FLUSHING REQUIREMENTS**

The Office of Environmental Health and Safety (OEHS) has conducted an evaluation of sampling data at Vaughn Next Century Learning Center (0001745201) as requested by the Facilities Services Division (FSD). OEHS has determined that lead levels are below the U.S. Environmental Protection Agency's and the District's thresholds for lead in drinking water. As such, daily flushing activities at Vaughn Next Century Learning Center may cease.

Quality assurance/control sampling will be randomly conducted at District sites and if necessary, corrective measures will be implemented.
