

Elementary English Language Arts Continuity of Learning

Online Activities and Lessons for all Stakeholders:

Students:

- **PBS Online Learning:** PBS Online is a website that organizes online standards-based resources for students. Students are able to choose the strand to access videos, text, and challenging, high-interest topics. After clicking the following link, students will choose the strand of interest to access videos, text, and challenging, high-interest topics.
The website link is: bit.ly/pbselalinks
- **CAASPP Public released training test questions:**
The following link is a public-facing page for all elementary students and parents. CAASPP releases test items that are no longer valid for students to practice standard-based items. Students must click on the student interface and choose their grade level.
The website link is: <http://www.caaspp.org/practice-and-training/index.html>
- **Amplify Reading Online** (For students already using Amplify Reading and have QR Code or login/id):
The website link is: lausd.reading.amplify.com

Parents:

- **Amplify Home/School Connect:** Amplify, the provider of our school's reading assessment, created a great website with many activities you can do at home with your child. There are over 140 activities and online games for your child. Just click the following link and choose a literacy skill to practice with your child.
The website link is: www.mclass.amplify.com/homeconnect.
- **Home/School Connection for Literacy:** Parents may access these apps and activities to strengthen reading with their child. These projects include High Frequency Words, Rhyming,
