FLUSHING REQUIREMENTS**

The Office of Environmental Health and Safety (OEHS) has conducted an evaluation of sampling data at Santa Monica Charter Elementary School (0001654801) as requested by the Facilities Services Division (FSD). OEHS has determined that lead levels are below the U.S. Environmental Protection Agency's and the District's thresholds for lead in drinking water. As such, daily flushing activities at Santa Monica Charter Elementary School may cease.

Quality assurance/control sampling will be randomly conducted at District sites and if necessary, corrective measures will be implemented.
