STRAWBERRIES

Our Partner Farm – *We Love Berries*

“We Love Berries” is a trusted grower producing clean, flavorful strawberries year-round. From its roots as a small family farm, it has grown into a mission-driven operation committed to providing safe, healthy food—especially for students. Supporting school food programs is a core value, ensuring all kids have access to fresh produce that tastes great and promotes healthy habits.

Strawberries are a lower calorie sweet treat that can be easily consumed fresh or frozen in a variety of snacks and meals. They are a good source of vitamin C, manganese, folate (vitamin B9), and potassium.
