SUPERINTENDENT'S MESSAGE

Dear Los Angeles Unified Family,

The Los Angeles Unified School District is a large and diverse family, bonded together by our shared commitment to student success. Through the leadership of our Board of Education, commitment from our labor partners and incredible support of our families/communities, we have made gains in student achievement, stemmed declining enrollment and fostered safe learning environments for all students. It is through these efforts that we have laid the groundwork for our path forward to sustainability and academic success. I am honored to start the 2023-24 Fiscal Year with continued focus and commitment to our entire Los Angeles Unified family.

It was critical that our direct investments into the classroom began with our priority schools as a necessary demonstration of equity for schools that have been historically under resourced. Only when our most fragile populations are adequately resourced will we begin to see changes on the macro level. We then deployed investments to reduce class size, address mental health support by increasing the number of Psychiatric Social Workers on campuses and increase support staff for special education students. These investments reflect the guiding mission of the District and reflects the overall spending goals delineated in the Strategic Plan by focusing on student achievement. Importantly, this year's budget reflects the historic labor agreements the District and our labor partners have tirelessly worked to achieve – a contract that addresses decades of pay inequity and establishes the District as an unparalleled employer to recruit the best educators and employees across the nation.

The path forward to remain financially stable will be challenging and with the sunseting one-time federal funds we are actively working together to make the hard decisions that will protect our students and their futures. We are steadfast in our resolve and laser-focused on ensuring we provide the best environments possible for student achievement.

I am looking forward to continuing to collaborate on the hard work ahead, while realizing the student-centered investments this budget represents.

Thank you for your continued efforts and support.

Sincerely,

Alberto M. Carvalho

Adoption of the Proposed 2023-24 Budget

June 13, 2023 (Public Hearing)

June 20, 2023 (Adoption)

Office of the Chief Business Officer

Action Proposed:

Authorization for the following actions:

- (1) Adoption of the Proposed 2023-24 Budget to be filed, as approved, with the County Superintendent of Schools on State Form SACS-2023 in the manner prescribed by law.
- (2) Delegation of authority to the Budget Services and Financial Planning Division and the Accounting and Disbursements Division to take all actions necessary to implement the Budget Assumptions and Policies set forth in this Board Report (Attachment B).
- (3) Approval of the enclosed Resolution Regarding Expenditures from the Educational Protection Account (“EPA”) for Fiscal Year 2023-24 in accordance with the provision of Proposition 30 (Attachment C).
- (4) Approval of the enclosed Resolution to Commit 2023-24 Fund Balances to pay for labor agreements (Attachment E).
- (5) Approval of the enclosed Resolutions to Release Committed Fund Balance in Fiscal Years 2023-24 and 2024-25 or other years, as necessary (Attachments F and G).
- (6) Approval of the Arts, Music, and Instructional Materials Discretionary Block Grant Expenditure Plan (Attachment H).
- (7) Delegation of authority to the Chief Business Officer, the Controller, or their designee to make interfund transfers and/or temporary borrowings in accordance with the 2023-24 adopted and revised LA Unified budgets and Education Code section 42603. For reference, see Attachment I for a history of interfund transfers.

Background:

Annually, the Board of Education must hold a public hearing and adopt a budget consistent with the provisions of section 42127 of the Education Code. Upon adoption, the budget is to be submitted to the Los Angeles County Office of Education (LACOE) on or before July 1.

With the passage of Proposition 30, LA Unified shall receive part of its State entitlement through revenues from the Education Protection Account (EPA). In order to receive these entitlements, the Board of Education must, at an open meeting, make spending determinations regarding EPA funds.

Proposition 30 revenues are allocated to school districts through the EPA. These are not additional funds outside of the Local Control Funding Formula, but rather another source of the general purpose funds (similar to local property taxes) that offsets what would otherwise be state funding.

EPA funds may not be used for any salaries or benefits of administrators or any other administrative costs. LA Unified is also required to annually publish on its web site an accounting of how much EPA funds were received and how the funds were spent.

Sections 42127 and 52062 of the Education Code require two separate Governing Board public meetings for the Local Control and Accountability Plan (LCAP) and the Budget, one for the public hearing of the LCAP and Budget and a subsequent meeting for the adoption. The LCAP public hearing and adoption must occur at the same meetings as the budget public hearing and adoption.

As required by Senate Bill (SB) 858/751, Attachment D sets forth the minimum reserve level required in each year, amounts of assigned and unassigned ending balance that exceed the minimum, and reasons for the reserve being greater than the minimum.

As required by Governmental Accounting Standards Board (GASB) Statement No. 54 *Fund Balance Reporting and Governmental Fund Type Definitions*, Attachment E sets forth the committed fund balance for specific uses. Attachments F and G set forth to release committed fund balance.

As required by Assembly Bill (AB) 181 Sec. 134 (amended by AB 185 Sec. 56) (e) The governing board or body of each school district, county office of education, or charter school receiving the Arts, Music, and Instructional Materials (AMIM) Discretionary Block Grant funds shall discuss and approve a plan for the expenditure of funds received pursuant to this section at a regularly scheduled public meeting. It is the intent of the Legislature that each school district, county office of education, or charter school expend any resources received pursuant to this section consistent with their governing board or body approved plan.

The interfund transfer and temporary borrowing authorization is an annual request to allow staff to process accounting transactions related to interfund transfers and temporary borrowings. Interfund transfers are made between funds for various purposes, including transfers for debt service requirements. Temporary borrowings are made in situations where LA Unified advances cash from a fund with sufficient cash balance to pay obligations of a fund with insufficient cash balance. Repayments of the cash advances are made within statutory timelines.

Expected Outcomes:

The outcome of this Board action is an adopted budget for fiscal year 2023-24 that shall enable LA Unified to comply with Education Code Section 42127.

A further expected outcome of this Board Action is an adoption of Resolutions Regarding EPA expenditures for 2023-24.

Approval of the Resolution to Commit Fund Balance shall ensure funds are used for the specific purpose unless the Board takes subsequent formal action to uncommit the originally imposed constraint.

Approval of the Resolutions to Release Committed Fund Balance ensures that LA Unified adheres to GASB 54.

Approval of the AMIM Discretionary Block Grant plan shall ensure funds are spent according to the planned expenditures.

Approval of interfund transfers and temporary borrowings authorization shall ensure that interfund transfers and/or temporary borrowings are authorized beginning in July 2023. LA Unified staff shall be able to make required and timely interfund transfers or temporary borrowings in the 2023-24 fiscal year.

Board Options and Consequences:

Should the Board vote to approve, LA Unified will meet the annual budget adoption requirements of Education Code Section 42127. Should the Board vote not to approve, LA Unified will not meet the requirements of Education Code Section 42127.

Non-approval of the EPA resolution as set forth in Proposition 30 may place the EPA entitlement at risk.

Without approval to commit or release committed fund balance, LA Unified will not be able to implement any proposed changes to commitments. Commitments may be changed or removed only by the governing board taking the same formal action that imposed the initial constraint.

Without approval of the AMIM Discretionary Block Grant expenditure plan, LA Unified will not be able to spend the funds as specified and until such a time the plan is approved.

Without prior approval to process interfund transfers and temporary borrowings, LA Unified staff will not have the authority to make required and timely interfund transfers and/or temporary borrowings in Fiscal Year 2023-24.

Policy Implications:

Adoption of the Proposed 2023-24 Budget, approval of the Resolution Regarding Expenditures from the EPA, approval of the Resolution to Commit Fund Balances, approval of the Resolutions to Release Committed Fund Balance, approval of the AMIM Discretionary Block Grant expenditure plan, and delegation of authority to make interfund transfers and/or temporary borrowings shall comply with the Education Code and GASB requirements.

Budget Impact:

Adoption of the Proposed 2023-24 Budget.

Student Impact:

Compliance with Education Code and GASB requirements ensures that LA Unified shall continue to operate and serve its student population responsibly.

Equity Impact:

Component	Score	Score Rationale
Recognition	4	The proposed budget is LA Unified's plan for the upcoming schools year 2023-24 related to anticipated revenues and expenditures for all LA Unified funds with the General Fund being the largest fund. This budget includes Federal, State, and Local resources that are allocated directly to schools based on student needs that are measured by various indicators. Students learn in different ways depending on the student's background, language, race, economic profile, etc. Therefore, resources are allocated to address these differences. Programs allocated using various indicators include, but are not limited to, the Student Equity Needs Index (SENI), Black Student Achievement Plan (BSAP), Arts Program, Staffing Equity Grant, and Title 1.
Resource Prioritization	4	Within the General Fund is the Local Control Funding Formula (LCFF) which is the largest unrestricted source of funding for schools. LCFF provides baseline funding for all students and additional resources to schools with high concentrations of low-income students, English Learners, and students in foster care.

EXECUTIVE SUMMARY – ADOPTION OF THE PROPOSED 2023-24 BUDGET

Each year, on or before June 30th, the Board adopts a budget for the upcoming fiscal year. The Board is scheduled to conduct a hearing of the 2023-24 Budget on June 13, 2023, and consider its final adoption on June 20, 2023.

The Local Control and Accountability Plan (LCAP) follows the same hearing and adoption period. The Budget and LCAP represent the culmination of public discussions on LA Unified's instructional priorities and investments.

Highlights

Below are the major highlights for the Proposed 2023-24 Budget:

- Reflection of the Governor's May Revision which provides a cost-of-living adjustment (COLA) of 8.22% for the Local Control Funding Formula (LCFF) and Special Education AB 602 funding.
- LCFF projected revenue funded on the average of three prior years' Average Daily Attendance (ADA) as authorized by the 2022-23 Enacted State Budget to mitigate the impact of declining enrollment and attendance.
- Inclusion of projected revenue from Proposition 28 (The Arts and Music in Schools Funding Guarantee and Accountability Act) which California voters approved on November 8, 2022. Funding to schools shall commence in Fiscal Year 2023-24. LA Unified's proposed budget reflects an \$83 million estimated funding.
- Inclusion of \$881.6 million of Federal revenues for Elementary and Secondary School Emergency Relief (ESSER) III from the American Rescue Plan Act and \$68.9 million of ESSER II from the Coronavirus Response and Relief Supplemental Appropriations Act
- Inclusion of \$457.1 million of new State revenue for the Expanded Learning Opportunities Program (ELOP).
- Reflection of expenditures for bargaining agreements with Service Employees International Union Local 99 (SEIU), Associated Administrators Los Angeles Unit J (AALA-J), and United Teachers Los Angeles (UTLA).
- Reflection of a \$211 million contribution from all funds to the employees' Other Post-Employment Benefits (OPEB) trust account.
- The release of committed ending balance for Student Equity Needs Index (SENI), as approved by the Board on May 9, 2023.
- Incorporation of the 2022-23 projected Unassigned General Fund ending balance of \$193.7 million and COLA revenue changes from the May Revision.
- Projected positive unassigned ending balances in Fiscal Years 2023-24, 2024-25, and 2025-26.
- Adherence to the 10% reserve cap which the May Revision continues to trigger.

LA Unified is balanced in the projection period 2023-24 through 2025-26.

LA Unified continues to have a structural deficit whereby in-year expenditures exceed in-year revenues. As revenues continue to decrease due to enrollment decline, expenditures have not been reduced proportionately. The 2023-24 Proposed Budget includes the draw down of one-time fund balance over the multi-year projection as well as the use of one-time State funding as balancing solutions.

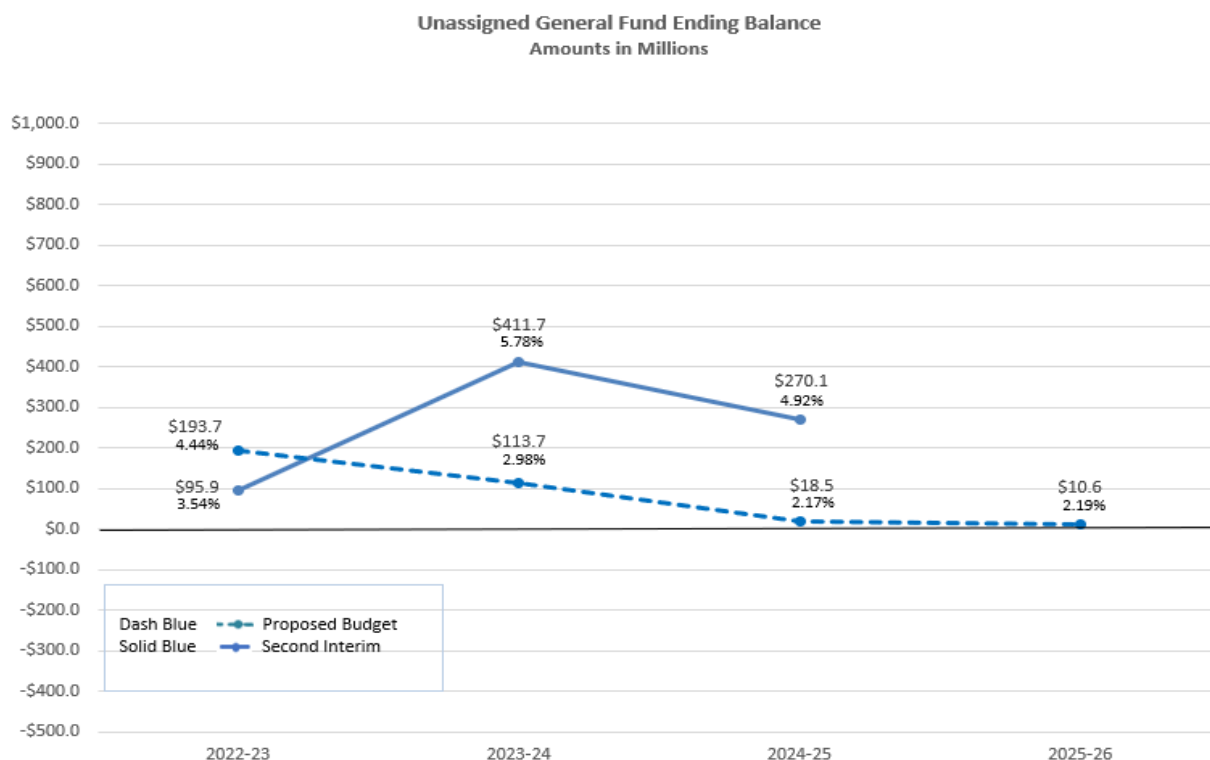

Table I provides a summary reconciliation of the Unassigned General Fund ending balances 2023-24 through 2025-26 from the Second Interim Report (March 2023) to the Proposed Budget (June 2023):

Table I. Estimated Unassigned General Fund Ending Balances

Reconciliation from Second Interim to Proposed Budget – March 2023 to June 2023 (Amounts in millions)	2023-24	2024-25	2025-26
Unassigned Ending Balance at Second Interim	\$ 411.7	\$ 270.1	N/A
Changes from Second Interim to Proposed Budget	(298.0)	(251.6)	N/A
Estimated Unassigned Ending Balance (June 2023)	\$ 113.7	\$ 18.5	\$ 10.6

Attachment D of the board report lists the estimated Assigned and Committed General Fund ending balances for 2023-24 through 2025-26.

The Unassigned General Fund ending balance reserve percentage is estimated to drop from 4.44% in 2022-23 to 2.19% in 2025-26.

Next Steps

The State's budget shortfall grows to \$31.5 billion at the May Revision from the \$22.5 billion at the January Proposed Budget. The national and state economy are shrouded with uncertainty brought about by the delayed tax receipts due to California's postponement of tax filings until October 2023, interest rate hikes, and the threat of a potential recession.

The Governor's spending proposals in the May Revision include, but are not limited to, Proposition 98 funding of \$106.8 billion in investments, 8.22% statutory COLA for LCFF and select categorical programs, and over \$37.2 billion in reserves, including a balance of \$10.7 billion in the Proposition 98 rainy-day fund called the Public School System Stabilization Account (PSSSA). The PSSSA amount continues to trigger a statutory 10% cap on local reserves wherein the combined unassigned and assigned balances shall not exceed 10% of General Fund Expenditures and Other Financing Uses. The LA Unified Proposed 2023-24 Budget meets the 10% cap on reserves in its multi-year projection.

The Governor's May Revision retains the \$300 million LCFF Equity Multiplier proposal with funds to be distributed to high poverty schools. This is not reflected yet in LA Unified's 2023-24 Proposed Budget. The Legislature has until June 15 to pass the budget after which the budget bill is sent to the Governor for his signature. Updates to the Board of Education shall be provided to reflect provisions of the 2023-24 Enacted State Budget and trailer bills.

The current multi-year projection is positive due to balancing solutions. However, the cost of agreements with bargaining units that have yet to settle shall further lower the Unassigned General Fund ending balances. Should these balances become negative, additional fiscal strategies may be required.

Ending Balance Reserve Requirements

Beginning in 2015-16, LA Unified must determine the minimum reserve level amounts of estimated assigned and unassigned ending balances that exceed the required minimum under Senate Bill (SB) 858/751. LA Unified must also state reasons for the reserve being greater than the minimum.

Approximately 50% of the assigned ending balances are in the General Fund School Allocation and School Site Program Carryover categories. The General Fund School allocations are the main account that school sites use for their local needs. These categories also contain unspent Charter School Categorical Block Grant, Community Schools, and resources for Band and Drill Uniforms. Some of these accounts are also associated with specific local revenues such as donations and filming revenues.

Approximately 50% of the committed balances are in Proportionality resources allocated to schools to increase or improve services for English learners, students in foster care, and low-income students.

The Unassigned/Unappropriated balances are amounts that could be used for any Board approved purposes and have not been designated for a specific use. The unassigned ending balance of \$113.7 million in 2023-24 is a factor in balancing 2024-25 and 2025-26. Fiscal Year 2025-26 includes balancing solutions.

The Governor's 2023-24 May Revision continues to trigger a statutory 10% cap on local reserves wherein the combined unassigned and assigned balances shall not exceed 10% of General Fund Expenditures and Other Financing Uses. LA Unified's Proposed 2023-24 Budget meets reserve requirements in its multi-year projection.

GENERAL FUND MULTI-YEAR PROJECTION

AB 1200 (Chapter 1213/1991) and AB 2756 (Chapter 52/2004) were enacted in response to near bankruptcies of a number of school districts, an increase in requests for state emergency loans, and an increase in financial distress. As a result, school districts are required to submit a Multi-Year Projection (MYP) of the General Fund that includes the current fiscal year and two subsequent fiscal years. The MYP is considered by the Los Angeles County Office of Education (LACOE) as part of its fiscal solvency review process.

The MYP is a mathematical result of today's decisions based on a given set of assumptions. LACOE provides the District with guidelines on what assumptions to use for items such as, but not limited to, the cost-of-living adjustment (COLA) for Local Control Funding Formula (LCFF) revenue and employer rates for pension systems. The assumptions are expected to change as the various factors change at the State and local levels. The assumptions are listed in the Budget Assumptions and Policies pages of the Board Report.

It is important to note that the MYP is not a forecast or prediction, for which there is a higher implied reliability factor. While the terms "forecast" and "projection" are sometimes used interchangeably, there is a difference between them.

The American Institute of Certified Public Accountants (AICPA) define the terms as follows:

Forecast. Prospective financial statements that present, to the best of the responsible party's knowledge and belief, an entity's expected financial position, results of operations and cash flows. A financial forecast is based on the responsible party's assumptions reflecting the conditions it expects to exist and the course of action it expects to take.

Projection. Prospective financial statements that present, to the best of the responsible party's knowledge and belief, given one or more hypothetical assumptions, an entity's expected financial position, results of operations and cash flows.

The main difference between forecast and projection comes down to the nature of the assumptions. A forecast uses assumptions that represent expectations of actual future events. A projection, which is the MYP, uses assumptions that include guidelines from an oversight agency like LACOE that may or may not happen.

The School Staff and Resources section describes personnel and non-personnel resource allocations made to most district schools based on approved allocation rates or “norm”. Staffing ratios are provided for regular elementary schools, regular secondary schools, magnet and alternative schools, options schools, early childhood centers, community adult schools, regional occupational centers (ROC) and skills centers.

Personnel resources provided on a norm basis include positions such as teachers, principals, assistant principals, clerical, and other personnel. Staffing allocations also include non - classroom support personnel such as teacher librarians, guidance, welfare, attendance, physical and mental health personnel, campus aides, and maintenance and operations staff.

A separate listing is provided for materials and supplies allocations to cover basic needs of instructional materials, textbooks, custodial, gardening and operational supplies, and school/community advisory committee expenses.

For resources allocated specifically for students with disabilities, please see School Staffing and Resources – Special Education.

SUPPORT PERSONNEL ALLOCATIONS FOR FY 2023-2024**Custodial Personnel – TK – 12 Schools**

Custodial Personnel allocations for TK-12 schools are based on a combination of factors, mainly space (square footage of different types of areas) and student enrollment. For most TK - 12 schools, allocations are based on the following:

- The minimum staffing allocation for a TK-12 school is 16 hours and each school is allocated a Plant Manager within the allocation. Schools may also be allocated an Assistant Plant Manager based on the number of custodial hours on the night shift. The Plant Manager level is determined by the size of the campus. The placement of an Assistant Plant Manager as well as the levels of both the Plant Manager and Assistant Plant Manager can only be changed after review by Personnel Commission.
- Square footage area of interior space and exterior area hardscape and planted areas are used to determine a time value to clean the spaces daily.
- A Budget reduction factor is applied based on available funding for custodial staffing.
- An Enrollment factor of .41 minute per enrolled student is added back in after the above reduction.
- Custodial time is rounded to the nearest 4-hour increment to determine the amount of staffing budgeted for the school site.
- High schools and middle schools are also allocated C – basis School Facilities Attendant(s) whose main duty is to service restrooms and provide other miscellaneous duties within their job classification description when the school is in session.
- Pool custodians will be assigned to the Maintenance and Operations (M&O) Areas and will service schools' swimming pools in their respective M&O areas.

Custodial allocations are also augmented based on enrollment at schools using the criteria below. These criteria and allocations are subject to change based on availability of funds in Program 11694 Operations-school positions.

- Elementary schools with an enrollment greater than 606 students that are allocated 16 hours of custodial time will receive an additional 4-hour custodial allocation.
- Middle schools with an enrollment greater than 1,744 will receive an additional 4-hour custodial allocation.

Custodial Personnel – Special Education Centers and Special Education Program in TK-12 Schools

Custodial staffing allocation for Special Education Centers and for combined special education and traditional school sites is first calculated like a traditional site. Custodial staffing hours may be added to site allocation due to:

- Special Education allocation rules below also apply to traditional schools with 500 or greater enrollment

- Traditional sites or stand-alone special ed sites with 5 or greater classrooms designated for students in the following programs: PCC, PAL, PSC, AUT, IDS, MDS, IDM, MD, EE, VI, and DHH (page II-22).
- The following allocations will be made to the sites described above:
 - 4 custodial hours if using 5-12 classrooms for designated programs
 - 8 custodial hours if using 13-17 classrooms for designated programs
 - 12 custodial hours if using 18-23 classrooms for designated programs
 - 16 custodial hours if using 24-29 classrooms for designated programs
 - 20 custodial hours if using 30 or more classrooms for designated programs

Custodial Personnel – Option Schools

Custodial allocations for continuation schools, opportunity schools, community day schools, and independent study schools are calculated similarly to TK-12 sites subject to the following guidelines:

- Continuation schools, opportunity schools, community day schools, and independent study schools are often contained within a larger TK-12 campus. For these sites, enrollment and square footage values are included in the main site's allocation.
- The continuation school, opportunity schools, community day school, or independent study school program contribute funding based on the size of the area used on the main campus. The time apportioned to the continuation schools, opportunity schools, community day schools, or independent study schools and the funding program are included on the main site's custodial allotment sheet.

When a continuation school, opportunity school, community day school, or independent study school is not co-located with a larger campus, custodial allocation is calculated similarly to a typical TK-12 school site.

Custodial Personnel – Adult Education Sites

Custodial allocations for Adult Education sites are calculated similarly to TK-12 sites. Stand-alone Adult Education sites are assigned to a team cleaning group consisting of an appropriate level plant manager and an assistant plant manager as needed. The Division of Adult Education funds custodial staffing for these sites. When Adult Education uses a portion of a larger host campus, the Adult Education custodial team assigned to the Adult Ed centers in that area will provide custodial services for the campus areas used, in coordination with the site's plant manager and administrator. No additional custodial hours will be added to the host school site allotment, as the Adult Ed custodial team will provide needed custodial support.

Campus Aides

Campus aides are allocated to provide a range of three (3) to eight (8) hours of supervision support to schools subject to review and approval by Regions and District Operations based upon security considerations.

Teacher Librarians

Per the District - UTLA agreement of January 2019 (part of the settlement of the UTLA work stoppage), the District funds a full-time Teacher Librarians (TL) for all secondary schools, including SPAN schools. The agreement allowed a two-year period for implementation (2019-20 and 2020-21 school years). K-8 SPAN schools are included in this agreement. Each secondary school receives a one (1.0) position. For shared sites, the funding for the 1.0 position is divided among the schools sharing the site. The schools then pool the funding to purchase the 1.0 TL position. The funding provided for the Teacher Librarian position may not be repurposed.

School Nurses

Mandated health requirements must be met. Once the District's minimum requirements are budgeted in Program 10529-School Nurse, additional categorical supplemental resources may be purchased to supplement, not supplant. Each school will receive full-time School Nurse allocation as required by the UTLA contract.

However, in the event of a nursing staff shortage, schools may not receive the entirety of their School Nurse time, and District Nursing Services will have the discretion to prioritize nursing time based on students' health needs. While every effort will be made to minimize changes to the nursing allocation to schools, student health needs criteria will determine the priority for nursing services in the event of a staffing shortage, therefore resulting in possible changes during the school year. These funds should not be used for activities such as health office management or to provide services that can be assigned to trained unlicensed staff. Schools may purchase additional nursing time from their budget based on the health needs of their students.

There is no flexibility allowed on this resource.

School Psychologists

School Psychologists and related personnel are allocated to schools based on student needs and type of school. The following allocations represent minimum requirements for general education K-12 schools. Please note that the below model may differ at shared sites and pilot schools.

Elementary Schools	.25 day per week
Middle Schools	.4 day per week
Senior High Schools	.5 day per week

In addition to special education and general education allocations, schools purchase additional psychological services based on the needs of their students and the schools' ability to fund the positions.

Pupil Services and Attendance Counselors

Schools purchase Pupil Services and Attendance Counselors services based on their needs for attendance services and the schools' ability to fund the positions.

Black Student Achievement Plan PSA Counselors are allocated to BSAP group 1 and 2 elementary schools. Each elementary school receives one (1.0) FTE. Additional FTEs will be allocated if the number of Black students is greater than or equal to 375.

Material and Supply Allocation Rates

The District uses the Student Equity Needs Index score to determine the Targeted Student Population (TSP) and SENI allocations to schools.

Overview

There are four fundamental principles in designing an equity-based funding formula:

- Equity – funds should be allocated according to need.
- Transparency – the methodology for allocating funds is clear, simple, and understandable.
- Fairness – schools with similar needs should receive similar funds per TSP student (English Learners, students in foster care, and students designated as low income).
- Stability and Feasibility – funds should be allocated in a manner that causes minimal disruption to school planning.

Equity-Based Funding Formula

- Based on the school's SENI score, there are five rankings: Highest, High, Moderate, Low, and Lowest.
- Funds are allocated at a per pupil rate based on the school's Student Equity Needs Index score.
- Starting in school year 2023-24, it was necessary to establish three new program codes to align and track budgeted expenditures to LAUSD's Strategic Plan goals. Funds that were originally allocated in program code 10552, SENI, were transferred to the new program codes below:
 - Program 10947, Academic Excellence
 - Program 10948, Joy and Wellness
 - Program 10949, Engagement and Collaboration

DESCRIPTION OF FUNDS

California State law requires school districts to organize their financial reporting by “fund”. The California School Accounting Manual (CSAM), which governs school district budgeting and accounting processes in California, defines “fund” as an accounting entity with a self-balancing set of accounts recording financial resources and liabilities. It is established to carry on specific activities or to attain certain objectives of a Local Educational Agency (LEA) in accordance with special regulations, restrictions, or limitations.” (Section 101, December 1998).

LEAs such as the Los Angeles Unified School District are required to budget by fund. The Final Budget is comprised of a General Fund and 23 special funds. The uses of these funds are summarized below.¹

OPERATING FUNDS

*Fund 010: **General Fund*** is used to account for the basic instructional, support, and administrative operations of the District. The General Fund includes services to regular K-12 schools, the special education program, and other programs. The General Fund supports and accounts for both restricted and unrestricted funding sources and expenditures. The restricted sources are summarized in the Restricted General Fund section of this document.

*Fund 110: **Adult Education Fund*** is used to account separately for federal, state, and local revenues for adult education programs, as well as for expenditures that support this program. Expenditures in the Adult Education Fund are limited to those for adult education purposes. Moneys received for programs other than adult education may not be expended for adult education purposes (Education Code §52616[b]).

*Fund 120: **Child Development Fund*** is used to account for federal, state, and local revenues to operate child development programs. In the Los Angeles Unified School District, the Child Development Fund supports the activities of the Early Childhood Education Centers that operate throughout the District. This fund may be used only for expenditures for the operation of child development programs and may be subsidized by the General Fund as well.

*Fund 130: **Cafeteria Fund*** is used to account for federal, state, and local resources to operate the District’s food service program (Education Code §38091 and §38100).

¹ Definitions reflect the California School Accounting Manual descriptions where available, augmented by information from the District budget and the District’s 2020-21 Audited Annual Financial Report to reflect specific District use of various funds

DESCRIPTION OF FUNDS

CAPITAL PROJECTS FUNDS

Building Funds exist primarily to account for proceeds from the sale of bonds (Education Code §15146). Expenditures are most commonly made against Object 6000 – Capital Outlay accounts. As the result of the passage of multiple bond elections, the District operates six separate Building Funds.

*Fund 210: **Building Fund – Measure R*** accounts for the proceeds resulting from the passage of Measure R, a local school bond measure approved by the voters in March 2004, for new school construction and repairs to existing schools.

*Fund 211: **Building Fund – Proposition BB*** accounts for the proceeds resulting from the passage of Proposition BB, a local school bond measure approved by the voters in April 1997 for construction of new schools and repair and modernization of existing schools.

*Fund 212: **Building Fund*** accounts for proceeds from the sale of bonds prior to 1997, as well as state allowances and other resources designed for facilities expansion.

*Fund 213: **Building Fund – Measure K*** accounts for the proceeds resulting from the passage of Measure K, a local school bond measure approved by the voters in November 2002, for new school construction and repair and modernization of existing schools.

*Fund 214: **Building Fund – Measure Y*** accounts for the proceeds resulting from the passage of Measure Y, a local school bond measure approved by the voters in November 2005, for school construction and modernization, with the goal of returning all schools to a traditional calendar.

*Fund 215: **Building Fund – Measure Q*** accounts for the proceeds resulting from the passage of Measure Q which was a local school bond measure approved by the voters in November 2008 to fund critical repair and safety needs, create science labs and other specialized classrooms necessary to teach courses that would help students get into college or start careers after they graduate, and help create classrooms that are up to date in technology and high speed internet.

*Fund 216: **Building Fund – Measure RR*** accounts for the proceeds resulting from the passage of Measure RR, a local school bond measure approved by the voters in November 2020, for school upgrades and safety measures.

*Fund 250: **Capital Facilities Account Fund*** accounts for resources received from developer fees levied upon new residential, commercial, or industrial development projects within the District's boundaries. The dollars are used to obtain funds for the construction or acquisition of school facilities to relieve overcrowding.

*Fund 300: **State School Building Lease-Purchase Fund*** accounts for state apportionments received in accordance with California Education Code §17700-17780, primarily for relief of overcrowding.

DESCRIPTION OF FUNDS

Fund 351: County School Facilities Fund account for revenues and expenditures resulting from building projects funded primarily or in part from state bond elections or from matching funds. The District used to operate four separate County School Facilities Funds. In 2013-14, these four funds shown below were consolidated into one single County School Facilities Fund.

County School Facilities Fund - 1A accounts for school construction and modernization funds received from proceeds resulting from the passage of Proposition 1A in 1998, as well as for local matching funds.

County School Facilities Fund – Proposition 47 accounts for apportionments received from the State School Facilities Fund. The passage of Proposition 47 in November 2002 authorized the sale of bonds for new school facility construction, modernization projects, and facility hardship grants.

County School Facilities Fund – Proposition 55 accounts for the matching funds received as a result of the passage of Measure R. Proposition 55 was passed by the voters in March 2004.

County School Facilities Fund – Proposition 1D provides funding from the Kindergarten-University Public Education Facilities Bond Act of 2006. Proposition 1D was approved by the voters in the November 2006 general election. Funds provide additional dollars for existing school facilities programs. Funds also provide new dollars for seismic mitigation of the most vulnerable school facilities, creation of career technical education facilities, reduction of severely overcrowded sites, and incentives for the construction of high-performance “green” schools.

Special Reserve Funds for Capital Outlay Projects provide for the accumulation of General Fund moneys for capital outlay purposes (Education Code §42840). Transfers authorized by the governing board must be utilized for capital outlay purposes. The District operates four Special Reserve Funds:

Fund 400: Special Reserve Fund – Community Redevelopment Agency accounts for reimbursements of tax increment revenues from certain community redevelopment agencies based on agreements between the District and the agencies. The reimbursements are to be used for capital projects within the respective redevelopment areas covered in the agreements.

Fund 401: Special Reserve Fund accounts for District resources designated for capital outlay purposes such as land purchases, ground improvements, facilities construction and improvements, new acquisitions, and related expenditures.

Fund 402: Special Reserve Fund – FEMA – Earthquake accounts for funds received from the Federal Emergency Management Agency (FEMA) for capital outlay projects resulting from the January 17, 1994 Northridge earthquake.

Fund 403: Special Reserve Fund – FEMA – Hazard Mitigation accounts for funds received from FEMA and for the 25% District matching funds for the retrofit/replacement of pendant lighting and suspended ceilings in selected buildings at schools, offices, and Early Childhood Education Centers.

DESCRIPTION OF FUNDS

DEBT SERVICE FUNDS

*Fund 510: **Bond Interest and Redemption Fund*** accounts for the payment of the principal and interest on Proposition BB and Measures K, Q, R, and Y bond issues. Revenues are derived from ad valorem taxes levied upon all properties subject to tax by the District.

*Fund 530: **Tax Override Fund*** accounts for the accumulation of resources from ad valorem tax levies for the repayment of State School Building Aid Fund apportionments.

*Fund 560: **Capital Services Fund*** accounts for the accumulation of resources for the repayment of principal and interest on certificates of participation (COPs) and long-term capital lease agreements. Revenues are derived primarily from operating transfers from user funds and investment income.

INTERNAL SERVICE FUNDS

*Fund 670: **Health and Welfare Benefits Fund*** pays for claims, administrative costs, insurance premiums, and related expenditures for the District's Health and Welfare Benefits program. Medical and dental claims for the self-insured portion of the Fund are administered by outside claims administrators. Premium payments to Health Maintenance Organizations for medical benefits and to outside carriers for vision services, dental services, and optional life insurance are also paid out of this Fund.

*Fund 671: **Workers' Compensation Fund*** pays for claims, excess insurance coverage, administrative costs, and related expenditures. An outside claims administrator manages Workers' Compensation claims for the District.

*Fund 672: **Liability Self-Insurance Fund*** pays for claims, excess insurance coverage, administrative costs, and related expenditures, and to provide funds for insurance deductible amounts. An outside claims administrator manages liability claims for the District.

FIDUCIARY FUNDS

*Fund 713: **Other Post-employment Benefits (OPEB) Fund*** accounts for resources to be distributed to a trust account for employees' Other Post-employment Benefits.

SPECIAL REVENUE FUNDS

*Fund 080: **Student Body Funds*** at the school sites account for cash held by the District on behalf of the student bodies. Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities* necessitates the inclusion of the Student Body Budget in the overall LA Unified Budget.

SOURCES AND USES OF FUNDS

SOURCES OF FUNDS

Beginning Balance

This section of the financial statements basically reflects the ending balance of the prior year. In addition, it may include adjustments due to audit or restatements of amounts.

Revenue

This section entails the various types of revenues received. They are classified based on the source of funds such as the Local Control Funding Formula, federal, state, and local revenues. For example, entitlements or grants coming from the federal government such as the Federal IDEA and Title I are included under federal revenues; while entitlements or grants coming from the state such as the Special Education funding AB 602 is included in the state revenues. It may also include inter-fund transfers-in from other funds.

USES OF FUNDS

Expenditure

This section reflects the amounts of funds spent or to be spent based on the type of expenditure which are called the objects of expenditures. These may be certificated and classified employees' salaries, employee benefits, books and supplies, contracts, and capital outlay. It may also include inter-fund transfers-out to other funds.

- *Certificated Salaries* include salaries for positions that require a credential or permit issued by the Commission on Teacher Credentialing such as salaries of school administrators, teachers, librarians, counselors, nurses, and certificated central office administrators.
- *Classified Salaries* include salaries for positions that do not require a credential or permit issued by the Commission on Teacher Credentialing such as salaries of instructional aides, school administrative assistants, bus drivers, carpenters, custodians, plumbers, and those non-certificated employees who supervise their work.
- *Employee Benefits* include employers' contributions to retirement plans and health and welfare benefits for employees, their dependents, retired employees, and board members; and other post-employment benefits.
- *Books and Supplies* include the cost of textbooks, instructional materials, general supplies, and fuel.

SOURCES AND USES OF FUNDS

- *Services and Other Operating Expenses* include the cost of contracts, travel and conferences, dues and memberships, utilities, rentals, leases, repairs, and professional or consulting services.
- *Capital Outlay* includes the cost of facilities (land and buildings), books and media for new libraries or major expansion of school libraries, equipment, and equipment replacement. Most of LAUSD's capital outlay costs are in bond funds devoted specifically to school construction and modernization.
- *Other Outgo* includes pass through of apportionments to county-educated LAUSD-resident students, transfers of taxes to direct-funded (fiscally-independent) charter schools, bond redemptions, and bond interest and other service charges.

Ending Balance

This section entails the ending fund balance for the fiscal year which are classified into various categories. GASB 54 implemented a five-tier fund balance classification that sets the parameters and spending constraints as to use of funds.

- *Non-spendable Fund Balance* consists of funds that cannot be spent due to their form. These include inventory and prepaid items or funds that are legally or contractually-required to remain intact, such as the principal of a permanent endowment.
- *Restricted Fund Balance* consists of funds that are subject to externally-imposed and legal constraints.
- *Committed Fund Balance* consists of funds that are subject to internal policies and constraints. These policies are self-imposed by the District's highest level of decision-making authority.
- *Assigned Fund Balance* consists of funds that are intended to be used for a specific purpose by the District's highest level or an official with the authority to assign funds.
- *Unassigned Fund Balance* consists of residual fund balance that has not been classified in the previous four categories. It represents resources available for future spending.

CAPITAL IMPROVEMENT PLANNING & BUDGETING

The Superintendent's strategic plan includes an evaluation and assessment of how capital investments, both facilities and other District assets, are currently leveraged and how they can be further optimized and effectively sustained. This would include identifying all land, infrastructure, and equipment needs in support of sustainability efforts.

Scope of LAUSD Facilities & Assets

As the second largest school district in the country, LAUSD comprises 710 square miles with more than 79 million square feet of space. This includes more than 1,400 schools and centers. Listed below are some LAUSD Facilities key facts with respect to the size and breadth of capital assets and space LAUSD manages.

A **Capital Improvement Plan** is 1) an inventory and evaluation of an organization's facilities and major equipment assets; 2) an analysis of how those assets and equipment best support the goals and objectives of the organization; 3) a determination of construction and/or repair improvements needed to achieve the goals; 4) an identification of construction and repair costs; and finally, 5) a strategy to fund the construction and improvements.

Benefits of Capital Improvement Planning

A complete properly developed Capital Improvement Plan delivers the following benefits:

- Informs the public of the District's investment in infrastructure
- Synchronizes capital and operating budgets including the accounting for debt service and any ongoing operating budget impacts from Capital Projects
- Systematically evaluates competing demands for resources based on a prioritization matrix that reflects the District's long-term goals and objectives
- Identifies, prioritizes, and optimizes the financing of capital projects
- Links strategic and comprehensive plans with fiscal capacity

Best Practices (Per GFOA-Government Finance Officers Association)

- GFOA recommends that school districts prepare and adopt a comprehensive, fiscally sustainable, and multi-year capital plan to ensure effective management of capital assets. A prudent multi-year capital plan identifies and prioritizes expected needs based on a strategic plan, establishes project scope and cost, details estimated amounts of funding from various sources, and projects future operating and maintenance costs. A capital plan should cover a period of at least three years, preferably five or more.
- GFOA recommends the following general four-step process in the development of a capital plan:
 - Identify needs
 - Determine financial impacts
 - Prioritize capital projects
 - Develop a comprehensive financial plan

Capital Project Financing Options

LAUSD primarily utilizes the following options for financing capital projects:

Pay-As-You-Go Financing: Except in extenuating circumstances, the District will fund routine maintenance projects in each year's capital program with pay-as-you-go financing. Extenuating circumstances may include unusually large and non-recurring budgeted expenditures, or when depleted reserves and weak revenues would require the delay or deletion of necessary capital projects.

Lease Financing/COPs: Lease obligations, including COPs, lease revenue bonds ("LRBs") and other lease-purchase financings, are a routine and appropriate means of financing capital, including equipment. However, lease obligations have the greatest impact on budget flexibility. Therefore, efforts will be made to fund capital equipment with pay-as-you-go financing where feasible, and only the highest priority equipment purchases will be funded with lease obligations. For the District, lease financing for facilities is generally only appropriate when there is insufficient time to obtain voter approval, in instances where obtaining voter approval is not feasible and when projects cannot be funded with GO bonds. If voter approved GO Bond proceeds are available, the District may use such proceeds to refinance such lease financing. The District may issue COPs or LRBs in variable rate mode as provided for in Section 3.08 hereof. Asset transfer COPs or LRBs may be used if significant savings in financing costs can be generated compared to other financing alternatives.

General Obligation Bonds: GO Bonds may be issued under Article XIII A of the State Constitution pursuant to voter approved propositions, either under Section 1 (b)(2) which requires approval by at least two-thirds of voters or Section 1(b)(3) ("Proposition 39") which requires approval by at least 55% of voters, subject to additional restrictions. Voter-approved general obligation bonds typically provide the lowest cost of borrowing and do not impact the District's General Fund. General Obligation Bonds issued under Proposition 39 can only be used for school facilities, including furnishing, and equipping of school facilities. In recognition of the difficulty in achieving the required voter approval to issue general obligation bonds, such bonds will be generally limited to projects that provide wide public benefit and for which broad public support has been generated. GO debt cannot be used to fund District operations.

LAUSD Primary Capital Funding Source- GO Bonds

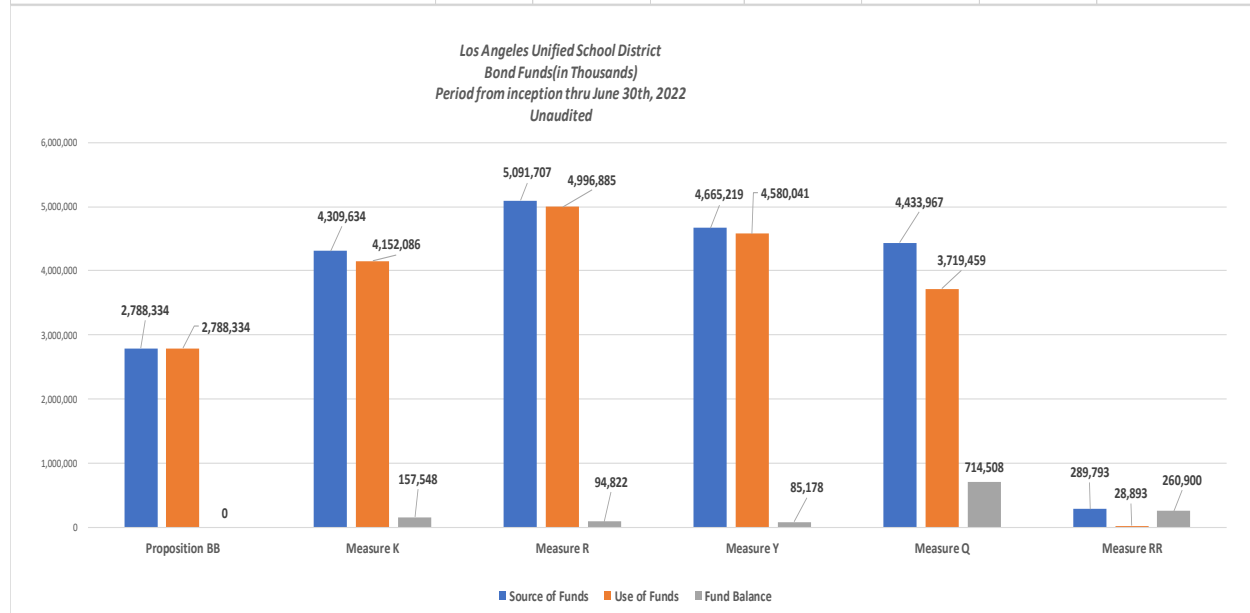

LAUSD's Capital Investments are primarily funded from local bond funds. The LAUSD's voter-approved Bond Program is currently valued at \$27.6 billion. LAUSD is managing a multi-billion program to build new schools to reduce overcrowding and modernize existing campuses throughout the District. The following table below summarizes local bonds that have been voter approved since 1997 and financial status as of the end of Fiscal Year 2021-22.

Additional Capital Needs (Not funded by Local Bonds)

The District is committed to investing resources other than local bond funds in both academic and non-academic facilities and equipment which provide direct support to our schools. In September of 2022, the District embarked on an initiative to build a comprehensive and coherent capital plan and budget for capital projects that do not receive bond funds.

Establishing the Capital Plan

The process followed in the establishment of this capital plan is outlined below:

- Creation of a six-member executive steering committee that includes the Chief Business Officer, Chief Facilities Executive, Chief Information Officer, Chief Strategy Officer, Chief of Police, and Senior Advisor to the Superintendent.
- Defining projects to be included in the capital plan
 - Projects with a minimum cost of \$100,000
 - Projects that were either ineligible for local bond funding or had not received a bond allocation
 - Projects at both Schools & Non- Academic Sites
- A review and determination of Capital Planning Best Practices by GFOA, OpenGov, and other school districts and local government agencies.
- Establishment of a Project Prioritization Process that scored projects based on the greatest positive impact on student learning and alignment to the strategic plan. More specifically, the following criteria were considered:
 - Health & Safety
 - Regulatory Compliance
 - Alignment to the Strategic Plan
 - Efficiency Impacts
 - Availability of External Funding (Grants, etc.)

The detailed capital plan will be presented to the Board of Education for approval in August as part of the August budget revision.

DISTRICT ENROLLMENT TRENDS

This section provides information and data related to the number of students served in the District schools.

To project enrollment, the Los Angeles Unified School District uses data on live births in Los Angeles County, historical grade retention rates, and other relevant information. The grade retention ratios measure the percentage of students expected to progress to the next grade level from one year to the next based on past trends. Estimated enrollments in grades 1 through 12 are calculated based on a variety of scenarios using weighted and true averages overtime. Kindergarten enrollments are calculated as a percentage of live births in Los Angeles County from five years earlier. Transitional Kindergarten enrollments are calculated as a percentage of live births in Los Angeles County from four years earlier.

Enrollment peaked in 2002-03 at 746,831 and has declined each year since. This is due to several factors, including the reduced birth rate in Los Angeles County and the increasing cost of living in Southern California.

Declining enrollment affects both revenue and expenditures. However, declining enrollment typically causes a more rapid decline in revenue after the first year. This is because declining enrollment districts are essentially “held harmless” for the decline from the previous year. Another contributing factor to the change in revenue and expenditures is the increase in students enrolled in fiscally independent charter schools.

The enrollment projections differentiate between students in fiscally independent charter and non-charter District schools. This helps the District estimate the impact of fiscally independent charter schools on the District’s budget. The fiscally independent charter school data include both schools that have converted from non-charter to fiscally independent charter school status (“conversion charters”) and schools that began their operation as fiscally independent charter schools (“start-up charters”).

The chart below shows the District enrollment trends for the past decade. The chart depicts the increase in the number of students enrolled in the independent charter schools in contrast with the decline in the District enrollment in TK-12 schools up to fiscal year 2020-21. Beginning fiscal year 2021-22 enrollment trends show a decline in fiscally independent charter schools and District schools.

Starting in 2019-20 school year, the California Dept of Education integrated CASEMIS into CALPADS (California Longitudinal Pupil Achievement Data System). CALPADS is submitted in October and started to include the disability "Multiple Disabilities" (MD). Students with EMD (3) disability were included in OHI above.

BREAKING DOWN LAUSD'S BUDGET

LAUSD's budget is large and complex. The chart below shows the hierarchy of LAUSD's fund structure based on California's Standardized Account Code Structure (SACS). This will guide and help the reader understand LAUSD's budget and its various components.

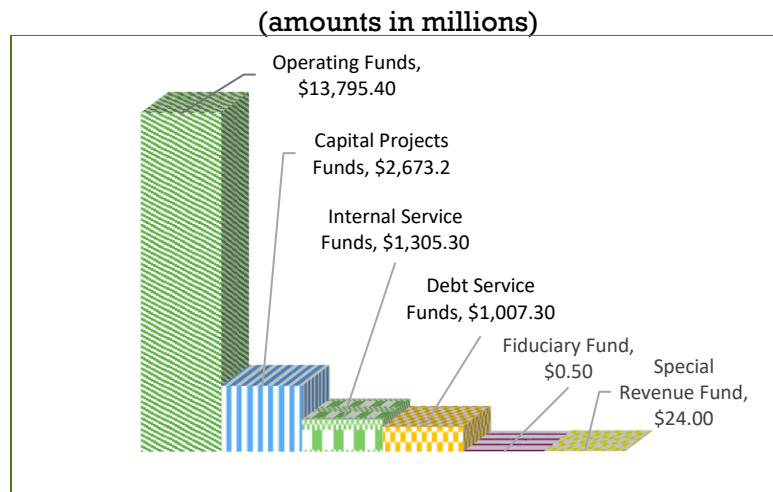

This section is designed to look at LAUSD's fund structure from the overall total budget drilling down to the General Fund, which is the largest Operating Fund of LAUSD. Therefore, this section of the budget overview will focus on the General Fund.

THE TOTAL BUDGET

The funds are categorized and grouped based on the use of the funds as follows:

1. **Operating Funds**, as discussed further below, is composed of the General Fund, Adult Education Fund, Child Development Fund, and Cafeteria Fund. The total Operating Funds for fiscal year 2023-24 is \$13,795.4 million. These funds are used for the day-to-day operation of LAUSD schools and offices.
2. **Capital Projects Funds** total to \$2,673.2 million and account for the acquisition, construction, or upgrade of facilities. The funding comes primarily from the sale of voter-approved bonds. These funds may not be used for the general day-to-day operations, as voters approved them for specific capitalized projects which will benefit current and future students.
3. **Internal Service Funds** total to \$1,305.3 million and are used for the payment of employee health and welfare benefits, workers' compensation, and liability insurance. The majority of funds accumulated in the Internal Service Funds come from funds generated by positions funded in the other funds. For example, *the cost of a teacher's health and welfare benefits* funded by the General Fund is transferred from the General Fund to the Health and Welfare Fund, which is one of the Internal Service Funds.
4. **Debt Service Funds** total to \$1,007.3 million and are used for the payment of interest and principal of long-term bonds.
5. **Fiduciary Fund** total to \$0.50 million and is composed of the Other Post-Employment Benefit (OPEB) Fund. This fund is dedicated for the health and welfare benefits of future retirees of LAUSD.
6. **Special Revenue Fund** total to \$24.0 million and is composed of the Student Body Fund.

Figure 1: 2023-24 TOTAL BUDGET (ALL FUNDS) = \$18.8 BILLION

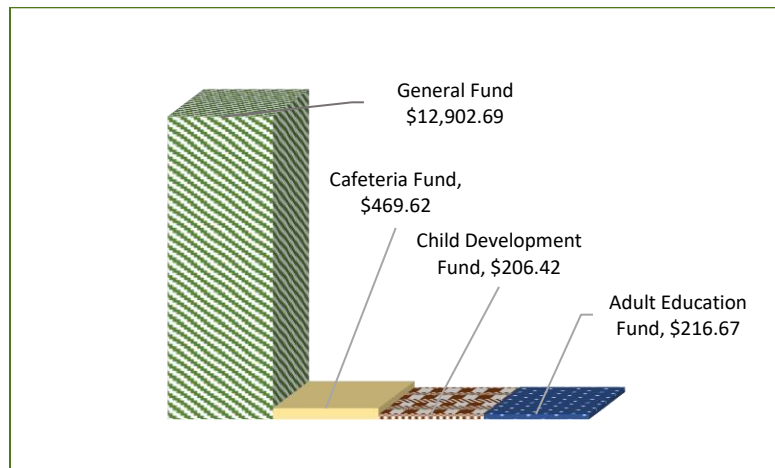

OPERATING FUNDS

As shown on the hierarchy of funds, the Operating Funds category is broken down into the following four individual funds:

1. **General Fund** - \$12,902.69 million includes funds for the basic instructional and administrative expenditures of the District
2. **Cafeteria Fund** - \$469.62 million includes funds for the food service programs
3. **Child Development Fund** - \$206.42 million includes funds dedicated for the operation of the Early Childhood Education program
4. **Adult Education Fund** - \$216.67 million includes funds dedicated for the operation of the Adult Education program.

An instructional program such as the Early Childhood Education (Child Development Fund) may cost more than the revenue it generates. Therefore, a support from the General Fund is necessary. This is also true for operational programs such as the ones offered by Food Services.

Figure 2: 2023-24 OPERATING FUNDS = \$13.8 BILLION
(amounts in millions)

GENERAL FUND

The \$12.9 billion General Fund includes “unrestricted” and “restricted” funds.

- **Unrestricted General Fund** – These are funds such as the Local Control Funding Formula (LCFF) Base, Supplemental, and Concentration Grants, and one-time Mandated Cost Block Grants that can be used for any general-purpose expenditure.
- **Restricted General Fund** – These are funds such as the AB 602 Special Education and Title I funds that must be used for specific purposes.

The General Fund is further broken down into major groups as shown below.

General Fund	Unrestricted	Restricted
General Fund School Program	●	
Proportionality Programs	●	
General Program	●	
Special Education Program		●
Ongoing and Major Maintenance Account		●

Some programs within the General Fund may also need support. An example is the Special Education Program which is subsidized by the General Program (unrestricted). The support for the Special Education Program from the General Program is called an “inter-program transfer”, where the transfer of funds occur between programs within the General Fund.

HOW EDUCATION IS FUNDED IN CALIFORNIA

Prior to the 1970s, California's schools were financed largely with property tax revenues imposed for the benefit of local school districts. This led to dramatic differences in school district funding. A school district with very high property values could raise more revenue per pupil with a low property tax rate, while a district with low property values could raise less with a much higher property tax rate. The state attempted to reduce these differences by providing more state aid to low-property wealth districts. Despite this effort, per pupil revenues varied considerably between districts. In fiscal year 1968-69, for example, per pupil expenditures ranged from \$577 in Baldwin Park to \$1,232 in Beverly Hills.¹ This disparity led to the important Serrano v. Priest (1976) equal protection litigation, which was resolved through statutory enactments that called for a general equalization of state apportionment revenue to school districts.

In 1978, voters approved Proposition 13. The new law limited property tax rates to one percent of a property's assessed value at the time of acquisition. Proposition 13 reduced property tax revenues available for local governments and school districts. To cushion the impact to school districts, the state Legislature shifted state dollars to schools.

With the adoption of Proposition 98 (1988) and Proposition 111 (1990), a minimum funding level from State and local property taxes was provided to K-14 public schools. California schools today receive the large majority of their funding from the State, primarily from income and sales tax revenues. To a much lesser extent, districts also receive some local property revenues that are collected at the local level but distributed by the State. Income and sales taxes are more volatile revenue sources than property taxes. When the economy sours, unemployment rises, leading to fewer purchases. This correspondingly leads to less income and goods to be taxed. As a result, fewer dollars become available for schools.

California school districts therefore face dramatic cyclical funding variations as the economy rises and falls. Further, California's Governor and State Legislature, whose vote on the State Budget Act determines how State funds may be spent, have enormous control over the ability of local school districts to utilize funding to meet the specific needs of their students. Approximately 60% of all school district funds in California are general purpose in nature; the remaining 40% are restricted to specific purposes, such as the needs of special education students, low income students, limited English-proficient students, and specific grade levels. This greatly constrains local boards of education in their spending decisions. They are further constrained in their ability to raise taxes independently of the State. Bond issues, usually limited to building programs, require a 55% vote for passage. Parcel tax measures require a 2/3 vote.

¹ California Budget Project, *School Finance in California and the Proposition 98 Guarantee* (April 2006).

In 2013, the Governor revising the state's allocation formula for school districts to increase flexibility at the local level. This proposal is known as the Local Control Funding Formula (LCFF). Under LCFF, the state provides a base grant for all students and additional grants for high-need students such as English Learners and socio-economically disadvantaged pupils.

The following provides information on legislation and court rulings that have significantly affected California's funding for education.²

Senate Bill 90 (1972) – In 1972, the Legislature established revenue limits for California public schools. The legislation placed ceilings on the amount of tax money each district could receive per pupil. This was in order to help reduce the wide differences in school funding between high and low property-wealth districts. The 1972-73 general purpose spending level became the base amount in determining each district's annual revenue limit.

Serrano v. Priest (1976) – This 1976 California Supreme Court decision declared the existing system of financing schools unconstitutional because it violated the equal protection clause of the State Constitution. The Court ruled that property tax rates and per pupil expenditures should be equalized and that, by 1980, the difference in revenue limits per pupil should be less than \$100 (the "Serrano band"). This allowable difference in revenue limits has subsequently been adjusted for inflation. In equalizing funding, districts are divided into three types: elementary, high school, and unified. They are then further divided into small and large districts to ensure that appropriate funding comparisons are made. Special purpose or "categorical" funds are excluded from this calculation.

Assembly Bill 65 (1977) – In response to the *Serrano* decision, the California State Legislature passed AB 65, creating an annual inflation adjustment based on a sliding scale in order to equalize revenue limits among districts over time. Higher inflation increases were provided to districts with low revenue limits, with lower (occasionally no) inflation adjustments for high revenue districts.

Proposition 13 (1978) – This constitutional amendment (the "Jarvis Amendment") approved by California voters in 1978 limits property taxes to 1% of a property's assessed value, and caps increases in assessed value at 2% annually or the percentage growth in the Consumer Price Index, whichever is less. It also mandated a 2/3 vote for approval of new taxes, such as parcel taxes.

Assembly Bill 8 (1978) – In response to Proposition 13, the Legislature established a formula for dividing property taxes among cities, counties, and school districts. This shielded schools from some of the measure's effects. In the process, the State replaced the lost property taxes and effectively took control of school district funding.

Gann Limit (Proposition 4, 1979) – Proposition 4 created a constitutional limit on government spending at every level in the State, including school districts. No agency's expenditures can exceed its Gann Limit, which is adjusted annually for inflation and population increase.

² Many of these rulings have been amended by subsequent legislations.

Senate Bill 813 (1983) – SB 813 provided additional money to school districts through equalization of revenue limits and new categorical programs, longer school day/year, and higher beginning teachers' salaries. It also established statewide model curriculum standards.

Lottery Initiative (1984) – In November 1984, voters approved Proposition 37, a constitutional amendment establishing the California State Lottery. Provisions guarantee that a minimum of 34% of total lottery receipts be distributed to public schools, colleges, and universities. Funds are to supplement, not replace, State support for education. Lottery funds cannot be used for purchase or construction of facilities, for land, or research. Under Proposition 20, passed in March 2000, 50% of lottery funding above the 1997-98 funding level must be used for purchase of instructional materials.

Proposition 98 (1988) – This constitutional amendment guarantees a minimum funding level from State and property taxes for K-14 public schools in a complex formula based on State tax revenues. It also requires each school to prepare and publicize an annual School Accountability Report Card (SARC) that covers at least 13 required topics. A 2/3 vote of the Legislature and the Governor's signature are required to suspend Proposition 98 for a year.

Proposition 111 (1990) – This constitutional amendment changed the inflation index for the Gann Limit calculation, effectively raising the limit. Additionally, the minimum Proposition 98 funding guarantee was changed to reflect the growth of California's overall economy. It did so by shifting the adjustment from the growth of per capita personal income (which historically has tended to be a lower amount) to the growth in State per capita General Fund revenues plus one-half percent.

Assembly Bill 1200 (1991) – AB 1200 established a system for school district accounting practices that specifies how districts must report their revenues and expenditures. It requires that districts project their fiscal solvency two years out, and provide the State with Board-approved financial interim reports twice annually. County offices of education are responsible for monitoring and providing technical assistance to their districts. AB 2756 (2004) adds to the responsibilities and control of county offices of education over the budget and expenditure reporting of local districts.

Class Size Reduction, K-3 (SB 1777, 1996) – This legislation provided incentives for school districts to reduce K-3 classes to a pupil-teacher ratio of no more than 20 to 1, and provided additional funding to districts that met these ratios. A one-time allocation of \$25,000 per added classroom was also made available.

Senate Bill 1468 (1997) – This legislation changed the way average daily attendance (ADA) is counted, largely eliminating the concept of "excused absences" and basing ADA on students who are actually at school. To ensure that districts did not lose a large proportion of their revenue, the per-pupil revenue limit rate was adjusted by the average attendance rates of each individual school district.

Assembly Bill 602 (1997) – This legislation revised the state's allocation formula for special education funding for school districts. The formula distributes a large share of special education funds based on total student population of each school district, rather than the number of special education students at each district or the specific needs of those students.

Assembly Bill 1115 (1999) – Under the terms of this bill, an independent charter school is deemed a school of the chartering school district for the purposes of establishing its special education local plan (“SELPA”) status unless it designates otherwise in its charter petition. As such, independent charter schools which are members of a school district’s SELPA are entitled to an equitable share of special education services and funding.

Assembly Bill 1600 (1999) – This bill gave charter schools the option to receive funding directly from the State, rather than from their local district, in the form of a block grant.

Proposition 39 (2000) – This constitutional amendment established a 55% vote threshold for the issuance of school facilities construction bonds. In order to issue bonds under Proposition 39, the District must, among other things, use Proposition 39 bond funds only for those projects specifically listed in the ballot measure and strategic execution plans; create and maintain a citizens’ bond oversight committee; and annually ensure that performance and financial audits are conducted for Proposition 39 facilities projects. Proposition 39 also requires the District to offer reasonably equivalent District school facility space to independent charter schools.

Proposition 49 (2002) – This voter initiative, otherwise known as the "The After School Education and Safety Program Act of 2002," increased state funding for before and after school programs at elementary and middle schools. Funding is provided to the District through a competitive grant process with priority given to school sites that have at least 50 percent of its students receiving free and reduced priced lunch. A portion of state funding under Proposition 49 satisfies the revenue limit guarantee under Proposition 98.

Assembly Bill 825 (2009) – Under the terms of this bill, the District receives funding for its Integration Program and for other instructional program needs as part of a Targeted Instructional Improvement Block Grant.

Senate Bill 1133 (Quality Education Investment Act of 2006) – Adopted in 2006 as a settlement of the CTA v. Schwarzenegger et al. lawsuit, the QEIA program provides targeted funding for eligible schools in API deciles 1, 2, and 3. The funding is to be used primarily for class-size reduction purposes and overall academic achievement goals. QEIA ended in fiscal year 2016-17.

Education Trailer Bill - Senate Bill 4 of the 2009-10 Third Extraordinary Session (SBX3 4, 2009) – For fiscal years 2008-09 through 2012-13, this bill established: (1) Categorical Program Flexibility, which grouped categorical programs into Tiers I, II, and III, and identified Tier III programs as unrestricted; (2) the public hearing requirement as a condition for receipt of Tier III funds; (3) the use of 2008-09 as the base year in calculating for most of the Tier III categorical programs and use of 2007-08 as the base year for calculating the revenue limit-related Tier III categorical programs; and (4) the use of June 30, 2008 ending balances as unrestricted funds with a few program exceptions. See the glossary for additional details on Tiers I, II, and III programs. In addition, SBX3 4 relaxed K-3 Class Size Reduction penalties for fiscal years 2008-09 through 2011-12 only.

Proposition 30 (2012) – The initiative passed on November 2012 provides for a personal income tax increase over seven years for California residents with an annual income over \$250,000, through the end of 2018. This also provides for an increase in sales tax by 0.25

percent over four years (from January 1, 2013 through December 31, 2016). This initiative funds K-12 public education among other purposes.

Local Control Funding Formula (2013) – This legislation simplified the state’s funding allocation formula for school districts. The funding formula intends to increase transparency for state funding to schools and increase decision-making as to expenditure of funds at the local education agency level. Under LCFF, the state provides a base grant for all students and additional grants for high-need students such as English learners, low income, and foster youth.

Proposition 39 (2013) – The California Clean Energy Jobs Act changed the corporate income tax code and allocates projected revenue to the state General Fund and the Clean Energy Job Creation Fund for five fiscal years beginning 2013-14. Under the initiative, available funds are to be used for eligible projects to improve energy efficiency and expand clean energy generation in schools. School districts can request funding by submitting an application to the California Energy Commission.

Proposition 55 (2016) - Extends by twelve years the temporary personal income tax increases enacted in 2012 (Proposition 30) on earnings over \$250,000, with revenues allocated to K-12 schools, California Community Colleges, and, in certain years, healthcare. Proposition 55 will raise tax revenue by between \$4 billion and \$9 billion a year. Half of funds will go to schools and community colleges, up to \$2 billion a year would go to Medi-Cal, and up to \$1.5 billion will be saved and applied to debt.

LOCAL CONTROL FUNDING FORMULA

Up until fiscal year 2012-13, the Revenue Limit was the basic and the largest financial support for District activities. In fiscal year 2013-14, Governor Jerry Brown implemented the new State funding formula for local education agencies called Local Control Funding Formula (LCFF). AB 97 was enacted, amending California Education Code 42238.07 which relates to education finance. The goal of LCFF is to significantly simplify how state funding is provided to local education agencies (LEAs), to create transparency of funding, and to grant local control of funds.

The LCFF eliminated the Revenue Limit and most of the state categorical program funding streams. The categorical programs that were folded in the LCFF are not bound by the program compliance requirements that existed before the implementation of LCFF. Below is a list of categorical programs participated in by LAUSD that are now folded in the LCFF.

Unlike the Revenue Limit which was largely based on COLA and average daily attendance (ADA), the LCFF includes several variables to calculate an LEA's funding. These are ADA, COLA, enrollment, and unduplicated pupil count.

Below are the various LCFF terminologies and their brief definitions.

Grade Span	LCFF funding uses grade span ADAs such as TK/K-3, 4-6, 7-8, and 9-12.
Average Daily Attendance (ADA)	The change in the reporting of ADA was driven by the LCFF formula where ADAs are summed into grade spans of TK/K-3, 4-6, 7-8, and 9-12. LCFF uses the ADA of students from the beginning of the school year to the school month ending on or before April 15th of a fiscal year. This period of attendance is called the Second Principal Apportionment (P-2) ADA. Education Code 42238.5 is amended per the 2022-23 Enacted State Budget to provide funding based on the greater of current year P-2 ADA, prior year P-2 ADA, or average of prior three years' P-2 ADA. A small portion of the funded ADA comes from the Annual ADA, i.e., ADAs from the beginning to the end of the school year. These are for Community Day Schools, Extended Year Special Education, and Nonpublic Schools. Charter schools are funded based on the current year's P-2 ADA.
Cost of Living Adjustment (COLA)	This is a percentage calculated by the State and is based on the Implicit Price Deflator as of the month of May prior to the beginning of each fiscal year. The LCFF rates per ADA are usually increased annually to reflect the COLA.

Base Grant Per ADA	Each Base Grant Per ADA is composed of a base rate per ADA plus COLA. The Base Grant Per ADA is unique for each grade span and is applied to the respective grade span ADA to calculate the initial Base Grant Funding. For grades TK/K-3, the Base Grant Per ADA includes the TK/K-3 Grade Span Adjustment. The State provides an additional 10.4% of the initial TK/K-3 Base Grant as funding for TK/K-3 Class Size Reduction. For grades 9-12, the Base Grant Per ADA includes the 9-12 Career Technical Education (CTE) Adjustment. The State provides an additional 2.6% of the initial 9-12 Base Grant as funding for CTE.
Base Grant Funding	The Base Grant Funding is the result of multiplying the Base Grant Per ADA of each grade span by the funded ADAs of each respective grade span.
Enrollment	This refers to the total count of TK/K-12 students enrolled as of the fall Census Day (first Wednesday in October).
Targeted Disadvantaged Students/Unduplicated Pupils	The unduplicated student count refers to pupils who are identified as either English Learner, met the requirements for free or reduced-priced meals, or in foster care. A student falling into one or more of the criteria mentioned is counted once even if the student meets more than one of the criteria; hence, the term unduplicated pupil count. All pupil counts are based on Fall 1 certified enrollment reported in the California Longitudinal Pupil Achievement Data System (CALPADS) as of fall Census Day (first Wednesday in October).
Unduplicated Pupil Percentage	This is calculated by dividing the total unduplicated pupil count by the total enrollment and is used in the calculation of the Supplemental and Concentration Grant Funding. With the assumption of LCFF beginning in fiscal year 2013-14, this is expressed as an "average" percentage, i.e., for fiscal year 2014-15, 2-year average; for fiscal year 2015-16, a 3-year average; and for fiscal years 2016-17 and on, a 3-year average of the last three fiscal years including the current fiscal year.
Supplemental Grant Funding	Every student identified as either English Learner, met the requirements for free or reduced-priced meals, or in foster care generates additional funding above the Base Grant Funding through the Supplemental Grant Funding. For each grade span, this is calculated by multiplying the Base Grant Funding by the Unduplicated Pupil Percentage times 20%.

Concentration Grant Funding

In addition to the Supplemental Grant Funding, school districts in which student population of either English Learner, met the requirements for free or reduced-priced meals, or in foster care exceed 55% of their enrollment are entitled to the Concentration Grant Funding. For each grade span, this is calculated by multiplying the Base Grant Funding by the Unduplicated Pupil Percentage in excess of 55% times 65%, with 15% to be used to increase the number of credentialed and/or classified staff who provide direct services to students in schools

Allowance and Add-On Funding

For LAUSD, this includes the Targeted Instructional Improvement Block Grant (TIIBG) and the Home-To-School Transportation in the amounts received in fiscal year 2012-13 and beginning in 2022-23, funding for Transitional Kindergarten to lower classroom student-to-adult ratio. Home-To-School Transportation will receive a COLA beginning 2023-24.

Economic Recovery Target (ERT)

It is the difference between the amount a school district or charter school would have received under the old funding system (Revenue Limit, Charter School Block Grants, and Categorical Programs) and the estimated amount it would receive for LCFF funding, based on certain criteria. Only school districts and charter schools that were at, or below, the 90th percentile of per-pupil funding rates of school districts under the old funding system as determined at the 2013-14 P-2 certification, are eligible for ERT payments. Two of the District's locally-funded (affiliated) charter schools, namely Colfax Elementary School and Community Magnet Charter, are eligible to receive this funding.

LCFF Entitlement/Revenue

Sum of the Base Grant Funding, Supplemental Grant Funding, Concentration Grant Funding, and Allowance and Add-on Funding. It is recalculated for each of the implementation year based on the current fiscal year's funded ADA, COLA and Unduplicated Pupil Percentage. LCFF is funded through: (1) local property taxes, (2) the Education Protection Act (EPA) which was enacted by Proposition 30 in November 2012, and amended by Proposition 55 in November 2016, and (3) state aid. The portion of the LCFF revenue that is not funded by local property taxes and EPA is funded by state aid.

The 2018-19 Enacted State Budget fully implemented the LCFF and closed the funding gap. Since then, local educational agencies are funded on their Target Entitlement.

As a condition of receiving the K-3 Grade Span Adjustment, LAUSD is required to maintain an average K-3 class size enrollment of not more than 24 pupils or a collectively bargained alternative class size at each school site. The failure of one school site to maintain the maximum average K-3 class size of 24:1, will jeopardize the whole K-3 Grade Span Adjustment funding. On the other hand, charter schools do not have to maintain or make progress toward the required average class size of 24 pupils. For transitional kindergarten (TK), maintaining an average maximum class sizes of no more than 24 students at each school site cannot be collectively bargained unlike class sizes for grades K-3, inclusive.

2023-24 is the second year of universal transitional kindergarten (UTK) implementation and now offers transitional kindergarten (TK) to four-year-olds whose fifth birthday occurs between September 2 and April 2, inclusive. LCFF provides an add-on funding to lower classroom staffing ratios in transitional kindergarten. Starting in school year 2022-23, adult-to-student ratios for TK classrooms are 1 adult to 12 students and remains to be the requirement in 2023-24 in the absence of additional funding. Shortfall in adult-to-student ratio will result in a prorated reduction in the amount of funding generated by the LCFF TK Ratio add-on. The LCFF TK ratio add-on funding is \$3,044 per TK ADA after applying a COLA of 8.22%.

The Supplemental and Concentration Grant Funding are dependent on an LEA's number of unduplicated student count, specifically, the percentage of the unduplicated count to total enrollment. And although LCFF funding is considered unrestricted, the Supplemental and Concentration Grant Funding are earmarked to be spent on the Targeted disadvantaged student population. LEAs are required to specify on the Local Control Accountability Plan (LCAP), the amount of expenditures for the Targeted Disadvantaged Student population.

The 2023-24 May Revision Budget provides for 8.22% statutory COLA for LCFF. Also, the State amended the LCFF calculation to consider the greater of the current year, prior year, or the average of the three prior years' ADA in the determination of the funded ADA. The change in funded LCFF ADA is to mitigate the impact of declining enrollment and attendance that can result to substantial funding loss for school districts. Prior to the amendment, school districts experiencing an enrollment decline from one year to the next are allowed to use the greater of the current year or prior year ADA as the funded LCFF ADA. LCFF revenue for non-charter schools is projected to be funded on the average of the three prior years' ADA. Locally-funded (affiliated) charter schools are funded at the current year P-2 ADA.

Below is a graph that shows LA Unified's LCFF Revenue by component for the K-12 schools including locally-funded (affiliated) charter schools.

BUDGET PRINCIPLES AND PROCESS**A. Principles of Budgeting and Accounting**

The California School Accounting Manual and the California Education Code govern budget development for California school districts, and their standards form the basis for development of the District's Adopted Final Budget. Among these standards are:

Basis for Accounting. The California School Accounting Manual mandates that districts use either the accrual basis or the modified accrual basis in accounting for revenues and expenditures. The difference between the two is as follows:

- In the Modified Accrual Basis, revenues are recognized in the period when they become available and measurable, and expenditures are recognized when a liability is incurred, regardless of when the receipt or payment of cash takes place. School districts use the modified accrual basis in accounting for governmental funds such as the General Fund and Adult Education Fund.
- In the Accrual Basis, revenues are recorded when earned, and expenditures are recorded when a liability is incurred, regardless of when the receipt or payment of cash takes place. School districts use the accrual basis in proprietary funds such as Self-Insurance Funds.

Basis for Budgeting. The California School Accounting Manual also mandates the basis for school district budgeting. It requires that "generally, for California (school districts), the basis of budgeting should be the same as the basis of accounting used in the audited financial statements. Budgetary accounting must conform to the account codes in the standardized account code structure." California school districts are required to display their budgets by fund, by object, and by function.

Budgetary accounts are "projections and show how much is estimated to be spent or received during a given period of time to carry out the local educational agency's (LEA's) goals." In general, budgetary accounts have two purposes: (1) to record the estimated revenues of a fund by source and amount, and (2) to record and control the limits that are set on the expenditure levels by the appropriations. The recording of actual revenue and expenditures allows a comparison to the available amounts to be committed or expended within the limits set by law or by the governing board.

Revenue Budget. For each fund, the revenue budget anticipates all income from federal, state, and local sources, as well as the anticipated beginning balance. The total of beginning balance and income is the maximum amount a school district may legally budget to spend for any fund.

Expenditure Budget. Each fund has an expenditure budget reflecting the fund's authorized costs, and, for most funds, the anticipated expenditure level.

B. Budget Process

Budget Preparation. The first step in preparing the budget is to determine the cost to continue the existing program. Enrollment-related costs are adjusted for projected changes. Costs not directly controllable by the District, such as utilities, retirement contributions, insurance, continuing contractual obligations, and legal costs, are adjusted to reflect estimated expenditures for the coming fiscal year.

Estimates of income are developed based on a review of federal and State statutory provisions and local revenue sources. Beginning balance amounts for the budget year are calculated utilizing a comparison of anticipated revenues and expenditures for the current year. The projected beginning balances and revenues are compared to the cost of continuing current programs to determine whether budget reductions may be necessary or whether unanticipated amounts may be available for allocation.

Board and public participation. Board meetings are scheduled for discussion of proposed budget changes. A public hearing, at which any member of the public may address the Board regarding the District's proposed budget, is mandated prior to Board adoptions of the Final Budget in June.

C. Budget Revision Process

Budget adjustments. The Budget Services and Financial Planning Division either receives or initiates well over 20,000 requests annually to adjust or revise the adopted budget. Generally, a budget adjustment (B.A.) enables a school or office to use funds previously budgeted for a particular purpose.

Certain limitations apply to B.A.s. For example, schools or offices may not transfer funds from a restricted program into an unrestricted one (e.g., transfers from Title I into a District-funded school instructional materiel account would not be permitted).

B.A.s may be either continuous (ongoing), or limited to the remainder of the current fiscal year. They may be either "routine," requiring only normal handling by staff, or "non-routine," requiring formal approval by the Board of Education.

Categories of "non-routine" B.A.s are determined by the Board, and are currently defined as follows:

- A. All B.A.s from Undistributed Reserves.
- B. All B.A.s which increase the total number of regular, non-school-based budgeted positions, except for those that are fully funded from the budgeted resources of the requesting office ("cost-neutral" budget adjustments).

In addition to the above, California Education Code §42602 authorizes Boards of Education to increase income to reflect unanticipated new revenues during the course of the fiscal year.

BUDGET AND FINANCE POLICY

I. Purpose of the Budget and Finance Policy

The California School Accounting Manual, the State's financial guide for school districts, defines a budget as "a plan of financial operation consisting of an estimate of proposed income and expenditures for a given period and purpose". It is through the budget that the Board and Superintendent set priorities and allocate resources.

California school districts, including LAUSD, are bound by legal requirements, administrative regulations, and oversight protocols during the budget process. These include:

Legal Requirements for Budget

- Budgets must show a plan for all proposed expenditures of the school district and of all estimated revenues for the fiscal year (Education Code 42122).
- School districts may not spend more than authorized in the adopted Final Budget, as adjusted during the fiscal year (Education Code 42600).

Administrative Regulations for Budget

- The California School Accounting Manual provides detailed definitions of income and expenditure categories together with approved budget and accounting practices.
- The Superintendent of Public Instruction annually issues budget and expenditure documents that specify the income and expenditure categories to be reflected in each school district budget.

Oversight Processes for Budget

- The Los Angeles County Office of Education (LACOE) monitors the financial health of the District with oversight and review from the Superintendent of Public Instruction (Education Code 33127, 33128, 42120 et seq., 42637).
- Should a district's financial condition deteriorate below the State's standards, LACOE is authorized to take corrective action. This could include assuming management of that District's financial affairs (Education Code 42127.3).

The District must also comply with the Governmental Accounting Standards Board's (GASB) accounting standards and rules. The budget process should also strive to meet the Government Finance Officers Association's (GFOA) best practices for finance, accounting, and budgeting by government agencies.

Consistent with State law and regulation, the LAUSD budget is developed, adopted, refined, and reviewed on a timely basis, through an annual cycle, as highlighted by the table below.

II. Finance and Budget Policy

To assist the Board of Education in making sound policy, guide the development of the District's budget, enhance the management of the District's finances, minimize the risk of LACOE action, and reduce potential audit concerns, the Board has adopted this Finance and Budget Policy which is based on five core principles. The budget should:

1. Be based on the goals of the Board and Superintendent.
2. Be based on sound financial principles.
3. Be clear and easy to understand.
4. Be timely, and easy to manage at the school level.
5. Be based on a process that informs stakeholders.

This policy was developed after reviewing the document “Recommended Budget Practices” developed by the GFOA. The policy is also consistent with the standards and criteria established by the State Board of Education (Education Code Sections 33127, 33128), as well as current GASB rules and standards. To the extent that LAUSD’s current budgeting and accounting practices are not in compliance with this policy, implementation of this policy is to be phased in.

The Finance and Budget Policy is a “living document.” LAUSD expects that it shall evolve over time to best connect District policy, budgeting, and financing principles.

Principle One: The budget should be based on the goals of the Board of Education and Superintendent.

The Board of Education and Superintendent have the primary responsibility for developing and articulating the District’s goals; these goals shall be the framework for the budget.

Principle Two: The budget should be based on sound financial principles.

LAUSD’s budget should be based on financial principles that shall keep the District viable and able to sustain its key programs over time. The following specific financial principles, based on law, expert advice, and experience, are offered to this end:

- a) Structurally Balanced Operating Budget
- b) Appropriate Use of One-Time Revenues
- c) Alignment of Budget with Expected Expenditures
- d) Maintenance of Appropriate and Adequate Fund Balance and Reserves
- e) Revenue Maximization
- f) Revenue and Expenditure Estimation
- g) Cost Recovery through Fees and Charges
- h) Capital Plan
- i) Asset Management
- j) Prudent Debt Management
- k) Program Sustainability
- l) GASB Compliance

A) STRUCTURALLY BALANCED OPERATING BUDGET

The Superintendent must annually prepare and recommend a structurally balanced budget where operating revenues are equal to, or exceed, operating expenditures (Education Code Sections 42100, 42127.5).

The Office of the Chief Business Officer shall prepare the First and Second Period Interim Financial Reports in accordance with the law and make appropriate recommendations to the Board if financial adjustments are necessary. Annual appropriations shall be made to responsibly address all identified liabilities, including pension, vacation accrual, workers’ compensation, and retiree health needs.

B) APPROPRIATE USE OF ONE-TIME REVENUES

Ongoing District expenditures should not exceed ongoing revenues. One-time revenues should be applied first toward restoration of Operating Reserves (as described under Section D below). This shall assist meeting the minimum three-year reserve target amounts in accordance with AB 1200 (The “Three-Year Sustainability Plan”). The Chief Business Officer shall be responsible for identifying one-time revenues and expenditures and for making recommendations regarding their use. One-time revenues cannot be relied on in future budget periods. This policy on one-time revenues minimizes the disruptive effects on services.

Any new or unanticipated unrestricted revenues recognized during the current fiscal year should also be applied to reduce any operating deficit or unplanned one-time mandatory cost before being used for other purposes.

C) ALIGNMENT OF BUDGET WITH EXPECTED EXPENDITURES

Actual expenditures should closely approximate the estimated appropriation. To the extent that funding is required for expenditures spanning fiscal years, appropriate financial techniques should be identified and employed.

D) MAINTENANCE OF APPROPRIATE AND ADEQUATE FUND BALANCES AND RESERVES

LAUSD shall strive to maintain certain reserve funds to provide financial stability. The reserves describe in these policies supersedes all prior District reserve policies. These reserve funds shall be for operations or for liabilities, and includes, but not limited to, the following described categories:

A. Operating Reserves:

The purpose of operating reserves is to set aside monies and to meet the minimum reserves policy target in the Three-Year Sustainability Plan.

The current classifications of fund balances¹ are as follows:

- Non-spendable fund balance (*inherently non-spendable*) This category includes reserves for Revolving Cash, Stores, and Prepaid Expenditures
- Restricted fund balance (*externally enforceable limitations on use*) This category includes balances related federal and state programs.
- Committed fund balance (*self-imposed limitations on use*)
- Assigned fund balance (*limitation resulting from intended use*)
- Unassigned fund balance (*residual resources for unrestricted use*)

General Fund Balance Policy:

The District shall maintain Total General Fund balances at a level which is 5% or more of Total General Fund expenditures and net transfers out (the “5% Minimum Reserve Threshold”). This level is the minimum necessary to sustain the District’s strong credit ratings.

Reserve funding levels shall be reviewed annually and adjusted as appropriate. The reserve policy is as follows:

1. The District shall maintain at least the 5% Minimum Reserve Threshold in the Three-Year Sustainability Plan.
2. Whenever the District projects a failure to meet the 5% Minimum Reserve Threshold, all one-time monies received shall be set-aside until the Threshold is met in each of the years.
3. In addition, other recommendations shall be developed to restore reserve balances. These recommendations shall be completed within the next fiscal year.

Reserve for Economic Uncertainties:

A legally required reserve that mandates Districts whose average daily attendance is below 400,001 to reserve 2% of total General Fund expenditures and other financing uses.

Reserves for Revolving Cash, Stores, and Prepaid Expenditures:

The District’s accounting practice establishes a reserve for revolving cash, stores, and prepaid expenditures.

¹ Under GASB Statement No. 54, Fund Balance Reporting and Government Fund Type Definitions.

B. Liability Reserves:

The purpose of the Liability Reserves is to set aside monies for legal liabilities. Funding these liability reserves provides resources to help prevent disruptive reductions to LAUSD operating programs.

**B.1 Liability Self-Insurance Fund:**

Liability Self Insurance funding shall be based on the current year claims and the amount to fully fund the estimated liability as determined by a third-party actuarial report.

B.2 Worker's Compensation Fund:

Worker's Compensation funding shall be based on the current year claims and the amount to fully fund the estimated liability as determined by a third-party actuarial report.

B.3 Health and Welfare Fund:

Health & Welfare funding shall be based on the Health and Welfare Memorandum of Agreement in place.

B.4 Other Post-Employment Benefits (OPEB) Fund:

The District has an irrevocable trust for its OPEB liability (OPEB Trust) to:

1. Minimize encroachment on the District's operating budget;
2. Provide funding to protect retiree benefits;
3. Improve the return on investment on the Trust assets;
4. Align contributions to more adequately recover costs from federal, capital and grant programs;
5. Provide an initiative-taking response to address the impacts of GASB 45 on the District's finances; and
6. Preserve the District's net assets.

According to best practices recommended by the Government Finance Officers Association, employers who offer OPEB shall fund the long-term cost of the benefits promised to participants. The appropriate way to attain reasonable assurance that benefits remain sustainable is to accumulate resources for future benefits in a systematic and disciplined manner during the active service life of the benefiting employees. A commitment to fund benefit promises is a prudent practice and helps achieve intergenerational equity among those who are called on to financially support the benefits, thereby avoiding the transfer of costs into the future.

Contributions to the Trust shall be annually calculated and distributed as follows:

1. An annual per employee set-aside, at rates consistent with the District's current budget assumptions and policies, shall be contributed to the OPEB Trust on or before June 30th. Such contributions shall be subject to maintaining an Unrestricted General Fund balance of 5% of the unrestricted revenue. These Trust contributions shall be made from all appropriate funding sources. The annual OPEB per employee growth rates shall continue until such time that the District shall be able to meet its unfunded liability in accordance with GASB standards.²
2. If the Unrestricted General Fund is above 5% of the unrestricted revenues (after the annual OPEB contribution has been determined), an additional contribution from the assigned OPEB reserve shall be placed in the Trust.
3. In the event the interim depicts a negative balance in any of the current and two subsequent fiscal years, it is incumbent upon the Chief Business Officer to recommend changes to the OPEB contribution to ensure fiscal sustainability.

E) REVENUE MAXIMIZATION

LAUSD receives most of its funding from the State of California. To supplement these funds, LAUSD shall seek additional revenues from other funding sources including the Federal Government, foundations, corporations, mandate funding, parent and community organizations, and through new and changes to funding legislations. These additional resources should be for purposes that are consistent with the District's goals and objectives, and which complement the LAUSD's resources. LAUSD shall also seek the approval of granting agencies to provide flexibility in the use of scarce resources.

F) REVENUE AND EXPENDITURE ESTIMATION

LAUSD shall strive to include in the budget all revenues that can be expected for the fiscal year. The Chief Business Officer shall appropriate funds for expenditure based on a prudent assessment of the risks associated with each revenue source. The authority to spend in part or all the budgeted revenue shall be provided based on revenue certainty.

Reserve for Anticipated Balances:

This is a non-budget add reserve requested by the Los Angeles County of Education to allow for technical adjustment for expenditure.

G) COST RECOVERY THROUGH FEES AND CHARGES

LAUSD may charge fees to recover costs of certain services, such as those provided to charter schools. LAUSD shall set fees so that they cover the entire cost of the service provided, including all direct and indirect costs subject to any legal restrictions.

² Beginning in 2017-18 as part of the fiscal stabilization plan, there is no OPEB contribution in FY 2018-19 through FY 2020-21.

H) CAPITAL PLAN

LAUSD shall strive to provide comprehensive planning and budgeting for its capital needs by:

- Developing, on a periodic basis, a Statement of Need for capital programs.
- Annually adopting a multi-year capital budget that identifies the projects planned, the estimated cost of each project, the expected sources of revenue for each project, and the fiscal year or years in which project funds must be committed.
- Annually presenting an analysis of the future operational impact of the capital projects.

I) ASSET MANAGEMENT

The District shall strive to:

- Budget appropriate amounts so that physical assets are properly maintained and replaced when needed.
- Maintain inventories of assets and the condition of major assets assessed on a regular basis to develop appropriate replacement and maintenance programs.
- Prepare a maintenance plan to sustain the need to maintain the value of its assets and protect the health and safety of students and employees.
- Annually estimate and set aside resources for preventative maintenance.
- Maintain a restricted account within the general fund for the exclusive purpose of providing funds for ongoing and major maintenance of school buildings to comply with the requirements set forth in Education Code Section 17070.75 and 17070.77. Deposit into this account, in each fiscal year for at least 20 years after receipt of School Facility Program (SFP) funds, an amount equal to or greater than required percent of the total general fund expenditures of the District, including other financing uses, for that fiscal year.

J) PRUDENT DEBT MANAGEMENT

LAUSD shall adhere to the Debt Management Policy as adopted by the Board of Education.

K) PROGRAM SUSTAINABILITY

To achieve sustainability, LAUSD shall strive to:

- Link multi-year programs to multi-year funding. When funding is non-continuous, the program shall be identified as limited.
- Set parameters for multi-year programs and offices by identifying specific “sunset dates” for program termination as well as the ending date for personnel assignments funded in the program.
- Make defined fiscal commitments rather than open-ended commitments (e.g. fund health benefits at a specific cost level rather than a specific service level).

- Identify impact on the budget of unfunded mandates and other spending pressures.

L) GASB STANDARDS FOR FINANCIAL ACCOUNTING AND REPORTING

The Governmental Accounting Standards Board promotes rules governing financial accounting and reporting. LAUSD shall comply with these rules. LAUSD shall strive to receive the GFOA Certificate for Excellence in Financial Reporting annually.

Principle Three: The budget should be clear and easy to understand.

A broad cross-section of stakeholders in the District relies on LAUSD's budget and related financial documents for crucial financial information. These stakeholders include parents, teachers, community groups, administrators, and oversight bodies. LAUSD's budget shall be organized and presented in such a way that both lay persons and experts can understand:

- What the District intends to do and how it intends to do it
- The District's overall financial condition
- The historical context for LAUSD programs

In addition, LAUSD shall strive to develop its annual budget in a manner consistent with the GFOA standards for budget presentation. These guidelines are established to provide appropriate disclosure of financial information to the public and other interested parties, while facilitating management decisions on program expenditures.

LAUSD has identified guidelines for the presentation of budgets consistent with GFOA standards from four perspectives:

- a) Policy Document
- b) Financial Plan
- c) Operations Guide
- d) Communications Device

Principle Four: The budget should be timely and easy to manage at the school level.

The process of managing the budget is easier for schools and offices if they have access to systems and training. The District shall define the parameters under which schools and offices shall manage their budgets.

Principle Five: The budget process should inform stakeholders.

Prior to the adoption of the final budget, District staff shall inform stakeholders in accordance with the budget Timetable and materials shall be posted to the website.

III. FUND BALANCE POLICY AND PROCEDURES

A. PURPOSE

This Fund Balance Policy establishes the policy and procedures for reporting and maintaining fund balance in the District's financial statements. The policy also authorizes and

directs the Chief Business Officer to prepare financial reports which accurately categorize fund balance as per Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Government Fund Type Definitions, effective beginning the 2010-11 fiscal year.

B. GENERAL POLICY

There are five separate components of fund balance. Each component identifies the extent to which the District is bound by constraints on the specific purpose for which amounts can be spent.

- Nonspendable fund balance (*inherently nonspendable*)
- Restricted fund balance (*externally enforceable limitations on use*)
- Committed fund balance (*self-imposed limitations on use*)
- Assigned fund balance (*limitation resulting from intended use*)
- Unassigned fund balance (*residual resources for unrestricted use*)

The first two components listed above are not addressed in this policy due to the nature of their restrictions. An example of nonspendable fund balance is inventory. Restricted fund balance is either imposed by law or constrained by grantors, contributors, or laws or regulations of other governments. This policy is focused on the last three components listed above.

The District considers restricted fund balances to have been spent first when expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. Similarly, when an expenditure is incurred for purposes for which amounts in any of the unrestricted classifications of fund balance could be used, the District considers committed amounts to be reduced first, followed by assigned amounts, and then unassigned amounts.

C. PROVISIONS

Committed Fund Balance

The Governing Board, as the District's highest level of decision-making authority, may commit Fund balances for specific purposes pursuant to constraints imposed by formal actions. Commitment of funds can be made through the adoption of the budget if the intent to commit the funds is specifically stated. These committed amounts cannot be used for any other purpose unless the Governing Board removes or changes the specific use through formal action. Governing Board action to commit fund balance needs to occur within the fiscal reporting period, no later than June 30. The amount which shall be committed can be determined subsequently but prior to the release of the District's financial statements.

Pursuant to GASB 54, the District commits to maintaining the Deferred Maintenance and Adult Education funds to support programs for which the funds were originally established. Amounts transferred into or retained in the funds shall be determined annually per Board adoption of the budget and approval of the year end unaudited actuals report.

Assigned Fund Balance

Amounts that are neither restricted nor committed may be constrained by the District's intent to be used for specific purposes. This policy hereby delegates the authority to assign amounts to the Superintendent, or designee.

Unassigned Fund Balance

These are residual positive net resources for the General Fund more than what can properly be classified in one of the other four categories. There are reserves that do not meet the requirements of the components of fund balance. For financial statement reporting purposes, these reserves are included in the unassigned fund balance. This includes:

- **Reserve For Economic Uncertainty** – The District shall maintain an economic uncertainty reserve, consisting of unassigned amounts, of at least 2% of total General Fund expenditures and other financing uses in accordance with Section 15450 of the California Code of Regulations. The primary purpose of this reserve is to avoid the need for service level reductions if an economic downturn causes revenues to be lower than budgeted. If the District must expend all or part of this reserve, the District shall identify and implement a budgetary plan to replenish this reserve the following year. This reserve may be increased by legal requirement.

Accounts Receivable – Amounts due and owed from private persons, business firms, governmental units, or others for goods received and/or services rendered. It includes amounts billed but not received.

Accrual Basis of Accounting – An accounting method in which revenues are recorded when earned, and expenditures when a liability is incurred, regardless of when the receipt or payment of cash takes place. School districts use the accrual basis of accounting for proprietary funds such as the Cafeteria and Self-Insurance funds, and fiduciary funds such as the Annuity Reserve Fund. (See “Cash Basis of Accounting” and “Modified Accrual Basis of Accounting”).

Allocation – Appropriation earmarking expenditures for a specific purpose

Administered Budget – Resources managed by a division but spent elsewhere. For example, Facilities Services Division manages the utilities budget for schools and offices, but the expenditures are distributed to schools and offices.

They are made after the general ledger is closed but before the audited financial statements are issued. Audit adjustments relating to revenues or expenditures are posted to the general ledger in the fiscal year subsequent to the audit year.

The plan is a required component of the annual District budget document adopted by each district Board of Education.

Local Control Funding Formula (LCFF) – The Governor’s public education funding reform, which replaced the Revenue Limit funding formula and most state categorical sources, with a base grant funding, and needs-based supplemental grant funding based on the number of identified students who are English Learners, socio-economically disadvantaged, or who are in foster care. The formula also provides a concentration grant funding for Districts with unduplicated student counts exceeding 55% in any one of the previously mentioned supplemental funding categories.

Norms – For most schools, the District uses Board-approved “norms” to determine the number of teachers, school administrators, school clerical positions, and various resources at each school. Norms generally use student enrollments to determine the resources to be allocated to individual schools. For example, norms may dictate that schools should receive 1 teacher per 30 students, one clerical employee per 100 students, one counselor per 500 students, etc.

To calculate norm allocations, the District uses the number of students enrolled at each school on “norm day,” which is generally the Friday of the fourth week of school. Other factors may also be used in norm allocations. For example, the allocation of custodians is based on a complex formula that includes the school’s square footage. The District norms are published in the form of “norm tables” which describe the factors utilized in determining the individual norms.

The Smarter Balanced Assessment System will give parents and students more accurate and actionable information about what students are learning. Because these assessments are computer adaptive (<http://www.smarterbalanced.org/assessments/>), they will also provide better information about the needs and successes of individual students.

Special Education Program – School-based program providing instruction and support services based on an Individualized Education Program (IEP). To qualify for an IEP, a student must be assessed and determined to have a disability as defined by the Individuals with Disabilities Education Act (IDEA) and have a need for specialized services in order to access the instructional program.

Special Education Local Plan Area (SELPA) – IDEA requires that each State organize in a way that allows effective programming and services be provided to students with

disabilities. In the State of California, the mechanism used to meet this requirement is the Special Education Local Planning Area or SELPA. Each SELPA develops and maintains a local plan describing how special education programs and services are provided to students with disabilities within the boundaries of the SELPA. Due to its size, the Los Angeles Unified School District is a single-district SELPA.

Special Education – Low Incidence – In order to ensure students with certain disabilities have access to highly specialized equipment and materials, the State of California provides restricted funding to support the needs of students who are Deaf or Hard of Hearing, Blind or Visually Impaired and/or who have serious physical disability. The state refers to these disabilities as “low incidence.”

Special Funds – Separate financial entities within the budget which provide for specified activities, as defined in the California Education Code. Examples are Adult Education Fund, Building Fund, Cafeteria Fund, etc.

Standardized Account Code Structure (SACS) – Statewide standardization of school district budgeting and accounting codes in order to increase uniformity of accounting and facilitate statewide data collection and analysis.

State Teachers’ Retirement System (STRS) – State law requires certificated employees, school districts, and the State to contribute to this retirement fund.

Statutory COLA – See “Cost of Living Adjustment”

Student Body Fund – An agency fund to control the receipts and the disbursements of student association activities. Student Body Funds are not the property of the school district and are not reflected in the District budget or accounts.

Student Equity Needs Index (SENI) – Index of school needs that includes community indicators such as suspension rates and English language arts and math assessments as well as traditional indicators such as low-income and English learner student populations.

Student Integration Program – Combined the Court-Ordered and Voluntary Desegregation Programs to create a wide variety of programs to address the harms of racial isolation in District schools. The *Crawford v. LAUSD* legal decision formally created this program.

Supplemental Grant Funding – In LCFF, every student identified as either English Learner, eligible for free or reduced-priced meal, or foster youth, generate this funding. This is calculated by multiplying the Base Grant Funding by the Unduplicated Pupil Percentage times 20%. This funding is intended to increase or improve services for the identified high-needs student groups.

Targeted Instructional Improvement Block Grant (TIIBG) – Funds the costs of ongoing desegregation efforts and, if funds remain, the needs of underachieving schools. It replaces Student Integration funding in the 2002-03 State Budget.

Targeted Student Population – Under the Local Control Funding Formula, targeted pupils are those classified as English learners (EL), meet income requirements to receive free or

reduced-price meal (FRPM), foster youth, or any combination of these factors. In Los Angeles Unified, these students are referred to as Targeted Student Populations.

Tax and Revenue Anticipation Notes (TRANS) – Short-term notes issued in anticipation of receipt of revenues, typically for cash flow purposes.

Teachers As A Priority (TAP) Program – State-funded program intended to enhance the ability of low-performing schools to attract and retain quality teaching staff.

Undesignated Ending Balance – The portion of the current fiscal year’s ending balance that is uncommitted and available for discretionary use for the following fiscal year. All balances are one-time in nature.

Ungraded – Some programs, such as special education, group children into classes based on ability level rather than grade level. Such programs are reflected in the “Ungraded” section of attendance/enrollment reports.

Unimplemented Budget – Reflects Restricted Program income that has not yet been received but is anticipated in the budget. As grants are received during the year, the budgets of these programs will be implemented or placed into expendable appropriations.

Unrestricted – Refers to programs which provide funding that may be used for any educational purpose at the discretion of the Board of Education.

Weighted Student Formula – A method of allocating resources based on the characteristics of student populations. Weighted student formulas provide a basic per pupil allocation with additional resources – based on student weights – for economically-disadvantaged, English learners, special education, or other defined student populations.

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)¹ and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹ Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

The change in Federal Revenue across the years is primarily due to the multi-year recognition of COVID funding from ESSER II, ESSER III, and ELOG in accordance with the expenditure plan. ESSER II and ELOG are planned to be fully spent in FY2023-24. ESSER III is anticipated to be fully spent in FY2024-25.

Explanation:

The substantial increase from 2022-23 to 2023-24 is mostly due to projected spending of ESSER III which are mostly in objects 4000-4999 pending allocation to the proper objects of expenditure and pending implementation of various grants. Expenditures decrease in 2024-25 as ESSER III funds are depleted.

Explanation:

(required if Yes)

The increase from 2022-23 to 2023-24 is mostly due to projected spending of ELOP (carry over and new allocation) which are mostly in objects 5000-5999 pending allocation to the proper objects of expenditure. This increase is partially negated by a decline in liability self-insurance and onetime nature of instructional time penalties resulting from the SEIU strike. The decrease in 2024-25 is mostly due to the onetime nature of ELOP carry over spending. The increase in 2025-26 is mostly due to projected capital plan projects temporarily placed in objects 5000-5999 pending allocation to the proper objects of expenditure.

S5B. Status of the District's Projected Contributions, Transfers, and Capital Projects

DATA ENTRY: Enter an explanation if Not Met for items 1a-1c or if Yes for item 1d.

- 1a. NOT MET - The projected contributions from the unrestricted general fund to restricted general fund programs have changed by more than the standard for one or more of the budget or subsequent two fiscal years. Identify restricted programs and amount of contribution for each program and whether contributions are ongoing or one-time in nature. Explain the district's plan, with timeframes, for reducing or eliminating the contribution.

Explanation:
(required if NOT met)

The increase from 2022-23 to 2023-24 is a result of higher contribution to Special Education due to SEIU salary increases and higher employee benefits (CalPERS, Health & Welfare, and OPEB), as well as higher mandatory contribution to the Routine Restricted Maintenance Account as a result of increased expenditures from bargaining agreements.

- 1b. NOT MET - The projected transfers in to the general fund have changed by more than the standard for one or more of the budget or subsequent two fiscal years. Identify the amount(s) transferred, by fund, and whether transfers are ongoing or one-time in nature. If ongoing, explain the district's plan, with timelines, for reducing or eliminating the transfers.

Explanation:
(required if NOT met)

The change in 2023-24 is due to the one-time transfer from Measure RR to fund school bus purchase in FY2022-23.

Identify the amount(s) transferred, by fund, and whether transfers are ongoing or one-time in nature. If ongoing, explain the district's plan, with timeframes, for reducing or eliminating the transfers.

Explanation:

(required if NOT met)

The higher transfers out from 2022-23 to 2023-24 is a result of increased debt services as a result of a projected COPs Summer 2023 issuance. The higher transfers out in 2024-25 and 2025-26 are mostly due to increased support to the Cafeteria Fund.

- 1d. YES - Capital projects exist that may impact the general fund operational budget. Identify each project, including a description of the project, estimated completion date, original project budget, original source of funding, and estimated fiscal impact on the general fund.

Project Information:

ASSUMPTIONS FOR ESTIMATED REVENUES

Enrollment

The Los Angeles Unified School District uses data on live births in Los Angeles County, historical grade retention ratios, regional socio-economic and geographic trends, economic factors, and other relevant information to project enrollment. Estimated enrollments in grades 1 through 12 are calculated using a variety of scenarios, generally involving weighted and true averages. The grade retention ratio measures the percentage of students expected to progress to the next grade level from one year to the next, based on past trends. Transitional Kindergarten and Kindergarten enrollments are calculated as a percentage of live births in Los Angeles County from four years earlier and five years earlier respectively.

Estimated Norm Day Enrollment

Non-charter schools	376,210
Locally-funded (affiliated) charter schools	37,613
Direct-funded (fiscally-independent) charter schools*	108,702
Total LAUSD enrollment	522,525

*Not included in the revenue projections for LA Unified

Average Daily Attendance (ADA)

The P-2 ADA for grades TK/K-12 are estimated for the budget year 2023-24 and for the two succeeding fiscal years, 2024-25 and 2025-26, by applying an average percentage of ADA to enrollment of 90%. The Annual ADA for grades TK/K-12 are estimated for the budget year 2023-24 and for the two succeeding fiscal years, 2024-25 and 2025-26, by applying as well, the average percentage of ADA to enrollment of 90% by grade span.

The 2022-23 Enacted State Budget amended the California Education Code Section 42238, to fund LCFF with the greater of the current year, prior year, or the average of the prior 3 years' ADA to mitigate the impact of lower enrollment and attendance. This is a change in prior practice whereby funded ADA is the greater of the current or prior year ADA. The current multi-year projection reflects the proposed change in funded ADA. Beginning in fiscal year 2023-24, LCFF revenue is projected to be funded on the average of the 3 prior years' P-2 ADA. A small portion of the funded ADA comes from the Annual ADA, and these are for Community Day Schools, Extended Year Special Education, and Nonpublic Schools. Locally-funded (affiliated) charter schools are funded at the current year P-2 ADA.

The table below shows the estimated funded ADAs that were used as the basis for estimating the 2023-24 LCFF revenue.

Grade Span	Estimated Funded ADA	
	Non-charter Schools	Locally-funded (Affiliated) Charter Schools
TK/K-3	123,400.04	11,463.23
4-6	88,221.42	7,959.18
7-8	54,524.73	5,307.91
9-12	109,757.54	9,290.13
Total	375,903.74	34,020.45

Local Control Funding Formula (LCFF)

The Governor's 2023-24 May Revision Budget, announced on May 12, 2023, provides an 8.22% increase for the Local Control Funding Formula (LCFF).

Below are the 2023-24 Adjusted Base Grant Rates per ADA used in the estimation of the LCFF funding.

Adjusted Base Grant Rates per ADA

Grades TK/K-3*	\$10,951
Grades 4-6	\$10,069
Grades 7-8	\$10,367
Grades 9-12*	\$12,327

*Includes grade span adjustments

The unduplicated pupil count for FY2023-24 is estimated at 325,422 for non-charter schools (including County Program students) and 17,663 for locally-funded (affiliated) charter schools.
