

Workshop Series for Secondary Math Intervention Teachers to Learn Effective Intervention Strategies

In-Person Workshop Series Dates and Description

<p>Thursday, August 8, 2024 8:30 a.m. – 12:30 p.m. Location: TBD</p>	<p>This professional learning series aims to support teachers of Mathematics Tutorial Labs (grades 6, 7, and 8) and teachers of Algebra 1 Foundations SH, Geometry Foundations SH, and Algebra 2 Foundations SH. The focus is on exploring effective and research-based strategies for providing intervention in secondary mathematics classrooms.</p> <ul style="list-style-type: none"> • The series will cover best practices and methodologies for students struggling with math. • Planning time will be provided to incorporate strategies learned into upcoming lessons.
<p>Session Series Session 2: October 19, 2024 Session 3: February 22, 2025 Session 4: April 19, 2025</p>	

Learning Goal:

This professional development series is targeted for mathematics intervention teachers and math coaches. The session aims to:

- **Explore Variations in Intervention:** Understand how different schools implement mathematics interventions.
- **Identify District Resources:** Learn about the resources available within the district to support mathematical interventions.
- **Support Struggling Students:** Focus on strategies to help students who are performing significantly below grade level in mathematics.
- **Discuss Instructional Strategies:** Cover methods such as differentiated instruction and small group instruction to provide targeted intervention.
- **Utilize Monitoring Tools:** Teach participants how to use the iReady Pre-requisite skill report to monitor student progress effectively.

Registration

Please register via **MYPLN** by searching the keyword: **Intervention24**

Participants will be compensated at their hourly rate for completing the session.
