TITLE: Procedures for Third-Party Use of School Facilities

NUMBER: BUL-6894.1

ISSUER: Darneika Watson, Ph.D., Executive Director
Division of District Operations

Yekaterina Boyajian, Director
Non-Academic Facilities Planning,
Division of District Operations

DATE: February 7, 2018

POLICY: To increase transparency and accountability, this Bulletin defines, clarifies, and aligns existing District policies, rules, and procedures regarding the use of school facilities by third parties, and streamlines the process of obtaining authorization.

MAJOR CHANGES: This Bulletin replaces Bulletin 6894.0, dated August 18, 2017. The content has been updated to reflect policy and process changes, to clarify classification of events, and to amend the terms and amount of application fees.

PURPOSE: In order to foster parent and community engagement the Los Angeles Unified School District wishes to make its school facilities available to third-party agencies, organizations, and individuals to transform them into centers of the community. Additionally, the District recognizes the potential value of its school facilities as assets that may be leveraged for the benefit of students. It is the intent of this policy bulletin to establish a framework that allows school site administrators the flexibility to creatively utilize their campuses to the maximum benefit of their students, to do so in compliance with the law and District policies, to ensure the safety of all without compromising the District’s core mission to educate its youth, and without cost to the General Fund.

GUIDELINES: I. PROCESS

All uses of District facilities by third parties must be authorized by a written agreement or permit issued by Non-Academic Facilities Planning or the Division of Risk Management and Insurance Services prior to such use. Schools, Local Districts, or other District offices are not authorized to enter into legal agreements authorizing the use of District facilities by third parties.

Any person or organization wishing to use District facilities should complete Attachment A, “Request for Facilities Use” and submit the completed application...
by email to facilities-use@lausd.net or deliver to the LAUSD Permits office at 333 S. Beaudry Ave., 1st Floor, Los Angeles, CA 90017.

All applications that are not received at least 15 business days prior to the event, including applications from Parent Teacher Associations (PTAs), Parent Teacher Organizations (PTOs), and booster clubs, will be charged $180 to fund staff overtime required to process them.

Applicants should be aware that some applications may require additional documentation or approvals from other agencies or District offices, which may require a significant amount of time to obtain. Applicants are encouraged to submit applications as soon as possible to reduce the possibility of receiving last minute denials.

District staff will review the application to determine if the requested facilities are available, which requirements and fees (if any) are applicable to the event, and within seven business days deliver a packet to the applicant containing:

- A checklist of requirements necessary to host a safe event;
- An invoice for processing fee and any other required fees;
- Insurance requirements;
- Fundraising forms if necessary;
- A Facilities Use Agreement;
- And other documents as applicable.

The applicant should complete all of the included forms, including obtaining required signatures, and return them along with any other required documentation to the Permits office. The time between the applicant’s receipt of the checklist of requirements and the time they submit all forms completed and approved as required does not count towards the 15 days of processing time. Upon applicant’s submittal of all required documentation and any required fees, District staff will review the application and either:

- Issue an agreement or permit within eight business days.
- Notify applicant of denied applications, and the reason for denial, within two business days.

No permit shall be issued until payment is tendered in full, except in cases where the District has agreed in writing to receive payments in regular installments, in which case no permit shall be issued until payment for the first installment is tendered.
II. CLASSIFICATION OF EVENTS/ACTIVITIES

The first step in ascertaining the requirements applicable to an event or activity is to classify the activity as one of the following:

A. School/District-Sponsored Special Event

An event is considered a “School/District-Sponsored Special Event” if, and only if, all of the following are true:

1. Authorized District employees, District officials, or the Associated Student Body (ASB):
   a. Initiate the event;
   b. Plan the event;
   c. Directly control and supervise the event;
   d. Are responsible for all expenses and liability associated with the event.

2. The LAUSD, host school, or ASB of the host school receives all proceeds, if any, generated in connection with the event.

School/District-Sponsored Special Events do NOT require a Civic Center permit or License Agreement.

B. Cosponsored Event

An event is considered a “Cosponsored Event” if the following is true:

1. Authorized District employees, District officials, and/or the ASB work in cooperation with third parties to jointly:
   a. Initiate the event;
   b. Plan the event;
   c. Control and supervise the event;
   d. Share expenses and liability associated with the event.

All revenues and expenses of a cosponsored event or activity should be recorded on the ASB books.
In the case of cosponsored fundraising events, third parties will be responsible for the proportion of any applicable fees corresponding to the proportion of the proceeds they will receive from the event.

Cosponsored events require a License Agreement to establish a legal instrument defining the responsibilities, legal liabilities, and insurance requirements for each party.

C. Non-School / Non-District Sponsored Event

A “Non-School/Non-District Sponsored Event” is one which is initiated, planned, supervised, controlled, and funded entirely by parties other than the District, authorized District employees, ASB, or District officials.

District employees, parents, and students and their families may attend “Non-School/Non-District Sponsored Events” and purchase tickets. “Non-School/Non-District Sponsored Events” require a Civic Center Permit or License Agreement, depending on the particulars of the event, which establishes a legal instrument defining the responsibilities, legal liabilities, and insurance requirements for the licensee.

III. FORMS OF AUTHORIZATATION

An event’s classification as a “School/District-Sponsored Special Event,” “Cosponsored Event,” or “Non-School/Non-District Sponsored Event” determines whether a Civic Center Permit or License Agreement is required.

A. School/District-Sponsored Special Events

An application must be completed and submitted as described in Section I of this bulletin for “School/District-Sponsored Special Events” to obtain approval from Risk Management. A Civic Center permit or License Agreement is not required.

For off-site events (non-District owned property), please complete the “Request for Approval of Off Site Special Event” form which is available from the Risk Management & Insurance Services Web site at https://achieve.lausd.net/Page/6714, by calling (213) 241-0329, or by email at riskfinance@lausd.net.

B. Civic Center Permit

The California Civic Center Act (Ed. Code § 38130 et seq.) declares the intent of the Legislature to establish a civic center at each and every public school facility. The District is required by the Civic Center Act to authorize the following organizations to use school facilities or grounds for purposes other
than fundraising activities that are not beneficial to youth or public school activities of the school district, as determined by the Board of Education:

1. Non-profit organizations;

2. Groups organized to promote youth or school activities, such as, but not limited to:
   a. The Girl Scouts; the Boy Scouts; Camp Fire USA; or the YMCA;
   b. Parent-teacher associations;
   c. School-community advisory councils;
   d. Recreational youth sports leagues that charge participants no more than sixty dollars ($60) per month.

In addition to the mandatory authorization above, the Civic Center Act also allows school districts to grant the use of school facilities or grounds as a civic center, upon the terms and conditions the Board of Education deems proper, for supervised recreational activities, or meetings open to the public to discuss subjects and questions that pertain to the educational, political, economic, artistic, and moral interests of the citizens of the community.

Activities that meet the criteria of the Civic Center Act shall be processed and permitted as such.

Permits issued for the use of LAUSD school facilities or grounds under the Civic Center Act are limited to a duration of four months.

C. Joint-Use Agreements

A Joint-Use Agreement is a legally binding contract between two or more entities that is reciprocal and mutually beneficial. Under the Joint-Use Bond Program, the District partners with governmental agencies, community based organizations, and others to develop and operate LAUSD facilities to benefit students, partners, and the larger community.

No Joint-Use Agreement shall be executed unless the funding necessary to secure the resources required to administer the terms thereof has first been identified and secured for that purpose. In the event that responsibility for the administration of a Joint-Use Agreement is transferred from one District office to another, the transfer shall include all funding so identified and secured.
D. License Agreements

All uses of District facilities by third-parties that do not qualify as a Civic Center Act event, School/District-Sponsored Special Event, or a Joint-Use Agreement shall be processed and authorized as a License Agreement.

IV. PRIORITIZATION

Priority for the use of school facilities during non-school hours shall be granted on a first-come, first-served basis. In the event of a conflict between two or more simultaneous applications for the same facility, the following priority order shall apply:

A. Official District activities involving students of the host campus;

B. Official District activities involving District students of other campuses;

C. A PTA, PTO, or booster club representing the host campus;

D. A PTA, PTO, or booster club representing another District campus;

E. Events and activities for youth in general;

F. All others

V. PROHIBITIONS

A. Prohibited Uses

The following apply to all uses of District facilities by third parties:

1. No permit shall be issued that will result in the disruption or displacement of any District function or program.

2. No permit shall be issued for any meeting or activity that will displace students from any area, in whole or in part, that they would normally use during the time of the activity or event.

3. No permit shall be issued that includes the use of kitchen facilities.

4. No permit shall be issued for events or activities where food is served to District students or staff unless it is commercially packaged, or prepared and distributed by a licensed vendor.

5. Driving or parking on turf, natural or synthetic, is prohibited.

B. Prohibited Facilities
The following facilities will not be made available for third party use at any time:

1. Kitchen facilities;
2. Laboratory classrooms (e.g., biology labs, chemistry labs, computer labs);
3. Wood shops;
4. Auto shops;
5. Metal shops;
6. Administrative offices;
7. Teacher lounges or break rooms; or
8. Maintenance room areas.

VI. COST

A. Definitions

For the purposes of this policy bulletin, the following definitions shall apply:

1. Direct Cost

   Direct Cost shall include:
   
   a. The share of the costs of supplies, utilities, janitorial services, services of LAUSD staff to operate and maintain school facilities or grounds, and salaries paid to LAUSD employees directly associated with the administration of this bulletin, that is proportional to the use of the school facilities or grounds.

   b. The share of the costs for maintenance, repair, restoration, or refurbishment of synthetic turf, gymnasiums, auditoriums, and specialized lighting proportional to their use by the entity using them.

   The share of the cost for maintenance, repair, restoration, and refurbishment shall not apply to:

   i. Classroom-based programs that operate after school hours, including, but not limited to, after school programs, tutoring programs, or child care programs.
ii. Organizations retained by the school or school district to provide instruction or instructional activities to pupils during school hours.

Funds collected for maintenance, repair, restoration, and refurbishment shall be deposited into a special fund that shall only be used for those purposes at the school for which they are collected, and shall be administered by Non-Academic Facilities Planning.

2. Reduced Direct Cost

Reduced direct costs shall include the costs of utilities, supplies, and janitorial services directly associated with the use of the school facilities or grounds.

3. Full Market Rent

Full market rent shall be a rate approximating the cost of renting or leasing similar facilities in the general vicinity of the hosting District facility.

B. Charges

There are three fees applicable to every event: an application fee, rental fees, and special fees. Fees cannot be reduced or waived, however Principals, Local Districts, Board Members, or the Office of the Superintendent may elect to pay the required fees from their own funds for some events or activities. Requests to subsidize an event or activity should be directed to the appropriate District office.

1. Application Fees

All applications, except those from a PTA, PTO, or booster club, received 15 or more business days prior to an event will be charged a $90 processing fee. Applications received less than 15 business days prior to an event, including applications from a PTA, PTO, or booster club, will be charged a $180 processing fee to fund the additional cost of expedited processing.

2. Rental Fees

There are three categories of rental fees:

a. Reduced Direct Cost

The use of school facilities or grounds shall be charged reduced direct cost for any of the following:

i. The use of indoor non-recreational school facilities by organizations, clubs, or associations which are organized to promote youth and
school activities (such as, but not limited to, Girl Scouts, Boy Scouts, Camp Fire Girls, Parent-Teachers' Associations, Parent Teacher Organizations, booster clubs, and School Community Advisory Councils) when all of the following conditions apply:

1. No admission, dues, or other fees are collected at the event or activity;

2. No prior payment, contribution, or donation is required to participate in the event or activity;

3. Nothing of monetary value will be sold or traded at the meeting or event.

ii. Non-School/Non-District Sponsored Events that are sponsored by a PTA, PTO, or booster club, and do not involve any third parties selling goods or services;

iii. Public agencies when conducting a public meeting.

b. Direct Cost

The use of school facilities or grounds shall be charged direct cost for any of the following:

i. Meetings open to the general public to discuss matters of general or specific interest to the community;

ii. Supervised recreational activities including, but not limited to, sports league activities for youths that are arranged for and supervised by entities, including religious organizations or churches, and in which youths may participate regardless of religious belief or denomination;

iii. Activities or meetings where an admission fee is charged, dues collected, contributions solicited, or anything of monetary value is sold or traded, and the net receipts are expended for the welfare of the pupils of LAUSD;

iv. PTA, PTO, or booster club activities involving third parties providing goods or services in exchange for compensation.
c. Full Market Rent

The use of school facilities or grounds shall be charged full market rent for any of the following:

i. Any use of District facilities or grounds where an admission fee is charged, dues collected, contributions solicited, or anything of monetary value is sold or traded, and the net receipts are not expended for the welfare of the pupils of LAUSD;

ii. The conduct of religious services by any church or religious organization;

iii. Parking where a fee is charged;

iv. The use of “premier” LAUSD facilities;

v. All other uses not qualifying for Reduced Direct Cost, or Direct Cost as defined above.

3. Special Fees

Certain events may generate the need for additional specialized services, such as extended services of the Los Angeles School Police, Office of Environmental Health Services, and Food Services Branch, which are not commonly required to safely host an event. In such cases, the applicant will be charged the cost of providing those services in addition to any other required fees.

C. Refunds

1. Application fees are non-refundable under any circumstances.

2. If an applicant cancels, license or permit fees are not refundable.

3. If the LAUSD, its agents, or officers cancel an event, the applicant will be refunded the cost of the license or permit fees only.

4. For events cancelled by an LAUSD school or office, and for which some or all of the fees were paid by a District school or office, the cancelling office shall process the refund to the paying school or office.

VII. DISTRIBUTION OF REVENUE

Application fees will be distributed to the office that issues the authorization for use of District facilities, and fees for special services will be distributed to the office providing those services. Other fees will be distributed as follows:
A. Filming

All fees collected in connection with the use of school facilities for filming shall be distributed 75% to the host school and 25% to the pool of schools without filming in the fiscal year in which they are collected.

All fees collected in connection with the use of the LAUSD logo or name; the school’s logo, name, or mascot; or other information specifically identifying the LAUSD or any of its schools shall be distributed 100% to the pool of schools without filming.

B. Non-Filming

All fees, except the application fee or special fees, collected in connection with the use of school facilities by a third party shall be distributed according to the following:

1. For events charged Reduced Direct Cost:
   a. 100% of fees collected for janitorial services and supplies shall be distributed to the host school.
   b. 100% of fees collected for utilities shall be distributed to the General Fund.

2. For events charged Direct Cost:
   a. 100% of fees collected for janitorial services and supplies shall be distributed to the host school.
   b. 100% of all fees collected for maintenance, repair, restoration, and refurbishment of affected facilities shall be deposited into a special fund to be used for those purposes.
   c. 100% of remaining fees shall be distributed to the District to fund the administration of this bulletin.

3. For events charged Full Market Rent:
   a. 62% of the total fees, other than the application fee and fees for special services, shall be distributed to the host school for custodial costs and school-determined needs.
   b. 38% of the total fees, other than the application fee and fees for special services, shall be distributed to the General Fund to support the administration of this Bulletin.
VIII. HOURS OF USE

School facilities are available for third-party use as follows:

A. One-half hour following the close of the regular school day until 9:30 p.m. at elementary, middle and senior high schools;

B. From 8:00 a.m. to 9:30 p.m. on Saturdays at elementary, middle and senior high schools;

C. From 12:00 noon to 5:00 p.m. on Sundays at senior high schools;

D. All facilities are closed during holiday periods.

Exceptions may be made only upon special permission of the permit issuing office. Any exceptions may result in additional fees or charges.

IX. RESPONSIBILITIES

A. Principal or Site Administrator’s Responsibilities

The day school principal must determine that the regular school schedule will not be adversely affected. If a school site also houses other co-located schools, the principal of the day school shall clear the availability of the facility with the principal of each co-located school. If an unforeseen occasion renders the facility unavailable after a permit has been granted, or if there is a conflict, the day school principal shall inform the permit issuing office. The permit issuing office shall make alternate arrangements upon receiving such notification.

The final responsibility for specific school facilities rests upon the principal of the day school. Said principal may request the assistance of the co-located school in arranging for and supervising permitted activities.

The day school principal shall:

1. Have immediate control of each meeting and take such action in accordance with Board Rules as he or she deems appropriate.

2. Assign each permittee a room of the minimum size necessary for the meeting in order to reduce expenditure for utilities and determine that each room is ready for use.

3. Determine that where parking is allowed on school premises, vehicles are parked in such a manner to provide access to school buildings and property by firefighting equipment.
4. Hold a reservation available at the facility for which a permit has been issued until one-half hour after the designated start time.

5. Make all arrangements for the PTA or Parent-Teacher, Student Association (PTSA) meetings.

6. In the event of an infraction of any rule, law or regulation, advise the permittee of the infraction and give him or her notice that future permits will not be granted if any further infraction occurs, and subsequently notify the permit issuing office. If the principal prefers, he or she may request the permit issuing office to so notify the permittee. In some instances, the first infraction may be so serious that future requests for use of the premises would be denied. In such instances, the principal shall prepare and forward a written report for the central file in the permit issuing office regarding the nature of the infraction and the action taken.

B. Responsibilities of the Permit Issuing Office

The permit issuing office shall:

1. Respond to all applications within seven business days of receipt.

2. For applications on behalf of an organization:
   a. Verify the legal status of the organization
   b. Verify that the person making the application is authorized to act on behalf of the organization

X. PARENT-TEACHER ASSOCIATIONS AND PARENTS, TEACHERS, AND STUDENTS ASSOCIATIONS.

A. All PTA/PTSA meetings in school facilities shall be held pursuant to the Civic Center Act.

1. In addition to matters which pertain to the interests of the PTA/PTSA, said groups may consider any subject which may be of interest to the community and which is authorized by the Civic Center Act.

2. A Civic Center permit shall not be required for the use of facilities ordinarily or regularly used for such meetings. All arrangements for the meeting shall be made with the principal of the school in which the meeting or other activity will take place.
B. All PTA/PTSA meetings shall be open to the public and may be held at any time of the day, as long as there is no interference with school activities, in the judgment of the principal.

C. In the event a PTA/PTSA requests the use of a school other than the school at which its regular meetings are held, a Civic Center permit shall be obtained.

D. Written materials concerning any subject authorized by the Civic Center Act may be distributed during a PTA/PTSA meeting. Such materials may not be distributed to or made available to students without the permission of the principal.

E. All rules, regulations and laws governing the civic center use of school facilities shall apply to PTA/PTSA meetings.

XI. SUPERVISION

Supervision of activities of those using school playgrounds, gymnasiums, and other athletic and recreational facilities shall be by playground directors or by other District employees designated by the principal. The director or other persons in charge of the playground or gymnasium shall be the immediate authority on all matters and shall be responsible to the principal.

Arrangements shall be made for the playground director to use necessary auxiliary school facilities.

XII. FUNDRAISING

No permit shall be issued for fundraising events by a PTA, PTO, or booster club unless the application is accompanied by a “Request for Authorization” approved by the Student Body Finance Section of the Accounting and Disbursements Branch (see BUL-1633.1, Policies Governing School Fund-raising Activities of PTAs, PTOs, and Booster Clubs).

XIII. USE OF CAFETERIAS AND/OR MULTI-PURPOSE ROOM

A. Kitchen facilities may not be used in connection with third-party permits under any circumstances.

B. Serving facilities (i.e., “the line”), may be used in connection with third-party permits provided that a Food Services supervisor is present for the duration of such use. The licensee will be charged for the supervisor’s time.

C. The seating area of cafeterias and/or multi-purpose rooms may be used in connection with third party permits provided that approval of the Food Services Branch is secured prior to the issuance of a permit.
XIV. ANNUAL ASSESSMENT

Staff will assess the need for revisions to this policy bulletin, permit fees, application fees, and permit issuing procedures on an annual basis and brief members of the Board of Education and the Superintendent on their findings.

XV. RELIEF OF GENERAL FUND

In order to relieve the General Fund of the financial burden of supporting the administration of third party uses of District facilities, all of the administration costs, including but not limited to supplies and staff time, will be funded directly from fees collected for such use.
