

MAGNET SCHOOLS AND CENTERS STAFFING RATIOS FOR FY 2026-27 DECEMBER 2025

MAJOR CHANGES

- TK class-size will be reduced to a 20:1 student-teacher ratio. See pages 6-8 under section “Transitional Kindergarten” for details.
- No major changes for FY 2026-27. All elementary, middle, and senior high magnet schools and centers have reached the District target class sizes effective fiscal year 2025-26. Magnet schools and centers will use the same norm tables outlined in the staffing document.

GUIDELINES

TEACHERS

- Grade TK will be normed on a 20:1 student-teacher ratio. Please refer to the section on Transitional Kindergarten and Appendix 1 for teacher calculation.
- For Local Control Funding Formula (LCFF) reporting purposes, enumerated below is the determination of the funding or program code to be used for the norm teacher resources generated by the following norm tables:

Appendix 2 – Various norm tables for all magnet schools and magnet centers.

Appendix 3 – Various norm tables for the 2017-18 Class Size for all Schools (Base)

- a) The norm teacher resources generated from the 2017-18 class size for grades 4-12 in Appendix 3 (Attachments A - B) will be allocated in program code 11020 (K-12 Norm Teachers).
- b) The difference between the norm teacher resources generated using the staffing ratios reduced in Appendix 2 (Attachments A & B) and the norm teacher resources generated from the 2017-18 class size for grades 4-12 in Appendix 3 (Attachments A and B) will be allocated in program code 10989 (TSP-CSR Teacher/Librarian).

- Norm Enrollment Adjustments - The following adjustments will be applied to Norm Day Enrollment for the 2026-27 school year:
 - o Age ineligible students-grade placement that does not adhere to the age eligibility rules for TK. Schools should use the Chronological Age Calculator at <https://agecalculator.lausd.net/> to determine the correct grade placement of age-eligible students. Please refer to the table below for the 2026-27 Minimum Age Requirement for Enrollment in PK, TK, and K:

2026-27 MINIMUM AGE REQUIREMENT FOR ENROLLMENT IN K, TK, and PK

Grade Level	Course Number	Age Requirement	Date of Birth
K	110199	5 years old by 09/01/26	On or before 09/01/21
TK ^{1, 2}	110190	4 years old by 09/01/26	On or before 09/01/22
PK ³	110101	Minimum 3 years old at enrollment date	

¹ Kindergarten-aged students may be placed in TK at the request of Parent and concurrence of School Administrator. Must have the completed Kindergarten Continuance form in school file.

² TK/CC applies to students in grade level TK. Students whose program placement is TK or TK/CC must be assigned to grade level TK, not PK.

³ Students whose program placement is PAL, PSC, or PCC must be assigned to grade level PK and course #110101 even though student may be age-eligible for TK or K.

- o Students with more than one enrollment record (duplicate students)
- o Students enrolled in one course only

The classification report provides counts of students with scheduled class(es) in their school of enrollment. For norm purposes, the classification report counts will be reduced to count only those students who are scheduled in two or more credit-bearing courses. Therefore, school should ensure that each student's complete schedule is entered into MiSiS in time for the Norm capture. Refer to Attachment D for the list of non-credit bearing/zero credit courses.

- o No Show students (students who are scheduled into classes but have not attended school, i.e., marked absent each day) who were not flagged by the schools in MiSiS as No Show by Norm Day data capture will be manually deducted from the school's enrollment count.
- o Students with 13 absence days or more, from enrollment date through Norm Day

MAGNET SCHOOLS AND CENTERS STAFFING RATIOS FOR FY 2026-27 DECEMBER 2025

- In addition to ensuring that students are both enrolled and scheduled in MiSiS, school must also ensure that students are enrolled in the:
 - Appropriate cost center (i.e., home school versus magnet center or dual language center). Students approved to be enrolled at the magnet center must be enrolled at the magnet center's cost center unless documentation exists to rescind magnet placement.
 - Correct class(es) based on the student's IEP, if applicable.
 - School staff must correct all enrollment errors, including incorrect cost center and class(es), before enrollment counts are captured for Norm Day.

- The SDP counts are modified when section assignments for students differed than what was called for in the Individualized Education Programs (IEPs).

- Special Day Program (SDP) students at Elementary School

Students enrolled in the class/section of a Special education teacher are categorized in the Classification Report as SDP. The total SDP counts are excluded in the calculation of general education norm teachers.

Special education teachers are assigned to elementary schools based on the number of students with special needs and their specific disabilities. Refer to Attachment C for the Special Education norm table guide. These class sizes are based on the Los Angeles Unified School District and United Teachers Los Angeles Collective Bargaining Agreement.

- Secondary SDP Student Count

Secondary students with an active Individualized Education Program (IEP) where the Percent Time in Special Ed is 50% or more are counted as SDP in the Classification Report. Moreover, SDP counts are modified when section assignments for students differed than what was called for in the IEPs.

The total SDP counts are excluded in the calculation of General education norm teachers. Special education teachers are assigned to middle and senior high schools based on the number of students with special needs and their specific disabilities. Refer to Attachment E for the Special Education norm table guide. These class sizes are based on the Los Angeles Unified School District and United Teachers Los Angeles Collective Bargaining Agreement.

- Pursuant to Education Code section 42238.02, as a condition of receiving a grade span adjustment

MAGNET SCHOOLS AND CENTERS STAFFING RATIOS FOR FY 2026-27 DECEMBER 2025

for kindergarten through grade three (K–3 GSA), a component of Local Control Funding Formula (LCFF), school districts must make progress towards or maintain a K–3 maximum average class size of 24 or less at each school site. If the annual independent audit of a school district shows that a school district did not comply with these conditions, the California Department of Education (CDE) will retroactively reduce the school district’s funding.

The Education Code imposes financial penalties on school districts that exceed specified class sizes. To safeguard against financial penalties, the number of pupils assigned to individual classes may not exceed 33 in kindergarten at any time, 32 in grades 1-3 at any time, and 36 in grades 4-6.

Note: These limits also apply to “combination” classes. For purposes of the Class Size Penalties report to the California Department of Education, any class combining pupils in kindergarten or in any grade(s) 4 through 8 with one or more of Grades 1, 2, or 3 shall be considered a class of grades 1, 2, or 3. For example, if five (5) grade 3 pupils are added to a grade 4 class of 28, the class would be considered a grade 3 class of 33. In this example, a fiscal penalty would be assessed on the district because the class exceeded the class size requirement of 32 for grade 3.

- Staffing Position Simulator
“Position Simulator (Norm Allocation)” tool is available on the School Fiscal Services website (<https://www.lausd.org/Page/794>). The purpose of this tool is to provide schools with transparency as to how Norm Teacher counts are calculated based on their enrollment, Norm Category, and Affiliated Charter status. In addition to the Norm Teacher count, this tool will also calculate the number of Counselor, Administrator, and Clerical norm positions. Schools can also use the tool to assist with the norm calculation during the budget planning and development. The tool has been updated to help calculate your Transitional Kindergarten Teacher and Aide allocation.

After Norm Day, school resources are recalculated based on validated Norm Day enrollment, and schools may experience no change, an increase, or a decrease in resources. For teachers, new positions will be established based on enrollment growth, or existing positions will be closed based on enrollment decline.

- Norm teacher positions for grades TK-3 and/or 4-5(6) may be added at elementary schools if after Norm Day the enrollment growth in grades TK-3 and/or 4-5(6) generates the positions and is maintained on the next two consecutive school months as reported on the classification reports. After Norm Day, schools shall submit the regular classification reports with the request for growth positions to the Human Resources (HR) personnel specialist. Requests will be approved only if there is an overall staffing growth at the fund center level, and there is an available teaching

MAGNET SCHOOLS AND CENTERS STAFFING RATIOS FOR FY 2026-27 DECEMBER 2025

station. When a school has used all its available teaching stations and is within 3% of capacity, the school principal should contact their Region Administrator of Operations and School Management Services office to discuss capping procedures.

FY 2026-27 norm tables for different norm categories reflected on Appendix 2, Attachments A and B are based on total school enrollment, excluding elementary students categorized as SDP in the Classification Report and secondary students with an active IEP where the Percent Time in Special Ed is 50% or more.

- A. Magnet Schools and Centers identified as Predominantly Hispanic, Black, Asian and Other Non-Anglo Students (PHBAO) use Appendix 2, Attachment A to determine teacher allocations.
- B. Magnet Schools and Centers identified as non-PHBAO use Appendix 2, Attachment B to determine teacher allocations.

MAGNET SCHOOLS AND CENTERS STAFFING RATIOS FOR FY 2026-27 DECEMBER 2025

TRANSITIONAL KINDERGARTEN

Commencing with the FY 2025–26 school year, state law will require that the average adult-to-student ratio for TK classrooms at each school site must be one adult for every 10 students. This section explains how norms for teachers and aides are calculated to help ensure that the ratios and class size requirements are met.

For enrollment tracking and norming purposes, the District will identify TK eligible students as “TK” students in MiSiS.

- Effective 2025-26, LEAs are required to make TK available to all children who will have their fourth birthday by September 1* of the school year. ***Inclusive of this date.**
- All students falling in the TK age group will be identified in MiSiS as TK. Early Enrollment (TE) will discontinue.
- TK classrooms must maintain an adult to pupil ratio of one adult for every 10 students. To help meet this ratio, TK class size for each cost center should not exceed 20.
- Schools should not create more than one TK/K combination class per cost center. Schools that create additional combination classes will be responsible for funding any additional aides to meet the required 10:1 ratio.
- These ratios and requirements do not apply to Special Day classes.

The steps below demonstrate how to calculate your school site’s respective norm TK teacher and aide allocation.

Teacher Calculation for TK students

To satisfy the state requirement and maximize the utilization of resources allocated for TK students, the District norm allocation combines TK up to grade 3 students to ensure a 20:1 capacity in TK classes.

The grade group norm is determined as follows:

1. Round up the TK count to the next denomination of 20. This will be the TK/K norm group.
2. Add TK to Grade 3 and subtract by the count in Step 1. Once the respective norm groups are identified, use table 1TK to determine the TK teacher allocation and the respective table in Appendix 2 to determine your K-3 teacher allocation.

The following examples illustrate how students will be grouped for norming.

MAGNET SCHOOLS AND CENTERS STAFFING RATIOS FOR FY 2026-27 DECEMBER 2025

SCHOOL A

Students by Grade						Grade Group Norm		
TK	K	1	2	3	Total	TK/K	K to 3	Total
11	20	20	17	24	92	20	72	92

1. Round up the 11 TK students to the next denomination of 20, which is 20. Use table 1TK to determine your respective teacher allocation for the TK norm group.
2. TK to G3 is 92. Subtract 20 from 92, which is 72. Use the appropriate table from Appendix 2 to determine your respective teacher allocation for the K-3 norm group.

Since there are less than 20 TK students, 9 K students are added to 11 TK students to make a class of 20. The remaining 11 K students are included in the K-3 norm.

SCHOOL B

Students by Grade						Grade Group Norm		
TK	K	1	2	3	Total	TK/K	K to 3	Total
25	17	76	78	66	262	40	222	262

1. Round up the 25 TK students to the next denomination of 20, which is 40.
2. TK to G3 is 262. Subtract 40 from 262 which is 222.

20 TK students will form one class. 5 TK students and 15 K students will form another class. The remaining 2 K students are included in the K-3 norm.

SCHOOL C

Students by Grade						Grade Group Norm		
TK	K	1	2	3	Total	TK/K	K to 3	Total
20	28	33	36	51	168	20	148	168

1. Round up the 20 TK students to the next denomination of 20, which is 20.
2. TK to G3 is 168. Subtract 20 from 168 which is 148.

MAGNET SCHOOLS AND CENTERS STAFFING RATIOS FOR FY 2026-27 DECEMBER 2025

Since there are exactly 20 TK students, no K students are added to the class. All K students are part of the K-3 norm group.

Instructional Aide Allocation Model – TK

One (1) TK Aide will be allocated for every 20 TK students. Please see table 1TKA for the Norm table.

ADMINISTRATORS

- State law stipulates that school districts must maintain a districtwide administrator-to-teacher ratio (ATR) of no more than eight administrators for every 100 teachers (8%). To comply with the state ATR requirements, beginning in the 2025-26 school year, the District will be capping the number of off-norm assistant principal positions based on enrollment ranges.
- The Norm Assistant Principal positions will be allocated in program code 10332 (TSP-Norm AP & APSCS).
- The allocation of norm administrative position(s) for Span Magnet Schools will be based on the total school-wide enrollment, including transitional kindergarten expansion, special day program classes (SDP), state preschool (SPS), pre-kindergarten special education using the Middle/Senior High School Administrative Staffing table.
- After Norm Day, school resources are recalculated based on validated Norm Day enrollment, and schools may experience no change, an increase, or a decrease in resources. For norm administrators, new positions will be established based on enrollment growth, or existing positions will be closed based on enrollment decline.

APPENDIX 2 – NORM TABLES FOR ALL MAGNET SCHOOLS AND CENTERS ATTACHMENT A – Teacher Norm Tables for Magnet Schools and Centers designated as PHBAO - (Magnet II)

The 2026-27 norm tables provide one position for every 22 students in grades K-3 classes. For schools with TK students, allocation for K-3 is based on the net of K-3 enrollment after deducting the enrollment used for TK norm teacher calculation.

To prevent loss of Local Control Funding Formula TK through 3 Grade Span Adjustment funding, the school district must maintain a maximum average class size of 24 or less at each school site.

A class with 4th, 5th, or 6th grade students combined with any K-3 students is considered a K-3 class. Therefore, maximum average class size is 24. Attendance & Enrollment Section captures school month end enrollments for compliance with K-3 class size guidelines and will work with Regions in monitoring of class sizes.

The Education Code imposes financial penalties on school districts that exceed specified class sizes. To safeguard against financial penalties, the number of pupils assigned to individual classes may not exceed 33 in kindergarten and 32 in grades 1-3.

Note: These limits also apply to “combination” classes. For purposes of the Class Size Penalties report to the California Department of Education, any class combining pupils in kindergarten or in any grade(s) 4 through 8 with one or more of Grades 1, 2, or 3 shall be considered a class of grades 1, 2, or 3. For example, if five (5) grade 3 pupils are added to a grade 4 class of 28, the class would be considered a grade 3 class of 33. In this example, a fiscal penalty would be assessed on the district because the class exceeded the class size requirement of 32 for grade 3.

APPENDIX 2 – NORM TABLES FOR ALL MAGNET SCHOOLS AND CENTERS ATTACHMENT B – Teacher Norm Tables for Magnet Schools and Centers designated as Non-PHBAO - (Magnet I)

The 2026-27 norm table provides one position for every 22 students in grades K-3 classes. For schools with TK students, allocation for K-3 is based on the net of K-3 enrollment after deducting the enrollment used for TK norm teacher calculation.

To prevent loss of Local Control Funding Formula K through 3 Grade Span Adjustment funding, the school district must maintain a maximum average class size of 24 or less at each school site.

A class with 4th, 5th, or 6th grade students combined with any K-3 students is considered a K-3 class. Therefore, maximum average class size is 24. Attendance & Enrollment Section captures school month end enrollments for compliance with K-3 class size guidelines and will work with Regions in monitoring of class sizes.

The Education Code imposes financial penalties on school districts that exceed specified class sizes. To safeguard against financial penalties, the number of pupils assigned to individual classes may not exceed 33 in kindergarten and 32 in grades 1-3.

Note: These limits also apply to “combination” classes. For purposes of the Class Size Penalties report to the California Department of Education, any class combining pupils in kindergarten or in any grade(s) 4 through 8 with one or more of Grades 1, 2, or 3 shall be considered a class of grades 1, 2, or 3. For example, if five (5) grade 3 pupils are added to a grade 4 class of 28, the class would be considered a grade 3 class of 33. In this example, a fiscal penalty would be assessed on the district because the class exceeded the class size requirement of 32 for grade 3.
