6. Sign in with your LAUSD SSO

3. Click log in with Active Directory

7. Click on Benchmark Education

4. First time log in only:
Type and find your school name

8. Select portal to enter

[Benchmark Universe FAQ](#)

1. I logged in and do not see that app in step 7!

Call tech support at 1-855-245-9751.

2. I went to clever.com but my SSO did not work.

If you are not a register carrying teacher, you will not have access via your SSO at this time. It will be active at a later date. As access is provided, information will be distributed via the *Instructional Update* as well as the *Principal Connection*. In the meantime, you can continue to use the district's temporary password. Non-register carrying teachers includes:

School site: Principals, AP, APEIS, coaches, coordinators, RSP, etc.

Out of school site: Local District personnel, itinerant teachers, program specialists, central office personnel, LRE. etc.

Go to lausd.benchmarkuniverse.com (case sensitive)

Login: ldwest_edu	Password: LAUSD
Login: ldcentral_edu	Password: LAUSD
Login: ldnortheast_edu	Password: LAUSD
Login: ldsouth_edu	Password: LAUSD

3. I am a register carrying teacher but I'm brand new.

You will definitely have access but it takes the system a week to update. If it's been a week and you're still not able to log in, call 1-855-245-9751.

4. What about my students? When will they have access?

Students will have access soon. They will be logging in via using a single-sign in as well. Need support in how to set up the student account once it's active?

Go to <http://bit.ly/cleverstudentsaccess> and you will find a pictorial step-by-step.
