

## WHOLE CHILD INTEGRATED DATA

*Personalize. Mobilize. Improve Continuously.*

Whole Child is a powerful new student information reporting system that supports teacher instructional planning and collaboration with colleagues and the school community

### **BENEFITS INCLUDE:**

- Extensive class and student information at your fingertips: literacy, attendance, assessments, Special Ed., marks, behavioral information, services, graduation progress, Schoology assignments, assessments and grades, and more
- Flexibility to quickly filter and analyze proficiency and progress information for groups of students
- Actionable notifications on individual students
- One click access to Schoology, MiSiS, MyPLN, and other applications

### **LEARN MORE:**

- Complete the MyPLN online course - Whole Child Integrated Data: An Introduction for Teachers and Student Support Staff
- Visit <https://achieve.lausd.net/wholechild> and use the Quick Links, Platform Resources, to access the Introduction Video (Teacher Perspective), the Teacher User Manual, quick guides and more

### **SYSTEM REQUIREMENTS:**

Use Chrome to log into <https://wholechild.lausd.net> with a laptop, desktop, or Google Chromebook; Chrome may be downloaded at <https://www.google.com/chrome>

### **NEED HELP?**

Visit the ITD Help Desk at <https://achieve.lausd.net/helpdesk> to submit a ticket via phone, online, or live chat
