<b>Applicant Business Careers HS @ SRHS #12 (Local District 7/UTLA)</b>	A	I recommend this proposal to operate on the campus.	Relieving the over-crowding at Fremont will be most beneficial to the community. The opening of a new high school as proposed, will provide opportunities for growth and improvements in academic, social, and emotional well-being, and may offer some possible relief to the serious unemployment issues the families in the community must live with.
	B	I recommend this proposal to operate on the campus.	<p>Plan has the capability to be successful, just have concerns about Cross Team Mangement and Community Engagement, in addition to how the Plan will adapt to "Ebb and Flow" of Student/Teacher populations in the short-term. Overall:</p> <p>I believe the School Enviornment will reflect the Input and "Diversity" of the Community which helps in the support of the school overall</p> <p>I believe the School Team Leadership has the potential to implement the Plan Successfully</p> <p>I Believe the Community will embrace the "Lesson Plans" which includes the Mission and Vision of School</p>
