# PIXIE TANGERINES

The tangerine is a type of citrus fruit that is closely related to the orange, lemon, lime and grapefruit. Tangerines are technically considered a specific variety of mandarin. Pixie tangerines are aromatic and low in acid, creating a sweet, sugary taste balanced with a zesty, mild tang.

**Ripe to You Farm** specializes in growing distinctive citrus fruits with a commitment to sustainable farming practices. Their team harvests the fruit in small quantities, hand picking each variety at the peak of freshness.

is in **Reedley, California, 205 miles from LAUSD!**
