# Posting not possible (Value date earlier than capitalization date)

Message no. AA322

## Diagnosis

Asset 500000010878 0001 was first capitalized on 20140630.

You cannot post to an asset that was not yet capitalized.

## Procedure

You have the following options:

- Change the asset value date of your posting.
- Capitalize the asset by posting an acquisition

NOTE: If at least one wbs element is able to settle to the final asset, go ahead and settle the wbs elements that can go through using the correct Asset Value Date. Then rerun the settlement for the remaining wbs elements without the Asset Value Date.

6. CJ88 - When ready to settle, run in update mode (deselect 'Test Run')
