

Are you ready to support 21st century instruction?

The Instructional Technology Initiative invites all teachers interested in learning about how the [Task Force Recommendations](#) support 21st century learning to participate in a two-day intensive training.

Is This for You?

- Do you have a growth mindset?
- Are you open to reflecting and refining your instruction to ensure that it support students to thrive in the world of tomorrow?
- Do you believe in providing learning experiences that promote learner agency and empowers learners?
- Are you ready to explore the differences between leveraging digital resources and leading with the tool?
- Do you recognize that making mistakes and asking questions are integral to learning and growing?

This training is meant to be an introductory learning experience focused on the following four topics:

- Unpacking the [Task Force Recommendations](#)
- Introducing the [ISTE Student Standards](#)
- Exploring [Digital Citizenship](#)
- Learning the Fundamentals of Personalized Learning

Teachers that participate in the two-day intensive will have an opportunity to join a community of like-minded learners to continue learning in one of two pathways:

- **Professional Learning:** A series of sessions that focus on the [ISTE Student Standards](#) to continue learning how to support 21st century instruction.
- **Computer Science:** A series of sessions that focus on both the [ISTE Student Standards](#) and the [K12CS Framework](#) to continue learning how to support computer science education (emphasis on computational thinking).

Session dates:

Friday, March 31st AND Saturday, April 1st
(8am to 4pm)

Registration Information:

If you are ready to reflect on how you are supporting 21st century instruction, we invite you to join us for this learning opportunity, please visit <http://achieve.lausd.net/mypln> (keyword: *TLN intensive*) to register.

ITI INSTRUCTIONAL
