Assurances, Affirmations, and Declarations

Alliance Leadership Middle Academy (also referred to herein as “ALMA” and “Charter School”) shall:

- Be nonsectarian in its programs, admission policies, employment practices, and all other operations. (California Education Code (hereinafter “Ed. Code”) § 47605(d)(1).)
- Not charge tuition. (Ed. Code § 47605(d)(1).)
- Not discriminate against any pupil on the basis of disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code. (Ed. Code § 47605(d)(1); Ed. Code § 220.)
- Except as provided in Education Code section 47605(d)(2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that school. (Ed. Code § 47605(d)(1).)
- Admit all pupils who wish to attend Charter School. (Ed. Code § 47605(d)(2)(A).)
- Except for existing pupils of Charter School, determine attendance by a public random drawing if the number of pupils who wish to attend Charter School exceeds Charter School’s capacity. Preference shall be extended to pupils currently attending Charter School and pupils who reside in the Los Angeles Unified School District (also referred to herein as “LAUSD” and “District”). (Ed. Code § 47605(d)(2)(B).)
- If a pupil is expelled or leaves Charter School without graduating or completing the school year for any reason, Charter School shall notify the superintendent of the school district of the pupil’s last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card, and health information. (Ed. Code § 47605(d)(3).)
- Meet all statewide standards and conduct the pupil assessments required pursuant to Education Code sections 60605 and 60851 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in non-charter public schools. (Ed. Code § 47605(c)(1).)
- Consult, on a regular basis, with Charter School’s parents, legal guardians, and teachers regarding the school’s educational programs. (Ed. Code § 47605(c)(2).)

Charter School hereby declares that Charter School, operated as or by its nonprofit public benefit corporation, is and shall be the exclusive public school employer of Charter School’s employees for the purposes of the Educational Employment Relations Act (EERA), Chapter 10.7 (commencing with Section 3540) of Division 4 of Title I of the Government Code. Charter School shall comply with all provisions of the EERA and shall act independently from LAUSD for collective

bargaining purposes. In accordance with the EERA, employees may join and be represented by an organization of their choice for collective bargaining purposes.

NOTE: This Charter contains specific “District Required Language” (DRL), including the *Assurances, Affirmations, and Declarations* section above. The DRL should be highlighted in gray within each Charter element or section. The final section of the Charter provides a consolidated addendum of the DRL. This intentional redundancy facilitates efficient charter petition review while ensuring ready access to the DRL for any given section of the Charter. To the extent that any inconsistency may exist between any provision contained within the body of the Charter and the DRL contained in the addendum, the provisions of the DRL addendum shall control.

ELEMENT 1: The Educational Program

“The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.” (Ed. Code § 47605(b)(5)(A)(i).)

“The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, or the nature of the program operated, by the charter school, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals.” (Ed. Code § 47605(b)(5)(A)(ii).)

“If the proposed charter school will serve high school pupils, a description of the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the “A” to “G” admissions criteria may be considered to meet college entrance requirements.” (Ed. Code § 47605(b)(5)(A)(iii).)

LOCAL CONTROL FUNDING FORMULA (LCFF) AND LOCAL CONTROL AND ACCOUNTABILITY PLAN (LCAP)

Charter School acknowledges and agrees that it must comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula), as they may be amended from time to time, which include the requirement that Charter School shall annually submit a Local Control and Accountability Plan (LCAP)/annual update to the Los Angeles County Superintendent of Schools and the Charter Schools Division (CSD) on or before July 1. In accordance with Education Code sections 47604.33 and 47606.5, Charter School shall annually update its goals and annual actions to achieve those goals identified in the charter pursuant to Education Code section 47605(b)(5)(A)(ii), using the Local Control and Accountability Plan template adopted by the State Board of Education, as it may be changed from time to time. Charter School shall comply with all requirements of Education Code section 47606.5, including but not limited to the requirement that Charter School “shall consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the local control and accountability plan and annual update to the local control and accountability plan.” (Ed. Code § 47606.5(e).)

ACADEMIC CALENDAR AND SCHEDULES

MATHEMATICS PLACEMENT

Charter School shall comply with all applicable requirements of the California Mathematics Placement Act of 2015.

TRANSITIONAL KINDERGARTEN

Charter School shall comply with all applicable requirements regarding transitional kindergarten. For purposes of admission to Charter School, transitional kindergarten shall be considered a part of kindergarten, and therefore students enrolled in transitional kindergarten at Charter School shall be considered existing students of Charter School for purposes of Charter School's admissions, enrollment, and lottery.

HIGH SCHOOL EXIT EXAMINATION

Charter School shall comply with all applicable requirements of Education Code sections 60850 – 60859, including but not limited to the requirements of sections 60851.6 and 60852.3.

ENGLISH LEARNERS

Charter School shall identify potential English Learners in a timely manner in accordance with all applicable legal requirements. Charter School must provide all English Learners with an effective English language acquisition program that also affords meaningful and equitable access to Charter School's core academic curriculum. Instructional plans for English Learners must be (1) based on sound educational theory; (2) adequately supported with trained teachers and appropriate materials and resources; and (3) periodically evaluated to make sure the program is successful and modified when the program is not successful.

On an annual basis, upon request, Charter School shall submit a certification to the LAUSD Charter Schools Division (CSD) that certifies that Charter School has adopted and is implementing either the LAUSD English Learner Master Plan or Charter School's own English Learner (EL) Master Plan. If Charter School chooses to implement its own EL Master Plan, the plan shall provide a detailed description of Charter School's EL program, and shall address the following:

- How Charter School's EL Master Plan provides all of its English Learners, including but not limited to Long Term English Learners (LTELs) with an effective English language acquisition program as well as meaningful and equitable access to Charter School's core academic curriculum
- How English Learners' specific needs will be identified
- What services will be offered
- How, where, and by whom the services will be provided
- How Charter School will evaluate its EL program each year, and how the results of this evaluation will be used to improve the program, including the provision of EL services

Each year, Charter School shall provide to the CSD a report on its annual evaluation of the effectiveness of its EL program. Upon request, Charter School shall provide a copy of its current EL Master Plan to the CSD.

Charter School shall administer the CELDT/ELPAC annually in accordance with federal and state requirements.

Charter School shall reclassify English Learners in accordance with federal and state requirements.

Charter School shall provide parent outreach services and meaningfully inform parents with limited English proficiency of important information regarding Charter School matters to the same extent as other parents.

STUDENTS WITH DISABILITIES

Federal Law Compliance

Charter School shall adhere to all provisions of federal law related to students with disabilities including, but not limited to, section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the Individuals with Disabilities Education Improvement Act of 2004.

Special Education Program

Charter School shall ensure that no student otherwise eligible to enroll in Charter School shall be denied, directly or indirectly, admission due to a disability or to Charter School's inability to provide necessary services. Charter School acknowledges that policies and procedures are in place to ensure the recruitment, enrollment, service, and retention of students with disabilities at LAUSD-authorized charter schools, including Charter School.

Prior to LAUSD Board of Education approval of an initial Charter petition, and if a renewing Charter School intends to operate as a "school of the district" for special education services, Charter School shall execute a Memorandum of Understanding ("MOU") by and between LAUSD and Charter School regarding the provision and funding of special education services consistent with applicable state law and the LAUSD Special Education Local Plan Area ("SELPA") Local Plan for Special Education and shall be considered a "public school of the District" for purposes of Special Education pursuant to Education Code Section 47641(b). However, Charter School reserves the right to make written verifiable assurances that it may become an independent local educational agency (LEA) and join a SELPA pursuant to Education Code Section 47641 (a) either on its own or with a grouping of charter school LEAs as a consortium following the requirements of Education Code section 56195.3(b).

SELPA Reorganization

The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code section 56195.1(a). As a single-District SELPA, the District has created two charter school sections (District-operated Programs and Charter-operated Programs) under the administration of one single Administrative Unit pursuant to a reorganization plan approved by the Board of Education on January 4, 2011 (149/10-11). Full implementation of the reorganized LAUSD SELPA commenced in the 2013-2014 school year requiring all District-authorized charter schools to elect one of the three options available under the LAUSD SELPA. Prior to an option election, all District-authorized charter schools were required to participate as a school of the District under the District-Operated Programs Unit. Prior to the beginning of the 2013-2014 school year, all District-authorized charter schools, other than those that had previously executed an Option 3 Memorandum of Understanding ("MOU"), were required to execute a new MOU setting forth the LAUSD SELPA option election for the remainder of the charter petition term. The Charter-operated Program schools do not have LEA status for the

purposes of special education but will function in a similar role in that each charter school will be responsible for all special education requirements, including but not limited to services, placement, due process, related services, special education classes, and special education supports. Charter schools that have elected to participate in a District-operated programs option may apply for membership in the Charter-operated Program section of the SELPA. Charter schools accepted for participation in the Charter-operated Programs section receive support from a Special Education Director for the Charter-operated Programs.

Modified Consent Decree Requirements

All charter schools approved by the LAUSD Board of Education are bound by and must adhere to the terms, conditions and requirements of the *Chanda Smith* Modified Consent Decree (“MCD”) and other court orders imposed upon the District pertaining to special education. The MCD is a consent decree entered in a federal court class action lawsuit initially brought on behalf of students with disabilities in LAUSD. It is an agreement of the parties approved by the federal court and monitored by a court-appointed independent monitor. The MCD includes nineteen statistically measureable outcomes and facilities obligations that the District has to achieve to disengage from the MCD and federal court oversight. All charter schools are required to use the District’s Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online Individualized Education Programs (“IEPs”) and tracking of related services provided to students during the course of their education.

As part of fulfilling the District’s obligations under the MCD, student level data requests from District-operated and Charter-operated charter schools are made on a regular basis. The requested data must be submitted in the Office of the Independent Monitor’s (“OIM”) required format in accordance with the OIM’s required timelines and as follows:

- End of Year Suspension

District ID, SSIS ID, last name, first name, date of birth, gender, grade, date of suspension, number of days suspended, and reason for suspension.

- Statewide Assessment Data

The standard file including District ID.

- Norm day

District ID, SSIS ID, last name, first name, date of birth, gender, grade, location code, school name and local district for all students enrolled on norm day.

- CBEDS

- All Students enrolled as of December 1 of each school year

District ID, SSIS ID, last name, first name, date of birth, gender, grade, location code, school name and local district for all students enrolled on norm day.

- Dropout

District ID, SSIS ID, last name, first name, middle name, date of birth, grade, last location, school name and local district

- Monthly SESAC and Suspension data

- Graduation roster from all charter schools with 12th grade students with disabilities

The MCD requires charter schools to implement the District's integrated student information system, which is currently referred to as My Integrated Student Information System (MiSiS). MiSiS is a suite of applications which is designed to capture all District student data. All charter schools are required to utilize MiSiS directly or interface with MiSiS via a web based Application Programming Interface (API) in compliance with the requirements of the MCD and applicable timelines. Upon charter school full utilization of MiSiS either directly or via a web based API, the list of required data above will automatically be captured within MiSiS.

Community Need for Charter School

Alliance Leadership Middle Academy is located in the Hyde Park neighborhood of Los Angeles near Inglewood. According to the *L.A. Times Neighborhood Mapping Profile*, Hyde Park clearly illustrates that this population has a set of pressing needs, which must be met. According to the mapping profile, only 12.3% of the adult (25+) population have attained a Bachelor's degree or higher and the percentage of adults whose highest level of education is categorized as High School Diploma is 23%. The county averages 31% of the adult (25+) population with a Bachelor's degree or higher and 37% high school graduates. Moreover, 32% of individuals in the Hyde Park area live below the poverty line. This is double the county average. The profile points out that over 58% of households dedicate over 30% of their income just to pay the rent. Crime rates in the 2.9 square mile Hyde Park neighborhood are some of the highest in the city (the community ranks 17th in violent crimes and 83rd in property crimes over the most recent six month period, out of 209 different neighborhoods tracked by the *Los Angeles Times*), the neighboring communities are among the highest crime rates in Los Angeles: over six months from September 2016 to March 2017 – approximately 180 days – Leimert Park ranked 7th out of 209 communities for violent crimes (including one homicide, 4 sexual assaults, 74 aggravated

assaults and 56 robberies in just a 1.19 square mile area) and 8th of 209 for property crimes (including burglary, theft, auto theft and theft from a vehicle); Chesterfield Square ranked 1st of 209 violent crimes (including one homicide, 2 sexual assaults, 49 aggravated assaults and 65 robberies) and 5th of 209 for property crimes. The other neighboring communities present similar sobering statistics. This is a population that is in dire need of schools that promote a college-ready culture as early as possible to ensure that students have a path to avenues for success.

As the State has settled into Common Core state assessments (CAASPP), we are in a unique position; as we only have one year of school data (2015-2016) to compare to current neighboring school data to easily and thus showcase the positive impacts we are having on the students we serve.

The data above clearly shows significant growth in ELA achievement in a single year at Alliance Leadership Middle Academy. Changes in both administration and curriculum for both ELA and math have led to improved outcomes for all students. In addition, the school wide focus on reading complex texts have helped students access grade-level material in all disciplines.

Despite our growth, we can still improve by increasing the literacy and mathematical fluency skills of students to make the material more accessible. In order to address this need our math and ELA department, through the continued implementation of the Common Core State Standards (CCSS), will place a laser like focus on the use of literacy strategies in the classroom as part of their normal practice.

Our CAASPP data above shows that we outperformed neighboring schools overall. However, our subgroup data shows that we have significant work to do to ensure all of our students are on a trajectory to master more rigorous studies. The results show our starting point as a school and the baseline scores reflect, in part, the rigor of the state's new academic standards. CAASPP focuses on assessing crucial abilities, such as analyzing problems, thinking independently, and writing clearly with evidence. Those skills take time and effort to master. The data reveals points of vulnerability that also offer opportunities to improve.

One concern is the results indicate there is a persistent achievement gap—significant differences in scores—among English learners and students with disabilities when compared to other students. Overall, 28 percent of students in all grades met or exceeded standards in English language arts/literacy and 15 percent met or exceeded standard in math at Alliance Leadership, compared with 3 percent and less than 1 percent, respectively, among English Learners and students with disabilities. As for scores among all grades for ethnic groups, 23 percent of African Americans met or exceeded the standard in English language arts/literacy and 11 percent in math, while 35 percent of Hispanic/Latinos met or exceeded standard in English language arts/literacy and 23 percent in math. Each of the red flag problems---ELL's, Special Education, and African-American students subgroup data require immediate attention so all of our students reach a level the level of academic proficiency that is required by the state.

What did we do to address these challenges?

- Adding a Special Education Coordinator and two new special education instructional aides in the classroom;
- Continuing our specialized ELL Pull-out program that includes not only EL students, but also students with IEP's and African-American students with low Lexile levels, utilizing Renaissance Learning's English in a Flash, English 3D, and Rosetta Stone for our ELD program.
- Continue ongoing core content teacher professional development focused on specific content-based literacy strategies that are designed to meet the needs of ELL, Special Education, and African-American students;
- Continued partnership with Power My Learning Inc. around family engagement and personalized coaching for teachers around blended learning;
- Continuing the use of Common Core aligned curriculum: Expeditionary Learning in ELA and College Preparatory Mathematics (CPM) across grade levels. Also, using "NoRedInk", IXL, Khan Academy, Achieve3000 and Renaissance Learning's Accelerated Reader;
- Continue recognizing students for academic achievements and meeting monthly Lexile growth targets with monthly assemblies and incentives;
- Starting the "Eagle Reading Challenge" to promote Lexile level growth (October, 2017);
- Continue to use technology to differentiate instruction, assess students and provide feedback to all stakeholders;
- Implement the use of Illuminate and the state released Interim Assessment Blocks (IAB's) for internal, continual common core aligned writing performance tasks.
- Support our Most Vulnerable Population (MVP's) through targeted Wednesday intervention for math and ELA

We must work to eliminate these gaps by continuing to implement a solid instructional program. We are moving in the right direction with our efforts to provide extra resources and services for students with the greatest needs. Now we will use these results as one of many sources of data as we work to improve student achievement, ultimately preparing more students for success in college and careers.

To be sure, we cannot meet all the changing needs of this age group, but we must continue to work closely with parents, the community, and outside partners to help children get on a promising academic track and stay there.

Internal Assessment: *Lexile*

(from internal Lexile testing during 2015-16 and 2016-17 school years)

One of the challenges we often face in working with at-risk youth is finding ways to reduce a very real literacy gap. Students often enter our school reading at levels far below grade level and we know that we must find ways to track student progress. We must ensure that we are meeting their needs and ensuring that they are prepared for the Common Core, college and beyond.

As promised in our charter petition, Alliance Leadership serves educationally disadvantaged students in the 90043 and 90062 zip code of Hyde Park and South Central Los Angeles in one of LAUSD's most disadvantaged areas. In 2015, approximately 83% of our students were Hispanic, 17% were African American. The data above clearly shows that our first incoming 6th grade cohort, who come from surrounding elementary schools, while pretesting on average at very low Lexile levels in 2015, showed Lexile growth and no summer melt as entering 7th graders in 2016. The same can be said of the gains of the 7th grade cohort from 2016 to 2017. Special Education and EL student Lexile growth was also significant with average aggregate growth of 133 and 119 points, respectfully.

Much of our success in Lexile growth can be tied to a school wide push by our teachers to prepare students to meet the rigors of college and career by utilizing strategies for Common Core, meeting students at their precise reading levels, and differentiating instruction to help all students accelerate their reading growth and become college and career ready.

Despite our success, the data shows that though we are helping all students succeed, we are looking into how to further accelerate Lexile level growth for our EL, special education, and African-American students, whose Lexile growth is still at least one level below their current grade level. In order to address this need, we are currently using the following supports and programs:

- Achieve3000, and Accelerated Reader, which all have built in growth measures that have easily accessible data to inform instruction.
- Accelerated Reader's English in a Flash is implemented in differentiated EL and special education instructional groups for maximum success.
- Our physical education classes are also implementing the use of Accelerated Reader in their classes across all grade levels.

To address the decrease in subgroups scores, changes were made in the curriculum and delivery of instruction to ensure rigorous standard-based instruction. General education teachers started incorporating blended learning strategies to help personalize the learning experience of students. This has helped provide differentiated instruction, assess student progress, and provide meaningful feedback for students. Some of the programs that are used include: Achieve3000, Renaissance Learning's Accelerated Reader, and English in a Flash. As previously explained, we have developed a plan to help support our three lowest subgroups. This includes hiring more staff, re-evaluating materials being used, and dedicating staff development time to implement strategies to help students be more successful. We will continuously monitor the progress of our students so that we can ensure their meeting or exceeding the state standards and adjust our instructional program as needed.

CELDT & Reclassification

Reclassification Rates (from CDE website)

Reclassification	15-16	16-17	Expected 17-18
Alliance Leadership	0%	8.6%	18.6%
LAUSD	12.1%	16.8%	
California	11.2%	13.3%	
Resident Schools	6.3%	10.6%	

We are constantly looking for ways to support our EL population. Currently, our EL population is 105 students (26% percent of our total population). Looking at the above data, reclassification rates suggest an upward trend in reclassification numbers during 2016-2017 school year and an increase in the progress made. In addition, we will submit an 18.6% reclassification rate for 2017-18 to the CDE in October 2017. The increased reclassification rate and increase in progress made can be attributed a few variables

The first variable was the placement of all EL's in the ELD support class. Utilizing students' CELDT scores, we strategically placed students in a support class with a structured curriculum for EL learners. The approved curriculum was English-3D. Students attend the ELD lab 3 times a week for a total of 255 instructional minutes. ELD instruction is targeted toward the specific needs of our EL's. A full time ELD instructor was hired along with an ELD instructional aide to support the ELD class.

Additionally, in the 2016-2017 school year Alliance Leadership Middle Academy developed a school wide instructional focus to support students in reading and understanding complex text using a clearly prescribed reading strategy (3-Read Strategy). The 3-Read strategy was taught and used in all content areas and provided students with a structured tool to support them in accessing complex text during reading. As a result, ELs reading lexile had an average growth of 119 points across all three grade levels.

Another variable that contributed to the improvement in performance by our EL's was the weekly afterschool intervention for our most vulnerable students. In the 2016-2017 school year, ELs were identified as most vulnerable students. An intervention class that focused on the Common Core ELA standards was held once a week, after school, for our most vulnerable students including our ELs.

The increased movement in our reclassification and CELDT levels can be attributed to the supports provided within the ELD resource lab, the school wide focus on reading and understanding complex text, the weekly intervention for our most vulnerable students (ELs), and the adoption of an ELD curriculum.

Attendance

Prior to implementation of LCFF/LCAP, we have always believed pupil engagement is exemplified by strong attendance. Over the course of our charter term, we have maintaining an average daily attendance at or above 95%. Starting with the 2016-17 school year we have increased our focus on attendance to include chronic absenteeism. Our actions in this area are outlined in our LCAP. While tremendous focus has been placed on student achievement data, we have include chronic absenteeism as one of the indicators for supporting our most vulnerable student populations.

Parent Engagement

Parents are an invaluable partner in reaching the goals set forth in our charter petition and our Local Control Accountability Plan (LCAP). The annual parent satisfaction survey demonstrates our parents are satisfied with our school.

Satisfaction Survey	15-16	16-17
Alliance Leadership Middle Academy	93%	95%
Alliance-wide	95%	95%

In order to keep parent engagement meaningful and on an upward trajectory, our action plan consists of:

- **Continuing our established School Coordinating Council.** This group is scheduled to meet every first Wednesday of the month in the mornings for an hour. The mission of the SCC is to provide suggestions and recommendations to the principal on day-to-day operations and issues such as school events, schedules, policies, school/community participation and the general direction of the school.
- **Continuing to create a welcoming school environment where parents see themselves as meaningful partners** by offering coffee in the mornings to parents that supervise, demonstrate positive attitudes to parents, answer any questions parents may have and ensure that all parent information is current and up to date on a month to month basis. Always keeping our parent center open and available to parents, families, and the community. Recognizing parent superstars and ALL parent volunteer service, at all times!
- **Fostering two-way communication** by maintaining lines of communication open, listening and taking parent, student and community feedback into consideration when making school decisions. As a school, staying genuine to our word, and executing everything we say as a school we will do to keep and maintain the trust of our families.
- **Schedule our series of parent education workshops and activities**, led by our Alliance Leadership Parent Engagement Specialist, administrative staff, or Alliance's Director of Parent Engagement, which supports the school's goals for the year. Parent Leadership Academy workshops take place three times a month, once during the week starting at 8:45 am, once during the week from 4:30-6:30 pm and once on a Saturday morning from 9-11 am thus giving parent/guardians multiple opportunities to attend a parent workshop.
- **Continuing to partner with PowerMyLearning to provide home learning centers and parent-student technology based workshops.** All sixth grade families, participate in frequent, technology based family learning workshops and students receive free refurbished desktop or laptop computers, fully loaded with software. This strategy will help support family technology literacy. CFY has also committed to help provide support to Leadership Parent Engagement Program with all and any parent engagement activity, workshop, event etc.
- **Using Help Counter to track parent volunteer service hours** and to remind parents regarding how many hours have been accumulated.
- Recognizing and celebrating ALL families that fulfill the 20 to 40-hour suggested volunteer goal for the year by giving families a "Proud Eagle Parent Volunteer" shirt with school logo as they meet and/or exceed their goal. A parent recognition ceremony takes place at the end of the year for ALL parent volunteers. Volunteer hours are not mandatory or required for admission or school events.

Goals and Philosophy

Mission

The mission of Alliance Leadership Middle Academy is to operate a small high-performing school that prepares all students to graduate and to enter and succeed in college. Moreover, we strive to ensure that each Alliance Leadership Middle Academy student will develop resilient character and strong critical thinking and collaborative skills necessary to become socially responsible, globally minded citizens who are an integral part of their local, national and international communities.

Vision

The vision of Alliance Leadership Middle Academy is to provide a highly accountable model of innovation with highly effective teachers guided by core principles that are based on what research has shown to be best educational practices, and to serve as a model for the District and other public schools.

Alliance Leadership Middle Academy will consistently demonstrate student readiness for success in college with: a high success rate in student proficiency on state content/common core standards at or exceeding the neighboring District schools;

Key Program Elements

Alliance Leadership Middle Academy students, staff and community embrace the following five Alliance program elements to establish and maintain the culture of the school:

1. **High Expectations for All Students** - All students, including students in historically underachieving communities, can successfully learn at high levels and have a fundamental right to high expectations and quality instruction that prepare them to enter and succeed in college¹. All students must pass the A-G college entrance course requirements with a grade of C or better to graduate and be at least proficient in core academic standards (reading, writing, math, science, history/social science) to be ready for success in college.
2. **Small Personalized Schools and Classrooms** - Students learn best in small learning communities where their education is personalized so that students know their teachers and are well known as individuals by all adults in the school. Blended-learning classrooms, like those at Alliance Leadership Middle Academy, offer even more personalized and individualized instruction that targets individual student learning needs, takes them from where they are and accelerates their learning to where they need to be in order to graduate ready for success in college.
3. **Increased Instructional Time** - All students must have sufficient time in school to learn successfully. The school offers a longer school year and ongoing opportunities for extended learning time through intervention or enrichment to meet individual student needs. Daily learning time is structured in longer instructional blocks of time to allow for focused in-depth learning. Students will also have access to online resources, be able to replay online content, and access other features allowed by using technology, creating many out-of-classroom learning opportunities. Research demonstrates how increased learning time can lead to higher achievement²
4. **Highly Qualified Principals and Teachers** – All Alliance schools must have exemplary principals who are capable instructional leaders and entrepreneurs in managing resources, and who are given opportunities for ongoing leadership training. Knowing that students learn best with teachers who know their subject field, are well trained to deliver rigorous instruction, and can attend to the diverse needs of individual students, these skills are at the forefront when selecting and developing teachers. Our teachers work in collaborative teams with common planning time where lessons are studied as a

learning community and where accountability for student success is a shared responsibility.

5. **Working with Parents As Partners** - Parents at all Alliance schools are meaningfully and actively engaged in their children's education. They have a right to choose to send their children to excellent high performing schools. Parents must be responsible and accountable for supporting their children's learning at school and at home. They must understand what it will take to prepare their children for college, and they are encouraged to support the goals of the school through their voice and through volunteering.

What it Means to Be an Educated Person in the 21st Century

A well-educated person in the 21st Century must be highly proficient in a rigorous set of competencies in language, reasoning/problem solving, reading, writing, computation, interpersonal relationships, social/ economic studies, the use of technology, and personal work habits in order to succeed in a global economy.

A well-educated person recognizes that the world is constantly changing, and is a self-directed lifelong learner prepared to continually adapt to changes that require new skills and competencies to be successful in their lifetime. An educated person understands that creative thinking leads to opportunity, that talent can be turned into true skill, and that all human beings are equal and important.³

The Alliance Leadership Middle Academy curriculum, instructional methodology, and environment are designed to instill and develop these skills in our students so that they can success in college and in their chosen careers, and can continue to be self-directed learners, highly skilled critical thinkers and effective communicators throughout their lives.

success in high school, college, and beyond. Challenging content pushes every student to exceed their own expectations, achieving exceptional results through struggle and hard work.

- Students wrestle with complex ideas and persevere in their work even when they are not sure of the answer.

SCHOLAR TO SCHOLAR *Our students deepen their understanding of content and build skills through lively discussions and meaningful collaboration with their peers.*

- Teachers provide students with a variety of opportunities to engage in robust academic discussions and to collaborate to solve real-world problems.

The Alliance Leadership community will continue its focus on growth for all stakeholders to ensure our students remain self-motivated and persist to earn college degrees. The Local Control Accountability Plan (LCAP) was developed with a focus on the needs of our students to reach our mission/vision of college/career preparedness for all students. The amount of growth in achievement as measured by CAASPP between the 2016 and 2017 assessment years, demonstrate we are engaging in the correct work to move our students ever closer to their post-secondary goals.

Instructional Design

Curriculum and Instructional Design

The educational model for curriculum and instruction at Alliance Leadership Middle Academy is guided by our key program elements, our beliefs about how learning best occurs and by ⁴ best practices researched in high performing high schools that consistently produce well-educated students prepared to successfully enter and succeed in college. The philosophical base and the organizational structure for Alliance Leadership Middle Academy's curriculum are student centered and are in accordance with accountability for meeting or exceeding grade level Common Core, Next Generation Science Standards, ELD and other state college readiness standards.

Alliance Leadership Middle Academy attests that each pupil in the school will have sufficient instructional materials in each subject area consistent with the content and cycles of the curriculum frameworks adopted by the California Department of Education.

Each spring, the principal, in consultation with staff, identifies areas of need and orders materials for the following year. Curriculum materials are selected based on their alignment to the CCSS/NGSS/ELD standards and instructional shifts, Curriculum materials must prepare students to graduate ready for college.

Alliance Leadership Middle Academy relies on both core instructional materials (digital or hard copy) and supplemental instructional materials (digital or hard copy). Below are lists of all current curriculum materials and resources utilized by the school for each grade level and subject. Programs that have specific tools to support English learners are also indicated.

As noted previously, the needs of the school are evaluated each year and core and supplemental curriculum materials and digital resources are adjusted accordingly.

Curriculum and instructional materials for health/PE courses is teacher created and therefore not shown in the table. In the PE courses, students participate in activities aimed at improving their cardiovascular fitness, upper body strength, abdominal strength, and flexibility. ALMA does not currently offer visual/performing arts courses.

Innovative curricular components of the educational program

Please see the section titled “Integrated and Instructional Technology.” In addition, we provide the following innovative components:

Personalized Learning Environment

Students learn best in small learning communities where their education is personalized. Through our small school environment, relationships between school adults and students are sustained over time and student learning is personalized so that each student’s individual needs are recognized and met. Teachers work in grade level teams and share data and responsibility for the grade level group of students. Longer instructional blocks of time allow teachers time to focus on students as individual learners.

Increased Time for Learning

All students have sufficient time in school to learn successfully. Instructional time surpasses the current minimum requirement for instructional minutes as set forth in the California Education Code 46201(a) (4) (instructional minutes are included in the “Instructional Days and Minutes Calendar” later in this section). As part of the core program, increased instructional time for all students also includes time for intervention and/or enrichment to meet individual student learning needs. In addition, students have access to technology that will allow teachers to extend learning opportunities and maximize in-class learning opportunities. Research demonstrates how increased learning time can lead to higher achievement.

College Readiness for All

The question at ACRMA 12 is not “are you going to college?” but “which college are you going to attend?” While students may have plans to pursue other post-secondary options such as vocational school or military service, the school maintains a strong college-going culture, which is implemented through advisory groups, parent engagement and school-wide activities and may include:

- Provide college information materials and a college going culture by hanging college flags naming each Advisory class after the teacher of record’s university, providing field trips to colleges and universities in the area, and update the college resources section of the school’s web site frequently, where materials are made readily available to students and families.

- Programs regarding career and college information are presented to students, parents, and community members in workshops and through college counselors in individual and group student settings. Alliance parent and student workshop topics include: college and university options, required college-entrance courses, financial aid opportunities, college majors linked to careers, visits from college representatives and student field trips to colleges, college entrance tests and ongoing access to information regarding college outreach programs. Translation is available for parents with limited English.
- College-readiness and awareness is a priority content focus in daily teacher led advisory groups for all students with the support of school counselors serving as a resource to classroom teachers and principals.
- Advisory curriculum includes direct development of study skills to prepare our students to be independent learners through the use of study skills materials and through a visiting college student program that provides an opportunity for students to learn from students in the community who have successfully entered college programs.
- Pennants from local and national colleges and universities are displayed throughout the campus and in each classroom, and a poster of college-coursework and entrance requirements is posted in every classroom.
- Trips to local universities are coordinated to provide students and their parents an opportunity to become familiar with college campuses and their programs.

Upon enrollment all students are given a series of diagnostic survey assessments. These indicate student needs in mathematics, language arts, and the student's English Language status. Results of initial diagnostic testing for entering students determine student placement in math and determine students' need for intervention supports. All students have access to the grade level core curriculum, and alternative curriculum when designated in a student's Individualized Education Plan (IEP). Students at risk participate in an extended learning program to provide more time for learning and to accelerate their progress. All students are eligible to take all classes. Students who show a continued lack of progress are served as detailed under *Elementary and Secondary Schools Act (ESSA)* and/or the *Meeting the Needs of All Students* section below, depending on individual student needs.

Instructional Methods and Strategies

Students learn best when there are rigorous standards based curriculum where students lead the cognitive thinking of challenging content that builds strong learning habits and life skills; when students enthusiastically read, write, analyze, discuss, research, experiment and solve challenging problems; when students participate in robust scholar to scholar academic discussions that deepen their understanding of challenging content; when students employ a variety of tools and strategies, including technology, to accelerate their learning, build skills and obtain feedback on their performance.

Instructional methods and strategies include, but are not limited to, students engage in close reading of complex texts across a variety of genres, apply mathematical concepts to real world problems, and conduct laboratory experiments that deepen their understanding of a scientific phenomenon. All academic experiences build the skills and knowledge students need to be successful in college and beyond.

Implementation of Common Core

Alliance Leadership Middle Academy has fully implemented Common Core State Standards, using CCSS-aligned curriculum. Next Generation Science Standards are being implemented in science and the Social Studies/History, Science & Technical Studies Common Core literacy standards are integrated into science and history/social science courses. In addition, the ELD standards are integrated throughout all content area instruction.

Alliance Leadership Middle Academy is focused on deepening teachers' understanding of the expectations of CCSS and NGSS through ongoing professional support in instructional planning, interim data analysis and feedback on instructional practice. New teachers to ALMA also receive professional development on the CCSS and NGSS standards and instructional shifts as part of their onboarding.

Integrated and Instructional Technology

The new CCSS require significant student collaboration, fluency with multimedia and technology, and the development of strong complex reasoning, problem solving, and communication skills. Alliance Leadership Middle Academy student technology goals include all students developing technology literacy and technology fluency.

We define technology literacy as the ability to responsibly, creatively and effectively use appropriate technology to: communicate; access, collect, manage, integrate and evaluate information; solve problems and create solutions; build and share knowledge; and improve and enhance learning in all subject areas and experiences. Technology Fluency is demonstrated when students: apply technology to real-world experiences; adapt to changing technologies; modify current and create new technologies; and personalize technology to meet personal needs, interests and learning style.

To reach these goals, students have access to one tablet and/or laptop (all SBAC ready) to ensure adequate access to technology for effective use in student learning. Students use technology regularly to access research online, develop standards-based multimedia projects and presentations, and access instructional materials and assignments. Students also access instructional technology to receive personalized support that best meets their individual learning

needs.⁵ Alliance interim assessments are also designed to help prepare students to take SBAC online assessments.

All classroom teachers are provided a computing device and use Alliance-wide data systems for managing grades, student performance data, and internal school and network communication with other schools

Western Association of Schools and Colleges (WASC) Accreditation

In spring 2017, Alliance Leadership Middle Academy received initial accreditation from the Western Association of Schools and Colleges. We will complete our full self-study prior to the end of the initial accreditation term, which is June 30, 2020.

Professional Development

Teacher Recruitment

Students learn best with teachers who are knowledgeable of their subject field and are well trained to deliver rigorous instruction and attend to the diverse needs of each student as an individual. Alliance Leadership Middle Academy, led by the principal, recruits highly qualified new and experienced credentialed teachers who demonstrate satisfactory progress toward full certification, fully meet the ESSA criteria as highly qualified teachers, and are committed to the school's core values and beliefs. Recruitment of qualified candidates begins in December and is conducted via exposure at recruitment events at targeted colleges and universities with strong programs in the areas of focus; partnerships with university and non-university teacher pipeline programs; use of relevant online tools such as EdJoin and social media; and referrals from current staff within the school/Alliance. Applicants are carefully assessed through a rigorous selection process conducted by both the Alliance Recruitment, Selection, and Pipelines Team and school administrators. Once selected, teachers participate in professional development before the opening of school and throughout the school year.

Ongoing Professional Development

During school level professional development, teachers are supported by their principal and the school's instructional leadership team to develop their practice. Professional development agendas include content-based sessions, site-based sessions, and a variety of instructional workshops designed to address needs evidenced by data.

In addition, Alliance-wide PD events and supplementary trainings provide targeted supports in a variety of ways. Below is a sample of current professional development opportunities available to teachers. These opportunities are subject to change as, in order to be most effective, professional development must be adaptable to address the needs of teachers and students.

Alliance-wide Summer Conference – Held prior to the start of the school year, this annual conference is made up of general, site based and content-alike sessions that are organized by Alliance and school instructional leaders and include all teachers. Teachers select sessions that best align to their content area and professional interests. Topics may include:

- Data-driven instruction
- Workshops focused on the Alliance Commitments for Exceptional Teaching (Spark, Challenge, Scholar to Scholar, Personalize)
- Sharing research, resources and best practices
- Effective strategies to meet individual student needs

Alliance-wide Data & Planning Days – Held immediately following each interim assessment, these days offer an opportunity teachers and leaders to deeply analyze interim data and plan for future instruction. . Data days are held network-wide and/or at school-sites with network support. During Data Days, teachers and leaders:

- Understand the expectations of the interim assessment (e.g. standards, texts, problems)
- Analyze student performance and student work
- Create an action plan to address student performance data
- Adjust future unit and lesson plans to better meet the needs of students

Ongoing School Site PD Sessions – – Regular, targeted and relevant professional development is led by the school principal and site-based instructional leadership team on the designated Professional Development Early Dismissal Day. The calendar for the 17-18 school year follows and serves as a sample of topics typically covered:

Guiding Focus: How can we ensure that Alliance Leadership’s professional development provides the space and structure for 100% of our teachers to achieve our instructional focus of supporting all Leadership students demonstrating measurable growth in reading complex texts, and producing effective writing for a range of purposes and audiences?

We will have 3 PD strands that all lead toward our guiding question. We will be purposeful in articulating to staff how each of these levers / strands contributes to making Alliance Leadership a joyful and effective place for students to grow their literacy skills!

Meeting the Needs of All Students

English Learners

State and federal regulations require that if the student's Home Language Survey indicates a language other than English is used at home, the student's English language proficiency level must be assessed. Students will be assessed within 30 calendar days of the beginning of the school year, or within 30 days of enrollment if the student enrolls later in the school year.

State and federal guidelines require each English learner to be assessed annually to determine their progress in acquiring English language proficiency. This assessment is given within a test window prescribed by California *Education Code*. Alliance ensures that each English Learner is assessed annually within the prescribed timeline.

Alliance Leadership Middle Academy meets all requirements of federal and state law relative to equal access to the curriculum for those who are English learners. The school has adopted and implemented the Alliance College-Ready Public Schools English Learner Master Plan. The goal is to provide high quality instructional programs and services for English learners that allow them to achieve the same challenging grade level and graduation standards, in the same proportions, as native-English speaking students and to gain proficiency in the English Language.

The English Language Development (ELD) component of the program supports ELs through:

- A teaching staff qualified in second language pedagogy
- Implementation of Integrated and Designated ELD
- Use of Integrated ELD strategies, including, but not limited to frontloading vocabulary, customizing graphic organizers for various writing tasks, modeling, chunked reading, visual aids, collaborative learning experiences mini-lessons (10-15 min), guided and independent practice which is product-driven (i.e. Exit and Do Nows, etc.), pre-reading and pre-writing strategies, text annotation, use of text-based evidence questions, options for assessments, and multiple methods to check for understanding.
- An optional after-school and summer school program with a strong language literacy focus determined by the individual assessed needs of each student
- When possible, additional bilingual teacher's aides in the classroom to assist ELs at ELD levels 1 and 2 in core area content classes

English Language Development

English Language Development addresses all four domains of language: speaking, listening, reading and writing – but the emphasis is on speaking and listening. The intent of ELD is to accelerate English language learning in strategic ways by developing skills in these four domains with robust and contextualized instruction. This includes many opportunities for students to engage in meaningful language practices at an appropriate level of challenge and complexity

based on their CELDT/ELPAC skills and overall level. Effective ELD improves access to reading/language arts and all core subjects by explicitly focusing on the language demands of the core.

Designated ELD

Designated ELD is core instruction for ELs. The intent of ELD is for teachers to explicitly and intentionally teach English in order to develop a strong English language foundation in both social and academic settings aligned to the ELD levels of students.

ELD instruction includes interactive activities that are carefully planned and implemented. ELD instruction focuses on all components of the English language not likely to be acquired adequately or efficiently in other instructional or social settings and in daily school, family and community interactions.

ELD instruction is research- and standards-based, aligned to the CA ELD standards. It is systematically planned and structured via a scope and sequence of language progressions and is planned and delivered targeting specific language objectives.

ELD instruction explicitly teaches elements and features of the English language such as vocabulary, syntax, grammar, discourse, functions, and conventions, as well as the comprehension and production of discipline-specific academic language (e.g. math, science, social studies) based on student ELD skills and needs. We endorse the following guidelines for effective ELD instruction provided by Saunders and Goldenberg (in CDE, 2010, pp.27-28):

- A separate block of time is devoted to daily ELD instruction.
- ELD instruction emphasizes listening and speaking although it can incorporate reading and writing.
- ELD instruction explicitly teaches elements of English (e.g., vocabulary, syntax, grammar, function and conventions).
- ELD instruction is planned and delivered with specific language objectives for each lesson.
- ELD instruction integrates meaning and communication to support explicit teaching of language.
- ELD instruction includes carefully planned interactive activities among students.
- ELD instruction provides students with corrective feedback on form.
- ELD teachers attend to communication and language-learning strategies during instruction.
- ELD instruction emphasizes academic language as well as conversational language.
- ELD instruction continues until students meet reclassification criteria.
- ELs are carefully grouped by language proficiency for ELD instruction; they are mixed classrooms, not segregated by language proficiency at other times of the school day.

Integrated ELD

All teachers who provide content instruction in English at any grade level use integrated ELD methodology to provide access to core content areas for English learners, taking into account their level of language proficiency and the language demands of the lessons. In addition, teachers consider the language needed to construct meaning and demonstrate acquisition of a concept/skill. For students who are at ELD levels 1-3, the teacher must incorporate the use of additional research based strategies, techniques and material that ensure comprehensibility, including primary language support as appropriate.

The primary purpose of integrated ELD is teaching skills and knowledge in the content areas, more specifically content identified in standards for English/Language Arts, math, science, social studies, physical education, and the arts.

Integrated ELD promotes language development, particularly what is called “academic language”, or the language of the discipline. ELs are provided with access to well-articulated, standards-based core curriculum via many different scaffolding techniques and strategies.

The key features of Alliance Leadership Middle Academy’s integrated ELD includes:

- Grade-level appropriate content standards in each content area
- Emphasis on the key or essential standards
- Alternate assessments that allow students to demonstrate content mastery with minimal construct-irrelevant language interference (i.e. the language of the assessment minimizes interference with student’s ability to demonstrate knowledge of the subject)
- Significant scaffolding of content
- Emphasis on language objectives in addition to content objectives
- Alternative materials that may present the content with a more accessible reading level and/or more visual supports
- Extensive student engagement strategies that allow students to practice using the language of the discipline in meaningful ways

Interventions

All ELs are monitored regularly to ensure adequate progress toward acquiring English proficiency and mastery of grade level academic content. It is important to examine the achievement of the student’s “true peers” (similar language proficiencies, culture and experiential background) to determine if they are progressing or not. If several “true peers” are struggling, this is an indication that the core instruction is less than optimal for that entire group of students. When the progress of a particular student is substantially slower than the students “true peers”, the student requires intervention to accelerate learning. This intervention is in addition to the time allowed for core instruction.

In all interventions the curriculum addresses the student’s specific learning needs and progress is carefully monitored and reported. All interventions have the following in common:

- Initial meeting with LAT to discuss teacher concerns about the student’s progress.
- In depth assessment to determine specific area(s) of need and instruction that targets those needs.
- Entry and exit criteria for participation in the intervention.
- Frequent (weekly) progress monitoring to ensure the effectiveness of the intervention.
- Systematic and explicit instruction with modeling, multiple examples and feedback.
- Option of receiving different curriculum from the core program with increased time and intensity of instruction.

Alliance Leadership Middle Academy works to recruit teachers who have a credential as well as state authorization to teach EL's such as BCLAD, CLAD, SB1969, and who not only have training in second language pedagogy but also have experience teaching English Learners and designated and integrated ELD. All teachers are trained in appropriate methods for teaching ELs at various levels of proficiency. These methods include using bilingual teacher aides, preview and review strategies, and after school tutoring programs that are coordinated with the regular curriculum and designed for ELs.

- Integrated ELD – Integrated ELD provides meaningful instruction in content areas (social studies, math, science) for transitioning English Learners towards higher academic achievement while they are working towards English fluency. The teacher provides varied methods of instruction that allow students to create meaning of multifaceted content in classroom discussion, activities, reading and writing, causing teachers to build upon their abilities to take on the linguistically diverse classroom.
- Preview/Review – A preview of a lesson (including key vocabulary) is given in a student's L1.
- Teachers present vocabulary prior to presenting core content
- Digital Content – Allows individual students to develop auditory and verbal skills at their own pace using headphones and computing devices.

Alliance Leadership Middle Academy administers the California English Language Development Test (CELDT)/English Language Proficiency Assessment for California (ELPAC) to all new students whose home language is other than English on their Home Language Survey and to all English Learners annually to determine each student's individual proficiency level and to assess student progress in acquiring English Proficiency according to the CA ELD standards. The CELDT/ELPAC results are used to properly place English learners in an appropriate English Language Development course. The overall score and domain specific scores are analyzed to determine instructional needs to support and accelerate progress toward learning English.

To reclassify students, Alliance Leadership Middle Academy administers the CELDT/ELPAC as stated above. Students who have scored level 4 or higher overall on the CELDT and have scored at least a 3 in each of the four skill areas of the CELDT are reviewed for reclassification. In addition to the CELDT/ELPAC criterion, student must, score Basic or above on the Lexile level assessment or nearly met, met or exceeded grade level standards on CAASPP ELA or close to, met or exceeding college-ready on ACT Aspire Reading. The Teacher Evaluation measure includes, but is not limited to student performance on: standards-based ELA assessments or standards-based ELA interim assessments report card grades (C or better)/progress report marks in equivalent ELA courses, and authentic student work samples, especially writing samples. The final criterion for reclassification is parent consultation.

The Alliance Data team provides each school with a list of students eligible for reclassification when new data points are available.

Non-standard English Speakers - Recognizing that many students at Alliance Leadership Middle Academy may not be Standard English speakers, many of the same guidelines and programs listed above are followed for them so as to ease their transition into Standard English. The school's objectives are to have all students achieve proficient/advance performance in oral and written English Language Arts. Alliance Leadership Middle Academy school leaders and teachers monitor each student's performance. Specific strategies include modeling standard English; building student communication skills through structured classroom participation in oral language presentations for project-based learning culminations; training teachers in recognizing non-standard English language interference with learning; establishing a culture of appreciation

for home language usage and culture; and recognition of the importance of standard English usage in the world of work and education.

Annually the Alliance Data team provides data reports and analysis of Alliance Leadership Middle Academy's EL progress including improvement in English proficiency level, progress in English language arts and Alliance assessment data disaggregated by subgroups. Progress of Long-term English Learners is also monitored and support begins with identifying and tracking them as a subgroup. The progress of LTELs and for students At-Risk of becoming LTEL is monitored through the Language Appraisal Team. At least once per semester, the school's Language Appraisal Team (LAT) meets to review the performance and progress, program placement, test results and goals for meeting the reclassification criteria of LTELs and for students At-Risk of becoming LTEL to determine the effectiveness of the supports for the students.

School and classroom-level identification and analysis of current levels of performance, strengths, and needs in addition to the specific obstacles for each individual student to meet reclassification is also evaluated. Assigning all ELs, including LTELs, to a counselor who tracks their progress and monitors obstacles to reclassification. The counselor then works with administration, teachers, and coaches to communicate needs. The administration provides targeted and ongoing professional development based on research-based practices for supporting LTELs.

The progress of reclassified fluent English proficient students is monitored through the Language Appraisal Team. At least once per semester, the school's Language Appraisal Team (LAT) meets to review the performance and progress of RFEP students using the *RFEP Follow-Up Form*. The Alliance Data Team creates an *RFEP Follow-Up Form* annually for each student and disseminates to principals. The school LAT includes the principal or designee, the student's classroom teacher(s), and other personnel such as counselors, specialist teachers, intervention teachers, EL experts, as appropriate, and/or parents of the student being reviewed. The LAT will discuss the students' progress, including but not limited to, ELA grade, GPA, Lexile score and discuss specific language and academic supports, if needed. The LAT completes and maintains the *RFEP Follow-Up Form* to keep a record of RFEP student progress.

Alliance Leadership Middle Academy has implemented a school-wide effort toward literacy intervention to align student academic achievement to Lexile level growth. This master strategy is especially important for ELs. Also, Alliance Leadership Middle Academy offers after-school tutoring. Our teachers are trained in strategically analyzing CELDT data to ensure that they can use the data to better group students, differentiate instruction, and implement EL strategies.

Our school is committed to monitoring the progress of ELs' academic achievement, implementation of its EL policies, programs and services, as well as their effectiveness in order to continuously improve them and to be accountable. English Learner program monitoring, evaluation, and accountability practices will address the following purposes:

- a. Monitor progress of ELs towards reclassification;
- b. Monitor implementation of instructional program services, educator/stakeholder roles and duties, and administrative processes as defined in the Alliance *English Learner Master Plan*;
- c. Determine effectiveness of programs, services and processes in promoting EL linguistic and academic success, and college- and career-readiness;
- d. Provide useful, timely feedback and identify needed modifications and actionable information to all educators and stakeholders in the system;

- e. Support continuous improvement of EL achievement and the implementation of instructional and support services, and identify needed modifications; and
- f. Foster internal accountability of all educators and stakeholders for implementation, outcomes and continuous improvement.

The following chart outlines the EL program goals, evaluation questions and measures used to assess overall effectiveness of the EL program,

Gifted and Talented Students and Students Achieving Above Grade-Level

As all students are challenged to reach their intellectual potential within the instructional program, Alliance Leadership Middle Academy will not offer a formal, separate gifted and talented program. Throughout the day, the staff may differentiate instruction based upon the individual needs of the students and will provide an opportunity to excel for those students who are achieving at high levels or demonstrate a specific ability or talent, as identified through student data or evidence of a pupil's capacity. Teachers will differentiate in the forms of acceleration, depth, complexity, and novelty and will differentiate the process, content, or

product to meet the needs of gifted and talented students. Examples of instructional models which may be employed with gifted and talented students at Alliance Leadership Middle Academy are:

- Project-based learning
- Discovery learning
- Computer activities, including online games, research, and targeted instruction through online content
- Utilizing higher levels of questioning and thinking skills
- Ensuring there is a wide variety of materials at different skill levels that engage a wide variety of interests
- Individual or group inquiry projects
- Field trips to broaden experience base
- Ensuring that the curriculum is sufficiently challenging

By using assessment information to monitor students' progress, teachers will be able to make the necessary modifications and adjustments to best support students. Teachers will utilize workshop time, as well as differentiated choices for gifted and talented students throughout the day to support them in continual growth. All students at Alliance Leadership Middle Academy will be valued for their individualism and their interests and passions will be cultivated. Further, the teachers will work together to develop plans to best support students in driving forward their academic achievement and pursuits in relation to the students' learning profiles and specific talents. In order to ensure that the needs of all students are being met, the staff will utilize the Student Success Team (SST) process for students who have been identified as consistently achieving well above the norms (as measured by formative, summative, and standardized testing) just as they would use the process for identifying students who struggle.

Students Achieving Below Grade-Level

In an effort to improve the performance for all students including low achieving or at risk of retention, Alliance Leadership Middle Academy monitors student performance and progress of these students throughout the year. Data is accessible at the student- and subgroup-levels; through school leaders, school data teams and classroom teachers monitor standards and student achievement in order to identify all students earning below a grade of C, flagging students at risk based on interim assessments, grades, and/or credit deficiencies. Advisory teachers review student data/progress reports of each of their advisory students. Parents review and sign 5-week progress and 10 week-report cards. The following takes place for those specifically identified as low achieving:

1. To identify low-achieving students, all incoming students are given diagnostic tests upon entry to the school, in addition to establishing baseline Lexile score. State assessment results and grades showing students who are not meeting or nearly meeting standards are also used to assess student achievement levels.
2. Where additional supports and/or interventions are required, the school's academic team will consult with the parent/guardian to share results and develop a plan to support and ensure growth
3. Within three weeks of identification, a conference is scheduled between the student, parent, teachers, and a member of the administrative leadership team to develop an action plan. The action plan has specific responsibilities for the student, parent, and teachers.
4. The student receives supplemental support through remediation support classes in ELA and math in addition to regular courses. In the areas where the student is

struggling most, the classroom teacher may employ the use of online digital content providers to support one-on-one instruction targeted to specific individual needs.

Socioeconomically Disadvantaged/Low Income Students

Low-income students will be identified by eligibility for the federal lunch program. Approximately 97% at Alliance Leadership Middle Academy have qualified for this program in the past few years. As such, the overwhelming majority of all students enrolled at Alliance Leadership Middle Academy meet this subgroup identification. Our school program is designed to meet their needs. We believe all students can learn at high levels regardless of economic status.

Alliance Leadership Middle Academy has structured advisory groups for students. Through the building of relationships, advisors are able to request more personalized services to support the individual's student's success academically, socially, and personally. Student support services vary based on student need. Needs are identified and progress is monitored through the SST model and based on disaggregated performance data. When we track performance data we disaggregate data by subgroup to insure that all subgroups are making progress and that appropriate interventions are provided. We do not believe that a student's socioeconomic status should limit their capacity to learn at high levels. Specific interventions to support the needs of these students may include:

- After school support they do not have access to at home
- Role models from industry partners and volunteers who are represent careers and college backgrounds they would not otherwise see or hear about at home
- Support for the parents through parenting classes where poverty impacts home support
- Provide tours to college/university campuses

Attention is also given to ensure that each student receives nutritious meals and is assisted with accessing health care and other resources if needed. A uniform is provided at no cost for students (and assistance will be provided for subsequent uniforms if necessary. Parents and guardians are also supported through parent workshops held throughout the year.

Students with Disabilities

Please refer to the District Required Language included at the beginning of Element 1.

Students in Other Subgroups

Foster youth, and related subgroups such as homeless students, are identified by school personnel through the registration and enrollment process, and supported through coordinated activities with other entities/agencies. Once students have been identified, students will be indicated in PowerSchool, and the Alliance Home Office will work with the school staff (usually the School Operations Manager) to locate additional support services on a case-by-case basis. The students will be provided with tutoring, counseling, transportation and coordination of services as needed to best meet their individual needs using the COST Process (Coordination of Services Team) made up of an administrator, counselors, school psychologist, and other certificated personnel as relevant. A quarterly evaluation of academic performance for all students in this subgroup will be implemented by the administration and counselor to assess the level of response to services, and adjustments to curriculum will be made as necessary to nurture a positive environment.

“A Typical Day at Alliance Leadership Middle Academy”

A visitor to our school would observe our core beliefs and values in practice on a typical day by “shadowing” any randomly selected student.

Students will arrive between 7:30 and 7:55 a.m. to the campus. Monday –Thursday 6th grade students wear their burgundy polo shirt and black pants, shorts, or skirt. 7th grade students wear a heather grey polo shirt and black pants, shorts or skirt. 8th grade students wear dark navy polo shirts and black pants, shorts or skirt. On Friday, *all* students can wear a college t-shirt and black pants, shorts, or skirt. Most students will walk to school from close by neighborhoods and some who will be dropped off by parents or the city bus. School personnel and teachers will greet students as they arrive. Students will gather on campus and mingle in a safe, calm, welcoming atmosphere that reflects the diversity of the community.

On regular schedule days, students will be seated in their classrooms ready to begin their Advisory period by 8:00 a.m. Their Advisory teacher and a small group of 20 to 25 fellow students, welcome them. Advisory will focus on personal awareness, academic goals, anti-bullying and college readiness. The Advisory will serve as the students’ home base, with a consistent teacher and group of students for the whole year, so that students are connected with a consistent adult and group of grade level peers for guidance with studies, relationships, and planning for future academic success.

Sixth grade students will begin the first of three two-hour block periods per day following the Advisory period. Seventh and eighth grade students will begin the first of three two-hour block periods per day following a 15-minute nutrition period after Advisory. Students will learn in academic classes with an average class size of 25-30 students that are small enough to ensure that each student receives individual attention. Students will begin work immediately upon entering each classroom. Meanwhile, daily attendance information will be sent to the office via Pinnacle and parents of students who are absent or tardy will be called.

The emphasis in core classes will be on rigorous, Common Core Standards-based instruction with high expectations for all students. Teachers will engage students in understanding exactly what they must know and be able to do to complete proficient, college-ready work around grade level standards. Students will be actively engaged in their learning. Teachers will define clear expectations and analyze real-time performance data with students so that they are self-directed in knowing how *good* is “good enough” as well as what it takes to improve their performance. Teachers will provide direct instruction and facilitate student learning using a variety of instructional materials and resources including digital content, adaptive learning software, and extended collaborative projects. Courses offered will include academic electives that provide intervention to accelerate learning for students performing below proficient levels and enrichment for students performing at proficient and advanced levels. Courses will also include Honors classes as well.

No learning time is ever wasted at Alliance Leadership Middle Academy. Students carry their iPad throughout the day, and online coursework is available to students on-demand, so that learning can happen anytime, anywhere.

All students will have a 15-minute nutrition break and a 30-minute lunch period during the day. The day will conclude with students checking into Advisory a second time to return their iPads and debrief their school day. Students performing below or far below proficient levels based on quarterly interim assessments and teacher assessments will receive individual tutoring after

school and will have necessary access to technology during that time. Extracurricular activities after school will include school specific clubs such as Student Technology Leaders, Cheerleading, Sports, Soccer, Music Production, Dance, Baking, Cooking and Associated Student Body/Leadership.

Any student interviewed will proudly tell visitors, “I’m getting ready for college today.” They are likely to be the first in their family to have the expectation and the opportunity to attend a 4-year college or university.

ELEMENT 2: Measurable Pupil Outcomes and ELEMENT 3: Method by which Pupil Progress Toward Outcomes will be Measured

“The measurable pupil outcomes identified for use by the charter school. “Pupil outcomes,” for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school’s educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all groups of pupils served by the charter school, as that term is defined in subparagraph (B) of paragraph (3) of subdivision (a) of Section 47607. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, or the nature of the program operated, by the charter school.” (Ed. Code § 47605(b)(5)(B).)

“The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.” (Ed. Code § 47605(b)(5)(C).)

MEASURABLE GOALS OF THE EDUCATIONAL PROGRAM

Charter School shall meet all statewide content and performance standards and targets. (Ed. Code §§ 47605(c)(1), 60605.)

Charter School shall comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula) and AB 484 (2013), as they may be amended from time to time, including all requirements pertaining to pupil outcomes.

STANDARDIZED TESTING

Charter School agrees to comply with state requirements for participation and administration of all state-mandated tests, including computer-based assessments. Charter School shall submit and maintain complete, accurate, and up-to-date California Longitudinal Pupil Achievement Data System (CALPADS) data in accordance with the requirements of California Code of Regulations, title 5, section 861. Charter School hereby grants authority to the State of California to provide a copy of all test results directly to the District as well as Charter School. Upon request, Charter School shall submit, in the requested format (e.g., CD), a copy of the results of all state-mandated tests to the District.

Measurable Goals of the Educational Program

Alliance Leadership Middle Academy is committed to providing a consistent educational environment and experience for students that prepares them with the skills, experience, and knowledge to enter and succeed in college.

Annual goals set as a means of achieving this objective are outlined in the school’s Local Control and Accountability Plan (LCAP). For further information on these goals, actions and performance targets, please see the LCFF State Priorities table provided in Element 1.

Measurable Pupil Outcomes: Summative Assessment Performance Targets

Performance Targets Aligned to State Priorities

Specific Performance Targets for all pupils and for each subgroup - please see the LCFF State Priorities table provided in Element 1.

Other Performance Targets

For all other measurable goals, please see the LCFF State Priorities table provided in Element 1.

Method for Measuring Pupil Progress Toward Outcomes: Formative Assessment

Assessments are a foundational component of the teaching and learning process. To ensure that all students have access to the learning experiences necessary for college persistence and career success, ALMA will employ high-quality, purposeful, actionable and strategically-sequenced assessments for learning and of learning.

Using the Common Core and CA Standards where applicable, Alliance Leadership Middle Academy has clearly defined what students should know in each core subject at each grade/course level. We will monitor the progress of all subgroups against target goals by disaggregating data for all assessments and grades through Illuminate, Schoolzilla and PowerSchool, our student information systems.

Up to three times a year in English, Mathematics and Science, ALMA implements standards aligned interim assessments. These assessments are built by the Home Office Academic Team in partnership with outside assessment vendors, and are aligned to the Common Core and NGSS standards. The interims are built off of the assessment blueprints and item specifications for Smarter Balanced and the released items from the yet-to-be operational new California Science Assessment (CAST). Data from each interim is immediately available to ALMA staff and broken down at the student, item and standard level. Data is then used to identify common misconceptions and student supports. After each interim, teachers use the data to re-teach standards through daily instruction. The expectation is that students will improve in their mastery of standards over the course of the year to best position them to fully meet the performance expectations of Smarter Balance.

Below is the current list of assessments used to monitor student progress towards college and career readiness standards. These assessments are subject to pending any changes in state-mandated assessments.

ASSESSMENT TYPE	FREQUENCY	GRADES/CONTENT	DESCRIPTION
Interim Assessments	3x per year	All grades, ELA, math, science	Interim Assessments at Alliance align to the standards covered and suggested pacing in each grade/content. These assessments are aligned with the CCSS and SBAC and provide important information to teachers for planning, instruction and supports for students. Alliance's Interim Assessment Inventory includes both assessments that are unique to Alliance
Lexile Level-Set Assessment	3x per year	All grades	Achieve 3000 Level-Set assessments measures students progress and performance on reading comprehension skills.
Smarter Balanced Summative Assessments	1x per year	Grades 6-8, ELA and Math	The Smarter Balanced Summative Assessments are comprehensive end of year assessments in English language arts/literacy (ELA) and Math that are aligned with the Common Core State Standards (CCSS) for English language arts/literacy (ELA) Mathematics.
California Adaptive Assessment (CAA)	1x per year	All grades, identified students only	Students with cognitive disabilities take the CAA Instead of the Smarter Balanced Summative Assessment. This test is modified to appropriately assess the ELA/Literacy and mathematics progress and performance of specific students designated to engage in a modified curriculum as specified in their IEP.
California Science Assessment Test (CAST)	1x per year	Grade 8	CA NGSS Summative assessment. Administered in the spring for grades 8

English Language Proficiency Assessments for California (ELPAC)	Initial and Annual; varies by student	All grades, English learners	The ELPAC measures provides both initial and annual assessment of an English Learner's proficiency in Reading, Writing, Listening and Speaking. This test will replace the CELDT after the fall of 2017 and will be the main assessment tool used to measure growth and progress for reclassification.
Physical Education Test	1x per year	Grades 7	Students in grades 7 participate in this State required assessment on basic components of CA Physical Education Standards.

* All grade levels unless otherwise designated

Alliance Leadership Middle Academy tests independently of LAUSD. Assessments and standardized testing of students with disabilities is conducted using state and District guidelines for modifications and adaptations.

The assessment structure includes, in addition to other standards-based and performance-based assessment tools, comprehensive final exams in each of the core academic subjects, quizzes and tests, homework assignments, essays and research reports, and teacher evaluation of in class performance. These measurements are weighted and combined into a comprehensive educational program assessment to determine student achievement and promotion to the next grade level. The aggregate results are issued as a report card to the community evaluating the measurable goals and terms outlined in the charter.

Alliance interim benchmark assessments are administered online in order to prepare students for SBAC online assessments and represent the level of rigor required for students to meet the proficiency level (3 or 4) as measured on Smarter Balanced assessments. Every student has an SBAC ready computing device.

Data Analysis and Reporting

Ongoing data gathering and analysis guides and informs decisions for determining successful progress or the need for program adjustments. School staff and the school's governing board work collaboratively to analyze data and discuss ways to improve student performance throughout the year. Below is a sample of data gathered and its use.

Type of Data Gathered:	Role & Use of Data	Frequency
Formal and informal classroom observations	To measure effectiveness of instruction. Data is used to inform professional development needs and provide teachers with actionable feedback. Data from observations is individually shared with teachers	Every other week
Classroom curriculum and instruction walk-throughs	To measure the degree of and consistency with which grade appropriate standards based instruction is taking place. Data is used to identify trends to inform professional development and share best practices.	Multiple times a month
Student data and work analysis	To identify student misunderstandings and misconceptions. Data is used to adjust unit and lesson plans and regularly discussed at staff meetings, department meetings, and/or individual meetings with teachers	Ongoing as part of professional development; following each interim assessment cycle
Analyzing the results of network and/or state assessments	To measure the degree to which students meet state and/or network expectations for proficiency. Data is used by staff to adjust instruction, intervention and the overall instructional program. Data is shared with the school's governing board	Varies depending on assessment
Analyzing the results of parent and student surveys	To measure the degree to which parents and students are satisfied that our school is meeting their needs and addressing the goals of our charter.	Annual

Data gathered is used to measure progress towards stated goals and to determine the effectiveness of our instructional program. Multiple opportunities for data analysis are available at Alliance Leadership Middle Academy including the following:

- Regular assessments and common planning time provides consistent opportunities for teachers to work together to analyze student work and share classroom practices as they relate to student achievement.
- Programs used to support blended learning provide regular real-time performance data that teachers can use to structure classroom rotations, differentiate individual and group tasks, and provide more adapted options for students to demonstrate their learning.
- Professional development provides opportunities for teachers and school leaders – both within their school and across the Alliance Network of schools - to work with each other and with the Alliance Academic Team to analyze data on a school, classroom and individual student basis.

At each level, data informs our decisions regarding the need to continue, modify, improve, add to or discontinue instructional strategies to best meet the needs of our students and provide the necessary supports to help accelerate their progress.

At each level, data informs our decisions regarding the need to continue, modify, improve, add to or discontinue instructional strategies to best meet the needs of our students and provide the necessary supports to help accelerate their progress. Furthermore, data is regularly shared with stakeholders throughout the year to inform them of school performance.

Grading, Progress Reporting, and Promotion/Retention

Alliance Leadership Middle Academy issues student progress reports every ten weeks based on student proficiency on grade level/subject standards and expectations designated for the quarter. The student progress report is based on multiple measures including teacher assessments, portfolio/exhibits, and specific assessments to quantify student performance. Student progress reports reflect their progress towards advanced, proficient, basic or below proficient performance. Formative and summative assignments and assessments are used to determine student performance.

Student course grades are A, B, C or NP (Not Proficient). Student reports are issued and recorded through our data system. Parents of students performing below/far below proficient performance participate in a scheduled parent conference to discuss the parents' and the teachers' plan to improve their child's performance. Teachers and advisors meet together to analyze these reports and to make necessary adjustments in the program being offered to students who are showing a lack of progress.

Promotion and Retention of Students

Alliance Leadership Middle Academy is committed to helping students achieve the necessary skills to progress from grade to grade yearly and does not endorse social promotion. Because of the linguistic and socioeconomic barriers this student population may have faced, readiness to move to the next grade level is examined on an individual basis. Each student is assessed individually according to his/her total needs.

Alliance Leadership Middle Academy has clearly defined expectations for what students should know and be able to do at each grade level in each subject in an effort to equip all students with the academic skills that enable them to be ready for entrance to and success in college. Promotion and retention of students is based on multiple assessment measures to determine if the student is advanced, proficient, partially proficient, or not proficient. Assessment measures include the student progress report, degree of proficiency and teacher recommendations. Students whose average rubric score classification is "not proficient" on the final student progress report for the academic year are eligible for retention.

The principal or administrative designee, in conjunction with school teaching and counseling staff, prepares a written determination to specify the reasons for retention. The written determination includes recommendations for interventions that are necessary to assist the student to attain acceptable levels of academic achievement. The written determination is provided to and discussed in a meeting with the student's parents/guardians, teachers, and principal.

Students identified for retention will work closely with the counselor and are encouraged to participate in a remediation program that includes after-school activities, tutoring, and summer school. All students are also provided additional in-class support, which ensures that students who cannot participate outside of school hours are also supported. The student's academic performance is reassessed at the end of the remediation program, and the decision to retain or promote the student is reevaluated at that time.

Appeals Process for Retention

The retention of a student is at the discretion of the principal or administrative designee. Parent/guardians shall be notified in advance of the enactment of the retention and can appeal a student's retention. A retention appeal shall be submitted in writing to the school's Alliance Home Office designated support team, and shall be heard if requested within five (5) school days of the notification of retention by the school. Upon consideration, the support team's decision shall be final. The decision regarding the appeal will be made within five (5) school days of the appeal submission to the support team. Parents/guardians will be notified of the decision in writing within three (3) school days following the decision.

Public Operating Principles

Alliance Leadership Middle Academy (referred to in this element as “Charter School”) is incorporated as a nonprofit corporation and such corporation is the corporate entity operating the Charter School. Charter School constitutes one of several nonprofit corporations associated with Alliance College-Ready Public Schools (“Alliance”), a charter management organization. Alliance provides fundraising and other support of the charter schools associated with it, which includes but is not limited to Charter School. Alliance, to achieve economies of scale, also provides back-office support to Charter School through a services contract. See discussion under “Business and Operations Assistance” below. The administrative services agreement and associated transactions between the Charter School and Alliance are deemed to be permissible related party transactions, made in a manner equivalent to arm’s length.

Alliance

Alliance, itself a nonprofit corporation, is submitting this renewal petition on behalf of Charter School. Alliance has assembled an impressive leadership team that has a clear vision and experience in launching and managing new schools, as well as critical operational and financial expertise.

Charter School

Charter School is an independent nonprofit public benefit corporation. Alliance is the statutory member of the corporation. Its role as statutory member in the organization is limited to the authority of a member under the California Corporations Code. In that regard, the Alliance Board appoints five of the members of the School Board of Directors. The affairs of Charter School, however, are managed and its powers are exercised solely under the authority of the School Board of Directors, whose ultimate responsibility for key operational matters include but are not limited to: (1) the selection, hiring, compensation, supervision and evaluation of the Charter School’s principal; (2) the governance and operation of Charter School in compliance with applicable law and the Charter; and (3) Charter School’s financial management, viability, and accountability, including but not limited to expenditures and accounting of all public funds received by the Charter School.

Charter School operates under the charter authorization of Los Angeles Unified School District. Charter School abides by the current published, communicated and defined LAUSD policy for charter schools. Charter School is and will be solely responsible for the debts and obligations of Charter School.

School Board of Directors

The nine directors of the School Board of Directors include five members selected by Alliance College-Ready Public Schools, two teachers and two parents of Charter School students. The school principal recommends teacher and parent nominees, and membership is subject to confirmation by the members of the School Board of Directors. LAUSD reserves the right to appoint a single representative to serve on the Board. The School Board of Directors meets quarterly, operating in accordance with the Brown Act, its Articles of Incorporation and its Bylaws.

Each director selected and confirmed shall serve a two-year term. A director designated by a school district shall serve for such term of office as is specified by the school district. The Alliance Board considerations and qualifications for appointing 5 members includes: candidate commitment to participate in no fewer than 75% of school board meetings; candidate knowledge

of effective organizations and fiscal systems; candidate commitment to visit and be knowledgeable of Alliance schools; candidate background and experience as a successful leader of a school, company or other organization.

The Charter School will abide by all conflict of interest laws applicable to charter schools.

The School Board of Directors of Charter School, the Charter School administrative staff, and their respective representatives are responsible for all aspects of the day-to-day operations of Charter School, including, but not limited to, making necessary provisions for accounting, budgeting, payroll, purchasing, liability, insurance, and the like. In accordance with California law applicable to nonprofit public benefit corporations, some of the responsibilities of the Charter School Board may be delegated to committees of the Board or officers of the corporation.

A quorum of the School Board of Directors for the transaction of business requires a simple majority of board members present in accordance with the Brown Act. All board voting action is taken by roll call vote. An act or decision made by majority vote of the directors then in office at a meeting duly held at which a quorum is present is the act of the Board, unless a different number, or the same number after disqualifying one or more directors from voting, is required by law, by the Articles of Incorporation, or by the Bylaws, including but not limited to those provisions relating to (i) approval of contracts or transactions in which a director has a direct or indirect material financial interest, (ii) appointment of committees, and (iii) indemnification of directors.⁷

The School Board of Directors may elect to use teleconferencing in connection with any meeting of the Board. If the Board elects to use teleconferencing, it shall post agendas at all teleconference locations and conduct teleconference meetings in a manner compliant with the Brown Act. Each teleconference location shall be identified in the notice and agenda of the meeting or proceeding, and each teleconference location shall be accessible to the public. The agenda shall provide an opportunity for members of the public to address the Board directly at each teleconference location. During the teleconference, at least a quorum of the members of the Board shall participate from locations within the boundaries of the Los Angeles Unified School District. Participation in a meeting through use of teleconferencing pursuant to this subsection constitutes presence in person at that meeting as long as all members participating in the meeting are able to hear one another. All votes taken during a teleconferenced meeting shall be by roll call. Any abstention from a board vote will be noted in the board minutes. For the purposes of this subsection (i), "teleconference" means a meeting of the Board, the members of which are in different locations, connected by electronic means, through either audio or video, or both. Nothing in this subsection shall prohibit the corporation from providing the public with additional teleconference locations.

The School Board of Directors is responsible for providing fiscal accountability by approving and monitoring the budget, which is initially reviewed and provided to the charter school board by the Charter School staff and Alliance as the back-office provider. The School Board of Directors helps ensure effective organizational planning by approving long-range goals and annual objectives, monitoring the general policies including but not limited to: compliance mandates, health and safety, use and maintenance of facilities, and overseeing that Charter School resources are managed effectively. The day-to-day operations and management of Charter

⁷ To clarify, any such approval must otherwise be consistent with all applicable conflict of interest and ethics requirements.

School are provided by the officers of the corporation, management staff responsible for school services and supervision and the administrative staff of Charter School.

The teachers who serve on the School Board of Directors are required to annually sign a statement acknowledging any conflicts of interest. They are required to recuse themselves from any discussion or voting that has any impact on their compensation or benefits.

The LAUSD representative, if LAUSD opts to exercise its statutory right to have a representative on the board, has the opportunity to facilitate communications and mutual understanding between Charter School and LAUSD. As the entity with ultimate oversight responsibility, LAUSD is provided with an annual programmatic and fiscal audit. The programmatic audit includes a summary of major decisions and policies established by the School Board of Directors during the year. The annual audit abides by current audit guidelines established by the State of California for K-12 public schools.

Charter School has provided the LAUSD Charter Office with a copy of the articles of incorporation, bylaws and names of board members of Charter School. Any changes made to these documents that materially alter the charter must first be approved through the District's charter amendment process in order to be effective.

Charter School complies with the Brown Act. The school posts its Board of Directors schedule of quarterly meetings; it posts notices and agendas of regular meetings at least 72 hours in advance; and it records and posts actions of the Board. Postings occur by email and in a visible location in the Charter School office as well as on the Charter School's website in English and Spanish or other dominant language as needed by the community served. Charter School maintains for its Board a record book of meeting agendas and minutes. Agendas and minutes are provided in English and Spanish. For easier access, Charter School posts the agendas and minutes on its website. The law requires no less than one meeting annually; however, the School Board of Directors meets at least quarterly to conduct business plus special meetings,. All meetings of the Charter School Board are open to the public, excluding closed sessions as permitted by the Brown Act.

Grievance Procedure for Parents and Students

Charter School will implement the following:

1. Designate one certificated person to coordinate compliance with federal laws, specifically, Title IX and Section 504.
2. Adopt and publicize its internal grievance procedures.
3. Notify parents, students, and employees of its nondiscrimination policy.

Charter School will adopt and publish grievance procedures providing for prompt and equitable resolution of student and employee complaints alleging any action which would be prohibited by Title IX, or Section 504.

Charter School will implement specific and continuing steps to notify applicants for admission and employment, students and parents of elementary and secondary school students, employees, sources of referral of applicants for admission and employment, and all unions or professional organizations holding collective bargaining or professional agreements with the District, that it does not discriminate on the basis of sex or mental or physical disability in the educational program or activity which it operates, and that it is required by Title IX and Section 504 not to discriminate in such a manner.

School Coordinating Council

The School Coordinating Council (SCC) with a membership of 10 to 20 stakeholders representing various groups, will be an advisory body to the Principal on the management of the school, including, but not limited to, school policies, the academic performance, and annual development of the LCAP and the budget. This council shall be composed of a majority of teacher and parent members, and include a classified employee and certificated administrator. The School Coordinating Council (SCC) will help guide the decisions that best serve the families. Based on suggestions and recommendations from the Coordinating Council, the Principal will reflect this feedback in their decisions and operations. The Coordinating Council will meet at the school site a minimum of four times per year. Should topics or recommendations warrant a discussion with the School Board of Directors, directors will attend SCC meetings. The SCC will strive to create a collaborative and transparent decision making process that includes the input all stakeholder groups. The School Board of Directors shall have final authority on all school related matters.

Parent/Community Town Hall Meetings

Approximately once a month, Charter School holds meetings in a Town Hall Meeting format that all parents, community and staff members are welcome to attend. Topics for discussion or presentation include school-wide topics of interest related to achieving the goals of Charter School and its students. Meetings are generally attended by the principal and administrative staff of Charter School and, if the subjects to be discussed warrant it, members of the Charter School Board.

The school also maintains a website to keep parents and members of the community abreast of its events. All meetings are calendared in advance, with the goal of engaging all parents.

Business and Operations Assistance

Alliance provides for Charter School certain back-office services, including budgeting/forecasting, accounts set up (insurance, benefits, attendance tracking), payroll, compliance, required reporting, vendor management and select service vendor contract negotiations, and purchasing. Alliance also provides oversight and monitors adherence to the Charter School's fiscal policies and any applicable law. The Los Angeles County Office of Education (LACOE) receives and forwards public funds for Charter School directly to the school's operating account. Alliance maintains separate financial records for Charter School and assures that all accounting complies with generally accepted accounting principles.

Parent Engagement

Parents have a right to choose to send their children to excellent high-performing schools and have a right and the responsibility to participate actively in insuring the success of their child and the school. Charter School understands the importance of active parent involvement in the education of their children.

Parents of Charter School students are meaningfully and actively engaged in their children's education. Parents are responsible and accountable for supporting their children's learning at school and at home through their participation in understanding what it takes for children to achieve college-readiness, and by their active voice in achieving the goals of the school through volunteering. At Charter School, it is anticipated that:

- Parents are actively engaged as members of the ongoing School Coordinating Council.
- Parents of participating Title 1 students participate in an Annual Charter School Title 1 meeting. Charter School applied for and obtained the status Schoolwide Program.
- Parents are guaranteed access to the school, school leaders and classroom teachers to support their children's education.
- After the enrollment of a student, each parent and each student meet with the principal.
- Parents are provided multiple opportunities to develop awareness of college readiness benchmarks and what their children must achieve to be successful. Parents are supported in their participation in monitoring their child's individual learning plan towards college readiness.
- Parents are encouraged to participate in a minimum of four Parent Education Academies each year.
- Each parent, their child and school leadership participate in annually developing and signing a Parent/Student/School Compact acknowledging their understanding, responsibility and commitment to support student learning and the academic goals of Charter School.
- Parents are encouraged to accept responsibility and accountability for committing to support the school and to participate as parent mentors.

While we strongly encourage parents and guardians to engage in supporting the school, parent/guardian participation is not required and has no effect on a student's enrollment, grades, credits or ability to graduate.

Community Engagement

Charter School also understands that if Charter School is to be effective, it must be part of the community. To that end, the school employs a Parent Engagement Specialist (PES). The Parent Engagement Specialist collaborates with the principal to support him or her in representing the interests of the community.

- Community resources, such as parks, libraries, athletic and classroom facilities are part of the Charter School. Charter School believes that by using community facilities, it becomes an integral member of the community in which it is located.

Charter School shall not request or require submission of a student's IEP, Section 504 Plan, or any other record or related information prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment.

Admission Requirements

Each student interested in enrolling at Alliance Leadership Middle Academy must be a resident of California and submit an application form to the school. If the number of interested students exceeds the number of seats available by the application deadline, admittance shall be determined by a public random drawing.

Student Recruitment

The intent of Alliance Leadership Middle Academy is to serve students living in and attending schools within a 4-mile radius of the campus. As such, the school's marketing efforts will be targeted to students residing in the community or attending schools in the community served, which includes primarily students within LAUSD.

Neighboring schools and communities targeted include, but are not limited to the communities served by the following District schools:

Horace Mann Middle School
John Muir Middle School
Audubon Middle School

During the lottery, the following preferences shall be extended:

- Siblings currently attending Alliance Leadership Middle Academy. (Siblings must share at least one biological parent or legal guardian.)
- Students living within the boundaries of the Los Angeles Unified School District.

In an effort to keep families together, in situations where siblings apply to Alliance Leadership Middle Academy together and they do not have any other siblings currently attending Alliance Leadership Middle Academy, if one of the children gains admission, he/she will automatically be considered a currently enrolled student and lottery preferences would apply.

Application Form

Each student interested in enrolling at an Alliance school must submit an application form to the school before the application deadline. There must be one application for each child. Applications received after the deadline shall be placed on the waitlist in the order they are received.

Open Enrollment Period

The open enrollment period for the upcoming school year will start at the beginning of October of the current school year and last until the lottery takes place (as needed), and no later than May 30. Parents/guardians of students who submitted applications and interested parties will be provided information about the timeline and procedures to be followed during the open enrollment and lottery process upon request. This information will be made available verbally, online and in print form.

Lottery Procedures

The lottery will be held on Alliance Leadership Middle Academy's campus unless a larger venue is required. If needed, the lottery will take place on a weekday afternoon or evening or during the weekend to help ensure all interested parties can attend. The specific date, time and location will be determined one week following the application due date, and will be communicated to families and interested parties. Lottery procedures will be followed and related materials will be made available upon request. Interested parties are welcome to observe the random public drawing should one be necessary.

If the number of applicants exceeds the number of available seats on the application due date, a lottery will be hosted and the applicants will be randomly drawn to fill the available seats. The lottery will follow the school's lottery preferences. Applicants that are not accepted during the lottery will be placed on the waitlist in the order their names are drawn. All applications and a record of the order in which they are drawn will be kept on file at the school. The school may choose to conduct the lottery using an online enrollment system. The online enrollment system allows families to apply online and allows the school to run the lottery using a secure computer algorithm so that rules and lottery preferences are followed every time and families can be assured of an equitable process.

After the acceptance list is set, a waitlist shall be created and maintained. Should vacancies occur, admission will be offered to applicants on the waitlist in the order their names appear. The school can utilize the online enrollment system to manage the waitlist to ensure seats are offered to students in the order they appear on the waitlist.

Communication

The acceptance and waitlists will be made available following the lottery (if needed) and upon request. Parents/guardians of applicants on the enrollment list and waitlist will be contacted by designated school office staff via phone and/or in writing. Multiple communications on different days will be attempted. Communication attempts will be logged by school staff.

Parents/guardians of applicants will have 10 school days from initial contact to respond to the designated contact person. The parents can respond via phone, in writing or by accepting the seat through the online enrollment system. If parents do not respond within the timeline, the applicant will be removed from the waitlist and the next applicant's parents/guardians on the waitlist will be contacted.

Transportation

Transportation will be the responsibility of families who choose to attend Alliance Leadership Middle Academy. The school will not provide transportation for students from home-to-school or school-to-home, except in instances of compliance with the Americans with Disabilities Act, the McKinney-Vento Act or the Individuals with Disabilities Education Act ("IDEA") with regards to providing transportation to eligible students.

As per the Administrative Services Agreement with the Alliance College-Ready Public Schools (CMO), the Chief Business Officer, in coordination with the CMO Audit Committee, is responsible for the selection of a qualified independent auditor to conduct the required annual financial audit. The selection process will include confirmation that any recommended firm be on the State Controller’s list of approved auditors to conduct charter school audits. The School Board of Directors considers a resolution annually providing the Audit Committee the authority to select the financial auditor. The auditor is retained by the CMO accounting team, led by its Controller and Chief Business Officer, to coordinate the completion of an annual audit of the school’s financial books and records. This audit will be conducted in accordance with the applicable Generally Accepted Accounting Principles. To the extent required by law, the scope of this audit will be expanded to include any relevant items or processes identified by the Office Management and Budget such as Circular A-133. All audit services are handled centrally by the CMO Accounting Team, as per the school’s Administrative Services Agreement with the Alliance College-Ready Public Schools.

Any deficiencies, findings, material weaknesses, or audit exceptions are reported to ACRPS's Audit Committee. The CMO Accounting Team, led by its Controller, will work with the school's leadership and School Board of Directors, to immediately develop and implement a corrective action plan. Any such exception, as well as the corrective action plan, will be reviewed at the December School Board of Directors meeting.

The CMO Controller ensures that the auditor sends the completed audit to the required agencies by the statutory deadline. As per relevant requirements, the school's audit is submitted to the State Controller, County Office of Education, California Department of Education and LAUSD.

As outlined in prior sections, the Alliance CMO provides specific back-office services to the school, including budgeting/forecasting, accounts set up (insurance, benefits, attendance tracking), payroll, compliance, required reporting, service vendor contract negotiations and management, and purchasing. The CMO also provides oversight and monitors adherence by the School Board of Directors to the charter process and any applicable law. If a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education programs and services at an appropriate interim educational placement determined in coordination with the LAUSD Division of Special Education.

As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District's Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, Charter School's administrator will convene a Link Determination meeting to ask the following two questions:

- A. Was the misconduct caused by, or directly and substantially related to the student's disability?
- B. Was the misconduct a direct result of the Charter School's failure to implement Section 504?

NOTIFICATION OF THE DISTRICT

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the superintendent of the student’s district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

OUTCOME DATA

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request.

REHABILITATION PLANS

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School’s governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

READMISSION

Charter School's governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School's governing board shall readmit the pupil, unless Charter School's governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

REINSTATEMENT

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

GUN-FREE SCHOOLS ACT

Charter School shall comply with the federal Gun-Free Schools Act.

School Culture & Climate

Alliance Leadership believes in a student discipline philosophy that is progressive in nature, but also emphasizes positive behavior supports to provide students with supports and opportunities to improve. Positive behavior supports will be provided as part of this progressive discipline policy. These include, but are not limited to: positive recognition, increased family and community collaboration, acknowledgement and reinforcement of appropriate behavior, clear definition of expectations, team-based implementation, and data-based decision making. Additionally, we utilize the online behavior management system Kickboard as a way to track students positive and negative behaviors. Students are able to earn Kickboard scholar dollars to be used for school activities and to shop in the student store.

Alliance Leadership Scholars are held accountable and to a very high bar with regard to behavioral expectations. The following:

- Following all rules of behavior and conduct set by the classroom teacher
- Respecting fellow students and school personnel.
- Attending classes regularly and on time.
- Completing all assigned work (to the best of the student's ability).
- Being prepared for class (bringing materials such as books, homework, etc.).
- Respecting the property of the school and others.
- Keeping the campus clean.

Since 2015, we have sought to maintain positive pupil engagement by reducing suspensions and expulsions. Our chief focus has been the implementation of positive behavioral interventions and supports (PBIS). Our program has shown positive impact by reducing our expulsions to zero and keeping our suspension rate below 1%.

The Student Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well-being of all students at Alliance Leadership Middle Academy. Although the Charter School is exempt from Education Code section 48900 et seq., the policy, procedures and grounds for suspension/expulsion are based on Education Code 48900 et seq. As required by the Modified Consent Decree (MCD), Alliance schools also follow the District's Discipline Foundation Policy, including the school-wide positive behavior supports, alternatives to suspension, and restorative justice.

Alliance Leadership Middle Academy develops, maintains, and implements a comprehensive student discipline policy. The discipline policy is not biased or discriminatory, and follows the principles of due process. In the case of a student who has an IEP, or a student who has a 504 Plan, the school will ensure that it follows the correct disciplinary procedures to comply with the mandates of applicable state and federal laws.

By signing the school's Parent/Student/Staff Handbook, students and parents acknowledge their understanding of and their responsibility to the standards set forth in this handbook and in the discipline policy. The discipline policy will define student responsibilities, unacceptable behavior, and the consequences for noncompliance.

Code of Conduct

Student responsibilities include, but are not limited to:

- Following all rules of behavior and conduct set by the classroom teacher and contained within this policy.
- Respecting fellow students and school personnel.
- Attending classes regularly and on time.
- Completing all assigned work (to the best of the student's ability).
- Being prepared for class (bringing materials such as books, homework, etc.).
- Participating in all assessment measures (e.g., tests).
- Respecting the property of the school and others.
- Keeping the campus clean.
- Wearing the school uniform. One school uniform shall be provided to each student per school year at no cost.

Alliance Leadership Middle Academy believes in a student discipline philosophy that is progressive in nature, but also emphasizes positive behavior supports to provide students with opportunities to improve. These include, but are not limited to: positive recognition, restorative practices, increased family and community collaboration, acknowledgement and reinforcement of appropriate behavior, clear definition of expectations, team-based implementation, and data-based decision making.

Students who violate the school rules are subject to, but not limited to the following progressive actions:

- Verbal warning
- Phone call to parent/guardian
- Loss of privileges (e.g. attending afterschool activities, interscholastic sports, special non-instructional activities held during the school day, one-to-one assigned technology)
- Detention
- Conference with student and parent/guardian
- Suspension

- Expulsion

Suspended students and students in in-school suspension shall be excluded from participating in all school and school-related activities unless otherwise agreed upon by the principal or administrative designee (e.g., assistant principal) and the parent/guardian during the period of suspension. The maximum number of days for out-of-school or in-school suspensions will not exceed five (5) school days per incident and twenty (20) school days in one academic year. .

Expelled students shall be excluded from participating in all school and school-related activities.

The offenses noted above are annotated excerpts from Education Code Section 48900. The school will use the above referenced grounds and procedures in determining suspension and expulsion.

Not Causes for Suspension/Expulsion

The Alliance Leadership Middle Academy policy prohibits suspension and expulsion from being used as corrective measures in response to student misconduct of willful defiance as described in Education Code section 48900(k).

Suspension Procedures

Rules and Procedures

Suspension is preceded by a conference conducted by the principal or administrative designee with the student and the student's parent/guardian. The conference may be omitted if the administrative staff determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If the student is suspended without a conference, the parent/guardian is notified of the suspension, a request for a conference is to be made as soon as possible, and the conference is to be held as soon as possible.

Notice to Parents/Guardians

At the time of suspension, the principal or administrative designee makes a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student. In addition, the notice shall also state the date and time the student may return to school. The principal or administrative designee shall request to confer with the parent/guardian regarding matters pertinent to the suspension; parents/guardians are strongly encouraged to respond without delay as student violations of school rules may result in student expulsion from the school.

Length of Suspension

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. During the term of the suspension, Alliance Leadership Middle Academy shall provide the student with meaningful access to education. Missed assignments can be accessed virtually through class websites or arranged for pick-up or delivery with the parent/guardian. The student shall also be given the opportunity to take make-up tests if they were missed during the term of the suspension.

Upon a recommendation of expulsion by the principal or administrative designee, the pupil and the pupil's guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the principal or administrative designee upon either of the following: 1) the pupil's presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending

the results of an expulsion hearing. Students who receive an extended suspension may be offered an interim placement at another LAUSD school, another Alliance school, or coursework from the attending school. Students shall not be suspended for more than a total of twenty (20) school days in a school year, unless a suspension has been extended pending an expulsion hearing.

Suspension Appeals

The suspension of a student is at the discretion of the principal or administrative designee. Parents/guardians shall be notified in advance of the enactment of the suspension and can appeal a student's suspension. A suspension appeal shall be submitted in writing to the Alliance Home Office Chief Schools Officer, and shall be heard if requested within five (5) school days of the notification of suspension by the principal or administrative designee. Upon consideration, the Chief Schools Officer's decision shall be final. The student shall be considered suspended until a meeting is convened to hear the appeal. The decision regarding the appeal will be made within one (1) school day of the appeal hearing. Parents/guardians will be notified of the decision in writing within three (3) school days. For students who are recommended for expulsion, any appeal of the suspension will be considered concurrently with the expulsion process.

Expulsion Procedures

Rules and Procedures

Upon a recommendation of expulsion by the principal or administrative designee, the pupil and the pupil's parent/guardian or representative will be invited, by letter or by phone, to a pre-expulsion conference within five (5) school days. During the conference, they will have the right to respond to the allegation. If necessary, they will be given three (3) additional school days after the conference to respond. This conference will also provide an opportunity to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the principal or administrative designee.

Authority to Expel

A student may be expelled by a three (3) member panel, known as the Expulsion Panel that is designated by the Alliance Leadership Middle Academy's School Board of Directors ("School Board"). The Expulsion Panel shall be selected by the Board Chair and will consist of Alliance College-Ready Public Schools and Alliance's affiliated schools' staff. The members of the Expulsion Panel shall meet the following criteria:

- 1) The members shall have no knowledge or previous familiarity of the student or situation, and
- 2) The members are not school employees.

Expulsion Hearing

A hearing to determine whether the student should be expelled is required for recommendation for expulsion. The hearing shall be held within 30 school days after the principal makes his/her expulsion recommendation. The hearing shall be presided over by the Expulsion Panel described above.

The principal or administrative designee provides written notice of the hearing to the student and the student's parent/guardian within ten (10) calendar days before the date of the hearing. The notice will include information regarding reasonable accommodations and language support, presentation and cross-examination of witnesses and other evidence, representation by counsel or other advocates, and other due process protections and rights. As necessary, the notice will also provide special rules and procedures for incidents involving sexual assault and/or battery.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A determination by the panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Expulsion Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. The decision of the panel to expel must be supported by substantial evidence presented at the hearing that the student committed an expellable offense.

The decision of the Expulsion Panel shall be in the form of written findings of fact. The final decision by the panel shall be made within three (3) school days following the conclusion of the hearing.

If the Expulsion Panel decides not to recommend expulsion, the pupil shall immediately be returned to his/her educational program or be given the opportunity to transfer to another Alliance school with mutual agreement of the parent and the other Alliance school.

Written Notice to Expel

Following a decision of the Expulsion Panel to expel, the principal or administrative designee shall send to the student and parent/guardian written notice of the decision to expel. This notice will include the findings of fact, recommendations, referral to alternative placement, recommended rehabilitation plan, recommended expulsion order and appeal procedures. This notice to expel a student will be sent by certified U.S. mail.

Appeal of Expulsion

An expulsion decision may be appealed within 30 calendar days of the date of the Expulsion Panel's written decision to expel. The parent/guardian must submit the appeal in writing to the principal who will inform the School Board Chair. An Expulsion Appeal Panel shall be convened within 30 school days of receipt of the written appeal, at which time the student's parent/guardian must attend to present his/her appeal either verbally or in writing. Language support shall be provided upon request. The Expulsion Appeal Panel shall have three (3) members. The panel shall be selected by the School Board Chair. Panel members shall not be school employees, shall have no familiarity of the incident or student, and shall not be the same individuals that served on the Expulsion Panel. The scope of review of the panel shall be limited to whether there is relevant and material evidence which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the expulsion

hearing. The decision of the Expulsion Appeal Panel shall be final. Parents will be notified of the Expulsion Appeal Panel's decision, in writing, within two (2) school days of the hearing. In the event that Expulsion Appeal Panel reverses the expulsion, the student shall be immediately reinstated.

Alternative Placement

In the event of a decision to expel a student, the school will work cooperatively with student's home school district, the county and/or other schools to find alternative placement for the student.

Rehabilitation Plans

Pupils who are expelled from an Alliance school shall be given a rehabilitation plan upon expulsion as developed by the Expulsion Panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may reapply to the Alliance school for readmission.

Readmission

Alliance Leadership Middle Academy shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission and pending the availability of open seats. Upon completion of the readmission process, school's governing board shall readmit the pupil, unless the school's principal makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the school, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

Reinstatement

Alliance Leadership Middle Academy shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. The school is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner pending the availability of open seats.

ELEMENT 11: Employee Retirement Systems

“The manner by which staff members of the charter schools will be covered by the State Teachers’ Retirement System, the Public Employees’ Retirement System, or federal social security.” (Ed. Code § 47605(b)(5)(K).)

Charter School shall comply in a timely manner with all applicable federal and state laws and regulations, as they may change from time to time, including but not limited to Internal Revenue Code section 414(d) and related regulations, governing Charter School’s participation in, and/or coverage of its staff members by, the State Teachers’ Retirement System (CalSTRS), the Public Employees’ Retirement System (CalPERS), and/or federal social security.

If Charter School participates in, or otherwise covers its staff members by enrolling or continuing their enrollment in, a “government plan” governed by section 414(d) (e.g., CalPERS), upon dissolution or final liquidation of Charter School, and/or its nonprofit public benefit corporation, notwithstanding any provision in Element 15 to the contrary, Charter School shall distribute its net assets in accordance with section 414(d), related regulations, and the government plan’s requirements.

If Charter School participates in CalSTRS and/or CalPERS, Charter School shall continue such participation for the duration of Charter School’s existence under the same CDS code, if mandated by applicable legal and retirement plan requirements.

Retirement Benefits

CalSTRS and CalPERS contributions are reported through the Los Angeles Office of Education (LACOE). The Charter School will continue its participation in these programs for the duration of its existence and operation.

STRS - All certificated employees who are eligible participate in the State Teachers Retirement System (CalSTRS). Eligible certificated employees deposit a percentage of their pre-tax creditable earnings in CalSTRS and the School matches this contribution. As of 7/01/2017, certificated employees contribute 9.205% (if subject to PEPPRA) or 10.25% (if not subject to PEPPRA) and Alliance Leadership Middle Academy contributes 14.43%. All withholdings from employees and the Charter School are forwarded to the STRS Fund as required. Employees accumulate service credit years in the same manner as all other members of STRS.

PERS - All classified employees who are eligible participate in the Public Employees Retirement System (CalPERS). Eligible classified employees deposit a percentage of their pre-tax creditable earnings in CalPERS and that the School matches this contribution. As of 7/01/2017, employees contribute 6% (if subject to PEPPRA) or 7% (if not subject to PEPPRA) and Alliance Leadership Middle Academy contributes 16.60%. All withholdings from employees and the charter school are forwarded to the PERS Fund as required. Employees accumulate service credit years in the same manner as all other members of PERS. Social Security payments are contributed for all qualifying PERS members.

OASDI, PARS and Others - Alliance Leadership Middle Academy participates in Old Age Survivor Disability Insurance (OASDI) for non-PERS/STRS eligible part-time employees. The Alliance Leadership Middle Academy Board of Directors retains the option to consider any other public or private retirement plans, such as the Public Agency Retirement System (PARS), and to coordinate such participation with existing programs as it deems appropriate.

ELEMENT 12: Public School Attendance Alternatives

“The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.” (Ed. Code § 47605(b)(5)(L).)

Pupils of Charter School do not have or gain any right to admission in a particular school of any school district, or program of any school district, as a consequence of applying to or enrolling in Charter School, except to the extent that such a right is extended by the school district.

A pupil who chooses not to attend Charter School may attend a public school within the pupil's school district of residence in accordance with applicable law and that school district's policies and procedures. The pupil alternatively may seek to enroll in another charter school in accordance with applicable law and the terms of the school's charter. If LAUSD is the pupil's school district of residence, an eligible pupil may pursue an inter-district transfer, if available, in accordance with the admission, enrollment, and transfer policies and procedures of the District, as they may change from time to time.

As a public charter school authorized to operate within the boundaries of the Los Angeles Unified School District, Alliance Leadership Middle Academy provides a quality alternative to attending District schools. Students may choose to attend other public schools in the district of residence or pursue an inter-district transfer in accordance with existing enrollment and transfer policies of LAUSD.

Alliance Leadership Middle Academy is a school of choice; no student is required to attend. This information is communicated to families through informational meetings.

ELEMENT 13: Rights of District Employees

“The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.” (Ed. Code § 47605(b)(5)(M).)

Employees of the District who choose to leave the employment of the District to work at Charter School shall have no automatic rights of return to the District after employment at Charter School unless specifically granted by the District through a leave of absence or other agreement or policy of the District as aligned with the collective bargaining agreements of the District. Leave and return rights for District union-represented employees and former employees who accept employment with Charter School will be administered in accordance with applicable collective bargaining agreements and any applicable judicial rulings.

ELEMENT 14: Mandatory Dispute Resolution

“The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter.” (Ed. Code § 47605(b)(5)(N).)

GENERAL PROVISIONS

Any claim, controversy or dispute between the District and Charter School arising out of or relating to this Charter, except for any claim, controversy or dispute related to the authorization (non-renewal, revision and/or revocation) of this Charter, (“Dispute”) shall be resolved pursuant to the terms of this Element 14.

Notwithstanding any other provision of law, each party shall bear and be solely responsible for all of its own attorneys’ fees, costs and expenses associated with any Dispute, including, but not limited to, any written/oral communication, meeting, Issues Conference, mediation, arbitration, administrative and/or civil action (including all levels of appeal), and no party shall be ordered to pay, or be awarded, any other party’s attorneys’ fees, costs or expenses in connection therewith, regardless of who may be deemed the prevailing party. Any fees, costs and expenses charged by a mediator or arbitrator (including all associated administration fees, costs and expenses) shall be shared equally by the parties regardless of the outcome or award. The CDE may ask the county office of education to conduct an audit of the charter school if it has reason to believe that the school received state funding for which it was not eligible.

Charter School shall ensure completion of an independent final audit within six months after the closure of Charter School that includes:

1. An accounting of all financial assets. These may include cash and accounts receivable and an inventory of property, equipment, and other items of material value.
2. An accounting of all liabilities. These may include accounts payable or reduction in apportionments due to loans, unpaid staff compensation, audit findings, or other investigations.
3. An assessment of the disposition of any restricted funds received by or due to Charter School.

This audit may serve as Charter School's annual audit if it meets all of the requirements of the annual audit.

Charter School shall pay for the financial closeout audit of Charter School. This audit will be conducted by a neutral, independent licensed CPA who will employ generally accepted accounting principles. Any liability or debt incurred by Charter School will be the responsibility of Charter School and not LAUSD. Charter School understands and acknowledges that Charter School will cover the outstanding debts or liabilities of Charter School. Any unused monies at the time of the audit will be returned to the appropriate funding source. Charter School understands and acknowledges that only unrestricted funds will be used to pay creditors. Any unused AB 602 funds will be returned to the District SELPA or the SELPA in which Charter School participates, and other categorical funds will be returned to the source of funds.

Charter School shall ensure the completion and filing of any annual reports required. These reports include but are not necessarily limited to:

These reports must be submitted to the CDE and the authorizing entity in the form required. These reports should be submitted as soon as possible after the Closure Action, but no later than the required deadline for reporting for the fiscal year.

For apportionment of categorical programs, the CDE will count the prior year average daily attendance (ADA) or enrollment data of the closed Charter School with the data of the authorizing entity. This practice will occur in the first year after the closure and will continue until CDE data collection processes reflect ADA or enrollment adjustments for all affected LEAs due to the charter closure.

Disposition of Liabilities and Assets

The closeout audit must identify the disposition of all liabilities of Charter School. Charter School closure procedures must also ensure appropriate disposal, in accordance with the District Required Language provisions in Element 11 of this Charter, Charter School's governing board bylaws, fiscal procedures, and any other applicable laws and regulations, of any net assets remaining after all liabilities of Charter School have been paid or otherwise addressed. Such disposal includes, but is not limited to:

1. Charter School, at its cost and expense, shall return to the District any and all property, furniture, equipment, supplies, and other assets provided to Charter School by or on behalf of the District. The District discloses that the California Education Code sets forth the requirements for the disposition of the District's personal property and Charter School shall bear responsibility and liability for any disposition in violation of statutory requirements.
2. The return of any donated materials and property in accordance with any terms and conditions set when the donations were accepted.
3. The return of any grant and restricted categorical funds to their sources according to the terms of the grant or state and federal law.
4. The submission of final expenditure reports for any entitlement grants and the filing of Final Expenditure Reports and Final Performance Reports, as appropriate.

If Charter School is operated as or by a nonprofit corporation, and if the corporation does not have any functions other than operation of Charter School, the corporation shall be dissolved according to its bylaws.

Charter School shall retain sufficient staff, as deemed appropriate by the Charter School governing board to complete all necessary tasks and procedures required to close the school and transfer records in accordance with these closure procedures.

Charter School's governing board shall adopt a plan for wind-up of Charter School and, if necessary, the corporation, in accordance with the requirements of the Corporations Code.

Charter School shall provide LAUSD within fourteen (14) calendar days of the Closure Action with written notice of any outstanding payments due to staff and the time frame and method by which Charter School will make the payments.

Prior to final close-out, Charter School shall complete all actions required by applicable law, including but not limited to the following:

- a. File all final federal, state, and local employer payroll tax returns and issue final W-2s and Form 1099s by the statutory deadlines.
- b. Make final federal tax payments (employee taxes, etc.)
- c. Complete and submit all required federal and state filings and notices to the State of California, the Internal Revenue Service, and the Department of the Treasury, including but not limited to final tax returns and forms (e.g., Form 990 and related Schedules).

This Element 15 shall survive the revocation, expiration, termination, cancellation of this Charter, or any other act or event that would end Charter School's authorization to operate as a charter school or cause Charter School to cease operation. Charter School agrees that, due to the nature of the property and activities that are the subject of this Charter, the District and public shall suffer irreparable harm should Charter School breach any obligation under this Element 15. The District therefore reserves the right to seek equitable relief to enforce any right arising under this Element 15 or any provision of this Element 15 or to prevent or cure any breach of any obligation undertaken, without in any way prejudicing any other legal remedy available to the District. Such legal relief shall include, without limitation, the seeking of a temporary or permanent injunction, restraining order, or order for specific performance, and may be sought in any appropriate court.

Charter School shall implement and otherwise comply with the terms of any and all applicable facilities use agreements between Charter School and the District.

The circumstances of Charter School's occupancy of District facilities may change over time such as, but not limited to, enrollment, programs, and the conditions of facilities, and the District has a vested interest in having an agreement that is appropriate for the situation.

For a Sole Occupant Agreement or any other use agreement that is not a Proposition 39 Single Year Co-location Use Agreement or a lease issued through the Notice of Intent and bid process, the term may be co-terminous with the approved Charter, as permitted by law. Charter School and the District shall negotiate any modifications of the agreement with the goal of such amendment or new agreement being considered by the LAUSD Board of Education with the renewal of the charter petition. If Charter School and the District cannot execute an agreement in time for such to be considered by the Board of Education with the renewal of the charter petition, the approval of the renewal of the charter petition shall be conditioned upon Charter School and the District executing an amendment to the existing use agreement or a new agreement no later than May 1st or within nine (9) months of the date of the Board of Education's approval of the renewal of the charter petition. During such time period Charter School shall be permitted to remain in occupancy of the District facilities under the terms and conditions of the immediately preceding, executed use agreement; provided, that if Charter School and the District cannot agree upon and execute an amendment or new use agreement by said deadline, Charter School shall vacate the District facilities on or before June 30th of said school year.

All District facilities (i.e., schools) will remain subject to those laws applicable to public schools.

In the event of an emergency, all District facilities (i.e., schools) are available for use by the American Red Cross and public agencies as emergency locations, which may disrupt or prevent Charter School from conducting its educational programs. If Charter School will share the use of District facilities with other District user groups, Charter School agrees that it will participate in and observe all District safety policies (e.g., emergency chain of information and participation in safety drills).

The use agreements provided by the District for District facilities shall contain terms and conditions addressing issues such as, but not limited to, the following:

- Use: Charter School will be restricted to using the District facilities for the operation of a public school providing educational instruction to public school students consistent with the terms of the Charter and incidental related uses.  - (i) Any program, service, or activity provided outside the instructional program shall be subject to the terms and provisions of the use agreement, and, additionally, may require a license, permit, or additional agreement issued by the District. The term "instructional program" is defined, per Education Code section 47612 and 5 CCR section 11960, as those required educational activities that generate funding based on "average daily attendance" and includes those extracurricular programs, services, and/or activities that students are required to participate in and do not require the payment of any consideration or fee.
 - (ii) Any program, service, or activity requiring the payment of any consideration or fee or provided by a third party vendor (defined as any person or entity other than Charter School), whether paid or volunteer and regardless of whether such may be within the instructional program, shall be subject to the terms and provisions of the use agreement and such third party vendor shall be required to obtain a license, permit, or additional agreement from the District.
- Minimum Payments or Charges to be Paid to District Arising From the Facilities:
 - (i) Pro Rata Share: The District shall collect and Charter School shall pay a Pro Rata Share for facilities costs as provided in the Charter Schools Act of 1992 and its regulations. The parties may agree to an alternative arrangement regarding facilities costs in the use agreement; and

NOTWITHSTANDING THE FOREGOING, the District shall provide all services for regulatory inspections which as the owner of the real property it is required to submit, and deferred maintenance, and Charter School shall pay LAUSD for the cost and expense of providing those services. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such services in the use agreement.
- **Real Property Insurance:** Prior to occupancy, Charter School shall satisfy requirements to participate in LAUSD's property insurance or, if Charter School is the sole occupant of LAUSD facilities, obtain and maintain separate property insurance for the LAUSD facilities. Charter School shall **not** have the option of obtaining and maintaining separate property insurance for the LAUSD facility IF Charter School is co-locating or sharing the LAUSD facility with another user.

Non-District-Owned Facilities

Occupancy and Use of the Site: Prior to occupancy or use of any school site or facility, Charter School shall provide the CSD with a current Certificate of Occupancy or equivalent document issued by the applicable permitting agency that allows Charter School to use and occupy the site as a charter school. Charter School shall not exceed the operating capacity of the site and shall operate within any limitations or requirements provided by the Certificate of Occupancy and any applicable permit. Charter School may not open or operate without providing a copy of an appropriate Certificate of Occupancy to the CSD. District Oversight Costs

The District may charge for the actual costs of oversight of Charter School not to exceed 1% of Charter School's revenue, or the District may charge for the actual costs of oversight of Charter School not to exceed 3% if Charter School is able to obtain substantially rent free facilities from the District. Notwithstanding the foregoing, the District may charge the maximum oversight fee allowed under the law as it may change from time to time. The oversight fee provided herein is separate and distinct from the charges arising under charter school facilities use agreements.

Cash Reserves

Charter School acknowledges that the recommended cash reserve is 5% of expenditures, as provided in section 15450, title 5 of the California Code of Regulations.

Third Party Contracts

Charter School shall ensure that all third party contracts, whether oral or written, for supplies, equipment, goods and/or services, for the direct or indirect benefit of, or otherwise related to the operation of, Charter School, require compliance with and otherwise conform to all applicable local, state, and federal policies, regulations, laws, and guidelines, including but not limited to licensing and permit requirements as well as requirements related to protection of health and safety.

Special Education Revenue Adjustment/Payment for Services

In the event that Charter School owes funds to the District for the provision of agreed upon or fee for service or special education services or as a result of the State's adjustment to allocation of special education revenues from Charter School, Charter School authorizes the District to deduct any and all of the in lieu property taxes that Charter School otherwise would be eligible to receive under section 47635 of the Education Code to cover such owed amounts. Charter School further understands and agrees that the District shall make appropriate deductions from the in lieu property tax amounts otherwise owed to Charter School. Should this revenue stream be insufficient in any fiscal year to cover any such costs, Charter School agrees that it will reimburse the District for the additional costs within forty-five (45) business days of being notified of the amounts owed.

Student Body Funds

Charter School shall supervise and manage any and all student body funds in a manner consistent with the provisions of Education Code sections 48930-48938. Charter School shall include and address student body funds in its financial reports, and ensure that such funds are included and addressed in Charter School's annual audit as a stand-alone item.

Audit and Inspection of Records

Charter School agrees to observe and abide by the following terms and conditions as a requirement for receiving and maintaining its charter authorization:

- Charter School is subject to District oversight.
- The District's statutory oversight responsibility continues throughout the life of the Charter and requires that the District, among other things, monitors the fiscal condition of Charter School.
- The District is authorized to revoke this Charter for, among other reasons, the failure of Charter School to meet generally accepted accounting principles or if Charter School engages in fiscal mismanagement.

Accordingly, the District hereby reserves the right, pursuant to its oversight responsibility, to audit Charter School books, records, data, processes and procedures through the District Office of the Inspector General or other means. The audit may include, but is not limited to, the following areas:

- Compliance with terms and conditions prescribed in the Charter agreement,

- Charter School's debt structure,
- Governance policies, procedures and history,
- The recording and reporting of attendance data,
- Charter School's enrollment process,
- Compliance with safety plans and procedures, and
- Compliance with applicable grant requirements.

Charter School shall cooperate fully with such audits and shall make available any and all records necessary for the performance of the audit upon 30 days notice to Charter School. When 30 days notice may defeat the purpose of the audit, the District may conduct the audit upon 24-hours notice.

Fiscal Policies and Procedures

Charter School shall establish, maintain, and implement sound fiscal policies and procedures, including but not limited to internal controls governing all financial and business-related activities.

Apportionment Eligibility for Students Over 19 Years of Age

Charter School acknowledges that, in order for a pupil over nineteen (19) years of age to remain eligible for generating charter school apportionment, the pupil shall be continuously enrolled in public school and make satisfactory progress toward award of a high school diploma. (Ed. Code § 47612(b).)

Local Control and Accountability Plan

In accordance with California Education Code sections 47604.33 and 47606.5, Charter School shall include in its annual update a “listing and description of the expenditures for the fiscal year implementing the specific actions included in the charter as a result of the reviews and assessment required by paragraph (1)” of section 47606.5(a). These expenditures shall be “classified using the California School Accounting Manual pursuant to Section 41010.” (Ed. Code § 47606.5(b).)
