**LOS ANGELES UNIFIED SCHOOL DISTRICT
PUBLIC SCHOOL CHOICE APPLICATION
ASSURANCES**

We, the undersigned design team leads for the Engineering and Technology Academy, applying for Esteban E. Torres High School, certify the following:

1. As an internal applicant group of teachers from within LAUSD and supported by Local District 5 we are a not for profit entity.
2. Students will be enrolled based on identified LAUSD attendance boundaries for the school. Enrollment procedures will follow LAUSD policy.
3. Students will be enrolled in coordination with Local District 5 and LAUSD. We will recruit the aid of the local district and LAUSD Information Technology Division to help ensure that the enrollment of students follows similar demographics, including but not limited to race/ethnicity, gender, socio-economic status, English Learners, Standard English Learners, students with disabilities, foster care placement, etc. as compared to Garfield High School and Roosevelt High School (the schools Torres High School is intended to relieve). We will continue to monitor enrollment patterns and continue to work on ways to ensure that we have an equitable distribution of students based on the above mentioned criteria.
4. We will ensure fiscal solvency and responsibility per LAUSD guidelines and policies.
5. We will utilize the district information systems such as the Integrated Student Information System (ISIS) to enroll students, collect student information, track student records, monitor progress and identify services. We will utilize Welligent to create and track the Individual Education Plans (IEP) for all students with disabilities and to ensure that students are properly identified, services are provided, appropriate goals are set and monitored and that students receive Free and Appropriate Public Education (FAPE). We will also adhere to and fulfill all requirements of the Modified Consent Decree and will follow all LAUSD Special Education Policies and Procedures.
