School Emergency Status Report (SESR)
Strike Mode User Guide Spring 2023

Log in to the School Emergency Status Report (SESR) through the Principal Portal or https://sesr.lausd.net using LAUSD Single sign-on credentials from a computer, tablet, or cell phone. Complete the fields shown below.

The "Strike Mode" of the SESR is used to report the number of staff and students on campus during a strike. It is understood that information in SESR may change over time, and that attendance counts are unofficial and may be estimated. This tool is not to be used in place of completing an iSTAR or trouble ticket during a routine school day. Add or change the designee using the Administrator Certification Online System.

Please complete and submit the information below:
