ii) the sum of all fees and charges paid to third parties with respect to the Refunding Bonds, (iii) the amount of proceeds of the Refunding Bonds expected to be received net of the fees and charges paid to third parties and any reserves or capitalized interest paid or funded with proceeds of the Refunding Bonds, and (iv) the sum total of all debt service payments on the Refunding Bonds calculated to the final maturity of the Refunding Bonds plus the fees and charges paid to third parties not paid with the proceeds of the Refunding Bonds.

(c) *Method of Sale.*

(i) Competitive Method of Sale. The Board of Education hereby authorizes the sale of the Refunding Bonds by competitive public bidding in accordance with the Official Notice of Sale in substantially the form presented at this meeting. Notwithstanding anything herein to the contrary, any of the terms of the Refunding Bonds may be established or modified under the Official Notice of Sale relating to the terms of the Refunding Bonds, and the provisions of the Official Notice of Sale shall control. The District finds and determines that a competitive sale will allow the District to avail itself of competition in the market.

(A) *Official Notice of Sale.* The form of the proposed Official Notice of Sale inviting bids for the Refunding Bonds, in substantially the form presented at this meeting, is hereby approved and shall be used as the Official Notice of Sale inviting bids for the Refunding Bonds, subject to such corrections, revisions, or additions as deemed necessary by an Authorized Officer (as defined below) and as may be acceptable to Bond Counsel, and any Authorized Officer is hereby authorized to execute and deliver the same, subject to such changes, insertions and omissions as may be acceptable to such Authorized Officer. The District's Municipal Advisor is hereby authorized and directed to cause to be mailed or otherwise made available to prospective bidders for the Refunding Bonds copies of the Official Notice of Sale and Preliminary Official Statement in the form approved by an Authorized Officer.

(B) *Notice of Intention.* The form of the proposed Notice of Intention to Sell Bonds, in substantially the form presented at this meeting, is hereby approved and adopted and shall be used as the Notice of Intention to Sell Bonds, subject to such corrections, revisions or additions as deemed necessary by an Authorized Officer and as may be acceptable to Bond Counsel. Said Notice of Intention to Sell Bonds shall be published once at least fifteen days before the date of sale in a financial publication generally circulated throughout the State of California. Accordingly, the Board of Education hereby approves and authorizes publication by the Municipal Advisor of a notice of the District's intention to sell the Refunding Bonds, in form and substance acceptable to Bond Counsel, in [*The Bond Buyer*] once at least fifteen calendar days prior to the date fixed for receipt of bids.

(C) *Acceptance of Bid.* The Authorized Officers, in consultation with the Municipal Advisor, are hereby each authorized and directed, on behalf of the District, to accept the best responsive bid for the Refunding Bonds, so long as (i) the true interest cost for the Refunding Bonds shall not be in excess of 6.00%, and (ii) the price to be paid for the Refunding Bonds shall not be less than the par value thereof, or to reject all bids; and if such true interest cost and price are acceptable to the Authorized Officer, in consultation with the Municipal Advisor, the Authorized Officer is hereby authorized to award the sale of the Refunding Bonds to the maker of the best responsive bid.

(ii) *Alternative Method of Sale.* Notwithstanding Section 4(c)(i) above, the Refunding Bonds may be sold by the District at a negotiated sale to an underwriter pursuant to the terms and conditions set forth in one or more Bond Purchase Agreement, substantially in the form presented at this meeting. The form of Bond Purchase Agreement is hereby approved. An Authorized Officer, in consultation with the District's Municipal Advisor, is hereby authorized to select the method of sale of the Refunding Bonds and deem it necessary and desirable considering among other factors, current volatile market conditions, debt structuring flexibility, the District's declining enrollment and budget uncertainty, the ability to include a retail order period to garner additional investor interest, and the ability to provide meaningful roles for underwriting firms of various sizes; provided, however, that, in each case, (i) the interest rate on any Refunding Bond shall not be in excess of 8.00% per annum, (ii) the true interest cost for each applicable series of Refunding Bonds shall not be in excess of 6.00%, (iii) the ratio of total debt service to principal of each series of Refunding Bonds shall not exceed four to one, (iv) the underwriters' compensation shall not exceed

1.00% of the principal amount of the corresponding Refunding Bonds, and (v) the Refunding Bonds shall otherwise conform to the limitations specified herein. The Chief Financial Officer shall designate which underwriters shall act as senior manager(s), co-senior manager(s) and co-manager(s) in accordance with the District's Debt Management Policy.

(d) *Bond Purchase Agreement.* The form of Bond Purchase Agreement, submitted to and on file with the Executive Officer of this Board of Education, is hereby approved. The Authorized Officers are, and each of them is, hereby authorized, and any one of the Authorized Officers is hereby directed, for and in the name of the District, to execute and deliver one or more Bond Purchase Agreements in the form presented to this meeting, with such changes, insertions and omissions as the Authorized Officer executing the same may require or approve, such requirement or approval to be conclusively evidenced by the execution of the Bond Purchase Agreement by such Authorized Officer; provided that the terms of the applicable series or subseries of Refunding Bonds and the sale thereof shall conform in all respects with the limitations contained in this Resolution.

Section 5. Designated Costs of Issuing Refunding Bonds. The refunding of all or a portion of each Series of Prior Bonds is hereby approved. Each such refunding shall be accomplished by paying the principal of and interest on the applicable Refunded Bonds through and including the redemption date set forth in the applicable Escrow Agreement and redeeming or purchasing the applicable Refunded Bonds on the date set forth in the Escrow Agreement therefor and paying the purchase price or redemption price therefor, plus accrued interest thereon to the date of redemption. In accordance with Section 53553 of the Act, with respect to each Series of Refunding Bonds, this Board of Education hereby finds and designates the following costs and expenses as the "designated costs of issuing the refunding bonds:"

(i) all expenses incident to the calling, retiring, or paying of the applicable Refunded Bonds and incident to the issuance of such Series of Refunding Bonds, including the charges of any escrow agent or trustee in connection with the issuance of such Series of Refunding Bonds or in connection with the redemption or retirement of such Refunded Bonds;

(ii) the interest upon such Refunded Bonds from the date of sale of such Series of Refunding Bonds to the date of payment of the Refunded Bonds or to the date upon which such Refunded Bonds will be paid pursuant to call; and

(iii) any premium necessary in the calling or retiring of such Refunded Bonds.

Section 6. Escrow Agreement; Tender Agreement. The form of the Escrow Agreement, submitted to and on file with the Executive Officer of this Board of Education, is hereby approved. The President of this Board of Education, and such other member of this Board of Education as the President may designate, the Chief Financial Officer of the District, the Deputy Chief Financial Officer of the District, the Controller of the District, and the Deputy Controller of the District, and such other officer or employee of the District as any of them may designate (together, the "Authorized Officers," and each an "Authorized Officer") are, and each of them is, hereby authorized, and any one of the Authorized Officers is hereby directed, for and in the name of the District, to execute and deliver one or more Escrow Agreements in the form presented to this

meeting, with such changes, insertions and omissions as the Authorized Officer executing the same may require or approve, such requirement or approval to be conclusively evidenced by the execution of the applicable Escrow Agreement by such Authorized Officer. In addition, any one of the Authorized Officers is hereby authorized from time to time to execute and deliver in the name of the District one or more tender agreements (each, a “Tender Agreement”) with one or more owners of Refunded Bonds providing for the tender and purchase or exchange of Refunded Bonds, and to execute and deliver such other documents or certificates and to take such further actions as necessary to consummate such tender of Refunded Bonds, including the engagement of one or more broker-dealers, all as the Authorized Officers shall determine to be in the best interest of the District.

Section 7. Form of Bonds; Execution. (a) *Form of Refunding Bonds.* Each Series of Refunding Bonds shall be issued in fully registered form without coupons. The Refunding Bonds, and the certificate of authentication and registration and the forms of assignment to appear on each of them, shall be in substantially the form attached hereto as Exhibit A, with necessary or appropriate variations, omissions and insertions as permitted or required by this Resolution.

(b) *Execution of Refunding Bonds.* The Refunding Bonds shall be signed by the manual or facsimile signature of the President of the Board of Education and countersigned by the manual or facsimile signature of the Executive Officer of the Board of Education (or the designee of either such respective officers if the President or the Executive Officer of the Board of Education are unavailable). The Refunding Bonds shall be authenticated by a manual signature of a duly authorized signatory of the Paying Agent (as defined herein).

(c) *Valid Authentication.* Only such of the Refunding Bonds as shall bear thereon a certificate of authentication and registration as described in subsection (a) of this Section, executed by the Paying Agent, shall be valid or obligatory for any purpose or entitled to the benefits of this Resolution, and such certificate of authentication and registration shall be conclusive evidence that the Refunding Bonds so authenticated have been duly authenticated and delivered hereunder and are entitled to the benefits of this Resolution.

(d) *Identifying Number.* The Paying Agent shall assign each Refunding Bond authenticated and registered by it a distinctive letter, or number, or letter and number, and shall maintain a record thereof at its principal office, which record shall be available to the District and the County for inspection.

Section 8. Terms of Bonds. (a) *Date of Refunding Bonds.* Each Series of Refunding Bonds shall be dated the date of their delivery, or such other date as shall be set forth in the related Bond Purchase Agreement.

(b) *Denominations.* Each Series of Refunding Bonds shall be issued in denominations of \$5,000 principal amount and integral multiple thereof (or such other denominations as shall be designated in the related Bond Purchase Agreement).

(c) *Maturity.* Each Series of Refunding Bonds shall mature on the date or dates, in each of the years, in the principal amounts and in the aggregate principal amount as shall be set forth in

the related Bond Purchase Agreement. No Refunding Bond shall mature later than the latest maturity date of the corresponding Refunded Bonds.

(d) *Interest.* Each Series of Refunding Bonds shall bear interest at an interest rate or rates not to exceed 8.00% per annum, payable on January 1 and July 1 of each year, commencing on the date set forth in the related Bond Purchase Agreement, or such other dates as may be set forth in the related Bond Purchase Agreement (each, an “Interest Payment Date”), computed on the basis of a 360-day year of twelve 30-day months. Each Refunding Bond shall bear interest from the Interest Payment Date for such Refunding Bond next preceding the date of authentication thereof, unless it is authenticated as of a date during the period from the 15th day of the calendar month immediately preceding such Interest Payment Date, whether or not such day is a business day, or such other date or dates as may be set forth in the related Bond Purchase Agreement (each, a “Record Date”) to such Interest Payment Date, inclusive, in which event it shall bear interest from such Interest Payment Date, or unless it is authenticated on or before the Record Date preceding the first Interest Payment Date for such Refunding Bond, in which event it shall bear interest from its dated date; provided, however, that if, at the time of authentication of any Refunding Bond, interest is in default on any outstanding Refunding Bonds of such Series, such Refunding Bond shall bear interest from the Interest Payment Date to which interest has previously been paid or made available for payment on the outstanding Refunding Bonds of such Series. If provided in the Bond Purchase Agreement, Refunding Bonds may have different interest rates for separately defined periods of the term thereof as set forth in such Bond Purchase Agreement.

Section 9. Payment of Bonds. (a) *Request for Tax Levy; Pledge of Revenues from Property Taxes and Amounts on Deposit in the Interest and Sinking Fund.* The money for the payment of the principal of and interest on each Series of Refunding Bonds shall be raised by taxation upon all taxable property in the District and provision shall be made for the levy and collection of such taxes in the manner provided by law and for such payment out of the related interest and sinking fund of the District. The Board of Supervisors and officers of the County are obligated by statute to provide for the levy and collection of property taxes in each year sufficient to pay all principal of and interest coming due on each Series of Refunding Bonds in such year, and to pay from such taxes all amounts due on such Refunding Bonds. The Board of Supervisors, the County Auditor-Controller, the County Treasurer and other officials of the County are hereby requested to take and authorize such actions as may be necessary pursuant to law to provide for the levy and collection of a property tax on all taxable property of the District sufficient to provide for payment of all principal of and interest on each Series of Refunding Bonds as the same shall become due and payable, and to apply moneys in the District’s related interest and sinking fund as necessary for the payment of such Series of Refunding Bonds, as provided herein, and to provide for the payment of any portion of any Series of Prior Bonds which are to remain outstanding pursuant to the authorizing resolution or paying agent agreement, as applicable, under which such bonds were issued. The Authorized Officers are, and each of them is, hereby authorized, and any one of the Authorized Officers is hereby directed to transmit a certified copy of this Resolution and the debt service schedule for each Series of Refunding Bonds to the Board of Supervisors, the County Auditor-Controller, and the County Treasurer in sufficient time to permit the County to establish tax rates and necessary funds or accounts for each Series of Refunding Bonds, and the Board of Education hereby requests that the Board of Supervisors adopt a resolution to levy the appropriate taxes as herein provided.

The District hereby pledges, and grants a lien on and security interest in, all revenues from the property taxes collected from the levy by the Board of Supervisors with respect to each voter-approved bond measure of the District for payment of bonds issued under such measure of the District, and all amounts on deposit in any interest and sinking fund of the District related to such bond measure with respect to bonds of such measure for the payment of the principal or redemption price of and interest on such bonds. This pledge and grant applies to the Refunding Bonds and all previously issued and outstanding general obligation bonds and general obligation refunding bonds of the District. This pledge and grant shall be valid and binding from the date hereof for the benefit of the owners of such bonds and successors thereto. The property taxes and amounts held in each interest and sinking fund of the District shall be immediately subject to this pledge and grant, and this pledge and grant shall constitute a lien and security interest which shall immediately attach to the property taxes and amounts held in such interest and sinking fund of the District to secure the payment of such bonds and shall be effective, binding, and enforceable against the District, its successors, creditors and all others irrespective of whether those parties have notice of the pledge or grant, and without the need of any physical delivery, recordation, filing, or further act.

This pledge and grant is an agreement between the District and the owners of each series of Refunding Bonds and of each issue of outstanding general obligation bonds and general obligation refunding bonds to provide security for each series of Refunding Bonds and all such other general obligation bonds and general obligation refunding bonds of the District in addition to any statutory lien that may exist, and each such issue of general obligation bonds and general obligation refunding bonds of the District are or were issued to finance or refinance, as applicable, one or more of the projects specified in the applicable voter-approved measure and not to finance the general purposes of the District. For the avoidance of doubt, in accordance with Section 15251 of the Education Code, such bonds are also automatically secured by a statutory lien on all revenues received pursuant to the levy and collection of the tax for the applicable measure. Pursuant to Government Code Section 53515, general obligation bonds are secured by a statutory lien on all revenues received pursuant to the levy and collection of the ad valorem tax, and such lien automatically arises without the need for any action or authorization by the District or the Board of Education. In addition to any statutory lien, such amounts collected by the County and held by the County Treasurer on deposit in the interest and sinking fund are hereby irrevocably pledged to secure the payment of the principal and redemption price of, and interest on, the Refunding Bonds, in accordance with Government Code Section 5451.

(b) *Principal.* The principal of each Series of Refunding Bonds shall be payable in lawful money of the United States of America to the person whose name appears on the books for the registration and transfer of the Refunding Bonds maintained by the Paying Agent in accordance with Section 11(d) hereof (the "Registration Books") as the registered Owner thereof (the "Owner"), upon the surrender thereof at the principal corporate trust office of the Paying Agent.

(c) *Interest; Record Date.* The interest on each Series of Refunding Bonds shall be payable on each Interest Payment Date in lawful money of the United States of America to the Owner thereof as of the Record Date preceding such Interest Payment Date, such interest to be paid by check or draft mailed on such Interest Payment Date (if a business day, or on the next business day if the Interest Payment Date does not fall on a business day) to such Owner at such Owner's address as it appears on the Registration Books or at such address as the Owner may have filed with the Paying Agent for that purpose except that the payment shall be made by wire transfer

of immediately available funds to any Owner of at least \$1,000,000 of outstanding Refunding Bonds of a Series who shall have requested in writing such method of payment of interest prior to the close of business on the Record Date immediately preceding any Interest Payment Date.

(d) *Interest and Sinking Fund.* The principal of and interest due on each Series of Refunding Bonds shall be paid from the related interest and sinking fund of the District as provided in Section 15146 of the California Education Code.

(e) *Obligation of the District.* No part of any fund or account of the County is pledged or obligated to the payment of the Refunding Bonds. The obligation for repayment of the Refunding Bonds is the sole obligation of the District.

(f) *Insurance.* The payment of principal of and interest on all or a portion of any Series of Refunding Bonds may be secured by a municipal bond insurance policy as shall be described in the related Bond Purchase Agreement. The related Bond Purchase Agreement may provide that no municipal bond insurance policy shall be obtained. The Authorized Officers are each hereby authorized to apply for, or cause to be applied for, municipal bond insurance for each Series of Refunding Bonds and to execute and deliver a contract or contracts in order to obtain such insurance if doing so puts such Series of Refunding Bonds (or portion thereof) and the marketing thereof on an economically advantageous basis and is deemed to be in the best interests of the District, such determination to be conclusively evidenced by such Authorized Officer's execution and delivery of such contract.

Section 10. Redemption and Defeasance Provisions. (a) *Redemption.* Each Series of Refunding Bonds shall be subject to redemption at the option of the District on the dates and terms as shall be designated in the related Bond Purchase Agreement. The related Bond Purchase Agreement may provide that a Series of Refunding Bonds shall not be subject to optional redemption.

(b) *Selection.* If less than all of the Refunding Bonds of a series or subseries, if any, are subject to such redemption and are called for redemption, such Refunding Bonds shall be redeemed as directed by the District (or as otherwise set forth in the related Bond Purchase Agreement), and if less than all of the Refunding Bonds of any given maturity of a series or subseries are called for redemption, the portions of such Refunding Bonds of a given maturity to be redeemed shall be determined by lot in any manner deemed fair by the Paying Agent (or as otherwise set forth in the related Bond Purchase Agreement).

(c) *Mandatory Sinking Fund Redemption.* The Refunding Bonds of a series or subseries, if any, which are designated in the related Bond Purchase Agreement as term bonds shall also be subject to redemption prior to their stated maturity dates, without redemption premium, in part by lot or as otherwise directed by the District (or as otherwise set forth in the related Bond Purchase Agreement), from mandatory sinking fund payments in the amounts and in accordance with the terms to be specified in such Bond Purchase Agreement. Unless otherwise provided in the related Bond Purchase Agreement, the principal amount of each mandatory sinking fund payment of any maturity of a series or subseries shall be reduced proportionately or as otherwise directed by the District by the amount of any Refunding Bonds of that maturity and series or subseries redeemed in accordance with subsection (a) of this Section prior to the

mandatory sinking fund payment date (or as otherwise set forth in the related Bond Purchase Agreement). The related Bond Purchase Agreement may provide that the Refunding Bonds of a series or subseries shall not be subject to mandatory sinking fund redemption. The County is hereby authorized to create such sinking funds or accounts for the Refunding Bonds that are term bonds as shall be necessary to accomplish the purposes of this Section.

(d) *Notice of Redemption.* Notice of any redemption of the Refunding Bonds of a series or subseries shall be mailed by the Paying Agent, postage prepaid, not less than 20 nor more than 60 days prior to the redemption date (i) by first class mail to the respective Owners thereof at the addresses appearing on the Registration Books, and (ii) as may be further required in accordance with the applicable Continuing Disclosure Certificate.

Each notice of redemption shall state (i) the date of such notice; (ii) the name of the series or subseries of Refunding Bonds and the date of issue of such series or subseries of Refunding Bonds; (iii) the redemption date; (iv) the redemption price; (v) the dates of maturity or maturities of Refunding Bonds to be redeemed; (vi) if less than all of the Refunding Bonds of any maturity of a series or subseries are to be redeemed, the distinctive numbers of the Refunding Bonds of each maturity of such series or subseries to be redeemed; (vii) in the case of Refunding Bonds of a series or subseries redeemed in part only, the respective portions of the principal amount of the Refunding Bonds of each maturity of such series or subseries to be redeemed; (viii) the CUSIP number, if any, of each maturity of Refunding Bonds to be redeemed; (ix) a statement that such Refunding Bonds must be surrendered by the Owners at the principal corporate trust office of the Paying Agent, or at such other place or places designated by the Paying Agent; (x) notice that further interest on such Refunding Bonds will not accrue after the designated redemption date; and (xi) in the case of a conditional notice, that such notice is conditioned upon certain circumstances and the manner of rescinding such conditional notice.

(e) *Effect of Notice.* A certificate of the Paying Agent that notice of redemption has been given to Owners as herein provided shall be conclusive as against all parties. Neither the failure to receive the notice of redemption as provided in this Section, nor any defect in such notice shall affect the sufficiency of the proceedings for the redemption of the Refunding Bonds called for redemption or the cessation of interest on the date fixed for redemption.

When notice of redemption has been given substantially as provided for herein, and when the redemption price of the Refunding Bonds called for redemption is set aside for the purpose as described in subsection (g) of this Section, the Refunding Bonds designated for redemption shall become due and payable on the specified redemption date and interest shall cease to accrue thereon as of the redemption date, and upon presentation and surrender of such Refunding Bonds at the place specified in the notice of redemption, such Refunding Bonds shall be redeemed and paid at the redemption price thereof out of the money provided therefor. The Owners of such Refunding Bonds so called for redemption after such redemption date shall be entitled to payment thereof only from the related interest and sinking fund or the trust fund established for such purpose. All Refunding Bonds redeemed shall be cancelled forthwith by the Paying Agent and shall not be reissued.

(f) *Right to Rescind Notice.* The District may rescind any optional redemption and notice thereof for any reason on any date prior to the date fixed for redemption by causing written

notice of the rescission to be given to the owners of the Refunding Bonds so called for redemption. Any optional redemption and notice thereof shall be rescinded if for any reason on the date fixed for redemption moneys are not available in the related interest and sinking fund or otherwise held in trust for such purpose in an amount sufficient to pay in full on said date the principal of and premium, if any, and interest due on the Refunding Bonds called for redemption. Notice of rescission of redemption shall be given in the same manner in which notice of redemption was originally given, except as to timing. The actual receipt by the owner of any Refunding Bond of notice of such rescission shall not be a condition precedent to rescission, and failure to receive such notice or any defect in such notice shall not affect the validity of the rescission.

(g) *Funds for Redemption.* Prior to or on the redemption date of any Refunding Bonds there shall be available in the related interest and sinking fund of the District, or held in trust for such purpose as provided by law, monies for the purpose and sufficient to redeem, at the redemption prices as in this Resolution provided, the Refunding Bonds designated in the notice of redemption. Such monies shall be applied on or after the redemption date solely for payment of principal of and premium, if any, and interest due on the Refunding Bonds to be redeemed upon presentation and surrender of such Refunding Bonds, provided that all monies in the related interest and sinking fund of the District shall be used for the purposes established and permitted by law. Any interest due on or prior to the redemption date shall be paid from the related interest and sinking fund of the District, unless otherwise provided to be paid from such monies held in trust. If, after all of the Refunding Bonds have been redeemed and cancelled or paid and cancelled, there are monies remaining in the related interest and sinking fund of the District or otherwise held in trust for the payment of redemption price of the Refunding Bonds, the monies shall be held in or returned or transferred to any interest and sinking fund of the District for payment of any outstanding bonds of the District payable from such fund; provided, however, that if the monies are part of the proceeds of bonds of the District, the monies shall be transferred to the fund created for the payment of principal of and interest on such bonds. If no such bonds of the District are at such time outstanding, the monies shall be transferred to the general fund of the District as provided and permitted by law.

(h) *Defeasance of Refunding Bonds.* If at any time the District shall pay or cause to be paid or there shall otherwise be paid to the Owners of any or all of the outstanding Refunding Bonds of a Series all or any part of the principal of and premium, if any, and interest on such Refunding Bonds at the times and in the manner provided herein and in such Bond Purchase Agreement, or as provided in the following paragraph, or as otherwise provided by law consistent herewith, then such Owners of such Refunding Bonds shall cease to be entitled to the obligation of the District as provided in Section 9 hereof, and such obligation and all agreements and covenants of the District and of the County to such Owners hereunder and under such Refunding Bonds shall thereupon be satisfied and discharged and shall terminate, except only that the District shall remain liable for payment of all principal of and premium, if any, and interest on such Refunding Bonds, but only out of monies on deposit in the related interest and sinking fund of the District or otherwise held in trust for such payment; and provided further, however, that the provisions of subsection (i) of this Section shall apply in all events.

For purposes of this Section, the District may pay and discharge any or all of the Refunding Bonds of a Series by depositing in trust with the Paying Agent or an escrow agent, selected by the District, at or before maturity, money and/or Defeasance Securities, in an amount which will,

together with the interest to accrue thereon and available monies then on deposit in the related interest and sinking fund of the District, be fully sufficient to pay and discharge the indebtedness on such Refunding Bonds (including all principal and interest) at or before their respective maturity dates.

The term “Defeasance Securities” means (a) non-callable direct and general obligations of the United States of America (including state and local government series), or obligations that are unconditionally guaranteed as to principal and interest by the United States of America, including (in the case of direct and general obligations of the United States of America) evidences of direct ownership of proportionate interests in future interest or principal payments of such obligations; provided that investments in such proportionate interests must be limited to circumstances wherein (i) a bank or trust company acts as custodian and holds the underlying United States obligations; (ii) the owner of the investment is the real party in interest and has the right to proceed directly and individually against the obligor of the underlying United States obligations; and (iii) the underlying United States obligations are held in a special account, segregated from the custodian’s general assets, and are not available to satisfy any claim of the custodian, any person claiming through the custodian, or any person to whom the custodian may be obligated; (b) non-callable obligations of government sponsored agencies that are rated in one of the two highest rating categories assigned by S&P (defined herein) or Moody’s (defined herein) but are not guaranteed by a pledge of the full faith and credit of the United States of America; and (c) Advance Refunded Municipal Securities.

The term “Advance Refunded Municipal Securities” means any bonds or other obligations of any state of the United States of America or of any agency, instrumentality or local government unit of any such state (a) which are not callable prior to maturity or as to which irrevocable instructions have been given to the trustee, fiscal agent or other fiduciary for such bonds or other obligations by the obligor to give due notice of redemption and to call such bonds or other obligations for redemption on the date or dates specified in such instructions, (b) which are secured as to principal, premium, if any, and interest by a fund consisting only of cash, direct U.S. or U.S. guaranteed obligations, or any combination thereof, which fund may be applied only to the payment of such principal, premium, if any, and interest on such bonds or other obligations on the maturity date or dates thereof or the redemption date or dates specified in the irrevocable instructions referred to in clause (a) above, as appropriate, and (c) as to which the principal of and premium, if any, and interest on the bonds and obligations of the character described in clause (a) above which have been deposited in such fund, along with any cash on deposit in such fund, have been verified by an independent certified public accountant as being sufficient to pay principal of and premium, if any, and interest on such bonds or other obligations on the maturity date or dates thereof or on the redemption date or dates specified in the irrevocable instructions referred to in clause (a) above, as applicable.

The term “Moody’s” means Moody’s Investors Service, Inc., a corporation duly organized and existing under the laws of the State of Delaware, and its successors and assigns, except that if such entity shall be dissolved or liquidated or shall no longer perform the functions of a securities rating agency, then the term “Moody’s” shall be deemed to refer to any other nationally recognized securities rating agency selected by the District.

The term “S&P” means Standard & Poor’s Ratings Services, a Standard & Poor’s Financial Services LLC business duly organized and existing under the laws of the State of New York, and its successors and assigns, except that if such entity shall be dissolved or liquidated or shall no longer perform the functions of a securities rating agency, then the term “S&P” shall be deemed to refer to any other nationally recognized securities rating agency selected by the District.

(i) *Unclaimed Monies.* Any money held in any fund created pursuant to this Resolution, or by the Paying Agent or an escrow agent in trust, for the payment of the principal of and premium, if any, and interest on a Series of Refunding Bonds and remaining unclaimed for two years after the principal of all of such Series of Refunding Bonds has become due and payable (whether by maturity or upon prior redemption) shall be transferred to the interest and sinking fund of the District for payment of any outstanding bonds of the District payable from the fund; or, if no such bonds of the District are at such time outstanding, the monies shall be transferred to the general fund of the District as provided and permitted by law.

Section 11. Paying Agent. (a) *Appointment; Payment of Fees and Expenses.* This Board of Education does hereby consent to and confirm the appointment of the County Treasurer to act as the initial paying agent for each Series of Refunding Bonds. The County Treasurer is hereby authorized to contract with any third party to perform the services of Paying Agent under this Resolution. All fees and expenses of the Paying Agent shall be the sole responsibility of the District, and to the extent not paid from the proceeds of sale of the applicable Series of Refunding Bonds, or from the related interest and sinking fund of the District, insofar as permitted by law, including specifically by Section 15232 of the California Education Code, such fees and expenses shall be paid by the District.

(b) *Resignation, Removal and Replacement of Paying Agent.* The Paying Agent initially appointed or any successor Paying Agent may resign from service as Paying Agent and may be removed at any time by the County Treasurer. If at any time the Paying Agent shall resign or be removed, the County Treasurer shall appoint a successor Paying Agent, which shall be any bank, trust company, national banking association or other financial institution doing business in and having a corporate trust office in California, with at least \$100,000,000 in net assets.

(c) *Principal Corporate Trust Office.* Unless otherwise specifically noted, any reference herein to the Paying Agent shall initially mean the County Treasurer and the designated agents thereof or the successors or assigns thereof, acting in the capacity of paying agent, registrar, authenticating agent and transfer agent (the “Paying Agent”), and any reference herein to the “principal corporate trust office” of the Paying Agent for purposes of transfer, registration, exchange, payment, and surrender of the Refunding Bonds shall initially mean the office of the County Treasurer or the principal corporate trust office of his designated agent bank or other office of his designated agent bank designated thereby for a particular purpose; provided, however, that in the event that “Paying Agent” shall refer to any successor paying agent, bond registrar, authenticating agent or transfer agent for the Refunding Bonds, “principal corporate trust office” shall include the principal corporate trust office or other office of such successor Paying Agent designated thereby for a particular purpose.

(d) *Registration Books.* The Paying Agent shall keep or cause to be kept at its principal corporate trust office sufficient books for the registration and transfer of the Refunding Bonds,

which shall at all times be open to inspection by the District and the County, and, upon presentation for such purpose, the Paying Agent shall, under such reasonable regulations as it may prescribe, register or transfer or cause to be registered or transferred on the Registration Books, Refunding Bonds as provided in Sections 12 and 34 hereof. The Paying Agent shall keep accurate records of all funds administered by it and of all Refunding Bonds paid and discharged by it. Such records shall be provided, upon reasonable request, to the District or the County in a format mutually agreeable to the Paying Agent and the District and/or the County.

Section 12. Transfer Under Book-Entry System; Discontinuation of Book-Entry System.

(a) Unless otherwise specified in the related Bond Purchase Agreement, The Depository Trust Company, a limited-purpose trust company organized under the laws of the State of New York, and its successors as securities depository for a Series of Refunding Bonds, including any such successor thereto appointed pursuant to this Section (“DTC”), is hereby appointed depository for each Series of Refunding Bonds and each Series of Refunding Bonds shall be issued in book-entry form only, and shall be initially registered in the name of “Cede & Co.,” as nominee of DTC (“Cede & Co.”). One bond certificate shall be issued for each maturity of each Series of Refunding Bonds; provided, however, that if different CUSIP numbers are assigned to Refunding Bonds of a Series maturing in a single year or, if Refunding Bonds of a Series maturing in a single year are issued with different interest rates, additional bond certificates shall be prepared for each such maturity. Registered ownership of such Refunding Bonds of each such maturity, or any portion thereof, may not thereafter be transferred except as provided in this Section or Section 14 hereof:

(i) To any successor of DTC, or its nominee, or to any substitute depository designated pursuant to clause (ii) of this Section (a “substitute depository”); provided, however that any successor of DTC, as nominee of DTC or substitute depository, shall be qualified under any applicable laws to provide the services proposed to be provided by it;

(ii) To any substitute depository not objected to by the District, upon (1) the resignation of DTC or its successor (or any substitute depository or its successor) from its functions as depository, or (2) a determination by the District to substitute another depository for DTC (or its successor) because DTC or its successor (or any substitute depository or its successor) is no longer able to carry out its functions as depository; provided, that any such substitute depository shall be qualified under any applicable laws to provide the services proposed to be provided by it; or

(iii) To any person as provided below, upon (1) the resignation of DTC or its successor (or substitute depository or its successor) from its functions as depository; provided that no substitute depository which is not objected to by the District can be obtained, or (2) a determination by the District that it is in the best interests of the District to remove DTC or its successor (or any substitute depository or its successor) from its functions as depository.

(b) In the case of any transfer pursuant to clause (i) or clause (ii) of subsection (a) of this Section, upon receipt of the outstanding Refunding Bonds by the Paying Agent, together with a written request of the District to the Paying Agent, a new Refunding Bond for each maturity of each Series shall be executed and delivered (in the aggregate principal amount of such Refunding Bonds then outstanding), registered in the name of such successor or such substitute depository,

or their nominees, as the case may be, all as specified in such written request of the District. In the case of any transfer pursuant to clause (iii) of subsection (a) of this Section, upon receipt of the outstanding Refunding Bonds by the Paying Agent together with a written request of the District to the Paying Agent, new Refunding Bonds shall be executed and delivered in such denominations, numbered in the manner determined by the Paying Agent, and registered in the names of such persons, as are requested in such written request of the District, subject to the limitations of Section 9 hereof and the receipt of such a written request of the District, and thereafter, the Refunding Bonds shall be transferred pursuant to the provisions set forth in Section 14 hereof; provided, however, that the Paying Agent shall not be required to deliver such new Refunding Bonds within a period of less than 60 days after the receipt of any such written request of the District.

(c) The District and the Paying Agent shall be entitled to treat the person in whose name any Refunding Bond is registered as the owner thereof, notwithstanding any notice to the contrary received by the District or the Paying Agent; and the District and the Paying Agent shall have no responsibility for transmitting payments to, communicating with, notifying, or otherwise dealing with any beneficial owners of the Refunding Bonds, and neither the District nor the Paying Agent shall have any responsibility or obligation, legal or otherwise, to the beneficial owners or to any other party, including DTC or its successor (or substitute depository or its successor), except for the Owner of any Refunding Bonds.

(d) So long as the outstanding Refunding Bonds are registered in the name of Cede & Co. or its registered assigns, the District and the Paying Agent shall cooperate with Cede & Co., as sole registered Owner, or its registered assigns in effecting payment of the principal of and interest on the Refunding Bonds by arranging for payment in such manner that funds for such payments are properly identified and are made immediately available on the date they are due.

Section 13. Transfer and Exchange. (a) *Transfer.* Following the termination or removal of DTC or successor depository pursuant to Section 13 hereof, or upon the initial delivery of a Series of Refunding Bonds not registered in the name of Cede & Co., as nominee of DTC, any Refunding Bond may, in accordance with its terms, be transferred, upon the Registration Books, by the Owner thereof, in person or by the duly authorized attorney of such Owner, upon surrender of such Refunding Bond to the Paying Agent for cancellation, accompanied by delivery of a duly executed written instrument of transfer in a form approved by the Paying Agent.

Whenever any Refunding Bond or Refunding Bonds shall be surrendered for transfer, the designated District officials shall execute and the Paying Agent shall authenticate and deliver, as provided in Section 8 hereof, a new Refunding Bond or Refunding Bonds, of the same series, maturity, interest payment dates and interest rate or rates (for a like aggregate principal amount). The Paying Agent may require the payment by any Owner of Refunding Bonds requesting any such transfer of any tax or other governmental charge required to be paid with respect to such transfer.

No transfer of any Refunding Bond shall be required to be made by the Paying Agent (i) during the period established by the Paying Agent for selection of the applicable series or subseries of Refunding Bonds for redemption, and (ii) after any Refunding Bond has been selected for redemption.

(b) *Exchange.* The Refunding Bonds of a Series may be exchanged for Refunding Bonds of other authorized denominations of the same series, maturity, interest payment dates and interest rate or rates, by the Owner thereof, in person or by the duly authorized attorney of such Owner, upon surrender of such Refunding Bond to the Paying Agent for cancellation, accompanied by delivery of a duly executed request for exchange in a form approved by the Paying Agent.

Whenever any Refunding Bond or Refunding Bonds shall be surrendered for exchange, the designated District officials shall execute and the Paying Agent shall authenticate and deliver, as provided in Section 8 hereof, a new Refunding Bond or Refunding Bonds of the same series, maturity, interest payment dates and interest rate or rates (for a like aggregate principal amount). The Paying Agent may require the payment by the Owner requesting such exchange of any tax or other governmental charge required to be paid with respect to such exchange.

No exchange of any Refunding Bonds shall be required to be made by the Paying Agent (i) during the period established by the Paying Agent for selection of the Refunding Bonds for redemption, and (ii) after any Refunding Bond has been selected for redemption.

Section 14. Continuing Disclosure Certificate. The form of Continuing Disclosure Certificate, submitted to and on file with the Executive Officer of this Board of Education, is hereby approved. The Authorized Officers are, and each of them is, hereby authorized, and any one of the Authorized Officers is hereby directed, for and in the name of the District, to execute and deliver one or more Continuing Disclosure Certificates in substantially said form, with such changes, insertions and omissions as the Authorized Officer executing the same may require or approve, such approval to be conclusively evidenced by the execution of the applicable Continuing Disclosure Certificate by such Authorized Officer.

Section 15. Preliminary Official Statement. The form of Preliminary Official Statement relating to the initial issue of Refunding Bonds to be publicly offered submitted to and on file with the Executive Officer of this Board of Education, with such changes, insertions and omissions therein as may be approved by an Authorized Officer, is hereby approved, and the use of the Preliminary Official Statement in connection with the offering and sale of such Refunding Bonds is hereby authorized and approved. The Authorized Officers are each hereby authorized, and any one of the Authorized Officers is hereby directed, to certify on behalf of the District that the information contained in such Preliminary Official Statement is deemed final as of its date, within the meaning of Rule 15c2-12 (except for the omission of certain final pricing, rating and related information as permitted by Rule 15c2-12). If it is necessary to make substantial changes to the Preliminary Official Statement hereby approved, this Board of Education shall review a revised draft of such Preliminary Official Statement with accompanying directions and instructions to members of this Board of Education to review such revised Preliminary Official Statement. For subsequent Series of Refunding Bonds, the preparation of a Preliminary Official Statement with respect to each such subsequent Series of Refunding Bonds, similar in form and content to the Preliminary Official Statement relating to the first Series of Refunding Bonds with such changes as shall be deemed necessary, is hereby authorized and approved, and the certification of its finality within the meaning of Rule 15c2-12 by an Authorized Officer and its use in connection with the offering and sale of each such subsequent Series of Refunding Bonds, are also hereby authorized, following the distribution to this Board of Education of a substantially complete draft of a Preliminary Official Statement relating to such Series of Refunding Bonds with accompanying

directions and instructions to members of this Board of Education to review such Preliminary Official Statement.

Section 16. Official Statement. The preparation and delivery of a final Official Statement with respect to a Series of Refunding Bonds to be publicly offered (each, an “Official Statement”) and its use in connection with the offering and sale of such Series of Refunding Bonds are hereby authorized and approved. Each Official Statement shall be in substantially the form of the related Preliminary Official Statement, with such changes, insertions and omissions as may be approved by an Authorized Officer, such approval to be conclusively evidenced by the execution and delivery thereof. The Authorized Officers are, and each of them is, hereby authorized, and any one of the Authorized Officers is hereby directed, for and in the name of and on behalf of the District, to execute each final Official Statement, and any amendment or supplement thereto, for and in the name of the District.

Section 17. Tax Covenants. (a) The District shall not take any action, or fail to take any action, if such action or failure to take such action would adversely affect the exclusion from gross income of the interest payable on a Tax-Exempt Series of Refunding Bonds under Section 103 of the Code. Without limiting the generality of the foregoing, the District hereby covenants that it will comply with the requirements of the Tax Certificate (each, a “Tax Certificate”) to be executed by the District on the date of issuance of each Tax-Exempt Series of Refunding Bonds. The provisions of this subsection (a) shall survive payment in full or defeasance of the Refunding Bonds.

(b) In the event that at any time the District is of the opinion that for purposes of this Section it is necessary or helpful to restrict or limit the yield on the investment of any monies held by the County Treasurer on behalf of the District, in accordance with this Resolution or pursuant to law, the District shall so request of the County Treasurer in writing, and the District shall make its best efforts to ensure that the County Treasurer shall take such action as may be necessary in accordance with such instructions.

(c) Notwithstanding any provision of this Section, if the District shall provide to the County Treasurer an opinion of counsel of nationally recognized standing in the field of law relating to municipal bonds (“Opinion of Bond Counsel”) that any specified action required under this Section is no longer required or that some further or different action is required to maintain the exclusion from federal income tax of interest on the Tax-Exempt Series of Refunding Bonds under Section 103 of the Internal Revenue Code, the County Treasurer may conclusively rely on such Opinion of Bond Counsel in complying with the requirements of this Section and of the Tax Certificate, and the covenants hereunder shall be deemed to be modified to that extent.

Section 18. Cost of Issuance. The Authorized Officers are each hereby authorized to cause to be deposited in a costs of issuance account, which may be held by a bank, national banking association or trust company meeting the qualifications necessary to be a paying agent set forth in Section 11, as cost of issuance administrator, proceeds of the sale of each Series of Refunding Bonds, in an amount as shall be set forth in the related Bond Purchase Agreement or as set forth in a certificate of an Authorized Officer for the purposes of paying the costs associated with the issuance of such Series of Refunding Bonds.

Section 19. Professional Services. In connection with the issuance of the Refunding Bonds, KNN Public Finance is hereby appointed to serve as the Municipal Advisor to the District, and Best Best & Krieger LLP is hereby appointed to serve as Bond Counsel and Disclosure Counsel to the District.

Section 20. Delegation of Authority. The Authorized Officers and employees of the District are, and each of them hereby is, authorized and directed to execute and deliver, for and on behalf of the District, any and all documents and instruments and to do and cause to be done any and all acts and things necessary or advisable in order to consummate the transactions contemplated by this Resolution and otherwise to carry out, give effect to and comply with the terms and intent of this Resolution, and each Bond Purchase Agreement, Escrow Agreement, Tender Agreement and Continuing Disclosure Certificate. Without limiting the generality of the foregoing, the President of this Board of Education, the Executive Officer of this Board of Education and any Authorized Officer are each hereby authorized and directed to execute and deliver any and all documents, agreements, certificates and representations, including but not limited to signature certificates, no litigation certificates, and certificates concerning the contents of the Preliminary Official Statement and the Official Statement, representation letters to The Depository Trust Company, each Tax Certificate, any other certificates or documents proposed to be delivered in connection with the sale or issuance of the Bonds, and any other agreements, letters, certificates or representations, which any of them deem necessary and desirable to accomplish the transactions authorized herein.

Section 21. Approval of Actions. All actions heretofore taken by the officers and employees of the District with respect to the issuance and sale of the Refunding Bonds, or in connection with or related to any of the agreements or documents referred to herein, are hereby approved, confirmed and ratified.

Section 22. Filing with County. Any Authorized Officer, acting alone, is hereby authorized and directed to report to the Auditor-Controller of the County the final terms of sale of the Refunding Bonds, and to file with the Auditor-Controller of the County and with the County Treasurer a copy of the executed Bond Purchase Agreement, this Resolution, and the schedule of amortization of the principal of and payment on the Refunding Bonds, and this Resolution, upon delivery to the County, shall serve as the notice required to be given by Section 15140(c) of the California Education Code and as the District's request to the Auditor-Controller of the County and the County Board of Supervisors to propose and adopt in each year a tax rate applicable to all taxable property of the District for payment of the Refunding Bonds, pursuant to law; and this Resolution shall serve as a request to the other officers of the County to levy and collect said taxes for payment of the Refunding Bonds, to pay in a timely manner to the Paying Agent on behalf of the Owners of the Refunding Bonds the principal of, interest and premium, if any, due on the Refunding Bonds in each year, and to create in the County treasury to the credit of the District the interest and sinking fund.

Section 23. Interpretation. The terms of this Resolution shall be interpreted broadly to effect the purpose of providing broad and clear authority for the officers and employees of the District to provide for the issuance of, and issue, from time to time, one or more Series of Refunding Bonds in accordance with the provisions of the documents described herein, the Debt Management Policy and the Act on the terms set forth in this Resolution.

Section 24. **Contract with Bondholders.** The provisions of this Resolution shall be a contract with each and every owner of Refunding Bonds and the duties of the District and of the Board of Education and the officers of the District shall be enforceable by any owner of Refunding Bonds by mandamus or other appropriate suit, action or proceeding in any court of competent jurisdiction.

Section 25. **Amendments.** This Resolution may be modified or amended without the consent of the Owners in order to cure ambiguities or provide clarification, provided that such modification or amendment does not materially adversely affect the rights of Owners of Refunding Bonds. For any other purpose, this Resolution may be modified or amended only with the consent of the Owners of a majority of the aggregate principal amount of all Refunding Bonds then outstanding. No such modification or amendment shall extend the maturity of, reduce the interest rate or principal amount of Refunding Bonds or reduce the percentage of consent required for amendment hereof without the express consent of all the Owners so affected.

Section 26. **Effective Date.** This Resolution shall take effect from and after its date of adoption.

Adopted and signed this ____ day of _____, 20 __, by the Board of Education of the Los Angeles Unified School District.

Executive Officer, Board of Education

EXHIBIT A**FORM OF REFUNDING BOND****Number:****R-__**

**UNITED STATES OF AMERICA
STATE OF CALIFORNIA
COUNTY OF LOS ANGELES**

**LOS ANGELES UNIFIED SCHOOL DISTRICT
(COUNTY OF LOS ANGELES, CALIFORNIA)
202__ GENERAL OBLIGATION REFUNDING BONDS, SERIES __
(DEDICATED UNLIMITED *AD VALOREM* PROPERTY TAX BONDS)**

<u>Maturity Date</u>	<u>Interest Rate</u>	<u>Dated</u>	<u>CUSIP No.</u>
_____	_____%	_____	_____

Registered Owner: CEDE & CO.

Principal Amount: \$ _____

The Los Angeles Unified School District (the "District"), County of Los Angeles, State of California, acknowledges itself obligated to and promises to pay to the Registered Owner identified above or registered assigns (the "Registered Owner"), on the Maturity Date set forth above, the Principal Amount specified above in lawful money of the United States of America, and to pay interest thereon in like lawful money from the interest payment date next preceding the date of authentication of this Bond (unless this bond is authenticated as of a date during the period from the Record Date (as defined herein) next preceding any interest payment date to such interest payment date, inclusive, in which event it shall bear interest from such interest payment date, or unless this Bond is authenticated on or before _____, 20__, in which event it shall bear interest from the date hereof) at the Interest Rate per annum stated above, payable commencing on _____ 1, 20__, and thereafter on January 1 and July 1 in each year, until payment of the Principal Amount. This Bond is issued pursuant to a Resolution adopted by the Board of Education of the District on _____, 20__ (the "Resolution"). Capitalized undefined terms used herein have the meanings ascribed thereto in the Resolution.

The principal hereof is payable to the Registered Owner hereof upon the surrender hereof at the principal corporate trust office of the paying agent/registrar and transfer agent of the District (the "Paying Agent"), initially the Treasurer and Tax Collector of the County of Los Angeles. The interest hereon is payable to the person whose name appears on the bond registration books of the Paying Agent as the Registered Owner hereof as of the close of business on the 15th day of the month preceding an interest payment date (the "Record Date"), whether or not such day is a business day, such interest to be paid by check or draft mailed to such Registered Owner at the owner's address as it appears on such registration books, or at such other address filed with the Paying Agent for that purpose. Upon written request, given no later than the Record Date immediately preceding an interest

payment date, of the owner of Refunding Bonds aggregating at least \$1,000,000 in principal amount, interest will be paid by wire transfer in immediately available funds to an account maintained in the United States as specified by the Registered Owner in such request. So long as Cede & Co. or its registered assigns shall be the Registered Owner of this Bond, payment shall be made in immediately available funds as provided in the Resolution hereinafter described.

This Bond is one of a duly authorized issue of bonds of like tenor (except for such variations, if any, as may be required to designate varying series, numbers, denominations, interest rates and maturities provisions), in the aggregate principal amount of \$_____, and designated as “Los Angeles Unified School District (County of Los Angeles, California) 20__ General Obligation Refunding Bonds, Series __ (Dedicated Unlimited *Ad Valorem* Property Tax Bonds)” (the “Bonds”). The Bonds were authorized by the Resolution and are issued pursuant to Articles 9 and 11 of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code, and other applicable law. The Bonds are issued and sold by the Board of Education of the District pursuant to and in strict conformity with the provisions of the Constitution and laws of the State, and of the Resolution.

The Bonds are issuable as fully registered bonds without coupons in the denomination of \$5,000 principal amount or any integral multiple thereof, provided that no Bond shall have principal maturing on more than one principal maturity date. Subject to the limitations and conditions and upon payment of the charges, if any, as provided in the Resolution, Bonds may be exchanged for a like aggregate principal amount of Bonds of the same tenor and maturity of other authorized denominations.

This Bond is transferable by the Registered Owner hereof, in person or by attorney duly authorized in writing, at the principal corporate trust office of the Paying Agent, but only in the manner, subject to the limitations and upon payment of the charges provided in the Resolution, and upon surrender and cancellation of this Bond. Upon such transfer, a new Bond or Bonds of authorized denomination or denominations of the same tenor, interest payments, and same aggregate principal amount will be issued to the transferee in exchange herefor.

The District and the Paying Agent may treat the Registered Owner hereof as the absolute owner hereof for all purposes, and the District and the Paying Agent shall not be affected by any notice to the contrary.

The Bonds maturing on _____, 20__, are not subject to optional redemption prior to maturity. The Bonds maturity on or after _____, 20__, are subject to redemption prior to maturity, at the option of the District, in whole or in part among maturities on such basis as shall be designated by the District and by lot within a maturity, from any legally available source of funds, on _____, 20__, or on any date thereafter, at a price equal to 100% of the principal amount thereof, without premium. If this Bond is called for redemption and payment is duly provided therefor, interest shall cease to accrue hereon from and after the date fixed for redemption.

The Term Bonds maturing on _____ in the years ____ and ____, are subject to mandatory sinking fund redemption by the District prior to their stated maturity, in part by lot, at a redemption price equal to the principal amount thereof to be redeemed, together with accrued interest to the date fixed for redemption, if any, without premium, solely from mandatory sinking

fund payments in accordance with the schedules set forth below, but which amounts will be reduced proportionately by the principal amount of such Term Bond optionally redeemed.

Term Bonds Maturing _____, 20__

**Redemption Date Sinking Fund
(____) Redemption**

†

†Maturity.

The Board of Education of the District hereby certifies and declares that the total amount of indebtedness of the District, including the amount of this Bond, is within the limit provided by law; that all acts, conditions and things required by law to be done or performed precedent to and in the issuance of this Bond have been done and performed in strict conformity with the laws authorizing the issuance of this Bond; and that this Bond is in substantially the form prescribed by order of the Board of Education duly made and entered on its minutes. The Bonds represent an obligation payable out of the related interest and sinking fund of the District, and the money for the payment of principal hereof and premium, if any, and interest hereon, shall be raised by taxation upon the taxable property of the District.

Unless this Bond is presented by an authorized representative of The Depository Trust Company, a New York corporation ("DTC"), to the Paying Agent for registration of transfer, exchange, or payment, and any Bond issued is registered in the name of Cede & Co. or in such other name as is requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), ANY TRANSFER, PLEDGE, OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL inasmuch as the Registered Owner hereof, Cede & Co., has an interest herein.

This Bond shall not be entitled to any benefit under the Resolution, or become valid or obligatory for any purpose, until the certificate of authentication and registration hereon endorsed shall have been signed by the Paying Agent. Reference is made to the Resolution for a more complete description of the provisions with respect to the terms of the Bonds.

IN WITNESS WHEREOF, the Board of Education of the Los Angeles Unified School District, county of Los Angeles, State of California, has caused this bond to be signed by its President and countersigned by the Executive Officer of said Board, as of the date set forth above.

President of the Board of Education of the
Los Angeles Unified School District

Signature Guarantee: _____

Note: Signature must be guaranteed by an eligible guarantor institution.

EXHIBIT B**GOVERNMENT CODE SECTION 5852.1 DISCLOSURE**

In accordance with Section 5852.1(a)(1) of the California Government Code, the following information was obtained from KNN Public Finance LLC, as the District's Municipal Advisor, with respect to the bonds approved in the attached Resolution (the "Refunding Bonds") assuming a tax-exempt current refunding of the District's outstanding callable bonds which is estimated to result in an aggregate principal amount of the Refunding Bonds being \$223,805,000, which is less than the authorized maximum principal amount of Refunding Bonds approved in the attached Resolution:

1. *True Interest Cost of the Refunding Bonds.* Based on market interest rates prevailing at the time of preparation of this information, a good faith estimate of the true interest cost of the Refunding Bonds, which means the rate necessary to discount the amounts payable on the respective principal and interest payment dates to the purchase price received for the Refunding Bonds, is 2.87%.

2. *Finance Charge of the Refunding Bonds.* Based on market interest rates prevailing at the time of preparation of this information, a good faith estimate of the finance charge of the Refunding Bonds, which means the sum of all fees and charges paid to third parties (or costs associated with the Refunding Bonds), is \$1,171,415, as follows:

a)	Rating Agency – Moody's	\$95,000
b)	Rating Agency – Fitch	80,000
c)	Rating Agency – Kroll	80,000
e)	Bond and Disclosure Counsel	115,000
f)	Municipal Advisor	90,000
g)	Underwriters' Discount	671,415
h)	Other Expenses	40,000

3. *Amount of Proceeds to be received.* Based on market interest rates prevailing at the time of preparation of this information, a good faith estimate of the amount of proceeds expected to be received by the District for sale of the Refunding Bonds less the finance charge of the Refunding Bonds described in paragraph 2 above and any reserves or capitalized interest paid or funded with proceeds of the Refunding Bonds, is \$234,525,907.

4. *Total Payment Amount.* Based on market interest rates prevailing at the time of preparation of this information, a good faith estimate of the total payment amount, which means the sum total of all payments the District will make to pay debt service on the Refunding Bonds plus the finance charge of the Refunding Bonds described in paragraph 2 above not paid with the proceeds of the Refunding Bonds, calculated to the final maturity of the Refunding Bonds, is \$251,531,615, which is \$11,291,010 less than the net debt service on the refunded outstanding bonds if the Refunding Bonds were not to be issued.

Under the attached Resolution, any Refunding Bonds would only be issued if the issuance of such Refunding Bonds conforms to the District's Debt Management Policy.

Attention is directed to the fact that the foregoing information constitutes good faith estimates only. The actual interest cost, finance charges, amount of proceeds and total payment amount may vary from the estimates above due to variations from these estimates in the timing of Refunding Bond sales, the amount of Refunding Bonds sold, the amortization of the Refunding Bonds sold and market interest rates at the time of each sale. The date or dates of sale and the amount of Refunding Bonds sold will be determined by the District based on need for project funds and other factors. The actual interest rates at which the Refunding Bonds will be sold will depend on the bond market at the time of each sale. The actual amortization of the Refunding Bonds will also depend, in part, on market interest rates at the time of each sale. Market interest rates are affected by economic and other factors beyond the District's control. The Board of Education has approved the issuance of each series of Refunding Bonds with a maximum true interest cost of 6.00%.

EXECUTIVE OFFICER'S CERTIFICATE

I, _____, Executive Officer of the Board of Education of the Los Angeles Unified School District, County of Los Angeles, California, hereby certify as follows:

The attached is a full, true and correct copy of a resolution duly adopted at a regular meeting of said Board of Education of said District duly and regularly held at the regular meeting place thereof on _____, 2025, at which meeting all of the members of said Board of Education had due notice and at which a quorum thereof was present; and at said meeting said resolution was adopted by the following vote:

AYES:

NOES:

ABSTAIN:

ABSENT:

An agenda of said meeting was posted at least 72 hours before said meeting at 333 South Beaudry Avenue, Los Angeles, California, a location freely accessible to members of the public, and a brief description of said resolution appeared on said agenda. A copy of said agenda is attached hereto.

I have carefully compared the same with the adopted resolution on file and of record in my office. Said resolution has not been amended, modified or rescinded since the date of its adoption, and the same is now in full force and effect.

WITNESS my hand this ____ day of _____, 2025.

In the opinion of Best Best & Krieger LLP, Riverside, California (“Bond Counsel”), subject, however, to certain qualifications described in this Official Statement, under existing statutes, regulations, rulings and judicial decisions, and assuming certain representations and compliance with certain covenants and requirements described herein, the Bonds is excluded from gross income for federal income tax purposes, and interest on the Bonds is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals and corporations; however, interest on the Bonds is taken into account in determining the annual adjusted financial statement income of certain corporations for the purpose of computing the alternative minimum tax imposed on certain corporations. In the further opinion of Bond Counsel, interest on the Bonds is exempt from California personal income tax. See “TAX MATTERS” herein.

LOS ANGELES UNIFIED SCHOOL DISTRICT
(County of Los Angeles, California)
20__ General Obligation Refunding Bonds, Series __
(Dedicated Unlimited *Ad Valorem* Property Tax Bonds)

Dated: Date of Delivery

Due: As shown herein

The Los Angeles Unified School District (County of Los Angeles, California) 20__ General Obligation Refunding Bonds, Series __ (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) (the “Bonds”) are being issued to (i) refund the District’s Prior Bonds (as defined herein), (ii) pay capitalized interest on the Bonds, and (iii) pay the costs of issuance of the Bonds. See “PLAN OF FINANCE AND REFINANCE.” The Bonds are being issued under the laws of the State of California (the “State”), the applicable authorizations received at elections held by the District as described herein, and pursuant to resolution of the Board of Education of the District.

The Bonds are general obligation bonds of the District secured by and payable from *ad valorem* property taxes to be levied within the District pursuant to the California Constitution and other State law. The Board of Supervisors of the County is empowered and is obligated to levy *ad valorem* property taxes upon all property subject to taxation by the District, without limitation as to rate or amount (except as to certain personal property which is taxable at limited rates), for the payment of principal of and interest on the Bonds, all as more fully described herein. See "SECURITY AND SOURCE OF PAYMENT FOR THE BONDS."

Interest on the Bonds is payable on each January 1 and July 1 to maturity, commencing [_____] 1, 20____. Principal of the Bonds is payable in each of the years and in the amounts set forth on the inside front cover page hereof.

The Bonds will be issued in book-entry form only, in denominations of \$5,000 principal amount, or integral multiples thereof, and will be initially issued and registered in the name of Cede & Co., as nominee for The Depository Trust Company (“DTC”). DTC will act as securities depository for the Bonds. Owners will not receive certificates representing their interests in the Bonds. Payments of principal of, premium, if any, and interest on the Bonds will be made by U.S. Bank Trust Company, National Association, as agent to the Treasurer and Tax Collector of the County, as the initial paying agent, to DTC, which is obligated to remit such payments to its DTC Participants for subsequent disbursement to the beneficial owners of the Bonds. See APPENDIX C – “BOOK-ENTRY ONLY SYSTEM.”

The Bonds are subject to redemption prior to their respective stated maturity dates as described herein. See “THE BONDS – Redemption.”

THIS COVER PAGE CONTAINS CERTAIN INFORMATION FOR GENERAL REFERENCE ONLY. IT IS NOT INTENDED TO BE A SUMMARY OF THE SECURITY FOR OR TERMS OF THIS ISSUE. INVESTORS ARE ADVISED TO READ THE ENTIRE OFFICIAL STATEMENT TO OBTAIN INFORMATION ESSENTIAL TO THE MAKING OF AN INFORMED INVESTMENT DECISION.

The Bonds will be offered when, as and if issued by the County on behalf of the District, and received by the Underwriters, subject to the approval as to their legality by Best Best & Krieger LLP, Riverside, California, Bond Counsel to the District, and certain other conditions. Certain legal matters will be passed upon for the District by the General Counsel to the District and by Best Best & Krieger LLP, Los Angeles, California, Disclosure Counsel to the District, and for the Underwriters by _____. The Bonds, in book-entry form, will be available for delivery through the facilities of DTC on or about _____, 20_____.

The Underwriters have reviewed the information in this Official Statement in accordance with, and as part of, their respective responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information.

THE BONDS HAVE NOT BEEN REGISTERED WITH THE U.S. SECURITIES AND EXCHANGE COMMISSION UNDER THE SECURITIES ACT OF 1933, AS AMENDED, NOR HAVE THE RESOLUTIONS BEEN QUALIFIED UNDER THE TRUST INDENTURE ACT OF 1939, AS AMENDED, IN RELIANCE UPON EXEMPTIONS CONTAINED IN SUCH ACTS.

When used in this Official Statement or in any continuing disclosure by the District, in any press release by the District or in any oral statement made with the approval of an authorized officer of the District, the words or phrases “will likely result,” “are expected to,” “will continue,” “is anticipated,” “estimate,” “project,” “forecast,” “expect,” “intend” and similar expressions identify “forward-looking statements.” Such statements are subject to risks and uncertainties that could cause actual results to differ materially from those contemplated in such forward-looking statements. Any forecast is subject to such uncertainties. Inevitably, some assumptions used to develop the forecasts will not be realized and unanticipated events and circumstances may occur. Therefore, there are likely to be differences between forecasts and actual results, and those differences may be material.

The District maintains a website at **www.lausd.org**. Reference to such website address, however, is for informational purposes only. Unless specified otherwise, such website and the information or links contained therein are not incorporated by reference herein, should not be relied upon in making an investment decision with respect to the Bonds, and are not part of this Official Statement for purposes of and as that term is defined in Rule 15c2-12 adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934.

LOS ANGELES UNIFIED SCHOOL DISTRICT
(County of Los Angeles, California)
20__ General Obligation Refunding Bonds, Series __
(Dedicated Unlimited *Ad Valorem* Property Tax Bonds)

INTRODUCTION

This Introduction is not a summary of this Official Statement. It is only a brief description of, and is qualified by, more complete and detailed information contained in the entire Official Statement, including the cover page and inside cover page, through the appendices hereto, and the documents summarized or described herein. The offering of the Bonds to potential investors is made only by means of the entire Official Statement. A full review should be made of the entire Official Statement.

General

This Official Statement, which includes the cover page through the appendices hereto, is provided to furnish information in connection with the sale of the Los Angeles Unified School District (County of Los Angeles, California) 20__ General Obligation Refunding Bonds, Series __ (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) (the “Bonds”) to be offered by the Los Angeles Unified School District (the “District”).

The Bonds are issued by the District, pursuant to certain provisions of the California Government Code and other applicable law, and a resolution adopted by the District Board on ____, 20__ (the “Resolution”). The Bonds are being issued to (i) refinance certain school facilities projects, (ii) fund capitalized interest on the Bonds], and (iii) to pay the costs of issuance of the Bonds as more fully described herein. See “INTRODUCTION – Authority and Purpose for Issuance of the Bonds” and “PLAN OF REFINANCE.”

THE BONDS ARE GENERAL OBLIGATION BONDS OF THE DISTRICT SECURED BY AND PAYABLE FROM *AD VALOREM* PROPERTY TAXES TO BE LEVIED UPON ALL PROPERTY SUBJECT TO TAXATION BY THE DISTRICT, WITHOUT LIMITATION AS TO RATE OR AMOUNT (EXCEPT AS TO CERTAIN PERSONAL PROPERTY WHICH IS TAXABLE AT LIMITED RATES). THE BONDS ARE NOT AN OBLIGATION OF THE COUNTY, THE STATE OF CALIFORNIA OR OF THE GENERAL FUND OF THE DISTRICT. SEE “SECURITY AND SOURCE OF PAYMENT FOR THE BONDS.”

The District

The District, encompassing approximately 710 square miles, is located in the western section of the County in the State of California (the “State”). The District’s boundaries include virtually all of the City of Los Angeles (the “City”), all of the Cities of Cudahy, Gardena, Huntington Park, Lomita, Maywood, San Fernando, Vernon and West Hollywood, and portions of the Cities of Bell, Bell Gardens, Beverly Hills, Calabasas, Carson, Commerce, Culver City, Downey, Hawthorne, Inglewood, Long Beach, Lynwood, Montebello, Monterey Park, Rancho Palos Verdes, Rolling Hills Estates, Santa Clarita, Santa Monica, South Gate, and Torrance. In addition, the District provides services to several unincorporated areas of the County which include residential and industrial areas. The boundaries for the District are approximately 80% coterminous with the City, with the remaining 20% included in the smaller neighboring cities and unincorporated County areas described above. The District was formed in 1854 as the Common Schools for the City and became a unified school district in 1960.

The District is the largest public school district in the State and the largest self-governing public school district in the United States. At the time of preparation of the District’s second interim report for fiscal year 2024-25 (the “2024-25 Second Interim Report”), the transitional kindergarten (“TK”) through 12th grade enrollment in the District for fiscal year 2024-25 was projected to be approximately 402,561 students, including those attending magnet, opportunity, and continuation schools and centers, Affiliated Charter Schools, and schools for people with disabilities. Such enrollment represents a projected decrease of 892 students or a decrease of approximately (0.22)% from the budgeted TK-12 enrollment in the District at the time of preparation of the District’s original adopted budget for fiscal year 2024-25 (the “Fiscal Year 2024-25 Budget”). Such enrollment does not include students attending Fiscally Independent Charter Schools that was budgeted at 108,520 students at the time of preparation of the Fiscal Year 2024-25 Budget. Based on enrollment projections at the time of preparation of the 2024-25 Second Interim Report, the District projected enrollment to decline by (1.99)% on average through fiscal year 2025-26. For more information regarding District enrollment and average daily attendance, see APPENDIX A – “DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT GENERAL INFORMATION – Enrollment and Average Daily Attendance.” See also APPENDIX A – “DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – District Budget – *LACOE’s Responses to Fiscal Year 2024-25 Budget*,” for information regarding District declining enrollment.

As reflected in the District’s Audited Annual Financial Report for fiscal year 2023-24, the District operated 1,232 schools and centers in fiscal year 2023-24, which consisted of 435 elementary schools, 78 middle/junior high schools, 87 senior high schools, 59 options schools, 29 multi-level schools, 12 special education schools, 264 magnet centers, 67 magnet schools, 18 primary school centers, 2 community adult schools, 7 regional occupational centers, 2 skills centers, 87 early education centers, 4 infant centers, and 81 California State preschools. As reflected in the District’s Audited Annual Financial Report for fiscal year 2023-24, 51 of the District’s schools were operated as Affiliated Charter Schools in fiscal year 2023-24. In addition, as reflected in the District’s Audited Annual Financial Report for fiscal year 2023-24, the District oversaw 221 Fiscally Independent Charter Schools within the District’s boundaries in fiscal year 2023-24. See APPENDIX A – “DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – STATE FUNDING OF SCHOOL DISTRICTS – Charter School Funding.”

Additional information on the District is set forth in Appendices A and B. See APPENDIX A – “DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION” and APPENDIX B – “AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 20__.”

For information regarding potential additional financings the District may undertake, see APPENDIX A – “DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – Future Financings.”

The District’s General Obligation Bond Program

Voters within the District have approved a total of \$36.605 billion of general obligation bonds in seven separate bond elections since 1997, as delineated in Table 1 below, a portion of which are currently outstanding. A total of approximately \$__ billion of the approved general obligation bonds has been issued, with approximately \$__ billion remaining to be issued under the bond authorizations listed below (collectively, the “Authorizations”). See “SECURITY AND SOURCE OF PAYMENT FOR THE BONDS – The District’s General Obligation Bond Program and Bonding Capacity.”

TABLE 1
LOS ANGELES UNIFIED SCHOOL DISTRICT
General Obligation Bond Authorizations

Bond Authorization	Date Authorized by Voters	Percentage Approval⁽¹⁾	Amount Authorized (\$ Billions)	Amount Issued⁽²⁾ (\$ Billions)	Amount Unissued⁽²⁾ (\$ Billions)	Purposes
Proposition BB	April 8, 1997	71%	\$ 2.400	\$ 2.400	\$0.000	Health and safety improvements, computer technology and science labs, air conditioning and new construction
Measure K	November 5, 2002	68	3.350	3.350	0.000	New construction, acquisition, rehabilitation and upgrading of specifically identified school facilities
Measure R	March 2, 2004	63	3.870	3.870	0.000	New construction, acquisition, rehabilitation and upgrading of specifically identified school facilities, and installation and upgrading of information-technology infrastructure

Measure Q	November 4, 2008	69	7.000	4.801	2.199	New construction, acquisition, rehabilitation and upgrading of specifically identified school facilities, and installation and upgrading of information-technology infrastructure
Measure RR	November 3, 2020	71	7.000	1.600	5.400	New construction, acquisition, rehabilitation and upgrading of specifically identified school facilities, and implementing Coronavirus Disease 2019 (“COVID-19”) pandemic facility safety standards
Measure US	November 5, 2024	68	9.000	0.634*	8.366*	New construction, acquisition, rehabilitation and upgrading of specifically identified school facilities, and installation and upgrading of information-technology infrastructure
Total			<u>\$36.605</u>	<u>\$20.640</u>	<u>\$15.965</u>	

* Preliminary; subject to change. Amounts are rounded.

⁽¹⁾ Measure K, Measure R, Measure Y, Measure Q, Measure RR, and Measure US were approved pursuant to the provisions of Proposition 39, which requires approval of at least 55% of voters voting on the proposition. Proposition BB was approved pursuant to the provisions of Proposition 46, which requires approval of at least two-thirds of voters voting on the proposition.

⁽²⁾ Totals may not add due to rounding. See also APPENDIX A – “DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – District Debt – *General Obligation Bonds*” for the amounts of outstanding general obligation bonds under the referenced Authorizations. Excludes general obligation refunding bonds.

Source: Los Angeles Unified School District.

In addition to the bond proceeds from the seven Authorizations referred to above, the District has received State-matching funds and other revenue sources to fund the general obligation bond program's various projects. The District may continue to receive other revenue sources, including State-matching funds; however, additional funding is not guaranteed. The District's general obligation bond program completed all projects that enabled the District to operate all schools on a traditional two-semester calendar in the 2018-19 school year. In addition, approximately 24,475 new school construction, rehabilitation, modernization and replacement projects, which are intended to upgrade facilities and improve the learning environment for students, have been completed. The program includes, among other things, various school facilities improvements for campus safety and security, computer technology, sustainability, information technology systems and school buses.

Authority and Purpose for Issuance of the Bonds

The Bonds are issued under the provisions of Articles 9 and 11 (commencing with Sections 53550 and 53580, respectively) of Chapter 3 of Part 1 of Division 2 of Title 5 of the California Government Code (the "Refunding Bond Law") and the Resolution.

The Bonds are being issued to refund the Prior Bonds (defined herein), to pay capitalized interest on the Bonds, and to pay costs of issuance of the Bonds. See "PLAN OF FINANCE AND REFINANCE" and "ESTIMATED SOURCES AND USES OF FUNDS."

Security and Source of Payment for the Bonds

The Bonds are payable from *ad valorem* property taxes to be levied within the District pursuant to the California Constitution, other State law and each Measure. The Board of Supervisors of the County is empowered and is obligated to levy *ad valorem* property taxes upon all property subject to taxation by the District, without limitation as to rate or amount (except as to certain personal property which is taxable at limited rates), for the payment of principal of and interest on the Bonds, all as more fully described herein. Such *ad valorem* property taxes are deposited in the related Interest and Sinking Fund of the District, which is established for the Bonds and held by the County and may only be applied to pay the principal of, redemption premium, if any, and interest on the Bonds. Pursuant to the Resolutions, the term "Interest and Sinking Fund" means each interest and sinking fund of the District, designated to correspond to the applicable general obligation bonds or general obligation refunding bonds of the District and related voter-approved bond measure of the District established for such bonds and used only for payment of principal of and interest on such bonds.

Pursuant to the Resolution, the District pledges and grants a lien on and security interest in, all revenues from the property taxes collected from the levy by the Board of Supervisors with respect to each voter-approved bond measure of the District for payment of bonds issued under such measure of the District and all amounts on deposit in any Interest and Sinking Fund of the District for the payment of the principal or redemption price of and interest on such bonds. The Resolution provides that this pledge and grant is valid and binding from the date of adoption of the Resolution for the benefit of the owners of such bonds and successors thereto. The Resolution further provides that the property taxes and amounts held in each Interest and Sinking Fund of the District are immediately subject to this pledge and grant, and that this pledge and grant constitutes a lien and security interest which immediately attaches to the property taxes and amounts held in such Interest and Sinking Fund of the District to secure the payment of such bonds and is effective, binding, and enforceable against the District, its successors, creditors and all others irrespective of whether those parties have notice of the pledge or grant, and without the need of any physical delivery, recordation, filing, or further act.

The Resolution provides that this pledge and grant is an agreement between the District and the owners of each series of Bonds and of each issue of outstanding general obligation bonds and general obligation refunding bonds to provide security for each series of Bonds and all such other general obligation bonds and general obligation refunding bonds of the District in addition to any statutory lien that may exist, and each such issue of general obligation bonds and general obligation refunding bonds of the District are or were issued to finance or refinance, as applicable, one or more of the projects specified in the applicable voter-approved measure and not to finance the general purposes of the District. In accordance with Section 15251 of the Education Code, such bonds are also automatically secured by a statutory lien on all revenues received pursuant to the levy and collection of the tax for the applicable Measure. See “SECURITY AND SOURCE OF PAYMENT FOR THE BONDS.”

Cybersecurity

School districts, like other governmental and business entities, face significant risks relating to the use and application of computer software and hardware for educational, operational and management purposes. The District also collects, processes, and distributes an enormous amount of private, protected and personal information on students, staff, parents, visitors, vendors and contractors. As the custodian of such information, the District has faced and may face in the future cybersecurity threats, attacks or incidents from time to time, including the cybersecurity attacks and incident in 2019, 2022 and 2024, as more fully described in Appendix A hereto. Moreover, the District relies on other entities and service providers in the course of operating the District, including the County with respect to the levy and collection of *ad valorem* property taxes and its servers and systems for accounting and other matters, as well as other trustees, fiscal agents, dissemination agents and project management firms. No assurance can be given that future cyber threats and attacks against the District or third-party entities or service providers will not directly or indirectly impact the District or the owners of the Bonds, including the possibility of impacting the timely payments of debt service on the Bonds or timely filings pursuant to the District’s continuing disclosure undertakings. See APPENDIX A – “DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT GENERAL INFORMATION – Cybersecurity,” for a discussion of prior cyberattacks and incidents, cybersecurity litigation, and the District’s responses to prior cyberattacks and incidents.

Federal Funding

The federal government provides funding for several District programs. On January 20, 2025, President Trump issued a series of executive orders, which include ensuring that federal funds are used in a manner approved by the current administration. In response to and in an effort to carry out such orders, on January 27, 2025, the White House Office of Management and Budget (“OMB”) released its Memorandum M-25-13, Temporary Pause of Agency Grant, Loan, and Other Financial Assistance Programs (the “OMB Memorandum”). The OMB Memorandum directed federal agencies to temporarily pause all activities related to obligation or disbursement of all federal financial assistance in order to review spending for consistency with the Trump Administration’s policies, stating that the temporary pause was to become effective at 5:00 p.m. on January 28, 2025. The OMB Memorandum caused uncertainty as to whether certain Federal funding and grants would be paused.

Before the OMB Memorandum became effective, two separate lawsuits were filed in federal district courts in Rhode Island and the District of Columbia challenging the OMB Memorandum and seeking injunctions. On January 28, 2025, shortly before the OMB Memorandum became effective, a District of Columbia federal judge issued an emergency administrative stay through February 3, 2025, at which time a preliminary injunction hearing was set. On January 29, 2025, OMB rescinded the OMB Memorandum. Although the OMB Memorandum was rescinded, the executive orders are in effect and the matter is ongoing as spending reviews are ongoing. On January 31, 2025, a Rhode Island federal judge

issued a temporary restraining order on the pause. On February 3, 2025, the District of Columbia federal judge issued a temporary restraining order as well. On February 10, 2025, the Rhode Island federal judge granted a motion for a preliminary injunction and issued an Enforcement Order clarifying the scope of the temporary restraining order and ordering the Trump Administration to release federal funds and comply with the earlier order. The Trump Administration appealed the temporary restraining order to the U.S. Court of Appeals for the First Circuit. The Trump Administration's request to stay the temporary restraining order pending appeal was denied. The District cannot predict any action to be taken in carrying out the executive orders nor its effect on the District's federal funding or operations of the District. See also APPENDIX A "– District Debt."

Other Information

This Official Statement contains brief descriptions of, among other things, the District, the District's general obligation bond program, the Resolution and certain matters relating to the security and source of payment for the Bonds. Such descriptions and information do not purport to be comprehensive or definitive. All references herein to documents are qualified in their entirety by reference to such documents. Copies of such documents are available for inspection at the District by request to the Office of the Chief Financial Officer at (213) 241-7888 and, following delivery of the Bonds will be on file, as applicable, at the principal office of U.S. Bank Trust Company, National Association, as agent to the Treasurer and Tax Collector of the County, as paying agent (the "Paying Agent"), in Los Angeles, California.

PLAN OF REFINANCE*

The Bonds

A portion of the proceeds of the Bonds will be used to refund, on a current basis, and defease the District's outstanding general obligation bonds identified below (collectively, the "Prior Bonds") and to pay the costs of issuance of the Bonds. Such proceeds from the Bonds will be deposited into one or more escrow funds (the "Escrow Fund") established for the Prior Bonds under separate escrow agreements, each dated as of [DATE], by and between the District and U.S. Bank Trust Company, National Association, as escrow bank (in such capacity, the "Escrow Agent"). Substantially all of the proceeds of the of the Bonds deposited into the applicable Escrow Fund will be invested in accordance with the applicable resolution authorizing the issuance of the Prior Bonds and the remaining portion will be uninvested until applied to redeem the Prior Bonds to be refunded.

The amount deposited in each Escrow Fund will be sufficient to fully pay the interest due on the respective Prior Bonds to be refunded and the redemption price of 100% of the principal amount of the Prior Bonds, on _____, 20__ (the "Redemption Date"), as identified below. The mathematical computations used to determine the sufficiency of the escrow deposit will be verified in a verification report by the Verification Agent (defined herein). See "MISCELLANEOUS – Verification of Mathematical Computations."

* Preliminary; subject to change.

Set forth in the following chart is a description of the Prior Bonds expected to be refunded on the Redemption Date with proceeds of the Bonds:

**Los Angeles Unified School District
(County of Los Angeles, California)
[Name of Issue]**

Base CUSIP[†] Number: 544646

<u>Maturity (July 1)</u>	<u>Principal Amount</u>	<u>Interest Rate</u>	<u>Redemption Date</u>	<u>Redemption Price</u>	<u>CUSIP[†] Suffix</u>
-------------------------------------	------------------------------------	---------------------------------	-----------------------------------	------------------------------------	--

Escrow Sufficiency

The net proceeds from the sale of the Bonds shall be paid to U.S. Bank Trust Company, National Association, as Escrow Agent, to the credit of the applicable Escrow Fund held under the applicable Escrow Agreement for the redemption of the Prior Bonds. The amounts deposited in the Escrow Fund will be held in cash, uninvested, or invested pursuant to the applicable Escrow Agreement, and will be sufficient to enable the Escrow Agent to pay the principal, redemption premium, if any, and interest due on the Prior Bonds on the Redemption Date, as well as the debt service due on the Prior Bonds on or before such Redemption Date.

The sufficiency of the cash on deposit in the Escrow Fund to pay the redemption price of the accrued interest due on the Prior Bonds, on the Redemption Date, will be verified by [_____] (the “Verification Agent”). As a result of the deposit and the application of funds so provided in the applicable Escrow Agreement, and assuming the accuracy of the Underwriter’s and Verification Agent’s computations, the Prior Bonds will be defeased and the obligation of the County to levy and collect *ad valorem* property taxes for payment thereof will terminate.

The arithmetical accuracy of certain computations included in the schedules provided by the Underwriter relating to the computation of the projected payments and interest to retire the Prior Bonds will be verified by the Verification Agent. Such computations will be based solely on assumption and information supplied by the District and the Underwriter. The Verification Agent will restrict its procedures to verifying the arithmetical accuracy of certain computations and will not make any study to evaluate the assumptions and information on which the computations are based, and will express no opinion on the data used, the reasonableness of the assumptions or the achievability of the projected outcome.

ESTIMATED SOURCES AND USES OF FUNDS

The estimated sources and uses of funds with respect to the Bonds are as follows:

TABLE 2
ESTIMATED SOURCES AND USES OF FUNDS

Estimated Sources of Funds	<u>The</u> <u>Bonds</u>	<u>Total</u>
Principal Amount	\$	\$
[Original Issue Premium]		
Total Sources	<u>\$</u>	<u>\$</u>
 Estimated Uses of Funds		
Deposit to Interest and Sinking Fund ⁽¹⁾		
Escrow Fund		
Underwriters' Discount		
Costs of Issuance ⁽²⁾		
Total Uses	<u>\$</u>	<u>\$</u>

⁽¹⁾ Expected to fund capitalized interest on a portion of the Bonds through []*.

⁽²⁾ Includes fees of Bond Counsel, Disclosure Counsel, Paying Agent, Municipal Advisor, rating agencies, and printer, and other miscellaneous expenses.

THE BONDS

General Provisions

The Bonds will be dated their date of delivery, will be issued in book-entry form only, without coupons, in denominations of \$5,000 principal amount or any integral multiple thereof, and, when issued, will be initially registered in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC"). DTC will act as securities depository for the Bonds. Owners will not receive physical certificates representing their interest in the Bonds purchased, except in the event that use of the book-entry system for the Bonds is discontinued. Payments of principal of, premium, if any, and interest on the Bonds will be made by the Paying Agent to DTC, which is obligated in turn to remit such payments to its DTC Participants for subsequent disbursement to the beneficial owners of the Bonds. For information about the securities depository and DTC's book-entry system, see APPENDIX C – "BOOK-ENTRY ONLY SYSTEM."

The Bonds mature in the years and on the dates set forth on the inside front cover page hereof. Interest on the Bonds is payable on each January 1 and July 1 to maturity, commencing on _____, 20____ (each, an "Interest Payment Date"). Interest on the Bonds will be computed based on a 360-day year of twelve 30-day months. Each Bond will bear interest from the Interest Payment Date next preceding the date of authentication thereof, unless it is authenticated as of a date during the period from the 15th day of the calendar month immediately preceding such Interest Payment Date, inclusive, whether or not such day is a business day (each, a "Record Date") to such Interest Payment Date, in which event it shall bear interest from such Interest Payment Date, or unless it is authenticated on or before the Record Date preceding the first Interest Payment Date, in which event it shall bear interest from the date of delivery of the Bonds.

Redemption*

Optional Redemption of Bonds. The Bonds maturing on or after July 1, 20[___], are subject to redemption prior to their respective stated maturity dates, at the option of the District, from any source of available funds, as a whole or in part on any date on or after January 1, 20[___], at a redemption price equal to the principal amount of such Bonds called for redemption, together with interest accrued thereon to the date of redemption, without premium.

Mandatory Sinking Fund Redemption. The Bonds maturing on July 1, 20[___] are subject to mandatory sinking fund redemption on July 1 in each of the years and in the respective principal amounts as set forth in the following schedule, at a redemption price equal to 100% of the principal amount thereof to be redeemed, together with interest accrued thereon to the date fixed for redemption, without premium:

Mandatory Sinking Fund Redemption Date (July 1)	Principal Amount to be Redeemed
†	
† Maturity.	

The principal amount to be redeemed in each year shown above will be reduced proportionately, or as otherwise directed by the District, in integral multiples of \$5,000 principal amount, by any portion of such term bonds optionally redeemed prior to the mandatory sinking fund redemption date.

Selection of Bonds upon Redemption. If less than all of the Bonds of a series, if any, are subject to such redemption and are called for redemption, such Bonds shall be redeemed as directed by the District. If less than all of the Bonds of any given maturity are called for redemption, the portions of such Bonds of a given maturity to be redeemed shall be determined by lot in any manner deemed fair by the Paying Agent.

Notice of Redemption. Notice of any redemption of any Bonds is required to be mailed by the Paying Agent, postage prepaid, not less than twenty (20) nor more than sixty (60) days prior to the redemption date (i) by first class mail to the County and the respective Owners thereof at the addresses appearing on the bond registration books, and (ii) as may be further required in accordance with the Continuing Disclosure Certificate relating to the Bonds.

Each notice of redemption is required to contain the following: (i) the date of such notice; (ii) the name of the Bonds and the date of issue of such Bonds; (iii) the redemption date; (iv) the redemption price; (v) the dates of maturity or maturities of the Bonds to be redeemed; (vi) if less than all of the Bonds of any maturity are to be redeemed, the distinctive numbers of the Bonds of each maturity to be redeemed; (vii) in the case of Bonds redeemed in part only, the respective portions of the principal amount of the Bonds of each maturity to be redeemed; (viii) the CUSIP number, if any, of each maturity of Bonds to be redeemed; (ix) a statement that such Bonds must be surrendered by the Owners at the principal corporate trust office of the Paying Agent, or at such other place or places designated by the Paying Agent; (x) notice that further interest on such Bonds will not accrue after the designated redemption date; and (xi) in the case of a

* Preliminary; subject to change.

conditional notice, that such notice is conditioned upon certain circumstances and the manner of rescinding such conditional notice.

Effect of Notice. A certificate of the Paying Agent that the notice of redemption that has been given to Owners as herein provided shall be conclusive as against all parties. Neither the failure to receive the notice of redemption nor any defect in such notice shall affect the sufficiency of the proceedings for the redemption of the Bonds called for redemption or the cessation of interest on the date fixed for redemption. When notice of redemption has been given substantially as provided for in the County Resolution or Refunding Resolution, as applicable, and when the redemption price of such Bonds called for redemption is set aside for the purpose as described in the County Resolution or Refunding Resolution, as applicable, the Bonds designated for redemption shall become due and payable on the specified redemption date and interest shall cease to accrue thereon as of the redemption date, and upon presentation and surrender of such Bonds at the place specified in the notice of redemption, such Bonds are required to be redeemed and paid at the redemption price thereof out of the money provided therefor. The Owners of such Bonds so called for redemption after such redemption date shall be entitled to payment thereof only from the related Interest and Sinking Fund of the District or the trust fund established for such purpose. All Bonds redeemed will be cancelled forthwith by the Paying Agent and will not be reissued.

Right to Rescind Notice. The District may rescind any optional redemption and notice thereof for any reason on any date prior to the date fixed for redemption by causing written notice of the rescission to be given to the owners of the Bonds so called for redemption. Any optional redemption and notice thereof shall be rescinded if for any reason on the date fixed for redemption moneys are not available in the related Interest and Sinking Fund of the District or otherwise held in trust for such purpose in an amount sufficient to pay in full on said date the principal of and premium, if any, and interest due on the Bonds called for redemption. Notice of rescission of redemption shall be given in the same manner in which notice of redemption was originally given. The actual receipt by the owner of any Bond of notice of such rescission shall not be a condition precedent to rescission, and failure to receive such notice or any defect in such notice shall not affect the validity of the rescission.

Redemption Fund. Prior to or on the redemption date of any Bonds, there shall be available, in the related Interest and Sinking Fund of the District, or held in trust for such purpose as provided by law, moneys for the purpose and sufficient to redeem, at the redemption prices as provided therefor, the Bonds designated in the notice of redemption. Such monies set aside for the Bonds are required to be applied on or after the redemption date solely for payment of principal of and premium, if any, and interest due on the Bonds to be redeemed upon presentation and surrender of such Bonds provided that all monies in the related Interest and Sinking Fund of the District shall be used for the purposes established and permitted by law. Any interest due on or prior to the redemption date shall be paid from the related Interest and Sinking Fund of the District, unless otherwise provided to be paid from such monies held in trust. If, after all of the Bonds have been redeemed and cancelled or paid and cancelled, there are monies remaining in the related Interest and Sinking Fund of the District or otherwise held in trust for the payment of the redemption price of such Bonds, the moneys are required to be held in or returned or transferred to any Interest and Sinking Fund of the District for payment of any outstanding bonds of the District payable from such fund; provided, however, that if those monies are part of the proceeds of bonds of the District, the monies shall be transferred to the fund created for the payment of principal of and interest on such bonds. If no such bonds of the District are at such time outstanding, the moneys shall be transferred to the general fund of the District as provided and permitted by law.

Defeasance and Unclaimed Moneys

Defeasance. If at any time the District pays or causes to be paid or there shall otherwise be paid to the Owners of any or all of the outstanding Bonds all or any part of the principal of and premium, if any,

and interest on such Bonds at the times and in the manner provided in the Resolution, and in such Bonds, or as provided in the following paragraph, or as otherwise provided by law consistent herewith, then such Owners of such Bonds shall cease to be entitled to the obligation of the District as provided in the Resolution, and such obligation and all agreements and covenants of the District and of the County to such Owners under the Resolution, and such Bonds shall thereupon be satisfied and discharged and shall terminate, except only that the District shall remain liable for payment of all principal of and premium, if any, and interest on such Bonds, but only out of monies on deposit in the related Interest and Sinking Fund of the District or otherwise held in trust for such payment; and provided further, however, that the provisions of the Resolution shall apply in all events. See “– Unclaimed Moneys” below.

The District may pay and discharge any or all of the Bonds by depositing in trust with the Paying Agent or an escrow agent selected by the District, at or before maturity, money and/or Defeasance Securities (as defined herein), in an amount which will, together with the interest to accrue thereon and available monies then on deposit in the related Interest and Sinking Fund of the District, be fully sufficient to pay and discharge the indebtedness on such Bonds (including all principal, interest and redemption premiums) at or before their respective maturity dates.

The term “Defeasance Securities” means (i) non-callable direct and general obligations of the United States of America (including state and local government series), or obligations that are unconditionally guaranteed as to principal and interest by the United States of America, including, in the case of direct and general obligations of the United States of America, evidences of direct ownership of proportionate interests in future interest or principal payments of such obligations; provided that investments in such proportionate interests must be limited to circumstances wherein (a) a bank or trust company acts as custodian and holds the underlying United States obligations; (b) the owner of the investment is the real party in interest and has the right to proceed directly and individually against the obligor of the underlying United States obligations; and (c) the underlying United States obligations are held in a special account, segregated from the custodian’s general assets, and are not available to satisfy any claim of the custodian, any person claiming through the custodian, or any person to whom the custodian may be obligated; (ii) non-callable obligations of government sponsored agencies that are rated in one of the two highest rating categories assigned by Standard & Poor’s Ratings Services, a Standard & Poor’s Financial Services LLC business (“S&P”) or Moody’s Investors Service (“Moody’s”), but in each case the obligations are not guaranteed by a pledge of the full faith and credit of the United States of America; and (iii) Advance Refunded Municipal Securities (defined herein).

The term “Advance Refunded Municipal Securities” means any bonds or other obligations of any state of the United States of America or of any agency, instrumentality or local government unit of any such state (i) which are not callable prior to maturity or as to which irrevocable instructions have been given to the trustee, fiscal agent, or other fiduciary for such bonds or other obligations by the obligor to give due notice of redemption and to call such bonds or other obligations for redemption on the date or dates specified in such instructions, (ii) which are secured as to principal of, premium, if any, and interest by a fund consisting only of cash, direct United States or United States guaranteed obligations, or any combination thereof, which fund may be applied only to the payment of such principal of, premium, if any, and interest on such bonds or other obligations on the maturity date or dates thereof or the redemption date or dates specified in the irrevocable instructions referred to in clause (i) above, as appropriate, and (iii) as to which the principal of, premium, if any, and interest on the bonds and obligations of the character described in clause (i) above which have been deposited in such fund, along with any cash on deposit in such fund, have been verified by an independent certified public accountant as being sufficient to pay principal of, premium, if any, and interest on such bonds or other obligations on the maturity date or dates thereof or on the redemption date or dates specified in the irrevocable instructions referred to in clause (i) above, as applicable.

Unclaimed Moneys. Any money held in any fund created pursuant to the Resolution, or by the Paying Agent or an escrow agent in trust, for the payment of the principal of, premium, if any, and interest on the Bonds, and remaining unclaimed for two years after the principal of all of the Bonds has become due and payable (whether by maturity or upon prior redemption) shall be transferred to any Interest and Sinking Fund of the District for payment of any outstanding bonds of the District payable from that fund; or, if no such bonds of the District are at such time outstanding, the monies shall be transferred to the general fund of the District as provided and permitted by law.

SECURITY AND SOURCE OF PAYMENT FOR THE BONDS

General Description

The Bonds are payable from *ad valorem* property taxes to be levied within the District pursuant to the California Constitution and other State law. In order to provide sufficient funds for repayment of principal and interest when due on the Bonds, the Board of Supervisors of the County is empowered and is obligated to levy *ad valorem* property taxes upon all property subject to taxation by the District, without limitation as to rate or amount (except as to certain personal property which is taxable at limited rates). When collected, such *ad valorem* property taxes are required by law to be deposited in the related Interest and Sinking Fund of the District, which is established for each series of the Bonds and held and maintained by the County and may only be applied to pay the principal of, redemption premium, if any, and interest on the applicable Bonds. Such taxes are in addition to but separate from other taxes levied upon property within the District that are deposited by the County in the General Fund of the District. The District does not receive such funds, nor are they available to pay any of the District's operating expenses.

Under California law, the District's funds are required to be held by the Treasurer and Tax Collector of the County (the "County Treasurer"). All funds held by the County Treasurer in each Interest and Sinking Fund of the District are expected to be invested at the discretion of the County Treasurer on behalf of the District in such investments as are authorized by Section 53601 and following of the California Government Code and the investment policy of the County, as either may be amended or supplemented from time to time. See APPENDIX F – "THE LOS ANGELES COUNTY TREASURY POOL."

Pledge of Tax Revenues

Pursuant to the Resolution, the District pledges and grants a lien on and security interest in, all revenues from the property taxes collected from the levy by the Board of Supervisors with respect to each voter-approved bond measure of the District and related refunding bonds for payment of bonds issued under such measure of the District or refunded and all amounts on deposit in any Interest and Sinking Fund of the District for the payment of the principal or redemption price of and interest on such bonds. The Resolution, provides that this pledge and grant is valid and binding from the date of adoption of such resolution for the benefit of the owners of such bonds and successors thereto. The Resolution further provides that the property taxes and amounts held in each Interest and Sinking Fund of the District are immediately subject to this pledge and grant, and this pledge and grant constitutes a lien and security interest which immediately attaches to the property taxes and amounts held in such Interest and Sinking Fund of the District to secure the payment of such bonds and is effective, binding, and enforceable against the District, its successors, creditors and all others irrespective of whether those parties have notice of the pledge or grant, and without the need of any physical delivery, recordation, filing, or further act. The Resolution provides that this pledge and grant is an agreement between the District and the owners of the Bonds and of each issue of outstanding general obligation bonds and general obligation refunding bonds to provide security for the Bonds and all such other general obligation bonds and general obligation refunding bonds of the District in addition to any statutory lien that may exist, and each such issue of general obligation bonds and general obligation refunding bonds of the District are or were issued to finance or refinance, as applicable, one or more of the

projects specified in the applicable voter-approved measure and not to finance the general purposes of the District. In accordance with Section 15251 of the Education Code, such bonds are also automatically secured by a statutory lien on all revenues received pursuant to the levy and collection of the tax for the applicable measure. See “ – Statutory Lien on Taxes (Senate Bill 222)” below.

The pledge of tax revenues provided for in the Resolution, as applicable, specifies that said lien secures the applicable Bonds and other bonds that may be issued in the future. Further, previous general obligation bonds of the District have been issued under resolutions which pledge tax revenues to secure the general obligation bonds and the general obligation refunding bonds issued thereunder and the District may provide for a similar pledge of tax revenues in resolutions adopted in the future that authorize general obligation bonds and general obligation refunding bonds. The Resolution does not specify the relative priority of obligations so secured or a method of allocation in the event that the revenues received pursuant to the levy and collection of the tax are insufficient to pay all amounts then due and owing that are secured by the lien of the pledges.

Statutory Lien on Taxes (Senate Bill 222)

Pursuant to Section 53515 of the California Government Code (which became effective on January 1, 2016, as part of Senate Bill 222), all general obligation bonds issued by local agencies, including refunding bonds, will be secured by a statutory lien on all revenues received pursuant to the levy and collection of the tax. California Education Code Section 15251 provides for a similar lien for bonds issued and sold by school districts (including the Bonds) pursuant to Chapter 1 of Part 10 of Division 1 of Title 1 of the California Education Code. Section 53515 of the California Government Code and Section 15251 of the California Education Code provide that the lien will automatically arise, without the need for any action or authorization by the local agency or its governing board, and will be valid and binding from the time the Bonds are executed and delivered. Section 53515 and Section 15251 further provide that the revenues received pursuant to the levy and collection of the tax will be immediately subject to the lien, and the lien will immediately attach to the revenues and be effective, binding and enforceable against the local agency or school district, as applicable, its successor, transferees and creditors, and all others asserting rights therein, irrespective of whether those parties have notice of the lien and without the need for physical delivery, recordation, filing or further act.

This statutory lien, by its terms, secures not only the Bonds, but also any other bonds of the District payable, as to both principal and interest, from the proceeds of *ad valorem* property taxes that may be levied pursuant to paragraphs (2) and (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution. The statutory lien provision does not specify the relative priority of obligations so secured or a method of allocation in the event that the revenues received pursuant to the levy and collection of the tax are insufficient to pay all amounts then due and owing that are secured by the statutory lien.

California Constitutional and Statutory Provisions Relating to *Ad Valorem* Property Taxes

Article XIII A of the California Constitution. On June 6, 1978, California voters approved Proposition 13, adding Article XIII A to the California Constitution. Article XIII A limits the amount of any *ad valorem* property tax on real property to 1% of the full cash value thereof, except that additional *ad valorem* property taxes may be levied to pay debt service (i) on indebtedness approved by the voters prior to July 1, 1978, (ii) (as a result of an amendment to Article XIII A approved by California voters on June 3, 1986) on bonded indebtedness for the acquisition or improvement of real property that has been approved on or after July 1, 1978 by two-thirds of the voters voting on such indebtedness, and (iii) (as a result of a constitutional amendment approved by California voters on November 7, 2000) on bonded indebtedness incurred for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school

facilities, approved by 55% of the voters voting on the bond measure. Article XIII A effectively prohibits the levying of any other *ad valorem* property tax above the 1% limit except for taxes to support indebtedness approved by the voters as described above.

Article XIII A defines full cash value to mean “the county assessor’s valuation of real property as shown on the 1975-1976 tax bill under full ‘cash value,’ or thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership have occurred after the 1975 assessment.” Assessed value may be adjusted annually to reflect inflation at a rate not to exceed 2% per year, or to reflect a reduction in the consumer price index or comparable data for the area under taxing jurisdiction, or may be reduced in the event of declining property value caused by substantial damage, destruction or other factors. As a result, property that has been owned by the same taxpayer for many years can have an assessed value that is much lower than the market value of the property. Similar property that has recently been acquired may have a substantially higher assessed value reflecting the recent acquisition price. Increases in assessed value in a taxing area due to the change in ownership of property may occur even when the rate of inflation or consumer price index do not permit an increase in assessed valuation of property that does not change ownership. Proposition 13 has had the effect of stabilizing assessed valuation such that it does not fluctuate as significantly as the market value of property, but instead gradually changes as longer owned residential properties are transferred and reassessed upon such transfer. On June 18, 1992, the United States Supreme Court issued a decision upholding the constitutionality of Article XIII A (*Nordlinger v. Hahn*, 112 S. Ct. 2326, 120 L. Ed. 2d 1 (1992)).

Article XIII A has subsequently been amended to permit reduction of the full cash value base in the event of declining property values caused by damage, destruction, or other factors to provide that there would be no increase in the full cash value base in the event of reconstruction of property damaged or destroyed in a disaster and in other minor or technical ways. Proposition 8, approved by the voters in November of 1978, provides for the enrollment of the lesser of the base year value or the market value of real property, taking into account reductions in value due to damage, destruction, depreciation, obsolescence, removal of property, or other factors causing a similar decline. In these instances, the market value is required to be reviewed annually until the market value exceeds the base year value. The assessed value increases to its pre-reduction level (escalated to the annual inflation rate of no more than 2%) following the year(s) for which the reduction is applied. Reductions in assessed value could result in a corresponding increase in the annual tax rate levied by the County to pay debt service on the Bonds. See also “-Assessed Valuation of Property Within the District - 2025 Wildfires” herein.

Legislation Implementing Article XIII A. Legislation has been enacted and amended a number of times since 1978 to implement Article XIII A. Under current law, local agencies are no longer permitted to levy directly any property tax (except to pay voter-approved indebtedness). The 1% property tax is automatically levied by the County and distributed according to a formula among taxing agencies. The formula apportions the tax roughly in proportion to the relative shares of taxes levied prior to 1979.

Increases of assessed valuation resulting from reappraisals of property due to new construction, change in ownership or from the 2% annual adjustment are allocated among the various jurisdictions in the “taxing area” based upon their respective “situation.” Any such allocation made to a local agency continues as part of its allocation in future years. All taxable property is shown at full assessed value on the tax rolls. Consequently, the 1% tax rate is expressed as \$1 per \$100 of taxable value.

Proposition 19. On November 3, 2020, State voters approved Proposition 19, a legislatively referred constitutional amendment (“Proposition 19”), which amends Article XIII A to (i) expand special rules that give property tax savings to homeowners that are over the age of 55, severely disabled, or whose property has been impacted by wildfire or natural disaster, when they buy a different home; (ii) narrow existing special rules for inherited properties; and (iii) dedicate most of the potential new State revenue

generated from Proposition 19 toward fire protection. The District cannot make any representation regarding the effect Proposition 19 may have on District revenues or the assessed valuation of real property in the District. The District cannot provide make any representation regarding the effect Proposition 19 may have on District revenues or the assessed valuation of real property in the District. Any reduction of assessed valuation, however, would result in a corresponding increase in the annual tax rate levied by the County to pay the debt service on to the Bonds.

Prospective purchasers of the Bonds should be aware that, notwithstanding any decrease in assessed valuation for any fiscal year, the County is required to levy sufficient taxes to pay debt service on the Bonds. The consequence of any decrease in assessed valuation is a corresponding increase in the tax rate on taxable property so that sufficient tax revenues may be collected from taxpayers to pay debt service on the Bonds in full when due. Increases in tax rates, however, may impact the ability or willingness of taxpayers to pay their property taxes. See “– Tax Rates, Levies and Collections.”

Assessed Valuation of Property Within the District

General. As required by State law, the District uses the services of the County for the assessment and collection of taxes for District purposes. District taxes are collected at the same time and on the same tax rolls as are the County, the City of Los Angeles, and other local agency and special district taxes.

State law exempts \$7,000 of the full cash value of an owner-occupied dwelling from property tax, but this exemption does not result in any loss of revenue to local entities, including the District, because an amount equivalent to the taxes which would have been payable on such exempt values is paid by the State to the County for distribution to local agencies. The County levies property taxes on behalf of taxing agencies in the County for each fiscal year on taxable real and personal property which is situated in the County as of the preceding January 1. Upon a change in ownership of property or completion of new construction, however, State law permits the County to recognize changes in the assessed valuation of real property before the next regular assessment role is complete in order to levy taxes based on the new assessed value. In such instances, the property is reassessed and a supplemental tax bill is sent to the new owner based on the new value prorated for the balance of the tax year.

The fiscal year 2024-25 Assessment Roll for property within the District’s boundaries reflects an increase of approximately 4.61% in assessed value from the prior year. Under State law, in addition to reassessments requested by property owners pursuant to Proposition 8 when the current market value of property is less than assessed value as of January 1, the county assessor annually initiates reviews of property for reassessments due to decline-in-value. See “—*Appeals of Assessed Valuation; Blanket Reductions of Assessed Values*” below.

Assessed Valuation Reductions. Assessments may be adjusted during the course of the year when real property changes ownership or new construction is completed. Assessments may also be appealed by taxpayers seeking a reduction as a result of economic and other factors beyond the District’s control, such as a general market decline in property values, including potential market declines caused by the effects of a reclassification of property to a class exempt from taxation, whether by ownership or use (such as exemptions for property owned by State and local agencies and property used for qualified educational, hospital, charitable or religious purposes), pandemic, or the complete or partial destruction of taxable property caused by natural or manmade disaster, such as earthquake, drought, flood, landslide, liquefaction, levee failure, fire, toxic dumping, etc. When necessitated by changes in assessed value in the course of a year, taxes are pro-rated for each portion of the tax year. See also “—*Appeals of Assessed Valuation; Blanket Reductions of Assessed Values*” below.

Property values could be reduced by factors beyond the District’s control, including a depressed real estate market due to general economic conditions or other events. A pandemic, like the outbreak of the respiratory disease caused by COVID-19 which was declared a pandemic by the World Health Organization, could result in an economic recession or depression that causes a general market decline in property values therefore affecting the assessed value of property in the District. Events resulting in changing economic conditions may also alter the willingness or the ability of local taxpayers to pay *ad valorem* property taxes levied to repay the District’s general obligation bonds. The District cannot predict

whether events that may result in changing economic conditions will occur or the extent that a change in economic conditions will impact assessed value of property in the District or the willingness or ability of local taxpayers to pay *ad valorem* property taxes.

Aside from economic conditions, property values could be reduced by natural or manmade disasters. In recent years, portions of California, including the County and adjacent counties, have experienced wildfires that have burned thousands of acres and destroyed thousands of homes and structures. Furthermore, California has experienced severe drought conditions in recent years, but has also recently experienced periods of extreme precipitation. These and other extreme weather events are all effects of climate change. As greenhouse gas emissions continue to accumulate, climate change may intensify and increase the frequency of such extreme weather events. Moreover, the District is located in a seismically active region. Active earthquake faults include the San Andreas Fault that runs throughout the County, the Palos Verdes fault that runs along the coast and through a small portion of the County, and other smaller faults including the Lower Elysian Park thrust, the Upper Elysian Park fault and Puente Hills blind thrust system. The District cannot predict the timing, extent, or severity of any potential natural or manmade disaster and its impact on property values in the District.

2025 Wildfires. In January 2025, multiple fires broke out across areas of Los Angeles County burning thousands of acres and damaging or destroying thousands of structures. The three largest of said fires are the Hughes Fire, Eaton Fire, and Palisades Fires. The Hughes Fire burned approximately 10,400 acres, although no information is available on the number of structures that have been damaged or destroyed. The Eaton Fire has burned approximately 14,000 acres and has damaged or destroyed at least 11,000 structures. The Palisades Fire has burned approximately 23,500 acres and has damaged or destroyed at least 7,000 structures. Properties damaged or destroyed in the Palisades Fire are included within the boundaries of the District and represent a small percentage of the assessed value in the District. As a result of the fires, schools in the District were closed for 3 days and approximately 2,400 students were displaced. Three school campuses within District boundaries, Marquez Elementary School, Palisades Elementary School, and Palisades High School/Palisades Charter High School (Palisades Charter High School is an independent charter school), were significantly damaged by the fires and remain closed. The District expects to rebuild its damaged campuses, however, no assurances can be given that the District will rebuild any or all of its damaged facilities.

The County Assessor's Office allows for the reassessment of properties that are damaged or destroyed as a result of misfortune or calamity, which includes wildfires. Property owners may submit an application for the reassessment of the property within 12 months of the damage or destruction. Any such reassessment is retroactive to the date of damage or destruction. The District is unable at this time to quantify the loss in assessed value as a result of any such reassessment. The California Legislative Analyst's Office currently estimates a reduction of assessed value in the County to be between \$10 and \$20 billion. Such estimation includes areas located within and outside of the boundaries of the District. The District does not yet know the total decrease in assessed value within the District. The assessed value of property within the District for Fiscal Year 2024-25 was \$972,869,117,538. Based on the California Legislative Analyst's Office estimates, the loss in assessed value from the reassessment of properties that were damaged or destroyed by the fires within the District is anticipated to be a small percentage of the assessed value of properties within the District for Fiscal Year 2024-25.

Additionally on January 16, 2025, the California Governor issued Executive Order 10-25 that (i) suspends until April 10, 2026, certain state tax laws that impose penalties, costs, and interest for late payment of property taxes due in calendar year 2025, and (ii) suspends certain additional state tax laws requiring the filing of various property tax statements. The orders apply to properties located in 9 zip codes that are included in the boundaries of the District. Additional executive orders have been issued to allow

for a quicker redevelopment in fire-damaged areas. The District cannot predict the effect any executive orders will have on the timely collection of property taxes.

Prospective purchasers of the Bonds should be aware that, notwithstanding any decrease in assessed valuation for any fiscal year, the County is required to levy sufficient taxes to pay debt service on the Bonds up to the maximum authorized pursuant to the applicable bond authorization. The consequence of any decrease in assessed valuation is a corresponding increase in the tax rate on taxable property so that sufficient tax revenues may be collected from taxpayers to pay debt service on the Bonds in full when due. Increases in tax rates, however, may impact the ability or willingness of taxpayers to pay their property taxes. See “– Tax Rates, Levies and Collections.”

Appeals of Assessed Valuation; Blanket Reductions of Assessed Values. There are two basic types of property tax assessment appeals provided for under State law. The first type of appeal, commonly referred to as a base year assessment appeal, involves a dispute on the valuation assigned by the assessor immediately subsequent to an instance of a change in ownership or completion of new construction. If the base year value assigned by the assessor is reduced, the valuation of the property cannot increase in subsequent years more than 2% annually unless and until another change in ownership and/or additional new construction or reconstruction activity occurs. Any base year appeal must be made within four years of the change of ownership or new construction date.

The second type of appeal, commonly referred to as a Proposition 8 appeal, can result if factors occur causing a decline in the market value of the property to a level below the property's then current taxable value (escalated base year value). Pursuant to State law, a property owner may apply for a Proposition 8 reduction of the property tax assessment for such owner's property by filing a written application with the appropriate county board of equalization or assessment appeals board. A property owner desiring a Proposition 8 reduction of the assessed value of such owner's property in any one year must submit an application to the county assessment appeals board (the “Appeals Board”). Following a review of the application by the county assessor's office, the county assessor may offer to the property owner the opportunity to stipulate to a reduced assessment, or may confirm the assessment. If no stipulation is agreed to, and the applicant elects to pursue the appeal, the matter is brought before the Appeals Board (or, in some cases, a hearing examiner) for a hearing and decision. The Appeals Board generally is required to determine the outcome of appeals within two years of each appeal's filing date. Any reduction in the assessment ultimately granted applies only to the year for which application is made and during which the written application is filed. The assessed value increases to its pre-reduction level (such pre-reduction level escalated by the annual inflation rate of no more than 2%) following the year for which the reduction application is filed. The county assessor, however, has the power to grant a reduction not only for the year for which application was originally made, but also for the then current year and any intervening years as well. In practice, such a reduced assessment may and often does remain in effect beyond the year in which it is granted.

In addition, Article XIII A of the State Constitution provides that the full cash value base of real property used in determining taxable value may be adjusted from year to year to reflect the inflationary rate, not to exceed a 2% increase for any given year, or may be reduced to reflect a reduction in the consumer price index or comparable local data. This measure is computed on a calendar year basis. According to representatives of the County Assessor's office, the County has in the past, pursuant to Article XIII A of the State Constitution, ordered blanket reductions of assessed property values and corresponding property tax bills on single family residential properties when the value of the property has declined below the current assessed value as calculated by the County.

No assurance can be given that property tax appeals and/or blanket reductions of assessed property values will not significantly reduce the assessed valuation of property within the District in the future.

Assessed Valuation by Jurisdiction. The following Table 4 describes the percentage and value of the total assessed value of the property within the District’s boundaries that resides in the various cities and unincorporated portions of the County, as well as the assessed value of property within the District relative to the County’s assessed value, for fiscal year 2024-25.

⁽¹⁾ Excludes taxpayers with values derived from mineral rights or a possessory interest. Historically, among the top 10 taxpayers within the District are landowners with primary land use of oil and gas production, including Marathon Petroleum Corporation, Phillips 66 Company and Valero Energy Corporation, which are not reflected in the table above.

⁽²⁾ 2024-25 Local Secured Assessed Valuation: \$940,264,352,355 (which excludes utility property).

Source: California Municipal Statistics, Inc.

The more property (by assessed value) owned by a single taxpayer, the more tax collections are exposed to weakness, if any, in such taxpayer's financial situation and ability or willingness to pay property taxes in a timely manner. Furthermore, assessments may be appealed by taxpayers seeking a reduction as a result of economic and other factors beyond the District's control.

Tax Rates, Levies and Collections

General. Taxes are levied for each fiscal year on taxable real and personal property as of the preceding January 1. Real property that changes ownership or is newly constructed is revalued at the time the change occurs or the construction is completed. The current year property tax rate is applied to the reassessed value, and the taxes are then adjusted by a proration factor that reflects the portion of the remaining tax year for which taxes are due. The annual tax rate is based on the amount necessary to pay all obligations payable from *ad valorem* property taxes and the assessed value of taxable property in a given year. Economic and other factors beyond the District's control, such as a general market decline in land

values, reclassification of property to a class exempt from taxation, whether by ownership or use (such as exemptions for property owned by State and local agencies and property used for qualified educational, hospital, charitable or religious purposes), pandemic, or the complete or partial destruction of taxable property caused by natural or manmade disaster such as earthquake, drought, flood, fire, toxic dumping, etc., could cause a reduction in the assessed value of taxable property within the District and necessitate a corresponding increase in the annual tax rate to be levied to pay the principal of and interest on the District's outstanding general obligation bonds.

For assessment and collection purposes, property is classified as either "secured" or "unsecured" and is listed accordingly on separate parts of the assessment roll. The "secured roll" is that part of the assessment roll containing property (real or personal) the taxes on which are a lien sufficient, in the opinion of the County Assessor, to secure payment of the taxes. Other property is listed on the "unsecured roll."

Property taxes on the secured roll are due in two installments, on November 1 and February 1 of each fiscal year, and become delinquent on December 10 and April 10, respectively. A penalty of 10% attaches immediately to all delinquent payments. Properties on the secured roll with respect to which taxes are delinquent become tax defaulted on or about June 30 of the fiscal year. Such property may thereafter be redeemed by payment of a penalty of 1.5% per month to the time of redemption, plus costs and a redemption fee. If taxes are unpaid for a period of five years or more, the property is deeded to the State and then may be sold at public auction by the County Treasurer.

Property taxes on the unsecured roll are due in one payment on the January 1 lien date and become delinquent after August 31. A 10% penalty attaches to delinquent unsecured taxes. If unsecured taxes are unpaid at 5 p.m. on October 31, an additional penalty of 1.5% attaches to them on the first day of each month until paid. The County has four ways of collecting delinquent unsecured personal property taxes: (i) a civil action against the taxpayer; (ii) filing a judgment in the office of the County Clerk specifying certain facts in order to obtain a lien on certain property of the taxpayer; (iii) filing a certificate of delinquency for record in the County Recorder's office in order to obtain a lien on certain property of the taxpayer; and (iv) seizure and sale of personal property, improvements or possessory interests belonging or assessed to the assessee.

Proposition 13 and its implementing legislation impose the function of property tax allocation on counties in the State and prescribe how levies on countywide property values are to be shared with local taxing entities within each county. The limitations in Proposition 13, however, do not apply to *ad valorem* property taxes or special assessments to pay the interest and redemption charges on indebtedness, like the District's general obligation bonds, approved by the voters.

The County levies a 1% *ad valorem* property tax on behalf of all taxing agencies in the County. The taxes collected are allocated on the basis of a formula established by State law enacted in 1979. Under this formula, the County and all other taxing entities receive a base year allocation plus an allocation on the basis of "situs" growth in assessed value (new construction, change of ownership, inflation) prorated among the jurisdictions that serve the tax rate areas within which the growth occurs. Tax rate areas are specifically defined geographic areas, which were developed to permit the levying of taxes for less than county-wide or less than city-wide special and school districts. In addition, the County levies and collects additional approved property taxes and assessments on behalf of any taxing agency within the County.

State Government Code Sections 29100 through 29107 provide the procedures that all counties must follow for calculating tax rates. The secured tax levy within the District consists of the District's share of the 1% general *ad valorem* property and unitary taxes assessed on a County-wide basis and amounts levied that are in excess of the 1% general *ad valorem* property taxes. These tax receipts are part of the District's operations. In addition, the secured tax levy also includes the amount for the District's share of

special voter-approved *ad valorem* property taxes assessed on a District-wide basis, such as the *ad valorem* property taxes assessed for the District's general obligation bonds issued pursuant to the Authorizations and any related general obligation refunding bonds. *Ad valorem* property taxes levied for general obligation bonds are deposited with the County and may only be applied to pay the principal of, redemption premium, if any, and interest on the District's general obligation bonds and general obligation refunding bonds. The District does not receive such funds nor are they available to pay any of the District's operating expenses. In addition, the total secured tax levy includes special assessments, improvement bonds, supplemental taxes or other charges which have been assessed on property within the District. Since State law allows homeowners' exemptions (described above) and certain business exemptions from *ad valorem* property taxation, such exemptions are not included in the total secured tax levy. See also "– California Constitutional and Statutory Provisions Relating to *Ad Valorem* Property Taxes" above.

Further, State Education Code Section 15251 provides that all taxes levied with respect to general obligation bonds when collected will be paid into the county treasury of the county whose superintendent of schools has jurisdiction over the school district on behalf of which the tax was levied, to the credit of the debt service fund (or interest and sinking fund) of the school district, and will be used for the payment of the principal of and interest on the general obligation bonds and general obligation refunding bonds of the school district and for no other purpose. Accordingly, the County may not borrow or spend such amounts nor can the District receive such funds and use them for operating purposes.

Typical Tax Rate Area. The following Table 8 shows *ad valorem* property tax rates for the last five fiscal years in a typical Tax Rate Area of the District (TRA 0067). TRA 0067 comprises approximately 30.35% of the total fiscal year 2024-25 assessed value of the District.

Secured Tax Charges and Delinquencies. The following Table 9A sets forth the real property tax charges and corresponding delinquencies for the District's general obligation bond debt service levy, with respect to the property located in the District, for fiscal years 2014-15 through 2023-24. For reference and as an indication of comparative delinquency rates, Table 9B sets forth the real property tax charges and corresponding delinquencies for the portion of the County's 1% general fund levy that is allocated to the District, with respect to property located in the District for fiscal years 2014-15 through 2023-24. The portion of the County's 1% general fund levy that is allocated to the District is not pledged to and does not secure the repayment of the Bonds.

Source: California Municipal Statistics, Inc.

Property tax delinquencies may be impacted by economic and other factors beyond the District's control, including the ability or willingness of property owners to pay property taxes during an economic recession or depression. An economic recession or depression could be caused by many factors outside the control of the District, including reduced consumer confidence, reduced real wages or reduced economic activity as a result of a pandemic or natural or manmade disaster, such as earthquake, drought, flood, fire, or toxic dumping. It is not possible for the District to make any representation regarding the extent to which an economic recession or depression could impact the ability or willingness of property owners within the

District to pay property taxes in the future. If delinquencies increase substantially as a result of events outside the control of the District, the County does have the authority to increase allowances for annual reserves in the tax levy to avoid fluctuating tax levies.

The County Does Not Participate in a Teeter Plan. Certain counties in the State operate under a statutory program entitled Alternate Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds (the “Teeter Plan”). Under the Teeter Plan local taxing entities receive 100% of their tax levies net of delinquencies, but do not receive interest or penalties on delinquent taxes collected by the county. The County has not adopted the Teeter Plan, and consequently the Teeter Plan is not available to local taxing entities within the County, such as the District. The District’s receipt of property taxes is therefore subject to delinquencies, however, the District receives interest and penalties collected on any such delinquencies which is offset by property taxes from the General Fund.

The District Participates in CSDTFA. The District is a member of the California Statewide Delinquent Tax Finance Authority (“CSDTFA”). CSDTFA is a joint exercise of powers agency formed for the purpose of purchasing delinquent *ad valorem* property taxes of its members in accordance with Section 6516.6 of the Government Code of the State of California. Historically, CSDTFA has from time to time purchased delinquent *ad valorem* property tax receivables related to the District’s share of the 1% general *ad valorem* property tax levy (not the additional *ad valorem* property tax levy for debt service on the District’s general obligation bonds) from the District. The District, however, cannot predict whether CSDTFA will continue to make such purchases in the future. CSDTFA purchased the District’s delinquent *ad valorem* property tax receivables related to the 1% general *ad valorem* property tax levy attributable to fiscal year 2023-24 from the District at a purchase price equal to 108% of such receivables and is expected to purchase the District’s delinquent *ad valorem* property tax receivables related to the 1% general *ad valorem* property tax levy attributable to fiscal year 2024-25 from the District at a substantially similar purchase price. Any penalty charges collected with respect to such delinquencies will be retained by CSDTFA.

Debt Service

Debt service on the Bonds, assuming no early redemptions, is as shown in the following Table 10.

The District's General Obligation Bond Program and Bonding Capacity

Voters within the District have approved a total of \$36.605 billion of general obligation bonds in seven separate bond elections since 1997. See “INTRODUCTION – The District’s General Obligation Bond Program.” See also APPENDIX A – “DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – District Debt” for additional information regarding the District’s outstanding general obligation bonds. Pursuant to Section 15106 of the Education Code, the District’s bonding capacity for general obligation bonds may not exceed 2.5% of taxable property value in the District as shown by the last equalized assessment of the County. The taxable property valuation in the District for fiscal year 2024-25 is \$972.87 billion, which results in a total current bonding capacity of approximately \$24.32 billion. The District’s available capacity for the issuance of new general obligation bonds is approximately \$13.26 billion (taking into account current outstanding debt before the issuance of the Bonds). The issuance of additional series of general obligation bonds, other than general obligation refunding bonds, in future fiscal years will depend upon, among other things, the assessed valuation of property within the District’s boundaries, as determined by the District’s analysis of information from, among other sources, the Office of the County Assessor. See “– California Constitutional and Statutory Provisions Relating to *Ad Valorem* Property Taxes” above and APPENDIX A – “DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – Future Financings – *General Obligation Bonds*.”

Overlapping Debt Obligations

Set forth in Table 12 on the following page is the report prepared by California Municipal Statistics Inc., which provides information with respect to direct and overlapping debt within the District as of ___, 20__ (the “Overlapping Debt Report”). The Overlapping Debt Report is included for general information purposes only. The District has not reviewed the Overlapping Debt Report for completeness or accuracy and makes no representations in connection therewith. The Overlapping Debt Report generally includes long-term obligations sold in the public credit markets by public agencies whose boundaries overlap the boundaries of the District. Such long-term obligations generally are not payable from revenues of the District (except as indicated) nor are they necessarily obligations secured by land within the District. In many cases, long-term obligations issued by a public agency are payable only from the general fund or other revenues of such public agency.

The first column in Table 12 names each public agency which has outstanding debt as of the date of the report and whose territory overlaps the District in whole or in part. Column 2 shows the percentage of each overlapping agency's assessed value located within the boundaries of the District. This percentage, multiplied by the total outstanding debt of each overlapping agency (which is not shown in Table 12) produces the amount shown in column 3, which is the apportionment of each overlapping agency's outstanding debt to taxable property in the District.

TAX MATTERS

Tax-Exempt Bonds

In the opinion of Best Best & Krieger LLP, Riverside, California, subject, however, to certain qualifications described in this Official Statement, under existing statutes, regulations, rulings and judicial decisions, and assuming the accuracy of certain representations and compliance with certain covenants and requirements, the interest on the Bonds is excluded from gross income for federal income tax purposes, and interest on the Bonds is not an item of tax preference for purposes of calculating the federal alternative minimum tax imposed on individuals and corporations; however, interest on the Bonds is taken into account in determining the annual adjusted financial statement income of certain corporations for the purpose of computing the alternative minimum tax imposed on certain corporations. In the further opinion of Bond Counsel, interest on the Bonds is exempt from California personal income tax.

The opinions set forth in the preceding paragraph are subject to the condition that the District comply with all requirements of the Internal Revenue Code of 1986, as amended (“Tax Code”) that must be satisfied subsequent to the issuance of the Bonds. The District has made certain representations and covenanted to comply with each such requirement. Inaccuracy of these representations or failure to comply with these covenants may result in interest on the Bonds being included in gross income for federal income tax purposes, possibly from the date of original issuance of the Bonds. The opinion of Bond Counsel assumes the accuracy of these representations and compliance with these covenants. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken), or events occurring (or not occurring), or any other matters coming to Bond Counsel’s attention after the date of issuance of the Bonds may adversely affect the value of, or the tax status of interest on, the Bonds. Accordingly, the opinion of Bond Counsel is not intended to, and may not, be relied upon in connection with any such actions, events, or matters.

If the initial offering price to the public (excluding bond houses and brokers) at which a Bond is sold is less than the amount payable at maturity thereof, then such difference constitutes “original issue discount” for purposes of federal income taxes and State of California personal income taxes. If the initial offering price to the public (excluding bond houses and brokers) at which a Bond is sold is greater than the amount payable at maturity thereof, then such difference constitutes “original issue premium” for purposes of federal income taxes and State of California personal income taxes. De minimis original issue discount and original issue premium is disregarded.

Under the Tax Code, original issue discount is treated as interest excluded from federal gross income and exempt from State of California personal income taxes to the extent properly allocable to each owner thereof subject to the limitations described in the first paragraph of this section. The original issue discount accrues over the term to maturities of the Bonds on the basis of a constant interest rate compounded on each interest or principal payment date (with straight-line interpolations between compounding dates). The amount of original issue discount accruing during each period is added to the adjusted basis of such Bonds to determine taxable gain upon disposition (including sale, prepayment, or payment on maturity) of such Bond. The Tax Code contains certain provisions relating to the accrual of original issue discount in the case of purchasers of the Bonds who purchase the Bonds after the initial offering of a substantial amount of such maturity. Owners of such Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Bonds with original issue discount, including the treatment of purchasers who do not purchase in the original offering, the allowance of a deduction for any loss on a sale or other disposition, and the treatment of accrued original issue discount on such Bonds under federal individual alternative minimum taxes.

Under the Tax Code, original issue premium is amortized on an annual basis over the term of the Bonds (said term being the shorter of the bond’s maturity date or its call date). The amount of original issue

premium amortized each year reduces the adjusted basis of the owner of the Bonds for purposes of determining taxable gain or loss upon disposition. The amount of original issue premium on a Bond is amortized each year over the term to maturity of the Bond on the basis of a constant interest rate compounded on each interest or principal payment date (with straight-line interpolations between compounding dates). Amortized Bond premium is not deductible for federal income tax purposes. Owners of premium Bonds, including purchasers who do not purchase in the original offering, should consult their own tax advisors with respect to State of California personal income tax and federal income tax consequences of owning such Bonds.

Current and future legislative proposals, if enacted into law, clarification of the Tax Code or court decisions may cause interest with respect to the Bonds to be subject, directly or indirectly, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent beneficial owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislative proposals, clarification of the Tax Code or court decisions may also affect the market price for, or marketability of, the Bonds. Prospective purchasers of the Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

The Internal Revenue Service (“IRS”) has initiated an expanded program for auditing tax-exempt bond issues, including both random and targeted audits. It is possible that the Bonds will be selected for audit by the IRS. It is also possible that the market value of the Bonds might be affected as a result of such an audit (or by an audit of similar bonds)

The opinion of Bond Counsel is based on current legal authority, covers certain matters not directly addressed by such authorities, and represents Bond Counsel’s judgment as to the proper treatment of the Bonds for federal income tax purposes. It is not binding on the IRS or the courts. Furthermore, Bond Counsel cannot give and has not given any opinion or assurance about the future activities of the District or about the effect of future changes in the Tax Code, the applicable regulations, the interpretation thereof or the enforcement thereof by the IRS. The District has covenanted, however, to comply with the requirements of the Tax Code.

A copy of the proposed form of opinion of Bond Counsel is attached hereto as APPENDIX D.

Owners of the Bonds should also be aware that the ownership or disposition of, or the accrual or receipt of interest on, the Bonds may have federal or state tax consequences other than as described above. Bond Counsel expresses no opinion regarding any federal or state tax consequences arising with respect to the Bonds other than as expressly described above.

The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of such opinion, and Bond Counsel has expressed no opinion with respect to any proposed legislation or as to the tax treatment of interest on the Bonds, or as to the consequences of owning or receiving interest on the Bonds, as of any future date. Prospective purchasers of the Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

LEGAL MATTERS

Possible Limitations on Remedies; Bankruptcy

General. State law contains certain safeguards to protect the financial solvency of school districts. See APPENDIX A – “DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND

DEMOGRAPHIC INFORMATION – STATE FUNDING OF SCHOOL DISTRICTS.” If the safeguards are not successful in preventing a school district from becoming insolvent, the State Superintendent of Public Instruction (the “State Superintendent”), operating through an administrator appointed by the State Superintendent, may be authorized under State law to file a petition under Chapter 9 of the United States Bankruptcy Code (the “Bankruptcy Code”) on behalf of the school district for the adjustment of its debts, assuming that the school district meets certain other requirements contained in the Bankruptcy Code necessary for filing a petition under Chapter 9 of the Bankruptcy Code. School districts are not themselves authorized to file a bankruptcy proceeding, and they are not subject to involuntary bankruptcy.

Bankruptcy courts are courts of equity and as such have broad discretionary powers. If the District were to become the debtor in a proceeding under Chapter 9 of the Bankruptcy Code, then the “automatic stay” provisions of the Bankruptcy Code would prohibit the parties from taking any action to collect any amount from the District or the County (including *ad valorem* property tax revenues) or to enforce any obligation of the District or the County, without the bankruptcy court’s permission. In such a proceeding, as part of its plan of adjustment in bankruptcy, the District may be able to alter the priority, interest rate, principal amount, payment terms, collateral, maturity dates, payment sources, covenants (including tax-related covenants), and other terms or provisions of the Bonds and other transaction documents related to the Bonds, as long as the bankruptcy court determines that the alterations are fair and equitable. In addition, in such a proceeding, as part of such a plan, the District may be able to eliminate the obligation of the County to raise taxes if necessary to pay the Bonds.

As stated above, if a school district were to go into bankruptcy, the bankruptcy petition would be filed under Chapter 9 of the Bankruptcy Code. Chapter 9 provides that it does not limit or impair the power of a state to control, by legislation or otherwise, a municipality of or in such state in the exercise of the political or governmental powers of such municipality, including expenditures for such exercise. For purposes of Chapter 9, a school district is a municipality. State law provides that the *ad valorem* property taxes levied to pay the principal and interest on the Bonds shall be used for the payment of principal and interest of the District’s general obligation bonds and for no other purpose. If this restriction on the expenditure of such *ad valorem* property taxes is respected in a bankruptcy case, then the *ad valorem* property tax revenue could not be used by the District for any purpose other than to make payments on the Bonds. It is possible, however, that a bankruptcy court could conclude that the restriction should not be respected.

Statutory Lien. Pursuant to the California Government Code, all general obligation bonds issued by local agencies, including the Bonds, are secured by a statutory lien on all revenues received pursuant to the levy and collection of the tax and the lien automatically arises, without the need for any action or authorization by the local agency or its governing board, and is valid and binding from the time the bonds are executed and delivered. See “SECURITY AND SOURCE OF PAYMENT FOR THE BONDS – Statutory Lien on Taxes (Senate Bill 222).” Although a statutory lien would not be automatically terminated by the filing of a Chapter 9 bankruptcy petition by the District, the automatic stay provisions of the Bankruptcy Code would apply, preventing bondholders from enforcing their rights to payment from such tax collections without permission of the bankruptcy court, and payments that become due and owing on the Bonds during the pendency of the Chapter 9 proceeding could be delayed.

Special Revenues. If the *ad valorem* property tax revenues that are pledged to the payment of the Bonds (see “SECURITY AND SOURCE OF PAYMENT FOR THE BONDS – Pledge of Tax Revenues”) are determined to be “special revenues” within the meaning of the Bankruptcy Code, then, subject to the following discussion, the application in a manner consistent with the Bankruptcy Code of the pledged *ad valorem* property tax revenues that are collected after the date of the bankruptcy filing should not be subject to the automatic stay. “Special revenues” are defined to include, among others, taxes specifically levied to finance one or more projects or systems of the debtor, but excluding receipts from general property, sales, or income taxes levied to finance the general purposes of the debtor. State law prohibits the use of the tax

proceeds for any purpose other than payment of the general obligation bonds and the bond proceeds can only be used to fund projects involving the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, included in the proposition. There is no binding judicial precedent, however, dealing with the treatment in bankruptcy proceedings of *ad valorem* property tax revenues collected for the payment of bonds in California, and no assurance can be given that a bankruptcy court will hold that the *ad valorem* property tax revenues are special revenues within the meaning of the Bankruptcy Code.

The Bankruptcy Code provides that there is no stay of application of pledged special revenues to payment of indebtedness secured by such revenues. The United States Court of Appeals for the First Circuit, in cases arising out of the insolvency proceedings of Puerto Rico, has held that this provision permits voluntary payments of debt service by the issuer of bonds backed by special revenues, but does not permit the bondholders to compel the issuer to make payments of debt service from special revenues. If this decision is followed by other courts, the holders of the Bonds may be prohibited from taking any action to require the District or the County to make payments on the Bonds, unless the bankruptcy court's permission is obtained. This could result in substantial delays in payments on the Bonds.

In addition, even if the *ad valorem* property tax revenues are determined to be "special revenues," the Bankruptcy Code provides that special revenues can be applied to necessary operating expenses of the project or system, before they are applied to other obligations. This rule applies regardless of the provisions of the transaction documents. Thus, a bankruptcy court could permit the District to use the *ad valorem* property tax revenues to pay necessary operating expenses of the District and its schools, before the remaining revenues are paid to the owners of the Bonds.

There continues to be litigation in the insolvency proceedings of Puerto Rico regarding the treatment of revenue bonds. The outcome of such litigation could affect the treatment of the Bonds should the District go into bankruptcy.

Possession of Tax Revenues; Remedies. If the District goes into bankruptcy and the District or the County has possession of tax revenues (whether collected before or after commencement of the bankruptcy), and if the District or the County, as applicable, does not voluntarily pay such tax revenues to the owners of the Bonds, it is not entirely clear what procedures the owners of the Bonds would have to follow to attempt to obtain possession of such tax revenues, how much time it would take for such procedures to be completed, or whether such procedures would ultimately be successful. A similar risk would exist if the County goes into bankruptcy and has possession of tax revenues (whether collected before or after commencement of the bankruptcy). The United States Court of Appeals for the First Circuit, in another case arising out of the insolvency proceedings of Puerto Rico, has held that the Bankruptcy Code prohibits the bankruptcy court from requiring a governmental debtor to apply revenues in accordance with applicable non-bankruptcy law. In yet another case arising out of the insolvency proceedings of Puerto Rico, the United States Court of Appeals for the First Circuit has held that creditors cannot bring suit in a non-bankruptcy court to compel the governmental debtor to comply with non-bankruptcy law without first obtaining the permission of the bankruptcy court, and that the bankruptcy court has discretion as to whether to provide permission.

Effects of Bankruptcy. There may be delays in payments on the Bonds while the court considers any of these issues. There also may be other possible effects of a bankruptcy of the District that could result in delays or reductions in payments on the Bonds, or other losses on the Bonds. Moreover, regardless of any specific adverse determinations in any District bankruptcy proceeding, the existence of a District bankruptcy proceeding could have an adverse effect on the liquidity, value, and market price of the Bonds.

Opinion of Bond Counsel Qualified by Reference to Bankruptcy, Insolvency and Other Laws Relating to or Affecting Creditor's Rights. The proposed form of opinion of Bond Counsel, included as Appendix D, is qualified by reference to bankruptcy, insolvency and other laws relating to or affecting creditor's rights.

Amounts Held in County Treasury Pool

The County, on behalf of the District, is expected to be in possession of the annual *ad valorem* property taxes and certain funds to repay the Bonds and may invest these funds in the County's Treasury Pool, as described in Appendix F – "THE LOS ANGELES COUNTY TREASURY POOL." Should those investments suffer any losses, there may be delays or reductions in payments on the Bonds.

Legality for Investment in the State

Under provisions of the State Financial Code, the Bonds are legal investments for commercial banks in the State to the extent that the Bonds, in the informed opinion of said bank, are prudent for the investment of funds of depositors, and, under provisions of the California Government Code, are eligible for security for deposits of public moneys in the State.

Continuing Disclosure

The District has covenanted for the benefit of the holders and beneficial owners of the Bonds to provide certain financial information and operating data relating to the District (the "Annual Report") for each fiscal year by not later than 240 days following the end of the District's fiscal year (currently ending June 30), commencing with the Annual Report for fiscal year 20__-__, and to provide notices of the occurrence of certain specified events (collectively, the "Listed Events"). The information to be contained in the Annual Report and in a notice of a Listed Event is set forth in Appendix E – "FORM OF CONTINUING DISCLOSURE CERTIFICATE." The District will provide or cause to be provided the Annual Report and such notices to the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access system in the manner prescribed by the Securities and Exchange Commission ("SEC"). Copies of the District's annual reports and notices of Listed Event filings are available at the website of Digital Assurance Certification, L.L.C. ("DAC"), www.dacbond.com, and at the website of the Municipal Securities Rulemaking Board's Electronic Municipal Market Access ("EMMA") system, emma.msrb.org. The information presented on these websites is not incorporated by reference in this Official Statement and should not be relied upon in making an investment decision with respect to the Bonds. These covenants have been made in order to assist the Underwriters (defined herein) in complying with SEC Rule 15c2-12(b)(5) (the "Rule").

Due to the impact of COVID-19 on California school district operations during fiscal year 2019-20, California Senate Bill 98 extended the deadline for school districts to file their audited financial statements for fiscal year 2019-20 with the State to March 31, 2021. As a result, at the time of filing the District's Annual Report for fiscal year 2019-20, the District's audited financial statements for fiscal year 2019-20 were not yet available. The District's audited financial statements for fiscal year 2019-20 were subsequently filed to EMMA on March 30, 2021. Additionally, within the past five years, certain of the District's annual report and Listed Events filings required in connection with its prior continuing disclosure undertakings were not properly linked to all CUSIP numbers for the District's outstanding bonds.

Certain Legal Matters

The validity of the Bonds and certain other legal matters are subject to the approving opinion of Best Best & Krieger LLP, Riverside, California, Bond Counsel to the District, and certain other conditions. A complete copy of the proposed form of opinion of Bond Counsel with respect to the Bonds is contained

in Appendix D. Bond Counsel undertakes no responsibility for the accuracy, completeness or fairness of this Official Statement. Certain legal matters will also be passed upon for the District by its General Counsel and by the District's Disclosure Counsel, Best Best & Krieger LLP, Riverside, California ("Disclosure Counsel"), and for the Underwriters by their counsel, _____ ("Underwriters' Counsel").

Each of Bond Counsel, Disclosure Counsel, and Underwriters' Counsel will receive compensation contingent upon the sale and delivery of the Bonds. From time to time, Bond Counsel and Disclosure Counsel each may represent one or more of the Underwriters in matters unrelated to the District or the Bonds.

FINANCIAL STATEMENTS

The District's Audited Annual Financial Report for fiscal year ended June 30, 20__, including its general purpose financial statements for the fiscal year ended June 30, 20__, is included as Appendix B. The basic financial statements of the District for the fiscal year 20__ - __ have been audited by _____, independent certified public accountants, as stated in their report appearing in Appendix B. The District has not requested nor has the District obtained the consent of Simpson & Simpson to the inclusion of its report in Appendix B. [Auditor] has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. [Auditor] has not been requested to perform and has not performed any procedures relating to the Official Statement.

LITIGATION

[There is no litigation pending against the District or, to the knowledge of its respective executive officers, threatened, seeking to restrain or enjoin the issuance, sale, execution or delivery of the Bonds or in any way contesting or affecting the validity of the Bonds or the Authorizations or any proceedings of the District taken with respect to the issuance or sale thereof, or the levy or application of *ad valorem* property taxes for the payment of principal of and interest on the Bonds or the use of the proceeds of the Bonds. There are no pending lawsuits that, in the opinion of the District's General Counsel, challenge the validity of the Bonds, the existence of the District, or the title of the executive officers to their respective offices. There are a number of lawsuits and claims pending against the District. See APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – Risk Management and Litigation." In the opinion of the District, the outcome of the presently pending suits and claims will not materially impair the District's repayment of the Bonds.

MISCELLANEOUS

Ratings

[Fitch Ratings, Inc. ("Fitch"), Kroll Bond Rating Agency, LLC ("KBRA"), and Moody's Investors Service Inc. ("Moody's")] have assigned their municipal bond ratings of "[__]," "[__]," and "[__]," respectively, to the Bonds, which may include information that has not been included in this Official Statement. The District has furnished to each rating agency certain materials and information with respect to itself and the Bonds. Generally, rating agencies base their ratings on such information and materials and on their own investigations, studies and assumptions. Each rating reflects only the view of the respective rating agency, and any explanation of the significance of such rating may be obtained only from the issuing rating agency furnishing the same, at the following addresses: Fitch Ratings, Inc., 33 Whitehall Street, New York, New York 10004, telephone: (212) 908-0800, Kroll Bond Rating Agency, LLC, 805 Third Avenue, 29th floor, New York, New York 10022, telephone: (212) 702-0707, and Moody's Investors Service, Inc., 7 World Trade Center at 250 Greenwich Street, New York, New York 10007, telephone: (212) 533-0300. There is no assurance that any such rating will continue for any given period of time or

that it will not be revised downward or withdrawn entirely by such rating agency, if, in its judgment, circumstances so warrant. Any such downward revision or withdrawal of any such rating may have an adverse effect on the market price of the Bonds.

Municipal Advisor

The District has retained KNN Public Finance, as Municipal Advisor (the “Municipal Advisor”) in connection with the issuance of the Bonds and certain other financial matters. The Municipal Advisor has not been engaged, nor has it undertaken, to audit, authenticate or otherwise verify the information set forth in this Official Statement, or any other related information available to the District, with respect to accuracy and completeness of disclosure of such information. The Municipal Advisor has reviewed this Official Statement but makes no guaranty, warranty or other representation respecting accuracy and completeness of the information contained in this Official Statement. The Municipal Advisor will receive compensation from the District contingent upon the sale and delivery of the Bonds.

Underwriting

The Bonds are being purchased by [REPRESENTATIVES], on behalf of a syndicate that also includes the other underwriters set forth on the cover hereof (collectively, the “Underwriters”). The Underwriters have agreed to purchase the Bonds at the purchase price of \$[] (which amount is equal to the aggregate principal amount of the Bonds, [plus/less] [net] original issue [premium/discount] of \$[], less an Underwriters’ discount of \$[]), pursuant to that certain Bond Purchase Agreement, dated [DATE] (the “Purchase Agreement”), by and among the Underwriters and the District, relating to the Bonds. Pursuant to the Purchase Agreement, the Underwriters will purchase all of the Bonds if any are purchased.

The Underwriters may offer and sell the Bonds to certain securities dealers and dealer banks and banks acting as agent at prices lower than the public offering prices stated on the inside cover page of this Official Statement. The public offering prices may be changed from time to time by the Underwriters.

The Underwriters have provided the following paragraphs for inclusion in the section “MISCELLANEOUS – Underwriting.” No representation is made by the District as to the accuracy, completeness or adequacy of such information.

Certain of the Underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Under certain circumstances, the Underwriters and their affiliates may have certain creditor and/or other rights against the District and its affiliates in connection with such activities. In the various course of their various business activities, the Underwriters and their respective affiliates, officers, directors and employees may purchase, sell or hold a broad array of investments and actively trade securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to assets, securities and/or instruments of the District (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with the District. The Underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

Additional Information

The purpose of this Official Statement is to provide information to prospective buyers of the Bonds. Quotations from and summaries of the Bonds, the Resolution, and the constitutional provisions, statutes and other documents described herein do not purport to be complete, and reference is made to said documents, constitutional provisions and statutes for full and complete statements of their provisions. Any statements in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended as such and not as representations of fact. This Official Statement is not a contract or agreement between the District and the purchasers or owners of any of the Bonds.

Execution and Delivery

The District has duly authorized the execution and delivery of this Official Statement.

APPENDIX A**DISTRICT FINANCIAL INFORMATION AND
REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION**

APPENDIX B

**AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT
FOR FISCAL YEAR ENDED JUNE 30, 20__**

APPENDIX C

BOOK-ENTRY ONLY SYSTEM

THE INFORMATION IN THIS APPENDIX C CONCERNING THE DEPOSITORY TRUST COMPANY AND ITS BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE DISTRICT AND THE UNDERWRITERS BELIEVE TO BE RELIABLE, BUT THE DISTRICT AND THE UNDERWRITERS TAKE NO RESPONSIBILITY FOR THE ACCURACY OR COMPLETENESS THEREOF. THERE CAN BE NO ASSURANCE THAT THE DEPOSITORY TRUST COMPANY WILL ABIDE BY ITS PROCEDURES OR THAT SUCH PROCEDURES WILL NOT BE CHANGED FROM TIME TO TIME.

The Depository Trust Company (“DTC”) will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered security certificate will be issued for each maturity of the Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world’s largest security depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com. Information on these websites is not incorporated herein by reference.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each security (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the security documents. For example, Beneficial Owners of the Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds are to be redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and other payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or the District subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and other payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District. Under such circumstances, in the event that a successor depository is not obtained, security certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, certificates will be printed and delivered to DTC and the requirements of the Resolution with respect to certificated Bonds will apply.

THE DISTRICT, THE COUNTY, THE PAYING AGENT, THE MUNICIPAL ADVISOR, AND THE UNDERWRITERS CANNOT AND DO NOT GIVE ANY ASSURANCES THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE BONDS (1) PAYMENTS OF PRINCIPAL OF AND INTEREST ON THE BONDS (2) CONFIRMATIONS OF THEIR OWNERSHIP INTERESTS IN THE BONDS OR (III) OTHER NOTICES SENT TO DTC OR CEDE & CO., ITS PARTNERSHIP NOMINEE, AS THE REGISTERED OWNER OF THE BONDS, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT.

NEITHER THE DISTRICT, THE COUNTY, THE PAYING AGENT, THE MUNICIPAL ADVISOR, NOR THE UNDERWRITERS WILL HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO DTC, THE DIRECT PARTICIPANTS, THE INDIRECT PARTICIPANTS OF DTC OR THE BENEFICIAL OWNERS WITH RESPECT TO (1) THE ACCURACY OR COMPLETENESS OF ANY RECORDS MAINTAINED BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC, (2) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL AMOUNT OF OR INTEREST ON THE BONDS, (3) THE DELIVERY BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY NOTICE TO ANY BENEFICIAL OWNER THAT IS REQUIRED OR PERMITTED TO BE GIVEN TO OWNERS UNDER THE TERMS OF THE RESOLUTION, OR (4) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS OWNER OF THE BONDS.

APPENDIX D**PROPOSED FORMS OF OPINION OF BOND COUNSEL**

Upon issuance of the Bonds, Best Best & Krieger LLP, Los Angeles, California, Bond Counsel to the Los Angeles Unified School District, will render its approving opinion with respect to the Bonds in substantially the following form:

APPENDIX E
FORM OF CONTINUING DISCLOSURE CERTIFICATE

APPENDIX F

THE LOS ANGELES COUNTY TREASURY POOL

The Treasurer and Tax Collector of the County of Los Angeles (the “Treasurer”) manages, in accordance with California Government Code Section 53600 et seq., funds deposited with the Treasurer by County school and community college districts, various special districts, and some cities. State law generally requires that all moneys of the County, school districts, and certain special districts be held in the County’s Treasury Pool (the “Treasury Pool”) as described below. The composition and value of investments under management in the Treasury Pool vary from time to time, depending on the cash flow needs of the County and the other public agencies invested in the Treasury Pool, the maturity or sale of investments, purchase of new securities and fluctuations in interest rates generally. Additionally, the Treasurer, with the consent of the Board of Supervisors of the County of Los Angeles (the “County”), may change the County investment policy at any time. Therefore, there can be no assurance that the values of the various investments in the Treasury Pool will not vary significantly from the values described herein. Neither the District, the Municipal Advisor nor the Underwriters make any representation as to the accuracy or adequacy of such information or as to the absence of material adverse changes in such information subsequent to the date hereof, or that the information contained herein is correct as of any time subsequent to its date. The Treasurer maintains a website, the address of which is <https://ttc.lacounty.gov/monthly-reports/>, on which the Treasurer periodically places information relating to the Treasury Pool. The information presented there, however, is not part of this Official Statement, is not incorporated by reference herein and should not be relied upon in making an investment decision with respect to the Bonds.

The County of Los Angeles Pooled Surplus Investments

The Treasurer and Tax Collector (the “Treasurer”) of the County of Los Angeles (the “County”) has the delegated authority to invest funds on deposit in the County Treasury (the “Treasury Pool”). As of January 31, 2025, investments in the Treasury Pool were held for local agencies including school districts, community college districts, special districts and discretionary depositors such as cities and independent districts in the following amounts:

Local Agency	Invested Funds (in billions)
County of Los Angeles and Special Districts	\$25.036
Schools and Community Colleges	29.668
Discretionary Participants	4.023
Total	<u>\$58.727</u>

The Treasury Pool participation composition is as follows:

Non-discretionary Participants	93.15%
Discretionary Participants:	
Independent Public Agencies	6.73%
County Bond Proceeds and Repayment Funds	0.12%
Total	<u>100.00%</u>

Decisions on the investment of funds in the Treasury Pool are made by the County Investment Officer in accordance with established policy, with certain transactions requiring the Treasurer’s prior approval. In Los Angeles County, investment decisions are governed by Chapter 4 (commencing with Section 53600) of Part 1 of Division 2 of Title 5 of the California Government Code, which governs legal

investments by local agencies in the State of California, and by a more restrictive Investment Policy developed by the Treasurer and adopted by the Los Angeles County Board of Supervisors on an annual basis. The Investment Policy adopted on March 19, 2024, reaffirmed the following criteria and order of priority for selecting investments:

1. Safety of Principal
2. Liquidity
3. Return on Investment

The Treasurer prepares a monthly Report of Investments (the “Investment Report”) summarizing the status of the Treasury Pool, including the current market value of all investments. This report is submitted monthly to the Board of Supervisors. According to the Investment Report dated as of February 28, 2025, the January 31, 2025 book value of the Treasury Pool was approximately \$58.727 billion, and the corresponding market value was approximately \$56.847 billion.

An internal controls system for monitoring cash accounting and investment practices is in place. The Treasurer’s Compliance Auditor, who operates independently from the Investment Officer, reconciles cash and investments to fund balances daily. The Compliance Auditor’s staff also reviews each investment trade for accuracy and compliance with the Board adopted Investment Policy. On a quarterly basis, the County’s outside independent auditor (the “External Auditor”) reviews the cash and investment reconciliations for completeness and accuracy. Additionally, the External Auditor reviews investment transactions on a quarterly basis for conformance with the approved Investment Policy and annually accounts for all investments.

The following table identifies the types of securities held by the Treasury Pool as of January 31, 2025:

Type of Investment	% of Pool
Certificates of Deposit	3.41%
U.S. Government and Agency Obligations	70.32
Bank Acceptances	0.00
Commercial Paper	26.23
Municipal Obligations	0.04
Corporate Notes & Deposit Notes	0.00
Repurchase Agreements	0.00
Asset Backed Instruments	0.00
Other	0.00
	<u>100.00%</u>

The Treasury Pool is highly liquid. As of January 31, 2025, approximately 38.17% of the investments mature within 60 days, with an average of 670 days to maturity for the entire portfolio.

BOND PURCHASE AGREEMENT

[SALE DATE]

Los Angeles Unified School District
c/o Office of the Chief Financial Officer
333 S. Beaudry Avenue, 26th Floor
Los Angeles, CA 90017

Ladies and Gentlemen:

The undersigned, [REPRESENTATIVE], acting on its own behalf and as representatives (the “Representatives”) of the Underwriters identified on the signature page hereof (collectively, the “Underwriters”), hereby offers to enter into this Bond Purchase Agreement (the “Bond Purchase Agreement”) with the the Los Angeles Unified School District (the “District”), which, upon your acceptance hereof, will be binding upon the District and the Underwriters. This offer is made subject to the written acceptance of this Bond Purchase Agreement by the District and delivery of such acceptance to us at or prior to 11:59 p.m., California time, on the date hereof.

Section 1. Purchase and Sale of the Bonds. Upon the terms and conditions and in reliance upon the representations, warranties, and agreements herein set forth, the Underwriters hereby agree to purchase from the District for reoffering to the public, and the District hereby agrees to sell to the Underwriters for such purpose, all (but not less than all) of \$[AMOUNT] aggregate principal amount of the District’s 20__ General Obligation Refunding Bonds, Series __ (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) (the “Bonds”). The Bonds shall be dated the date of delivery thereof (the “Date of Delivery”) and shall be payable as to interest on each _____ and _____, commencing _____, 20__. The Underwriters shall purchase the Bonds at a price of \$[PURCHASE PRICE] (the “Purchase Price”) (which is equal to the principal amount of the Bonds of \$[AMOUNT], [plus/less] [net] original issue [premium/discount] of \$[PREMIUM], and less Underwriter’s discount of \$[UNDERWRITER’S DISCOUNT]). From the Purchase Price for the Bonds, the Underwriters shall withhold and hereby agree to wire on the Close Date (as defined below) \$[AMOUNT] to U.S. Bank Trust Company, National Association, as costs administrator, to pay the costs of issuance of the Bonds as provided herein. Any authority, discretion, or other power conferred upon the Underwriters by this Bond Purchase Agreement shall be exercised by the Representatives alone.

The acknowledges and agrees that (a) the purchase and sale of the Bonds under this Bond Purchase Agreement is an arm’s-length commercial transaction between District and the Underwriters; (b) in connection therewith and with the discussions, undertakings and procedures

leading up to the consummation of such transaction, the Underwriters are and have been acting solely as principal and not as the agent or fiduciary of the District; (c) the Underwriters have not assumed a fiduciary responsibility in favor of the District with respect to (i) the offering of the Bonds or the process leading thereto (whether or not the Underwriters, or any affiliate of the Underwriters, has advised or is currently advising the District on other matters); or (ii) any other obligation to the District except the obligations expressly set forth in this Bond Purchase Agreement; and (d) the District has consulted its own legal, financial and other advisors to the extent it has deemed appropriate in connection with this transaction. The District acknowledges that it has previously provided the Underwriters with an acknowledgement of receipt of the required Underwriters disclosure under Rule G-17 of the Municipal Securities Rulemaking Board (“MSRB”).

Section 2. The Bonds. The Bonds shall be dated their date of delivery, bear interest at the rates, and shall mature in the years and amounts as shown on Appendix A hereto, which is incorporated herein by this reference. The Bonds shall otherwise be as described in the Official Statement related to the Bonds (the “Official Statement”), and shall be issued and secured pursuant to the provisions of (i) Articles 9 and 11, Chapter 3, Part 1 of Division 2 of Title 5 of the California Government Code, commencing with Section 53506 (collectively, the “Bond Law”), and (ii) a Resolution of the Board of Education of the District (the “Board of Education”) adopted on _____, 20__ (the “Resolution”). [A portion of the proceeds of the Bonds will be deposited into an escrow fund established pursuant to that certain Escrow Agreement, dated as of [Dated Date] (the “Escrow Agreement”), by and between the District and U.S. Bank Trust Company, National Association, as escrow bank (the “Escrow Bank”), for the bonds of the District to be refunded as described in the Official Statement, defined herein (the “Prior Bonds”), for the benefit of the owners of the Prior Bonds, to refund and defease the Prior Bonds. Capitalized terms used and not otherwise defined herein shall have the meanings ascribed to such terms in the Official Statement or, if not defined in the Official Statement, in the Resolution.]

Upon the written acceptance of this Bond Purchase Agreement by the District, the Representatives, on behalf of the Underwriters, shall deliver, within twenty-four (24) hours of such acceptance, by federal funds wire transfer to U.S. Bank Trust Company, National Association as agent to the Treasurer and Tax Collector of the County of Los Angeles, as paying agent (the “Paying Agent”), for the account of the District, the amount of \$[Good Faith Deposit], as a good-faith deposit (“Good Faith Deposit”) for the performance by the Underwriters of their obligations to accept and pay for the Bonds at Closing (as defined herein) in accordance with the provisions of this Bond Purchase Agreement. Upon receipt, such amount shall be held by the District pending Closing (except as provided below), although the proceeds thereof may be invested by the District pending the Closing. At the Closing, the Underwriters shall pay or cause to be paid the Purchase Price of the Bonds, less the amount of such Good Faith Deposit, without accrued interest, and thereupon the District shall apply the amount of the Good Faith Deposit, to the payment of the balance of such Purchase Price. In the event of the District’s inability to deliver the Bonds at the Closing, or if the District is unable to satisfy the conditions to the Underwriters’ obligations contained herein (unless such conditions are waived by the Underwriters), or if the Underwriters’ obligations shall be terminated for any reason permitted hereby, the District shall forthwith return the amount of the Good Faith Deposit, without accrued interest, to the Representatives immediately and, subject to Section 15 of this Bond Purchase Agreement, such return shall constitute a full release and discharge of all claims by the Underwriters against the District arising

out of the transactions contemplated by this Bond Purchase Agreement. In the event that the Underwriters fail (other than for a reason permitted hereby) to accept and pay for the Bonds at the Closing as herein provided, the proceeds of the Good Faith Deposit, shall be retained and applied by the District in full and complete liquidated damages (and not as a penalty) for such failure and as a discharge of all damages suffered on the part of the District as a result of such failure.

The Bonds shall be executed and delivered under and in accordance with the provisions of this Bond Purchase Agreement, the Bond Law and the Resolution. The Bonds shall be in book-entry form, shall bear CUSIP numbers, shall be in fully registered form, registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York; the Bonds shall initially be in authorized denominations of \$5,000 principal amount or any integral multiple thereof.

Section 3. Use of Documents. The District hereby authorizes the Underwriters to use, in connection with the offer and sale of the Bonds, this Bond Purchase Agreement, the Preliminary Official Statement and the Official Statement, the Resolution, the Continuing Disclosure Agreement (defined herein), and all information contained herein and therein and all of the documents, certificates or statements furnished by the District to the Underwriters in connection with the transactions contemplated by this Bond Purchase Agreement.

Section 4. Public Offering of the Bonds; Establishment of Issue Price.

(a) The Representatives, on behalf of the Underwriters, agree to make a bona fide initial public offering of all the Bonds at prices no higher than, or yields not lower than, those set forth on Exhibit A hereto. Subsequent to such initial public offering but subject to the provisions set forth below, the Underwriters reserve the right to lower such initial offering prices as the Underwriters deems necessary in connection with the marketing of the Bonds; provided, however, that the Underwriters shall not change the interest rates set forth in Exhibit A. Subject to the provisions set forth below, the Underwriters may offer and sell the Bonds to certain dealers (including dealers depositing the Bonds into investment trusts) and others at prices lower than the initial public offering price or prices set forth on Exhibit A hereto. Subject to the provisions set forth below, the Underwriters also reserve the right to (i) over-allot or effect transactions which stabilize or maintain the market price of the Bonds at levels above those that might otherwise prevail in the open market and (ii) discontinue such stabilizing, if commenced, at any time without prior notice. The Representatives, on behalf of the Underwriters, agree to assist the District in establishing the issue price of the Bonds and shall execute and deliver to the District at Closing an “issue price” or similar certificate, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Exhibit B, with such modifications as may be appropriate or necessary, in the reasonable judgment of the Representatives, the District and Bond Counsel (as defined herein), to accurately reflect, as applicable, the sales price or prices or the initial offering price or prices to the public of the Bonds. All actions to be taken by the District under this section to establish the issue price of the Bonds may be taken on behalf of the District by the District’s municipal advisor, KNN Public Finance (the “Municipal Advisor”), and any notice or report to be provided to the District may be provided to the District’s Municipal Advisor.

(b) Except as otherwise set forth in Appendix A attached hereto, the District will treat the first price (meaning single) at which 10% of each maturity of the Bonds (the “10% test”) is sold to the public as the issue price of that maturity. At or promptly after the execution of this Bond Purchase Agreement, the Representatives shall report to the District the price or prices at which the Underwriters have sold to the public each maturity of the Bonds. If at that time the 10% test has not been satisfied, but is applicable, as to any maturity of the Bonds, the Representatives agree to promptly report to the District the prices at which it sells the unsold Bonds of that maturity to the public. Unless the hold-the-offering-price rule (described below) applies, that reporting obligation shall continue, whether or not the Closing Date (as defined herein) has occurred, until either (i) the Underwriters have sold all Bonds of that maturity or (ii) the 10% test has been satisfied as to the Bonds of that maturity, provided that, the Representatives’ reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the District or Bond Counsel. For purposes of this Section, if Bonds mature on the same date but have different interest rates, each separate CUSIP number within that maturity will be treated as a separate maturity of the Bonds.

(c) The Representatives confirm that it has offered the Bonds to the public on or before the date of this Bond Purchase Agreement at the offering price or prices (the “initial offering price”), or at the corresponding yield or yields, set forth in Appendix A attached hereto, except as otherwise set forth therein. Appendix A also sets forth, as of the date of this Bond Purchase Agreement, the maturities, if any, of the Bonds for which the Representatives represent that (A) the 10% test has been satisfied (assuming orders are confirmed by the end of the day immediately following the day of execution of this Bond Purchase Agreement) and (B) the 10% test has not been satisfied and for which the District and the Representatives agree that the restrictions set forth in the next sentence shall apply, which will allow the District to treat the initial offering price to the public of each such maturity as of the sale date as the issue price of that maturity (the “hold-the-offering-price rule”). So long as the hold-the-offering-price rule remains applicable to any maturity of the Bonds, the Underwriters will neither offer nor sell unsold Bonds of that maturity to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

- (i) the close of the fifth (5th) business day after the sale date; or
- (ii) the date on which the Underwriters have sold at least 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public.

The Underwriters will advise the District promptly after the close of the fifth (5th) business day after the sale date whether it has sold 10% of that maturity of the Bonds to the public at a price that is no higher than the initial offering price to the public. The District acknowledges that, in making the representation set forth in this subsection, the Representatives will rely on (i) the agreement of each Underwriter to comply with the hold-the-offering-price rule, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling

group to comply with the hold-the-offering-price rule, if applicable, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event that an Underwriter is a party to a retail distribution agreement that was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the hold-the-offering-price rule, if applicable, as set forth in the retail distribution agreement and the related pricing wires. The District further acknowledges that each Underwriter shall be solely liable for its failure to comply with its agreement regarding the hold-the-offering-price rule and that no Underwriter shall be liable for the failure of any other Underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a retail distribution agreement, to comply with its corresponding agreement regarding the hold-the-offering-price rule as applicable to the Bonds.

(d) The Representatives confirm that:

(i) Any agreement among underwriters, selling group agreement and any third-party distribution agreement (to which the Representatives are a party) relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each dealer who is a member of the selling group and each broker-dealer that is a party to such third-party distribution agreement, as applicable:

(A) (1) to report the prices at which it sells to the public the unsold Bonds of each maturity allocated to it, whether or not the Closing Date has occurred, until either all Bonds of that maturity allocated to it have been sold or it is notified by the Representatives that the 10% test has been satisfied as to the Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the Representatives, and (2) to comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Representatives,

(B) to promptly notify the Representatives of any sales of Bonds that, to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Bonds to the public (each such term being used as defined below), and

(C) to acknowledge that, unless otherwise advised by the Underwriters, dealer or broker-dealer, the Representatives shall assume that each order submitted by the dealer or broker-dealer is a sale to the public.

(ii) Any agreement among underwriters or selling group agreement relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each Underwriter that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Bonds to the public to require each broker-dealer that is a party to such third-party distribution agreement to (A) report the prices at which it sells to the

public the unsold Bonds of each maturity allocated to it, whether or not the Closing Date has occurred, until either all Bonds of that maturity allocated to it have been sold or it is notified by the Representatives or Underwriters that the 10% test has been satisfied as to the Bonds of that maturity, provided that, the reporting obligation after the Closing Date may be at reasonable periodic intervals or otherwise upon request of the Representatives or Underwriters, and (B) comply with the hold-the-offering-price rule, if applicable, if and for so long as directed by the Representatives or the Underwriters and as set forth in the related pricing wires.

(e) The Underwriters acknowledge that sales of any Bonds to any person that is a related party to an underwriter participating in the initial sale of the Bonds to the public (each such terms being used as defined below) shall not constitute sales to the public for purposes of this section. Further, for purposes of this section:

(i) “public” means any person other than an underwriter or a related party;

(ii) “underwriter” means (A) any person that agrees pursuant to a written contract with the District (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the public);

(iii) a purchaser of any of the Bonds is a “related party” to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (A) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (B) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (C) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other); and

(iv) “sale date” means the date of execution of this Bond Purchase Agreement by all parties.

Section 5. Review of Official Statement. The Underwriters hereby represent that they have received and reviewed the Preliminary Official Statement with respect to the Bonds, dated [DATE] (the “Preliminary Official Statement”). The District represents that it has duly authorized and prepared the Preliminary Official Statement for use by the Underwriters in connection with the sale of the Bonds, and that it has deemed the Preliminary Official Statement to be final, except for either revision or addition of the offering price(s), interest rate(s), yield(s), selling compensation, aggregate principal amount, principal amount per maturity, delivery date, rating,

redemption provisions and other terms of the Bonds which depend upon the foregoing as provided in and pursuant to Rule 15c2-12 of the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the “Rule”).

The Underwriters agree that prior to the time the final Official Statement relating to the Bonds is available, the Underwriters will send to any potential purchaser of the Bonds, upon the request of such potential purchaser, a copy of the most recent Preliminary Official Statement. Such Preliminary Official Statement shall be sent by first-class mail (or other equally prompt means) not later than the first business day following the date upon which each such request is received.

The Underwriters hereby represents that it will provide, consistent with the requirements of MSRB Rule G-32, for the delivery of a copy of the Official Statement to each customer who purchases any Bonds during the underwriting period (as such term is defined in MSRB Rule G-11), and deliver a copy of the Official Statement to the MSRB in electronic format as prescribed by the MSRB on or before the Closing Date, and that it will otherwise comply with all applicable statutes and regulations in connection with the offering and sale of the Bonds, including, without limitation, MSRB Rule G-32 and G-36 and the Rule.

Section 6. Closing. At 8:30 a.m., California time, on [CLOSING DATE] or at such other time or on such other date as shall have been mutually agreed upon by the parties hereto (the “Closing”), the District will direct U.S. Bank Trust Company, National Association, as agent to the Treasurer and Tax Collector of the County (the “Treasurer”), as paying agent for the Bonds (the “Paying Agent”) to deliver to the Underwriters, through the facilities of The Depository Trust Company (“DTC”), or at such other place as the District and the Underwriters may mutually agree upon, the Bonds duly executed and in fully registered, book-entry form, and will cause the other documents hereinafter mentioned to be delivered at the offices of Best Best & Krieger LLP (“Bond Counsel”), in Riverside, California.

Upon fulfillment of all conditions to Closing herein, the Underwriters will accept such delivery and pay the Purchase Price thereof in immediately available funds by wire transfer to the order of the District and U.S. Bank Trust Company, National Association, as cost administrator, as provided by Section 1 hereof, less the Good Faith Deposit, as provided by Section 2 hereof.

Section 7. Representations, Warranties and Agreements of the District. The District hereby represents, warrants and agrees with the Underwriters that:

(a) ***Due Organization.*** The District is a unified school district duly organized and validly existing under the laws of the State of California (the “State”), with full legal power to issue the Bonds pursuant to the Bond Law.

(b) ***Due Authorization.*** At or prior to the Closing, the District will have taken all action required to be taken by it to authorize the issuance and delivery of the Bonds; (ii) the District has full legal right, power and authority to execute and deliver this Bond Purchase Agreement, the Escrow Agreement and the Continuing Disclosure Certificate, to adopt the District Resolution, to issue and to deliver the Bonds, and to perform its obligations under each such document or instrument (collectively, the “District Documents”), and to carry out and effectuate the transactions contemplated by the District

Documents; (iii) the execution and delivery or adoption of, and the performance by the District of its obligations contained in, the Bonds and the other District Documents have been duly authorized and such authorization shall be in full force and effect at the time of the Closing; (iv) this Bond Purchase Agreement constitutes, and each of the Bonds, when issued, authenticated, delivered and sold to the Underwriters as provided herein, and each of the other District Documents, when duly executed and delivered, will constitute, a valid and legally binding obligation of the District, enforceable against the District in accordance with its terms; and (v) the District has duly authorized the consummation by it of all transactions contemplated by the District Documents.

(c) **Consents.** No consent, approval, authorization, order, filing, registration, qualification, election or referendum, of or by any court or governmental agency or public body whatsoever is required in connection with the issuance, delivery or sale of the Bonds or the consummation of the other transactions effected or contemplated herein or hereby, except for such actions as may be necessary to qualify the Bonds for offer and sale under the Blue Sky or other securities laws and regulations of such states and jurisdictions of the United States as the Underwriters may reasonably request, or which have not been taken or obtained; provided, however, that the District shall not be required to subject itself to service of process in any jurisdiction in which it is not so subject as of the date hereof.

(d) **Internal Revenue Code.** The District has complied with the Internal Revenue Code of 1986, as amended, with respect to the Bonds.

(e) **No Conflicts.** To the best knowledge of the District, the issuance of the Bonds, and the execution, delivery and performance of the District Documents and the Bonds, and the compliance with the provisions hereof and thereof do not conflict with or constitute on the part of the District a violation of or default under, the Constitution of the State or any existing law, charter, ordinance, regulation, decree, order or resolution and do not conflict with or result in a violation or breach of, or constitute a default under, any agreement, indenture, mortgage, lease or other instrument to which the District is a party or by which it is bound or to which it is subject.

(f) **Litigation.** As of the time of acceptance hereof, to the best knowledge of the District, no action, suit, proceeding, hearing or investigation is pending for which the District has been served or threatened in writing against the District: (i) in any way affecting the existence of the District or in any way challenging the respective powers of the several offices or of the titles of the officials of the District to such offices; or (ii) seeking to prohibit, restrain or enjoin the sale, issuance or delivery of any of the Bonds, or the application of the proceeds of the sale of the Bonds, or the collection or levy of taxes contemplated by the Resolution and available to pay the principal of and interest on the Bonds, or in any way contesting or affecting the validity or enforceability of the Bonds or the District Documents or contesting the powers of the District or its authority with respect to the Bonds or the District Documents or contesting in any way the completeness or accuracy of the Preliminary Official Statement or the Official Statement; or (iii) in which a final adverse decision could (A) materially adversely affect the operations or financial condition of the District or the consummation of the transactions contemplated by the District Documents, (B) declare this Bond Purchase Agreement to be invalid or

unenforceable in whole or in material part, or (C) adversely affect the exclusion of the interest paid on the Bonds from gross income for federal income tax purposes and the exemption of such interest from California personal income taxation.

(g) ***No Other Debt.*** Between the date hereof and the Closing, without the prior written consent of the Representatives, neither the District directly nor any other governmental agency or other body on behalf of the District will have issued in the name and on behalf of the District any bonds, notes or other obligations for borrowed money except for such borrowings as may be described in or contemplated by the Official Statement.

(h) ***Interim Financial Report.*** The District has not received a qualified or negative certification in its most recent interim report pursuant to Section 42130 *et seq.* of the California Education Code.

(i) ***Certificates.*** Any certificates signed by any officer of the District and delivered to the Underwriters shall be deemed a representation and warranty by the District to the Underwriters, but not by the person signing the same, as to the statements made therein.

(j) ***Continuing Disclosure.*** At or prior to the Closing, the District shall have duly authorized, executed and delivered a continuing disclosure agreement (the “Continuing Disclosure Agreement”). The Continuing Disclosure Agreement shall comply with the provisions of the Rule and be substantially in the form attached to the Preliminary Official Statement and Official Statement in Appendix E. Except as otherwise described in the Official Statement, the District has not failed during the previous five years to comply in all material respects with any previous undertakings in a written continuing disclosure certificate or agreement under the Rule.

(k) ***Official Statement Accurate and Complete.*** The Preliminary Official Statement, at the date thereof, did not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. At the date hereof and on the date of Closing (the “Closing Date”), the Official Statement did not and will not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. If the Official Statement is supplemented or amended pursuant to Section 8(f) of this Bond Purchase Agreement, at the time of each supplement or amendment thereto and (unless subsequently again supplemented or amended pursuant to such paragraph) at all times subsequent thereto during the period up to and including the Closing Date of the Official Statement as so supplemented or amended will not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which made, not misleading.

(l) ***Financial Statements of District.*** The audited financial statements of, and other financial information regarding, the District contained in the Preliminary Official

Statement and final Official Statement fairly present the financial position and results of operations of the District as of the dates and for the periods therein set forth.

(m) **Levy of Tax.** The District has taken or will take any and all actions as may be required by the County of Los Angeles (the “County”) or otherwise necessary in order to arrange for the levy and collection of taxes, payment of the Bonds, and the deposit and investment of taxes so collected. In particular, the District hereby agrees to provide to the County Auditor and County Treasurer-Tax Collector a copy of the District Resolution, a copy of Appendix A hereto, and the full debt service schedule for the Bonds.

Section 8. Covenants of the District. The District covenants and agrees with the Underwriters that:

(a) **Securities Laws.** The District will furnish such information, execute such instruments, and take such other action in cooperation with the Underwriters if and as the Underwriters may reasonably request in order to qualify the Bonds for offer and sale under the Blue Sky or other securities laws and regulations or such states and jurisdictions; provided, however, that the District shall not be required to consent to service of process in any jurisdiction in which they are not so subject as of the date hereof.

(b) **Official Statement.** The District hereby agrees to deliver or cause to be delivered to the Underwriters not later than the seventh business day following the date this Bond Purchase Agreement is signed, copies of a final Official Statement substantially in the form of the Preliminary Official Statement, with only such changes therein as shall have been accepted by the Underwriters and the District (such Official Statement with such changes, if any, and including the cover page and all appendices, exhibits, maps, reports and statements included therein or attached thereto being herein called the “Official Statement”) in such quantities as may be requested by the Underwriters, in order to permit the Underwriter to comply with paragraph (b)(4) of the Rule and with the rules of the MSRB. The District hereby authorizes the Underwriters to use and distribute the Official Statement in connection with the offering and sale of the Bonds.

(c) **Subsequent Events.** The District hereby agrees to notify the Underwriters of any event or occurrence that may affect the accuracy or completeness of any information set forth in the Official Statement relating to the District, respectively, until the date which is 25 days following the Closing.

(d) **Filings.** The District authorizes the Underwriter to file, to the extent required by the applicable rules promulgated by the Securities and Exchange Commission or the MSRB, and the Underwriter agrees to file or cause to be filed, the Official Statement with (i) the MSRB or its designee (including the MSRB’s Electronic Municipal Market Access system); or (ii) other repositories approved from time to time by the Securities and Exchange Commission (either in addition to or in lieu of the filing referred to above). If an amended Official Statement is prepared in accordance with Section 8(f) of this Bond Purchase Agreement during the “Primary Offering Disclosure Period” (as defined herein), and if required by an applicable Securities and Exchange Commission Rule or MSRB rule, the Underwriter also shall make the required filings of the amended Official Statement.

(e) **References.** References herein to the Preliminary Official Statement and the final Official Statement include the cover page and all appendices, exhibits, maps, reports and statements included therein or attached thereto.

(f) **Amendments to the Official Statement.** During the period ending on the twenty-fifth day after the End of the Underwriting Period (or such other period as may be agreed to by the District and the Underwriters), the District (i) shall not supplement or amend the Official Statement or cause the Official Statement to be supplemented or amended without the prior written consent of the Underwriters; and (ii) shall notify the Underwriters promptly if any event shall occur, or information comes to the attention of the District, that is reasonably likely to cause the Official Statement (whether or not previously supplemented or amended) to contain any untrue statement of a material fact or to omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. If, in the opinion of the Underwriters, such event requires the preparation and distribution of a supplement or amendment to the Official Statement, the District shall prepare and furnish to the Underwriters, at the District's expense, such number of copies of the supplement or amendment to the Official Statement, in form and substance mutually agreed upon by the District and the Underwriters, as the Underwriters may reasonably request. If such notification shall be given subsequent to the Closing, the District also shall furnish, or cause to be furnished, such additional legal opinions, certificates, instruments and other documents as the Underwriters may reasonably deem necessary to evidence the truth and accuracy of any such supplement or amendment to the Official Statement.

For purposes of this Agreement:

(i) the "End of the Underwriting Period" is used as defined in the Rule and shall occur on the later of (A) the Closing Date; or (B) when the Underwriters no longer retain an unsold balance of the Bonds; unless otherwise advised in writing by the Underwriters to the District on or prior to the Closing Date, or otherwise agreed to by the District and the Underwriters, the District may assume that the End of the Underwriting Period is the Closing Date.

(ii) The "Primary Offering Disclosure Period" is used as defined in MSRB Rule G-32 and shall end on the twenty-fifth day after the Closing Date.

Section 9. Representations and Agreements of the Underwriters. The Underwriters represents to and agrees with the District that, as of the date hereof and as of the date of the Closing, which representations and warranties shall survive the Closing:

(a) The Representatives are duly authorized and has been duly authorized by the Underwriters, pursuant to an agreement among the Underwriters (the "AAU"), to execute this Bond Purchase Agreement, to act hereunder on behalf of the Underwriters and to take all actions, and waive any condition or requirement, required or permitted to be taken or waived hereunder by the Representatives or the Underwriters. The Underwriters are in compliance with MSRB Rule G-37 with respect to the District, and is not prohibited thereby from acting as underwriter with respect to securities of the District.

(b) The Underwriters have not paid or agreed to pay, nor will they pay or agree to pay, any entity, company, firm, or person (including, but not limited to any officer, agent or employee of the District), other than a bona fide officer, agent or employee working for the Underwriters, any compensation, fee, gift or other consideration contingent upon or resulting from the award of or entering into this Bond Purchase Agreement

(c) Based on representations in the AAU, the Underwriters have, and have had, no financial advisory relationship (as such term is defined in California Government Code Section 53590) with the District with respect to the Bonds, and no investment firm controlling, controlled by or under common control with any of the Underwriters has or has had any such financial advisory relationship (as such term is defined in California Government Code Section 53590).

(d) The Underwriters are licensed by and registered with the Financial Industry Regulatory Authority as a broker-dealer and the MSRB as a municipal securities dealer. The Underwriters shall comply with all statutes, rules and regulations of all governmental entities in connection with the offering and sale of the Bonds.

(e) The Underwriters have reasonably determined that the District's undertaking to provide continuing disclosure with respect to the Bonds pursuant to Section 10(e)(viii) hereof is sufficient to effect compliance with the Rule.

Section 10. Conditions to Closing. The Underwriters have entered into this Bond Purchase Agreement in reliance upon the representations and warranties of the District contained herein and the performance by the District of its obligations hereunder, both as of the date hereof and as of the date of Closing. The Underwriters' obligations under this Bond Purchase Agreement are, and shall be subject at the option of the Underwriters, to the following further conditions at the Closing:

(a) **Representations True.** The representations and warranties of the District contained herein shall be true, complete and correct in all material respects at the date hereof and at and as of the Closing, as if made at and as of the Closing, and the statements made in all certificates and other documents delivered to the Underwriters at the Closing pursuant hereto shall be true, complete and correct in all material respects on the date of the Closing; and the District shall be in compliance with each of the agreements made by it in this Bond Purchase Agreement.

(b) **Obligations Performed.** At the time of the Closing, (i) the District Documents shall be in full force and effect and the Resolution and the Official Statement shall not have been amended, modified or supplemented except as may have been agreed to in writing by the Underwriters; (ii) all actions under the Bond Law which, in the opinion of Bond Counsel, shall be necessary in connection with the transactions contemplated hereby, shall have been duly taken and shall be in full force and effect; (iii) the District shall have adopted, and there shall be in full force and effect such additional Resolution, agreements, opinions and certificates (including such certificates as may be required by regulations of the Internal Revenue Service in order to establish the tax-exempt character of the interest on the Bonds), as shall be satisfactory in form and substance to Bond Counsel

and to the Underwriters, and there shall have been taken in connection therewith and in connection with the execution and delivery of the Bonds all such actions as shall, in the reasonable opinion of each, be necessary in connection with the transactions contemplated hereby; (iv) all actions under the Resolution which, in the opinion of Bond Counsel to the District, shall be necessary in connection with the transactions contemplated hereby, shall have been duly taken and shall be in full force and effect; (v) the Bonds shall have been duly authorized, executed and delivered; and (vi) the District shall perform or have performed all of its respective obligations required under or specified in the District Documents to be performed at or prior to the Closing.

(c) ***Adverse Rulings.*** No decision, ruling or finding shall have been entered by any court or governmental authority since the date of this Bond Purchase Agreement (and not reversed on appeal or otherwise set aside), or to the best knowledge of the District, pending for which it has been served or threatened in writing which has any of the effects described in Section 7(f) hereof or contesting in any way the completeness or accuracy of the Official Statement.

(d) ***Marketability.*** Between the date hereof and the Closing, the market price or marketability or the ability of the Underwriters to enforce contracts for the sale of the Bonds, at the initial offering prices set forth in the Official Statement, shall not have been materially adversely affected in the sole and reasonable judgment of the Underwriters by reason of any of the following:

(ii) legislation enacted or introduced in the Congress or recommended for passage by the President of the United States, or a decision rendered by a court established under Article III of the Constitution of the United States or by the United States Tax Court, or an order, ruling, regulation (final, temporary or proposed) or official statement issued or made or proposed to be made:

(A) by or on behalf of the United States Treasury Department, or by or on behalf of the Internal Revenue Service, with the purpose or effect, directly or indirectly, of causing the inclusion in gross income for purposes of federal income taxation of the interest received by the owners of the Bonds; or

(B) by or on behalf of the Securities and Exchange Commission, or any other governmental agency having jurisdiction over the subject matter thereof, to the effect that the Bonds, or obligations of the general character of the Bonds, including any and all underlying arrangements, are not exempt from registration under the Securities Act of 1933, as amended, or would be in violation of any provision of the federal securities laws;

(iii) legislation enacted by the legislature of the State, or a decision rendered by a court of the State, or a ruling, order or regulation (final or temporary) made by State authority, which would have the effect of changing, directly or indirectly, the State tax consequences of interest on obligations of the general character of the Bonds in the hands of the holders thereof;

(iv) there shall have occurred (1) an outbreak or escalation of hostilities or the declaration by the United States of a national emergency or war or (2) any other calamity or crisis in the financial markets of the United States or elsewhere or the escalation of such calamity or crisis;

(v) a general suspension of trading on the New York Stock Exchange or other major exchange shall be in force, or minimum or maximum prices for trading shall have been fixed and be in force, or maximum ranges for prices for securities shall have been required and be in force on any such exchange, whether by virtue of determination by that exchange or by order of the Securities and Exchange Commission or any other governmental authority having jurisdiction;

(vi) the declaration of a general banking moratorium by federal, New York or California authorities;

(vii) the imposition by the New York Stock Exchange, other national securities exchange, or any governmental authority, of any material restrictions not now in force with respect to the Bonds, or obligations of the general character of the Bonds, or securities generally, or the material increase of any such restrictions now in force, including those relating to the extension of credit by, or the charge to the net capital requirements of, the Underwriters;

(viii) except as disclosed in or contemplated by the Official Statement, any material adverse change in the affairs of the District shall have occurred;

(ix) any underlying rating of the District's outstanding indebtedness is withdrawn or downgraded or placed on credit watch by a national rating agency;

(x) any event occurring, or information becoming known which, in the reasonable judgment of the Underwriters, makes untrue in any material adverse respect any statement or information contained in the Official Statement, or has the effect that the Official Statement contains any untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements made therein, in light of the circumstances under which they were made, not misleading and, in either such event, the District refuses to permit the Official Statement to be supplemented to supply such statement or information, or the effect of the Official Statement as so supplemented is to materially adversely affect the market price or marketability of the Bonds or the ability of the Underwriter to enforce contracts for the sale of the Bonds;

(xi) a material disruption in securities settlement, payment or clearance services affecting the Bonds shall have occurred;

(xii) any amendment shall have been made to the federal or State Constitution or action by any federal or State court, legislative body, regulatory body, or other authority materially adversely affecting the tax status of the District, its property, income, securities (or interest thereon) or the validity or enforceability of the levy of taxes to pay principal of and interest on the Bonds; or

(xiii) the purchase of and payment for the Bonds by the Underwriters, or the resale of the Bonds by the Underwriters, on the terms and conditions herein provided shall be prohibited by any applicable law, governmental authority, board, agency or commission.

(e) ***Delivery of Documents.*** At or prior to the Closing Date, the Underwriters shall receive sufficient copies of the following documents in each case dated as of the Closing Date and satisfactory in form and substance to the Underwriters:

(1) the approving opinion of Bond Counsel with respect to the Bonds, dated the Closing Date and addressed to the District, substantially in the form attached as APPENDIX [D] to the Preliminary Official Statement;

(2) a reliance letter from Bond Counsel to the effect that the Underwriters may rely upon the approving opinion of Bond Counsel described in subsection (e)(1) above;

(3) a supplemental opinion of Bond Counsel in a form acceptable to the Underwriters, dated the Closing Date and addressed to the Underwriters, to the effect that:

(i) assuming due authorization, execution and delivery by all the parties thereto, the District Resolution, this Bond Purchase Agreement and the Continuing Disclosure Certificate have each been duly authorized, executed and delivered by the respective parties thereto and constitute legal, valid and binding obligations of the District and are enforceable in accordance with their respective terms, except as enforcement thereof may be limited by bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium or other laws affecting generally the enforcement of creditors' rights and except as their enforcement may be subject to the application of equitable principles and the exercise of judicial discretion in appropriate cases if equitable remedies are sought (provided that no opinion need be rendered regarding the adequacy of the Continuing Disclosure Certificate for purposes of the Rule) and by limitations on the enforcement of legal remedies against public agencies in the State;

(ii) the statements contained in the Official Statement under the captions ["The Bonds" (excluding any and all information relating to The Depository Trust Company and its book-entry system and the County Treasury Pool set forth in Appendix F), "Security and Sources of Payment for the Bonds – General Description" and "Tax Matters,"] excluding any material that may be treated as included under such captions by cross reference, to the extent they purport to summarize certain provisions of the Bonds, the Resolution and the exclusion from gross income of interest on the Bonds for federal income tax purposes or the exemption of interest on the Bonds for State income tax purposes, fairly and accurately summarize the matters purported to be summarized thereto; and

(iii) the Bonds are not subject to the registration requirements of the Securities Act of 1933, as amended, and the County Resolution is exempt from qualification pursuant to the Trust Indenture Act of 1939, as amended;

(4) A defeasance opinion of Bond Counsel, dated the Closing Date and addressed to the District, to the effect that, upon the deposit of cash and certain proceeds of the Bonds into the escrow fund established under the Escrow Agreement, all as provided in the resolutions pursuant to which the Prior Bonds were issued, all agreements and covenants of the District and the County, as applicable, to the owners of the Prior Bonds shall be satisfied, discharged and terminated;

(5) the duly executed Escrow Agreement;

(6) the Continuing Disclosure Certificate signed by an appropriate official of the District and in form and substance reasonably satisfactory to the Underwriters;

(7) the Verification Report;

(8) a certificate signed by an appropriate official of the District to the effect that (i) such official is authorized to execute this Bond Purchase Agreement, the Official Statement and the Continuing Disclosure Certificate; (ii) the representations, agreements and warranties of the District herein are true and correct as of the date of Closing; (iii) the District has complied with all the terms of the District Documents to be complied with by the District prior to or concurrently with the Closing and the District Documents are in full force and effect; (iv) no litigation is pending (with service of process having been accomplished) or, to the best of the District's knowledge, threatened (either in State or federal courts): (A) seeking to restrain or enjoin the execution, sale or delivery of any of the Bonds, (B) in any way contesting or affecting the authority for the execution, sale or delivery of the Bonds, the Official Statement, the Continuing Disclosure Certificate or this Bond Purchase Agreement, or (C) in any way contesting the existence or powers of the District; (v) such official has reviewed the Official Statement and on such basis certifies that the Official Statement does not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made therein, in the light of the circumstances under which they were made, not misleading; (vi) each of the conditions listed in Section 10 of this Bond Purchase Agreement required to be satisfied by the District has been satisfied on the date thereof and the District is not aware of any other condition of this Bond Purchase Agreement that has not been satisfied on the date thereof; and (vii) the Bonds being delivered on the date of the Closing to the Underwriters under this Bond Purchase Agreement substantially conform to the descriptions thereof contained in the Resolution, the Official Statement and this Bond Purchase Agreement;

(9) a certificate of the Escrow Bank dated the date of the Closing, signed by a duly authorized officer of the Escrow Bank, and in form and substance satisfactory to the Underwriters, to the effect that: (i) to the best of such officer's knowledge, the representations and agreements of the Escrow Bank in the Escrow Agreement to which the Escrow Bank is a party are true and correct as of the date of the Closing; (ii) the Escrow Agreement has been duly authorized, executed and delivered and, assuming due execution by the other parties thereto, is enforceable against the Escrow Bank in accordance with its terms; and (iii) to the best of such officer's knowledge, no litigation is pending or threatened (either in state or federal courts) in any way contesting or affecting any authority of the Escrow Bank for or in connection with its performance of the Escrow Agreement;

(10) a certificate of the Paying Agent, or its agent, as applicable, dated the date of the Closing, signed by a duly authorized officer of the Paying Agent, or its agent, as applicable, and in form and substance satisfactory to the Underwriters, to the effect that: (i) to the best of such officer's knowledge, the representations and agreements of the Paying Agent in the Master Paying Agent Services Contract, dated as of [July 1, 2019] (the "Paying Agent Agreement"), between the County and the Paying Agent, are true and correct as of the date of the Closing; (ii) the Paying Agent Agreement has been duly authorized, executed and delivered and, assuming due execution by the other parties thereto, is enforceable against the Paying Agent in accordance with its terms; and (iii) to the best of such officer's knowledge, no litigation is pending or threatened (either in State or federal courts) (A) seeking to restrain or enjoin the delivery by the Paying Agent of any of the Bonds, or (B) in any way contesting or affecting any authority of the Paying Agent for the delivery of the Bonds or the validity or enforceability of the Bonds or the Paying Agent Agreement;

(11) a tax certificate of the District in form satisfactory to Bond Counsel with respect to the Bonds;

(12) evidence satisfactory to the Underwriters that any ratings described in the Official Statement are in full force and effect as of the Closing Date;

(13) the opinion of General Counsel to the District, addressed to the District and the Underwriters, dated the Closing Date, to the effect that: (i) the District is a unified school district validly existing under the Constitution and the laws of the State; (ii) the District has the full right and lawful authority to enter into and perform its duties and obligations under the District Documents and to authorize the issuance and sale of the Bonds; (iii) to the best knowledge of General Counsel to the District, there is no action, suit, proceeding, inquiry or investigation, at law or in equity, before or by any court or public body, pending, or to such counsel's knowledge, threatened against the District contesting in any way the completeness or accuracy of the Official Statement or the due adoption of the District Resolution, and there is no breach or default by the District under any other instruments which is caused by the issuance of the Bonds or the execution and delivery of this Bond Purchase Agreement, Escrow Agreement, or the Continuing Disclosure Certificate;

(iv) General Counsel to the District is not representing the District in connection with any litigation of any nature to restrain or enjoin the execution, delivery or performance of the District Documents, the Bonds or any of the proceedings taken with respect to the issuance of the Bonds, the application of monies to the payment of the Bonds or in any manner questioning the proceedings and authority under which the Bonds were authorized or challenging the validity of the Bonds, the existence or boundaries of the District or the title of the officials of the District who have acted with respect to the proceedings for the issuance of the Bonds on behalf of the District to their respective offices; and (v) the Official Statement has been duly approved by the District.

(14) the opinion of _____, counsel for the Underwriters (“Underwriters’ Counsel”), dated the date of Closing and addressed to the Underwriters, satisfactory in form and substance to the Underwriters;

(15) the letters of Disclosure Counsel in a form subject to the satisfaction of the Underwriters, dated the date of Closing and addressed separately to the District and the Underwriters;

(16) a certificate, together with a fully executed copy of each of the District Resolution, of the Executive Officer of the Board of Education to the effect that: (i) such copy is a true and correct copy of the District Resolution; and (ii) that the District Resolution was duly adopted, has not been modified, amended, rescinded or revoked and is in full force and effect on the date of the Closing;

(17) a certificate of the appropriate official of the District evidencing the District’s determination respecting the Preliminary Official Statement in accordance with Rule 15c2-12;

(18) a transcript of all proceedings relating to the authorization, issuance and delivery of the Bonds; and

(19) such additional legal opinions, certificates, proceedings, instruments and other documents as the Underwriters may reasonably request to evidence compliance (i) by the County, the District and the Paying Agent (and its agent, if applicable) with legal requirements, (ii) the truth and accuracy, as of the time of Closing, of the representations of the County and the District herein contained, and (iii) the due performance or satisfaction by the County, the District and the Paying Agent (and its agent, if applicable) at or prior to such time of all agreements then to be performed and all conditions then to be satisfied by them.

(f) **Termination.** Notwithstanding anything to the contrary herein contained, if for any reason whatsoever the Bonds shall not have been delivered by the District to the Underwriters as provided in Section 6 hereof, then the obligation to purchase Bonds hereunder shall terminate and be of no further force or effect except with respect to the obligations of the District and the Underwriter that survive termination hereof.

If the District shall be unable to satisfy the conditions to the Underwriters' obligations contained in this Bond Purchase Agreement or if the Underwriters' obligations shall be terminated for any reason permitted by this Bond Purchase Agreement, this Bond Purchase Agreement may be canceled by the Underwriters at, or at any time prior to, the time of Closing. Notice of such cancellation shall be given to the District in writing, or by telephone or electronic communication, confirmed in writing. Notwithstanding any provision herein to the contrary, the performance of any and all obligations of the District hereunder and the performance of any and all conditions contained herein for the benefit of the Underwriters may be waived by the Representatives in writing at their sole discretion.

Section 11. Conditions to Obligations of the District. The performance by the District of its obligations is conditioned upon (a) the performance by the Underwriters of their obligations hereunder, and (b) receipt by the District and the Underwriters of opinions and certificates being delivered at the Closing by persons and entities other than the District.

Section 12. Expenses. On the Closing Date, the Underwriters will wire \$[] from the proceeds of the Bonds and as a portion of the Purchase Price of the Bonds as provided in Section 1 hereof to U.S. Bank Trust Company, National Association, as costs administrator, to be used to pay costs of issuance of the Bonds, including, but not limited to the following at the direction of the District: (i) the costs of the preparation and reproduction of the Resolution; (ii) the fees and disbursements of Bond Counsel, Disclosure Counsel and the Municipal Advisor; (iii) the cost of the preparation, printing and delivery of the Bonds; (iv) the fees for Bond ratings, including all necessary expenses for travel; (v) the cost of the printing and distribution of the Preliminary Official Statement and the Official Statement, and any supplement or amendment thereto; (vi) costs, fees and expenses related to the presentation to investors; (vii) the initial fees of the Paying Agent; and (viii) all other fees and expenses incident to the issuance and sale of the Bonds or the performance of its obligations hereunder. All out-of-pocket expenses of the Underwriters, including California Debt and Investment Advisory Commission fees, CUSIP Service Bureau registration fees, Underwriters' Counsel fees, expenses for travel and other expenses of the Underwriters, shall be paid by the Underwriters out of Underwriters' discount.

Section 13. Notices. Any notice or other communication to be given under this Bond Purchase Agreement (other than the acceptance hereof as specified in the first paragraph hereof) may be given by delivering the same in writing if to the County, to the Treasurer and Tax Collector of the County of Los Angeles at 437 Kenneth Hahn Hall of Administration, 500 West Temple Street, Los Angeles, California 90012; if to the District, to the Chief Financial Officer of the Los Angeles Unified School District, 333 S. Beaudry Avenue, 26th Floor, Los Angeles, California 90017, or if to the Representatives, to [Underwriter], [Address] Attention: [].

Section 14. Parties in Interest; Survival of Representations and Warranties. This Bond Purchase Agreement when accepted by the District in writing as heretofore specified shall constitute the entire agreement between the District and the Underwriter. This Bond Purchase Agreement is made solely for the benefit of the District and the Underwriter (including the successors or assigns of the Underwriter). No other person shall acquire or have any rights hereunder or by virtue hereof. All representations, warranties and agreements of the District in this Bond Purchase Agreement shall survive regardless of (a) any investigation or any statement

in respect thereof made by or on behalf of the Underwriter, (b) delivery of and payment by the Underwriter for the Bonds hereunder, and (c) any termination of this Bond Purchase Agreement.

Section 15. Severability. If any provision of this Bond Purchase Agreement is, or is held or deemed to be, invalid, illegal or unenforceable for any reason by any court of competent jurisdiction or otherwise, the validity, legality and enforceability of the remaining provisions hereof shall not in any way be affected or impaired thereby.

Section 16. Entire Agreement. This Bond Purchase Agreement when accepted by the County and District in writing as heretofore specified shall constitute the entire agreement between the County, District and the Underwriters, including their permitted successors and assigns, respectively.

Section 17. Execution in Counterparts. This Bond Purchase Agreement may be executed in several counterparts each of which shall be regarded as an original and all of which shall constitute but one and the same document.

(Signature page follows)

Section 18. Applicable Law. This Bond Purchase Agreement shall be interpreted, governed and enforced in accordance with the laws of the State applicable to contracts made and performed in such State.

Very truly yours,

ISSUE PRICE CERTIFICATE OF THE REPRESENTATIVE

[\$AMOUNT]
LOS ANGELES UNIFIED SCHOOL DISTRICT
(County of Los Angeles, California)
20__ General Obligation Refunding Bonds, Series __
(Dedicated Unlimited *Ad Valorem* Property Tax Bonds)

[REPRESENTATIVES] have acted as the representative of the Underwriters listed in the Bond Purchase Agreement (collectively, the “Representative”) entered into in connection with the sale and issuance by the Los Angeles Unified School District (the “District”) of the Los Angeles Unified School District (County of Los Angeles, California) 20__ General Obligation Refunding Bonds, Series __ (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) maturing on the dates set forth on Schedule 1 hereto in the principal amount of \$[_____] (the “Bonds”) being issued on the date hereof, and the Representatives hereby certify and represent on behalf of itself and such other Underwriters the following:

1. As of [Sale Date] (the “Sale Date”), all of the Bonds were the subject of a bona fide offering to the Public at the respective prices or yields set forth on the inside cover page of the District’s Official Statement in respect of the Bonds dated [Sale Date] (each, an “Initial Offering Price”), which are the same prices or yields shown on the final pricing wire for the offering of the Bonds attached hereto as Schedule 1.

2. As of the Sale Date, [except for the Maturities [IDENTIFY UN/UNDERSOLD MATURITIES] (the “Unsold Maturities”), shown on Schedule 2 attached hereto,] the first price at which 10% of each Maturity of the Bonds was sold by the Underwriters to the Public is set forth on Schedule 1.

3. [HOLD THE PRICE - REPRESENTATIVES ALLOTTED UNSOLD MATURITIES] On and following the Sale Date, with respect to the initial sales of the Unsold Maturities, the Representatives: (i) have retained the unsold principal amounts of the bonds of the Unsold Maturities as shown in Schedule 2 attached hereto and not allocated any such Unsold Maturities to any other Underwriter, and (ii) has neither offered nor sold any such Unsold Maturities to any person at a price that is higher or yield lower than the Initial Offering Price during the period starting on the Sale Date and ending on the earlier of the following: (a) the close of the fifth business day after the Sale Date, or (b) the date on which at least 10 percent of the bonds of the Unsold Maturity has been sold to the Public at a price that is at or below the Initial Offering Price.
OR:

4. [HOLD THE PRICE - SYNDICATE RETAINS BONDS] On and following the Sale Date, with respect to the initial sales of the Unsold Maturities, the Underwriters have neither offered nor sold any Unsold Maturities to any person at a price higher than or a yield lower than the respective Initial Offering Price for a period of time starting on the Sale Date and ending on the earlier of the following: (a) the close of the fifth business day after the Sale Date, or (b) the

date on which at least 10% of the bonds of the Unsold Maturity has been sold to the Public at a price that is at or below the Initial Offering Price.

5. The agreement among Underwriters, each selling group agreement and each retail distribution agreement (to which the Representatives are parties) relating to the initial sale of the Bonds to the Public, together with the related pricing wires, contains language obligating each Underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such retail distribution agreement, as applicable, to (A) report the prices at which it sells to the Public the unsold Bonds of each Maturity allotted to it until it is notified by the Representative that at least 10% of such Maturity of the Bonds was sold by the Underwriters to the Public at a single price, and (B) with respect to the Unsold Maturities, if any, comply with the hold-the-offering-price rule, as described above, if and for so long as directed by the Representatives and as set forth in the related pricing wires.

6. The agreement among Underwriters relating to the initial sale of the Bonds to the Public, together with the related pricing wires, contains language obligating each Underwriter that is a party to a retail distribution agreement to be employed in connection with the initial sale of the Bonds to the Public to require each broker-dealer that is a party to such retail distribution agreement to (A) report the prices at which it sells to the Public the unsold Bonds of each Maturity allotted to it until it is notified by the Underwriter that at least 10% of such Maturity of the Bonds was sold by the Underwriters to the Public at a single price, and (B) with respect to the Unsold Maturities, if any, comply with the hold-the-offering-price rule, as described above, if and for so long as directed by the Representative and as set forth in the related pricing wires.

For purposes of this Certificate, the following definitions apply:

(a) Maturity means Bonds with the same credit and payment terms. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate Maturities.

(b) Public means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a Related Party to an Underwriter.

(c) Related Party means any entity if an Underwriter and such entity are subject, directly or indirectly, to (i) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profit interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other).

(d) Underwriter means (i) any person that agrees pursuant to a written contract with the District (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly

or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

The Representatives understand that the foregoing information will be relied upon by the District with respect to certain of the representations set forth in the District's Tax Certificate and Agreement to which this certificate is included as an exhibit and with respect to compliance with the federal income tax rules affecting the Bonds, and by Best Best & Krieger LLP, as bond counsel to the District, in connection with providing an opinion as to the exclusion from gross income of interest on the Bonds pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the District from time to time relating to the Bonds. The Representatives are certifying only as to facts in existence on the date hereof. Nothing herein represents the Representatives' interpretation of any laws; in particular the Treasury Regulations under the Code, or the application of any laws to these facts. The certifications contained herein are not necessarily based on personal knowledge, but may instead be based on either inquiry deemed adequate by the undersigned or institutional knowledge (or both) regarding the matters set forth herein. Although certain information furnished in this Certificate has been derived from other Underwriters and cannot be independently verified by us, we have no reason to believe it to be untrue in any material respect.

FORM OF OFFICIAL NOTICE OF SALE

§ _____ *

LOS ANGELES UNIFIED SCHOOL DISTRICT
(County of Los Angeles, California)
2026 GENERAL OBLIGATION REFUNDING BONDS
(Dedicated Unlimited *Ad Valorem* Property Tax Bonds)

NOTICE IS HEREBY GIVEN that electronic bids will be received in the manner described below through the Ipreo LLC's BiDCOMP™/PARITY® System ("**Parity**") by the Los Angeles Unified School District (the "**District**") for the purchase of the above-captioned (the "**Bonds**"). Bidding procedures and sale terms are as follows:

- Issue:** The Bonds are described in the District's Preliminary Official Statement for the Bonds dated __, 2026 (the "**Preliminary Official Statement**").
- Time:** Bids for the Bonds must be received by the District by __ a.m., California time, on __, 2026.
- Place:** Electronic bids must be submitted in the manner and subject to the terms and conditions described under "TERMS OF SALE—Form of Bids; Delivery of Bids" below, but no bid will be accepted after the time for receiving bids specified above.

THE RECEIPT OF BIDS ON [____], 2026, MAY BE POSTPONED OR CANCELLED AT OR PRIOR TO THE TIME BIDS ARE TO BE RECEIVED. NOTICE OF SUCH POSTPONEMENT OR CANCELLATION WILL BE COMMUNICATED BY THE DISTRICT THROUGH LONDON STOCK EXCHANGE GROUP ("LSEG") THE MUNICIPAL MARKET MONITOR (:TM3"), BLOOMBERG BUSINESS NEWS (COLLECTIVELY, THE "NEWS SERVICES") AND/OR PARITY (AS DESCRIBED IN "TERMS OF SALE—FORM OF BIDS; DELIVERY OF BIDS" BELOW) AS SOON AS PRACTICABLE FOLLOWING SUCH POSTPONEMENT OR CANCELLATION. Notice of the new date and time for receipt of bids shall be given through Parity and/or the News Services as soon as practicable following a postponement and no later than 1:00 p.m., California time, on the business day preceding the new date for receiving bids.

As an accommodation to bidders, notice of such postponement and of the new sale date and time will be given to any bidder requesting such notice in writing from the District's municipal advisor (the "**Municipal Advisor**"):

Failure of any bidder, however, to receive such supplemental notice shall not affect the sufficiency of any such notice or the legality of the sale of the Bonds. See "TERMS OF SALE—Postponement or Cancellation of Sale."

The District reserves the right to modify or amend this Official Notice of Sale in any respect, including, without limitation, increasing or decreasing the principal amounts for the maturities of the

Bonds; provided, that any such modification or amendment will be communicated to potential bidders through the News Services and/or Parity not later than 1:00 p.m., California time, on the business day preceding the date for receiving bids. Failure of any potential bidder to receive notice of any modification or amendment will not affect the sufficiency of any such notice or the legality of the sale of the Bonds. Bidders are required to bid upon the Bonds as so modified or amended. See “TERMS OF SALE—Right to Modify or Amend.”

Bidders are referred to the Preliminary Official Statement for additional information regarding the District, the Bonds, the security for the Bonds and other matters. See “CLOSING PROCEDURES AND DOCUMENTS—Official Statement.” Capitalized terms used and not defined in this Official Notice of Sale have the meanings given to them in the Preliminary Official Statement.

This Official Notice of Sale will be submitted for posting to Parity (as described in “TERMS OF SALE—Form of Bids; Delivery of Bids” below). If the summary of the terms of sale of the Bonds posted on Parity conflicts with this Official Notice of Sale in any respect, the terms of this Official Notice of Sale shall control, unless a notice of an amendment is given as described herein.

TERMS RELATING TO THE BONDS

THE DISTRICT FOR ISSUANCE, PURPOSES, PAYMENT OF PRINCIPAL AND INTEREST, REDEMPTION, DEFEASANCE, SOURCES AND USES OF FUNDS, SECURITY AND SOURCES OF PAYMENT, FORM OF LEGAL OPINION OF BOND COUNSEL AND OTHER INFORMATION REGARDING THE BONDS ARE PRESENTED IN THE PRELIMINARY OFFICIAL STATEMENT, WHICH EACH BIDDER IS DEEMED TO HAVE OBTAINED AND REVIEWED PRIOR TO BIDDING FOR THE BONDS. THIS OFFICIAL NOTICE OF SALE GOVERNS ONLY THE TERMS OF SALE, BIDDING, AWARD AND CLOSING PROCEDURES FOR THE BONDS. THE DESCRIPTION OF THE BONDS CONTAINED IN THIS OFFICIAL NOTICE OF SALE IS QUALIFIED IN ALL RESPECTS BY THE DESCRIPTION OF THE BONDS CONTAINED IN THE PRELIMINARY OFFICIAL STATEMENT.

Issue. The Bonds will be issued as fully registered bonds without coupons in book-entry only form in denominations of one Bond for each maturity of the Bonds, all dated the date of delivery, which is expected to be _____, 2026. If the sale is postponed, notice of the new date of the sale will also set forth any new expected date of delivery of the Bonds.

Book-Entry Only. The Bonds will be registered in the name of a nominee of The Depository Trust Company (“DTC”), New York, New York. DTC will act as securities depository for the Bonds. Individual purchases will be made in book-entry form only in denominations of \$5,000 or any integral multiple thereof and the successful bidder (the “Purchaser”) will not receive certificates representing its interest in the Bonds purchased. As of the date of award of the Bonds, the Purchaser must either participate in DTC or must clear through or maintain a custodial relationship with an entity that participates in DTC.

Interest Rates. Interest on the Bonds will be payable on _____, and semiannually thereafter on _____ 1 and _____ 1 of each year (each an “Interest Payment Date”). Interest shall be calculated on the basis of a 30-day month, 360-day year from the dated date of the Bonds. Bidders

may specify any number of separate interest rates for the Bonds, and the same interest rate or rates may be repeated as often as desired, provided:

- (i) each interest rate specified in any bid for the Bonds must be a multiple of one-twentieth or one-eighth of one percent per annum;
- (ii) the maximum interest rate bid for any maturity shall not exceed 8% per annum;
- (iii) no Bond shall bear a zero rate of interest;
- (iv) each Bond shall bear interest from its dated date to its stated maturity date at the single rate of interest for the respective Bond specified in the bid; and
- (v) all Bonds maturing at any one time shall bear the same rate of interest.

See the Preliminary Official Statement – “THE BONDS – Description of the Bonds.”

Maximum Discount. The underwriter’s discount for the sale of the Bonds shall not exceed ____% of the principal amount of the Bonds.

Principal Payments. The Bonds shall be serial and/or term Bonds, as specified by each bidder, and principal shall be payable on _____ 1 of each year, commencing on _____ 1, 20__, as shown below. Subject to the District’s right to modify or amend this Notice of Sale (see “TERMS OF SALE—Right to Modify or Amend”), the final maturity of the Bonds shall be _____, 20__ The principal amount of the Bonds maturing or subject to mandatory sinking fund redemption in any year shall be in integral multiples of \$5,000. For any term Bonds specified, the principal amount for a given year may be allocated only to a single term Bond and must be part of an uninterrupted annual sequence from the first mandatory sinking fund payment to the term Bond maturity. The aggregate amount of the principal amount of the serial maturity or mandatory sinking fund payment for the Bonds is shown below for information purposes only. **Bidders for the Bonds must provide bids for all of the Bonds Principal Amounts.**

Subject to the District's right to modify or amend this Notice of Sale (see "TERMS OF SALE—Right to Modify or Amend"), and to adjustment as provided in this Notice of Sale (see "— Adjustment of Principal Payments"), the aggregate principal amount of the serial maturity or mandatory sinking fund payment for the Bonds in each year is as follows:

Maturity Date (____ 1)	Principal Amount	Maturity Date (____ 1)	Principal Amount
---------------------------	---------------------	---------------------------	------------------

* Preliminary; subject to change.

Adjustment of Principal Payments. The principal amounts set forth in this Official Notice of Sale reflect certain estimates of the District with respect to the likely interest rates and reoffering yields of the winning bid and the premium/discount that will be contained in the winning bid. **The District reserves the right to change the principal payment schedule set forth above after the determination of the successful bidder, by adjusting one or more of the principal payments of the Bonds, in increments of \$5,000, as determined in the sole discretion of the District, in order to provide sufficient proceeds to accomplish the purposes of the financing, reduce principal to eliminate excess proceeds due to a bid premium, and achieve approximately level annual debt service. Any such adjustment will not change the average per Bond dollar amount of the underwriter's discount. In the event of any such adjustment, no rebidding or recalculation of the bids submitted will be required or permitted and no successful bid may be withdrawn.**

See also "TERMS OF SALE—Right to Modify or Amend," regarding the District's right to modify or amend this Official Notice of Sale in any respect including, without limitation, increasing or decreasing the principal amount of any serial maturity or mandatory sinking fund payment for the Bonds and adding or deleting serial or term maturity and mandatory sinking fund payment dates, along with corresponding principal amounts with respect thereto.

A BIDDER AWARDED THE BONDS BY THE DISTRICT WILL NOT BE PERMITTED TO WITHDRAW ITS BID, CHANGE THE INTEREST RATES IN ITS BID OR THE REOFFERING PRICES IN ITS REOFFERING PRICE CERTIFICATE AS A RESULT OF ANY CHANGES MADE TO THE PRINCIPAL PAYMENTS OF SUCH BONDS IN ACCORDANCE WITH THIS OFFICIAL NOTICE OF SALE.

Redemption.

(i) Optional Redemption of the Bonds. The Bonds are subject to optional call and redemption prior to maturity from funds derived by the District from any source on the dates and at the redemption prices set forth in the Preliminary Official Statement.

See the Preliminary Official Statement – “THE BONDS – Redemption - Optional Redemption.”

(ii) Mandatory Sinking Payment Redemption. If the successful bidder designates principal amounts to be combined into one or more term bonds, each such term bond shall be subject to mandatory sinking fund redemption commencing on ____ 1 of the first year which has been combined to form such term bonds and continuing on ____ 1 in each year thereafter until the stated maturity date of that term bond. The amount redeemed in any year shall be equal to the principal amount for such maturity date set forth above under “Principal Payments,” as adjusted pursuant to “Adjustment of Principal Payments” above. The District, at its option, may credit against any mandatory sinking fund redemption payment term bonds of the maturity then subject to redemption, which have been purchased and canceled by the District or have been redeemed and not theretofore applied as a credit against any mandatory sinking fund redemption payment.

Legal Opinions and Tax Matters. Upon delivery of the Bonds, Best Best & Krieger LLP, Bond Counsel to the District (“**Bond Counsel**”), will deliver its legal opinion as to the validity and enforceability of the Bonds.

A complete copy of the proposed form of opinion of Bond Counsel is set forth in Appendix ____ to the Preliminary Official Statement. A copy of the opinion of Bond Counsel will be furnished to the Purchaser upon delivery of the Bonds.

See the Preliminary Official Statement – “TAX MATTERS.”

TERMS OF SALE

Maximum Discount/Premium. The underwriter’s discount for the sale of the Bonds shall not exceed ____% of the principal amount of the Bonds.

Form of Bids; Delivery of Bids. Each bid for the Bonds must be: (1) for not less than all of the Bonds offered for sale, (2) unconditional, and (3) submitted via Parity; and after the verbal award, an email copy of the completed and signed applicable Official Bid Form conforming to the Parity bid by the winning bidder, with any adjustments made by the District pursuant hereto must be submitted by the winning bidder. Electronic bids must conform to the procedures established by Parity. No bid submitted to the District shall be subject to withdrawal or modification by the bidder.

All bids will be deemed to incorporate all of the terms of this Official Notice of Sale. If the sale of the Bonds is canceled or postponed, all bids for the Bonds shall be rejected. No bid

submitted to the District shall be subject to withdrawal or modification by the bidder. No bid will be accepted after the time for receiving bids. The District retains absolute discretion to determine whether any bidder is a responsible bidder and whether any bid is timely, legible and complete and conforms to this Official Notice of Sale. The District takes no responsibility for informing any bidder prior to the time for receiving bids that its bid is incomplete, illegible or nonconforming with this Official Notice of Sale or has not been received.

Electronic bids will be received exclusively through Parity in accordance with this Official Notice of Sale. For further information about Parity, potential bidders may contact either the Municipal Advisor at the number provided above or Parity at: (212) 404-8107.

Warnings Regarding Electronic Bids. Bids for the Bonds must be submitted electronically via Parity. None of the District, the Municipal Advisor or Bond Counsel, however, assumes any responsibility for any error contained in any bid submitted electronically or for failure of any bid to be transmitted, received or opened by the time for receiving bids, and each bidder expressly assumes the risk of any incomplete, illegible, untimely or nonconforming bid submitted by electronic transmission by such bidder, including, without limitation, by reason of garbled transmissions, mechanical failure, engaged telecommunications lines, or any other cause arising from submission by electronic transmission.

If a bidder submits an electronic bid for the Bonds through Parity, such bidder thereby agrees to the following terms and conditions:

(1) if any provision in this Official Notice of Sale with respect to the Bonds conflicts with information or terms provided or required by Parity, this Official Notice of Sale, including any amendments or modifications issued through Parity and/or the News Services, will control;

(2) each bidder will be solely responsible for making necessary arrangements to access Parity for purposes of submitting its bid in a timely manner and in compliance with the requirements of this Official Notice of Sale;

(3) the District will not have any duty or obligation to provide or ensure access to Parity to any bidder, and the District will not be responsible for proper operation of, or have any liability for, any delays, interruptions or damages caused by use of Parity or any incomplete, inaccurate or untimely bid submitted by any bidder through Parity;

(4) the District is permitting use of Parity as a communication mechanism, and not as an agent of the District, to facilitate the submission of electronic bids for the Bonds; Parity is acting as an independent contractor, and is not acting for or on behalf of the District;

(5) the District is not responsible for ensuring or verifying bidder compliance with any procedures established by Parity;

(6) the District may regard the electronic transmission of a bid through Parity (including information regarding the purchase price for the Bonds or the interest rates for any maturity of the Bonds) as though the information were submitted on the Official Bid Form and executed on the bidder's behalf by a duly authorized signatory;

(7) if the bidder's bid is accepted by the District, the signed, completed and conforming Official Bid Form submitted by the bidder by email or facsimile

transmission after the verbal award, this Official Notice of Sale and the information that is transmitted electronically through Parity will form a contract, and the bidder will be bound by the terms of such contract; and

(8) information provided by Parity to bidders will form no part of any bid or of any contract between the Purchaser and the District unless that information is included in this Official Notice of Sale or the Official Bid Form.

Basis of Award. Unless all bids are rejected, the Bonds will be awarded to the responsible bidder who submits a conforming bid that represents the lowest true interest cost to the District. The true interest cost will be that nominal interest rate that, when compounded semiannually and applied to discount all payments of principal and interest payable on the Bonds to the dated date of the Bonds, results in an amount equal to the principal amount of the Bonds plus the amount of any net premium or discount. For the purpose of calculating the true interest cost, mandatory sinking fund payments for any term Bonds specified by a bidder will be treated as Bonds maturing on the dates of such mandatory sinking fund payments. In the event that two or more bidders offer bids for the Bonds at the same true interest cost, the District will determine by lot which bidder will be awarded the Bonds. Bid evaluations or rankings made by Parity are not binding on the District.

Estimate of True Interest Cost. Each bidder is requested, but not required, to supply an estimate of the true interest cost based upon its bid, which will be considered as informative only and not binding on either the bidder or the District.

Multiple Bids. If multiple bids with respect to the Bonds are received from a single bidder by any means or combination thereof, the District shall be entitled to accept the bid representing the lowest true interest cost to the District, and each bidder agrees by submitting multiple bids to be bound by the bid representing the lowest true interest cost to the District.

No Good Faith Deposit. No good faith deposit is required/Good faith deposit is required.

Establishment of Issue Price for the Bonds. In the event the District receives at least three (3) bona fide bids for the Bonds, then the Issue Price for the Bonds shall be established based on the reasonably expected initial offering prices of the Bonds as of the Sale Date (the "Expected Offering Prices"). The Expected Offering Prices shall consist of the prices for each maturity of the Bonds used by the winning bidder in formulating its bid to purchase the Bonds. The winning bidder shall be required to deliver on the date of original delivery of the Bonds to the winning bidder (the "Delivery Date") a certificate in the form attached hereto as Exhibit A (a "**Reoffering Price Certificate**"), and provide to the District and Bond Counsel, in writing, the Expected Offering Prices as of the Sale Date.

In the event the District receives fewer than three (3) bona fide bids for the Bonds, then the Issue Price for the Bonds shall be established based on the first price at which at least 10% of each maturity of the Bonds was sold to the Public (as defined below). The winning bidder shall be required to deliver on the Delivery Date a certificate to such effect, and provide to the District, in writing, evidence satisfactory to Bond Counsel to the District of such sales prices for each maturity of the Bonds. In the event that the winning bidder has not sold at least 10% of each maturity of the Bonds to the Public as of the Delivery Date (each, an "Unsold Maturity"), the winning bidder shall (i) provide to the District, in writing, on the Delivery Date, the Expected Offering Prices for each Unsold Maturity and a certificate regarding same and (ii) have a continuing obligation to provide to the District, in writing, evidence satisfactory to Bond Counsel to the District of the first price at which at least 10% of each Unsold Maturity is sold to the Public, contemporaneous with each such sale, until

at least 10% of all such Unsold Maturities have been sold to the Public. The proposed form of such certificate with respect to the Issue Price of the Bonds will be provided upon request to the Municipal Advisor.

As used herein, the term “Sale Date” means the date on which bids are received for the purchase of the Bonds, being _____, 2026 (or such other date to which the sale of the Bonds is postponed as described above). The term “Public” means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter (as defined herein) or a related party to an Underwriter. The term “related party” generally means any two or more persons who have greater than 50% common ownership, directly or indirectly. As used herein, the term “Underwriter” means (i) any person that agrees pursuant to a written contract with the District (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

For the purposes of this paragraph, sales of the Bonds to the other securities brokers or dealers will not be considered sales to the general public.

Right of Rejection and Waiver of Irregularity. The District reserves the right, in its sole discretion, to reject any and all bids and to waive any irregularity or informality in any bid which does not materially affect such bid or change the ranking of the bids.

Right to Modify or Amend. Other than with respect to postponement or cancellation as described in this Official Notice of Sale, and in addition to the District’s right to adjust the payment amounts of the Bonds as provided in “TERMS RELATING TO THE BONDS— Adjustment of Principal Payments” the District reserves the right to modify or amend this Official Notice of Sale in any respect including, without limitation, increasing or decreasing the principal amount of any serial maturity or mandatory sinking fund payment for the Bonds and adding or deleting serial or term maturity and mandatory sinking fund payment dates, along with corresponding principal amounts with respect thereto; provided, that, subject to the terms of this Notice of Sale (see “TERMS RELATING TO THE BONDS—Adjustment of Principal Payments”) any such modification or amendment will be communicated to potential bidders through Parity and/or the News Services not later than 1:00 p.m., California time, on the business day preceding the date for receiving bids. Failure of any potential bidder to receive notice of any modification or amendment will not affect the sufficiency of any such notice or the legality of the sale of the Bonds.

Postponement or Cancellation of Sale. The District may postpone or cancel the sale of the Bonds at or prior to the time for receiving bids. Notice of such postponement or cancellation shall be given through Parity and/or the News Services as soon as practicable following such postponement or cancellation. If a sale is postponed, notice of a new sale date will be given through Parity and/or the News Services as soon as practicable following a postponement and no later than 1:00 p.m., California time, on the business day preceding the new date for receiving bids. Failure of any potential bidder to receive notice of postponement or cancellation will not affect the sufficiency of any such notice.

Prompt Award. The District will take official action awarding the Bonds or rejecting all bids with respect to the Bonds not later than 24 hours after the time for receipt of bids for the Bonds, unless such time period is waived by the Purchaser.

CLOSING PROCEDURES AND DOCUMENTS

Delivery and Payment. **Delivery of the Bonds will be made through the facilities of DTC in New York, New York, and is presently expected to take place on or about _____, 2026.** Payment for the Bonds (including any premium) must be made at the time of delivery in immediately available funds immediately available in the County, on the date of delivery. Any expense for making payment in immediately available funds shall be borne by the Purchaser. The District will deliver to the Purchaser, dated as of the delivery date, the legal opinion with respect to the Bonds described in Appendix ___ to the Preliminary Official Statement.

Qualification for Sale. The District will furnish such information and take such action not inconsistent with law as the Purchaser may request and the District may deem necessary or appropriate to qualify the Bonds for offer and sale under the Blue Sky or other securities laws and regulations of such states and other jurisdictions of the United States of America as may be designated by the Purchaser; provided, that the District will not execute a general or special consent to service of process or qualify to do business in connection with such qualification or determination in any jurisdiction. By submitting its bid for the Bonds, the Purchaser assumes all responsibility for qualifying the Bonds for offer and sale under the Blue Sky or other securities laws and regulations of the states and jurisdictions in which the Purchaser offers or sells the Bonds, including the payment of fees for such qualification. Under no circumstances may the Bonds be sold or offered for sale or any solicitation of an offer to buy the Bonds be made in any jurisdiction in which such sale, offer or solicitation would be unlawful under the securities laws of the jurisdiction.

No Litigation. Upon delivery of the Bonds, the District will deliver a certificate stating that no litigation of any nature is pending for which the District has been served, or to the knowledge of the officer of the District executing such certificate, threatened in writing, restraining or enjoining the sale, issuance or delivery of the Bonds or any part thereof, or the entering into or performance of any obligation of the District, or concerning the validity of the Bonds, the power of the County to levy and collect taxes on behalf of the District required to pay debt service on the Bonds, the corporate existence of the District, or the entitlement of any officers of the District who will execute the Bonds to their respective offices.

Right of Cancellation. The Purchaser will have the right, at its option, to cancel this contract for the sale of the Bonds if the District fails to execute the Bonds and tender the same for delivery within 30 days from the sale date, and in such event the Purchaser will not be entitled to any damages or other compensation.

CUSIP Numbers. It is anticipated that CUSIP numbers will be printed on the Bonds, but neither the failure to print such numbers on any Bond nor error with respect thereto shall constitute cause for a failure or refusal by the purchaser thereof to accept delivery of and pay for the Bonds in accordance with the terms of the purchase contract. All expenses of printing CUSIP numbers on the Bonds and the CUSIP Service Bureau charge for the assignment of said numbers shall be paid by the successful bidder. The Municipal Advisor shall be responsible for obtaining the CUSIP numbers and providing them to the District and the successful bidder.

Expenses of the Successful Bidder. CUSIP Service Bureau charges, California Debt and Investment Advisory Commission fees (under California Government Code Section 8856), The Depository Trust Company charges and all other expenses of the successful bidder will be the responsibility of the successful bidder. Pursuant to Section 8856 of the California Government

Code, the Purchaser must pay to the California Debt and Investment Advisory Commission, within 60 days from the sale date, the statutory fee for the Bonds purchased.

Municipal Bond Insurance; Bidder's Option. The District may apply to certain bond insurance companies for a commitment to issue a policy insuring the payment when due of principal of and interest on the Bonds. Information concerning the availability of municipal bond insurance may be also obtained by contacting the Municipal Advisor as described above. In the event the District obtains a commitment for municipal bond insurance, each bidder has the option to elect whether such insurance will be issued. If the winning bidder elects to obtain any policy of municipal bond insurance, the premium for such insurance and the costs of any related ratings will be paid by the winning bidder, and the District will have no responsibility for payment of such premium and costs.

Certificate Regarding Municipal Bond Insurance. If the winning bidder elects to obtain a policy of municipal bond insurance for the Bonds, the bidder will be required to execute and deliver to the District a certificate, in form and substance acceptable to Bond Counsel, stating that (a) the present value of the fees for the municipal bond insurance policy is less than the present value of expected interest savings as a result of the insurance, determined by using the yield of the Bonds as the discount rate in computing present value; and (b) based on the experience of the purchaser in assisting issuers to obtain municipal bond insurance, the fees for the bond insurance policy do not exceed a reasonable arm's length charge for transfer of the credit risk represented by the insurance and do not include any payment for any direct or indirect services other than the transfer of credit risk.

Official Statement. Copies of the Preliminary Official Statement with respect to the Bonds will be furnished or electronically transmitted to any potential bidder upon written request to the Municipal Advisor. (The contact information for the Municipal Advisor is set forth above in this Official Notice of Sale.) In accordance with Rule 15c2-12 of the Securities and Exchange Commission ("**Rule 15c2-12**"), the District deems the Preliminary Official Statement final as of its date, except for the omission of certain information permitted by Rule 15c2-12. Within seven business days after the date of award of the Bonds, the Purchaser of the Bonds will be furnished with a reasonable number of copies (not to exceed 10) of the final Official Statement, without charge, for distribution in connection with the resale of the Bonds.

By submitting a bid for the Bonds, the Purchaser of the Bonds agrees: (1) to disseminate to all members of the underwriting syndicate, if any, copies of the final Official Statement, including any supplements, (2) to promptly file a copy of the final Official Statement, including any supplements, with the Municipal Securities Rulemaking Board, and (3) to take any and all other actions necessary to comply with applicable Securities and Exchange Commission and Municipal Securities Rulemaking Board rules governing the sale and delivery of the Bonds by the Purchaser, including, without limitation, the delivery of a final Official Statement, including any supplements, to each investor who purchases Bonds.

The form and content of the final Official Statement is within the sole discretion of the District. The name of a Purchaser of the Bonds will not appear on the cover of the final Official Statement.

Certificate Regarding Official Statement. At the time of delivery of the Bonds, the Purchaser will receive a certificate, signed by an authorized representative of the District, confirming to the Purchaser that (i) such authorized representative has determined that, to the best of such authorized

representative's knowledge and belief, the final Official Statement (excluding reoffering information, information relating to The Depository Trust Company and its book-entry system, as to which no view will be expressed) did not as of its date, and does not as of the date of closing, contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements made therein, in the light of the circumstances under which they were made, not misleading, (ii) such authorized representative knows of no material adverse change in the condition or affairs of the District that would make it unreasonable for such Purchaser of the Bonds to rely upon the final Official Statement in connection with the resale of the Bonds, and (iii) the District authorizes the Purchaser of the Bonds to distribute copies of the final Official Statement in connection with the resale of the Bonds.

Purchaser Certificate Concerning Official Statement. As a condition of delivery of the Bonds, the Purchaser of the Bonds will be required to execute and deliver to the District, prior to the date of closing, a certificate to the following effect:

- (i) The Purchaser has provided to the District the initial reoffering prices or yields on the Bonds as printed in the final Official Statement, and the Purchaser has made a bona fide offering of the Bonds to the public at the prices and yields so shown.
- (ii) The Purchaser has not undertaken any responsibility for the contents of the final Official Statement. The Purchaser, in accordance with and as part of its responsibilities under the federal securities laws, has reviewed the information in the final Official Statement and has not notified the District of the need to modify or supplement the final Official Statement.
- (iii) The foregoing statements will be true and correct as of the date of closing.

Continuing Disclosure. In order to assist bidders in complying with Rule 15c2-12, the District will undertake, pursuant to a Continuing Disclosure Certificate, to provide certain annual financial information, operating data and notices of the occurrence of certain events. A description of this undertaking is set forth in the Preliminary Official Statement and will also be set forth in the final Official Statement.

The District believes it is in compliance in all material respects with its prior continuing disclosure undertaking. See the Preliminary Official Statement – “CONTINUING DISCLOSURE.”

Additional Information. Prospective bidders should read the entire Preliminary Official Statement, copies of which may be obtained in electronic form from the Municipal Advisor.

Sales Outside of the United States. The Purchaser must undertake responsibility for compliance with any laws or regulations of any foreign jurisdiction in connection with any resale of the Bonds to persons outside the United States.

\$ _____
LOS ANGELES UNIFIED SCHOOL DISTRICT
(County of Los Angeles, California)
2026 GENERAL OBLIGATION REFUNDING BONDS
(Dedicated Unlimited *Ad Valorem* Property Tax Bonds)

ISSUE PRICE CERTIFICATE

[REPRESENTATIVES] have acted as the representative of the Underwriters listed in the Bond Purchase Agreement (collectively, the “Representative”) entered into in connection with the sale and issuance by the Los Angeles Unified School District (the “District”) of the Los Angeles Unified School District (County of Los Angeles, California) 2026 General Obligation Refunding Bonds (Dedicated Unlimited *Ad Valorem* Property Tax Bonds) maturing on the dates set forth on Schedule 1 hereto in the principal amount of \$[_____] (the “Bonds”) being issued on the date hereof, and the Representatives hereby certify and represent on behalf of itself and such other Underwriters the following:

1. As of [Sale Date] (the “Sale Date”), all of the Bonds were the subject of a bona fide offering to the Public at the respective prices or yields set forth on the inside cover page of the District’s Official Statement in respect of the Bonds dated [Sale Date] (each, an “Initial Offering Price”), which are the same prices or yields shown on the final pricing wire for the offering of the Bonds attached hereto as Schedule 1.

2. As of the Sale Date, [except for the Maturities [IDENTIFY UN/UNDERSOLD MATURITIES] (the “Unsold Maturities”), shown on Schedule 2 attached hereto,] the first price at which 10% of each Maturity of the Bonds was sold by the Underwriters to the Public is set forth on Schedule 1.

3. [HOLD THE PRICE - REPRESENTATIVES ALLOTTED UNSOLD MATURITIES] On and following the Sale Date, with respect to the initial sales of the Unsold Maturities, the Representatives: (i) have retained the unsold principal amounts of the bonds of the Unsold Maturities as shown in Schedule 2 attached hereto and not allocated any such Unsold Maturities to any other Underwriter, and (ii) has neither offered nor sold any such Unsold Maturities to any person at a price that is higher or yield lower than the Initial Offering Price during the period starting on the Sale Date and ending on the earlier of the following: (a) the close of the fifth business day after the Sale Date, or (b) the date on which at least 10% of the bonds of the Unsold Maturity has been sold to the Public at a price that is at or below the Initial Offering Price. OR:

4. [HOLD THE PRICE - SYNDICATE RETAINS BONDS] On and following the Sale Date, with respect to the initial sales of the Unsold Maturities, the Underwriters have neither

offered nor sold any Unsold Maturities to any person at a price higher than or a yield lower than the respective Initial Offering Price for a period of time starting on the Sale Date and ending on the earlier of the following: (a) the close of the fifth business day after the Sale Date, or (b) the date on which at least 10% of the bonds of the Unsold Maturity has been sold to the Public at a price that is at or below the Initial Offering Price.

5. The agreement among Underwriters, each selling group agreement and each retail distribution agreement (to which the Representatives are parties) relating to the initial sale of the Bonds to the Public, together with the related pricing wires, contains language obligating each Underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such retail distribution agreement, as applicable, to (A) report the prices at which it sells to the Public the unsold Bonds of each Maturity allotted to it until it is notified by the Representative that at least 10% of such Maturity of the Bonds was sold by the Underwriters to the Public at a single price, and (B) with respect to the Unsold Maturities, if any, comply with the hold-the-offering-price rule, as described above, if and for so long as directed by the Representatives and as set forth in the related pricing wires.

6. The agreement among Underwriters relating to the initial sale of the Bonds to the Public, together with the related pricing wires, contains language obligating each Underwriter that is a party to a retail distribution agreement to be employed in connection with the initial sale of the Bonds to the Public to require each broker-dealer that is a party to such retail distribution agreement to (A) report the prices at which it sells to the Public the unsold Bonds of each Maturity allotted to it until it is notified by the Underwriter that at least 10% of such Maturity of the Bonds was sold by the Underwriters to the Public at a single price, and (B) with respect to the Unsold Maturities, if any, comply with the hold-the-offering-price rule, as described above, if and for so long as directed by the Representative and as set forth in the related pricing wires.

For purposes of this Certificate, the following definitions apply:

(a) Maturity means Bonds with the same credit and payment terms. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate Maturities.

(b) Public means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a Related Party to an Underwriter.

(c) Related Party means any entity if an Underwriter and such entity are subject, directly or indirectly, to (i) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profit interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other).

(d) Underwriter means (i) any person that agrees pursuant to a written contract with the District (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

The Representatives understand that the foregoing information will be relied upon by the District with respect to certain of the representations set forth in the District's Tax Certificate and Agreement to which this certificate is included as an exhibit and with respect to compliance with the federal income tax rules affecting the Bonds, and by Best Best & Krieger LLP, as bond counsel to the District, in connection with providing an opinion as to the exclusion from gross income of interest on the Bonds pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the District from time to time relating to the Bonds. The Representatives are certifying only as to facts in existence on the date hereof. Nothing herein represents the Representatives' interpretation of any laws; in particular the Treasury Regulations under the Code, or the application of any laws to these facts. The certifications contained herein are not necessarily based on personal knowledge, but may instead be based on either inquiry deemed adequate by the undersigned or institutional knowledge (or both) regarding the matters set forth herein. Although certain information furnished in this Certificate has been derived from other Underwriters and cannot be independently verified by us, we have no reason to believe it to be untrue in any material respect. Except as expressly set forth above, the certifications set forth herein may not be relied upon or used by any third party or for any other purpose.

* Preliminary amount to be as set forth in the Official Notice of Sale, subject to adjustment as provided therein.

CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (the “Disclosure Certificate”), dated [DATE], is executed and delivered by the Los Angeles Unified School District (the “District”) in connection with the issuance of its Refunding Bonds (defined herein), which are being issued pursuant to the laws of the State of California and the Refunding Resolution (defined herein). The District covenants and agrees as follows:

Section 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the District and the Dissemination Agent for the benefit of the Holders and Beneficial Owners of the Refunding Bonds and in order to assist the Participating Underwriters in complying with Securities and Exchange Commission Rule 15c2-12(b)(5).

Section 2. Definitions. In addition to the definitions set forth in the Refunding Resolution, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“Annual Report” shall mean any Annual Report provided by the District pursuant to, and as described in, Sections 4 and 5 of this Disclosure Certificate.

“Beneficial Owner” shall mean any person who (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries), or (b) is treated as the owner of any Bonds for federal income tax purposes.

“County” shall mean the County of Los Angeles, California.

“CUSIP Numbers” shall mean the Committee on Uniform Security Identification Procedure’s unique identification number for each public issue of a security.

“Dissemination Agent” shall mean Digital Assurance Certification, L.L.C., or any successor Dissemination Agent designated in writing by the District and which has filed with the District a written acceptance of such designation.

“Disclosure Counsel” shall mean an attorney-at-law, or a firm of such attorneys, of nationally recognized standing in matters pertaining to the disclosure obligations under the Rule, duly admitted to the practice of law before the highest court of any state of the United States of America.

“EMMA System” shall mean the MSRB’s Electronic Municipal Market Access system, the current internet address of which is <http://emma.msrb.org>.

“Financial Obligation” shall mean, for purposes of the Listed Events set out in Section 6(b)(xv) and Section 6(b)(xvi), a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term “Financial Obligation” shall not include municipal securities (as defined in the Securities Exchange Act of 1934, as amended) as to which

a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule.

“Holder” shall mean either the registered owners of the Refunding Bonds, or if the Refunding Bonds are registered in the name of The Depository Trust Company or another recognized depository, any applicable participant in such depository system.

“Listed Events” shall mean any of the events listed in Section 6(b) of this Disclosure Certificate.

“MSRB” shall mean the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934, or any successor thereto or to the functions of the MSRB contemplated by this Disclosure Certificate.

“Official Statement” shall mean the Official Statement dated [____], 20__, with respect to the Refunding Bonds.

“Participating Underwriters” shall mean the original underwriters of the Refunding Bonds required to comply with the Rule in connection with offering of the Refunding Bonds.

“Refunding Bonds” shall mean the 20__ General Obligation Refunding Bonds, Series __ (Dedicated Unlimited *Ad Valorem* Property Tax Bonds).

“Refunding Resolution” shall mean the resolution adopted by the Board of Education of the District on _____, 20__.

“Rule” shall mean Rule 15c2-12(b)(5) adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

Section 3. Transmission of Notices, Documents and Information.

(a) Unless otherwise required by the MSRB, all notices, documents and information provided to the MSRB shall be provided to the EMMA System.

(b) All notices, documents and information provided to the MSRB shall be provided in an electronic format as prescribed by the MSRB.

Section 4. Provision of Annual Reports.

(a) The District shall, or shall cause the Dissemination Agent to, not later than 240 days following the end of the District’s fiscal year (currently ending June 30), commencing with the report for the 20__ - __ fiscal year (which is due not later than February 25, 20__), provide to the MSRB through its EMMA System an Annual Report which is consistent with the requirements of Section 5 of this Disclosure Certificate. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 5 of this Disclosure Certificate. If the District’s fiscal year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 6(c).

(b) Not later than thirty (30) days (not more than sixty (60) days) prior to the date on which the Annual Report is to be provided pursuant to subsection (a), the Dissemination Agent shall give notice to the District that the Annual Report is so required to be filed in accordance with the terms of this Disclosure Certificate. Not later than fifteen (15) days prior to said date, the District shall provide the Annual Report to the Dissemination Agent (if other than the District). If the District is unable to provide to the MSRB through its EMMA System an Annual Report by the date required in subsection (a), the Dissemination Agent shall send a timely notice of such fact to the MSRB through its EMMA System.

(c) The Dissemination Agent shall: (i) determine each year prior to the date for providing the Annual Report to the EMMA System the date on which such Annual Report shall be due and notify the District of such date; and (ii) (if the Dissemination Agent is other than the District) file a report with the District certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, stating the date it was provided and that it was provided to the MSRB through the EMMA System.

Section 5. Content of Annual Reports. The District's Annual Report shall contain or include by reference the following:

(a) Audited financial statements of the District for the preceding fiscal year, prepared in accordance with the laws of the State of California and including all statements and information prescribed for inclusion therein by the Controller of the State of California. If the District's audited financial statements are not available by the time the Annual Report is required to be filed pursuant to Section 4 hereof, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the final Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available.

(b) To the extent not included in the audited financial statements of the District, the Annual Report shall also include the following:

(i) Table [3] – “Historical Gross Assessed Valuation of Taxable Property” if and to the extent provided to the District by the County;

(ii) Table [5] – “Assessed Valuation and Parcels by Land Use;”

(iii) Table [6] – “Assessed Valuations of Single Family Homes per Parcel;”

(iv) Table [7] – “Largest Local Secured Taxpayers;”

(v) Table [9A] – “Secured Tax Charges and Delinquencies,” if and to the extent provided to the District by the County;

(vi) Table [A-1] – “Average Daily Attendance;”

(vii) Table [A-4] – “District General Fund Budget” for the current fiscal year;

(viii) Table [A-18] – “Proposition BB (Election of 1997) Bonds,” if and only to the extent that bonds issued pursuant to Proposition BB or bonds that have refunded such bonds are outstanding;

(ix) Table [A-19] – “Measure K (Election of 2002) Bonds,” if and only to the extent that bonds issued pursuant to Measure K or bonds that have refunded such bonds are outstanding;

(x) Table [A-20] – “Measure R (Election of 2004) Bonds,” if and only to the extent that bonds issued pursuant to Measure R or bonds that have refunded such bonds are outstanding;

(xi) Table [A-21] – “Measure Y (Election of 2005) Bonds,” if and only to the extent that bonds issued pursuant to Measure Y or bonds that have refunded such bonds are outstanding;

(xii) Table [A-22] – “Measure Q (Election of 2008) Bonds,” if and only to the extent that bonds issued pursuant to Measure Q or bonds that have refunded such bonds are outstanding; and

(xiii) Table [A-23] – “Measure RR (Election of 2020) Bonds,” if and only to the extent that bonds issued pursuant to Measure RR or bonds that have refunded such bonds are outstanding.

(c) It shall be sufficient for purposes of Section 4 hereof if the District provides annual financial information by specific reference to documents (i) available to the public on the MSRB Internet Web site (currently, www.emma.msrb.org) or (ii) filed with the Securities and Exchange Commission. The District shall clearly identify each such other document so included by reference. The provisions of this Section 5(c) shall not apply to notices of Listed Events pursuant to Section 6 hereof.

(d) The descriptions contained in clause (b) above of financial information and operating data constituting to be included in the Annual Report are of general categories or types of financial information and operating data. When such descriptions include information that no longer can be generated because the operations to which it related have been materially changed or discontinued, or due to changes in accounting practices, legislative or organizational changes, a statement to that effect shall be provided in lieu of such information. Comparable information shall be provided if available.

Section 6. Reporting of Listed Events.

(a) If a Listed Event occurs, the District shall provide or cause to be provided, in a timely manner not in excess of ten (10) Business Days of the District having notice of such Listed Event, notice of such Listed Event to (i) the EMMA System of the MSRB and (ii) the Dissemination Agent.

(b) Pursuant to the provisions of this Section 6, the District shall give, or cause to be given, notice of the occurrence of any of the following events (each, a “Listed Event”) with respect to the Refunding Bonds;

- (i) principal and interest payment delinquencies;
- (ii) non-payment related defaults, if material;
- (iii) modifications to rights of Holders, if material;
- (iv) bond calls, if material and tender offers;
- (v) defeasances;
- (vi) rating changes;
- (vii) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (Internal Revenue Service Form 5701-TEB) or other material notices of determinations with respect to the tax status of the Refunding Bonds, or other material events affecting the tax status of the Refunding Bonds;
- (viii) unscheduled draws on the debt service reserves reflecting financial difficulties;
- (ix) unscheduled draws on the credit enhancements reflecting financial difficulties;
- (x) release, substitution or sale of property securing repayment of the Refunding Bonds, if material;
- (xi) bankruptcy, insolvency, receivership or similar event of the District (such event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the District in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under State or federal law in which a court or government authority has assumed jurisdiction over substantially all of the assets or business of the District, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the District);
- (xii) substitution of credit or liquidity providers, or their failure to perform;
- (xiii) the consummation of a merger, consolidation, or acquisition involving the District or the sale of all or substantially all of the assets of the District, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;

(xiv) appointment of a successor or additional Paying Agent or the change of name of a Paying Agent, if material;

(xv) incurrence of a Financial Obligation of the District, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the District, any of which affect security holders, if material;

(xvi) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the District, any of which reflect financial difficulties; and

(xvii) any amendment or waiver of a provision of this Disclosure Certificate.

The District intends to comply with the Listed Events described in Section 6(b)(xv) and Section 6(b)(xvi), and the definition of “Financial Obligation” in Section 1, with reference to the Rule, any other applicable federal securities laws and the guidance provided by the Securities and Exchange Commission in Release No. 34-83885, dated August 20, 2018 (the “2018 Release”), and any further amendments or written guidance provided by the Securities and Exchange Commission or its staff with respect to the amendments to the Rule effected by the 2018 Release. The District notes that items (viii), (ix), (x) and (xii) are not applicable to the Refunding Bonds.

(c) If the District determines that a Listed Event has occurred, the District shall promptly notify the Dissemination Agent in writing. Such notice shall instruct the Dissemination Agent to report the occurrence pursuant to Section 3 hereof.

(d) If the Dissemination Agent has been instructed by the District to report the occurrence of a Listed Event, the Dissemination Agent shall file a notice of such occurrence with the MSRB through its EMMA System.

(e) Notwithstanding the foregoing, notice of Listed Events described in subsections (b)(iv) need not be given under this subsection any earlier than the notice (if any) of the underlying event is given to Holders of affected Bonds pursuant to the Resolution.

Section 7. CUSIP Numbers. Whenever providing information to the Dissemination Agent, including but not limited to Annual Reports, documents incorporated by reference to the Annual Reports, Audited Financial Statements and notices of Listed Events, the District shall indicate the full name of the Refunding Bonds and the 9-digit CUSIP numbers for the Refunding Bonds as to which the provided information relates.

Section 8. Termination of Reporting Obligation.

(a) The District’s obligations under this Disclosure Certificate shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Refunding Bonds. If such termination occurs prior to the final maturity of the Refunding Bonds, the District shall give notice of such termination in the same manner as for a Listed Event under Section 6(c).

(b) This Disclosure Certificate, or any provision hereof, shall cease to be effective in the event that the District (1) delivers to the Dissemination Agent an opinion of Disclosure Counsel,

addressed to the District and the Dissemination Agent, to the effect that those portions of the Rule which require this Disclosure Certificate, or such provision, as the case may be, do not or no longer apply to the Refunding Bonds, whether because such portions of the Rule are invalid, have been repealed, or otherwise, as shall be specified in such opinion, and (2) delivers copies of such opinion to the MSRB.

Section 9. Dissemination Agent. The District may, from time to time, appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Certificate, and may discharge any such Agent, with or without appointing a successor Dissemination Agent. The Dissemination Agent shall be Digital Assurance Certification, L.L.C. If at any time there is no designated Dissemination Agent appointed by the District, or if the Dissemination Agent so appointed is unwilling or unable to perform the duties of the Dissemination Agent hereunder, the District shall be the Dissemination Agent and undertake or assume its obligations hereunder. The Dissemination Agent (other than the District) shall not be responsible in any manner for the content of any notice or report required to be delivered by the District pursuant to this Disclosure Certificate.

Section 10. Amendment; Waiver.

(a) This Disclosure Certificate may be amended by the District without the consent of the holders of the Refunding Bonds (except to the extent required under clause (a)(iv)(2) below), if all of the following conditions are satisfied:

(i) such amendment is made in connection with a change in circumstances that arises from a change in legal (including regulatory) requirements, a change in law (including rules or regulations) or in interpretations thereof, or a change in the identity, nature or status of the District or the type of business conducted thereby;

(ii) this Disclosure Certificate as so amended would have complied with the requirements of the Rule as of the date of this Disclosure Certificate, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances;

(iii) the District shall have received an opinion of a nationally recognized bond counsel or counsel expert in federal securities laws, addressed to the District, to the same effect as set forth in (a)(ii) above;

(iv) either (1) the District shall have received an opinion of a nationally recognized bond counsel or counsel expert in federal securities laws, addressed to the District, to the effect that the amendment does not materially impair the interests of the holders of the Refunding Bonds or (2) is approved by the Holders of the Refunding Bonds in the same manner as provided in the Resolution for amendments to the Resolution with the consent of Holders; and

(v) the District shall have delivered copies of such opinion and amendment to the MSRB through its EMMA system within ten (10) Business Days from the execution thereof.

(b) In addition to subsection 10(a) above, this Disclosure Certificate may be amended and any provision of this Disclosure Certificate may be waived, by written certificate of the District, without the consent of the holders of the Refunding Bonds, if all of the following conditions are satisfied:

(i) an amendment to the Rule is adopted, or a new or modified official interpretation of the Rule is issued, after the effective date of this Disclosure Certificate which is applicable to this Disclosure Certificate;

(ii) the District shall have received an opinion of a nationally recognized bond counsel or counsel expert in federal securities laws, addressed to the District, to the effect that performance by the District under this Disclosure Certificate as so amended or giving effect to such waiver, as the case may be, will not result in a violation of the Rule; and

(iii) the District shall have delivered copies of such opinion and amendment to the MSRB through its EMMA system.

(c) In the event of any amendment or waiver of a provision of this Disclosure Certificate, the District shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the District. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 6 hereof, and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

Section 11. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the District chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the District shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

Section 12. Default. In the event of a failure of the District to comply with any provision of this Disclosure Certificate, the Dissemination Agent may (and, at the request of any Participating Underwriters or the Holders or Beneficial Owners of at least 25% of aggregate principal amount of the Refunding Bonds then outstanding, shall) or any Holders or Beneficial Owners of the Refunding Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the District to comply with its obligations under this Disclosure Certificate; provided that any such action may be instituted only in the Superior Court of the State of California in and for the County of Los Angeles

or in the U.S. District Court in the County of Los Angeles. A default under this Disclosure Certificate shall not be deemed an Event of Default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the District to comply with this Disclosure Certificate shall be an action to compel performance.

Section 13. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Certificate, and the District agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys' fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's gross negligence or willful misconduct. The obligations of the District under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Refunding Bonds.

Section 14. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the District, the Dissemination Agent, the Participating Underwriters and Holders and Beneficial Owners from time to time of the Refunding Bonds, and shall create no rights in any other person or entity.

Section 15. Execution in Counterparts. This Disclosure Certificate may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same certificate.

LOS ANGELES UNIFIED SCHOOL DISTRICT
(County of Los Angeles, California)
[Issue Name]

ESCROW AGREEMENT

THIS ESCROW AGREEMENT, dated as of _____, 20__ (this “Escrow Agreement”), is executed by and between the Los Angeles Unified School District (the “District”), a public school district organized and existing under the laws of the State of California, and [U.S. Bank Trust Company, National Association (the “Escrow Bank”), a national banking association duly organized and existing under and by virtue of the laws of the United States of America, and as agent of the Paying Agent for the Bonds (the “Paying Agent”) (as defined herein).

WITNESSETH:

WHEREAS, the Board has determined that it is in the best interests of the District to refund and to provide for the defeasance of, and that debt service savings can be achieved by refunding, all outstanding Prior Bonds described in Exhibit A hereto (the “Refunded Bonds”); and

WHEREAS, in order to provide the funds necessary to implement the foregoing, the District has issued its \$[PAR AMOUNT] 20__ General Obligation Refunding Bonds, Series __ (the “Refunding Bonds”) under and pursuant to a resolution adopted by the Board of Education of the District on _____, 20__ (the “Refunding Resolution”); and

WHEREAS, the District has determined to irrevocably set aside in escrow a portion of the proceeds of the Refunding Bonds for the purpose of providing the funds necessary for the payment of principal of and interest on the Refunded Bonds as the same becomes due prior to and on _____, 20__ (the “Redemption Date”), and to redeem the Refunded Bonds on the Redemption Date at the redemption price listed in Exhibit B; and

WHEREAS, in order to further implement the foregoing, the District has taken action to cause to be delivered to the Escrow Bank hereunder for deposit in the Escrow Fund, as defined below, from the proceeds of the Refunding Bonds the sum of \$[AMOUNT] to be used by the Escrow Bank as described below.

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein, the District and the Escrow Bank hereby agree as follows:

Section 1. Establishment and Maintenance of Escrow Funds. There is hereby established with the Escrow Bank a fund (the “Escrow Fund”) to be held as an irrevocably pledged escrow by the Escrow Bank, which shall be applied solely as provided for in this Escrow Agreement, and shall be held at all times as separate and apart from all other funds of the District and the Escrow Bank. For the purpose of Section 53555 of the Government Code of the State of California, the Escrow Funds shall be deemed to be funds in the treasury of the District.

Escrow Agreement

Pending application as provided in this Escrow Agreement, amounts on deposit in the Escrow Fund are hereby irrevocably pledged to secure the payment of the principal of and interest on the Refunded Bonds, and principal of and interest on the Refunding Bonds pursuant to Government Code Section 53558(b), which amounts shall be held in trust by the Escrow Bank for the benefit of the registered owners of the Refunded Bonds.

The District acknowledges that to the extent regulations of the Comptroller of the Currency or other applicable regulatory entity grant the District the right to receive brokerage confirmations of security transactions effected by the Escrow Bank as they occur, the District specifically waives receipt of such confirmations to the extent permitted by law. The Escrow Bank shall furnish the District periodic cash transaction statements which include detail for all investment transactions effected by the Escrow Bank hereunder.

Section 2. Use and Investment. Upon the issuance of the Refunding Bonds, there shall be deposited in the Escrow Fund \$[] received from the proceeds of the sale of the Refunding Bonds, which will be (i) used to purchase certain permitted securities set forth in Exhibit A hereto and incorporated by this reference, in the amount of \$[], and (ii) held in the amount of \$[] as cash uninvested. The District has determined that moneys on deposit in the Escrow Fund will be at least equal to an amount sufficient to make the payments required herein. The Escrow Bank may conclusively rely upon the verification report by the Verification Agent provided in connection with the issuance of the Refunding Bonds.

(b) Upon the written request of the District, but subject to the conditions and limitations herein set forth, the Escrow Bank shall purchase substitute defeasance securities for the Defeasance Securities then held in the Escrow Fund with the proceeds derived from the sale, transfer, redemption, or other disposition of Defeasance Securities then on deposit in the Escrow Funds and any uninvested money then held by the Escrow Bank hereunder in accordance with the provisions of this Section. Such sale, transfer, redemption, or other disposition of Defeasance Securities then on deposit in the Escrow Fund and substitution of other defeasance securities shall be effected by the Escrow Bank upon the written request of the District but only by a simultaneous transaction and only upon receipt of (i) certification by a nationally recognized firm of independent certified public accountants that the defeasance securities to be substituted, together with the Defeasance Securities which will continue to be held in the Escrow Fund, will mature in such principal amounts and earn interest in such amounts and, in each case, at such times so that sufficient moneys will be available from maturing principal and interest on such Defeasance Securities held in the Escrow Fund, together with any uninvested moneys, to make all payments required by Section 3 hereof, which have not previously been made, and (ii) receipt by the Escrow Bank of an opinion of counsel of recognized standing in the field of law relating to municipal bonds to the effect that the sale, transfer, redemption, or other disposition and substitution of Defeasance Securities will not adversely affect the exclusion of interest evidenced by any Refunded Bonds from gross income for purposes of federal income taxation.

(c) Upon the written request of the District, but subject to the conditions and limitations herein set forth, the Escrow Bank shall apply any moneys received from the maturing principal of or interest or other investment income on any Defeasance Securities held in the Escrow Fund, or the proceeds from any sale, transfer, redemption, or other disposition of Defeasance Securities

pursuant to Section 2(b) not required for the purposes of said Section: (i) to the extent such moneys will not be required at any time for the purpose of making a payment required by Section 3 hereof, as certified by a nationally recognized firm of independent certified public accountants delivered to the Escrow Bank, such moneys shall be transferred to the Treasurer and Tax Collector of the County of Los Angeles for deposit in the Debt Service Fund established under the Refunding Resolution upon the written request of the District as received by the Escrow Bank, free and clear of any trust, lien, pledge, or assignment securing the Refunded Bonds or otherwise existing hereunder, and (ii) to the extent such moneys will be required for such purpose at a later date, shall, to the extent practicable, be invested or reinvested in Defeasance Securities maturing at times and in amounts sufficient, as certified by a nationally recognized firm of independent certified public accountants delivered to the Escrow Bank, to make such payment required by Section 3 hereof.

(d) All Defeasance Securities purchased pursuant to this Escrow Agreement shall be deposited in and held for the credit of the respective Escrow Fund. Except as provided in this Section 2, no moneys or Defeasance Securities deposited with the Escrow Bank pursuant to this Escrow Agreement nor principal of, or interest payments or other investment income on, any such Defeasance Securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, as provided by Section 3 hereof.

(e) The Escrow Bank shall not be held liable for investment losses resulting from compliance with the provisions of this Escrow Agreement.

Section 3. Payment of Refunded Bonds. The District hereby directs, and the Escrow Bank agrees to apply the amounts on deposit in the Escrow Fund to pay principal and interest due on the Refunded Bonds through and on _____, 20__ and to redeem the Refunded Bonds on the Redemption Date at the Redemption Price.

Such transfers shall constitute the respective payments of the redemption prices, if any, on the Refunded Bonds, due from the District.

Section 4. Deficiencies in the Escrow Fund. If at any time it shall appear to the Escrow Bank that the money in the Escrow Fund will not be sufficient to make all applicable payments required by Section 3 hereof, then the Escrow Bank shall notify the District in writing as soon as reasonably practicable of such fact, stating the amount of such deficiency. The Escrow Bank shall have no obligation to make any payment or disbursement of any type or incur any financial liability in the performance of its duties under this Escrow Agreement unless the District shall have deposited sufficient funds with the Escrow Bank. The Escrow Bank may rely and shall be protected in acting upon the written instructions of the District or its agents relating to any matter or action as Escrow Bank under this Escrow Agreement.

Section 5. Notice of Redemption and Defeasance. The District hereby irrevocably designates the Refunded Bonds for redemption and irrevocably instructs the Escrow Bank, as the Paying Agent for the Prior Bonds, to deliver notice of redemption in accordance the terms of the Refunded Bonds, in substantially the form set forth in Exhibit B hereto. The Escrow Bank is

hereby further instructed to post such notice of redemption on the MSRB's EMMA system as soon as possible after delivery of the notice of redemption.

The District hereby irrevocably instructs the Escrow Bank to deliver notice of defeasance in accordance the terms of the Refunded Bonds, in substantially the form set forth in Exhibit C hereto to the owners of the Refunded Bonds, stating that an irrevocable deposit has been made with the Escrow Bank and that such Refunded Bonds have been deemed to be paid and to post such notice on the MSRB's EMMA system as soon as possible after delivery of the notice of redemption.

Section 6. Compensation and Indemnification of the Escrow Bank.

(a) The District shall from time to time pay or cause to be paid to the Escrow Bank the agreed upon full compensation for its services to be rendered hereunder, and shall reimburse the Escrow Bank for its reasonable out-of-pocket expenses hereunder (including but not limited to the reasonable fees and expenses, if any, of its counsel or accountants) incurred by the Escrow Bank in connection with these services, all as more particularly agreed upon by the District and the Escrow Bank; provided, that such fees and expenses shall in no event be deducted from the Escrow Funds and under no circumstances shall the Escrow Bank be entitled to any lien whatsoever on any moneys or obligations in the Escrow Fund for the payment of fees and expenses for services rendered or expenses incurred by the Escrow Bank under this Escrow Agreement or otherwise.

(b) To the extent permitted by law, the District agrees to indemnify and save the Escrow Bank, its officers, directors, agents and employees, harmless against any liabilities, losses, costs, claims, suits, judgments, expenses (including legal fees and expenses), and damages which it may incur in the exercise and performance of its powers and duties hereunder, and which are not due to its negligence or its willful misconduct. The indemnity contained in this Section shall survive the termination of this Escrow Agreement and the earlier removal or resignation of the Escrow Bank.

(c) The Escrow Bank and its respective successors, assigns, agents and servants shall not be held to any personal liability whatsoever, in tort, contract, or otherwise, in connection with the execution and delivery of this Escrow Agreement, the establishment of the Escrow Fund, the acceptance of the monies or any securities deposited therein, the purchase of the securities to be purchased pursuant hereto, the retention of such securities or the proceeds thereof, the sufficiency of the securities or any uninvested monies held hereunder to accomplish the redemption of the Refunded Bonds, or any payment, transfer or other application of monies or securities by the Escrow Bank in accordance with the provisions of this Escrow Agreement or by reason of any non-negligent act, non-negligent omissions or non-negligent error of the Escrow Bank made in good faith in the conduct of its duties.

Section 7. Functions of the Escrow Bank.

(a) The Escrow Bank enters into this Escrow Agreement in its capacity and undertakes to perform only such additional duties as are expressly and specifically set forth herein and no implied duties or obligations shall be read herein against the Escrow Bank.

(b) The Escrow Bank may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, and shall be protected and indemnified as stated herein, in acting, or refraining from acting, upon any written notice, instruction, request, certificate, document, report or opinion furnished to the Escrow Bank and believed by the Escrow Bank to have been signed or presented by the proper party, and it need not investigate any fact or matter stated in such notice, instruction, request, certificate, document, report, or opinion.

(c) The Escrow Bank shall not have any liability hereunder except to the extent of its own negligence or willful misconduct, and in no event shall the Escrow Bank be liable for any special, indirect or consequential damages, even if parties know of the possibility of such damages. The Escrow Bank is not required to resolve conflicting demands to money or property in its possession hereunder.

(d) The Escrow Bank may consult with counsel of its own choice (which may be counsel to the District) and the opinion of such counsel shall be full and complete authorization to take or suffer in good faith any action in accordance with such opinion of counsel.

(e) The Escrow Bank shall not be responsible for any of the recitals or representations contained in the Refunding Resolution or in the Refunding Bonds and shall not be liable for any action or omission of the District.

(f) The Escrow Bank may become the owner of, or acquire any interest in, any of the Refunding Bonds with the same rights that it would have it if were not the Escrow Bank, and may engage or be interested in any financial or other transaction with the District.

(g) The Escrow Bank shall not be liable for the accuracy of the calculations as to the sufficiency of the amounts in the Escrow Fund to pay and redeem the Refunded Bonds.

(h) Whenever in the administration of the account hereof the Escrow Bank shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, such matter (unless other evidence in respect thereof be herein specifically prescribed) may in the absence of negligence or willful misconduct on the part of the Escrow Bank, be deemed to be conclusively proved and established by a certificate of the District, and such certificate shall, in the absence of negligence or willful misconduct on the part of the Escrow Bank, be full warrant to the Escrow Bank for any action taken or suffered by it under the provisions hereof upon the faith thereof.

(i) The Escrow Bank may at any time resign by giving thirty (30) days written notice of resignation to the District. Upon receiving such notice of resignation, the District shall promptly appoint a successor and, upon the acceptance by the successor of such appointment, release the resigning Escrow Bank from its obligations hereunder by written instrument, a copy of which instrument shall be delivered to each of the District, the resigning Escrow Bank and the successor Escrow Bank. If no successor Escrow Bank shall have been so appointed and have accepted appointment within thirty (30) days after the giving of such notice of resignation, the resigning

Escrow Bank may petition any court of competent jurisdiction for the appointment of a successor Escrow Bank.

(j) None of the provisions of this Escrow Agreement shall require the Escrow Bank to expend or risk its own funds or otherwise to incur any liability, financial or otherwise, in the performance of any of its duties hereunder. The Escrow Bank may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents, attorneys, custodians or nominees appointed with due care, and shall not be responsible for any willful misconduct or negligence on the part of any agent, attorney, custodian or nominee so appointed. The Escrow Bank shall not be liable to the parties hereto or deemed in breach or default hereunder if and to the extent its performance hereunder is prevented by reason of force majeure. The term “force majeure” means an occurrence that is beyond the control of the Escrow Bank and could not have been avoided by exercising due care. Force majeure shall include acts of God, terrorism, war, riots, strikes, fire, floods, earthquakes, epidemics, pandemics, quarantine restrictions, acts of civil or military authority or governmental action or other similar occurrences.

(k) The Escrow Bank shall have the right to accept and act upon instructions, including funds transfer instructions (“Instructions”) given pursuant to this Escrow Agreement and delivered using Electronic Means (“Electronic Means”) which shall mean the following communications methods: e-mail, facsimile transmission, secure electronic transmission containing applicable authorization codes, passwords and/or authentication keys issued by the Escrow Bank, or another method or system specified by the Escrow Bank as available for use in connection with its services hereunder); provided, however, that the District shall provide to the Escrow Bank an incumbency certificate listing officers with the authority to provide such Instructions (“Authorized Officers”) and containing specimen signatures of such Authorized Officers, which incumbency certificate shall be amended by the District whenever a person is to be added or deleted from the listing. If the District elects to give instructions to the Escrow Bank using Electronic Means and the Escrow Bank, in its discretion, elects to act upon such Instructions, the Escrow Bank’s understanding of such Instructions shall be deemed controlling. The District understands and agrees that the Escrow Bank cannot determine the identity of the actual sender of such Instructions and that the Escrow Bank shall conclusively presume that directions that purport to have been sent by an Authorized Officer listed on the incumbency certificate provided to the Escrow Bank have been sent by such Authorized Officer. The District shall be responsible for ensuring that only Authorized Officers transmit such Instructions to the Escrow Bank and that the District and all Authorized Officers are solely responsible to safeguard the use and confidentiality of applicable user and authorization codes, passwords and/or authentication keys upon receipt by the District. The Escrow Bank shall not be liable for any losses, costs or expenses arising directly or indirectly from the Escrow Bank’s reliance upon and compliance with such Instructions notwithstanding such directions conflict or are inconsistent with a subsequent written instruction. The District agrees: (i) to assume all risks arising out of the use of Electronic Means to submit Instructions to the Escrow Bank, including without limitation the risk of the Escrow Bank acting on unauthorized Instructions, and the risk of interception and misuse by third parties; (ii) that it is fully informed of the protections and risks associated with the various methods of transmitting Instructions to the Escrow Bank and that there may be more secure methods of transmitting Instructions than the method(s) selected by the District; (iii) that the security procedures (if any) to be followed in connection with its transmission of Instructions provide to it a commercially reasonable degree of protection in light of its particular

needs and circumstances; and (iv) to notify the Escrow Bank immediately upon learning of any compromise or unauthorized use of the security procedures.

Section 8. Merger or Consolidation of the Escrow Bank. Any company into which the Escrow Bank may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Escrow Bank may sell or transfer all or substantially all of its corporate trust business shall be the successor to the Escrow Bank and vested with all of the title to the Escrow Fund and all of the trusts, powers, discretions, immunities, privileges and all other matters as was its predecessor, without the execution or filing of any paper or any further act, anything herein to the contrary notwithstanding.

Section 9. Amendment of the Escrow Agreement; Termination. The Escrow Agreement may not be amended by the parties hereto unless there shall first have been filed with the District and the Escrow Bank (i) an unqualified opinion of a nationally recognized bond counsel to the effect that such amendment, in and of itself, will not adversely affect the exclusion from gross income for federal income tax purposes of interest on the Refunded Bonds, and (ii) unless such amendment is not materially adverse to the interests of the registered owners of the Refunded Bonds, as evidenced by an opinion of nationally recognized bond counsel delivered to the Escrow Bank, and if so, then with the written consent of the registered owners of all the Refunded Bonds. This Escrow Agreement shall automatically terminate on the date upon which the Refunded Bonds have been paid in accordance herewith.

Section 10. Notices. All notices and communications hereunder shall be in writing and shall be deemed to be duly given if received or sent by first class mail, as follows:

Attention: []

Section 11. Severability. If any section, paragraph, sentence, clause, or provision hereof shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, sentence, clause, or provision shall not affect any of the remaining provisions hereof.

Section 12. Counterparts. The Escrow Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all together shall constitute but one and the same agreement.

Section 13. Governing Law. This Escrow Agreement shall be construed and governed in accordance with the laws of the State of California.

(remainder of page intentionally blank; signature page to follow)

IN WITNESS WHEREOF, the District and the Escrow Bank have caused this Escrow Agreement to be executed each on its behalf as of the day and year first above written.

EXHIBIT B
FORM NOTICE OF CONDITIONAL REDEMPTION

LOS ANGELES UNIFIED SCHOOL DISTRICT
(County of Los Angeles, California)
[Issue Name]

Issue Date	Interest Rate	Maturity Date	Principal Amount	Redemption Price	CUSIP Number*	Redemption Date
-------------------	----------------------	----------------------	-------------------------	-------------------------	----------------------	------------------------

NOTICE IS HEREBY GIVEN that a deposit of [cash and escrow securities] has been irrevocably made under an Escrow Agreement (the “Escrow Agreement”) for the above-described (the “Called Bonds”). The Escrow Bank for the Called Bonds (the “Escrow Bank”) has been irrevocably instructed to transfer an amount under the Escrow Agreement sufficient for the payment of the principal of and interest on the Called Bonds, as the same becomes due through ____, 20__ (the “Redemption Date”), and for the redemption of the Called Bonds on the Redemption Date at a redemption price of 100% of the principal amount thereon (“Redemption Price”), together with interest accrued thereon to the Redemption Date. Redemption of the Called Bonds is conditioned upon the issuance by the District of General Obligation Refunding Bonds, the proceeds of which will be used to pay the Redemption Price. This notice of conditional redemption may be rescinded by subsequent written notice delivered in like manner at any time prior to or on the Redemption Date. If this notice of conditional redemption is rescinded, this notice of conditional redemption shall be of no force and effect and none of the Called Bonds shall be redeemed on the Redemption Date.

Consequently, the Called Bonds are deemed paid within the meaning of the Resolution under which they were issued and final payment will be made to the Owners on the Redemption Date shown above. On the Redemption Date, there shall become due and payable upon the Called Bonds, the Redemption Price, together with interest accrued thereon to the Redemption Date. From and after the Redemption Date, interest with respect to the Called Bonds shall cease to accrue or accrete, as applicable.

Since the Called Bonds are held under the book entry system, payment will be made directly to the registered holder.

The Owners of the Called Bonds are required to present and surrender the Called Bonds at the address of the paying Agent set forth below in order to receive payment of the Redemption Price and Accrued Interest:

If by Hand, Mail or Overnight Mail: U.S. Bank Trust Company, National Association
Global Corporate Trust Services
111 Fillmore Avenue E.
St. Paul, MN 55107 1-800-934-6802

IMPORTANT NOTICE – The Paying Agent may be obligated to withhold a percentage of the redemption price from any Bondowner who fails to furnish the Paying Agent with a valid taxpayer identification number. [ESCROW BANK TO ADD ADDITIONAL WITHHOLDING DISCLOSURES AS NEEDED]

*The Undersigned shall not be held responsible for the selection or use of the CUSIP number, nor is any representation made as to its correctness indicated in the Redemption Notice. It is included solely for the convenience of the bondholders.

This Appendix A provides information concerning the operations and finances of the Los Angeles Unified School District (the “District”) and certain demographic information in the area covered by the District. The Bonds are general obligation bonds of the District, secured and payable from ad valorem property taxes assessed on taxable properties within the District and are not an obligation of the County (defined herein) or of the general fund of the District. See “SECURITY AND SOURCE OF PAYMENT FOR THE BONDS” in the forepart of this Official Statement. See also “GLOSSARY OF CERTAIN TERMS AND ABBREVIATIONS” herein for a description of certain terms and abbreviations used in this Appendix A.

DISTRICT GENERAL INFORMATION

District Boundaries

The District, encompassing approximately 710 square miles, is located in the western section of the County of Los Angeles (the “County”) in the State of California (the “State”). The District’s boundaries include virtually all of the City of Los Angeles (the “City”), all of the Cities of Cudahy, Gardena, Huntington Park, Lomita, Maywood, San Fernando, Vernon and West Hollywood, and portions of the Cities of Bell, Bell Gardens, Beverly Hills, Calabasas, Carson, Commerce, Culver City, Downey, Hawthorne, Inglewood, Long Beach, Lynwood, Montebello, Monterey Park, Rancho Palos Verdes, Rolling Hills Estates, Santa Clarita, Santa Monica, South Gate, and Torrance. In addition, the District provides services to several unincorporated areas of the County, which include residential and industrial areas. The boundaries for the District are approximately 80% coterminous with the City, with the remaining 20% included in the smaller neighboring cities and unincorporated County areas described above. The District was formed in 1854 as the Common Schools for the City and became a unified school district in 1960.

District Governance; Senior Management

District Board. The District is governed by a seven-member Board of Education (the “District Board”), each member of which is a voting member and elected by voters within such member’s designed district. The members of the District Board are elected to four-year terms in alternate slates of three and four, with elections held every two years. In an election year, if a candidate receives a majority of the votes cast for a District Board seat in the primary election, that candidate is elected to the office. In the event no candidate receives a majority of the votes cast for a District Board seat, there is a runoff election at the general election between the two candidates receiving the highest number of votes for the seat in the primary election. The current members of the District Board along with their district and term are set forth below.

District	Member	Term Ending
3	Scott Schmerelson, President	December 10, 2028
2	Dr. Rocio Rivas, Vice President	December 13, 2026
1	Sherlett Hendy Newbill	December 10, 2028
4	Nick Melvoin	December 13, 2026
5	Karla Griego	December 10, 2028
6	Kelly Gonez	December 13, 2026
7	Tanya Ortiz Franklin	December 10, 2028

Superintendent. The chief executive officer of the District, appointed by the District Board to manage the day-to-day operations of the District, is the Superintendent of Schools (the “Superintendent”). The District Board appointed Alberto M. Carvalho to serve as the Superintendent effective February 2022.

Strategic Plan. On June 21, 2022, the District Board unanimously adopted a strategic plan outlining the student outcomes expected by 2026 (the “2022-26 Strategic Plan”) that focuses on the goal of ensuring that all District students graduate “ready for the world” and prepared to thrive in college, career, and life.

The 2022-26 Strategic Plan revolves around four goals, postsecondary preparedness, literacy, numeracy, and social-emotional wellness, and five pillars, each consisting of priorities that represent critical areas the District will focus on: academic excellence; joy and wellness; engagement and collaboration; operational effectiveness; and investing in staff.

Pursuant to the 2022-26 Strategic Plan, the first pillar of “Academic Excellence” prioritizes improving student outcomes through high-quality instruction, delivering enriching experiences to instill lifelong learning, eliminating opportunity gaps, and encouraging multiple paths for college and career readiness. The second pillar of “Joy and Wellness” prioritizes creating welcoming and inclusive learning environments, addressing student well-being through health, nutrition, and wellness services, cultivating strong social-emotional skills, and ensuring outstanding attendance to achieve consistent learning. The third pillar of “Engagement and Collaboration” prioritizes strengthening relationships between students, families, and schools, providing accessible information to the community, leading on local, state, and national levels, and honoring the perspectives of students. The fourth pillar of “Operational Effectiveness” prioritizes developing data-driven decision-making, modernizing facilities and technological infrastructure, sustainably implementing school and District budgets, and making the District a district of choice of families. The fifth pillar of “Investing in Staff” prioritizes recruiting and retaining a diverse workforce, providing rigorous and relevant professional learning, cultivating staff wellness, and maintaining consistent and high performance standards.

The District developed an Implementation Guide for the 2022-26 Strategic Plan with actions and practices for practitioners to implement in schools and classrooms. Pursuant to the 2022-26 Strategic Plan, the District intends to, among other endeavors, ensure processes and systems are in alignment by reviewing budgets, updating reporting structures, offering professional development for school and central office staff, and providing additional support for aligning school-level plans to the 2022-26 Strategic Plan. Furthermore, to ensure the 2022-26 Strategic Plan remains on track, the District is regularly engaging with the community to solicit feedback on its actions and expenditures, and has established districtwide systems to monitor progress of ongoing implementation, as well as progress toward achieving its targets for success – at both the central-office and school-site levels. The District has released a Year One Report (2022-23) and Year Two Report (2023-24) regarding the District’s progress on implementation of the 2022-26 Strategic Plan.

Regions. In addition to the Superintendent of the District, the District organizes its schools into four (formerly six) geographically-based regions (each, a “Region”). Each Region has a separate superintendent to oversee the schools in the related area of the District. The current Region Superintendents are Dr. David Baca (North), Andre Spicer (South), José P. Huerta (East), and Dr. Denise Collier (West).

Biographies. Brief biographical information for Superintendent Alberto M. Carvalho and other senior management of the District is set forth below.

Alberto M. Carvalho, Superintendent. Alberto M. Carvalho has served as Superintendent of the District, the nation’s second-largest school district, since February 2022. He was selected by the District Board in a unanimous vote following a comprehensive community engagement process and a nationwide search.

Since starting at the District, Superintendent Carvalho has led the development and implementation of the District’s unanimously approved 2022-2026 Ready for the World Strategic Plan. Numerous initiatives and ideas have enhanced the plan, including the launch of the STEAM Lab Makerspaces, Education Transformation Office, Cultural Arts Passport, and Family Academy. Through Superintendent Carvalho’s leadership, the District has also established nine new education compacts between the District and local municipalities, made significant progress in greening schools, and secured upgraded credit ratings, generating millions in savings.

During his 14-year tenure as Superintendent of Miami-Dade County Public Schools (“M-DCPS”), Superintendent Carvalho garnered local, state, national and international recognition. His honors include being named Florida’s 2014 Superintendent of the Year; the 2014 National Superintendent of the Year; the 2016 Magnet Schools of America Superintendent of the Year, the 2016 winner of the Harold W. McGraw Prize in Education; the 2018 National Urban Superintendent of the Year; and the 2019 National Association for Bilingual Education (NABE) Superintendent of the Year.

Under his leadership, M-DCPS became one of the nation’s highest-performing urban school systems, receiving systemwide accreditation from AdvancEd in 2014 and 2019. M-DCPS was named as the 2014 College Board Advanced Placement Equity and Excellence District of the Year and the 2012 winner of the Broad Prize for Urban Education. Superintendent Carvalho is now seeking to elevate the District to the premier spot in American urban education.

Superintendent Carvalho was appointed by the U.S. Secretary of Education to serve on the National Assessment Governing Board. He has served as a committee member for the National Academies of Science, Engineering, and Medicine and is currently serving as an Advisory Committee Member to the Harvard Program on Education Policy and Governance. Superintendent Carvalho is also a dedicated member the Homeland Security Academic Partnership Council, the National Board of Directors for Common Threads, the Posse Foundation, the Aspen Institute’s Planet Media Task Force, and Code.org. He is a member of the Leadership Table for the Los Angeles County Executive Committee on Homelessness and serves on the Board of Directors of The Music Center of Los Angeles.

Superintendent Carvalho has been awarded many honorary degrees. He has been honored by the President of Portugal with the “Ordem de Mérito Civil” and by Mexico with the “Ohtli Award.” He was also knighted by King Felipe VI of Spain with the Cross of the Orden de Isabel la Católica.

Jaime G. Torrens, Senior Advisor to the Superintendent. Mr. Torrens, Senior Advisor to the Superintendent of the District, is responsible for assisting and supporting the Superintendent in the overall operation of the District, the largest self-governing public school district in the nation. Mr. Torrens also oversees the district’s eco-sustainability, compliance and audits, and environmental health and safety functions. Mr. Torrens previously served as Deputy Superintendent and Chief of Staff for Miami-Dade County Public Schools (“M-DCPS”) where he oversaw a broad portfolio of functional areas. Among other duties, he led the M-DCPS’ response and recovery related to COVID-19 (as defined herein).

As Chief Facilities Officer for over 12 years, he was responsible for all aspects of facilities planning, construction, maintenance, operations and inspections at the fourth largest school system in the nation. As a member of the Superintendent’s Cabinet, he directed a staff of 1,000 professional and technical personnel responsible for all aspects of 3,100 buildings comprising 45 million square feet on over 400 school campuses and ancillary facilities.

Mr. Torrens also led the implementation of M-DCPS’ \$1.2 billion general obligation bond program approved by voters in 2012 to renovate, construct, and modernize school facilities throughout Miami-Dade County. This extensive capital improvement program included instructional technology upgrades at every school to provide equity throughout all campuses. Concurrently, he helped launch a comprehensive business development program which drastically expanded participation of small, minority and women-owned businesses that had been historically underrepresented in the construction industry.

Mr. Torrens served M-DCPS in various positions of increasing responsibility related to facilities management and district/emergency operations. He led M-DCPS’ infusion of sustainability principles into design criteria and specifications for capital projects, implemented the Guaranteed Energy Performance

Contracting Program, and opened the first Gold Certified comprehensive high school under the LEED for Schools Program.

Mr. Torrens holds a Master of Science in Management Information Systems and a Bachelor of Science in Electrical Engineering from Florida International University, and he is a LEED Accredited Professional.

Mr. Pedro Salcido, Deputy Superintendent Business Services and Operations. Pedro Salcido has been a dedicated member of the District since 2012, advancing through a variety of roles that reflect his deep commitment to both educational equity and operational excellence. Currently serving as the Deputy Superintendent of Business Services and Operations, Mr. Salcido oversees the essential divisions that keep the District running, including finance, food services, facilities, information technology, medical services, procurement, school operations, school police, and transportation. His strategic priorities include addressing the digital divide, advancing school bus electrification and systems modernization, improving school meals, modernizing wireless networks, leading school building renovations, and implementing strategic budgeting efforts.

Since his appointment in November 2022, Mr. Salcido has spearheaded multiple initiatives that are critical to the District's long-term goals. Notably, he has been instrumental in efforts to close the digital divide and modernize technological systems, ensuring that all students and staff have access to state-of-the-art tools for teaching, learning, and communication. His leadership also extends to the District's sustainability efforts, such as the transition to electric school buses, and his work on improving the quality of school meals, making them both healthier and more appealing to students.

Before becoming Deputy Superintendent of Business Services and Operations, Mr. Salcido served as the Chief of Staff, where he played a pivotal role in managing the District's academic and non-academic operations. As the Superintendent's principal liaison to the Board of Education, he facilitated the execution of policies and worked closely with Superintendent Carvalho on the development of both the 100-Day Plan and the Strategic Plan. His work continues to focus on aligning the District's resources with its most urgent priorities, ensuring that every decision is made with a focus on equity and efficiency.

One of Mr. Salcido's most significant contributions to the District has been his leadership in the development and implementation of the Student Equity Needs Index (SENI), a funding allocation model designed to address the District's most pressing equity challenges. Today, SENI has grown to distribute nearly \$700 million to the schools that need it most. This initiative is just one example of how Mr. Salcido has worked tirelessly to expand both equitable financial practices and programmatic efforts across the District.

Mr. Salcido's experience also includes serving as Senior Executive Director of Finance and Policy and Director of Government Relations, where he led state, federal, and local advocacy efforts, managed labor negotiations, and oversaw the District's financial operations and policy development. He played a key role in the establishment of the District's Local Control and Accountability Plan, aligning budget practices with a system of accountability and community engagement that continues to guide the District's efforts.

As a first-generation Mexican American, son of immigrants, and the first in his family to graduate from high school and college, Mr. Salcido brings a personal perspective to his leadership. He connects deeply with the educational journeys of the District's diverse students and is committed to listening to the voices of staff, students, and families to ensure that their experiences inform the decisions that shape the District's future.

Mr. Salcido holds a Master of Public Administration from the University of Southern California and holds dual degrees in Politics and Latin American Studies from the University of California, Santa Cruz.

Devora Navera Reed, General Counsel. Devora Navera Reed serves as the General Counsel for the District, the largest school district in California. She was appointed by the Board of Education in 2020. She has served as legal counsel in various roles since 2006. As the General Counsel for the District, Devora is responsible for administering and overseeing the legal activities of the District's legal staff of over 100 talented individuals and outside legal firms. In addition, she advises the Board of Education, Superintendent, and senior leadership on matters of major importance to the District. She is a critical member of the executive cabinet focused on accelerating student achievement and equity in the District. Prior to joining the District in 2006, Devora served as an attorney for the Children's Law Center of Los Angeles for nearly a decade, where she represented and advocated for children in dependency court and the foster care system. In addition to her legal responsibilities, Devora serves as a board member of the California Minority Counsel Program promoting diversity, equity and inclusion in the legal field. Devora earned a Bachelor of Arts from the University of Southern California in 1992 and a Juris Doctorate degree from the University of San Francisco School of Law in 1996.

Christopher D. Mount-Benites, Chief Financial Officer. Mr. Mount began serving as the District's Interim Chief Financial Officer in August of 2024, and now holds the position, and previously served as the District's Chief Procurement Officer. Prior to coming to the District, Mr. Mount served as a Superintendent for three years and as a Deputy Superintendent, Chief Business Official and Chief Financial Official of various schools in the San Francisco Bay Area and Sacramento for over a decade with a specialization in schools that were experiencing fiscal distress. Prior to working on the business side of education, Mr. Mount was a Director of Curriculum and Instruction and both a high school and elementary school Principal for six years in New York and Los Angeles. He also taught high school English and Social Studies for a decade and served as an Operations Executive for an Educational and Training Company in Los Angeles. Mr. Mount earned his Bachelor's Degree from the State University of New York at Oswego, his Master of Arts degree in European and Asian History from the State University of New York at Cortland, his Master of Arts degree in Educational and Public Administration from California State University at Dominguez Hills and his California Chief Business Official certification from the University of Southern California.

Nolberto Delgadillo, Deputy Chief Financial Officer – Finance. Mr. Delgadillo joined the District in July 2023, taking on the role to support the District's fiscal strategy. He came to the District from Portland Public Schools (Oregon) where he served as Chief Financial Officer. Prior to his time at Portland Public Schools he served in the same role for Tulsa Public Schools (Oklahoma). Mr. Delgadillo has a track record for being responsible for ensuring that school district funds are managed responsibly and reported accurately while leading the full spectrum of financial services. Before his time with Tulsa Public Schools, Mr. Delgadillo served as Chief Operations Officer in Los Angeles, at the LA Promise Fund. He also previously supported finance operations at Green Dot Public Schools (California). Mr. Delgadillo also spent over 12 years in the health care sector. He is a graduate of the University of Southern California earning degrees in Chemistry and Spanish and earning a Master of Business Administration from Loyola Marymount University. He also completed a two-year program through The Broad Center, earning a Master's in Educational Leadership.

Ernie Thomas, Controller. Mr. Thomas joined the District in January 2024 from a national non-profit organization focused on education where he served for a decade, first as Controller and eventually as Treasurer and Controller for the last six years. He previously served as Corporate Controller for a community sector organization for two years. Prior to that, he served as Vice President at National Community Renaissance for a year. Before that, Mr. Thomas served at an entertainment company for over

a decade, where he first held the position of Controller for three years, and then Chief Financial Officer for the last nine years. Mr. Thomas was also an auditor at Arthur Andersen & Co. and is a Certified Public Accountant (inactive). Mr. Thomas graduated from the University of California, Los Angeles with a Bachelor of Arts degree in Economics.

Timothy S. Rosnick, Deputy Controller. Mr. Rosnick joined the District in October 2006 and served as the District's Director of Accounting Controls from October 2006 through June 2007 and the Director of Treasury and Accounting Controls from July 2007 through June 2008. Mr. Rosnick served as the District's Controller from June 2008 through June 2011 and served as the District's Deputy Controller from June 2011 through September 2023. Mr. Rosnick served as Director of Capital Planning and Budgeting from September 2023 to June 2025. Prior to joining the District, Mr. Rosnick served as an Administrator at the Orange County Department of Education and as a Financial Officer with the Los Angeles County Office of Education. Mr. Rosnick graduated from the University of Washington with a Bachelor of Arts degree with Distinction in Economics and received a Master of Business Administration degree from the University of Texas at Austin. Mr. Rosnick is a member of the Government Finance Officers Association and the CFA Institute.

School Facilities

The District is the largest public school district in the State and the largest self-governing public school district in the United States. As reflected in the District's Audited Annual Financial Report for fiscal year 2023-24, the District operated 1,232 schools and centers in fiscal year 2023-24, which consisted of 435 elementary schools, 78 middle/junior high schools, 87 senior high schools, 59 options schools, 29 multi-level schools, 12 special education schools, 264 magnet centers, 67 magnet schools, 18 primary school centers, 2 community adult schools, 7 regional occupational centers, 2 skills centers, 87 early education centers, 4 infant centers, and 81 California State preschools. As reflected in the District's Audited Annual Financial Report for fiscal year 2023-24, 51 of the District's schools were operated as Affiliated Charter Schools in fiscal year 2023-24. In addition, as reflected in the District's Audited Annual Financial Report for fiscal year 2023-24, the District oversaw 221 Fiscally Independent Charter Schools within the District's boundaries in fiscal year 2023-24. See "STATE FUNDING OF SCHOOL DISTRICTS – Charter School Funding."

Enrollment and Average Daily Attendance

At the time of preparation of the District's second interim report for fiscal year 2024-25 (the "2024-25 Second Interim Report"), the transitional kindergarten ("TK") through 12th grade enrollment in the District for fiscal year 2024-25 was projected to be approximately 402,561 students, including those attending magnet, opportunity, and continuation schools and centers, locally funded affiliated charter schools ("Affiliated Charter Schools"), and schools for people with disabilities. Such enrollment represents a projected decrease of 892 students or a decrease of approximately (0.22)% from the budgeted TK-12 enrollment in the District at the time of preparation of the District's original adopted budget for fiscal year 2024-25 (the "Fiscal Year 2024-25 Budget"). Such enrollment does not include students attending charter schools located within the District's boundaries and receiving funding directly from the State ("Fiscally Independent Charter Schools"), that was budgeted at 108,520 students at the time of preparation of the Fiscal Year 2024-25 Budget. Based on enrollment projections at the time of preparation of the 2024-25 Second Interim Report, the District projected enrollment to decline by (1.99)% on average through fiscal year 2025-26. For more information regarding District enrollment and average daily attendance, see APPENDIX A – "DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT GENERAL INFORMATION – Enrollment and Average Daily Attendance." While the District expects enrollment to continue to decline, the District's projected enrollment declines are subject to change as conditions change and more data becomes available throughout

the fiscal year. The District attributes declining enrollment to, among other things, the reduced birth rate in the County, increased costs of living and housing costs in southern California, declining immigration trends in the Los Angeles area, and residual impacts of the Coronavirus Disease 2019 (“COVID-19”) pandemic. The District’s Strategic Enrollment & Program Planning Office continues to lead coordination of District-wide enrollment efforts by utilizing data-driven decision-making to expand successful district programs, improve marketing and outreach to communities, implement student retention and matriculation strategies, and streamline TK-12 pathways and programs. Additionally, the recent 2025 wildfires could additionally impact enrollment. See “2025 Wildfires” in the front part of the Official Statement. See also APPENDIX A – “DISTRICT FINANCIAL INFORMATION AND REGIONAL ECONOMIC AND DEMOGRAPHIC INFORMATION – DISTRICT FINANCIAL INFORMATION – District Budget – LACOE’s Responses to Fiscal Year 2024-25 Budget,” for information regarding District declining enrollment.

As a result of declining enrollment in District schools, the District’s annual average daily attendance (“ADA”) has declined in recent years and is expected to further decline in fiscal years 2024-25 through 2026-27 based on projections contained in the 2024-25 Second Interim Report. To ensure funding stability regardless of instructional model in light of the COVID-19 pandemic, the State budget for fiscal year 2020-21 included a hold-harmless provision for the purpose of calculating apportionments in fiscal year 2020-21, and it provided that average daily attendance for fiscal year 2020-21 was based on fiscal year 2019-20 (specifically, the period July 1, 2019 through February 29, 2020). Although the State budget for fiscal year 2021-22 did not include an extension of the ADA hold-harmless provision in fiscal year 2021-22, school districts with enrollment declines in fiscal year 2021-22, like the District, retained the ability to receive their apportionment based on the higher of their fiscal year 2019-20 or fiscal year 2021-22 ADA as provided under the Local Control Funding Formula (the “LCFF”). See “STATE FUNDING OF SCHOOL DISTRICTS – Local Control Funding Formula.” In light of pervasive declining enrollment throughout nearly all school districts in the State, the Governor’s State budget for fiscal year 2022-23 revised the LCFF calculation beginning with fiscal year 2022-23 to consider the greater of a school district’s current fiscal year, prior fiscal year, or the average of three prior fiscal years’ ADA to allow school districts more time to adjust to enrollment-related LCFF funding declines. For purposes of fiscal year 2021-22, if a school district could demonstrate it provided independent study offerings to students in fiscal year 2021-22, such school district could consider the greater of its fiscal year 2021-22 ADA or its fiscal year 2021-22 enrollment adjusted for pre-COVID-19 absence rates. Such adjustment was applicable to fiscal year 2021-22 for purposes of calculating a school district’s prior year ADA or the average of three prior years’ ADA in fiscal year 2022-23 and beyond in accordance with the amendments made in connection with the Governor’s State budget for fiscal year 2022-23. The following Table A-1 sets forth the District’s actual and funded ADA for fiscal years 2015-16 through 2024-25. As reflected in Table A-1, the District’s funded ADA for fiscal years 2015-16 through 2021-22 was based largely on actual prior year ADA for the second period of attendance (“P-2”) for traditional TK-12 students, but current year P-2 ADA for students attending Affiliated Charter Schools. For fiscal years 2022-23 through 2024-25, the District’s funded ADA was based largely on the average of three prior fiscal years’ P-2 ADA for traditional TK-12 students, as adjusted in accordance with the COVID-19 ADA relief measures, but current year P-2 ADA for students attending Affiliated Charter Schools. As is shown in Table A-1, the revised LCFF calculation allowing the greater of a school district’s current fiscal year, prior fiscal year, or the average of three prior fiscal years’ ADA delays, but does not eliminate, the effects of enrollment declines on LCFF funding, such effects to eventually be felt as higher attendance levels from earlier years continue phasing out of the District’s average.

Fiscal Year	Actual ADA			Funded ADA
	TK-12 ⁽²⁾	Affiliated Charter Schools ⁽³⁾	Total	Total
2015-16	463,735	39,632	503,367	512,625 ⁽⁷⁾
2016-17	450,713	41,143	491,856	500,648 ⁽⁷⁾
2017-18	438,359	40,232	478,591	483,710 ⁽⁷⁾
2018-19	415,100	38,910	454,010	470,127 ⁽⁷⁾
2019-20 ⁽⁴⁾	413,965	40,940	454,905	454,792 ⁽⁷⁾
2020-21 ⁽⁵⁾	N/A	N/A	N/A	455,356 ⁽⁷⁾
2021-22	345,896	35,043	380,939	449,937 ⁽⁷⁾
2022-23	348,544	35,466	384,010	433,929 ⁽⁸⁾
2023-24	345,702	35,587	381,289	410,914 ⁽⁸⁾
2024-25 ⁽⁶⁾	336,961	35,302	372,263	386,478 ⁽⁸⁾

⁽¹⁾ Data may differ from other District disclosures because adjustments were made in certain fiscal years due to additional attendance for non-public students, corrected attendance reports for District students, and/or audit findings.

⁽²⁾ Includes non-public school special education students and District students attending schools operated by the County.

⁽³⁾ Includes charter schools that are fiscally-affiliated with the District.

⁽⁴⁾ Condensed reporting period. Does not reflect actual student attendance after February 29, 2020 due to the COVID-19 pandemic.

⁽⁵⁾ Attendance reporting not required for fiscal year 2020-21. The fiscal year 2020-21 State budget included a hold harmless provision for the purpose of calculating apportionments under LCFF in fiscal year 2020-21, providing that ADA for fiscal year 2020-21 was based on ADA for fiscal year 2019-20 (specifically, the period July 1, 2019 through February 29, 2020), as discussed in more detail above.

⁽⁶⁾ Funded ADA, as reflected in the 2024-25 Second Interim Report; Actual ADA is based on projections provided in the 2024-25 Second Interim Report.

⁽⁷⁾ Funded ADA is based largely on actual prior year P-2 ADA for TK-12 and current year P-2 ADA for Affiliated Charter Schools. For more information, see the discussion of ADA funding in the paragraph immediately preceding this table.

⁽⁸⁾ Funded ADA is based largely on the average of three prior fiscal years' P-2 ADA for TK-12, as adjusted in accordance with the COVID-19 ADA relief measures, and current year P-2 ADA for Affiliated Charter Schools. For more information, see the discussion of ADA funding in the paragraph immediately preceding this table.

Sources: Los Angeles Unified School District; the District's Audited Annual Financial Report for fiscal year 2021-22 (actual ADA for fiscal years 2012-13 through 2021-22); unaudited actuals reports for fiscal years 2012-13 through 2022-23 (funded ADA for fiscal years 2012-13 through 2022-23; actual ADA for fiscal year 2022-23); Fiscal year 2023-24 Audited Annual Financial Report; and 2024-25 Second Interim Report (funded ADA for fiscal year 2024-25).

Federal Funding

The federal government provides funding for several District programs. On January 20, 2025, President Trump issued a series of executive orders, which include ensuring that federal funds are used in a manner approved by the current administration. In response to and in an effort to carry out such orders, on January 27, 2025, the White House Office of Management and Budget ("OMB") released its Memorandum M-25-13, Temporary Pause of Agency Grant, Loan, and Other Financial Assistance Programs (the "OMB Memorandum"). The OMB Memorandum directed federal agencies to temporarily pause all activities related to obligation or disbursement of all federal financial assistance in order to review spending for consistency with the Trump Administration's policies, stating that the temporary pause was to become effective at 5:00 p.m. on January 28, 2025. The OMB Memorandum caused uncertainty as to whether certain Federal funding and grants would be paused.

Before the OMB Memorandum became effective, two separate lawsuits were filed in federal district courts in Rhode Island and the District of Columbia challenging the OMB Memorandum and seeking injunctions. On January 28, 2025, shortly before the OMB Memorandum became effective, a District of Columbia federal judge issued an emergency administrative stay through February 3, 2025, at which time a preliminary injunction hearing was set. On January 29, 2025, OMB rescinded the OMB

Memorandum. Although the OMB Memorandum was rescinded, the executive orders are in effect and the matter is ongoing as spending reviews are ongoing. On January 31, 2025, a Rhode Island federal judge issued a temporary restraining order on the pause. On February 3, 2025, the District of Columbia federal judge issued a temporary restraining order as well. On February 10, 2025, the Rhode Island federal judge granted a motion for a preliminary injunction and issued an Enforcement Order clarifying the scope of the temporary restraining order and ordering the Trump Administration to release federal funds and comply with the earlier order. The Trump Administration appealed the temporary restraining order to the U.S. Court of Appeals for the First Circuit. The Trump Administration's request to stay the temporary restraining order pending appeal was denied. The District cannot predict any action to be taken in carrying out the executive orders nor its effect on the District's federal funding or operations of the District. See also APPENDIX A "– District Debt."

On March 20, 2025, President Trump signed an executive order instructing the Secretary of Education to take all necessary steps to close the Department of Education (the "DOE") to the maximum extent appropriate and permitted by law. The executive order followed the mass dismissal of approximately half of the DOE's staff on March 11, 2025, and the cancellation of \$1.5 billion in grants and contracts for the performance of DOE functions. The DOE provides funding to local school districts nationwide, including the District, primarily for special education services under the Individuals with Disabilities Education Act and under Title I to the Elementary and Secondary Education Act to districts that serve large populations of economically disadvantaged students.

Two separate complaints were filed on March 24, 2025, the first in the U.S. District Court for the District of Massachusetts by Democracy Forward, a plaintiff group acting on behalf of the Easthampton School District and certain labor and parent groups. The second complaint was filed in the U.S. District Court for the District of Maryland, by a plaintiff group including the National Association for the Advancement of Colored People, the National Education Association, and other parent groups and education proponents. Each lawsuit generally challenges the layoffs of DOE staff and the executive order dismantling the DOE as exceeding the constitutional authority of the executive branch.

The District is unable to predict whether the Trump Administration's review of spending will be upheld in full or in part or whether legal challenges to any freeze or pause in spending will be successful. Similarly, the District is unable to predict whether the executive order dismantling the DOE or the staff reductions or grant cancellations will be upheld after legal challenge. If the reductions in funding, elimination of the DOE, or staff layoffs are upheld in whole or in part, the District cannot anticipate whether the amount of federal revenues in the District's General Fund will be reduced, or the extent of any reduction, or whether any reduction would occur in the current or any future fiscal year.

Cybersecurity

General. The District collects, processes, and distributes large amounts of private, protected and personal information on students, staff, parents, visitors, vendors and contractors. The size of the District's information assets creates a target-rich environment for a variety of threats such as cyber criminals and natural disasters. In March 2020, in response to the COVID-19 pandemic, the District rapidly implemented new remote learning and remote working capabilities, which increased the District's cyberattack surface area. The District implemented additional layers of technical and administrative controls to mitigate remote access risks.

2019 Cyberattack. In 2019, the District experienced a cyberattack that resulted in unauthorized access to a limited number of student records; the software vulnerability was resolved the same day it was discovered, and no material impact occurred.

August 2022 Outage. In August 2022, a Data Center power outage triggered by a failed electrical transformer owned by Los Angeles Department of Water and Power, resulted in temporary unavailability of some information systems. The District mitigated the risk by increasing electrical line and backup power capacity and successfully performing functional load tests.

September 2022 Cyberattack. On September 3, 2022, the District became aware of a cyberattack on its information technology assets and proactively suspended network traffic in and out of its data centers. In response to such incident, the District swiftly activated its incident response protocol and commenced an investigation with support from Kroll, LLC, an outside cybersecurity firm, to assist with containment, remediation, and forensic analysis. The Microsoft Detection and Response Team also assisted with the forensic investigation. The District also notified local and federal law enforcement agencies and continues to support their ongoing investigations. The District has identified, contained, and remediated the ransomware, and it found no evidence of additional malware related to the cyberattack or any other persistent malicious activity on its network or systems.

The District's investigation of the incident determined that on or about July 31, 2022, the threat actor began conducting digital monitoring of the District's environment remotely using a contractor account to gain unauthorized access to systems. The District did not pay a ransom to the threat actor in connection with the incident. The threat actor posted approximately 500 gigabytes of data it stole from the District to its "leak site" on the dark web. Most of the files exfiltrated by the threat actor were located on the District's facilities servers and systems. The District provided required notifications to those individuals and entities with personal information included among those materials posted by the threat actor. This included employees, former employees, job applicants, and employees and contractors of facilities services division vendors who had personally identifiable information posted. The District offered credit monitoring services to such individuals. Notifications were also provided to individuals, including students and employees, who had personal "medical information" posted in the form of positive COVID-19 test results collected through the District's COVID-19 testing program, and to individuals, mostly former students, who had information contained in student assessment reports, most of which was dated, posted.

As a result of the incident, the District initially restricted access to its servers and systems, including access to user accounts, email, and software applications. Many operations and processes that were automated or facilitated by technology had to be completed manually, and some still remain manual at this time. Nonetheless, school sites remained operational. Most servers and systems were gradually restored within days as they were determined to be safe, with the District's most critical systems being restored first. The District restored certain impacted systems from backups and continues to work to rebuild others. While the District maintains cyber liability insurance, not all costs incurred are covered thereunder, and certain covered costs, which continue to be identified and calculated may ultimately exceed applicable coverage limits. Further, the District implemented various security enhancements in light of the incident.

Three related lawsuits relating to the incident remain pending against the District, which were filed on behalf of individuals allegedly impacted by the cyberattack, and unidentified classes of others impacted. The District cannot predict the outcome or any potential financial impact that may result from such litigation. Further, the District cannot predict whether any other claims or litigation will be filed or estimate any potential financial impact that may result. For more information about the existing lawsuits, see "DISTRICT FINANCIAL INFORMATION – Risk Management and Litigation."

June 2024 Cyberattack. On June 6, 2024, the District became aware of a malicious actor purporting to offer certain student and employee data for sale. Upon learning of this, the District launched an investigation and notified law enforcement. The District found no evidence that this incident involved any unauthorized access to its network or systems. Rather, the District's investigation found evidence that the data involved was taken from Snowflake, a cloud-based platform used for mass data storage by a former

vendor of the District, and appears to have been stolen in a manner consistent with recently publicized thefts involving numerous Snowflake accounts. The District has recently concluded its investigation into the scope and extent of the data impacted, and is in the process of ensuring compliance under the Family Educational Rights and Privacy Act, and the District will provide any notifications that may be required to impacted individuals under applicable law.

Protective Measures. The District has implemented several protective measures with respect to access requirements to its systems to reduce the likelihood of a similar incident from occurring in the future. The District established an Independent Information Technology Task Force comprised of cybersecurity experts from private and public sectors to develop a set of recommendations to further strengthen the District's cybersecurity. The District has augmented its cybersecurity team, retained cybersecurity service providers, and implemented additional security controls and monitoring of its systems.

To minimize the impact and frequency of cybersecurity incidents, the District previously hired a Director of Information Technology Security in 2016 to develop and implement a risk-based information security management program ("ISMP"). The ISMP is designed to protect the confidentiality, integrity, and availability of information assets managed by the District's Information Technology Division and comply with all applicable information protection regulations including the Family Educational Rights and Privacy Act, Children's Internet Protection Act, and the Health Insurance Portability and Accountability Act. The ISMP includes a number of technical, administrative, and physical security safeguards that take into account the District's unique threats and vulnerabilities. The District and its third-party IT vendors are required to carry cyber liability insurance to offset the cost of business disruptions caused by cybersecurity incidents.

No assurance can be made in any networked environment that a future cyberattack or natural disaster would not compromise the confidentiality, integrity or availability of District information assets. The only viable mitigation of cybersecurity risks is a layered defense strategy. The District implements layered defenses as a principal driver of its information security program and continuously monitors the effectiveness of the program to proactively modify it when the cyberattack landscape changes.

Potential Vulnerabilities of Third Parties. The District relies on other entities and service providers in the course of operating the District, including the County with respect to the levy and collection of *ad valorem* property taxes and its servers and systems for accounting and other matters, as well as other trustees, fiscal agents, dissemination agents and project management firms. No assurance can be given that future cyber threats and attacks against third party entities or service providers will not directly or indirectly impact the District or the owners of the Bonds, including the possibility of impacting the timely payments of debt service on the Bonds or timely filings pursuant to the District's continuing disclosure undertakings.

STATE FUNDING OF SCHOOL DISTRICTS

General

School districts in the State receive operating revenues from federal, State and local sources, including appropriations from the State's general fund and local property taxes derived from a school district's share of the 1% *ad valorem* property tax. School districts also currently receive revenues from the State attributable to temporary tax increases implemented by Proposition 30 (defined herein). In connection with voter approval of Proposition 55 (defined herein), certain of such temporary tax increases were extended by twelve years through 2030. See "CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Proposition 30" herein. School districts, such as the District, may be eligible for other special categorical funding, including funding for certain State and federal programs. The amount of categorical funding appropriated to a school district may vary significantly from other school districts and

yearly. At the time of preparation of the 2024-25 Second Interim Report, the District budgeted to receive approximately 68.18% of District General Fund revenues from funds of or controlled by the State related to LCFF funding. As a result, decreases in State revenues, or in State legislative appropriations made to fund education, may significantly affect District operations. For more information regarding the District's funding for fiscal year 2024-25, see “– State Budget Act – 2024-25 *State Budget*,” “– Local Control Funding Formula” and “DISTRICT FINANCIAL INFORMATION – District Budget” herein. See also, “District General Information – Federal Funding” herein.

Article XVI of the State Constitution requires that from all State revenues, there first be set apart the moneys to be applied by the State for support of the public school system and public institutions of higher education. See “CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Constitutionally Required Funding of Education” herein. The State Legislature and the Governor approve the State's authorized appropriations for school districts each fiscal year in connection with the adoption of the State Budget Act (defined herein). Proposition 98 (“Proposition 98”), approved in November 1988 as a combined initiative constitutional amendment and statute called the “Classroom Instructional Improvement and Accountability Act,” provides the minimum funding formula for school districts. See “CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Proposition 98” herein. Under Proposition 98 (as modified by Proposition 111, which was enacted on June 5, 1990), there are currently three tests which determine the minimum level of K-14 funding. See “CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS” and “STATE FUNDING OF SCHOOL DISTRICTS– Local Control Funding Formula” herein. Proposition 98 permits the State Legislature, by two-thirds vote of both houses and with the Governor's concurrence, to suspend the K-14 schools' minimum funding formula for a one-year period. The amount of suspension is required to be repaid according to a specified State Constitutional formula, thereby restoring Proposition 98 funding to the level that would have been required in the absence of such suspension.

The actual appropriations and the timing of such appropriations are subject to, among other things, the estimated amount of State general fund revenues during the fiscal year and subsequent changes in State law. At times since the implementation of Proposition 98, the State has also sought to preserve general fund cash while avoiding increases in the base guaranteed amount through various mechanisms: by treating any excess appropriations as advances against subsequent years' Proposition 98 minimum funding levels rather than current year increases; by deferring apportionments of Proposition 98 funds from one fiscal year to the next, as the State did in fiscal years 2019-20 and 2020-21; by suspending Proposition 98, as the State did in fiscal year 2004-05, fiscal year 2010-11, fiscal year 2011-12 and fiscal year 2012-13; and by proposing to amend the State Constitution's definition of the guaranteed amount and settle-up requirement under certain circumstances. For more information on the Proposition 98 minimum guarantee under the 2024-25 State Budget, see “– State Budget Act – 2024-25 *State Budget*” herein.

Since fiscal year 2013-14, the amount of funds an individual school district receives from State revenues depends on the amount of revenues the State calculates that the school district should receive based on the LCFF, less the amount the school district derives from such school district's share of the 1% *ad valorem* property tax. See “– Local Control Funding Formula” and “CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Constitutionally Required Funding of Education” herein.

The State Budget Process

The State’s fiscal year begins on July 1 and ends on June 30. According to the State Constitution, the Governor of the State (the “Governor”) is required to propose a budget for the next fiscal year (the “Governor’s Budget”) to the State Legislature no later than January 10 of each year. State law requires the Governor to update the Governor’s Budget projections and budgetary proposals by May 14 of each year (the “May Revision”). Proposition 25, which was adopted by voters in the State at an election held on November 2, 2010, amended the State Constitution such that a final budget must be adopted by a simple majority vote of each house of the State Legislature by no later than June 15 and the Governor must sign the adopted budget by no later than June 30. The budget becomes law upon the signature of the Governor (the “State Budget Act”).

Under State law, the annual proposed Governor’s Budget cannot provide for projected expenditures in excess of projected revenues and balances available from prior fiscal years. Following the submission of the Governor’s Budget, the State Legislature takes up the proposal. Under the State Constitution, money may be drawn from the State Treasury only through an appropriation made by law. The primary source of the annual expenditure authorizations is the State Budget Act, as approved by the State Legislature and signed by the Governor. The Governor may reduce or eliminate specific line items in the State Budget Act or any other appropriations bill without vetoing the entire bill. Such individual line-item vetoes are subject to override by a two-thirds majority vote of each House of the State Legislature. Appropriations also may be included in legislation other than the State Budget Act. Bills containing appropriations (except for K-14 education) must be approved by a two-thirds majority vote in each House of the State Legislature and be signed by the Governor. Bills containing K-14 education appropriations require only a simple majority vote. Continuing appropriations, available without regard to fiscal year, may also be provided by statute or the State Constitution. Funds necessary to meet an appropriation need not be in the State Treasury at the time such appropriation is enacted; revenues may be appropriated in anticipation of their receipt. However, delays in the adoption of a final State budget in any fiscal year may affect payments of State funds during such budget impasse. See “– State Funding of Schools Without a State Budget” herein for a description of payments of appropriations during a budget impasse.

The description above and below of the State’s budget has been obtained from publicly available information which the District believes to be reliable; however, the District, its counsel (including Bond Counsel and Disclosure Counsel), the Municipal Advisor, the Underwriters and their counsel do not guarantee the accuracy or completeness of this information and have not independently verified such information. Additional information regarding State budgets is available at various State-maintained websites, including www.dof.ca.gov. The website is not incorporated herein by reference and the District, its counsel (including Bond Counsel and Disclosure Counsel), the Municipal Advisor, the Underwriters and their counsel do not make any representation as to the accuracy of the information provided therein.

State Budget Act

2024-25 State Budget. The Governor signed the fiscal year 2024-25 State budget on June 29, 2024, which was amended through a series of legislative trailer bills (as amended, the “2024-25 State Budget”). The 2024-25 State Budget notes that the State has experienced significant revenue volatility—seeing unprecedented revenue growth that was quickly followed by a sharp and deep correction back toward historical trends. The 2024-25 State Budget also notes that the unprecedented Internal Revenue Service tax filing and payment postponement in 2023 significantly clouded the State’s revenue forecast, and indicates that, with the revenue picture now clearer, the 2024-25 State Budget takes steps to ensure the State is on sound fiscal footing by setting the State on a fiscally responsible long-term path that protects vital programs.

In this regard, the 2024-25 State Budget includes provisions intended to address a budget deficit of approximately \$46.8 billion while also creating a positive fund balance in the State's Special Fund for Economic Uncertainties (the "SFEU") in fiscal years 2024-25 and 2025-26 and maintaining core programs for vulnerable populations. The 2024-25 State Budget includes approximately \$16.0 billion in budgetary reductions, comprising (a) an approximately 7.95% reduction in the State's operations budget resulting in State general fund savings of approximately \$2.2 billion, (b) a \$1.5 billion permanent reduction in State departments' budgets for vacant positions, (c) a reduction of approximately \$358.0 million in the State Department of Corrections and Rehabilitation budget in fiscal year 2024-25 and a total reduction of approximately \$740.0 million in fiscal years 2022-23 through 2024-25, (d) a \$500.0 million reduction to the State Student Housing Revolving Loan Program, (e) a \$485.0 million reduction in unspent one-time Learning-Aligned Employment Program resources, (f) an ongoing reduction of \$110.0 million to the Middle Class Scholarship Program, beginning in fiscal year 2025-26, (g) a \$1.1 billion reduction in various affordable housing programs, and (h) a \$746.1 million reduction for various healthcare workforce programs. The 2024-25 State Budget includes a \$13.6 billion increase in revenues in fiscal year 2024-25 through fiscal year 2026-27 by means of additional revenue sources and internal borrowing from special funds. As part of this revenue increase, the 2024-25 State Budget includes suspension of net operating loss deductions for companies with over \$1.0 million in taxable income and limits business tax credits to \$5.0 million in fiscal years 2023-2024 through 2025-2026, which is projected to increase revenues by \$5.95 billion in fiscal year 2024-25, \$5.5 billion in fiscal year 2025-26 and \$3.4 billion in fiscal year 2026-27. Additionally, the 2024-25 State Budget includes an increased managed care organization tax generating a projected \$5.1 billion in fiscal year 2024-25, \$4.6 billion in fiscal year 2025-26, and \$4.0 billion in fiscal year 2026-27. Significantly, the 2024-25 State Budget provides for the withdrawal of approximately \$12.2 billion from the State Rainy Day Fund (the "Rainy Day Fund" or "State Rainy Day Fund") over fiscal years 2024-25 and 2025-26 and approximately \$900.0 million from the State Safety Net Reserve in fiscal year 2024-25.

Additional budgeting maneuvers include \$6.0 billion in fund shifts, including (a) applying a prior CalPERS supplemental pension payment to the State's overall pension liability which reduces the State's required employer contributions in fiscal year 2024-25 by \$1.7 billion, (b) shifting approximately \$958.0 million from the State general fund to the State's Greenhouse Gas Reduction Fund for the Formula and Competitive Transit and Intercity Rail Capital Program, and (c) shifting approximately \$3.0 billion from the State general fund to the State's Greenhouse Gas Reduction Fund for clean energy and other climate programs. The 2024-25 State Budget also delays funding for programs such as the State Food Assistance Program Expansion, Developmental Services, childcare slots and the State's broadband program by a total amount of approximately \$3.1 billion. The 2024-25 State Budget also includes approximately \$2.1 billion in payroll and University of California and California State University compact deferrals.

The 2024-25 State Budget projects total resources available in fiscal year 2023-24 of approximately \$236.5 billion, including revenues and transfers of approximately \$189.4 billion and a prior year balance of approximately \$47.1 billion, and total expenditures in fiscal year 2023-24 of approximately \$223.1 billion. The 2024-25 State Budget projects total resources available for fiscal year 2024-25 of approximately \$225.6 billion, inclusive of revenues and transfers of approximately \$212.1 billion and a prior year balance of approximately \$13.4 billion. The 2024-25 State Budget projects total expenditures in fiscal year 2024-25 of approximately \$211.5 billion, inclusive of non-Proposition 98 expenditures of approximately \$128.9 billion and Proposition 98 expenditures of approximately \$82.6 billion. The 2024-25 State Budget projects total reserve balances of \$22.2 billion at the end of fiscal year 2024-25. This includes \$17.6 billion in the State Rainy Day Fund, \$3.5 billion in the SFEU, and \$1.1 billion in the Public School System Stabilization Account (the "Proposition 98 Rainy Day Fund"). In addition, the 2024-25 State Budget maintains approximately \$10.6 billion in the Reserve for Liquidation of Encumbrances. The 2024-25 State Budget includes total funding of \$133.8 billion for all K-12 education programs, including \$81.5 billion from the State's general fund and \$52.3 billion from other funds. The 2024-25 State Budget reflects

significant Proposition 98 funding that enables increased support for core programs such as the LCFF, special education, transitional kindergarten, nutrition, and preschool.

Certain budgeted programs and adjustments for K-12 education set forth in the 2024-25 State Budget include the following:

- Proposition 98 Minimum Guarantee. The 2024-25 State Budget suspends the Proposition 98 minimum guarantee in fiscal year 2023-24 and projects the Proposition 98 minimum guarantee to be in Test 1 in fiscal year 2024-25. In Test 1 years, the Proposition 98 minimum guarantee is equal to the percentage of State general fund appropriated for K-14 schools in fiscal year 1986-87. Suspending the Proposition 98 minimum guarantee is projected to create a maintenance factor obligation of approximately \$8.3 billion in fiscal year 2023-24 and is projected to result in a \$4.1 billion maintenance factor payment in fiscal year 2024-25, which will be paid in addition to the Proposition 98 minimum guarantee level in fiscal year 2024-25. The 2024-25 State Budget reflects Proposition 98 funding levels of \$103.7 billion in fiscal year 2022-23, \$98.5 billion in fiscal year 2023-24, and \$115.3 billion in fiscal year 2024-25. Such funding represents approximately 39.2% of the State's general fund revenues, plus local property tax revenues and a \$4.1 billion maintenance factor payment. To accommodate enrollment increases related to the expansion of transitional kindergarten, the 2024-25 State Budget increased the funding level from approximately 38.6% to approximately 39.2% to increase the percentage of State general fund revenues obligated to the Proposition 98 minimum guarantee.
- Proposition 98 Rainy Day Fund. The 2024-25 State Budget includes a withdrawal of the entire \$8.4 billion balance in the Proposition 98 Rainy Day Fund in fiscal year 2023-24 and a discretionary payment of approximately \$1.1 billion in fiscal year 2024-25, leaving a projected balance of \$1.1 billion at the end of fiscal year 2024-25. Because there is no ending balance at the end of fiscal year 2023-24 and a balance of \$1.1 billion at the end of fiscal year 2024-25, school district reserve caps would not be triggered in fiscal year 2024-25 and are not projected to be triggered in fiscal year 2025-26. See “ – School District Reserves” and “CONSTITUTIONAL AND STATUTORY PROVISIONS AFFECTING DISTRICT REVENUES AND APPROPRIATIONS – Proposition 2 – SB 751.”
- Local Control Funding Formula. The 2024-25 State Budget includes an LCFF cost-of-living adjustment of 1.07%. The cost-of-living adjustment, when combined with population growth adjustments, increases discretionary funding for local agencies by approximately \$983.0 million. To fully fund the LCFF, the 2024-25 State Budget withdraws approximately \$5.3 billion from the Proposition 98 Rainy Day Fund to support LCFF costs in fiscal year 2023-24, and uses available reappropriation and reversion funding of \$253.9 million to support ongoing LCFF costs in fiscal year 2024-25.
- Deferrals. The 2024-25 State Budget reflects LCFF apportionment deferrals from fiscal year 2023-24 to fiscal year 2024-25 of approximately \$3.6 billion and from fiscal year 2024-25 to fiscal year 2025-26 of approximately \$246.0 million. Additionally, the 2024-25 State Budget reflects approximately \$2.3 billion in categorical program deferrals from fiscal year 2022-23 to fiscal year 2023-24, with the deferred categorical amount being repaid using Proposition 98 Rainy Day Fund resources.
- Learning Recovery Emergency Block Grant. The 2024-25 State Budget focuses the use of allocated but unexpended Learning Recovery Emergency Block Grant funds on actions to address the needs of students most impacted by learning loss, based on an assessment of needs, and incorporates the use of these funds into the existing Local Control and Accountability Plan development process.

- Employee Protections. To ensure stable employment for school staff, the 2024-25 State Budget includes a suspension of the August 15, 2024, layoff window for certificated and classified staff.
- Instructional Continuity and Attendance Program. The 2024-25 State Budget includes statutory changes to allow local educational agencies to provide attendance recovery opportunities to students to make up lost instructional time, thereby offsetting student absences, and mitigating learning loss, as well as related fiscal impacts to local educational agencies. Beginning in fiscal year 2024-25, the 2024-25 State Budget allows local educational agencies to add up to 10 days of attendance recovery time per pupil to the attendance data submitted to the California Department of Education for funding purposes. Beginning July 1, 2025, the 2024-25 State Budget requires local educational agencies to include an instructional continuity plan in their School Safety Plan as a component of their emergency funding application. The plan must include procedures for student engagement within 5 days of an emergency and a plan to provide hybrid or remote learning opportunities to students within 10 instructional days. The 2024-25 State Budget also includes a \$4.0 million in one-time Proposition 98 general fund resources to research existing, and develop new models of hybrid and remote learning to support students' attendance, including developing and disseminating guidance and resources for local educational agencies to develop their own hybrid and remote learning programs to enable instructional continuity.
- Teacher Professional Development and Preparation. To expand the State's educator training infrastructure, the 2024-25 State Budget (a) provides \$25.0 million of one-time Proposition 98 general fund resources to support necessary costs, including training for educators to administer literacy screenings to meet the requirement to screen students in kindergarten through second grade for risk of reading difficulties, including dyslexia, by the 2025-26 school year; and (b) provides \$20.0 million in one-time Proposition 98 general fund resources for a county office of education to work with the University of California Subject Matter Projects, as well as other well-qualified governmental or non-profit providers, to develop and provide training aligned with the new California Mathematics Framework for mathematics coaches and leaders who in turn can provide training and support to mathematics teachers to deliver high-quality instruction.
- State Preschool Program. The 2024-25 State Budget provides approximately \$53.7 billion of State general fund resources to support reimbursement rate increases previously supported by available one-time federal stimulus funding. The 2024-25 State Budget reflects one-time savings of \$190.7 million general fund and \$522.3 million Proposition 98 general fund. The 2024-25 State Budget authorized State Preschool Program providers to serve two-year-old children, in addition to three and four-year old children, until June 30, 2027. The 2024-25 State Budget maintains that the State Preschool Program continue to require providers to reserve 5% of funded enrollment for children with disabilities. However, the 2024-25 State Budget suspends provisions to increase this requirement to 7.5% in fiscal year 2025-26 and 10% in fiscal year 2026-27.
- Transitional Kindergarten. The 2024-25 State Budget provides approximately \$988.7 million in Proposition 98 general fund resources for the 2023-24 school year to support the second year of expanded eligibility for transitional kindergarten to all children turning five-years-old between September 2 and April 2. The 2024-25 State Budget also provides approximately \$390.2 million in Proposition 98 general fund resources to support the second year of adding one additional certificated or classified staff person in each transitional kindergarten classroom. Additionally, the 2024-25 State Budget provides approximately \$1.5 billion in ongoing Proposition 98 general fund resources beginning in fiscal year 2024-25 to support the third year of expanded eligibility for transitional kindergarten to all children turning five-years-old between September 2 and June 2. The 2024-25 State Budget also provides approximately \$515.5 million in ongoing Proposition 98

general fund resources to support the third year of adding one additional certificated or classified staff person in each transitional kindergarten classroom.

The 2024-25 State Budget solution-oriented measures that directly impact funding for school districts, including forgoing planned investments of (a) \$875.0 million to support the School Facility Program, (b) \$550.0 million support to the State Preschool, Transitional Kindergarten And Full-Day Kindergarten Facilities Grant Program, and (c) \$500.0 million one-time Proposition 98 general fund investment in zero-emission school buses.

Additional budgeted programs and adjustments for K-12 education set forth in the 2024-25 State Budget include the following:

- Arts and Music in Schools. The 2024-25 State Budget provides approximately \$907.1 million to support arts and music in schools.
- Nutrition. The 2024-25 State Budget provides an additional \$179.4 million in ongoing Proposition 98 general fund resources and an additional \$120.8 million one-time Proposition 98 general fund resources to fully fund the universal school meals program in fiscal years 2023-24 and 2024-25. This is in addition to the \$1.6 billion base funding for such program.

The complete 2024-25 State Budget is available from the California Department of Finance website at www.dof.ca.gov or www.ebudget.ca.gov. The District can take no responsibility for the continued accuracy of these internet addresses or for the accuracy, completeness or timeliness of information posted therein, and such information is not incorporated herein by such reference.

LAO Analysis of the 2024-25 State Budget. The Legislative Analyst’s Office (the “LAO”), a nonpartisan State office which provides fiscal and policy information and advice to the State legislature, released its report on the 2024-25 State Budget entitled “The 2024-25 Budget: Overview of the Spending Plan” on September 6, 2024 (the “2024-25 State Budget Analysis”). In the 2024-25 State Budget Analysis, the LAO assesses the budget problem that was addressed in the 2024-25 State Budget and analyzes the major proposals for K-12 education.

The LAO estimates that the State addressed a budget shortfall of \$55.0 billion, which is larger than the budget shortfall of \$47.0 billion cited in the 2024-25 State Budget. The main driver for the \$8.0 billion difference is the difference in treatment of assumptions about baseline spending for schools and community colleges.

The LAO notes that the 2024-25 State Budget uses various maneuvers to address the budget shortfall, including reserve withdrawals, spending reductions, revenue increases, and cost shifts. The LAO indicates that spending-related adjustments (including school spending) were the largest component of the budget package, accounting for \$39.0 billion and approximately 70% of the total solutions. The LAO also shows that reserve withdrawals were the second largest component, totaling \$6.0 billion from the State Rainy Day Fund and the Safety Net Reserve. The report further details that cost shifts and revenue-related solutions were smaller components, amounting to \$2.0 billion and \$8.0 billion, respectively. The LAO estimates \$16.0 billion in one time or temporary spending solutions (excluding school spending) and \$4.0 billion in ongoing reductions, which grow to approximately \$6 billion over time.

The LAO notes that the budget emergency proclamation by the Governor on June 26, 2024 allowed the 2024-25 State Budget to withdraw approximately \$5.0 billion from the State Rainy Day Fund. The 2024-25 State Budget also includes a withdrawal of the \$900.0 million balance from the Safety Net Reserve.

The LAO estimates that, pursuant to the 2024-25 State Budget, the State would end the 2024-25 fiscal year with \$21.1 billion in General Fund reserves, including \$17.6 billion in the State Rainy Day Fund and \$3.5 billion in the SFEU. The LAO also estimates that the State would have room under the State appropriations limit in fiscal years 2022-23 through 2024-25. The LAO projects that revenues from the major tax sources would grow from fiscal year 2023-24 to fiscal year 2024-25, but not enough to offset the revenue shortfalls in the prior and current fiscal years.

The LAO explains that the 2024-25 State Budget includes \$12.7 billion in reductions to Proposition 98 funding for schools and community colleges over fiscal years 2022-23 through 2024-25. This includes a reduction to the Proposition 98 funding by \$2.6 billion for fiscal year 2022-23. For fiscal year 2023-24, the 2024-25 State Budget invokes a provision allowing the State to suspend the minimum requirement and reduces the amount of Proposition 98 funding by \$8.3 billion. The LAO states that these reductions lower the Proposition 98 requirement on an ongoing basis but create an obligation to increase funding more rapidly in the future. Additionally, the 2024-25 State Budget introduces a new type of fiscal maneuver that accrues \$6.2 billion in previous school and community college payments to future fiscal years. Specifically, the State will not recognize these payments as a cost to the State general fund in the year it provided them *i.e.*, fiscal year 2022-23. The maneuver does not delay or reduce any payments to schools or community colleges, nor does it reduce the Proposition 98 funding requirement in future fiscal years.

The LAO notes that the 2024-25 State Budget contains reserve withdrawals from the Proposition 98 Rainy Day Fund to mitigate the funding reductions to schools in fiscal year 2023-24. Additionally, the LAO estimates cost savings because the COVID-19 attendance policies preserving attendance numbers to pre-pandemic levels are being phased out. The LAO describes other minor savings for schools and community colleges from (1) deferring payments from fiscal year 2024-25 to fiscal year 2025-26, (2) reducing funding for the State Preschool program that is expected to go unused, and (3) repurposing certain unspent appropriations from previous years. The payment deferral involved deferring \$487.0 million in payments from fiscal year 2024-25 to fiscal year 2025-26 by delaying a portion of payment to school districts from June 2025 to July 2025. The LAO notes that school districts may be exempt from this deferral if they can show the delay would cause fiscal insolvency. The purpose of the deferral is to reduce spending in fiscal year 2024-25 to the minimum level required by Proposition 98.

The LAO indicates that after accounting for these actions, the State has \$1.5 billion available to augment school and community college programs. The LAO highlights that the budget allocates \$1.0 billion of this amount to cover a 1.07 percent cost-of-living adjustment for existing programs. For schools, the 2024-25 State Budget also provides an increase of \$300.0 million to cover cost increases of universal school meals. For community colleges, the 2024-25 Budget also provides \$75.0 million to cover increased costs.

The 2024-25 State Budget Analysis is available on the LAO website at www.lao.ca.gov. The District can take no responsibility for the continued accuracy of this internet address or for the accuracy, completeness or timeliness of information posted therein, and such information is not incorporated herein by such reference.

Governor's Fiscal Year 2025-26 State Budget Proposal

On January 10, 2025, the Governor released his proposed State budget for fiscal year 2025-26 (the "2025-26 Proposed State Budget"). The 2025-26 Proposed State Budget reflects the Governor's projection that the fiscal year 2025-26 Budget will be roughly balanced, and will represent a return to historical norms following a period of revenue volatility and a federal tax filing delay that contributed to significant State budget shortfalls over the past two fiscal years. The 2025-26 Proposed State Budget projects \$217.9 billion in 2025-26 General Fund revenues.

Regarding the State’s reserves and fund balances, the 2025-26 Proposed State Budget contemplates the continuation of a two-year drawdown of the State’s Budget Stabilization account that began in the 2024-25 State Budget (with a withdrawal of \$5.1 billion in 2024-25 and a projected withdrawal \$7.1 billion projected in 2025-26). The balance of the Budget Stabilization account is projected to be \$10.9 billion following the projected 2025-26 drawdown. The 2025-26 Proposed State Budget includes \$376 million contribution to fund the Public School System Stabilization Account.

The stronger-than-anticipated performance of the economy, stock market, and cash receipts, combined with an improved economic outlook, have all contributed to the upgraded revenue forecast. While the 2025-26 Proposed State Budget does not forecast a recession, it recognizes several risk factors that could negatively affect the economy and state revenues, including stock market and asset price volatility and declines—particularly those affecting high-income earners—as well as geopolitical instability. Additional risks come from stated policy changes by the incoming federal administration that could negatively impact the State’s economy—especially in the areas of international trade and immigration, as well as in health care. The 2025-26 Proposed State Budget does not include any adjustments to account for the damage caused by the Los Angeles-area fires, which is expected to be significant.

The Legislative Analyst’s Office’s analysis of the 2025-26 Proposed State Budget identifies three categories of discretionary proposals (those that are not already committed to under current law or policy): (1) proposals provide short-term budget savings that create more budget capacity which the LAO projects to generate a total of \$2.2 billion General Fund savings within the budget window, (2) new discretionary spending proposals that use budget capacity by increasing spending or reducing revenues which the LAO projects to increase General Fund expenditures within the budget window by \$700 million, and (3) increases to the State’s discretionary reserves.

Discretionary savings proposals identified by Legislative Analyst’s Office’s Analysis include:

- **\$1.6 Billion Reduction in School and Community College Settle-Up Obligations.** The 2025-26 Proposed State Budget proposes providing \$1.6 billion less in total funding for schools and community colleges than the estimated constitutional minimum funding level for 2024-25. This provides one-time General Fund savings in that year, but also creates a “settle-up” obligation, which will need to be paid in a future year if revenues for 2024-25 were to remain unchanged. If revenues for 2024-25 come in below current projections, this obligation would also decline—potentially to zero. While the administration indicates it will provide this payment in the future—after the final calculation of the minimum funding requirement—it also has not scored this future obligation in its multiyear budget.
- **Increases Revenue by Around \$300 Million.** The 2025-26 Proposed State Budget changes the rules about how taxable profits are determined for financial institutions. This change would increase revenues on an ongoing basis by around \$300 million per year.
- **Shifts Nearly \$300 Million in General Fund Spending to Proposition 4 (2024) Climate Bond.** The 2025-26 Proposed State Budget reduces and reverts significant General Fund appropriations for a variety of climate- and environmental-related activities totaling \$273 million, achieving General Fund savings. These include funds for water recycling, wildfire prevention activities at state parks, and dam safety activities. The proposal would then provide a like amount of funding from Proposition 4, the climate bond approved by voters in November 2024. This would result in maintaining prior funding levels for these activities but would preclude this amount of Proposition 4 funds from supporting expanded service levels or additional projects.

New spending proposals identified by Legislative Analyst’s Office’s Analysis include:

- **New Spending Proposals of Nearly \$600 Million.** The 2025-26 Proposed State Budget includes \$570 million in new discretionary General Fund spending. After 2025-26, these proposals would add about \$300 million in ongoing spending. Some of the largest spending augmentations proposed include: (1) \$60 million to provide additional grants under the Cal Competes program; (2) the intent to partially restore an ongoing reduction to the trial courts, which, if enacted, would cost \$42 million ongoing; and (3) a proposed expansion to College Corps, which would cost \$5 million in 2025-26, but grow to \$84 million ongoing.
- **New Tax Expenditures of \$150 Million.** The 2025-26 Proposed State Budget includes revenue proposals, which would expand existing tax expenditures and create new ones. These include increasing the existing film tax credit from \$330 million to \$750 million per year and excluding some military retirement income from taxation. Taken together, these proposals would reduce revenues by around \$150 million in 2025-26, reaching \$300 million by 2028-29.

Adjustments to the State's discretionary reserves identified by Legislative Analyst's Office's Analysis include an increase of approximately \$500 million to the State's Special Fund for Economic Uncertainties (SFEU). The SFEU is a general-purpose reserve used to provide capacity for unanticipated expenditures, including state costs associated with disasters and other emergencies. The state constitution has a balanced budget requirement, which means the balance of the SFEU must be set above zero for the upcoming fiscal year. Any level above zero is up to the discretion of the Legislature. Recent budgets have set the SFEU between \$3.5 billion and \$4 billion. The 2025-26 Proposed State Budget sets a \$4.5 billion SFEU balance for the end of 2025-26.

K-12 Education Spending. The 2025-26 Proposed State Budget reduces total funding for all K-12 education programs by \$300 million compared to 2024-25 State Budget funding levels, with total expenditures of \$118.9 billion, including \$83.1 billion from the State general fund and \$35.8 billion from other sources. The 2025-26 Proposed State Budget includes a roughly \$376 million discretionary payment into the Proposition 98 Rainy Day Fund in fiscal year 2025-26 to bring the fund balance to approximately \$1.5 billion.

Significant features of the 2025-26 Proposed State Budget relating to K-12 and higher education funding identified by the Legislative Analyst's Office include the following:

- **Funding for Schools and Community Colleges Up \$7.1 Billion Across the Budget Window.** The 2025-26 Proposed State Budget projects that the constitutional minimum funding level for schools and community colleges is up \$7.1 billion. Of this increase, \$3.9 billion is attributable to 2024-25 and \$3.2 billion is attributable to 2025-26. (Spending is unchanged in 2023-24.) The increase is due primarily to higher General Fund revenue estimates. In addition, approximately \$4 billion in one-time spending expires in 2025-26, freeing-up the underlying funding for other school and community college purposes.
- **Funds Some Ongoing Increases.** The 2025-26 Proposed State Budget provides approximately \$2.5 billion to fund a 2.43% statutory cost-of-living adjustment (COLA) for existing school and community college programs. The 2025-26 Proposed State Budget also sets aside \$1.1 billion to complete the expansion of transitional kindergarten in 2025-26. The 2025-26 Proposed State Budget also provides \$746 million to reduce student-to-adult ratios in transitional kindergarten classrooms from 12:1 to 10:1. The 2025-26 Proposed State Budget provides a \$435 million increase for the Expanded Learning Opportunities Program to increase the number of school districts that must offer enrichment programs (such as after school activities and summer school) to all of their students. The 2025-26 Proposed State Budget also includes \$30 million to support 0.5 percent systemwide community college enrollment growth.

- Allocates One-Time Funds for Discretionary Grants, Staffing Enhancements, and Technology Activities. The largest education-related one-time proposal in the 2025-26 Proposed State Budget is to provide \$1.8 billion for schools through a new discretionary block grant that could be used to fund new activities or cover costs of existing programs. The 2025-26 Proposed State Budget also includes \$500 million to fund literacy and mathematics coaches at high-poverty schools that would expand upon a program the state funded in previous budgets. In addition, the 2025-26 Proposed State Budget includes a series of initiatives intended to advance teacher training and recruitment efforts at schools and implement a common technology platform across the community college system.
- Delays \$1.6 Billion Payment in 2024-25 Pending Revised Revenue Data. As described above, under the 2025-26 Proposed State Budget, total funding for schools and community colleges in 2024-25 would be \$1.6 billion less than the administration's estimate of the constitutional minimum funding level that year. The administration indicates it will provide this payment in the future after finalizing the calculation of the minimum requirement. If State revenues come in below the levels estimated in the 2025-26 Proposed State Budget, the constitutional funding requirement also would decrease.

The State has not entered into any contractual commitment with the District, the County, the Underwriters nor the Owners of the Bonds to provide State budget information to the District or the Owners of the Bonds. Although they believe the State sources of information listed herein are reliable, none of the District, the Municipal Advisor or the Underwriters assumes any responsibility for the accuracy of the State budget information set forth or referred to herein or incorporated by reference herein.

Future Budgets and Budgetary Actions. The District cannot predict what future actions will be taken by the State legislature and the Governor to address changing State revenues and expenditures or the impact such actions will have on State revenues available in the current or future years for education. The State budget will be affected by national and State economic conditions and other factors beyond the District's ability to predict or control. Certain actions could result in a significant shortfall of revenue and cash and could impair the State's ability to fund schools during the current fiscal year and in future fiscal years. Certain factors, like an economic recession, could result in State budget shortfalls in any fiscal year and could have a material adverse financial impact on the District. As the Bonds are payable from *ad valorem* property taxes, the 2024-25 State Budget is not expected to have a material impact on the payment of the Bonds.

Additional Information. Information about the State budget and State spending for education is regularly available at various State-maintained websites. Text of the State budget may be found at the website of the Department of Finance, www.dof.ca.gov, under the heading "California Budget." Various analyses of the budget may be found at the website of the LAO at www.lao.ca.gov. In addition, various State official statements, many of which contain a summary of the current and past State budgets and the impact of those budgets on school districts in the State, may be found via the website of the State Treasurer, www.treasurer.ca.gov. The information presented in these websites is not incorporated by reference in this Official Statement.

State Funding of Schools Without a State Budget

Although the State Constitution requires that the State Legislature adopt a budget for the State by June 15 of the prior fiscal year and that the Governor sign a budget by June 30, this deadline has been missed from time to time. Delays in the adoption of a Budget Act in any fiscal year could impact the receipt of State funding by the District. On May 29, 2002, the California Court of Appeal for the Second District decided the case of *Howard Jarvis Taxpayers Association, et al. v. Kathleen Connell* (as Controller of the

State of California), et al. (also referred to as *White v. Davis*) (“Connell”). The California Court of Appeal concluded that, absent an emergency appropriation, the State Controller may authorize the payment of State funds during a budget impasse only when payment is either (i) authorized by a “continuing appropriation” enacted by the State Legislature, (ii) authorized by a self-executing provision of the State Constitution, or (iii) mandated by federal law. The Court of Appeal specifically concluded that the provisions of Article XVI, Section 8 of the State Constitution—the provision establishing minimum funding of K-14 education enacted as part of Proposition 98—did not constitute a self-executing authorization to disburse funds, stating that such provisions merely provide formulas for determining the minimum funding to be appropriated every budget year but do not appropriate funds. Nevertheless, the State Controller has concluded that the provisions of the State Education Code establishing K-12 and county office of education revenue limit funding (the predecessor to the LCFF) do constitute continuing appropriations enacted by the State Legislature and, therefore, has indicated that State payments of such amounts would continue during a budget impasse. The State Controller, however, has concluded that K-12 categorical programs are not authorized pursuant to a continuing appropriation enacted by the State Legislature and, therefore, cannot be paid during a budget impasse. To the extent the Connell decision applies to State payments reflected in the District’s budget, the requirement that there be either a final budget bill or an emergency appropriation may result in the delay of some payments to the District while such required legislative action is delayed, unless the payments are self-executing authorizations, continuing appropriations or are subject to a federal mandate. The District, however, does not expect any delays in payments from the State to adversely affect its ability to pay the principal of and interest on the Bonds described in the forepart of this Official Statement, which are payable from voter-approved *ad valorem* property taxes.

Local Control Funding Formula

General. Funding for school districts, charter schools and county offices of education in connection with the LCFF includes State apportionments for general operating costs (“State Aid”) and funding for categorical programs. During fiscal year 2023-24, approximately 60.04% of the District’s General Fund revenues were pursuant to the LCFF. At the time of preparation of the 2024-25 Second Interim Report, the District projected that approximately 68.40% of the District’s fiscal year 2024-25 General Fund revenues will consist of funds determined under the LCFF. For fiscal years 2020-21 through 2023-24, LCFF revenues comprised a lower percentage of the District’s total General Fund revenues as a result of increases in one-time federal funding for COVID-19 relief. The following Table A-2 sets forth the percentage of the District’s General Fund revenues that are derived from revenues under the LCFF, federal revenues, other State revenues and other local revenues for fiscal years 2020-21 through 2024-25.

TABLE A-2
LOS ANGELES UNIFIED SCHOOL DISTRICT
General Fund Revenue Sources
Percentage of Total District General Fund Revenues⁽¹⁾
Fiscal Years 2020-21 through 2024-25

Revenue Source	Fiscal Year 2020-21	Fiscal Year 2021-22	Fiscal Year 2022-23	Fiscal Year 2023-24⁽²⁾	Fiscal Year 2024-25⁽³⁾
LCFF	64.68%	62.42%	55.99%	60.04%	68.40%
Federal Revenues	19.15	19.13	19.57	18.91	7.63
Other State Revenues	13.99	18.08	22.77	15.85	18.18

Sources: Audited Annual Financial Report for fiscal years 2020-21 through 2023-24; and 2024-25 Second Interim Report.

The LCFF allocates State funding based on a school district's demographics. Each school district receives a base grant (the "Base Grant") per ADA in an amount determined by the State. The Governor's State budget for fiscal year 2022-23 revised the LCFF calculation beginning with fiscal year 2022-23 to consider the greater of a school district's current fiscal year, prior fiscal year, or the average of three prior fiscal years' ADA. See "DISTRICT GENERAL INFORMATION – Enrollment and Average Daily Attendance." Pursuant to the LCFF, each local education agency ("LEA") is required to, among other things, show progress toward an average class enrollment of no more than 24 pupils in kindergarten through grade 3, unless the LEA has entered into a collective bargaining agreement specifying an annual alternative average class enrollment in those grades for each school. Accordingly, the LCFF includes an adjustment to the Base Grant for kindergarten through grade 3 (the "K-3 Grade Span Adjustment") of approximately 10.4% in order to cover the costs associated with class size reduction. In addition, the LCFF includes an adjustment to the Base Grant for grades 9 through 12 of approximately 2.6% to cover the costs of, among other things, providing career technical education.

Based on the ADA of the given demographic classification, school districts are eligible to receive a 20% supplemental grant (the "Supplemental Grant") for students classified as English learners ("EL"), students eligible to receive a free or reduced-price meal ("FRPM"), and students classified as foster youth ("LI"). The State expects the Supplemental Grants to reflect the additional costs associated with the education of EL, FRPM and LI students. In addition, school districts are eligible to receive a concentration grant (the "Concentration Grant") if the school district has a significant concentration of students classified as EL, FRPM or LI (collectively, "Unduplicated Pupils"). The LCFF uses an unduplicated student count to determine the amount of the Supplemental Grant and Concentration Grant authorized for a school district. A school district may only count a student one time if such student is classified in more than one of the EL, FRPM and LI categories. In the event the percentage of Unduplicated Pupils exceeds 55% of a school district's total enrollment, the LCFF provides additional funding to the school district through a Concentration Grant. The Concentration Grant will be an amount equal to an additional 65% of the school district's adjusted Base Grant, which includes the cost of living adjustment and grade span adjustments, if any, for each Unduplicated Pupil above the 55% threshold.

Starting with the 2023-24 fiscal year, an additional Equity Multiplier was added for LEAs who qualify by having both (1) a prior year nonstability rate of greater than 25% and (2) a prior year socioeconomically disadvantaged pupil rate of greater than 70%. The nonstability rate refers to the percentage of students who do not complete the year due to factors like expulsion or other reason without stable subsequent enrollment at another school. The socioeconomically disadvantaged pupil rate refers to the percentage of students who (i) do not have a parent with a high school diploma, (ii) are eligible for free or reduced-price meals, (iii) are migratory, (iv) are homeless youth, (v) are foster youth or (vi) are enrolled in a county juvenile court school. Every year, the state will allocate \$300 million to the qualifying LEAs on a per-unit basis based on the LEA's prior year adjusted cumulative enrollment, but each qualifying school will receive at least \$50,000. The Equity Multiplier revenue must be used for evidence-based services and support for pupils.

The Base Grants are based on four uniform, grade-span base rates. For fiscal year 2024-25, the LCFF provided to school districts and charter schools: (a) a Base Grant for each LEA equivalent to \$11,068 per ADA for transitional kindergarten/kindergarten through grade 3 (including the grade span adjustment); (b) a Base Grant for each LEA equivalent to \$10,177 per ADA for grades 4 through 6; (c) a Base Grant for each LEA equivalent to \$10,478 per ADA for grades 7 and 8; (d) a Base Grant for each LEA equivalent to \$12,460 per ADA for grades 9 through 12 (including the grade span adjustment). The Base Grant amount for fiscal year 2024-25 includes a COLA of 1.07%. The amount of actual funding allocated to the Base Grant, Supplemental Grants and Concentration Grants is subject to the discretion of the State.

Since the full implementation of the LCFF in fiscal year 2018-19, there is no longer a gap between a school district's prior year funding and the target amount of funding under the LCFF for the current year. Further, there is no longer a difference between the District's target entitlement under the LCFF – the amount available once the LCFF is fully funded – and the District's transition entitlement. In fiscal year 2018-19, the District reached its target entitlement for the District and the Affiliated Charter Schools, such that there is no transition entitlement for the District and the Affiliated Charter Schools. Accordingly, the District's historically significant increases in LCFF funding from year to year are not reflective of the District's current and expected LCFF funding since the LCFF is fully funded.

The difference between the amount a school district or charter school would have received under the old funding system and the estimated amount it would receive for LCFF funding at full implementation, based on certain criteria is referred to as the "Economic Recovery Target." Only school districts and charter schools that were at, or below, the 90th percentile of per-pupil funding rates of school districts under the pre-fiscal year 2013-14 funding system, as determined at the certification of the State's second principal apportionment in fiscal year 2013-14, are eligible for Economic Recovery Target payments. Based on this criteria, the District is not entitled to receive Economic Recovery Target funding. Certain of the District's Affiliated Charter Schools, however, are entitled to the Economic Recovery Target funding and received \$990,310, collectively, in fiscal year 2023-24, and budget to receive approximately the same amount, collectively, in fiscal year 2024-25.

The District has the largest ADA in the State. See "DISTRICT GENERAL INFORMATION – Enrollment and Average Daily Attendance" herein. In addition, the District's ADA includes a significant number of students classified as Unduplicated Pupils. Accordingly, the District expects to receive more LCFF funding than other school districts in the State. The 2024-25 Second Interim Report projects that approximately 85.72% of students attending non-charter schools of the District will be classified as Unduplicated Pupils under the LCFF during fiscal year 2024-25. The percentage of students classified as Unduplicated Pupils is based on a three-year rolling average. The District's calculation of ADA with respect to Unduplicated Pupils, which is used to determine Supplemental and Concentration Grant revenues, is subject to adjustment upon review thereof by the District's independent auditor.

The following Table A-3 sets forth the District's Base Grant per ADA with grade span adjustments for fiscal years 2015-16 through 2024-25 under the LCFF.

TABLE A-3
LOS ANGELES UNIFIED SCHOOL DISTRICT
Adjusted Base Grant Per Average Daily Attendance
Fiscal Years 2015-16 through 2024-25

<u>Fiscal Year</u>	<u>Grades TK/K-3</u>	<u>Grades 4-6</u>	<u>Grades 7-8</u>	<u>Grades 9-12</u>
2015-16	\$ 7,820	\$ 7,189	\$ 7,403	\$ 8,801
2016-17	7,820	7,189	7,403	8,801
2017-18	7,941	7,301	7,518	8,939
2018-19 ⁽¹⁾	8,235	7,571	7,796	9,269
2019-20	8,503	7,818	8,050	9,572
2020-21	8,503	7,818	8,050	9,572
2021-22	8,935	8,215	8,458	10,057
2022-23	10,119	9,304	9,580	11,391
2023-24	10,951	10,069	10,367	12,327
2024-25	11,068	10,177	10,478	12,460

⁽¹⁾ LCFF was fully funded in fiscal year 2018-19.

Sources: California Department of Education.

Local Control and Accountability Plan. Pursuant to the LCFF, since July 1, 2014, school districts, county offices of education and charter schools have been required to develop, adopt and annually update a three-year LCAP. The LCAP is required to identify goals and measure progress for student subgroups across multiple performance indicators. The Education Code requires each school district to file with the county superintendent of schools such school district's LCAP or annual update thereof not later than five days after its adoption. On or before August 15 of each year, the county superintendent of schools may seek clarification, in writing, from the governing board of such school district about the contents of the LCAP. The school district has the opportunity to respond to such request and the county superintendent is authorized to submit recommendations for amendments to the LCAP. On or before October 8 of each year, the county superintendent of schools is required to approve each school district's LCAP pending a determination that the school district has adhered to the template adopted by the State Board of Education, the school district's budget includes expenditures sufficient to implement the specific actions and strategies included in the LCAP based on projected costs, and the school district has adhered to the Education Code with respect to funds apportioned for Unduplicated Pupils.

The State's priorities for each LCAP include, among other things, compliance with requirements with respect to appropriateness of teacher assignments, ensuring that teachers are fully credentialed in the subject areas and for the pupils they are teaching, and ensuring that every pupil in the school district has sufficient access to the standards-aligned instructional materials as determined in accordance with the Education Code. In addition, school facilities are to be maintained in good repair. The State requires proper implementation of the academic content and performance standards adopted by the State Board of Education and will measure parental involvement (e.g., efforts to seek input from parents or guardians regarding decisions for the district and the school site), pupil achievement (e.g. performance on Statewide assessments, the academic performance index, readiness for college or career technical education, progress towards English proficiency, performance on advance placement examinations), pupil engagement (e.g., school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout and graduation rates, pupil suspension and expulsion rates, etc.), access and enrollment in a broad course of study including the core subject areas and programs and services developed and provided to Unduplicated Pupils, and pupil outcomes in the subject areas comprising a broad course of study.

In November 2014, the State Board of Education adopted final regulations to govern the expenditure of the Supplemental Grant and Concentration Grant funding. These regulations require school districts, county offices of education, and charter schools to increase and improve services for Unduplicated Pupils and provide authority for school districts to spend funds school-wide when significant populations of Unduplicated Pupils attend a school. Pursuant to the regulations, LEAs are required to obtain input from parents of students and the general public in connection with the development, revision and updates of LCAPs. In addition, the regulations require County superintendents to review school district LCAPs and require county offices of education to provide technical assistance if they disapprove an LCAP. The Education Code grants the State Superintendent of Public Instruction authority to intervene if a school district or charter school fails to show improvement across multiple subgroups in three out of four consecutive years.

Risks Affecting School District Revenue. Many school districts in the State are funded based on the LCFF, which allocates a Base Grant per unit of ADA with additional supplemental funding in the form of Supplemental Grants and Concentration Grants based on certain factors. Thus, a temporary shutdown of a school or an entire school district or other event resulting in reduced enrollment or attendance would reduce the ADA of a school district and could impact the funding a school district receives. For example, events like the outbreak of a highly contagious disease or epidemic disease could harm a school district's financial results or result in a temporary shutdown of the school district's facilities. Such an event could also have impacts on the State's tax and other revenue receipts which may, in turn, impact educational

funding that school districts receive from the State. The outbreak of the respiratory disease caused by COVID-19 was declared a pandemic by the World Health Organization, a national emergency by former President Trump and a state of emergency by the Governor. While State and federal one-time COVID-19 relief funding provided some immediate relief to school districts, including the District, during the COVID-19 pandemic, the District cannot predict whether similar legislation providing State and federal one-time relief funding would be enacted in the future in the event the outbreak of COVID-19 were to increase in intensity or a similar or other outbreak of a highly contagious disease or epidemic disease or other event resulting in reduced enrollment or attendance were to occur in the future.

In January 2025, multiple fires broke out across areas of the County burning thousands of acres and damaging or destroying thousands of structures. The three largest of said fires are the Hughes Fire, Eaton Fire, and Palisades Fires. The Hughes Fire burned approximately 10,400 acres, although no information is available on the number of structures that have been damaged or destroyed. The Eaton Fire has burned approximately 14,000 acres and has damaged or destroyed at least 10,000 structures. The Palisades Fire has burned approximately 23,500 acres and has damaged or destroyed at least 7,000 structures. Properties damaged or destroyed in the Palisades Fire are included within the boundaries of the District and represent a small percentage of the assessed value in the District. As a result of the fires, schools in the District were closed for 3 days and approximately 2,400 students were displaced. Three school campuses within District boundaries, Marquez Elementary School, Palisades Elementary School, and Palisades High School/Palisades Charter High School (Palisades Charter High School is a Fiscally Independent Charter School), were significantly damaged by the fires and remain closed. The District estimates that the costs of rebuilding the three damaged campuses will be approximately \$600 million, and debris removal at the sites is nearly complete. The District expects to rebuild its damaged campuses, however, no assurances can be given that the District will rebuild any or all of its damaged facilities. The District is unable at this time to quantify the overall loss as a result of the fires.

The County Assessor's Office allows for the reassessment of properties that are damaged or destroyed as a result of misfortune or calamity, which includes wildfires. Property owners may submit an application for the reassessment of the property within 12 months of the damage or destruction. Any such reassessment is retroactive to the date of damage or destruction. The District is unable at this time to quantify the loss in assessed value as a result of any such reassessment. The California Legislative Analyst's Office currently estimates a reduction of assessed value in the County, including impacted areas located within and outside of the boundaries of the District, to be between \$10 and \$20 billion.

Additionally on January 16, 2025, the California Governor issued Executive Order 10-25 that (i) suspends until April 10, 2026, certain state tax laws that impose penalties, costs, and interest for late payment of property taxes due in calendar year 2025, and (ii) suspends certain additional state tax laws requiring the filing of various property tax statements. The orders apply to properties located in 9 zip codes that are included in the boundaries of the District. Additional executive orders have been issued to allow for a quicker redevelopment in fire-damaged areas. The District cannot predict the effect any executive orders will have on the timely collection of property taxes.

Charter School Funding

A charter school is a public school authorized by a school district, county office of education or the State Board of Education. State law requires that charter petitions be approved if they comply with the statutory criteria. The District has certain fiscal oversight and other responsibilities with respect to both Affiliated Charter Schools and Fiscally Independent Charter Schools located in the District geographic boundaries. Fiscally Independent Charter Schools, however, are separate LEAs and receive revenues directly from the State. Affiliated Charter Schools receive their funding from the District and are included in the District's budgets and audit reports. Information regarding enrollment, ADA, budgets and other

financial information relating to Fiscally Independent Charter Schools is not included in the District’s audit reports or in this Official Statement unless otherwise noted.

Pursuant to the LCFF, Fiscally Independent Charter Schools and Affiliated Charter Schools will receive a Base Grant per ADA and are eligible to receive Supplemental Grants, Concentration Grants and Equity Multiplier funds. See “– Local Control Funding Formula” herein. In fiscal year 2023-24, the District operated 51 Affiliated Charter Schools and oversaw 221 Fiscally Independent Charter Schools within the District boundaries. The fiscal year 2023-24 funded ADA of the Affiliated Charter Schools and the Fiscally Independent Charter Schools was 35,586 and 101,451 (unaudited), respectively. An increase in the number of Fiscally Independent Charter Schools within the boundaries of a school district or an increase in the number of students transferring to a Fiscally Independent Charter School or an Affiliated Charter School from a traditional school within a school district may cause a net reduction in the District’s ADA.

Limitations on School District Reserves

Unless a school district is granted an exemption by its county superintendent of schools, amounts in its reserves may not exceed the limitations set forth in the Education Code once certain conditions precedent are met. Pursuant to Section 42127.01 of the Education Code, in a fiscal year immediately after a fiscal year in which the amount of moneys in the Proposition 98 Rainy Day Fund is equal to or exceeds 3% of the combined total of State general fund revenues appropriated for school districts and allocated local proceeds of taxes for that fiscal year, a school district budget that is adopted or revised shall not contain a combined assigned or unassigned ending general fund balance that is in excess of 10% of total General Fund expenditures and other financing uses. A county superintendent of schools may grant a school district under its jurisdiction an exemption from the reserves limitation for up to two consecutive fiscal years within a three-year period if the school district provides documentation indicating that extraordinary fiscal circumstances, including, but not limited to, multiyear infrastructure or technology projects, substantiate the need for a combined assigned or unassigned ending general fund balance that is in excess of the reserves limitation. The limitation applies once the Superintendent of Public Instruction notifies school districts and county offices of education that the conditions precedent are met. The Superintendent of Public Instruction is also required to notify school districts and county offices of education when those conditions no longer exist.

The State-imposed minimum recommended reserve for the District is accounted for in the District’s reserve for economic uncertainties. Payments allocated to the Proposition 98 Rainy Day Fund by the State in fiscal years 2021-22 and 2022-23 triggered the limitations on school district reserves under the Education Code in fiscal years 2022-23 and 2023-24. The State’s economic and revenue outlook, however, has changed. Although the 2024-25 State Budget provides for a discretionary payment of approximately \$1.1 billion to the Proposition 98 Rainy Day Fund in fiscal year 2024-25, the 2024-25 State Budget also provides for a withdrawal of the entire \$8.4 billion balance in the Proposition 98 Rainy Day Fund in fiscal year 2023-24, leaving a projected balance of \$1.1 billion at the end of fiscal year 2024-25. Given 2024-25 State Budget provisions relating to the Proposition 98 Rainy Day Fund, school district reserve caps will not be triggered in fiscal year 2024-25 and are not projected to be triggered in fiscal year 2025-26. See “– State Budget Act.”

DISTRICT FINANCIAL INFORMATION

District Financial Policies and Related Practices

General. The District has three key financial policies: a budget and finance policy (the “Budget and Finance Policy”), a debt management policy (the “Debt Management Policy”) and an investment policy (the “Investment Policy”).

Budget and Finance Policy. The District has adopted a Budget and Finance Policy pursuant to which the District creates and funds reserves for operating purposes (collectively, the “Operating Reserves”) and liability management purposes. The Budget and Finance Policy reflects reserve categories promulgated by the Government Accounting Standards Board (“GASB”) and incorporates certain reserve categories established by the District. See “STATE FUNDING OF SCHOOL DISTRICTS – Limitations on School District Reserves” herein.

Operating Reserves. The District uses the Operating Reserves to manage its budget for each fiscal year. A portion of the District’s authorized appropriations are set aside in the Operating Reserves. The District generally appropriates amounts from the General Fund based on the amount estimated in its budget. The District may, however, appropriate funds from unspent balances within the Operating Reserves, if necessary. Accordingly, the District uses the Operating Reserves to ensure that appropriations reflect the District’s actual General Fund expenditures. The current Operating Reserves include nonspendable reserves, restricted reserves, committed reserves, assigned reserves, and unassigned reserves (generally described as fund balances), the latter of which includes the District’s reserve for economic uncertainties. Pursuant to the California Code of Regulations, school districts with an ADA of over 250,001 students, such as the District, must maintain a reserve for economic uncertainties of 1% of General Fund appropriations.

Pursuant to the Budget and Finance Policy, the District’s total General Fund balance may not be less than an amount equal to 5% of total General Fund expenditures and net transfers out during a fiscal year (the “5% Minimum Reserve Threshold”). In addition, the Budget and Finance Policy requires the projected General Fund balance to satisfy the 5% Minimum Reserve Threshold in each of the two subsequent fiscal years which the District includes in its interim financial reports. In the event that the District’s estimates indicate that the total General Fund balance will not satisfy the 5% Minimum Reserve Threshold in any of the current fiscal year or two subsequent fiscal years, the Budget and Finance Policy directs the District to develop and implement budget proposals to restore reserve balances to the 5% Minimum Reserve Threshold.

Based on the 2024-25 Second Interim Report, the District’s Operating Reserves are expected to satisfy both the 5% Minimum Reserve Threshold and the 1% statutory reserve requirement for fiscal years 2024-25, 2025-26 and 2026-27. Unlike the 5% Minimum Reserve Threshold, the 1% statutory reserve requirement is based on the unrestricted and unassigned ending fund balance (including the reserve for economic uncertainties) only and does not take into account the restricted, committed, or assigned ending fund balances. See “– District Budget – 2024-25 Second Interim Report” herein.

Liability Management. Pursuant to the Budget and Finance Policy, the District has established a health and welfare reserve (the “Health and Welfare Benefits Fund”), and an other-post-employment benefits (“OPEB”) trust (the “OPEB Trust Fund”). Annual appropriations are made to address other identified liabilities, such as pension, vacation, and retiree healthcare.

The District is in the process of transitioning certain liabilities and potential claims previously covered by District reserves and purchased lines of coverage to a captive insurance company, designed to mitigate financial risks, enhance control over the insurance processes, potentially reduce costs, and tailor coverage to meet the District’s specific needs. The Captive Insurer (as defined below) is a separate legal entity. See “Risk Management and Litigation – *Captive Insurance Program.*” The Captive Insurer will determine the reserves, liabilities, and insurance policy premiums charged to the District from actuarial information. The Captive Insurer is liable for losses and will record the liability on its books.

The liability for auto, general, and workers’ compensation, prior to July 1, 2024, was based upon information from an independent actuary. Effective July 1, 2024, coverage and reserves with respect to

automobile, general, sexual abuse and molestation, and workers' compensation liabilities was and is being transferred to the Captive Insurer, with required reserves, liabilities and insurance policy premiums determined by the Captive Insurer and charged to the District using actuarial information. See "Risk Management and Litigation – *Captive Insurance Program*." The District is currently evaluating the following lines of coverage to be provided by the Captive Insurer: boiler and machinery; crime and fiduciary; property; cyber security; and medical malpractice.

For certain current claims for sexual abuse and molestation pending settlement, funds have been set aside or transferred to the Captive Insurer. Remaining sources of funds to resolve claims for sexual abuse and molestation are expected to include limited insurance including through the Risk Management Authority (as defined herein), amounts provided and available to the Captive Insurer, and other legally available funds whether made payable as due or by payments spread over several years for a period commencing with the judgment or court's order approving a settlement with dismissal of the action. See "Risk Management and Litigation – Sexual Misconduct Cases" and "Future Financings – AB 218 and Similar Claims."

Prior to the establishment of the Captive Insurer, the District maintained a workers' compensation reserve (the "Workers' Compensation Fund") with the amount required to be on deposit therein established with information from an independent actuary at an amount necessary to fund its outstanding workers' compensation liability to the actuarially recommended level based on the central estimate approach and by additionally calculating the amount necessary for claims and operation of the Workers' Compensation Fund. See "– Risk Management and Litigation" herein. As used herein, the central estimate represents an expected value over the range of reasonably possible outcomes.

The Health and Welfare Benefits Fund is used to pay all health and welfare payments for active employees and retirees. The District determines funding of the Health and Welfare Benefits Fund based on the applicable health benefits agreement for each of the applicable years. See "– Employees and Labor Relations – Negotiations Regarding Labor Contracts" herein. As of June 30, 2024, the net position of the Health and Welfare Benefits Fund was in deficit at approximately \$(2.0) million. The deficit will be addressed by increasing the annual employee contribution rate for fiscal year 2024-25, from \$15,500 to \$18,400 per employee. The Fiscal Year 2024-25 Budget includes contributions of \$1.4 billion for the Health and Welfare Benefits Fund.

The District Board approved the creation of the OPEB Trust Fund in May 2014 as an irrevocable trust for its OPEB liability. The Budget and Finance Policy directs the District, subject to approval by the District Board, to make annual contributions to the OPEB Trust Fund when the balance in the General Fund exceeds the 5% Minimum Reserve Threshold to the extent possible. In the event that the unrestricted portion of the General Fund balance is above 5% of the unrestricted revenues (after the annual OPEB contribution has been determined), the Budget and Finance Policy directs the District to make an additional contribution to the OPEB Trust Fund. See "– Other Postemployment Benefits" herein. As of a June 30, 2024 measurement date, the net position of the OPEB Trust Fund was approximately \$820 million.

Budgeting Practices. Since Fiscal Year 2022-23 the District has updated and implemented new budgeting practices to improve timeliness, accuracy and transparency. In Fiscal Year 2024-25, the District named these collective actions as strategic budgeting. To support this effort, departments are now able to view daily updates of budget to actuals analysis for their respective departments, which facilitates effective and timely decision-making regarding opportunities for internal budget adjustments and/or reallocations that may be available for both labor and non-labor resources (this data is refreshed on a nightly basis). The District also implemented budget sweeps of positions that have been vacant for more than 180 days. In addition, to improve transparency of anticipated underspend in multi-year projections, the District refined its use of contras (i.e. underspend projections) in budgeting to better reflect actual expenditures for current

and future years. The district is also beta testing a budget transparency dashboard for public use to improve the communication of central office and school site budgetary information (to external audiences); the first phase is scheduled to go live July 1, 2025. In summary, the strategic budgeting process aims to align non-labor budgeting to need, eliminate aged vacancies, reassess budget needs with actual spend and enrollment trends, while improving transparency for both internal and external stakeholders.

Debt Management Policy. The Debt Management Policy establishes formal guidelines for the issuance and management of the District's debt and other financial obligations. The Debt Management Policy establishes targets and ceilings for certificates of participation ("COPs") and unhedged variable rate exposure and sets forth benchmark debt ratios that include both COPs and the District's general obligation bonds. The Debt Management Policy also requires the District to annually publish a comprehensive debt report that, among other things, provides information on tax rates related to the District's general obligation bonds and credit factors that reflect the District's ratings.

The Debt Management Policy is required to be reviewed annually. The current Debt Management Policy was approved by the District Board on June 18, 2024. The District is in compliance with the Debt Management Policy. The Debt Management Policy establishes a ceiling of 2.0% for the ratio of COPs gross annual debt service to District General Fund expenditures. The District Board may increase the target at the time a new debt issuance is proposed, but such authority is not intended to exceed the ceiling established in the Debt Management Policy. As of January 1, 2025, the maximum fiscal year COPs debt service was approximately 0.45% of the District's General Fund budgeted expenditures for Fiscal Year 2024-25. As of January 1, 2025, the District has outstanding COPs in the aggregate principal amount of approximately \$443.0 million, which includes the portion to be refunded by the Series B Bonds. (See " – District Debt – Certificates of Participation" for more information.) The Debt Management Policy limits unhedged variable rate debt to \$100 million and requires reporting of the debt ratios and benchmarks. The District currently has a variable interest rate exposure of \$69.95 million. The variable rate debt is associated with the District's 2024-25 Tax and Revenue Anticipation Notes which serve as an interim financing mechanism in connection with the District's refinancing of claims arising from AB 218 and similar claims.

Investment Policy. The foremost objective of the District's Investment Policy is safety. In addition, the Investment Policy directs the District to invest public funds in a manner that will maximize the investment return on all of its funds with maximum security while meeting the daily cash flow demands of each portfolio of the District and conforming to all federal, State, and local statutes governing the investment of public funds. Further, the Investment Policy directs that all investments of the District be undertaken to ensure the preservation of capital in the overall portfolio. To attain this objective, the District may diversify its investments by investing funds among a variety of securities offering independent returns. In addition, the Investment Policy requires the District's investment portfolios remain sufficiently liquid to enable the District to meet its operating requirements and be structured to attain a maximum return commensurate with its investment risk constraints and the cash flow characteristics of each portfolio.

The District's operating funds and all of the debt service funds maintained for repayment of general obligation bonds are deposited in the County Treasury Pool in accordance with State law and managed pursuant to the County's Investment Policy, a copy of which can be found at <http://ttc.lacounty.gov/>. Such website is not incorporated herein by reference and the District, its counsel (including Bond Counsel and Disclosure Counsel), the Municipal Advisor, the Underwriters and their counsel do not make any representation as to the accuracy of the information provided therein. See APPENDIX F – "THE LOS ANGELES COUNTY TREASURY POOL." With the concurrence of the County's Treasurer and Tax Collector, however, the District may direct the investment of funds in certain of its operating funds and debt service funds so long as such direction complies with both the County's investment policy and the District's Investment Policy. In addition, the District can direct the investment of indentured funds held by

third party trustees with regard to certain issuances of COPs pursuant to a prescribed list of permitted investments.

Significant Accounting Policies, System of Accounts and Audited Financial Statements

The CDE imposes by law uniform financial reporting and budgeting requirements for K-12 school districts. Financial transactions are accounted for in accordance with the California School Accounting Manual. The District uses fund accounting and maintains governmental funds, proprietary funds and fiduciary funds. The General Fund is the chief operating fund of the District. For a description of the other major funds of the District, see the description thereof contained in APPENDIX B – “AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024.” Note 1 to such audited financial statements sets forth significant accounting policies that the District follows. Simpson & Simpson Certified Public Accountants (“Simpson”), Los Angeles, California, served as independent auditor to the District for its audited financial statements for fiscal year 2023-24. Simpson has not been requested to consent to the use or to the inclusion of its reports in this Official Statement, and it has not audited or reviewed this Official Statement. The District’s audited financial statements for the fiscal year ended June 30, 2024, are included as Appendix B to this Official Statement. The complete audited financial statements of the District, including the notes thereto, are an integral part of this Official Statement.

Typically, the District is required to file its audited financial statements for the preceding fiscal year with the State Controller’s Office, the CDE and the County Superintendent of Schools by December 15 of each year. During the last five years, the District timely filed its audited financial reports with the State Controller’s Office, the CDE, and LACOE pursuant to the Education Code and any applicable legislation amending the filing deadline thereof by the respective deadlines therefor.

The audited financial statements for fiscal year 2023-24 include certain audit findings and questioned costs. With respect to the audited financial statements for fiscal year 2023-24, Simpson identified 13 audit findings and questioned costs totaling approximately \$770.1 million. For detailed information regarding such findings and questioned costs, see Appendix B. Notably, in fiscal year 2023-24 – like the three previous fiscal years – the District did not meet the minimum threshold of General Fund spending on classroom teacher salaries and benefits in accordance with Education Code Section 41372. Under Education Code Section 41372, a unified school district, like the District, is required to spend a minimum of 55% of its General Fund resources on classroom salaries and benefits. In fiscal year 2023-24, the District spent approximately 47.08% of its General Fund resources on classroom salaries and benefits, which is approximately 7.92% or \$763.9 million below such minimum threshold set forth in the Education Code. Such discrepancy is the result of the COVID-19 pandemic that caused the District to spend significant General Fund revenues on COVID-19 related expenses that were non-classroom teacher salaries and benefits. In each of fiscal year 2020-21, fiscal year 2021-22, and fiscal year 2022-23, the District Board approved the submission of a waiver request to the County Superintendent, and each was approved by the County Superintendent. The District expects to submit a waiver request for fiscal year 2023-24 to the County Superintendent after notice is received from the Los Angeles County Office of Education.

In addition, the audited financial statements for fiscal year 2023-24 included a finding that the District did not meet the transitional kindergarten and early enrollment average class enrollment and adult-to-pupil requirements pursuant to Education Code Section 48000. The District has implemented measures to ensure compliance with class size and adult-to-pupil ratio requirements, including the distribution of a Transitional Kindergarten Resources and Communication Toolkit to school sites and district administrators.

Copies of the District’s audited financial statements as well as budgets and interim financial reports may be obtained from the website of the District: www.lausd.org. The website is not incorporated herein

by reference and the District, its counsel (including Bond Counsel and Disclosure Counsel), the Municipal Advisor, the Underwriters and their counsel do not make any representation as to the accuracy of the information provided therein.

Audited Financial Report

Fiscal Year 2023-24 Audited Annual Financial Report. The District’s fiscal year 2023-24 Audited Annual Financial Report (the “Fiscal Year 2023-24 Audit”) has been submitted to the District. The Fiscal Year 2023-24 Audit reflects the District’s audited financial results for fiscal year 2023-24. The Fiscal Year 2023-24 Audit reflects a General Fund adjusted beginning balance of approximately \$5.71 billion, total revenues of \$11.22 billion, total expenditures of \$10.55 billion, other financing sources and uses of \$45.64 million, and an ending balance of \$6.42 billion. The Fiscal Year 2023-24 Audit indicates that the General Fund ending balance of approximately \$6.42 billion consists of approximately \$244.90 million for the mandatory reserve for economic uncertainties, \$2.92 million of non-spendable revolving cash, stores, and prepaid expenditures, \$1.79 billion of restricted ending balances, \$2.97 billion of committed ending balances, \$491.52 million of assigned ending balances and \$869.03 million of unassigned and unappropriated ending balances. In fiscal year 2023-24, the District was able to meet its financial commitments and its required ending balances, as set forth in the Budget and Finance Policy. See “– District Financial Policies and Related Practices” for more information on the Budget and Finance Policy.

District Budget

General School District Budget Process and Oversight. State law requires that each school district maintain a balanced budget in each fiscal year. The California Department of Education imposes a uniform budgeting and accounting format for school districts. Under current law, a school district governing board must adopt and file with the county superintendent of schools a budget by July 1 of each fiscal year. The District is under the jurisdiction of the County of Los Angeles Superintendent of Schools.

The county superintendent of schools must approve, conditionally approve, or disapprove the adopted budget for each school district by September 15 in accordance with the Education Code. The county superintendent of schools is required to examine the adopted budget for compliance with the standards and criteria adopted by the State Board of Education and identify technical corrections necessary to bring the budget into compliance with the established standards. The county superintendent of schools is also required to determine whether the adopted budget will allow the school district to meet its financial obligations during the fiscal year and is consistent with a financial plan that will enable the school district to satisfy its multiyear financial commitments. The Education Code directs the county superintendent of schools to disapprove any school district budget if it determines that the budget does not include expenditures necessary to implement an LCAP or an annual update to the LCAP. See “STATE FUNDING OF SCHOOL DISTRICTS – Local Control Funding Formula – *Local Control and Accountability Plan*” herein for more information about LCAP.

In the event that the county superintendent of schools conditionally approves or disapproves the school district’s budget, the county superintendent of schools will submit to the governing board of the school district no later than September 15 of such year recommendations regarding revisions of the budget and the reasons for the recommendations, including, but not limited to, the amounts of any budget adjustments needed before the county superintendent of schools can approve that budget. In addition, school districts must make available for public review any revisions to revenues and expenditures that it has made to its budget to reflect the funding made available by the State Budget Act (defined herein) not later than 45 days after the enactment of the State Budget Act.

The governing board of the school district, together with the county superintendent of schools, must review and respond to the recommendations of the county superintendent of schools before October 8 at a regular meeting of the governing board of the school district. The county superintendent of schools will examine and approve or disapprove of the revised budget by November 8 of such year. If the county superintendent of schools disapproves a revised budget, the county superintendent of schools will call for the formation of a budget review committee. By December 31 of each year, every school district must have an adopted budget, or the county superintendent of schools may impose a budget and will report such school district to the State Legislature and the Department of Finance. In prior years, LACOE has granted a conditional approval to certain of the District's budgets pending, among other things, approval of the District's LCAP, information regarding collective bargaining and other budgetary considerations. However, in the last ten years, LACOE has not disapproved any budget submitted to it by the District. LACOE approved the Fiscal Year 2024-25 Budget. See “– *Fiscal Year 2024-25 Budget*” and “– *LACOE's Response to Fiscal Year 2024-25 Budget*” below.

Subsequent to approval, the county superintendent of schools will monitor each school district under its jurisdiction throughout the fiscal year pursuant to its adopted budget to determine on an ongoing basis if the school district can meet its current or subsequent year financial obligations. If the county superintendent of schools determines that a school district cannot meet its current or the subsequent year's obligations, the county superintendent of schools will notify the school district's governing board, the Superintendent of Public Instruction and the president of the State board (or the president's designee) of the determination and take at least one of the following actions, and all actions that are necessary to ensure that the school district meets its financial obligations: (a) develop and impose, after also consulting with the Superintendent of Public Instruction and the school district's governing board, revisions to the budget that will enable the school district to meet its financial obligations in the current fiscal year, (b) stay or rescind any action inconsistent with the ability of the school district to meet its obligations for the current or subsequent fiscal year, (c) assist in developing, in consultation with the school district's governing board, a financial plan that will enable the school district to meet its future obligations, (d) assist in developing, in consultation with the school district's governing board, a budget for the subsequent fiscal year and (e) as necessary, appoint a fiscal advisor to perform the aforementioned duties. The county superintendent of schools will also make a report to the Superintendent of Public Instruction and the president of the State board or the president's designee about the financial condition of the school district and the remedial actions proposed by the county superintendent of schools. The county superintendent of schools, however, may not abrogate any provision of a collective bargaining agreement that was entered into prior to the date upon which the county superintendent of schools assumed authority.

Fiscal Stabilization Plans. While LACOE and the District will partner to implement actions necessary to stabilize and improve the financial condition of the District as and when needed, LACOE has not required nor has the District implemented a fiscal stabilization plan since 2019 in light of the District's positive certification on its recent interim reports. In the event that the District's financial condition were to change in future fiscal years, LACOE may require the District to implement a fiscal stabilization plan to stabilize and improve the financial condition of the District.

Fiscal Year 2024-25 Budget. The Fiscal Year 2024-25 Budget was adopted by the District Board on June 25, 2024. The Fiscal Year 2024-25 Budget was developed with the assumptions contained in the Governor's May revision to the proposed fiscal year 2024-25 State Budget. The Fiscal Year 2024-25 Budget projects a General Fund beginning balance of approximately \$6.36 billion, total budgeted revenues of \$9.41 billion, total budgeted expenditures of \$11.16 billion, budgeted other financing sources and uses of negative \$20.16 million, and a budgeted ending balance of \$4.58 billion. The Fiscal Year 2024-25 Budget projects that its budgeted General Fund ending balance of \$4.58 billion is expected to consist of approximately \$112.24 million for the mandatory reserve for economic uncertainties, \$47.98 million of non-spendable revolving cash, stores, and prepaid expenditures, \$1.67 billion of restricted ending balances,

\$1.80 billion of committed ending balances, \$726.09 million of assigned ending balances, and \$224.78 million of undesignated and unassigned ending balances.

The Fiscal Year 2024-25 Budget includes certain assumptions and policies, including:

- a COLA of 1.07% for the LCFF, Special Education and selected categorical programs outside of LCFF;
- a net enrollment decline of 8,888 to 403,453 in fiscal year 2024-25 from 412,341 in fiscal year 2023-24 for non-charter and Affiliated Charter Schools and a Fiscally Independent Charter School enrollment decline of 1,227 to 108,520 in fiscal year 2024-25 from 109,747 in fiscal year 2023-24;
- LCFF-funded ADA of 351,116 for non-charter schools, which is based on the average of 3 prior years' ADA, and 35,231.96 for Affiliated Charter Schools, which is based on projected fiscal year 2024-25 P-2 ADA; the percentage of ADA to enrollment is 92%;
- State Special Education funding reflects increased base rate to \$897 per ADA;
- estimated unduplicated pupil count and three-year rolling average unduplicated pupil percentage of 314,904 and 85.75%, respectively, for non-charter schools (including County Program students) and 18,018 and 48.10%, respectively, on average for Affiliated Charter Schools;
- an LCFF allocation of \$1.22 billion from the Education Protection Account (the "Education Protection Account") established by Proposition 30 (defined herein) to be spent for instruction;
- LCFF supplemental and concentration expenditure of \$1.51 billion;
- lottery unrestricted rate per ADA is estimated at \$177 per ADA and restricted rate per ADA is estimated at \$72 per ADA;
- receipt of approximately \$472.0 million from the ELOP in fiscal year 2024-25, which the District anticipates using, together with approximately \$472.0 million in ELOP funds carried over from fiscal year 2023-24;
- receipt of approximately \$74.0 million from Arts and Music in Schools and LCFF Equity Multiplier of \$21.5 million;
- certificated and classified salaries include bargaining agreements with AALA (Certificated and Classified Management), LASPMA, LASPA, Los Angeles/Orange Counties Building & Construction Trades Council, District Represented, and UTLA, and the agreement for revised instructional calendar is also included (See "– Employees and Labor Relations – *Negotiations Regarding Labor Contracts*" for information regarding labor agreements not reflected in Fiscal Year 2024-25 Budget.);
- funding for employee health and medical benefits at the per participant rate set forth in the Health and Welfare Agreement (defined herein);
- a contribution to the OPEB Trust Fund of \$40 million from all funds of the District for fiscal year 2024-25;
- a contribution rate for CalSTRS (defined herein) of 19.10%;

- an increase of 0.37% of CalPERS (defined herein) employer contribution rate for fiscal year 2024-25 from 26.68% to 27.05%;
- a California consumer price index of 3.1% on other operating expenditures, except utilities which is projected to decline by 13.6% as result of lifting the 24-hour heating, ventilation, and air conditioning runtime and switching to occupancy-based usage;
- ongoing and major maintenance resources totaling \$326.9 million, reflecting approximately 3% of budgeted General Fund expenditures and other financing uses, excluding CalSTRS on behalf payments made by the State;
- a contribution from all funds of \$102.0 million to the Workers' Compensation Fund and inclusion of total Workers' Compensation actuarially determined funded liability of \$380.5 million;
- inclusion of bond measure, debt service, COP proceeds funds, and other financing sources/uses;
- a reserve for economic uncertainties totaling \$112.2 million, reflecting the statutory 1% budgeted expenditure requirement and other financing uses;
- inclusion of beginning balances in the General Fund and other funds for fiscal year 2024-25, reflecting the updated estimated actual ending balance as of June 30, 2024;
- estimated ending balances for the General Fund and other funds for fiscal year 2024-25, which reflect the difference between estimated revenue and expenditure levels for fiscal year 2024-25;
- adherence to the 10% cap on reserves (combined assigned and unassigned balances);
- release of a committed balance of \$211 million for OPEB, as approved by the District Board on June 20, 2023;
- authority to transfer amounts, as necessary, to implement technical adjustments related to the Fiscal Year 2024-25 Budget;
- authority to implement new revenues for fiscal year 2024-25, if any, and increase budgeted appropriations accordingly; and
- a transfer from the Community Redevelopment Agency Fund to repay the General Fund of \$30 million initially allocated for ongoing and major maintenance resources.

The District does not expect to adopt revisions to the Fiscal Year 2024-25 Budget prior to what is incorporated into the District's second interim report for fiscal year 2024-25.

LACOE's Response to Fiscal Year 2024-25 Budget. In its August 2024 letter to the District, LACOE approved the Fiscal Year 2024-25 Budget. LACOE noted that the District projected operating deficits in fiscal years 2024-25, 2025-26 and 2026-27 of unrestricted General Fund expenditures and other outgo, indicating that the unrestricted General Fund is projected to decrease from a beginning balance of \$4,475.8 million in 2024-25 to an ending balance of \$1,452.42 million in 2026-27, a decline of approximately \$3,023.44 million, or 67.55% over three years. LACOE indicated that, while the District projected maintaining the required reserve levels by releasing assigned and committed fund balances, LACOE is concerned about the projected trend of deficit spending and recommends that the District monitor the causes for deficit spending to keep it manageable and prevent further erosion of the fund

balance. LACOE noted further that the Fiscal Year 2024-25 Budget reflected declining enrollment and funded three-year average daily attendance from fiscal year 2024-25 to fiscal year 2026-27, reflecting a two-year loss of 20,109 of funded ADA, or a 5.20% decline. As LACOE explained more specifically, continued declines in enrollment and attendance will result in a loss of revenue for the District in future years. Accordingly, LACOE recommended that the District carefully monitor its enrollment and attendance trends and adjust financial projections for the current and subsequent fiscal years accordingly to reflect the resulting impact and indicated that staffing needs and facilities planning should be assessed and adjusted based on the projected rate of decline in enrollment. For more information on the Fiscal Year 2024-25 Budget, see “–Fiscal Year 2024-25 Budget.” See also “DISTRICT GENERAL INFORMATION – Enrollment and Average Daily Attendance,” for more information regarding the District’s declining enrollment.

District General Fund Budgets and Audited Actuals. The following Table A-4 sets forth the District’s Adopted Budgets for the District General Fund, inclusive of regular and specially funded programs, for fiscal years 2020-21 through 2024-25, the audited results for fiscal years 2020-21 through 2023-24. The budgeted beginning balance for each fiscal year reflects the estimated ending balance for the prior fiscal year based upon information as of the budget adoption date. Accordingly, the budgeted ending balance for a fiscal year and the subsequent budgeted beginning balance may differ from the actual ending balance and actual beginning balance.

District Interim Financial Reports. A State law adopted in 1991 (known as “A.B. 1200”) imposed financial reporting requirements on school districts and established guidelines for emergency State aid apportionments. Under the provisions of A.B. 1200 and the Education Code (Section 42100 *et. seq.*), each school district is required to file two interim certifications with the county superintendent of schools (on December 15, for the period ended October 31, and by mid-March for the period ended January 31) as to its ability to meet its financial obligations for the remainder of the then-current fiscal year and, based on current forecasts, for the subsequent fiscal year. The county superintendent of schools reviews the certification and issues either a positive, negative or qualified certification. In the past five fiscal years, the District has received a qualified certification for its first interim report for fiscal year 2021-22.

A positive certification is assigned to any school district that, based on then current projections, will meet its financial obligations for the current fiscal year and the subsequent two fiscal years. A negative certification is assigned to any school district that, based on then current projections, will be unable to meet its financial obligations for the remainder of the fiscal year or the subsequent fiscal year. A qualified certification is assigned to any school district that, based on then current projections, may not meet its financial obligations for the current fiscal year or the two subsequent fiscal years. A certification may be revised to a negative or qualified certification by the county superintendent of schools, as appropriate. A school district that receives a qualified or negative certification for its second interim report must provide to the county superintendent of schools, the State Controller and the Superintendent no later than June 1,

financial statement projections of the school district's fund and cash balances through June 30 for the period ending April 30. Any school district that receives a qualified or negative certification in any fiscal year may not issue, in that fiscal year or in the next succeeding fiscal year, certificates of participation, tax and revenue anticipation notes, revenue bonds or any other debt instruments that do not require the approval of the voters of the school district, unless the county superintendent of schools determines that the school district's repayment of indebtedness is probable.

For school districts under fiscal distress, the county superintendent of schools is authorized to take a number of actions to ensure that the school district meets its financial obligations, including budget revisions. However, the county superintendent of schools is not authorized to approve any diversion of revenue from *ad valorem* property taxes levied to pay debt service on district general obligation bonds. A school district that becomes insolvent may, upon the approval of a fiscal plan by the county superintendent of schools, request an emergency appropriation from the State, in which case the county superintendent of schools, the Superintendent of Public Instruction and the president of the State board or the president's designee will appoint a trustee to serve the school district until it has adequate fiscal systems and controls in place. The acceptance by a school district of an emergency apportionment exceeding 200% of the reserve recommended for that school district constitutes an agreement that the county superintendent of schools will assume control of the school district in order to ensure the school district's return to fiscal solvency.

In the event the State elects to provide an emergency apportionment to a school district, such apportionment will constitute an advance payment of apportionments owed to the school district from the State School Fund and the Education Protection Account. The emergency apportionment may be accomplished in two ways. First, a school district may participate in a two-part financing in which the school district receives an interim loan from the State general fund, with the agreement that the school district will subsequently enter into a lease financing with the California Infrastructure and Economic Development Bank for purposes of financing the emergency apportionment, including repaying such amounts advanced to the State general fund. State law provides that so long as bonds from such lease financing are outstanding, the recipient school district (via its administrator) cannot file for bankruptcy. As an alternative, a school district may receive an emergency apportionment from the State general fund that must be repaid in 20 years. Each year, the Superintendent of Public Instruction will withhold from the apportionments to be made to the school district from the State School Fund and the Education Protection Account an amount equal to the emergency apportionment repayment that becomes due that year. The determination as to whether the emergency apportionment will take the form of a lease financing or an emergency apportionment from the State general fund will be based upon the availability of funds within the State general fund.

Second Interim Financial Report for Fiscal Year 2024-25. The District submitted the Fiscal Year 2024-25 Second Interim Report to LACOE with a positive certification. Based on the 2024-25 Second Interim Report, the District expects to meet its financial commitments and satisfy the 5% Minimum Reserve Threshold and the 1% statutory reserve requirement for fiscal years 2024-25, 2025-26 and 2026-27. The 2024-25 Second Interim Report provides that the District continues to be challenged with deficit spending wherein expenditures are greater than projected revenues.

The 2024-25 Second Interim Report projects a General Fund ending balance of approximately \$4.188 billion for fiscal year 2024-25, consisting of a projected unrestricted General Fund ending balance of approximately \$3.38 billion and a projected restricted General Fund ending balance of \$804.3 million for fiscal year 2024-25. The projected Fiscal Year 2024-25 unrestricted General Fund ending balance consists of non-spendable, assigned, unassigned reserve for economic uncertainties and unassigned/unappropriated components in the amounts of approximately \$49.47 million, \$1.22 billion, \$132.75 million, and \$1.98 billion, respectively.

The 2024-25 Second Interim Report acknowledges the 2024-25 State Budget addressed a \$47 billion deficit through a mix of solutions and included plans to tackle the fiscal year 2025-26 budget deficit

as well. The 2024-25 Second Interim Report further acknowledges LAO’s warning of potential annual operating State deficits beginning in fiscal year 2026-27. See “STATE FUNDING OF SCHOOL DISTRICTS – State Budget Act.” In May 2025, the Governor will revise the Proposed 2025-26 State Budget based on updated information available at such time. Such revision may differ substantially from the Proposed 2025-26 State Budget, and could result in negative impacts to State K-12 education funding in fiscal year 2024-25. The District cannot predict the impact that the final fiscal year 2025-26 State budget, or subsequent budgets, will have on its finances and operations.

The District revises its projections of revenues, expenditures, and ending fund balances contained in the Fiscal Year 2024-25 Budget as more financial data becomes available throughout the fiscal year. The 2024-25 Second Interim Report reflects the District’s projections for fiscal year 2024-25 for the period from July 1, 2024 through January 31, 2025. It also reflects multi-year projections through fiscal year 2026-27. The achievement of certain results or other expectations contained in the 2024-25 Second Interim Report involves known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements described therein to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. All projections, forecasts, assumptions, expressions of opinions, estimates, and other forward-looking statements contained in the 2024-25 Second Interim Report are expressly qualified in their entirety by the foregoing and the other cautionary statements.

The following Table A-6 sets forth budgeted revenues and expenditures and projected year-end amounts, including projected and year-end General Fund Balances, as reported in the Fiscal Year 2024-25 Budget and the 2024-25 Second Interim Report.

TABLE A-6
LOS ANGELES UNIFIED SCHOOL DISTRICT
District General Fund Summary of Fund Balances, Revenues and Expenditures
Fiscal Year 2024-25
(\$ in millions)

	Fiscal Year 2024-25 Final Adopted Budget	Fiscal Year 2024-25 Second Interim Report
Beginning Balance	\$6,413.6 ⁽¹⁾	\$6,413.6 ⁽²⁾
Revenues	9,407.3	9,425.2
Expenditures	11,163.6	11,046.8
Excess (Deficiency) of Revenues Over Expenditures Before Other Financing Sources and Uses	(1,756.2)	(1,621.6)
Other Financialing Sources/Uses	(20.16)	(612.7)
Ending Balance	\$4,580.5	\$4,187.6

LACOE’s Review of Fiscal Year 2024-25 First Interim Report. In its January 2025 letter to the District, LACOE concurred with the District’s positive certification on the 2024-25 First Interim Report. LACOE pointed out that the 2024-25 First Interim Report projected operating deficits in fiscal years 2024-25 and 2025-26, emphasizing the erosion of projected General Fund balances. LACOE acknowledged that the 2024-25 First Interim Report projected maintaining the required level of reserves but recommended that the District monitor causes for deficit spending to prevent additional fund balance erosion. LACOE also indicated that the 2023-24 First Interim Report reflected declining enrollment and funding under LCFF based on three-year average daily attendance for fiscal years 2024-25, 2025-26, and 2026-27, and

highlighted the impacts of declining enrollment, emphasizing that continued declines in enrollment and attendance will result in a loss of revenue for the District in future years. LACOE recommended the District carefully monitor its enrollment and attendance trends and adjust financial projections for the current and subsequent fiscal years accordingly to reflect the resulting impact. LACOE also indicated that staffing needs and facilities planning should also be assessed and adjusted based on the projected rate of decline in enrollment.

Employees and Labor Relations

General. The District has twelve bargaining units with existing contracts. The largest bargaining unit among the District’s employees is United Teachers Los Angeles (“UTLA”), which is comprised of among other employees, teachers, counselors, advisers, nurses, psychologists, and social workers. In addition, certain employees are not represented by a formal bargaining unit (the “District Represented Employees”). The following Table A-7 sets forth the number of members of each bargaining unit as of January 1, 2025, and the expiration dates of the existing or successor labor agreements with each of the District’s employee bargaining units.

TABLE A-7
LOS ANGELES UNIFIED SCHOOL DISTRICT
Employee Bargaining Units and Contract Expiration Dates
As of January 1, 2025

Employee Bargaining Unit	Members	Contract Expiration Date (June 30)
Associated Administrators of Los Angeles (“AALA”) (Certificated)	2,599	2025
Unit A (School Police)	258	2025
Unit B (Instructional Aides)	14,245	2024 ⁽²⁾
Unit C (Operations – Support Services)	8,189	2024 ⁽²⁾
Unit D (Office – Technical and Business Services)	4,512	2026
Unit E (Skilled Crafts)	1,436	2025
Unit F (Teacher Assistants)	1,328	2024 ⁽²⁾
Unit G (Playground Aides)	6,757	2024 ⁽²⁾
Unit H (Sergeants and Lieutenants)	50	2025
Unit J (Classified Management)	429	2025
Unit S (Classified Supervisors)	3,271	2024 ⁽²⁾
United Teachers Los Angeles	37,399	2025
District Represented Employees ⁽¹⁾	488	N/A

⁽¹⁾ District-represented employees include employees that are not represented by a union due to their designation as management, confidential or unrepresented employees. Does not include unrepresented seasonal employees or employees in positions not yet assigned to a union.

⁽²⁾ Each bargaining unit with an expired contract is operating under the terms of the expired contract until a new contract is negotiated and agreed upon.

Negotiations Regarding Labor Contracts. The United Teachers Los Angeles (“UTLA”) and the District reached a three-year agreement for fiscal years 2022-23 through 2024-25 (the “UTLA Agreement”). For fiscal year 2022-23, the UTLA Agreement provides for a 3% on schedule retroactive wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2022, and a 4% on schedule retroactive wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2023. For fiscal year 2023-24, the UTLA Agreement provides for a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2023, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2024. For fiscal year 2024-25, the UTLA Agreement provides for a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2024, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2025. In addition, the UTLA Agreement (a) provides for certain on schedule

salary increases for certain employee groups, including special and early education teachers, nurses and table employees, (b) provides for academic class size reduction in certain schools, (c) for adjustments in staffing ratios for counselors, pupil services and attendance counselors (PSA) and psychiatric social workers (PSW), (d) provides for additional funding for certain community schools, (e) for additional community school coach positions, and (f) includes differential pay increases for certain positions and programs. There are no reopeners provided for in the UTLA Agreement. The financial impacts of the UTLA Agreement are incorporated as expenditures in the Fiscal Year 2024-25 Budget. UTLA and the District have commenced successor negotiations for a three-year agreement for fiscal years 2025-26 through 2027-28.

SEIU Local 99 (Units B, C, F and G) and the District reached a one-year agreement for fiscal year 2020-21, and a three-year agreement for fiscal years 2021-22 through 2023-24 (collectively, the “SEIU Agreements”). Under the SEIU Agreements, (a) based on the salary table effective July 1, 2021, all SEIU bargaining unit members will receive a 6% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables; (b) based on the salary table effective July 1, 2022, all SEIU bargaining unit members will receive a 7% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables; (c) based on the salary table effective July 1, 2023, all SEIU bargaining unit members will receive a 7% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables, and (d) based on the salary table effective January 1, 2024, there will be a \$2.00 per hour on-schedule wage increase applied to all pay scale groups and levels of the base salary table. In addition, the SEIU Agreements (a) provide for the funding an Education and Professional Development Fund in the amount of \$3 million, (b) effective January 1, 2024, make employees assigned 4 hours per day or 80 hours per month, with respect to Units F and G, eligible (along with eligible dependents) to enroll in certain low cost health insurance plans or receive a cash amount if the employee opts out, and (c) include certain pay differentials and one-time pay increases. There are no reopeners provided for in the SEIU Agreements. SEIU Local 99 (Units B, C, F and G) and the District are in successor negotiations for a three-year agreement for Fiscal Years 2024-25, 2025-26 and 2026-27. Any financial impacts of a successor agreement will be incorporated into future budget projections once negotiations are concluded and the agreements are ratified by the unions and adopted by the Board.

AALA (Certificated Administrators) and the District reached a three-year agreement for fiscal years 2022-23 through 2024-25 (the “AALA (Certificated Administrators) Agreement”) with on schedule salary increases to be applied to the AALA (Certificated Administrators) master salary table comparable to the increases provided to UTLA in the UTLA Agreement. There are no reopeners provided for in the AALA (Certificated Administrators) Agreement. As a result of such agreement, the District anticipates an increase in fiscal year 2023-24 expenditures of approximately \$87.07 million (all funds), of which approximately \$81.10 million relate to the District’s general fund. Of such amounts, approximately \$25.07 million (all funds) of such expenditures (\$23.36 million related to the District’s general fund) reflect expenditures attributable to fiscal year 2022-23 and are to be paid in fiscal year 2023-24. The financial impacts of the AALA (Certificated Administrators) Agreement are incorporated as expenditures in the Fiscal Year 2024-25 Budget. AALA (Certificated Administrators) and the District have commenced successor negotiations for a three-year agreement for fiscal years 2025-26 through 2027-28.

CSEA (Unit D – Technical and Business Services) and the District have reached a three-year agreement for fiscal years 2023-24 through 2025-26 (the “CSEA Agreement”). The CSEA Agreement provides for one reopener for fiscal year 2024-25 and fiscal year 2025-26. Based on the salary table effective July 1, 2023, all CSEA bargaining unit members will receive a 7% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables, and based on the salary table effective January 1, 2024, there will be a \$2.00 per hour on-schedule wage increase applied to all pay scale groups and levels of the base salary table. The CSEA Agreement also provides for an increase to \$22.52 effective January 1, 2024, for the classifications of Office Technician, Parent Education Support Assistant, Parent Resource Assistant, Microfilm Operator, Clerk, and Student Integration Helper. The financial impacts of the CSEA Agreement are incorporated in the Fiscal Year 2024-25 Budget. CSEA (Unit D – Technical and Business

Services) and the District are expected to begin successor negotiations for a three-year agreement for fiscal years 2026-27 through 2028-29 after January 1, 2026.

Teamsters (Unit S – Classified Supervisors) and the District reached a three-year agreement for fiscal years 2021-22 through 2023-24 (the “Teamsters Agreement”). Under the Teamsters Agreement (a) based on the salary table effective July 1, 2021, all Teamsters bargaining unit members will receive a 1% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables (which is in addition to the 5% increase previously agreed to and applied); (b) based on the salary table effective July 1, 2022, all Teamsters bargaining unit members will receive a 7% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables; (c) based on the salary table effective July 1, 2023, all Teamsters bargaining unit members will receive a 7% on-schedule wage increase applied to all pay scale groups and levels of the base salary tables, and (d) based on the salary table effective January 1, 2024, there will be a \$2.00 per hour on-schedule wage increase applied to all pay scale groups and levels of the base salary table. Teamsters (Unit S – Classified Supervisors) and the District are in successor negotiations for a three-year agreement for Fiscal Years 2024-25, 2025-26 and 2026-27. Any financial impacts of a successor agreement will be incorporated into future budget projections once negotiations are concluded and the agreements are ratified by the unions and adopted by the Board.

LASPA (Unit A – School Police) and the District reached a three-year agreement for fiscal years 2022-23 through 2024-25 (the “LASPA Agreement”). The LASPA Agreement provides, with respect to sworn officers, (a) for fiscal year 2022-23, a 3% retroactive on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2022, and a 4% retroactive on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2023; (b) for fiscal year 2023-24, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2023, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2024; and (c) for fiscal year 2024-25, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2024, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2025. The LASPA Agreement provides, with respect to school safety officers, (a) for fiscal year 2022-23, a 7% retroactive on schedule wage increase applied to the base salary tables effective July 1, 2022; (b) for fiscal year 2023-24, a 7% on schedule wage increase applied to the base salary tables effective July 1, 2023; and (b) for a Step 1 an increase to \$22.52 effective January 1, 2024, with the subsequent Steps applied accordingly. The classification of school safety officer is not included in the on-schedule fiscal year 2024-25 wage increase as the additional increase is being provided on January 1, 2024. There are no reopeners provided for in the LASPA Agreement. The financial impacts of the LASPA Agreement are incorporated as expenditures into the Fiscal Year 2024-25 Budget. LASPA and the District are currently in dispute over LASPA’s assertion that they are entitled to a \$1.00 per hour increase for fiscal year 2019-20. LASPA (Unit A – School Police) and the District are expected to begin successor negotiations for a three-year agreement for fiscal years 2025-26 through 2027-28 in 2025.

LASPMA (Unit H – School Police Management) and the District reached a three-year agreement for fiscal years 2022-23 through 2024-25 (the “LASPMA Agreement”). For fiscal year 2022-23, the LASPMA Agreement provides for a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2022, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2023. For fiscal year 2023-24, the LASPMA Agreement provides for a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2023, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2024. For fiscal year 2024-25, the LASPMA Agreement provides for a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2024 and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2025. There are no reopeners provided for in the LASPMA Agreement. The financial impacts of the LASPMA Agreement are incorporated as expenditures into the Fiscal Year 2024-25 Budget. LASPMA (Unit H – School Police Management) and

the District are expected to begin successor negotiations for a three-year agreement for fiscal years 2025-26 through 2027-28 in 2025.

“Trades” (Unit E) and the District reached agreements for fiscal years 2022-23 through 2024-25 (the “Trades Agreement”). The Trades Agreement provides (a) for fiscal year 2022-23, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2022, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2023; (b) for fiscal year 2023-24, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2023, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2024; and (c) for fiscal year 2024-25, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2024, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2025. During the term of the Trades Agreement for fiscal years 2022-23 through 2024-25, the District and Trades have agreed to reopen on two items – health and welfare and deferred compensation, but have not begun negotiations. The financial impacts of the Trades Agreement for scheduled wage increases are incorporated into the Fiscal Year 2024-25 Budget. “Trades” (Unit E) and the District are expected to begin successor negotiations for a three-year agreement for fiscal years 2025-26 through 2027-28 in 2025.

AALA (Unit J – Classified Managers) and the District reached a three-year agreement for fiscal years 2022-23 through 2024-25 (the “AALA Agreement”). The AALA Agreement provides (a) for fiscal year 2022-23, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2022, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2023; (b) for fiscal year 2023-24, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2023, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2024; and (c) for fiscal year 2024-25, a 3% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective July 1, 2024, and a 4% on schedule wage increase applied to all pay scale groups and levels of the base salary tables effective January 1, 2025. There are no reopeners provided for in the AALA Agreement. The financial impacts of the AALA Agreement are incorporated as expenditures in the Fiscal Year 2024-25 Budget. AALA (Unit J – Classified Managers) and the District have commenced successor negotiations for a three-year agreement for fiscal years 2025-26 through 2027-28.

Employees that are classified as “District-represented” are not in a formal bargaining unit. In alignment with District Board-approved labor agreements discussed above, District-represented employees will receive comparable compensation adjustments. District-represented employees as well as employees in positions that have not yet been assigned a union, totaling approximately 2,200 positions, with salaries within the range of union-represented classifications, will receive a 21% wage increase, beginning with 3% effective July 1, 2022; 4% on January 1, 2023; 3% on July 1, 2023; 4% on Jan. 1, 2024; 3% on July 1, 2024; and 4% on Jan. 1, 2025. District-represented employees, totaling approximately 87 positions, with salaries outside of the range of union-represented classifications, will receive a 15% wage increase, beginning with 3% effective July 1, 2022; 4% on January 1, 2023; 2% on July 1, 2023; 2% on Jan. 1, 2024; 2% on July 1, 2024; and 2% on Jan. 1, 2025. The financial impacts of the District-represented agreement are incorporated as expenditures into the Fiscal Year 2024-25 Budget.

The District entered a memorandum of understanding with SEIU and UTLA modifying the three-year tentative instructional calendar approved by the District Board on March 27, 2023, to a two-year instructional calendar (fiscal years 2023-24 and 2024-25). The memorandum of understanding maintains a three-week (15 days) winter break, provides for three additional instructional days to make up for lost instructional days in March 2023, and provides for instruction, enrichment, nutrition and child supervision through a voluntary winter recess academy in each such fiscal year. Subsequently, on December 11, 2023, the District entered a memorandum of understanding with CSEA with the same provisions outlined above

in the SEIU and UTLA instructional calendar memorandum of understanding. The financial impacts of the memorandum of understanding with SEIU and UTLA and memorandum of understanding with CSEA are incorporated into the Fiscal Year 2024-25 Budget.

Health and Welfare Agreement. On October 5, 2023, the District reached a two-year agreement (the “Health and Welfare Agreement”) with all of its bargaining units for calendar years 2024 and 2025 to continue providing health and welfare benefits for active employees and retirees at no additional cost to participants. Under the Health and Welfare Agreement, the District will make contributions to fully fund the per-participant actual costs of current health and welfare benefits, including administrative cost, for the 2024 and 2025 calendar years. This is exclusive of any plan design changes that increase benefit costs and is different than previous agreements where the District’s obligation was to pay a fixed dollar amount for each participant category. The Health and Welfare Agreement also provides that any unspent health care reserve funds held pursuant to the District’s prior health and welfare agreements will be maintained as reserves for the term of the Health and Welfare Agreement and used to improve or adjust health care plan designs as agreed to from time to time by the parties and approved by the District Board. As of June 30, 2023, and June 30, 2024, the District had \$107.7 million and \$(7.0) million, respectively, in health care reserves. The deficit has been addressed by increasing the annual rate for fiscal year 2024-25, from \$15,500 to \$18,400 per employee. The financial impacts of the Health and Welfare Agreement are incorporated as expenditures in the Fiscal Year 2024-25 Budget. Future District health and welfare contributions are subject to negotiations for a successor agreement. It is anticipated that such negotiations will commence in 2025.

Reduction in Force and Release Notices. In general, pursuant to Sections 44949 and 44951 of the Education Code, the District must give written notice to a certificated employee no later than March 15 if such certificated employee is to be released or reassigned for the ensuing school year. Similarly, pursuant to Section 45117 of the Education Code, the District must give written notice to a classified employee no later than March 15 if such classified employee is to be laid off for the ensuing school year. Further, pursuant to Sections 44955.5 and 45117(d) of the Education Code (as applicable), the District Board has the authority to terminate the services of certificated and classified employees between the period commencing five days after the enactment of the annual State Budget Act and August 15 of the fiscal year to which the State Budget Act applies if the District’s LCFF apportionment per unit of ADA has not increased by at least 2% for such fiscal year. To provide flexibility in the event budget reductions are necessary in a given fiscal year, the District Board may approve the use of reduction in force and release notices for a portion of its certificated and classified employees. The Board approved release notices, which were sent to certificated employees before March 15, 2025. To date, however, no employees have been released. There were no reduction in force notices approved by the District before March 15, 2025, for the 2025-26 school year.

Retirement Systems

General. The District currently participates in CalSTRS, CalPERS and PARS (defined herein). The amounts of the District’s contributions to CalSTRS, CalPERS and PARS are subject to, among other things, modifications to or approvals of collective bargaining agreements and any changes in actuarial assumptions used by CalSTRS, CalPERS and PARS.

The information set forth below regarding CalSTRS and CalPERS and their respective actuarial valuations and comprehensive annual financial reports has been obtained from publicly available sources and has not been independently verified by the District and is not guaranteed as to the accuracy or completeness thereof by or to be construed as a representation by the District. Furthermore, the summary data below should not be read as current or definitive, as recent gains or losses on investments made by the retirement systems generally may have changed the unfunded actuarial accrued liabilities stated below.

The following Table A-8 sets forth the District’s aggregate contributions to CalSTRS, CalPERS and PARS, inclusive of employee contributions to CalPERS paid by the District, for fiscal years 2020-21

through 2023-24 and the budgeted contribution for fiscal year 2024-25 and these contributions as a percentage of the District's Total Governmental Funds expenditures for fiscal years 2020-21 through 2024-25. See Table A-8 "Annual Regular CalSTRS Contributions," Table A-10 "Annual CalPERS Regular Contributions" and Table A-13 "Annual PARS Contribution." See also the District's financial statements contained in APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

TABLE A-8
LOS ANGELES UNIFIED SCHOOL DISTRICT
Aggregate Employer Contributions to CalSTRS, CalPERS and PARS
Fiscal Years 2020-21 through 2024-25
(\$ in millions)

Fiscal Year	District Contributions⁽¹⁾	District Contribution as Percentage of Total Governmental Funds Expenditures

California State Teachers' Retirement System. CalSTRS is a defined benefit plan that covers all full-time certificated District employees and some classified District employees, which are District employees employed in a position that does not require a teaching credential from the State. Benefit provisions are established by State legislation in accordance with the State Teachers' Retirement Law. CalSTRS is operated on a Statewide basis and, based on publicly available information, has substantial unfunded liabilities. Additional funding of CalSTRS by the State and the inclusion of adjustments to such State contributions based on consumer price changes were provided for in 1979 Statutes, Chapter 282. Copies of CalSTRS' comprehensive annual financial reports may be obtained from CalSTRS, P.O. Box 15275, Sacramento, California 95851-0275. The information presented in these reports is not incorporated by reference in this Official Statement.

Member benefits are determined pursuant to the Education Code and are generally based on a member's age, final compensation and years of credited service. Members are 100% vested in retirement benefits after five years of credited service and are eligible for "normal" retirement at age 60 and for early retirement at age 55 or at age 50 with 30 years of credited service. The normal retirement benefit is 2% of final compensation (as defined in the Education Code) for each year of credited service (up to 2.4% of final compensation for members retiring after age 60), and members who retire on or after January 1, 2011 with 30 or more years of service by December 31, 2010 receive monthly bonus payments of up to \$400 per month. Members hired on or after January 1, 2013 who retire at age 62 are eligible for a benefit equal to 2% of final compensation for each year of credited service (up to 2.4% of final compensation for members retiring after age 62). Benefits include a 2% cost of living increase (computed on a simple, non-compounded, basis based on the initial allowance) on each September 1 following the first anniversary of the effective date of the benefit. See "– California Public Employees' Pension Reform Act of 2013" herein and Note 9 set forth in APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024."

Funding; Contributions. The CalSTRS defined benefit plan (the “DB Plan”) is funded through a combination of investment earnings and statutorily set contributions from members of CalSTRS, the participating employers (including the District) and the State. Prior to fiscal year 2014-15, the statutorily-set rate did not vary annually to adjust for funding shortfalls or actuarial surpluses. As a result, the combined employer, employee and State contributions to the DB Plan were not sufficient to pay actuarially required amounts. To address the shortfall, Assembly Bill 1469 (“AB 1469”), signed into law by the Governor as part of the State budget for fiscal year 2014-15, increased member, employer and State contributions as part of a plan to eliminate by June 30, 2046, CalSTRS’ unfunded liability for service credited to members of the CalSTRS defined benefit program before July 1, 2014.

Pursuant to AB 1469, since fiscal year 2021-22, the State Teachers’ Retirement Board is authorized to modify the percentages paid by employers and employees to eliminate by June 30, 2046, CalSTRS’ unfunded liability for service credited to members of the CalSTRS defined benefit program before July 1, 2014, based upon actuarial recommendations and subject to certain limitations. The State Teachers’ Retirement Board may not increase the employer contribution rate by more than 1% in any fiscal year up to a maximum contribution rate of 20.25%. The State Teachers’ Retirement Board may also adjust the State’s contribution rate by a maximum of 0.5% from year to year, based on the funding status of the CalSTRS actuarially determined unfunded liability. A decrease in investment earnings may result in increased employer contribution rates in order to timely eliminate by June 30, 2046, CalSTRS’ unfunded liability for service credited to members of the CalSTRS defined benefit program before July 1, 2014, based upon actuarial recommendations. The District cannot predict the impact of State, national, and international events on investment earnings and contribution rates or the amount the District will be required to pay for pension related costs in future fiscal years.

The State is not an employer (with certain limited exceptions) in any of the CalSTRS programs but contributes to the DB Plan and a supplemental benefits maintenance account pursuant to provisions of the Education Code. For fiscal year 2023-24, the State contributed 8.328% of members’ annual earnings to the DB Plan and an additional 2.5% of member earnings into the CalSTRS supplemental benefit maintenance account, which is used to maintain the purchasing power of benefits. The State’s contribution rate for fiscal year 2024-25 will remain at 8.328% of members’ annual earnings to the DB Plan and an additional payment of 2.5% of member earnings into the CalSTRS supplemental benefit maintenance account.

The District’s employer contribution rate for fiscal year 2023-24 was 19.10% of covered payroll. The District’s employer contribution rate for fiscal year 2024-25 will remain at 19.10% of covered payroll. The District’s employer contribution rate is inclusive of the employer base contribution of 8.25% of payroll provided by the Education Code.

The employee contribution rate for CalSTRS members first hired on or before December 31, 2012 to perform CalSTRS creditable activities (i.e., CalSTRS 2% at 60 members) was 10.25% for fiscal years 2016-17 through 2023-24 and will remain at 10.25% for fiscal year 2024-25. The employee contribution rate for CalSTRS members first hired on or after January 1, 2013 to perform CalSTRS creditable activities (i.e., CalSTRS 2% at 62 members) was 9.205% for fiscal years 2016-17 and 2017-18, 10.205% for fiscal years 2018-19 through 2023-24, and will remain at 10.205% for fiscal year 2024-25.

The following Table A-9 sets forth the District’s regular annual contributions to CalSTRS for fiscal years 2020-21 through 2023-24 and the budgeted contribution for fiscal year 2024-25 and such contributions as a percentage of the District’s Total Governmental Funds expenditures for fiscal years 2020-21 through 2024-25. The District has always paid all required CalSTRS annual contributions. As of January 1, 2025, 39,045 District employees were members of CalSTRS.

Actuarial Valuation. The State Teachers' Retirement Board has sole authority to determine the actuarial assumptions and methods used for the valuation of the DB Plan. CalSTRS actuarial consultant (the "Actuarial Consultant") determines the actuarial value of the DB Plan's assets by using a one-third smoothed recognition method of the difference between the actual market value of assets to the expected actuarial value of assets. Accordingly, the actuarial value of assets will not reflect the entire impact of certain investment gains or losses on an actuarial basis as of the date of the valuation or legislation enacted subsequent to the date of the valuation.

The actuarial valuation for the entire CalSTRS defined benefit program as of June 30, 2023 (the "2023 CalSTRS Actuarial Valuation") showed an estimated unfunded actuarial liability of \$86.59 billion, a decrease of approximately \$1.97 billion from the June 30, 2022, valuation. Such estimated unfunded actuarial liability was projected to decrease in the June 30, 2022, valuation, which projected an unfunded actuarial liability of \$88.10 billion as of June 30, 2023. The actual unfunded actuarial liability as of June 30, 2023, represents a net actuarial gain of approximately \$1.52 billion. Such net actuarial gain is due primarily to change in actuarial value assumptions based on the most recent experience analysis, member salary increases being more than assumed, market value returns (estimated at 6.50%) being less than assumed (7.00%) and returns on actuarial value of assets (estimated at 7.20%) being greater than assumed as the recognition of actuarial investment gains which were previously deferred had a greater impact on recognition of the less-than-assumed market return for the most recent year. The funded ratios of the actuarial value of valuation assets over the actuarial accrued liabilities as of June 30, 2023, and June 30, 2022, based on the actuarial assumptions, were approximately 75.90% and 74.40%, respectively. According to the 2023 CalSTRS Actuarial Valuation, the funded ratio increased by 1.50% during the past year. As described in the 2023 CalSTRS Actuarial Valuation, the increase in the funded ratio is primarily due to the new assumptions and contributions made to pay down the unfunded actuarial obligation in fiscal year 2022-23. Persistent negative returns on investments may result in increased employer contribution rates above the current level of expected increases. The District cannot predict the impact of State, national, and international events on investment returns and employer contribution rates or the amount the District will be required to pay for pension related costs. Accordingly, there can be no assurances that the District's required contributions to CalSTRS will not increase in the future, subject to the limitations of AB 1469.

The following are certain of the actuarial assumptions set forth in the 2023 CalSTRS Actuarial Valuation: measurement of accruing costs by the "Entry Age Normal Actuarial Cost Method," an assumed

7.00% investment rate of return for measurements subsequent to June 30, 2016, 3.00% interest on member accounts, 3.50% projected wage growth, 3.25% payroll growth, and 2.75% projected inflation and demographic assumptions relating to mortality rates, length of service, rates of disability, rates of withdrawal, probability of refund, and merit salary increases. Future estimates of the actuarial unfunded liability may change due to market performance, legislative actions and other experience that may differ from the actuarial assumptions used for the CalSTRS valuation. The 2023 CalSTRS Actuarial Valuation also assumes that all members hired on or after January 1, 2013, are subject to the provisions of PEPRA (as defined herein). See “– *California Public Employees’ Pension Reform Act of 2013*” below for a discussion of the pension reform measure signed by the Governor in September 2012 expected to help reduce future pension obligations of public employers with respect to employees hired on or after January 1, 2013.

The CalSTRS ACFR for fiscal year 2022-23 (the “2022-23 CalSTRS ACFR”) states that during fiscal year 2022-23, CalSTRS included 39,127 covered employees of the District in its State Teachers’ Retirement Program and 3,956 covered employees of the District in its tax-deferred defined contribution plans under Sections 403(b) and 457 of the Internal Revenue Code (the “Pension2 Program”). Accordingly, covered employees of the District represented approximately 7.60% and 11.40% of covered employees in the State Teachers’ Retirement Program and Pension2 Program, respectively.

The UAAL and funded status of the CalSTRS pension fund as of June 30 of fiscal years ended June 30, 2019, through June 30, 2023, are set forth in the following Table A-10. The fair market value of the CalSTRS pension fund as of June 30, 2022, and June 30, 2023, was approximately \$260.29 billion and \$274.17 billion, respectively, based on total system assets less amounts allocable to the CalSTRS Supplemental Benefits Maintenance Account Reserve. The individual funding progress for the District and the District’s proportionate share of CalSTRS’ net pension liability is set forth in the District’s audited financial statements. See “– *Pension Accounting and Financial Reporting Standards*” herein and Note 9 set forth in APPENDIX B – “AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024.”

TABLE A-10
Actuarial Value of CalSTRS Defined Benefit Program
Valuation Dates June 30, 2019 through June 30, 2023
(\$ in billions)

Valuation Date (June 30)	Actuarial Obligation	Actuarial Value of Assets⁽¹⁾	Market Value of Assets	Unfunded Actuarial Obligation	Funded Ratio (Actuarial Value)	Funded Ratio (Fair Market Value)
2019	\$310.719	\$205.016	\$225.466	\$105.7	66.0%	67.0%
2020	322.127	216.252	233.253	105.9	67.1	66.5
2021	332.082	242.363	292.980	89.7	73.0	81.9
2022	346.089	257.537	283.340	88.6	74.4	75.2
2023	359.741	273.155	299.148	86.6	75.9	76.2

⁽¹⁾ Actuarial Value of Assets does not include amounts allocable to the CalSTRS Supplemental Benefits Maintenance Account Reserve which was \$17.38 billion as of June 30, 2019, \$19.13 billion as of June 30, 2020, \$21.03 billion as of June 30, 2021, and \$23.05 billion as of June 30, 2022; and \$24.98 billion as of June 30, 2023.

Sources: California State Teachers’ Retirement System Defined Benefit Program Actuarial Valuations as of June 30, 2019 through June 30, 2023.

District Proportionate Share. As of June 30, 2024, the District’s proportionate share of CalSTRS’ net pension liability was approximately \$4.0 billion, based on a discount rate of 7.10%. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District’s proportion of the net pension liability was based on the fiscal year 2022-23 employer contributions calculated by CalSTRS with consideration given to separately financed and irregular employer contributions relative to the projected contributions of all participating employer and non-employer contributing entities. At June 30, 2023, the District’s proportionate rate was 5.133%. See Note 9(b) of the District’s financial statements in APPENDIX

B – “AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024.”

California Public Employees’ Retirement System. CalPERS is a defined benefit plan that covers classified personnel who work four or more hours per day. CalPERS is operated on a Statewide basis and, based on publicly available information, has significant unfunded liabilities. CalPERS issues a comprehensive annual financial report and actuarial valuations that include financial statements and required supplementary information. Copies of the CalPERS ACFRs and actuarial valuations may be obtained from the CalPERS Financial Services Division, P.O. Box 942703, Sacramento, California 94229-2703. The information set forth therein is not incorporated by reference in this Official Statement. Benefit provisions are established by State legislation in accordance with the Public Employees’ Retirement Law and are generally based on a member’s age, final compensation, and years of credited service. For a description of member benefits for both the Safety Plan and Miscellaneous Plan of the District administered by CalPERS, see Note 9(a) set forth in APPENDIX B – “AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024.”

Funding; Contributions. All qualifying classified employees of K-12 school districts in the State are members in CalPERS. All school districts contributing to CalPERS participate in the same plan and share the same contribution rate in each year. Unlike contributions to CalSTRS, however, which incrementally increase at statutorily set rates, school districts’ contributions to CalPERS fluctuate each year and include a normal cost component and a component equal to an amortized amount of the unfunded liability of CalPERS. Accordingly, the District cannot provide any assurances that the District’s required contributions to CalPERS in future years will not significantly vary from any current projected levels of contributions to CalPERS.

CalPERS is funded by employee contributions and investment earnings, with the balance of the funding provided by employer contributions. School districts’ contributions decrease when investment earnings rise and increase when investment earnings decline. As a result, declines in investment earnings may result in substantial increases in school district contributions. The District cannot make any predictions as to the effect of State, national or international events on investment earnings and school district contributions. Participating employees enrolled in CalPERS prior to January 1, 2013 contribute 7.00% of their respective salaries, while participating employees enrolled after January 1, 2013 contribute the higher of fifty percent of normal costs of benefits or an actuarially determined rate of 8.00% in fiscal year 2023-24, which remains at 8.00% in fiscal year 2024-25. School districts are required to contribute to CalPERS at an actuarially determined rate, which was originally 20.733% and 22.68% of eligible salary expenditures for fiscal years 2019-20 and 2020-21, respectively. The employer contribution rate for fiscal year 2019-20, however, was reduced to 19.721% as a result of the State’s buy-down of employer contribution rates in fiscal year 2019-20. Similarly, the fiscal year 2020-21 State budget allocated funding to buy down employer contribution rates in fiscal years 2020-21 and 2021-22 to approximately 20.70% and 22.91%, respectively. The actuarially determined rate for employer contributions was 25.37% for fiscal year 2022-23 and 26.68% for fiscal year 2023-24 and is 27.05% for fiscal year 2024-25. For a description of employer and member contribution rates, see Note 9(a) set forth in APPENDIX B – “AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024.”

The following Table A-11 sets forth the District’s employer contribution rates, regular annual contributions, inclusive of employee contributions paid by the District to CalPERS for fiscal years 2020-2021 through 2023-24, and the budgeted contribution for fiscal year 2024-25, and such contributions as a percentage of the District’s Total Governmental Funds expenditures for said fiscal years. The District has always paid all required CalPERS annual contributions. As of January 1, 2025, 31,329 District employees were members of CalPERS.

Actuarial Valuation. Since the June 30, 2015, valuation, CalPERS has employed an amortization and smoothing policy that apportions all gains and losses over a fixed 30-year period with the increases or decreases in the rate spread directly over a five-year period. In contrast, the previous policy spread investment returns over a 15-year period with experience gains and losses spread over a rolling 30-year period. The amounts of the pension/award benefit obligation or UAAL will vary from time to time depending upon actuarial assumptions, and actual rates of return on investments, salary scales, and levels of contribution. See Table A-12 – “Actuarial Value of Schools Portion of CalPERS – Historical Funding Status” herein.

The CalPERS Schools Pool Actuarial Valuation as of June 30, 2023 (the “2023 CalPERS Schools Pool Actuarial Valuation”), was released in August 2024, and such valuation reported an actuarial accrued liability of approximately \$124.92 billion with the market value of assets at approximately \$84.29 billion, and a funded status of approximately 67.50%. From June 30, 2022, to June 30, 2023, the funded status of the CalPERS Schools Pool decreased by approximately 0.40%, and the unfunded accrued liability increased by approximately \$3.04 billion, largely due to salary increases in Fiscal Year 2022-23 being higher than expected.

CalPERS reported a 5.8% net return on investments for fiscal year 2022-23. In Fiscal Year 2021-22, however, CalPERS’ reported its first negative return on investments since fiscal year 2008-09. Such negative return generated an actuarial investment loss of approximately \$12.40 billion, which will be amortized over 20 years with a five-year phase in, and increased the component of the expected employer contribution rate related to the unfunded liability contribution in fiscal year 2023-24 by 1.69% of payroll. The 2023 CalPERS Schools Pool Actuarial Valuation reports that the employer contribution rates for fiscal years 2025-26, 2026-27, 2027-28, 2028-29, and 2029-30 are projected to be 27.60%, 28.00%, 29.20%, 29.00%, and 28.80%, respectively. Such projections assume that all actuarial assumptions will be realized, including net investment returns in such fiscal years of 6.80%, and that no further changes to assumptions, contributions, benefits or funding will occur during such fiscal years. Persistent negative returns on investments may result in increased employer contribution rates above the current level of expected increases reflected in the 2023 CalPERS Schools Pool Actuarial Valuation. Actual contribution rates will differ from such projections. The District cannot predict the impact of State, national, and international

events on investment returns and employer contribution rates. Accordingly, there can be no assurances that the District's required contributions to CalPERS will not significantly increase in the future.

The 2023 CalPERS Schools Pool Actuarial Valuation as summarized assumes, among other things, 2.30% price inflation, 2.80% wage inflation and payroll growth of 2.80% compounded annually. The 2023 CalPERS Schools Pool Actuarial Valuation as summarized reflects a discount rate of 6.80% compounded annually (net of investment and administrative expenses) as of June 30, 2023. The CalPERS Board of Administration adopted new demographic assumptions on November 17, 2021, including a reduction in the discount rate from 7.00% as of June 30, 2020, to 6.80% as of June 30, 2021, a reduction in the inflation assumption from 2.50% as of June 30, 2020 to 2.30% as of June 30, 2021, and an increase in payroll growth from 2.75% as of June 30, 2020 to 2.80% as of June 30, 2021. Such assumption changes result in increases in both the normal cost and unfunded liabilities contributions to be paid in the future. The actuarial funding method used in the 2023 CalPERS Schools Pool Actuarial Valuation is the "Entry Age Normal Cost Method."

In November 2024, PERS released its 2024 Annual Review of Funding Levels and Risk (the "2024 PERS Funding Levels and Risk Report"), which provided a summary of the current funding levels of the system, the near-term outlook for required contributions and risks faced by the system in the near and long-term. The 2024 PERS Funding Levels and Risk Report notes that over the next several years there is the potential for various factors to either further increase required contributions or add additional financial strain on employers and their ability to make required contributions, including inflation and near-term economic turmoil. The 2024 PERS Funding Levels and Risk Report notes that over the last few years, price inflation has been significantly higher than the PERS long-term assumption of 2.3%, which can affect liability measures and investment returns in several ways and which can be difficult to quantify. The most direct impact of high inflation is that retirees can receive higher than expected cost of-living adjustments and active employees can receive higher than expected salary increases, which could increase actuarial losses in the future. The 2024 PERS Funding Levels and Risk report concludes that, as of June 30, 2023, the PERS Retirement System had experienced a couple of years of investment returns below the expected return of 6.8%, and actuarial losses primarily due to high inflation which resulted in unexpected cost of living adjustments for retirees and higher than expected member pay increases, which resulted in increased employer contributions along with further increases forecasted for the near future. Despite the strong investment return for the fiscal year ending June 30, 2024, the 2024 PERS Funding Levels and Risk Report notes that employer contributions are currently at relatively high levels due to large amounts of unfunded accrued liability, and uncertainty within the economy suggests possible economic turmoil in the near future. The 2024 PERS Funding Levels and Risk Report concludes that the ability of employers to continue making required contributions to the system is the area of greatest concern.

The UAAL and funded status of the schools portion of CalPERS as of June 30 of fiscal years ended June 30, 2019 through June 30, 2023 are set forth in the following Table A-12.

TABLE A-12
Actuarial Value of Schools Portion of CalPERS
Historical Funding Status
Valuation Dates June 30, 2019 through June 30, 2023
(\$ in millions)

Valuation Date (June 30)	Actuarial Accrued Liabilities	Market Value of Assets (MVA)	Funded Status (MVA)	Unfunded Liability/ (Surplus) (MVA)	Projected Payroll for Determining Contributions	Unfunded Liability/ (Surplus) as % of Payroll
2019	\$ 99,528	\$ 68,177	68.5%	31,351	14,844	211.2
2020	104,062	71,400	68.6	32,662	15,295	213.6

Source: CalPERS Schools Pool Actuarial Valuation as of June 30, 2023.

District Proportionate Share. As of June 30, 2024, the District reported a net pension liability of \$2.8 billion for its proportionate share of the net pension liability of the Miscellaneous Plan. The net pension liability of the Miscellaneous Plan was measured by CalPERS as of June 30, 2023, and the total pension liability for the Miscellaneous Plan used to calculate the net pension liability was determined by CalPERS pursuant to an actuarial valuation as of June 30, 2022 rolled forward to June 30, 2023 using standard update procedures. The District's proportion of the net pension liability was based on the fiscal year 2022-23 employer contributions calculated by CalPERS. As of June 30, 2024, the District's proportion of the CalPERS net pension liability was approximately 7.746%. See “– *Pension Accounting and Financial Reporting Standards*” herein and Note 9(a) to the audited financial statements of the District contained in APPENDIX B – “AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024.”

Safety Plan Actuarial Valuation; Net Pension Liability. The CalPERS Safety Plan of the Los Angeles Unified School District (Employer # 3614620780) Annual Valuation Report as of June 30, 2023 uses the “Entry Age Normal Cost Method” as the actuarial funding method and assumes, among other things, a 6.80% investment rate of return (net of administrative expenses), projected annual salary increases based on category, entry age, and duration of service, projected inflation of 2.30% and projected payroll growth of 2.80%. The UAAL and funded status of the District's Safety Plan, which is an individual component of CalPERS, as of June 30 of fiscal years ended June 30, 2019 through June 30, 2023, are set forth in the following Table A-13. As of June 30, 2024, the District's net pension liability under the CalPERS Safety plan was \$128.0 million. The net pension liability of the CalPERS Safety plan is measured as of June 30, 2023, using standard update procedures. See Note 9(a) to the audited financial statements of the District contained in APPENDIX B – “AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024.”

Public Agency Retirement System. On July 1, 1992, the District joined the Public Agency Retirement System ("PARS"), a multiple-employer retirement trust. This defined contribution plan covers the District's part-time, seasonal, temporary and other employees not otherwise covered by CalPERS or CalSTRS, but whose salaries would otherwise be subject to Social Security tax. Benefit provisions and other requirements are established by District management based on agreements with various bargaining units. The District is unable to predict the amount of the contributions which the District may be required to make to PARS in the future. Accordingly, there can be no assurances that the District's required contributions to PARS will not significantly increase in the future above current levels. The District has always paid all required PARS annual contributions. As of January 1, 2025, 12,691 active District employees were members of PARS.

The following Table A-14 sets forth the District's annual contributions to PARS for fiscal years 2020-21 through 2023-24 and the budgeted annual contribution to PARS for fiscal year 2024-25, and the contributions as a percentage of the District's Total Governmental Funds expenditures for fiscal years 2020-21 through 2024-25.

TABLE A-14
LOS ANGELES UNIFIED SCHOOL DISTRICT
Annual PARS Contribution
Fiscal Years 2020-21 through 2024-25
(\$ in millions)

Fiscal Year	District Contributions⁽¹⁾⁽²⁾	District Contribution as Percentage of Total Governmental Funds Expenditures
2020-21	\$7.3	0.07%
2021-22	6.9	0.06
2022-23	6.2	0.05
2023-24 ⁽³⁾	7.4	0.05
2024-25 ⁽⁴⁾	7.9	0.05

⁽¹⁾ Reflects payments to PARS for pension costs associated with the District's regular and specially funded programs.

⁽²⁾ Includes amounts related to prior years' PARS contributions.

⁽³⁾ Audited.

⁽⁴⁾ Budgeted in Fiscal Year 2024-25 Budget. Amounts do not reflect labor agreements not reflected in Fiscal Year 2024-25 Budget. For a discussion of pending labor agreements not reflected in the Fiscal Year 2024-25 Budget, see "– Employees and Labor Relations – *Negotiations Regarding Labor Contracts*" above.

California Public Employees' Pension Reform Act of 2013. In September 2012, the Governor approved Assembly Bill 340, the California Public Employees' Pension Reform Act of 2013 ("PEPRA"). Among other things, PEPRA establishes new retirement formulas for employees hired on or after January 1, 2013 ("PEPRA Employees") and prohibits public employers from offering defined benefit pension plans to PEPRA Employees that exceed the benefits provided thereunder. PEPRA increases the retirement age for new State, school, city and local agency employees depending on job function and limits the annual CalPERS and CalSTRS pension benefit payouts. PEPRA applies to all public employers except the University of California, charter cities and charter counties. PEPRA is, however, applicable to those entities which contract with CalPERS.

PEPRA mandates equal sharing of normal costs between a contracting agency or school employer and their employees and that employers not pay any of the required employee contribution. PEPRA limits, however, the contribution to an amount not in excess of 8% of pay for local miscellaneous or school members, not more than 12% of pay for local police officers, local firefighters, and county peace officers, and not more than 11% of pay for all local safety members. PEPRA requires employers to complete a good faith bargaining process as required by law prior to implementing changes regarding the contribution requirements. The contribution requirements of PEPRA went into effect on January 1, 2018. See "– *California State Teachers' Retirement System*" and "– *California Public Employees' Retirement System*" herein.

In addition, PEPRA amends existing laws to redefine final compensation for purposes of pension benefits for PEPRA Employees. Further, PEPRA permits certain public employers who have offered a lower defined benefit retirement plan before January 1, 2013 to continue to offer such plan to PEPRA Employees. If a public employer adopts a new defined benefit plan on or after January 1, 2013, however, such plan will be subject to PEPRA requirements unless, among other things, its retirement system's chief actuary and retirement board certify that the new plan is not riskier or costlier to the public employer than the defined benefit formula required under PEPRA.

Pension Accounting and Financial Reporting Standards. In 2012, the Governmental Accounting Standards Board issued Governmental Accounting Standards Board Statement No. 68 – “Accounting And Financial Reporting For Pensions” (“GASB 68”), which revises and establishes new financial reporting requirements for most public employers, such as the District, that provide pension benefits to their employees. GASB 68, among other things, requires public employers providing defined benefit pensions to recognize their long-term obligation for pension benefits as a liability and provides greater guidance on measuring the annual costs of pension benefits, including thorough guidelines on projecting benefit payments, use of discount rates and use of the “entry age” actuarial cost allocation method. GASB 68 also enhances accountability and transparency through revised and new note disclosures and required supplementary information. GASB 68 became effective for the financial statements of plan employers, including the District’s financial statements, commencing the fiscal year ended June 30, 2015.

Pursuant to GASB 68, CalSTRS and CalPERS will use a new blended rate that reflects a long-term rate of return on plan assets, which reflects a pension fund’s long-term investment strategy, and a high-quality, non-taxable municipal bond index rate, to account for the potential need to borrow funds to pay pension benefits after net assets have been fully depleted. CalSTRS has cautioned that use of the new, blended discount rate may cause the financial statements of plans, such as CalSTRS, to reflect an increased unfunded liability.

Other Postemployment Benefits

General. In addition to employee health care costs, the District provides post-employment health care benefits (“OPEB”) in accordance with collective bargaining agreements and the health benefits agreement. The District’s OPEB consists of post-employment benefits for health, prescription drug, dental, and vision coverage for retirees and their dependents. As of June 30, 2024, there were approximately 61,692 active employees who meet the eligibility requirements for OPEB benefits, 39,777 inactive employees or beneficiaries currently receiving benefits, and 183 inactive employees entitled to but not yet receiving benefits, for a total of 101,652 current and former employees entitled to receive benefits under the District’s OPEB plan. Historically, the District has funded these benefits on a pay-as-you-go basis, paying an amount in each fiscal year equal to the benefits distributed or disbursed in that fiscal year. Beginning in fiscal year 2013-14, the District’s policy, subject to District Board approval, is to prefund a portion of its OPEB costs for employees, retirees and their beneficiaries by allocating funds for the express purpose of funding future other postemployment benefit costs to the extent possible. See “– District Financial Policies and Related Practices – *Budget and Finance Policy* – Liability Reserves” herein. The District Board approved the creation of the OPEB Trust Fund in May 2014.

As of June 30, 2024, the District has contributed approximately \$583.3 million to the OPEB Trust Fund, inclusive of the District’s contributions of \$60 million in July 2014, \$30 million in September 2014, \$45 million in September 2015, \$6 million in March 2016, \$78 million in October 2016, \$120 million in October 2017, \$33.3 million in August 2023, \$52.8 million in September 2023, \$17.6 million in each of October 2023, November 2023, December 2023, January 2024, February 2024, March 2024, April 2024 and May 2024, and \$17.4 million in June 2024. The District did not contribute to the Trust Fund in fiscal years 2018-19, 2019-20, 2020-21, 2021-22 and 2022-23, although the District, for internal purposes, designated \$33.3 million of the \$244.3 million contributed to the OPEB Trust Fund in fiscal year 2023-24 as a fiscal year 2022-23 contribution. As of a June 30, 2024 measurement date, the OPEB Trust Fund’s net position was \$820 million. Based on the Fiscal Year 2024-25 Budget, the District has budgeted to contribute \$40.0 million from all funds of the District with eligible employees (not just the General Fund) to the OPEB Trust Fund in fiscal year 2024-25, \$33.0 million of which has been deposited in the OPEB Trust Fund as of April 8, 2025. The District expects to deposit the remaining \$7.0 million budgeted for fiscal year 2024-25 into the OPEB Trust Fund monthly in the amount of \$3.3 million in May 2025 and \$3.7 million in June 2025.

In the April 2024 Actuarial Valuation Report Postretirement Health Benefits as of the June 30, 2023, measurement date for fiscal year 2023-24 (the “2023 Actuarial Valuation”), Aon Hewitt indicated that based on the District’s current funding policy, projected cash flows, and the assumed asset return, the assets in the OPEB Trust Fund are projected to be depleted in fiscal year 2037-38 if such assets were drawn upon to pay benefits as they come due without the District funding such benefits on a pay-as-you-go basis. The year of depletion was projected to be fiscal year 2035-36 in the District’s audited financial statements for fiscal year ended June 30, 2024. See Note 9 to the audited financial statements of the District contained in APPENDIX B – “AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024.”

The following Table A-14 sets forth the District’s funding of other postemployment benefits for fiscal years 2020-21 through 2023-24, the budgeted contribution for fiscal year 2024-25, and the contributions as a percentage of the District’s Total Governmental Funds expenditures for said fiscal years. In addition, Table A-15 sets forth the District’s contribution to the OPEB Trust Fund for fiscal years 2020-21 through 2024-25.

TABLE A-15
LOS ANGELES UNIFIED SCHOOL DISTRICT
Expenditures for Other Postemployment Benefits
Fiscal Years 2020-21 through 2024-25
(\$ in millions)

Fiscal Year	Pay-as-You-Go Amount	OPEB Trust Fund Contribution⁽²⁾	Total Amount	Expenditure as Percentage of Total Governmental Funds Expenditures
2020-21	\$231.2	\$0.0	\$231.2	2.14%
2021-22	231.1	0.0	231.1	1.89
2022-23	235.9	0.0 ⁽³⁾	235.9	1.90
2023-24	245.8	244.3 ⁽³⁾	490.1	3.58
2024-25 ⁽¹⁾	219.9	40.0 ⁽⁴⁾	259.9	1.66

⁽¹⁾ Budgeted.

⁽²⁾ As of June 30, 2024, the District has contributed approximately \$583.3 million to the OPEB Trust Fund, inclusive of the District’s contributions of \$60 million in July 2014, \$30 million in September 2014, \$45 million in September 2015, \$6 million in March 2016, \$78 million in October 2016, \$120 million in October 2017, \$33.3 million in August 2023, \$52.8 million in September 2023, \$17.6 million in each of October 2023, November 2023, December 2023, January 2024, February 2024, March 2024, April 2024 and May 2024, and \$17.4 million in June 2024.

⁽³⁾ The District, for internal purposes, designated \$33.3 million of the \$244.3 million contributed to the OPEB Trust Fund in fiscal year 2023-24 as a fiscal year 2022-23 contribution.

⁽⁴⁾ As of April 8, 2025, \$33.0 million of which has been deposited in the OPEB Trust Fund. The District expects to deposit the remaining \$7.0 million budgeted for fiscal year 2024-25 into the OPEB Trust Fund monthly in the amount of \$3.3 million in May 2025 and \$3.7 million in June 2025.

Postemployment Benefits Other Than Pensions Accounting and Financial Reporting Standards.

In June 2015, the GASB issued Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions (“GASB 75”), which revised and established new accounting and financial reporting requirements for state and local governments, such as the District, that offer OPEB to employees. Pursuant to GASB 75, net OPEB liabilities are required to be recognized in the financial statements for such state and local governments. In addition, GASB 75 provides additional guidance with respect to recognizing and measuring liabilities, deferred outflows and inflows of resources, and expense/expenditures. GASB 75 directs the use of “entry age normal” as the actuarial cost allocation method to be used and the various procedures, assumptions and discount rates to be used in connection with the calculation of liabilities. In connection therewith, states and local governments that do not pre-fund their respective OPEB obligations may report increased liabilities. GASB 75, among other things, requires additional note disclosures and the presentation of required supplementary information in financial statements. GASB 75 was implemented in the District’s audited financial statements beginning in fiscal year 2017-18.

The District’s net OPEB liability takes into consideration the adoption of GASB 75, under which the District is required to recognize in full its total net OPEB liability rather than on an incremental basis. Over the past few years, the District has taken steps to (i) reduce its OPEB liability through a more cost-effective healthcare plan and (ii) pre-fund its OPEB liability by making deposits from time to time to an irrevocable trust when its reserves exceed the 5% Minimum Reserve Threshold, subject to District Board approval.

Changes in Net OPEB Liability. The District’s net OPEB liability has fluctuated over time based on a variety of factors, including changes in healthcare plans and actuarial assumptions and the funded status of the OPEB Trust Fund. In the June 2023 Actuarial Valuation Report Postretirement Health Benefits as of the June 30, 2022, measurement date for fiscal year 2022-23 (the “2022 Actuarial Valuation”), the District’s actuary, Aon Hewitt, pointed out that a byproduct of the GASB 75 standards is the potential for increased volatility of results from year to year, which the District has experienced since the implementation of GASB 75. In January 2019, the District implemented a less costly healthcare plan, the Anthem Preferred PPO (50 state Medicare Advantage Plan) (the “Anthem PPO”), which replaced the United HealthCare Group Medicare Advantage Plan and the Anthem Blue Cross Medicare (EPO) plan. The implementation of the Anthem PPO together with certain updated actuarial assumptions resulted in a significant reduction in the District’s net OPEB liability from \$14.97 billion as of June 30, 2018 (prior to the Anthem PPO implementation) to \$11.18 billion as of June 30, 2019 (after the Anthem PPO implementation) to \$8.58 billion as of June 30, 2020 (based on further revised actuarial assumptions). However, the District’s net OPEB liability as of June 30, 2021 increased to \$11.06 billion and then decreased to \$10.19 billion as of June 30, 2022 based on certain changes in actuarial assumptions described in more detail below. As of June 30, 2023, the District’s net OPEB liability decreased to \$8.48 billion also based on certain changes in actuarial assumptions also described in more detail below. See “– 2022 Actuarial Valuation” below for more information. As of June 30, 2024, the District net OPEB liability increased to \$8.99 billion. See “– 2023 Actuarial Valuation” below for more information.

2022 Actuarial Valuation. The District’s net OPEB liability decreased by approximately \$1.70 billion from \$10.19 billion as of June 30, 2022 to \$8.48 billion as of June 30, 2023. According to the 2022 Actuarial Valuation, the 150-basis point increase in the discount rate from the March 2022 Actuarial Valuation Report Postretirement Health Benefits as of the June 30, 2021 measurement date for fiscal year 2021-22 (the “2021 Actuarial Valuation”) had a considerable impact in the 2022 Actuarial Valuation, decreasing the value of liabilities by more than 20%. As explained in the 2022 Actuarial Valuation, such impact, which is somewhat offset by low asset returns as of the measurement date, decreases the net OPEB liability and the OPEB expense for fiscal year 2022-23. The 2022 Actuarial Valuation reflects updated financial information for fiscal year 2022-23 and is based on the census data, actuarial assumptions, and plan provisions used in the 2021 Actuarial Valuation with the following changes:

- Assets: \$469,939,493 as of June 30, 2022, measurement date
- Municipal Bond Rate: 3.54% as of June 30, 2022, based on the *Bond Buyer* General Obligation Bond 20-Bond Municipal Bond Index
- Contributions: Additional contribution of \$211 million to OPEB Trust Fund scheduled to be made for fiscal years ending 2023, 2024 and 2025. The District currently budgets to contribute \$244.3 million in fiscal year 2023-24, \$33.3 million of which the District, for internal purposes, designated as a fiscal year 2022-23 contribution.
- Expected Long-Term Return on Assets: 6.10% as of June 30, 2022, based on District's revised expectations for certain asset allocations
- Discount Rate: 3.70% as of June 30, 2022, after reassessment based on updated assets and municipal bond rate as of June 30, 2022

2023 Actuarial Valuation. The District's net OPEB liability increased by approximately \$509 million from \$8.48 billion as of June 30, 2023 to \$8.99 billion as of June 30, 2024. The 2023 Actuarial Valuation reflects updated financial information for fiscal year 2023-24 and is based on the census data, actuarial assumptions, and plan provisions used in the 2022 Actuarial Valuation with the following changes:

- Assets: \$499,889,641 as of June 30, 2023, measurement date
- Municipal Bond Rate: 3.65% as of June 30, 2023, based on the *Bond Buyer* General Obligation Bond 20-Bond Municipal Bond Index
- Contributions: Additional contribution of \$33.3 million for fiscal year ending 2023, to be made in fiscal year ending 2024; \$211 million to be made in fiscal year ending 2024; and \$40 million for all future fiscal years.
- Expected Long-Term Return on Assets: 6.20% as of June 30, 2023, based on District's revised expectations for certain asset allocations
- Discount Rate: 3.80% as of June 30, 2023, after reassessment based on updated assets and municipal bond rate as of June 30, 2023

The following Table A-16 shows the impact of the changes to the actuarial assumptions in the 2023 Actuarial Valuation on the District's Net OPEB Liability for the fiscal year ending June 30, 2024 compared to fiscal year June 30, 2023 that was based on the 2022 Actuarial Valuation.

TABLE A-16

Source: 2023 Actuarial Valuation.

The District cannot predict the impact future changes in healthcare plans and actuarial assumptions and the funded status of the OPEB Trust Fund will have on the District's net OPEB liability.

For more information on the District's OPEB plan, OPEB liability and related assumptions for fiscal year ended June 30, 2024, see Note 9 to the audited financial statements of the District contained in APPENDIX B – "AUDITED ANNUAL FINANCIAL REPORT OF THE DISTRICT FOR FISCAL YEAR ENDED JUNE 30, 2024" attached hereto.

Risk Management and Litigation

General. The District's administration of claims liabilities, insurance coverage and retentions is under review and transition as the District begins to employ the use of a recently-formed Captive Insurer (as defined below) which was incorporated for the benefit of the District. The District created the Captive Insurer in June 2024, effective July 1, 2024, to insure and manage the non-insured/retained auto liability, general liability, and workers' compensation exposures of the District as well as other insurance coverages deemed necessary by the Captive Insurer in the future. The lines of insurance coverage provided by the Captive Insurer are intended to replace certain of the District's third-party insurance and its program of self-insurance and reserves for the related liabilities.

In the aggregate, the District's outstanding liability (losses plus loss adjustment expense) for general, auto, and sexual molestation as of June 30, 2024, on a nominal basis and at the central estimate, is approximately \$621 million. See "– Sexual Misconduct Cases – Current Claims Exposure" below. This estimate is substantially based on an independent third-party actuarial report. The District is in the process of analyzing pending claims, timing of liabilities and potential liabilities, and estimates of liability for claims in accordance with GASB Statement Nos. 10 and 56, which require that the District recognize liabilities as of June 30, 2024, to the extent that the liability is (1) probable, and (2) an amount of the liability can be reasonably estimated. As described above, this liability estimate reflects an accounting perspective. Detailed information is not yet final, and this estimate is provided based on certain averages, assumptions, and opinion.

Captive Insurance Program. The District has reorganized its insurance program to include a captive insurance company, effective July 1, 2024, officially named the Los Angeles Unified School District Insurance Company, LLC (the "Captive Insurer"), a manager-managed Vermont limited liability

company. The Captive Insurer was organized for the purpose of writing insurance and/or reinsurance as a pure captive insurance company operating pursuant to Title 8, Vermont Statutes Annotated, Chapter 141, Captive Insurance, and other relevant laws of the State of Vermont.

The primary purpose of the Captive Insurer is to manage certain risks of the District, offering tailored insurance that may not be available or affordable in the traditional insurance market. Advantages sought with the Captive Insurer include: (a) greater flexibility in customizing coverage to meet specific needs, which may not be fully addressed by conventional insurance policies; (b) enhanced ability to control claims management and underwriting processes, leading to more efficient handling and potentially reduced claims costs; and (c) strategic management of investments and reserves to optimize returns and ensure adequate funding for future claims.

The Captive Insurer evaluates risks, sets premium levels, and invests capitalization and premium payments for future claim payouts. This structure is expected to provide the District with greater control over its insurance costs, claims handling, and risk management practices. The Captive Insurer was established initially to insure and manage the District's non-insured/retained automobile, general, sexual abuse and molestation, and workers' compensation liabilities as well as other insurance coverages deemed necessary by the Captive Insurer in the future. The District will continue to assess its insurance portfolio to identify additional lines of insurance to include in the Captive Insurer. The District is currently evaluating the following lines of coverage to include in the Captive Insurer: boiler and machinery; crime and fiduciary; property; cyber security; and medical malpractice. Currently, a portion of the District's liabilities for sexual abuse and molestation are included in the Captive Insurer.

The District is authorized to budget and appropriate funds for the development and implementation of the Captive Insurer, including capital, premiums, funds and fees in lines of insurance coverage to be provided by the Captive Insurer. Upon substantial implementation of the Captive Insurer in Fiscal Year 2024-25, the District expects to transfer applicable and eligible portions of the District's Internal Service Fund and Liability Self Insurance Fund to the Captive Insurer to be managed, invested, and applied to pay claims. As of July 9, 2024, approximately \$50 million had been transferred to the Captive Insurer. The District has completed subsequent transfers to the Captive Insurer of approximately \$998 million in Fiscal Year 2024-25 and anticipates approximately \$230 million in Fiscal Year 2025-26. Upon its substantial implementation, the District expects that use of the Captive Insurer, together with traditional insurance, reinsurance, and self-insured retentions, will efficiently regulate and minimize insurance costs and secure liability insurance coverage in order to mitigate financial risks.

For fiscal year 2024-25, the Captive Insurer has provided the District with \$5 million of general liability (automobile and sexual abuse and molestation) coverage for lawsuits and settlements. Thereafter, the Captive Insurer has a commercial policy for \$15 million in aggregate in excess of the \$5 million. Lawsuits and settlements over that threshold are covered by the Captive Insurer. As an authorized self-insurer for workers' compensation claims, which reserves the Captive Insurer will manage, invest, and apply to claims, such insurance will provide initial coverage and the District will continue its practice of unlimited coverage for such claims, actuarially determined by, and annually capitalized to, the Captive Insurer.

Traditional Insurance. In addition to the insurance coverage provided by the Captive Insurer, the District maintains various excess property, casualty, and fidelity insurance with varying self-insured retentions. The District's excess property coverage is provided currently through its membership in the Public Entity Property Insurance Program ("PEPIP"), an insurance pool comprised of certain cities, counties, and school districts. The District maintains excess property insurance on all District facilities under a combination of self-insurance retentions and varying sublimits through the excess insurance policies of PEPIP. The current self-insured retention for fire loss damage for excess property coverage is \$2,500,000 per occurrence maintained through a combination of excess policies with an occurrence limit of \$500 million. With respect to this exposure, the District maintains what it considers to be adequate

reserves to cover losses within the self-insurance retention. District General Fund resources are used to pay for property loss insurance and uninsured repairs for property damage. In addition to the above excess property policies, the District purchases a separate boiler and machinery policy with \$100 million in occurrence limits and a Fidelity crime coverage policy with \$15 million in occurrence limits.

Prior to Fiscal Year 2013-14, the District's liability coverage generally included coverage for sexual misconduct and molestation claims with some limited exceptions as described herein with respect to claims potentially revived and made actionable after the passage of Assembly Bill 218. See “– Sexual Misconduct Cases – Assembly Bill 218 and Statute of Limitations in Childhood Sexual Assault Claims” herein. Liability coverage beginning in Fiscal Year 2013-14 did not include this coverage because the District determined that it was not available at reasonable rates from any insurance provider. In March 2014, the District Board approved a joint powers authority agreement by and between the District and Los Angeles Trust Children's Health Inc., a nonprofit public benefit corporation organized under the laws of the State of California, to establish the Los Angeles Unified School District Risk Management Authority (the “Risk Management Authority”) which became effective July 1, 2014. The Risk Management Authority allows the District to purchase reinsurance for excess liability coverage for incidents such as sexual misconduct and molestation, to the extent such coverage is available. The Risk Management Authority was capitalized by the District and provides an insurance program for the District and the Los Angeles Trust Children's Health Inc. The Risk Management Authority allows the District to purchase reinsurance for excess liability coverage which is not presently available to self-insured public agencies such as the District. See “– Sexual Misconduct Cases” herein. The District currently maintains excess liability coverage for lawsuit settlements which covers certain sexual misconduct and molestation claims, among others, with a limit of \$15 million above a \$5 million self-insurance retention; see “Risk Management and Litigation – Captive Insurance Program” above.

Workers' Compensation. The District is authorized to self-insure for workers' compensation claims and had previously established the Workers' Compensation Fund for such claims. With the establishment of the Captive Insurer, the District will fund such self-insurance through the Captive Insurer for its workers' compensation liability, which amounts the Captive Insurer will manage, invest, and apply to claims. As described above, a portion of this liability may be covered by insurance obtained by the Captive Insurer.

Pollution Legal Liability Policy. The District purchased a pollution legal liability (“PLL”) policy through Allied World National Assurance Company with coverage of \$10.0 million per incident and \$10.0 million in aggregate, effective May 1, 2023 to May 1, 2026.

Owner-Controlled Insurance Program. The District has arranged for its construction projects to be insured under its owner-controlled insurance program (“OCIP”). An OCIP is a single insurance program that insures the District, the District Board, all enrolled contractors, and enrolled subcontractors, and other designated parties for work performed at project sites. The District pays the insurance premiums for the OCIP coverages and requires each eligible bidder to exclude from its bid price the cost of insurance coverage. The exclusion of the cost of insurance premiums from each bid is intended to result in lower overall bids for projects, which would in turn lower the contract award amount and general obligation bond and other funds spent. In addition, the District may be able to pay a lower overall insurance cost than a single contractor because of the economies of scale gained by the purchase of an OCIP.

Litigation Regarding Insurance Providers. In September 2015, the District filed a lawsuit entitled *Los Angeles Unified School District v. ACE et al.* (the “Miramonte Coverage Action”), in the Los Angeles Superior Court seeking more than \$200 million in damages from twenty-seven of the District's current and former insurance providers who failed to fund the defense and reimburse the District for settlement amounts paid by the District in connection with claims by hundreds of students and parents alleging that negligent hiring, supervision, and retention of former teachers Mark Berndt and Martin Springer at Miramonte Elementary School resulted in sexual abuse of the students. In April 2017, the District filed a second lawsuit

in the Los Angeles Superior Court entitled *Los Angeles Unified School District v. AIU Insurance Company, et. al.* (the “Telfair Coverage Action”), seeking more than \$40 million in damages from eight of the District’s current and former insurance providers in connection with the lawsuits filed against the District alleging that negligence of its employees in hiring, retaining, and supervising Paul Chapel resulted in sexual abuse of approximately twenty students at Telfair Elementary School. In August 2017, the District filed a third lawsuit in the Los Angeles Superior Court entitled *Los Angeles Unified School District v. Allied World et al.* (the “De La Torre Coverage Action”), seeking more than \$60 million in damages from seven of the District’s current and former insurance providers who failed to fund the defense and reimburse the District for settlement amounts paid by the District in connection with claims by over twenty students and their parents alleging that negligent hiring, supervision, and retention of former teacher Robert Pimentel at De La Torre Elementary School resulted in sexual abuse of the students. The District has not been reimbursed by any of the defendants for amounts expended in conjunction with resolving the underlying sexual abuse litigation described in this section. While no insurer agreed to pay any of the District’s defense costs before the coverage actions were filed, rulings obtained in the Miramonte Coverage Action have forced AIG to reimburse the District for over \$21 million in defense costs. Further, the District has alleged that the insurance providers have not only breached their respective insurance obligations owed to the District in connection with underlying litigation but also breached the implied covenant of good faith and fair dealing. In 2021, following a bench trial, the court found that the insurer breached its duty to indemnify the District under one insurance policy at issue in the Miramonte Coverage Action for its settlements of the underlying claims. In the Miramonte Coverage Action and Telfair Coverage Action, the Court has provided guidance to the District in allocating defense costs to exhaustion of the District’s self-insured retentions for specific policy periods, which has allowed the District to recover some additional indemnity payments from certain insurers. In the De La Torre Coverage Action, the Court entered judgment in favor of Lexington Insurance Company, and the District has filed a notice of appeal from that judgment. The District is considering its options with respect to additional motion practice and appellate review.

On November 4, 2020, the District filed another round of lawsuits against its insurers, *Los Angeles Unified School District v. Starr Indemnity & Liability Co., et al.* (the “Cahuenga Coverage Action”) and *Los Angeles Unified School District v. Ins. Co. of the State of Pennsylvania, et al.* (the “Franklin Coverage Action”), in which it is seeking more than \$25 million and \$8 million, respectively, in settlement reimbursements plus defense costs relating to underlying litigation involving the alleged abuse of multiple students at Franklin High School and Cahuenga High School. The District cannot predict the final outcome of or remedy imposed by any court with respect to these complaints or the amounts, if any, by which any of the insurance providers will reimburse the District for settlements and defense costs in the underlying litigation matters. In 2021, the District moved for summary adjudication to establish that the Insurance Company of State of Pennsylvania (an AIG Co.) had breached its duty to defend the District under a 2002-2003 insurance policy, which the court denied. In April 2024, in the Cahuenga Coverage Action, the Court denied the motion for summary judgment of Starr Indemnity & Liability Company, finding triable issues of fact under the Starr policies. In July 2024, in the Franklin Coverage Action, the Court granted the defendant insurers’ motion for summary judgment and entered judgment in favor of the defendants. The District is considering its options with respect to additional motion practice and a limited trial in the Cahuenga Coverage Action.

On September 29, 2022, the District filed a new lawsuit against its insurers, *Los Angeles Unified School District v. Everest National Insurance Company, et al.*, in which it is seeking more than \$11 million in settlement reimbursements plus defense costs relating to underlying litigation involving the alleged abuse of multiple students at El Sereno Elementary School. One insurer has reimbursed some, but not all, of the District’s defense costs in connection with the underlying litigation. The District cannot predict the final outcome of or remedy imposed by any court with respect to this complaint or the amount, if any, by which any of the insurance providers will reimburse the District for settlements and defense costs in the underlying litigation. In April 2024, the Court granted the motion for summary adjudication by Insurance Company of State of Pennsylvania regarding its duties to defend and indemnify under a 2003-2004 policy. The District is considering its options with respect to additional motion practice and appellate review.

On June 26, 2024, the District filed a new lawsuit against its insurers, *Los Angeles Unified School District v. Aetna Insurance Company, et al.*, in which it is seeking more than \$9 million in settlement reimbursements, declaratory relief that would result in its insurers indemnifying future settlement and/or verdict payments, defense costs incurred to defend approximately sixty lawsuits arising out of sexual abuse allegations from the 1950s, 1960s, and 1970s, and punitive damages. The District cannot predict the final outcome of or remedy imposed by any court with respect to this complaint or the amount, if any, by which any of the insurance providers will reimburse the District for settlements and defense costs in the underlying litigation.

Wrongful Death Cases. In August 2020, the mother of an elementary school student filed a lawsuit seeking unspecified damages in excess of \$1,000,000 against the District for the alleged wrongful death of her son on December 26, 2019, after he died from injuries sustained while at a District employee's home, during the employee's non-working hours and when school was out for winter break. The death was later ruled a homicide and the employee was subsequently criminally convicted. A jury trial in the wrongful death matter commenced on July 31, 2023, in the Van Nuys Courthouse of the Los Angeles Superior Court and on August 10, 2023, the jury found the District 90% at fault and plaintiff 10% at fault and awarded plaintiff a total of \$30 million. On October 17, 2023, the District brought a motion for a new trial which the Court denied. On November 8, 2023, the District filed its Notice of Appeal and will seek to overturn the verdict based on a number of grounds that the District believes to have strong merit. Should the District's appeal be unsuccessful, thus obligating the District to pay its share of the judgment (\$27 million), the District's expected share will be \$5 million (self-insured retention amount) and the balance of the judgment would be expected to be covered by the District's reinsurers through the Risk Management Authority. The matter has been fully briefed, and the parties are awaiting an oral argument hearing date.

In September 2022, two high school students overdosed in a bathroom on campus after ingesting a pill believed to have been laced with Fentanyl. The students were found on campus after school hours: one deceased in the bathroom and the second student in the courtyard outside the bathroom. The surviving student found in the courtyard was transported to the hospital. On December 12, 2022, the deceased student's mother filed a complaint in the Los Angeles Superior Court against the District seeking unspecified damages for negligence and wrongful death. She has since made an offer to dismiss her lawsuit in exchange for \$50 million. Trial in that matter is currently set for May 9, 2025. On October 13, 2023, the surviving student filed a lawsuit against the District in the Los Angeles Superior Court, seeking unspecified damages for negligence. The surviving student has not made any offers to resolve her lawsuit. The trial in that matter is currently scheduled for September 9, 2025.

On March 5, 2024, a high school student was involved in a fight on campus, wherein she allegedly sustained injuries, including head trauma. It is further alleged that as a result of these claimed injuries, the student passed away ten days later. A report issued by the Los Angeles County Medical Examiner's Office concluded that the cause of death was head trauma sustained from a fall down a set of stairs on March 10, 2024, while the decedent was attending a party. On September 20, 2024, the mother and the decedent's estate filed a complaint in the Los Angeles Superior Court against the District, seeking unspecified damages for wrongful death. Trial in the matter is currently set for August 3, 2026 and the litigation is in the discovery phase.

In April 2016, a middle school student experienced sudden cardiac arrest during physical education class and died. On July 21, 2017, the father of the student filed a complaint in the Los Angeles Superior Court against the District, seeking unspecified damages for wrongful death. The case was tried in April 2023, resulting in a \$15 million jury verdict. On August 11, 2023, the District filed a Notice of Appeal, which is currently pending. The matter has been fully briefed and oral argument was recently scheduled for April 30, 2025.

Catastrophic Injury Cases. In January 2020, a non-verbal special education student claims to have sustained injury on a District special education campus when he allegedly pulled a soccer goal post net,

causing himself and the goal to fall, hitting him on the head. The student underwent emergency cervical spine surgery as a result of the incident, and his medical bills/costs known to date exceed \$1,000,000. On January 11, 2022, the court appointed conservator for the student filed a complaint in the Los Angeles Superior Court against the District, seeking unspecified damages. The matter settled on September 23, 2024 for \$4.2M and approved by the Board of Education on November 20, 2024.

In February 2017, an elementary school student claimed to have fallen and struck her head during the school day, on campus. On November 22, 2017, the mother of the student filed a complaint in the Los Angeles Superior Court against the District, seeking unspecified damages for traumatic brain injury. Plaintiff alleged the District failed to provide the requisite medical care and failed to contact emergency medical personnel in a timely manner. A verdict was entered against the District in the amount of \$7,083,194.86.

In February 2018, a middle school student suffered a non-fatal injury when a gun, brought to school by another student, accidentally discharged in class causing a bullet fragment to strike the student in the temple. A personal injury action was subsequently filed on behalf of the injured student in the Los Angeles Superior Court against the District and other parties seeking unspecified damages for traumatic brain injury. During litigation, the District brought a motion for summary judgment which the trial court granted in its entirety. Plaintiff subsequently appealed the granting of the motion for summary judgment and dismissal of the case and the California Court of Appeal reversed, in part, the trial court's ruling and remanded the matter to the trial court. Plaintiff's last settlement demand was in excess of \$20 million. In November 2024 the jury returned a defense verdict; plaintiff is pursuing an appeal.

COVID-19 Distance Learning Lawsuits. On September 24, 2020, a class action lawsuit was filed on behalf of nine named plaintiffs in the Los Angeles Superior Court asserting that the District's instructional plan in response to the COVID-19 pandemic denied plaintiffs' children their basic education rights under the California Constitution. The complaint alleges that the District's distance learning approach was inadequate in that it allegedly reduced instructional and professional development time, eliminated student assessments, failed to provide adequate access to technology, and failed to reengage students who did not participate in online learning in the spring of 2020 after the closure of school facilities due to the COVID-19 pandemic. The operative first amended complaint asserts various causes of action for injunctive and declaratory relief, including claims for alleged violations of statutory and Constitutional rights and claims of discrimination and disparate treatment. On April 9, 2021, the District's motion to strike certain allegations in the complaint with respect to individualized education program services was granted, but its demurrer to the first amended complaint was overruled. After plaintiffs filed a second amended complaint, the District filed another demurrer. On August 16, 2021, the Court sustained the District's demurrer with leave to amend. The Court further struck plaintiffs' claims seeking retrospective injunctive relief on a class wide basis. Plaintiffs were given 20 days to file an amended complaint. In September 2021, the Court dismissed the action in its entirety, with prejudice, and entered judgment in favor of the defendants, including the District. Plaintiffs subsequently filed a notice of appeal with the Court of Appeal of California, Second Appellate District. On September 19, 2023, the California Court of Appeal issued its decision reversing in part the September 2021 order dismissing the lawsuit. The Court of Appeal found that dismissal of the case and denial of class certification was premature, permitting the plaintiffs to move forward on three of their eight causes of action, but sustaining the dismissal of the remaining claims in favor of the District. The matter has now been remanded back to the trial court to proceed. Discovery and settlement negotiations are in process. The District will continue to defend the case and also determine any potential settlement options.

COVID-19 Employee Vaccinations Lawsuit. Since the Fall of 2021, the District has been named in at least thirty-four different lawsuits challenging the District's previous COVID-19 vaccination mandate, filed by current and former employees and job applicants, asserting various causes of action for wrongful termination, employment discrimination, and violations of Constitutional rights, among other theories of recovery. As of January 2025, twelve of the thirty-four cases had settled. While certain of the lawsuits have

been filed on behalf of a single named plaintiff, others are filed on behalf of groups of plaintiffs ranging from 6 to 167. The earliest filed of such actions, *Health Freedom Defense Fund v. Carvalho, et al.*, is presently on appeal before the Ninth Circuit Court of Appeals, following the U.S. District Court for the Central District of California's grant of the District's motion for judgment on the pleadings in September 2022. On June 7, 2024, the Ninth Circuit reversed the Central District of California's decision. On February 4, 2025, the Ninth Circuit ordered En Banc review.

In general, the District believes it has strong defenses to these employee vaccination mandate lawsuits, and anticipates that most will result in defense verdicts. Nevertheless, given the inherent uncertainty of litigation and the different factual scenarios presented in each of them, the District faces potential exposure to claims for damages, including lost wages, a claim in at least one case for emotional distress damages, claims for punitive damages, and perhaps most significantly, exposure to potential awards of prevailing party attorneys' fees, which in some employment cases, can reach seven figures. The damages sought in these lawsuits vary significantly, particularly depending on the number of plaintiffs involved, the causes of action asserted, and remedies sought. As such, the District cannot predict the total damages that might be recovered in the event that it does not prevail in one or more of the lawsuits.

Sexual Misconduct Cases. The District is occasionally subject to claims relating to the sexual misconduct of District personnel and other students. There are currently threatened and pending claims against the District brought on behalf of minor students as a result of such alleged sexual misconduct. The District is in various stages of litigation relating to such pending claims and cannot predict the outcome and effects of such claims or provide any assurances that such claims will not be successful. The damages requested by the plaintiffs in the various pending sexual misconduct cases are substantial, but vary significantly, in multiple instances there are demands for several million dollars. The District, however, cannot predict any final award of damages or settlement amounts. The District also cannot predict the damages sought by any threatened litigation.

As described above, the information below reflects an accounting perspective. The District is in the process of analyzing pending claims, the timing of liabilities and potential liabilities, and estimates of liability for claims by class and at levels of potential exposure. Detailed information is not yet final, and this estimate is provided based on certain averages, assumptions, and opinion.

Miramonte. In the Miramonte sexual abuse litigation, involving Mark Berndt (who in 2013 pleaded no contest to 23 felony counts of lewd acts on children and was sentenced to 25 years in prison), there have previously been over \$250 million in settlements with 225 students. This amount was a contingent liability reported in the Fiscal Year 2023-24. There are multiple active cases pending with 75 plaintiffs. This includes several recent complaints filed and served on behalf of 29 plaintiffs. The earliest trial date is scheduled for November 3, 2025, in a four-plaintiff matter. The other remaining matters do not have trial dates yet.

Assembly Bill 218 and Statute of Limitations in Childhood Sexual Assault Claims. Pursuant to Assembly Bill 218 ("AB 218"), which became effective on January 1, 2020, certain changes were made to the claim prerequisites and the applicable statute of limitations periods for claims of childhood sexual assault, including claims against public entities like the District. AB 218 impacted the District's liability exposure because it (1) extended the statute of limitations periods for claims of childhood sexual assault, (2) did away altogether with the Tort Claims Act's presentation requirements for claims involving childhood sexual assault under which many claims were found to be late, and (3) revived certain claims for which applicable statute of limitations periods have otherwise already expired (if brought within three years of January 1, 2020). Pursuant to AB 218, a plaintiff's ability to bring a claim was extended to twenty-two years from the age of majority or five years after the plaintiff discovered or reasonably should have discovered psychological injury or illness occurring after the age of majority caused by the alleged childhood sexual assault. With respect to claims that otherwise would have been barred as of January 1, 2020, AB 218 revived such claims for a period of three years, which period expired on December 31, 2022.

In 2023, the California State Legislature passed, and the Governor signed into law, AB 452 which eliminated the statute of limitations for the recovery of civil damages suffered as a result of childhood sexual assault. AB 452 applies prospectively for civil claims that arise on or after January 1, 2024.

Currently, the District has active cases involving 222 AB 218 claimants who allege misconduct by former employees. Since the District is in the middle of litigation on many of the pending AB 218 lawsuits, the District cannot fully predict the extent of its liability in such cases, whether the claimants will prevail, and if so, how a final court decision or settlement agreement with respect to each such lawsuit may affect the financial status, policies or operations of the District, as the nature of the court's remedy and the responses thereto are unknown at the present time.

Current Claims Exposure. Based on information available to the District as of June 30, 2024, the District estimates its liability for claims arising from AB 218 and similar sexual abuse and molestation claims (losses and allocated loss adjustment expenses) at levels of potential exposure of approximately \$500 million. This estimate is substantially based on an independent third-party actuarial report. Without the benefit of a current actuarial report, which is pending, the District anticipates that its exposure to these types of claims may be closer to \$650 million. It should be noted that these cases include a significant number of claimants in the Miramonte sexual abuse litigation matters described above, among others, and does not include that amount settled with claims dismissed. Further, funds have been set aside as accrued expenses for all current claims pending settlement. As further described elsewhere herein, this exposure estimate reflects an accounting perspective and the District is in the process of analyzing pending claims. Detailed information is not yet final, and this estimate is provided based on certain averages, assumptions, and opinion.

In the aggregate, the District's outstanding liability (losses plus loss adjustment expense) for general, auto, and sexual molestation as of June 30, 2024, on a nominal basis and at the central estimate, is approximately \$621 million. This estimate is substantially based on an independent third-party actuarial report issued in 2024. Without the benefit of a current actuarial report, which is pending, the District anticipates that its exposure to these claims may be closer to \$770 million. The District is in the process of analyzing pending claims, timing of liabilities and potential liabilities, and estimates of liability for claims in accordance with GASB Statement Nos. 10 and 56, which require that the District recognize liabilities as of June 30, 2024, to the extent that the liability is (1) probable, and (2) an amount of the liability can be reasonably estimated. As described above, this liability estimate reflects an accounting perspective. Detailed information is not yet final, and this estimate is provided based on certain averages, assumptions, and opinion.

It is important to note that this projected liability is an estimate, subject to variables including the potential for a changing claims environment over time as may be informed by jury verdicts involving the District and other public agencies subject to the provisions of AB 218 and the results of the District's further analysis of pending claims, with the potential for the movement of claims into higher loss layers than were initially assumed or assumed over time. This potential for claims includes inflation over time, among other variables, and may be inconsistent with the accounting perspective described above and, future loss emergence will likely deviate, perhaps substantially, from these estimates.

Certain recent sexual molestation claims, as described immediately below, have been outside of District expectations and actuarial assumptions at the per claims level and are, for example, respectively, proceeding to trial and approved for settlement on an assumed expectation for coverage since denied. Notwithstanding, the District believes that its expected nominal, central estimate of total liability is within the range of probabilities, based on current claims analysis. As discussed, the estimates herein at this time are subject to the variables described above and necessarily constitute forward looking statements. Actual results may differ or differ materially from those contemplated in such forward-looking statements.

From October 8, 2020, to June 3, 2022, seventeen former elementary school students filed complaints (nine total complaints) in the Los Angeles Superior Court against the District seeking unspecified damages for negligence and the failure to file a mandatory report of suspected child abuse based on allegations that from Fall 1988 to Spring 1991, they were victims of sexual abuse by their 1st grade teacher. The plaintiffs allege District employees knew or should have known of the alleged abuse and failed to take action to remove the teacher and failed to notify the authorities of suspected child abuse. On November 4, 2024, a \$68 million settlement was reached subject to Board approval. The Board approved the settlement on January 15, 2025.

On May 12, 2021, three former elementary school students filed a complaint in the Los Angeles Superior Court against the District seeking unspecified damages for negligence and the failure to file a mandatory report of suspected child abuse based on allegations that from Fall 2006 to Spring 2008, they were victims of their 4th grade (for two of the plaintiffs) and 1st grade (for one of the plaintiffs) teacher. The plaintiffs allege District employees knew or should have known of the alleged abuse and failed to take action to remove the teacher and failed to notify the authorities of suspected child abuse. A settlement of \$24 million was reached following a second mediation on May 17, 2024, with the District's expectation being that its insurer would pay much of the settlement given applicable coverages. The District Board approved the settlement on September 11, 2024, the same day the District's insurer for the relevant time period denied coverage for the claims. The District is currently weighing all options, including pursuing a coverage action against its insurer.

The District has set aside an amount in its Liability Self-Insurance Fund to pay certain existing claims amounts arising under AB 218. Additional amounts are expected to be provided and available to the Captive Insurer, with required reserves, liabilities and insurance policy premiums determined by the Captive Insurer and charged to the District using actuarial information. The District's total liability arising from existing AB 218 claims may ultimately exceed such amounts. The District expects to amortize payments on remaining claims beyond the year in which they accrue. See “- Assembly Bill 218 and Statute of Limitations in Childhood Sexual Assault Claims” above. While the District may be able to access insurance coverage for a portion of some of the AB 218 claims, the District is not currently able to determine what amount of the total liability may be covered by prior insurance policies or existing insurance policies for excess coverage. The District has identified certain gaps in insurance coverage prior to 1992 for which it is actively investigating the availability of policies that may provide coverage for claims arising from AB 218. Additionally, under AB 218, individuals who were over the age of 26 and under 40 on December 31, 2022, will still be able to timely file a lawsuit until they turn 40, and the District is unable to estimate the potential liability associated with this group of potential claimants.

The California Government Code requires the District to pay each judgment in the fiscal year that it becomes due, to the extent funds are available, or if its funds are not sufficient, in the “ensuing fiscal year immediately upon the obtaining of sufficient funds for that purpose.” Such liabilities demanding prompt payment may in the aggregate exceed the amount currently reserved for settlements and monetary damages and not otherwise amortized beyond the year in which they accrue. The District may finance or refinance certain judgments arising from AB 218 and similar claims, essentially refunding claims such that claims liabilities can be spread over several years, whether pursuant to California law applicable to local agencies such as the District, or by court order for a period not to exceed ten years commencing with the judgment or court's order approving a settlement with dismissal of the action. See “Future Financings – AB 218 and Similar Claims.” Without amortization of pending and projected claims, such liabilities could decrease the District's net position as of June 30, 2024 from the amount set forth in the District's financial statements for Fiscal Year 2023-24.

Within the District, the treatment of child abuse and related reporting has evolved significantly over the past several decades. Prior to 1981, District employees did not have child abuse and neglect reporting obligations under California law, and there was limited, if any, training provided to District employees. Since 1981, California law mandates District employees to report suspected child abuse or neglect. The

District's policies on such reporting have evolved and improved since then consistent with changes to California law. The District currently maintains (a) policies regarding child abuse and neglect reporting, sexual harassment (student-to-student, adult-to-student, and student-to-adult), social media for employees and associated persons, responsible use of technology, and ethics, (b) a code of conduct with students, and (c) protocols and procedures for reporting and investigating allegations of employee misconduct. The District also offers a variety of online and in-person training courses and resources to District employees. Currently, all District employees are subject to background checks prior to employment and are required to complete yearly child abuse training. For further reference, certain of the District's policies, protocols, training materials are made available online at the District's website. The District regularly reviews its policies, procedures, and protocols with respect to these topics and updates them periodically to address evolving circumstances.

Litigation Regarding September 2022 Cyberattack. Four separate lawsuits have been filed against the District relating to the 2022 cyberattack on the District. The first three cases have been deemed related, with the matter of *M.M., et al. v. Los Angeles Unified School District*, Case No. 22STCV37822, serving as the lead case. The three lawsuits, filed on behalf of named individuals and purported classes of individuals whose personal information was allegedly posted to the dark web as a result of the cyberattack, have been deemed complex, and plaintiffs' counsel filed a consolidated complaint against the District and Defendant Infosys, Ltd. Therein, on February 13, 2024. The District filed its demurrer in response to the consolidated complaint on March 22, 2024. The District's demurrer was sustained as to 14 of 16 causes of action on June 6, 2024, with leave to amend. Plaintiffs filed their First Amended Class Action Complaint on September 27, 2024, asserting twelve causes of action, including several that were subject to the previous demurrer. The parties engaged in mediation on October 24, 2024, but the mediation did not result in a settlement. The District's demurrer to the amended pleading is set to be heard on April 28, 2025. A separate limited jurisdiction lawsuit related to the 2022 cyberattack was filed in October 2023, and has been settled and dismissed. For more information related to the cyberattack, see "DISTRICT GENERAL INFORMATION – Cybersecurity."

Charter School Co-Location Policy Litigation. On April 2, 2024, the California Charter Schools Association ("CCSA"), on behalf of itself, member charter schools and students they serve, filed a civil action in the Los Angeles Superior Court, challenging the District Board's September 26, 2023, adoption of the resolution titled, "Creating a Charter Schools Co-Location Policy to Mitigate Impacts Caused by Proposition 39" ("Charter School Co-Location Resolution") and March 19, 2024 approval of the "Proposition 39 Charter Schools Co-Location Policy" ("Charter School Co-Location Policy"). On May 20, 2024, the District filed a demurrer and motion to strike. On July 31, 2024, CCSA filed a Verified First Amended Petition for Writ of Mandate and Complaint for Declaratory Relief ("CCSA First Amended Petition"), asserting two writ causes of action and a declaratory relief cause of action. The CCSA First Amended Petition claims that, among other things, by adopting the Charter School Co-Location Policy, the District has violated its mandatory and non-discretionary duty to comply with the California Education Code. The CCSA First Amended Petition also seeks a preliminary injunction prohibiting the District from implementing the Charter School Co-Location Resolution and the Charter School Co-Location Policy until the merits of the lawsuit have been determined. The CCSA First Amended Petition also alleges that the District has failed to comply with the California Public Records Act by refusing to make records available in response to CCSA's request seeking documents related to the District's Proposition 39 compliance and the development/passage of the Charter School Co-Location Resolution and the Charter School Co-Location Policy. The CCSA First Amended Petition seeks, among other things, a writ of mandate that sets aside the Charter School Co-Location Resolution and the Charter School Co-Location Policy, and rescinds all Board policies, administrative regulations and internal directives or guidance documents that restrict the availability of District facilities to charter schools for any reasons not expressly authorized by state law. Additionally, the CCSA First Amended Petition seeks a writ of mandate that commands the District to comply with the California Public Records Act by promptly providing to CCSA all of the records requested in its request. Further, the CCSA First Amended Petition seeks a declaratory judgment stating that the Charter School Co-Location Resolution and the Charter School Co-Location Policy do not comply with

Proposition 39 and are unnecessary, unenforceable, and void. The CCSA First Amended Petition also seeks a preliminary injunction commanding the District to not enforce the Charter School Co-Location Resolution and the Charter School Co-Location Policy. Lastly, the CCSA First Amended Petition seeks recovery of CCSA's attorneys' fees and costs. On October 29, 2024, the court overruled the District's demurrer to the CCSA First Amended Petition, finding that it satisfied the minimum pleading standard. But the court also denied CCSA's motion for a preliminary injunction, stating, in part, "on its face, the policy does not necessarily violate Proposition 39. Contrary to CCSA's argument, the District has not implemented a 'ban' on these co-locations. Rather, the policy contains guidelines to be considered in selecting co-locations for charter schools. The law is clear that school districts retain substantial discretion in making decisions under Proposition 39. The policy itself states that these preferences will be considered to the extent that doing so does not violate the law." The court has set trial for April 25, 2025.

Proposition 28 Litigation. In February 2025, the District's former superintendent, among others, filed a civil action against the District and the Superintendent, alleging misuse of approximately \$77 million in taxpayer funds that voters approved pursuant to Proposition 28 to expand arts and music education. The District has not yet been served with the complaint and cannot predict the outcome of the matter.

District Debt

General Obligation Bonds. From July 1997 through March 2003, the District issued the entire amount of \$2,400,000,000 general obligation bonds authorized pursuant to Proposition BB approved by voters on April 8, 1997 (the "Proposition BB Authorization"). From May 2003 to May 2010, the District issued the entire amount of \$3,350,000,000 general obligation bonds pursuant to Measure K approved by voters on November 5, 2002 (the "Measure K Authorization"). From September 2004 through October 2021, the District issued the entire amount of \$3,870,000,000 general obligation bonds pursuant to Measure R approved by voters on March 2, 2004 (the "Measure R Authorization"). From February 2006 through October 2021, the District issued the entire amount of \$3,985,000,000 general obligation bonds pursuant to Measure Y approved by voters on November 8, 2005 (the "Measure Y Authorization").

A \$7,000,000,000 general obligation bond authorization was approved by voters on November 4, 2008 (the "Measure Q Authorization"). The District has issued \$4,800,955,000 of Measure Q general obligation bonds, leaving \$2,199,045,000 available under the Measure Q Authorization. A \$7,000,000,000 general obligation bond authorization was approved by the voters on November 3, 2020 (the "Measure RR Authorization"). The District has issued \$1,600,000,000 of Measure RR general obligation bonds, leaving \$5,400,000,000 available under the Measure RR Authorization.

A \$9,000,000,000 general obligation bond authorization was approved by voters on November 5, 2024 (the "Measure US Authorization"). The District has issued \$700,000,000 of Measure US general obligation bonds, leaving \$8,300,000,000 available under the Measure US Authorization.

Under the District's general obligation bond program, approximately 24,475 new school construction, rehabilitation, modernization and replacement projects, which are intended to upgrade facilities and improve the learning environment for students, have been completed. In addition, 822 projects valued at approximately \$8.5 billion are currently underway, including 590 projects valued at nearly \$3.7 billion in pre-construction, and 232 projects valued at nearly \$4.8 billion under construction.

Pursuant to Section 1(b)(3) of Article XIII A of the State Constitution, Chapters 1 and 1.5 of Part 10 of Division 1 of Title 1 of the State Education Code, as amended, and other applicable law (collectively, the "Act"), the District Board has appointed the LAUSD School Construction Bond Citizens' Oversight Committee (the "Citizens' Bond Oversight Committee"). The Citizens' Bond Oversight Committee is composed of 15 members representing numerous community groups and operates to inform the public concerning the spending of Measure K, Measure R, Measure Y, Measure Q, Measure RR, and Measure US Authorization bond funds authorized by the Act. The Citizens' Bond Oversight Committee regularly

reviews the potential bond projects and budgets and provides non-binding advice to the District Board on how to allocate and reallocate scarce bond proceeds in order to ensure the completion of viable projects and to avoid non-completion of projects once commenced. The Citizens' Bond Oversight Committee also informs the public concerning the spending of funds attributable to the Proposition BB Authorization, although Proposition BB was approved under statutes other than the Act. The Citizens' Bond Oversight Committee meets monthly in order to review all matters including, among other things, changes in budget, scope and schedules that relate to the District's general obligation bonds and the projects proposed to be funded therefrom. In addition, the Citizens' Bond Oversight Committee makes recommendations to the District Board regarding such matters. See "CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Proposition 39" herein. The District's Office of the Inspector General conducts audits on a selected number of the construction management firms on an annual basis to ensure that funds from the School Upgrade Program and other legacy bond programs are spent in compliance with the Act and the District's policies relating thereto. The District's outside auditor, Simpson & Simpson, currently prepares the required bond audits regarding the expenditures of general obligation bond proceeds.

The members of the District's Citizens' Bond Oversight Committee and the community groups represented by such members are set forth in Table A-17 below.

Lease Obligations and Certificates of Participation. As of January 1, 2025, the District has outstanding lease obligations in the form of COPs in the aggregate principal amount of approximately \$443.04 million. The District estimates that the aggregate payment of principal and interest evidenced by COPs will be approximately \$605.60 million until the final maturity thereof. The District's lease obligations are not subject to acceleration in the event of a default thereof. The following Table A-24 sets forth the District's existing lease obligations paid from the District General Fund with respect to its outstanding COPs as of January 1, 2025. The table below does not reflect the issuance of the Bonds expected to defease a portion of the District's outstanding COPs -- see "PLAN OF FINANCE AND REFINANCE" in the forepart of this Official Statement. See "– Future Financings – *Lease Financings*" for more information. A portion of the District's 2023 COPs will be prepaid with a portion of the proceeds of the Series B Bonds.

TABLE A-24

Limitations Related to Receipt of Federal Subsidy Payments. On March 1, 2013, then-President Barack Obama signed an executive order (the “Sequestration Executive Order”) to reduce budgetary authority in certain accounts subject to sequester in accordance with the Budget Control Act of 2011 (the “Budget Control Act”) and the American Taxpayer Relief Act of 2012 (the “Taxpayer Relief Act”). Pursuant to the Sequestration Executive Order, budget authority for all accounts in the domestic mandatory spending category including, among others, accounts for the payments to issuers of “Direct Pay Bonds,” which includes the District’s outstanding Series J (Qualified School Construction Bonds) (the “Series J Bonds”), are subject to sequestration. Direct Pay Bonds are issued as taxable bonds and provide credits to the District from the federal government pursuant to Section 54AA(d) and 54AA(g) of the Code.

Pursuant to the Bipartisan Budget Act of 2013, enacted in December 2013, the District’s Direct Pay Bonds are subject to the full amount of sequestration budget cuts. The federal subsidy for the Direct Pay Bonds for the federal fiscal year ended September 30, 2023, was reduced by 5.7%, and the U.S. Treasury Department has announced a decrease in subsidy amounts by 5.7% through federal fiscal year ending 2031. During the federal fiscal year ended September 30, 2024, the sequester resulted in a reduction in the aggregate amount of approximately \$0.9 million with respect to the refundable credits for the Series J Bonds.

Congress can terminate, extend or otherwise modify reductions in federal subsidy payments on Direct Pay Bonds due to sequestration at any time. Furthermore, due to recent federal legislation, it was reported that the Congressional pay-as-you-go or PAYGO budget rule and scorecard could increase the overall sequestration percentage from the current level of 5.7% (under the Budget Control Act) to 100%. The Consolidated Appropriations Act of 2023, enacted in December 2022, prevented the PAYGO sequestration provisions from being triggered in January 2023 and delaying PAYGO sequestration until

January 2025, absent further legislation. Accordingly, the District cannot predict what action, if any, that Congress may take with respect to the federal subsidy and its impact on the District's Direct Pay Bonds in future federal fiscal years. The District's Series J Bonds, however, are payable from and secured by *ad valorem* property taxes which are to be assessed in amounts sufficient to pay principal of and interest on the Series J Bonds when due. The County has levied and will continue to levy *ad valorem* property taxes in an amount sufficient to pay principal of and interest on the Series J Bonds when due regardless of the amount of federal subsidy.

On January 20, 2025, President Trump issued a series of executive orders, which include ensuring that federal funds are used in a manner approved by the current administration. In response to and in an effort to carry out such orders, on January 27, 2025, the White House Office of Management and Budget ("OMB") released its Memorandum M-25-13, Temporary Pause of Agency Grant, Loan, and Other Financial Assistance Programs (the "OMB Memorandum"). The OMB Memorandum directed federal agencies to temporarily pause all activities related to obligation or disbursement of all federal financial assistance, and said temporary pause was to become effective at 5:00 p.m. on January 28, 2025. The OMB Memorandum caused mass confusion as to whether certain Federal funding and grants would be paused. On January 28, 2025, shortly before the OMB Memorandum became effective, a federal judge blocked the pause on federal funding. On January 29, 2025, OMB rescinded the OMB Memorandum. Although the OMB Memorandum was rescinded, the executive orders are in effect and the matter is ongoing as spending reviews are ongoing. On January 31, 2025, a federal judge issued a temporary restraining order that says the administration cannot pause, freeze, impede, block, cancel, or terminate federal financial assistance obligations to the states. Responding to the petition of several state Attorneys General, on February 10, 2025, a federal judge issued an Enforcement Order clarifying the scope of temporary restraining order and ordering the Trump Administration to release federal funds and comply with the earlier order. The Trump Administration's request to stay the temporary restraining order was denied. The District cannot predict any action to be taken in carrying out the executive orders nor its effect on the District's federal funding or operations of the District.

Tax and Revenue Anticipation Notes. On November 22, 2024, the District issued \$54,563,613 aggregate principal amount of its 2024-25 Tax and Revenue Anticipation Notes, Series A (the "2025A TRANS"). On January 30, 2025, the District issued \$1,362,475.87 of its 2024-25 Tax and Revenue Anticipation Notes, Series B (the "2025B TRANS"). On March 27, 2025, the District issued \$14,026,452.50 aggregate principal amount of its 2024-25 Tax and Revenue Anticipation Notes, Series C (the "2025C TRANSs"). The 2025A TRANSs, the 2025B TRANSs and the 2025C TRANSs all mature on August 1, 2025. The District anticipates paying the 2025A TRANSs, 2025B TRANSs and 2025C TRANSs through the issuance of judgement obligation bonds in fiscal year 2024-25. See "- Future Financings – Judgment Obligation Bonds" below.

Future Financings

General Obligation Bonds. The District may not issue general obligation bonds without voter approval and may not issue general obligation bonds in an amount greater than its bonding capacity. The District may not issue general obligation bonds under the Measure US Authorization if the tax rate levied to meet the debt service requirements under the related Authorization for general obligation bonds is projected to exceed \$60 per year per \$100,000 of taxable property in accordance with Article XIII A of the State Constitution. See "CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Article XIII A of the State Constitution" and "– Proposition 39" herein.

Pursuant to the Education Code, the District's bonding capacity for general obligation bonds may not exceed 2.5% of taxable property valuation in the District as shown by the last equalized assessment roll of the County. The taxable property valuation in the District for fiscal year 2024-25 is approximately \$972.87 billion, which results in a total current bonding capacity of approximately \$24.32 billion. The

District's available capacity for the issuance of new general obligation bonds is approximately \$13.26 billion (taking into account current outstanding debt before the issuance of the Bonds). The fiscal year 2024-25 assessed valuation of property within the District's boundaries of approximately \$972.87 billion reflects an increase of 4.61% from fiscal year 2023-24. See "SECURITY AND SOURCE OF PAYMENT FOR THE BONDS – Assessed Valuation of Property Within the District" in the forepart of this Official Statement and "CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS – Article XIII A of the State Constitution" herein. See also "SECURITY AND SOURCE OF PAYMENT FOR THE BONDS – Assessed Valuation of Property Within the District - 2025 *Wildfires*" in the forepart of this Official Statement.

The District may issue additional general obligation bonds or general obligation refunding bonds in the future depending upon project needs and market conditions.

As provided in the text of each of the ballots of Proposition BB, Measure K, Measure R, Measure Y, Measure Q, Measure RR, and Measure US, the District Board does not guarantee that the respective bonds authorized and issued under the Proposition BB, Measure K, Measure R, Measure Y, Measure Q, Measure RR, and Measure US Authorizations will provide sufficient funds to allow completion of all potential projects listed in connection with said measures.

Lease Financings. The District may finance capital projects through the execution and delivery of certificates of participation or other obligations secured by general fund lease payments from time to time. In particular, the District may utilize lease financing, from time to time, to fund projects that are not eligible to be funded with general obligation bond proceeds, that are not authorized to be funded under existing general obligation bond measures, or for which there is not sufficient general obligation bond authorization to fund. See also "– District Financial Policies and Related Practices – Debt Management Policy" herein.

AB 218 and Similar Claims. With respect to a portion of the District's pending and potential liabilities for sexual misconduct and similar claims including those brought pursuant to AB 218, the District has approved the issuance of certain judgment obligation notes and bonds for the refinancing and amortization of such claims resulting in settlement and final judgment of the court. See "DISTRICT FINANCIAL INFORMATION – Risk Management and Litigation – *Sexual Misconduct Cases.*"

The refinancing and amortization of these claims over a ten-to-twenty-year period as general unsecured obligations of the District payable from legally available revenues will result in more manageable annual payment obligations in the near term and minimize detrimental impacts upon the District's operations and currently enrolled and future students. To provide for the issuance of the judgment obligation notes and bonds, the District Board adopted an approving resolution and the District filed a complaint in the Los Angeles Superior Court for judicial validation in June 2024. Judicial validation is necessary for the District to deliver the notes, bonds and related agreements to the satisfaction of lenders and bond investors as legally enforceable obligations of the District meeting an exception to the constitutional debt limitation under the California constitution. Answers and objections to the complaint were filed by certain claimants but have now been withdrawn. The District is awaiting the court's decision on its ex parte motion for judgment of validation and cannot predict the outcome.

Tax and Revenue Anticipation Notes. The District may issue additional tax and revenue anticipation notes in fiscal year 2024-25 for purposes of paying obligations of the District payable or accruing during fiscal year 2024-25, particularly as an interim financing mechanism in connection with its refinancing of claims arising from AB 218 and similar claims. See "– AB 218 and Similar Claims" above. The District may also issue tax and revenue anticipation notes in future fiscal years depending on State and federal funding.

Judgement Obligation Bonds. The District expects to issue judgement obligation bonds in fiscal year 2024-25, in order to pay the District's outstanding 2024-25 tax and revenue anticipation notes issued as an interim financing mechanism in connection with its refinancing of claims arising from AB 218 and similar claims. See "– AB 218 and Similar Claims" above. The District may issue judgement obligation bonds in future fiscal years as well.

CALIFORNIA CONSTITUTIONAL AND STATUTORY PROVISIONS RELATING TO *AD VALOREM* PROPERTY TAXES, DISTRICT REVENUES AND APPROPRIATIONS

Constitutionally Required Funding of Education

The State Constitution requires that from all State revenues there shall first be set apart the moneys to be applied by the State for the support of the public school system and public institutions of higher education. California school districts receive a significant portion of their funding from State appropriations. As a result, decreases as well as increases in State revenues can significantly affect appropriations made by the State Legislature to school districts.

Article XIII A of the State Constitution

On June 6, 1978, California voters approved Proposition 13 ("Proposition 13"), which added Article XIII A to the State Constitution ("Article XIII A"). On June 3, 1986, California voters approved Proposition 46 ("Proposition 46") which amended Article XIII A to permit local governments and school districts to increase the *ad valorem* property tax rate above 1% if two-thirds of those voting in a local election approve the issuance of such bonds and the proceeds of such bonds are used to acquire or improve real property. See "SECURITY AND SOURCE OF PAYMENT FOR THE BONDS – California Constitutional and Statutory Provisions Relating to *Ad Valorem* Property Taxes – Article XIII A of the California Constitution" in the forepart of this Official Statement.

The provisions of Article XIII A were subsequently modified pursuant to Proposition 39, which was approved by California voters on November 7, 2000. See "– Proposition 39" below. Article XIII A defines full cash value to mean "the county assessor's valuation of real property as shown on the 1975-76 tax bill under "full cash value," or thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred after the 1975 assessment." The full cash value may be adjusted annually to reflect inflation at a rate not to exceed 2% per year, or a reduction in the consumer price index or comparable local data at a rate not to exceed 2% per year or reduced in the event of declining property value caused by substantial damage, destruction or other factors including a general economic downturn. Subsequent amendments further limit the amount of any *ad valorem* tax on real property to 1% of the full cash value except that additional taxes may be levied to pay debt service on bonded indebtedness approved by the requisite percentage of voters voting on the proposition.

Legislation Implementing Article XIII A

Legislation has been enacted and amended a number of times since 1978 to implement Article XIII A. Under current law, local agencies are no longer permitted to levy directly any *ad valorem* property tax (except to pay voter-approved indebtedness). The 1% *ad valorem* property tax is automatically levied by the County and distributed according to a formula among taxing agencies. The formula apportions the tax roughly in proportion to the relative shares of taxes levied prior to 1989.

Increases of assessed valuation resulting from reappraisals of property due to new construction, change in ownership or from the up to 2% annual inflationary adjustment of the 1% tax base are allocated among the various jurisdictions in the "taxing area" based upon their respective "situs." Any such allocation made to a local agency continues as part of its allocation in future years. Separate *ad valorem* property taxes to pay voter approved indebtedness such as general obligation bonds are levied by the County on behalf of

the local agencies. Article XIII A effectively prohibits the levying of any other *ad valorem* property tax above the Proposition 13 limit except for taxes to support such indebtedness.

The full cash value of taxable property under Article XIII A represents the maximum taxable value for property. Accordingly, the fair market value for a given property may not be the equivalent of the full cash value under Article XIII A. During periods in which the real estate market within the District evidences an upward trend, the fair market value for a given property, which has not been reappraised due to a change in ownership, may exceed the full cash value of such property. During periods in which the real estate market demonstrates a downward trend, the fair market value of a given property may be less than the full cash value of such property and the property owner may apply for a “decline in value” reassessment pursuant to Proposition 8. Reassessments pursuant to Proposition 8, if approved by the Office of the County Assessor, lower valuations of properties (where no change in ownership has occurred) if the current value of such property is lower than the full cash value of record of the property. See “SECURITY AND SOURCE OF PAYMENT FOR THE BONDS – Assessed Valuation of Property Within the District” in the forepart of this Official Statement. The value of a property reassessed as a result of a decline in value may change, but in no case may its full cash value exceed its fair market value. When and if the fair market value of a property which has received a downward reassessment pursuant to Proposition 8 increases above its Proposition 13 factored base year value, the Office of the County Assessor will enroll such property at its Proposition 13 factored base year value.

Proposition 19

On November 3, 2020, State voters approved Proposition 19, a legislatively referred constitutional amendment (“Proposition 19”), which amends Article XIII A to (i) expand special rules that give property tax savings to homeowners that are over the age of 55, severely disabled, or whose property has been impacted by wildfire or natural disaster, when they buy a different home; (ii) narrow existing special rules for inherited properties; and (iii) dedicate most of the potential new State revenue generated from Proposition 19 toward fire protection. The District cannot make any representation regarding the effect Proposition 19 may have on District revenues or the assessed valuation of real property in the District. The District cannot provide make any representation regarding the effect Proposition 19 may have on District revenues or the assessed valuation of real property in the District. Any reduction of assessed valuation, however, would result in a corresponding increase in the annual tax rate levied by the County to pay the debt service on to the Bonds.

State-Assessed Utility Property

Some amount of property tax revenue of the District is derived from utility property which is considered part of a utility system with components located in many taxing jurisdictions. Under the State Constitution, such property is assessed by the State Board of Equalization (“SBE”) as part of a “going concern” rather than as individual pieces of real or personal property. Such State-assessed property is allocated to the counties by the SBE, taxed at special county-wide rates, and the tax revenues distributed to taxing jurisdictions (including the District) according to statutory formulae generally based on the distribution of taxes in the prior year.

The California electric utility industry has been undergoing significant changes in its structure and in the way in which components of the industry are regulated and owned. Sale of electric generation assets to largely unregulated, non-utility companies may affect how those assets are assessed, and which local agencies are to receive the property taxes. The District is unable to predict the impact of these changes on its utility property tax revenues, or whether legislation may be proposed or adopted in response to industry restructuring, or whether any future litigation may affect ownership of utility assets or the State’s methods of assessing utility property and the allocation of assessed value to local taxing agencies, including the District. So long as the District is not a basic aid district, taxes lost through any reduction in assessed valuation will be compensated by the State as equalization aid under the State’s school financing formula.

Article XIII B of the State Constitution

An initiative to amend the State Constitution entitled “Limitation of Government Appropriations” was approved on September 6, 1979 thereby adding Article XIII B to the State Constitution (“Article XIII B”). In June 1990, Article XIII B was amended by the voters through their approval of Proposition 111. Under Article XIII B, the State and each local governmental entity have an annual “appropriations limit” and are not permitted to spend certain moneys that are called “appropriations subject to limitation” (consisting of tax revenues, State subventions and certain other funds) in an amount higher than the appropriations limit. Article XIII B does not affect the appropriations of moneys that are excluded from the definition of “appropriations subject to limitation,” including debt service on indebtedness existing or authorized as of January 1, 1979, or bonded indebtedness subsequently approved by the voters. In general terms, the appropriations limit is to be based on certain 1978-79 expenditures and is to be adjusted annually to reflect changes in costs of living and changes in population, and adjusted where applicable for transfer of financial responsibility of providing services to or from another unit of government. Among other provisions of Article XIII B, if these entities’ revenues in any year exceed the amounts permitted to be spent, the excess would have to be returned by revising tax rates or fee schedules over the subsequent two years. However, in the event that a school district’s revenues exceed its spending limit, the district may, in any fiscal year, increase its appropriations limit to equal its spending by borrowing appropriations limit from the State, provided the State has sufficient excess appropriations limit in such year. See “STATE FUNDING OF SCHOOL DISTRICTS” herein.

The 2025-26 State Budget Proposal projects that the State will not be below its appropriations limit (also referred to as the Gann Limit) for fiscal year 2025-26. The District Board adopted the annual appropriation limit for both fiscal year 2023-24 and fiscal year 2024-25 of approximately \$4.00 billion and \$4.06 billion, respectively. The limitation applies only to proceeds of taxes and therefore does not apply to service fees and charges, investment earnings on non-proceeds of taxes, fines, and revenue from the sale of property and taxes received from the State and federal governments that are tied to special programs.

Article XIII C and Article XIII D of the State Constitution

On November 5, 1996, the voters of the State of California approved Proposition 218, popularly known as the “Right to Vote on Taxes Act.” Proposition 218 added to the California Constitution Articles XIII C and XIII D (respectively, “Article XIII C” and “Article XIII D”), which contain a number of provisions affecting the ability of local agencies, including school districts, to levy and collect both existing and future taxes, assessments, fees and charges.

According to the “Title and Summary” of Proposition 218 prepared by the California Attorney General, Proposition 218 limits “the authority of local governments to impose taxes and property-related assessments, fees and charges.” Among other things, Article XIII C establishes that every tax is either a “general tax” (imposed for general governmental purposes) or a “special tax” (imposed for specific purposes), prohibits special purpose government agencies such as school districts from levying general taxes, and prohibits any local agency from imposing, extending or increasing any special tax beyond its maximum authorized rate without a two-thirds percent vote; and also provides that the initiative power will not be limited in matters of reducing or repealing local taxes, assessments, fees and charges. Article XIII C further provides that no tax may be assessed on property other than *ad valorem* property taxes imposed in accordance with Articles XIII and XIII A of the California Constitution and special taxes approved by a two-thirds percent vote under Article XIII A, Section 4.

On November 2, 2010, Proposition 26 was approved by State voters, which amended Article XIII C to expand the definition of “tax” to include “any levy, charge, or exaction of any kind imposed by a local government” except the following: (1) a charge imposed for a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of conferring the benefit or granting the privilege; (2) a charge imposed for a

specific government service or product provided directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the local government of providing the service or product; (3) a charge imposed for the reasonable regulatory costs to a local government for issuing licenses and permits, performing investigations, inspections, and audits, enforcing agricultural marketing orders, and the administrative enforcement and adjudication thereof; (4) a charge imposed for entrance to or use of local government property, or the purchase, rental, or lease of local government property; (5) a fine, penalty, or other monetary charge imposed by the judicial branch of government or a local government, as a result of a violation of law; (6) a charge imposed as a condition of property development; and (7) assessments and property-related fees imposed in accordance with the provisions of Article XIID. Proposition 26 provides that the local government bears the burden of proving by a preponderance of the evidence that a levy, charge, or other exaction is not a tax, that the amount is no more than necessary to cover the reasonable costs of the governmental activity, and that the manner in which those costs are allocated to a payor bear a fair or reasonable relationship to the payor's burdens on, or benefits received from, the governmental activity.

Article XIID deals with assessments and property-related fees and charges. Article XIID explicitly provides that nothing in Article XIIC or XIID shall be construed to affect existing laws relating to the imposition of fees or charges as a condition of property development; however, it is not clear whether the initiative power is therefore unavailable to repeal or reduce developer and mitigation fees imposed by the District. Proposition 218 does not affect the *ad valorem* property taxes to be levied to pay debt service on the Bonds.

Proposition 98

On November 8, 1988, State voters approved Proposition 98, a combined initiative, constitutional amendment and statute called the "Classroom Instructional Improvement and Accountability Act" (the "Accountability Act"). The Accountability Act changed State funding of public education below the university level, and the operation of the State's Appropriations Limit, primarily by guaranteeing State funding for K-12 school districts and community college districts (collectively, "K-14 districts").

Under Proposition 98 (as modified by Proposition 111, which was enacted on June 5, 1990), K-14 districts are guaranteed the greater of (i) in general, a fixed percent of the State general fund's revenues ("Test 1"), (ii) the amount appropriated to K-14 districts in the prior year, adjusted for changes in the cost of living (measured as in Article XIIB by reference to State per capita personal income) and enrollment ("Test 2"), or (iii) a third test, which would replace Test 2 in any year when the percentage growth in per capita State general fund revenues from the prior year plus 0.05% is less than the percentage growth in State per capita personal income ("Test 3"). Under Test 3, schools would receive the amount appropriated in the prior year adjusted for changes in enrollment and per capita State general fund revenues, plus an additional small adjustment factor. If Test 3 is used in any year, the difference between Test 3 and Test 2 would become a "credit" to schools which would be the basis of payments in future years when per capita State general fund revenue growth exceeds per capita personal income growth. Legislation adopted prior to the end of fiscal year 1988-89 that implemented Proposition 98, determined the K-14 districts' funding guarantee under Test 1 to be 40.3% of the State general fund tax revenues, based on 1986-87 appropriations. However, that percentage has been adjusted to 34.559% to account for a subsequent redirection of local property taxes whereby a greater proportion of education funding now comes from local property taxes.
