

### **MAJOR CHANGES**

There are no changes in staffing ratios for Option Schools in FY 2025-26. For school year 2025-26 budget development, the preliminary norm allocation for Option schools excluding Carlson Home and Hospital will be based on Month 5 enrollment and will be finalized once Month 6 enrollment is available. The preliminary norm allocation for Carlson Home and Hospital will be based on the enrollment average from Months 2 to 5 and will be finalized based on the enrollment average from Months 2 to 6 once Month 6 enrollment is available.

### **GUIDELINES**

### **TEACHERS**

- The average student-teacher ratio will be the same as those in place for the 2024-25 school year.
- Norm Enrollment Adjustments the following adjustments will be applied to FY 2024-25
   Month 5 enrollment, and Month 6 enrollment:
  - Students with more than one enrollment record (duplicate students)
  - The classification report provides counts of students with scheduled class(es) in their school of enrollment. For norm purposes, the classification report counts will be reduced to count only those students who are scheduled in two or more credit-bearing courses at CDS and Opportunity schools. Therefore, school should ensure that each student's complete schedule is entered into MiSiS in time for the Norm capture. Refer to Attachment E for the list of non-credit bearing/zero credit courses.
  - No Show students (students who are scheduled into classes but have not attended school, i.e., marked absent each day) who were not flagged by the school in MiSiS as No Show by Norm Day data capture will be manually deducted from the school's enrollment count.
- Secondary SDP Student Count
  - Secondary students with an active Individualized Education Program (IEP) where the Percent Time in Special Ed is 50% or more are counted as SDP in the Classification Report.
  - The total SDP counts are excluded in the calculation of General education norm teachers. Special education teachers are assigned to Options Schools based on the

number of students with special needs and their specific disabilities. Refer to Attachment D for the Special Education norm table guide.

### Opportunity Schools and Community Day Schools (CDS)

- The student teacher ratio at Opportunity, Community Day, and Pregnant Minor Schools, is based on average student teacher ratio of 21:1 with a minimum of two (2) teacher positions.
