¹ Education Code section 47607.4 provides that “all charter schools whose term expires on or between January 1, 2022, and June 30, 2025, inclusive, shall have their term extended by two years, and all charter schools whose term expires on or between January 1, 2024, and June 30, 2027, inclusive, shall have their term extended by one additional year.”

² Affiliated charter schools must follow all the fiscal policies and procedures of the Los Angeles Unified School District. All financial operations are handled centrally by LAUSD. All affiliated charter schools are included in the District audit. Therefore, the CSD does not provide ratings on Fiscal Operations for affiliated charter schools.

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605, 47607, and 47607.2, in order to renew a charter, the District must determine whether the charter school has met the statutory requirements.

REPORT GUIDE

In conducting oversight as a charter school authorizer, the District places an emphasis on performance and compliance with applicable law, policy, and the approved charter, as well as on the lead fiduciary role of a charter school’s governing board in the overall success of the school for students. Information gathered through oversight serves as part of the school’s ongoing record of performance and provides important data for the CSD, LAUSD Superintendent, and ultimately the LAUSD Board of Education in making informed decisions about charter school authorization. In designing this document, the District has considered California charter school law as well as the *LAUSD Policy and Procedures for Charter Schools*, California State Board of Education’s criteria for evaluating charter schools and the National Association of Charter School Authorizers’ *Principles and Standards of Quality Authorizing*. It also serves as information for the public at large. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance, as captured during the oversight visit, in these three categories:

- **School Governance** – demonstrating compliance with all applicable California open meeting laws as well as the school’s organizational structure (i.e., composition, structure, roles, and responsibilities of Governing Council and/or advisory committees) and applicable District policies and Collective Bargaining Agreements
- **Student Achievement and Educational Performance** – demonstrating positive academic achievement and growth for all students
- **Organizational Management, Programs, and Operations** – demonstrating effective leadership and implementation of the District’s policies and procedures, as well as the school’s educational program and systems and procedures for the day-to-day operations of the school

This report, including the ratings in each category, is based on information and evidence gathered at the time of the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school leadership and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Affiliated Charter Schools Annual Performance-Based Oversight Visit Preparation Guide*. The “Sources of Evidence” sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school’s performance in each category: (4) *Accomplished*, (3) *Proficient*, (2) *Developing*, and (1) *Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress (Note: potential “promising practices” are identified within this section with an asterisk [*]); (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under “Corrective Action Required,” the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school’s approved charter. **If the report includes any findings under “Corrective Action Required,” the charter school must take immediate and appropriate steps to remedy the identified concern.** In accordance with its “tiered intervention” approach to charter school non-compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those “promising practices” that the school believes have contributed to its success, in order to support the CSD’s ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across the entire portfolio of LAUSD schools.
