Creating Virtual Classroom Expectations

Creating a safe, predictable, healthy, welcoming, and affirming virtual learning environment will provide students the opportunity to actively engage and participate. Below is an example of expectations. These could be used or altered depending on your unique needs. It is encouraged to have students participate in developing the virtual classroom expectations. This will ensure student buy-in and greater student engagement.

We are Safe	We are Respectful	We are Responsible
• Practice LAUSD digital citizenship • Meet in groups initiated by the teacher	• Use encouraging and positive language • Respectful facial expressions and body language • Honoring one voice; one speaker at a time • Listen to each other • Be open to others ideas/opinions • Mute when you are not speaking	• Be prepared with materials • Be on time • Participate enthusiastically in the lesson • Stay on topic and ask questions • Work to your best ability
