20. Mr. Melvoin, Ms. Goldberg - Excellence in ~~Expanded Learning~~ Before and Afterschool Programming in LAUSD (Res-014-23/24) (Noticed October 17, 2023) **3:30PM TIME CERTAIN**

Whereas, ~~Expanded learning opportunities, including~~ Before and afterschool programs, support students, families and communities. They keep youth safe, inspire learning, and give working parents and guardians peace of mind;

Whereas, According to research at the University of California, Irvine, the University of Wisconsin Madison, and Policy Studies Associates, Inc., students who regularly attended high-quality afterschool programs had significant gains in standardized math test scores;

Whereas, According to the Rose Institute at Claremont McKenna College, every \$1 invested in afterschool programs saves at least \$3 through increasing youth's earning potential, improving their performance at school, and reducing crime and juvenile delinquency;

Whereas, Effective ~~expanded learning~~ before and afterschool programs align with and complement the school day ~~curriculum~~ instructional goals. This helps reinforce academic skills and concepts while providing additional enrichment and opportunities for hands-on learning;

Whereas, The District and its partners are committed to ensuring students have access to ~~expanded learning opportunities~~ before and afterschool programs in a safe and supportive environment that offers high-quality academic, enrichment, and recreation programs to motivate students to work towards their full potential. Most District students have access to an on-site before and/or afterschool program, although availability and quality may vary from school to school;

Whereas, There are challenges to providing quality ~~expanded learning~~ before and afterschool programs including attracting and retaining qualified, part-time afterschool employees, developing coherence between the school day and before and afterschool programs, and blending ~~and braiding~~ ~~After School Education and Safety (ASES) funding, ELOP funding, grants, and other funding~~ to meet the needs of all students while following the funding guidelines of each program;

Resolved, That the District will participate in local and State conversations and convenings related to ~~expanded learning opportunities~~ before and afterschool programs for youth including around quality standards and impact on student outcomes.

21. Ms. Gonez, Mr. Schmerelson - Celebrating National Special Education Day and Calling for Increased Special Education Funding (Res-015-23/24) **(Waiver of Board Rule 72)**

Whereas, For the 2023-24 school year the Los Angeles Unified School District proudly serves over 65,000 students receiving special education services, almost one-third of which have moderate-to-severe disabilities;

Whereas, The District provides 38 types of services and supports to students with disabilities in order to provide a free appropriate public education;

Whereas, The chronic underfunding of the federal law now known as the Individuals with Disabilities Education Act of 1975 (IDEA) by the federal government places an additional funding burden on states, local school districts, and taxpayers to pay for needed services, and often means using local budget dollars to cover the federal shortfall, ultimately shortchanging other school programs that students with disabilities often also benefit from;

Whereas, In the 2023-2024 school year, the District plans to spend over \$2 billion in special education costs, with the District's federal IDEA funding reaching only \$133 million, accounting for merely 7% percent of the District's share of costs, woefully short of Congress' commitment upon IDEA's passage to 40 percent of the additional costs necessary to provide a free and appropriate public education to students with disabilities;

Whereas, The grossly inadequate level of funding for special education at both the federal and state level also does not differentiate funding based on the severity of the student's disability and therefore fails to recognize the additional resources required to fully meet the needs of students with moderate to severe disabilities;

Whereas, The majority of the current state funding structure for special education is based on student attendance (AB 602) providing Special Education Local Plan Areas (SELPA's) funding based on their overall student attendance, regardless of how many students with disabilities the SELPA serves or the services they provide; and

Whereas, The District proudly operates 13 Special Education and Career Transition Centers which provide students with a robust instructional program that meets each individual student's unique needs and prepares them and their families for their transition beyond secondary school; now, therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District recognizes and celebrates the unique assets and needs of our students with disabilities and is proud to serve them and their families, particularly in light of the shameful historic exclusion of students with disabilities;

Resolved further, That the District formally recognizes December 2 as National Special Education Day this year and every year and encourages all schools, students, and families to celebrate our children with disabilities and the unique assets they contribute to our school communities;

Resolved further, That the Board commits to continued advocacy for additional resources that will adequately resource and sustain the instructional programs and services for our students with disabilities, such as increasing California's funding allocations to meet the increases in special education costs, particularly for students with moderate to severe disabilities, Congress significantly increasing the annual appropriation for IDEA, passing the IDEA Full Funding Act (S. 3213/H.R. 5984), as well as the Keep Our Pact Act (S. 72/H.R. 764), to create a mandatory 10-year path to fully fund both IDEA and Title I of the Every Student Succeeds Act; and, be it finally

Resolved, That the Superintendent is directed to develop more regular opportunities for parents and families of students with disabilities to engage with the District to provide meaningful feedback, opportunities for continuous improvement and strengthen partnerships and resources.

22. Ms. Ortiz Franklin - Celebrating Read LA! Day (Res-016-23/24) **(Waiver of Board Rule 72)**

Whereas, Early literacy is a fundamental building block of a child's education, developing strong reading and comprehension skills, leading to improved communication, critical thinking, and problem-solving abilities and a key determinant of future academic and life success;

Whereas, According to the 2023 California Smarter Balanced assessment results, nearly 60% of all LAUSD third grade students did not meet state standards in English Language Arts; 67% of Latino/x/e students, 73% of Black students, 91% of English Learners, and 68% of economically disadvantaged students in third grade did not meet these standards;

Whereas, Early literacy begins at birth, therefore supporting and equipping families and caregivers in the early years are essential to nurture young children's language development, cognitive and executive function skills and other critical early childhood milestones;

Whereas, Structured literacy instruction in the early grades, following the Science of Reading (SoR), including effective SoR practices for English Learners/Emergent Bilinguals as outlined in the Joint Statement by the Reading League and National Committee for Effective Literacy, has proven to be the most effective way to help children learn to read;

Whereas, All teachers deserve to be provided with science-aligned professional development and ongoing supports to ensure their students meet or exceed state standards in English Language Arts;

Whereas, Children's access to high quality early learning environments, enriching summers, tutoring supports, and literacy resources in homes, schools, and communities can reduce educational disparities and bridge opportunity and achievement gaps; and

Whereas, Families In Schools and its coalition partners will launch the Read LA!: *Literacy & Justice for All* campaign on November 14, 2023, mobilizing all of Los Angeles to elevate and prioritize early literacy and work to reverse our literacy crisis, giving every child the right to read; now, therefore, be it

Resolved, That the Board of Education of the Los Angeles Unified School District hereby proclaims November 14 as "Read LA Day" and encourages all Los Angeles leaders and stakeholders, including early education providers, schools, parents, civic leaders, community organizations, policymakers, and funders to recognize and prioritize early literacy as a cornerstone of our children's educational journey.
