How to Choose the Right School?

What Should I Ask?

- Let's take a few minutes to review the questions you may want to ask when exploring your high school or middle school (South Gate) options.

What Should I Ask?

- What is the theme or focus of your school?
- What partnerships does your school have?
- How do you help 6th and 9th graders adjust to school life?
- How many teachers do you have? How many are new?
- What AP courses are offered?
- What is your graduation rate?
- What colleges/universities do your graduating seniors attend?
- How many of your 9th grade students become 10th graders?
- What extra-curricular activities or sports are offered?
- How do you engage and communicate with parents?

Other Factors to Consider

- What programs/supports are offered for Students With Disabilities or English Language Learners?
- Visit the school campus.
- Distance: What are your transportation needs?
- Do other siblings attend the same high school or middle school?

What's Next?
