

## Food Services Division Health Appraisal Form & Food Handler's Certificate

- a. In Accordance with Hazardous Analysis Critical Control Point (HACCP), all foodservice employees must be free of communicable or infectious diseases including but not limited to bronchitis, colds, fever, flu, gum infection, infected cuts & sores, intestinal disorder, jaundice (yellowness of skin), skin eruptions, sore throat. Employees with any of these conditions must not work. Every cafeteria employee must obtain a physical examination and receive a Health Certificate from an authorized Medical Clinic.
- b. This is to certify that the employee had a health inspection which entitles him/her to handle food in the Los Angeles Unified School District for the current year. This certificate indicates compliance with LAUSD medical standards and is valid ONLY if the employee applies and maintains standards of cleanliness, sanitation, and personal hygiene. It must also be performed: when an employee has been on medical leave (including workers' compensation) for six (6) days or more; or when any new employee begins work; or when an employee transfers to a LAUSD food service facility.
