**SUPERINTENDENT'S MESSAGE**

Dear Los Angeles Unified Family,

As guided by our Board of Education, the Los Angeles Unified School District, and supported through the incredible efforts of our employees, families, and school communities, is delighted to start the 2022-23 Fiscal Year with an intense focus and continued commitment to student achievement and success.

This year's budget is the roadmap designed and informed by the priorities we have invested in to accelerate student learning. Our budget is reflective of our work to mitigate the tremendous impact COVID-19 has had on our investments and school communities. We are proud of the continued investments in our most needed communities as evidenced through commitments in the Early Education, extended learning opportunities, the Black Student Achievement Program, arts education, dual-language program expansion, the greening of schools, socio-emotional learning and an augmented focus of resources and support for targeted high-need schools. The District has also strategically allocated the necessary funds (the Elementary and Secondary School Emergency Relief Fund – ESSER – and the American Rescue Plan – ARP) to help our classrooms directly.

Our budget reflects our values and priorities, but it will only be successful if it is effectively managed and implemented by all schools and offices throughout Los Angeles Unified. Our school and district leaders must proactively identify challenges and opportunities, shifting strategies when necessary to meet the needs of our students.

There is no easy path toward financial stability, but our budget workshops, ongoing conversations, and the 100-Day Plan and Strategic Plan implementation will help us get there. We remain committed to making hard decisions that will ultimately protect and benefit our students and the highly effective workforce of Los Angeles Unified.

I am proud of the collaboration that went into developing this budget and very excited for the hard work ahead.

Thank you for your continued partnership and support.

# Timeline for Budget Adoption

# Building the 2022-23 Budget

# Building the 2022-23 Budget

# Guiding Principles for Budget Development

## Improve student achievement

- Address the immediate needs in our schools
- Strategically use one-time funds and continue progress monitoring to pivot strategies as needed

## Spend funds on the students that generate them

- Ensure that spending meets the immediate needs of students
- Ensure an equitable distribution of resources

## Protect our highly effective workforce

- Maintain staffing levels necessary to meet the needs of our students

## Build towards long-term fiscal sustainability

- Transition responsibly to a state where COVID funds will no longer be available, and reserves are not used to balance the budget
- Fund the District's long-term liabilities, like Other Post-Employment Benefits and non-General Obligation funded capital needs

## Protect taxpayers' investments

- Be good stewards of public funds

# 100-Day Plan: Broad Fiscal Analysis

- Credit Ratings: 4 agencies currently rate all/portion of District's credits
  - Depending on rating agency, District receives credit ratings on:
    - General Obligation (GO) Bonds backed by ad valorem property taxes
    - Certificates of Participation (COPs) backed by District's General Fund
    - Other General Fund credit quality indicators/issuer rating

- GOs rated higher because security is based on voter approved ad valorem taxes and County intercept

- General Fund ratings have been downgraded due to:
  - Increased expenditure pressures
  - Structural budgetary challenges
  - Sizeable unfunded OPEB liability
  - Long-term trend of declining enrollment

Enrollment currently projected to decline at an accelerated pace

\* Moody's issued its first "Long Term Issuer Rating" for the District in February 2021, which has remained at A1

# 100-Day Plan: Broad Fiscal Analysis

- Budget to Actuals
  - Budget variance analysis was conducted to identify areas of substantial underspending:
    - SENI carryovers have grown substantially over time
    - Substantial carryover funds in the General Fund School Program
    - Underspending in Title I, II, III, and IV
- Financial Crisis and Management Assistance Team (FCMAT) assists and provides guidance to local educational agencies in the areas of business and financial management practices.
  - FCMAT developed the Fiscal Health Risk Analysis tool to help LEA's self-evaluate fiscal health and risk of insolvency
    - Based on FCMAT's fiscal health criteria, LA Unified has a low risk of insolvency in the current and two subsequent fiscal years

# LCAP & Community Input

# Strategic Plan

- Strategic Plan to be presented for adoption by the Board on June 21
- In the District's August Revised Budget, new investments and reallocations shall be aligned to the Strategic Plan
- The fiscal impact of strategies in the District's August Revised Budget shall be monitored quarterly for strategic execution

## Budget Summary

# Values-Based Approach to Budgeting

- Decisions big and small are aligned with our values, guiding principles, and Strategic Plan
- Values-based budgeting is a year-round effort. We must proactively identify challenges and opportunities, shifting strategies when necessary

| Zero-Based Budgeting  | Progress Monitoring   | Targeted Support  |
|---|---|---|
| <ul style="list-style-type: none"><li>• Build budgets from scratch, forcing decision makers to justify how new <i>and</i> existing spending aligns to values</li><li>• Challenge the status quo</li><li>• Identify redundancies</li><li>• Central offices to commence zero-based budgeting in 2022-23</li></ul> | <ul style="list-style-type: none"><li>• Regular review of budgets, including vacancies, to monitor strategic execution</li><li>• Shift strategies and budgets as variances, needs, or priorities dictate</li><li>• Create systems for Local District-led monitoring</li></ul> | <ul style="list-style-type: none"><li>• Allocate resources based on student needs</li><li>• Restructure support levels for highest-need schools</li></ul> |
| Protect Prioritized Investments   |   |   |
| <ul style="list-style-type: none"><li>• Maintain high-priority investments (recommend establishing policy to drive prioritization)</li><li>• Increase investments, even in challenging budget circumstances, that demonstrate strong benefits to students</li></ul>   |   |   |

### **Background:**

Annually, the Board of Education must hold a public hearing and adopt a budget consistent with the provisions of section 42127 of the Education Code. Upon adoption, the budget is to be submitted to the Los Angeles County Office of Education (LACOE) on or before July 1.

With the passage of Proposition 30, LA Unified shall receive part of its State entitlement through revenues from the Education Protection Account (EPA). In order to receive these entitlements, the Board of Education must, at an open meeting, make spending determinations regarding EPA funds.

Proposition 30 revenues are allocated to school districts through the EPA. These are not additional funds outside of the Local Control Funding Formula, but rather another source of the general purpose funds (similar to local property taxes) that offsets what would otherwise be state funding.

EPA funds may not be used for any salaries or benefits of administrators or any other administrative costs. LA Unified is also required to annually publish on its web site an accounting of how much EPA funds were received and how the funds were spent.

Sections 42127 and 52062 of the Education Code require two separate Governing Board public meetings for the Local Control and Accountability Plan (LCAP) and the Budget, one for the public hearing of the LCAP and Budget and a

subsequent meeting for the adoption. The LCAP public hearing and adoption must occur at the same meetings as the budget public hearing and adoption.

As required by Senate Bill (SB) 858/751, Attachment D sets forth the minimum reserve level required in each year, amounts of assigned and unassigned ending balance that exceed the minimum, and reasons for the reserve being greater than the minimum. Attachment E sets forth the committed fund balance for specific uses beginning 2022-23.

The interfund transfer and temporary borrowing authorization is an annual request to allow staff to process accounting transactions related to interfund transfers and temporary borrowings. Interfund transfers are made between funds for various purposes, including transfers for debt service requirements. Temporary borrowings are made in situations where LA Unified advances cash from a fund with sufficient cash balance to pay obligations of a fund with insufficient cash balance. Repayments of the cash advances are made within statutory timelines.

**Expected Outcomes:**

The outcome of this Board action is an adopted budget for fiscal year 2022-23 that shall enable LA Unified to comply with Education Code Section 42127.

A further expected outcome of this Board Action is an adoption of Resolutions Regarding EPA expenditures for 2022-23.

Approval of the Resolution to Commit Fund Balance shall ensure funds are used for the specific purpose unless the Board takes subsequent formal action to uncommit the originally imposed constraint.

Approval of interfund transfers and temporary borrowings authorization shall ensure that interfund transfers and/or temporary borrowings are authorized beginning in July 2022. LA Unified staff shall be able to make required and timely interfund transfers or temporary borrowings in the 2022-23 fiscal year.

**Board Options and Consequences:**

Should the Board vote to approve, LA Unified will meet the annual budget adoption requirements of Education Code Section 42127. Should the Board vote not to approve, LA Unified will not meet the requirements of Education Code Section 42127.

Non-approval of the EPA resolution as set forth in Proposition 30 may place the EPA entitlement at risk.

Without approval to commit fund balance, LA Unified will not adhere to reporting requirements for reserves as set forth in Education Code 42127.01.

Without prior approval to process interfund transfers and temporary borrowings, LA Unified staff will not have the authority to make required and timely interfund transfers and/or temporary borrowings in the 2022-23 fiscal year.

**Policy Implications:**

Adoption of the Proposed 2022-23 Budget, approval of the Resolution Regarding Expenditures from the EPA, approval of the Resolution to Commit Fund Balances, and delegation of authority to make interfund transfers and/or temporary borrowings shall comply with the Education Code requirements.

**Budget Impact:**

Adoption of the Proposed 2022-23 Budget

**Student Impact:**

Compliance with Education Code mandate ensures that LA Unified shall continue to operate and serve its student population.

## **EXECUTIVE SUMMARY – ADOPTION OF THE PROPOSED 2022-23 BUDGET**

Each year, on or before June 30<sup>th</sup>, the Board adopts a budget for the upcoming fiscal year. The Board is scheduled to conduct a hearing of the 2022-23 Budget on June 14, 2022, and consider its final adoption on June 21, 2022.

The Local Control and Accountability Plan (LCAP) follows the same hearing and adoption period. The Budget and LCAP represent the culmination of public discussions on LA Unified's instructional priorities and investments.

### **Highlights**

Below are the major highlights for the Proposed 2022-23 Budget:

- LA Unified's proposed budget reflects the Governor's May Revision which provides a cost-of-living adjustment (COLA) of 6.56% for the Local Control Funding Formula (LCFF). The COLA, based on a price index published by the federal government, represents the highest adjustment since the Great Recession.
- LCFF revenue is projected to be funded on the average of three prior years' average daily attendance (ADA) to reflect the 2022-23 Governor' Budget declining enrollment and attendance mitigation proposal.
- Revenues include Federal funds for Elementary and Secondary School Emergency Relief III from the American Rescue Plan Act of \$1.8 billion to address impact of the coronavirus pandemic, and State Funds for Expanded Learning Opportunities Program of \$579.9 million.
- Expenditures include a \$211 million contribution to the trust account for employees' Other Post-Employment Benefits (OPEB).
- The Proposed 2022-23 Budget incorporates the 2021-22 projected unassigned ending balance of \$1,433.2 million. Furthermore, reflecting an increased COLA revenue from the May Revision results in projected positive unassigned ending balances in Fiscal Years 2022-23 through 2024-25.
- LA Unified has had and continues to have a structural deficit whereby in-year expenditures exceed in-year revenues. As revenues continue to decrease due to enrollment decline, expenditures have not been reduced proportionately. Though the budget is balanced, a significant amount of one-time fund balance is being drawn upon over the multi-year projection.
- The May Revision includes a 10% reserve cap beginning in 2022-23. The Proposed 2022-23 Budget includes multi-year committed balances of \$1,554.3 million beginning 2022-23 earmarked for specific uses such as the Student Equity Needs Index (SENI), the Primary Promise Program, OPEB, and Intervention Services for high-needs schools. The Proposed 2022-23 Budget meets reserve requirements.

**LA Unified has positive unassigned ending balances 2022-23 through 2024-25.**

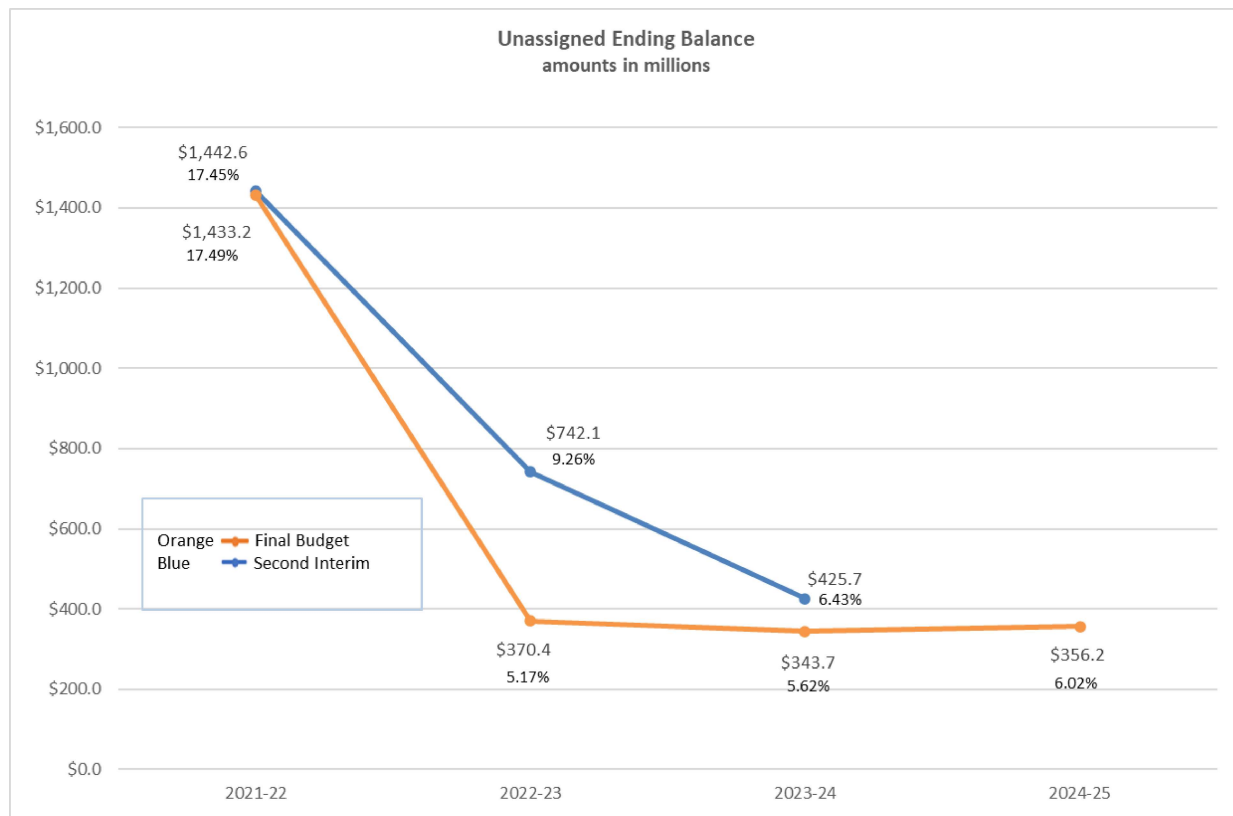

Table I provides a summary reconciliation of unassigned ending balances 2022-23 through 2024-25 from the Second Interim Report (March 2022) to the Proposed Budget (June 2022):

Table I. Estimated Unassigned Ending Balances

| <b>Reconciliation from Second Interim to Proposed Budget – March 2022 to June 2022<br/>(Amounts in millions)</b> | <b>2022-23</b>  | <b>2023-24</b>  | <b>2024-25</b>  |
|--|-----------------|-----------------|-----------------|
| Unassigned Ending Balance at Second Interim  | \$ 742.1        | \$ 425.7        | N/A             |
| Changes from Second Interim to Proposed Budget   | (371.7)         | (82.0)          | N/A             |
| <b>Estimated Unassigned Ending Balance (June 2022)</b>   | <b>\$ 370.4</b> | <b>\$ 343.7</b> | <b>\$ 356.2</b> |

Attachment D of the board report lists the estimated assigned ending balances for 2022-23 through 2024-25. Attachment E of the board report lists the estimated committed ending balances beginning in 2022-23.

The unassigned ending balance is estimated to drop from 17.49% in 2021-22 to 6.02% in 2024-25.

### **Next Steps**

The unprecedented growth in State revenue has substantially increased the Proposition 98 funding in the May Revision. The Governor's spending proposals in the May Revision include, but is not limited to, Proposition 98 funding of \$110.3 billion in investments and over \$37.1 billion in reserves, including a balance of \$9.5 billion in the Proposition 98 rainy-day fund called the Public School System Stabilization Account (PSSSA). The PSSSA amount of \$7.3 billion in 2021-22 triggers a statutory 10% cap on local reserves beginning in 2022-23 wherein the combined unassigned and assigned balances shall not exceed 10% of General Fund Expenditures and Other Financing Uses. The LA Unified Proposed 2022-23 Budget meets reserve requirements in its multi-year projection.

LA Unified's enrollment and subsequent Average Daily Attendance (ADA) continue to decline. The anticipated decline in revenue is mitigated by the proposed provision in the 2022-23 Governor's Budget which changes funded ADA to the greater of the current year, prior year, or the average of the three prior years' ADA. This is a change to current practice whereby LA Unified is funded on the greater of the current year or prior year ADA. Beginning in fiscal year 2022-23, LA Unified's revenue in the multi-year projection is calculated based on the average of the three prior years' ADA.

Though the Governor's May Revision is estimated to include an abundance of new discretionary education funds, investments could change as the Assembly and Senate weigh in on their priorities and until agreements are settled between the Governor and Legislature. Several proposals in the Governor's May Revision are not reflected in LA Unified's Proposed 2022-23 Budget such as the \$8 billion one-time Discretionary Block Grant, \$2.1 billion ongoing funding for LCFF base grants, \$1 billion LCFF add-on funding to lower classroom ratios in transitional kindergarten, and additional protection from attendance drops in the 2021-22 school year. LA Unified shall update the budget in August to reflect provisions in the Enacted State Budget and Trailer Bill Language.

The substantial increases from State funding do not permanently resolve the financial impact to LA Unified due to declining enrollment. Proposed changes to mitigate the drop in enrollment, and subsequent ADA decline are temporary solutions. LA Unified faces a convergence and acceleration of enrollment decline, the expiration of one-time state and federal funds, as well as ongoing and increasing financial liabilities. As such, difficult, but important decisions are necessary to achieve financial stability and to safeguard sustainable, long-term commitments that benefit the students and employees of the LA Unified School District.

### **Ending Balance Reserve Requirements**

Beginning in 2015-16, LA Unified must determine the minimum reserve level amounts of estimated assigned and unassigned ending balances that exceed the required minimum under Senate Bill (SB) 858/751. LA Unified must also state reasons for the reserve being greater than the minimum.

Approximately 91% of the assigned ending balances are in the General Fund School Allocation and School Site Program Carryover categories. The General Fund School allocations are the main account that school sites use for their local needs. These categories also contain unspent Charter School Categorical Block Grant, Community Schools, and Library Initiative monies at the school sites. Some of these accounts are also associated with specific local revenues such as donations and filming revenues.

The Districtwide assigned balances include a set aside for audit and benefit reconciliation. These are one-time balances and shall be released once the audit and/or reconciliation are finalized. Additional assigned ending balances include set-asides for specific projects and uses that are to be implemented during the school year.

The Unassigned/Unappropriated balances are amounts that could be used for any Board approved purposes and have not been designated for a specific use. However, in LA Unified's case, the unassigned ending balance of \$370.4 million in 2022-23 is a factor in balancing 2023-24 and 2024-25.

The Governor's 2022-23 May Revision includes a 10% cap on reserves beginning in 2022-23. The cap on reserves is defined as any assigned and unassigned categories of fund balance in the General Fund more than 10% of total General Fund expenditures and other financing uses. LA Unified local reserves beginning in 2022-23 adhere to the reserve cap requirement.

The table below shows the calculation of the minimum reserve requirement, as well as the estimated assigned and unassigned ending balance for fiscal years 2022-23 through 2024-25:

GENERAL FUND MULTI-YEAR PROJECTION

AB 1200 (Chapter 1213/1991) and AB 2756 (Chapter 52/2004) were enacted in response to near bankruptcies of a number of school districts, an increase in requests for state emergency loans, and an increase in financial distress. As a result, school districts are required to submit a Multi-Year Projection (MYP) of the General Fund that includes the current fiscal year and two subsequent fiscal years. The MYP is considered by the Los Angeles County Office of Education (LACOE) as part of its fiscal solvency review process.

The MYP is a mathematical result of today's decisions based on a given set of assumptions. LACOE provides the District with guidelines on what assumptions to use for items such as, but not limited to, the cost-of-living adjustment (COLA) for Local Control Funding Formula (LCFF) revenue and employer rates for pension systems. The assumptions are expected to change as the various factors change at the State and local levels. The assumptions are listed in the Budget Assumptions and Policies pages of the Board Report.

It is important to note that the MYP is not a forecast or prediction, for which there is a higher implied reliability factor. While the terms "forecast" and "projection" are sometimes used interchangeably, there is a difference between them.

The American Institute of Certified Public Accountants (AICPA) define the terms as follows:

**Forecast.** Prospective financial statements that present, to the best of the responsible party's knowledge and belief, an entity's expected financial position, results of operations and cash flows. A financial forecast is based on the responsible party's assumptions reflecting the conditions it expects to exist and the course of action it expects to take.

**Projection.** Prospective financial statements that present, to the best of the responsible party's knowledge and belief, given one or more hypothetical assumptions, an entity's expected financial position, results of operations and cash flows.

The main difference between forecast and projection comes down to the nature of the assumptions. A forecast uses assumptions that represent expectations of actual future events. A projection, which is the MYP, uses assumptions, that includes guidelines from an oversight agency like LACOE, that may or may not happen.

**SUPPORT PERSONNEL ALLOCATIONS****Custodial Personnel – K – 12 Schools**

Custodial Personnel allocations for K-12 schools are based on a combination of factors, mainly space (square footage of different types of areas) and student enrollment. For most K - 12 schools, allocations are based on the following:

- The minimum staffing allocation for a K-12 school is 16 hours and each school is allocated a Plant Manager within the allocation. Schools may also be allocated an Assistant Plant Manager based on the number of custodial hours on the night shift. The Plant Manager level is determined by the size of the campus. The placement of an Assistant Plant Manager as well as the levels of both the Plant Manager and Assistant Plant Manager can only be changed after review by Personnel Commission.
- Square footage area of interior space and exterior area hardscape and planted areas are used to determine a time value to clean the spaces daily.
- A Budget reduction factor is applied based on available funding for custodial staffing.
- An Enrollment factor of .41 minute per enrolled student is added back in after the above reduction.
- Custodial time is rounded to the nearest 4-hour increment to determine the amount of staffing budgeted for the school site.
- High schools and middle schools are also allocated School Facilities Attendant(s) whose main duty is to service restrooms and provide other miscellaneous duties within their job classification description when the school is in session.
- Pool custodians will be assigned to the Maintenance and Operations (M&O) Areas and will service schools' swimming pools in their respective M&O areas.

Custodial allocations are also augmented based on enrollment at schools using the criteria below. These criteria and allocations are subject to change based on availability of funds in Program 11694 Operations-school positions.

- Elementary schools with an enrollment greater than 606 students that are allocated 16 hours of custodial time will receive an additional 4-hour custodial allocation.
- Middle schools with an enrollment greater than 1,744 will receive an additional 4-hour custodial allocation.

**Custodial Personnel – Special Education Centers and Special Education Program in K-12 Schools**

Custodial staffing allocation for Special Education Centers and for combined special education and traditional school sites is first calculated like a traditional site. Custodial staffing hours may be added to site allocation due to:

- Special Education allocation rules below also apply to traditional schools with 500 or greater enrollment
- Traditional sites or stand-alone special ed sites with 5 or greater classrooms designated for students in the following programs: PCC, PAL, PSC, AUT, IDS, MDS, IDM, MD, EE, VI, and DHH (page II-22).

- The following allocations will be made to the sites described above:
  - 4 custodial hours if using 5-12 classrooms for designated programs
  - 8 custodial hours if using 13-17 classrooms for designated programs
  - 12 custodial hours if using 18-23 classrooms for designated programs
  - 16 custodial hours if using 24-29 classrooms for designated programs
  - 20 custodial hours if using 30 or more classrooms for designated programs

### **Custodial Personnel – Option Schools**

Custodial allocations for continuation schools, opportunity schools, community day schools, and independent study schools are calculated similarly to K-12 sites subject to the following guidelines:

- Continuation schools, opportunity schools, community day schools, and independent study schools are often contained within a larger K-12 campus. For these sites, enrollment and square footage values are included in the main site's allocation.
- The continuation school, opportunity schools, community day school, or independent study school program contribute funding based on the size of the area used on the main campus. The time apportioned to the continuation schools, opportunity schools, community day schools, or independent study schools and the funding program are included on the main site's custodial allotment sheet.

When a continuation school, opportunity school, community day school, or independent study school is not co-located with a larger campus, custodial allocation is calculated similarly to a typical K-12 school site.

### **Custodial Personnel – Adult Education Sites**

Custodial allocations for Adult Education sites are calculated similarly to K-12 sites. Stand-alone Adult Education sites are assigned to a team cleaning group consisting of an appropriate level plant manager and an assistant plant manager as needed. The Division of Adult Education funds custodial staffing for these sites. When Adult Education uses a portion of a larger host campus, the Adult Education custodial team assigned to the Adult Ed centers in that area will provide custodial services for the campus areas used, in coordination with the site's plant manager and administrator. No additional custodial hours will be added to the host school site allotment, as the Adult Ed custodial team will provide needed custodial support.

### **Campus Aides**

Campus aides are allocated to provide a range of three (3) to eight (8) hours of supervision support to schools subject to review and approval by Local District and District Operations based upon security considerations.

**Teacher Librarians**

Per the District - UTLA agreement of January 2019 (part of the settlement of the UTLA work stoppage), the District funds a full-time Teacher Librarians for all secondary schools, including SPAN schools. The agreement allowed a two-year period for implementation (2019-20 and 2020-21 school years). K-8 SPAN schools are included in this agreement. Each secondary school receives a one (1.0) position. For shared sites, the funding for the 1.0 position is divided among the schools sharing the site. The schools then pool the funding to purchase the 1.0 TL position. The funding provided for the Teacher Librarian position may not be repurposed.

**School Nurses**

Mandated health requirements must be met. Once the District's minimum requirements are budgeted in Program 10529 TSP-Nurse/HS Couns School, additional categorical supplemental resources may be purchased to supplement, not supplant. Each school will receive full-time School Nurse allocation as required by the UTLA contract.

However, in the event of a nursing staff shortage, schools may not receive the entirety of their School Nurse time, and District Nursing Services will have the discretion to prioritize nursing time based on students' health needs. While every effort will be made to minimize changes to the nursing allocation to schools, student health needs criteria will determine the priority for nursing services in the event of a staffing shortage, therefore resulting in possible changes during the school year. These funds should not be used for activities such as health office management or to provide services that can be assigned to trained unlicensed staff. Schools may purchase additional nursing time from their budget based on the health needs of their students.

There is no flexibility allowed on this resource.

**School Psychologists**

School Psychologists and related personnel are allocated to schools based on student needs and type of school. The following allocations represent minimum requirements for general education K-12 schools.

|                     |                  |
|---------------------|------------------|
| Elementary Schools  | .25 day per week |
| Middle Schools      | .4 day per week  |
| Senior High Schools | .5 day per week  |

In addition to special education and general education allocations, schools purchase additional psychological services based on the needs of their students and the schools' ability to fund the positions.

**Pupil Services and Attendance Counselors**

Schools purchase Pupil Services and Attendance Counselors services based on their needs for attendance services and the schools' ability to fund the positions.

Black Students Achievement PSA Counselors are allocated at Elementary schools based on the criteria below:

**Group 1 Schools**

  - Experienced more chronic absenteeism than the district average
  - AND
  - Percentage of students that met/exceed grade level standards in English Language Art and Math below district average

**STUDENT EQUITY NEEDS INDEX (SENI)**

The District uses the Student Equity Needs Index score to determine the Targeted Student Population (TSP) and ESSER-SENI allocations to schools.

Overview

There are four fundamental principles in designing an equity-based funding formula:

- Equity – funds should be allocated according to need.
- Transparency – the methodology for allocating funds is clear, simple, and understandable.
- Fairness – schools with similar needs should receive similar funds per TSP student (English Learners, students in foster care, and students designated as low income).
- Stability and Feasibility – funds should be allocated in a manner that causes minimal disruption to school planning.

Equity-Based Funding Formula

- Based on the school's SENI score, there are five rankings: Highest, High, Moderate, Low, and Lowest.
- Funds are allocated on a continuous per pupil rate based on the school's Student Equity Needs Index score.
- Starting in school year 2020-21, it was necessary to establish five new program codes to align and track budgeted expenditures to LAUSD's Local Control Accountability Plan (LCAP) goals. Funds that were originally allocated in program code 10552, SENI, were transferred to the new LCAP program codes below:
  - Program 10983, 100% Graduation
  - Program 10984, Proficiency for All
  - Program 10985, Excellent Attendance
  - Program 10987, Parent, Student and Community Engagement
  - Program 10988, School Safety and Climate.

**BLACK STUDENT ACHIEVEMENT PLAN**

The Black Student Achievement Plan (BSAP) provides supplemental services and supports to 110 schools (groups 1 and 2) that have high numbers of Black students and high need indicators, specifically Math and English Language Arts proficiency rates below the district average, higher than average referral and suspension rates, or identified as a Humanizing Education for Equitable Transformation (HEET) School.

The goals of the Black Student Achievement Plan are to:

- 1) Ensure instruction and curriculum are culturally responsive to Black students and provide additional tier 1 support and intervention to students, to close literacy and numeracy skill gaps,
- 2) Work with community groups that have demonstrated success with Black students and families to improve college and career readiness, and
- 3) Reduce over-identification of Black students in suspensions, discipline, and other measures through targeted intervention to address students' academic and social-emotional needs.

Humanizing Education for Equitable Transformation (HEET) resources are intended to meet the academic and social-emotional needs of students at the targeted 16 HEET community of schools.

The goals of the HEET initiative include the following:

- a. Stabilizing the teaching and administrative faculty for increased continuity and consistency of learning objectives.
- b. Providing essential out-of-classroom supports such as librarians, nurses, counselors, etc.
- c. Increase academic and social emotional outcomes for Black students.
- d. Increase parent and community engagement.

The table on the next page shows the investment details for both BSAP and BSAP-HEET.

## DESCRIPTION OF FUNDS

California State law requires school districts to organize their financial reporting by “fund”. The California School Accounting Manual (CSAM), which governs school district budgeting and accounting processes in California, defines “fund” as an accounting entity with a self-balancing set of accounts recording financial resources and liabilities. It is established to carry on specific activities or to attain certain objectives of a Local Educational Agency (LEA) in accordance with special regulations, restrictions, or limitations.” (Section 101, December 1998).

LEAs such as the Los Angeles Unified School District are required to budget by fund. The Final Budget is comprised of a General Fund and 23 special funds. The uses of these funds are summarized below.<sup>1</sup>

## OPERATING FUNDS

*Fund 010: **General Fund*** is used to account for the basic instructional, support, and administrative operations of the District. The General Fund includes services to regular K-12 schools, the special education program, and other programs. The General Fund supports and accounts for both restricted and unrestricted funding sources and expenditures. The restricted sources are summarized in the Restricted General Fund section of this document.

*Fund 110: **Adult Education Fund*** is used to account separately for federal, state, and local revenues for adult education programs, as well as for expenditures that support this program. Expenditures in the Adult Education Fund are limited to those for adult education purposes. Moneys received for programs other than adult education may not be expended for adult education purposes (Education Code §52616[b]).

*Fund 120: **Child Development Fund*** is used to account for federal, state, and local revenues to operate child development programs. In the Los Angeles Unified School District, the Child Development Fund supports the activities of the Early Childhood Education Centers that operate throughout the District. This fund may be used only for expenditures for the operation of child development programs and may be subsidized by the General Fund as well.

*Fund 130: **Cafeteria Fund*** is used to account for federal, state, and local resources to operate the District’s food service program (Education Code §38091 and §38100).

<sup>1</sup> Definitions reflect the California School Accounting Manual descriptions where available, augmented by information from the District budget and the District’s 2020-21 Audited Annual Financial Report to reflect specific District use of various funds

## DESCRIPTION OF FUNDS

## CAPITAL PROJECTS FUNDS

*Building Funds* exist primarily to account for proceeds from the sale of bonds (Education Code §15146). Expenditures are most commonly made against Object 6000 – Capital Outlay accounts. As the result of the passage of multiple bond elections, the District operates six separate Building Funds.

*Fund 210: **Building Fund – Measure R*** accounts for the proceeds resulting from the passage of Measure R, a local school bond measure approved by the voters in March 2004, for new school construction and repairs to existing schools.

*Fund 211: **Building Fund – Proposition BB*** accounts for the proceeds resulting from the passage of Proposition BB, a local school bond measure approved by the voters in April 1997 for construction of new schools and repair and modernization of existing schools.

*Fund 212: **Building Fund*** accounts for proceeds from the sale of bonds prior to 1997, as well as state allowances and other resources designed for facilities expansion.

*Fund 213: **Building Fund – Measure K*** accounts for the proceeds resulting from the passage of Measure K, a local school bond measure approved by the voters in November 2002, for new school construction and repair and modernization of existing schools.

*Fund 214: **Building Fund – Measure Y*** accounts for the proceeds resulting from the passage of Measure Y, a local school bond measure approved by the voters in November 2005, for school construction and modernization, with the goal of returning all schools to a traditional calendar.

*Fund 215: **Building Fund – Measure Q*** accounts for the proceeds resulting from the passage of Measure Q which was a local school bond measure approved by the voters in November 2008 to fund critical repair and safety needs, create science labs and other specialized classrooms necessary to teach courses that would help students get into college or start careers after they graduate, and help create classrooms that are up to date in technology and high speed internet.

*Fund 216: **Building Fund – Measure RR*** accounts for the proceeds resulting from the passage of Measure RR, a local school bond measure approved by the voters in November 2020, for school upgrades and safety measures.

*Fund 250: **Capital Facilities Account Fund*** accounts for resources received from developer fees levied upon new residential, commercial, or industrial development projects within the District's boundaries. The dollars are used to obtain funds for the construction or acquisition of school facilities to relieve overcrowding.

*Fund 300: **State School Building Lease-Purchase Fund*** accounts for state apportionments received in accordance with California Education Code §17700-17780, primarily for relief of overcrowding.

DESCRIPTION OF FUNDS

**Fund 351: County School Facilities Fund** account for revenues and expenditures resulting from building projects funded primarily or in part from state bond elections or from matching funds. The District used to operate four separate County School Facilities Funds. In 2013-14, these four funds shown below were consolidated into one single County School Facilities Fund.

*County School Facilities Fund - 1A* accounts for school construction and modernization funds received from proceeds resulting from the passage of Proposition 1A in 1998, as well as for local matching funds.

*County School Facilities Fund – Proposition 47* accounts for apportionments received from the State School Facilities Fund. The passage of Proposition 47 in November 2002 authorized the sale of bonds for new school facility construction, modernization projects, and facility hardship grants.

*County School Facilities Fund – Proposition 55* accounts for the matching funds received as a result of the passage of Measure R. Proposition 55 was passed by the voters in March 2004.

*County School Facilities Fund – Proposition 1D* provides funding from the Kindergarten-University Public Education Facilities Bond Act of 2006. Proposition 1D was approved by the voters in the November 2006 general election. Funds provide additional dollars for existing school facilities programs. Funds also provide new dollars for seismic mitigation of the most vulnerable school facilities, creation of career technical education facilities, reduction of severely overcrowded sites, and incentives for the construction of high-performance “green” schools.

*Special Reserve Funds for Capital Outlay Projects* provide for the accumulation of General Fund moneys for capital outlay purposes (Education Code §42840). Transfers authorized by the governing board must be utilized for capital outlay purposes. The District operates four Special Reserve Funds:

**Fund 400: Special Reserve Fund – Community Redevelopment Agency** accounts for reimbursements of tax increment revenues from certain community redevelopment agencies based on agreements between the District and the agencies. The reimbursements are to be used for capital projects within the respective redevelopment areas covered in the agreements.

**Fund 401: Special Reserve Fund** accounts for District resources designated for capital outlay purposes such as land purchases, ground improvements, facilities construction and improvements, new acquisitions, and related expenditures.

**Fund 402: Special Reserve Fund – FEMA – Earthquake** accounts for funds received from the Federal Emergency Management Agency (FEMA) for capital outlay projects resulting from the January 17, 1994 Northridge earthquake.

**Fund 403: Special Reserve Fund – FEMA – Hazard Mitigation** accounts for funds received from FEMA and for the 25% District matching funds for the retrofit/replacement of pendant lighting and suspended ceilings in selected buildings at schools, offices, and Early Childhood Education Centers.

*Fund 530: **Tax Override Fund*** accounts for the accumulation of resources from ad valorem tax levies for the repayment of State School Building Aid Fund apportionments.

*Fund 560: **Capital Services Fund*** accounts for the accumulation of resources for the repayment of principal and interest on certificates of participation (COPs) and long-term capital lease agreements. ## SOURCES AND USES OF FUNDS

### SOURCES OF FUNDS

#### Beginning Balance

This section of the financial statements basically reflects the ending balance of the prior year. In addition, it may include adjustments due to audit or restatements of amounts.

#### Revenue

This section entails the various types of revenues received. They are classified based on the source of funds such as the Local Control Funding Formula, federal, state, and local revenues. For example, entitlements or grants coming from the federal government such as the Federal IDEA and Title I are included under federal revenues; while entitlements or grants coming from the state such as the Special Education funding AB 602 is included in the state revenues. It may also include inter-fund transfers-in from other funds.

### USES OF FUNDS

#### Expenditure

This section reflects the amounts of funds spent or to be spent based on the type of expenditure which are called the objects of expenditures. These may be certificated and classified employees' salaries, employee benefits, books and supplies, contracts, and capital outlay. It may also include inter-fund transfers-out to other funds.

- *Certificated Salaries* include salaries for positions that require a credential or permit issued by the Commission on Teacher Credentialing such as salaries of school administrators, teachers, librarians, counselors, nurses, and certificated central office administrators.
- *Classified Salaries* include salaries for positions that do not require a credential or permit issued by the Commission on Teacher Credentialing such as salaries of instructional aides, school administrative assistants, bus drivers, carpenters, custodians, plumbers, and those non-certificated employees who supervise their work.
- *Employee Benefits* include employers' contributions to retirement plans and health and welfare benefits for employees, their dependents, retired employees, and board members; and other post-employment benefits.
- *Books and Supplies* include the cost of textbooks, instructional materials, general supplies, and fuel.

- *Restricted Fund Balance* consists of funds that are subject to externally-imposed and legal constraints.
- *Committed Fund Balance* consists of funds that are subject to internal policies and constraints. These policies are self-imposed by the District's highest level of decision-making authority.
- *Assigned Fund Balance* consists of funds that are intended to be used for a specific purpose by the district's highest level or an official with the authority to assign funds.

**CAPITAL PLANNING AND BUDGETING**

The Superintendent's 100-day plan includes an evaluation and assessment of how investments, both facilities and other District assets, are currently leveraged and how they can be further optimized and effectively sustained. This would include identifying all land, infrastructure, and equipment needs in support of sustainability efforts.

**Capital Funds Defined**

Capital funds are used to acquire capital assets or improve the useful life of existing capital assets i.e., land acquisition, building and construction, equipment, additions, and renovations. Capital assets have useful lives extending beyond a single reporting period, are not physically consumed by use, and have economic usefulness that declines over time. With over 79 million feet of square footage of building space to maintain, LAUSD is challenged with ensuring that capital resources are sufficient to ensure a safe and healthy learning environment for all District students and employees.

**Benefits of Capital Improvement Planning**

A complete properly developed Capital Improvement Plan delivers the following benefits:

- Informs the public of the District's investment in infrastructure
- Synchronizes capital and operating budgets including the accounting for debt service and any ongoing operating budget impacts from Capital Projects
- Systematically evaluates competing demands for resources based on a prioritization matrix that reflects the districts' long-term goals and objectives
- Identifies, prioritizes, and optimizes the financing of capital projects
- Links strategic and comprehensive plans with fiscal capacity

**Best Practices Per Government Finance Officers Association (GFOA)**

GFOA recommends that school districts prepare and adopt a comprehensive, fiscally sustainable, and multi-year capital plan to ensure effective management of capital assets. A prudent multi-year capital plan identifies and prioritizes expected needs based on a strategic plan, establishes project scope and cost, details estimated amounts of funding from various sources, and projects future operating and maintenance costs. A capital plan should cover a period of at least three years, preferably five or more.

## CAPITAL PLANNING AND BUDGETING

As the second largest school district in the country, LAUSD comprises 710 square miles with more than 79 million square feet of space. Listed below are some LAUSD Facilities key facts with respect to the size and breadth of capital assets and space LAUSD manages.

**CAPITAL PLANNING AND BUDGETING****Capital Funding Sources**

LAUSD's Capital Investments are primarily funded from local bond funds. The LAUSD's voter-approved Bond Program is currently valued at \$27.6 billion. LAUSD is managing a multi-billion program to build new schools to reduce overcrowding and modernize existing campuses throughout the District. The table below summarizes local bonds that have been voter approved since 1997 and financial status as of the end of Fiscal Year 2020-21.

**CAPITAL PLANNING AND BUDGETING****Capital Assets not eligible for Bond Funds**

The District shall invest resources other than bond funds in facilities and equipment. Included in this requirement are over 520 non-academic sites that provide direct support services to our schools.

As part of the Superintendent's commitment in his 100-day plan, LAUSD shall allocate 2.5 million to perform a Facilities Condition Assessment (FCA) and address the needs of these non-academic sites. The District shall utilize CRA (Community Redevelopment Agency) funds as well as General Fund capital reserves to fund these critical needs.

**What is a Facilities Condition Assessment (FCA)?**

- An FCA is the process of developing a comprehensive picture of physical conditions and the functional performance of buildings and infrastructure, analyzing the results of data collection and observations, and reporting and presenting findings.
- The main objective of the FCA is to measure the condition and functionality of the building and its infrastructure as suitable and appropriate for intended functions.
- Specific objectives of the comprehensive assessment methodology include determining needs for renewal or replacement of building and infrastructure systems (e.g., Heating/cooling, electrical, exterior envelope, etc.) and system components (e.g., cooling tower, heat exchanger, chiller, pumps, etc.), and guiding the analysis of good decision capital project options, including renovation or modernization.

Periodic condition assessments are essential steps in effective management of capital assets. With over \$15 billion in assets (net of accumulated depreciation), the District's investment in performing Facilities Condition Assessments is a vital first step. See table below.

**DISTRICT ENROLLMENT TRENDS**

This section provides information and data related to the number of students served in the district schools.

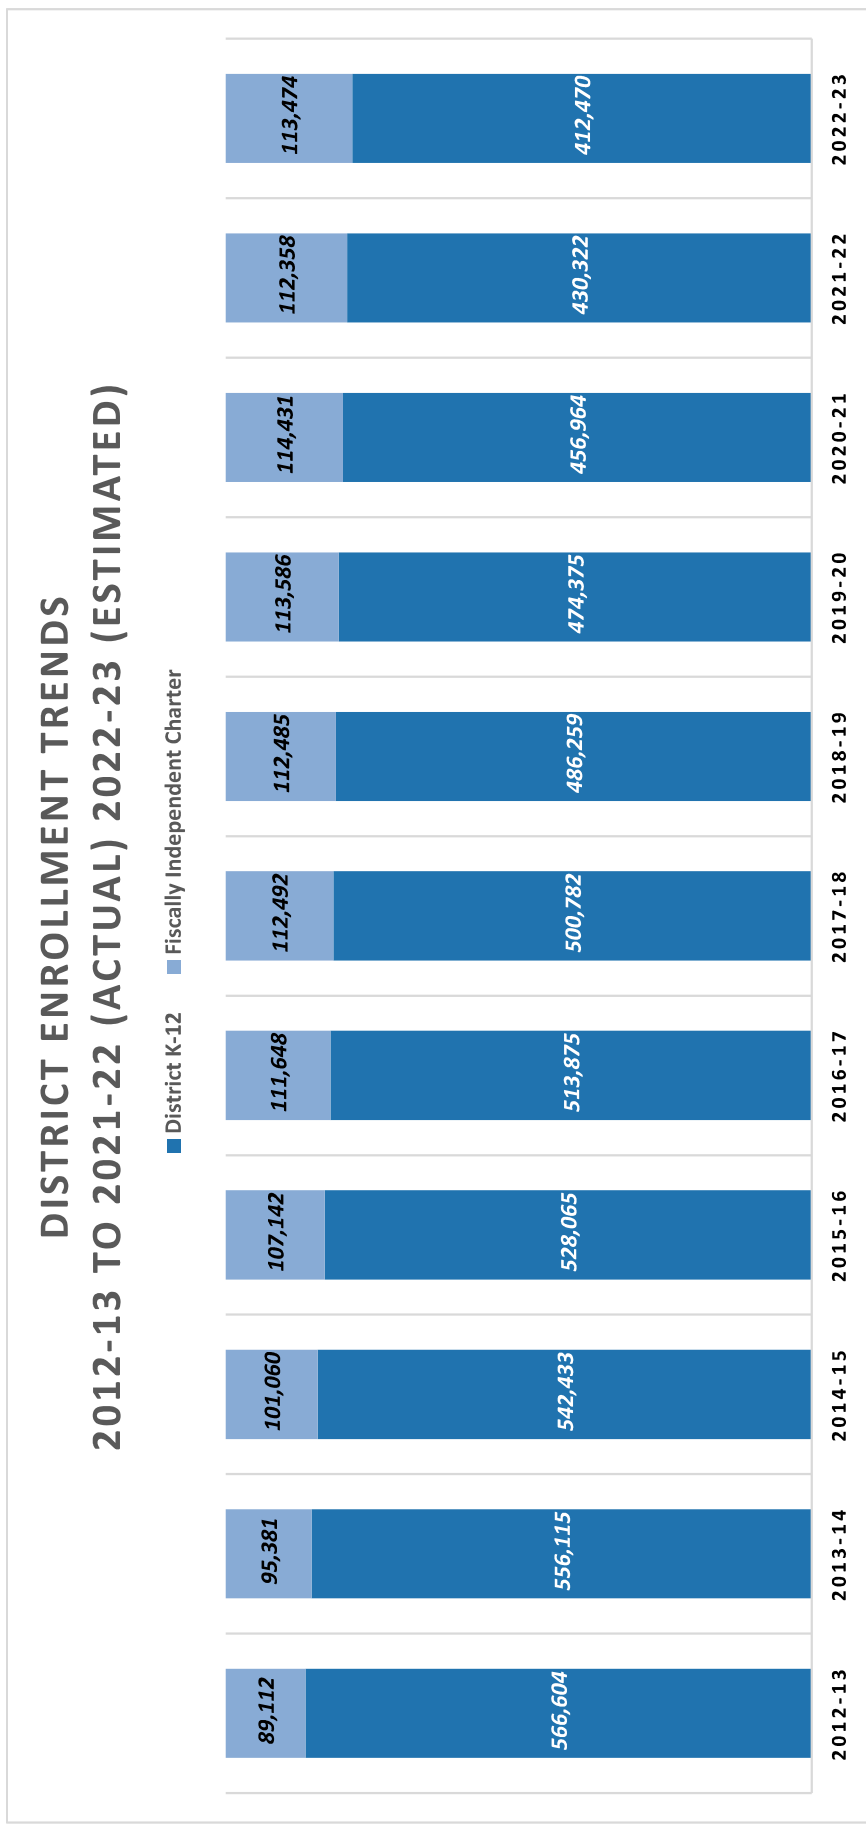

To project enrollment, the Los Angeles Unified School District uses data on live births in Los Angeles County, historical grade retention rates, and other relevant information. The grade retention ratios measure the percentage of students expected to progress to the next grade level from one year to the next based on past trends. Estimated enrollments in grades 1 through 12 are calculated based on a variety of scenarios using weighted and true averages overtime. Kindergarten enrollments are calculated as a percentage of live births in Los Angeles County from five years earlier.

Enrollment peaked in 2002-03 at 746,831 and has declined each year since. This is due to several factors, including the reduced birth rate in Los Angeles County and the increasing cost of living in southern California.

Declining enrollment affects both revenue and expenditures. However, declining enrollment typically causes a more rapid decline in revenue after the first year. This is because declining enrollment districts are essentially “held harmless” for the decline from the previous year. Another contributing factor to the change in revenue and expenditures is the increase in students enrolled in fiscally independent charter schools.

The enrollment projections differentiate between students in fiscally independent charter and non-charter district schools. This helps the district estimate the impact of fiscally independent charter schools on the district’s budget. The fiscally independent charter school data include both schools that have converted from non-charter to fiscally independent charter school status (“conversion charters”) and schools that began their operation as fiscally independent charter schools (“start-up charters”).

The chart below shows the district enrollment trends for the past decade. The chart depicts the increase in the number of students enrolled in the independent charter schools in contrast with the decline in the district enrollment in K-12 schools.

Starting in 2019-20 school year, the California Dept of Education integrated CASEMIS into CALPADS (California Longitudinal Pupil Achievement Data System). CALPADS is submitted in October. Students with EMD (4) and MD (3) disabilities were included in OHI above.

**BREAKING DOWN LAUSD'S BUDGET**

LAUSD's budget is large and complex. The chart below shows the hierarchy of LAUSD's fund structure based on California's Standardized Account Code Structure (SACS). This will guide and help the reader understand the LAUSD's budget and its various components.

This section is designed to look at LAUSD's fund structure from the overall total budget drilling down to the General Fund, which is the largest Operating Fund of LAUSD. Therefore, this section of the budget overview will focus on the General Fund.

**THE TOTAL BUDGET**

As required by California law, LAUSD's budget is classified and reported by "fund". The funds are categorized and grouped based on the use of the funds as follows:

1. **Operating Funds**, as discussed further below, is composed of the General Fund, Adult Education Fund, Child Development Fund, and Cafeteria Fund. The total Operating Funds for fiscal year 2022-23 is \$13,451.1 million. These funds are used for the day-to-day operation of LAUSD schools and offices.
2. **Capital Projects Funds** total to \$2,759.9 million and account for the acquisition, construction, or upgrade of facilities. The funding comes primarily from the sale of voter-approved bonds. These funds may not be used for the general day-to-day operations, as voters approved them for specific capitalized projects which will benefit current and future students.
3. **Internal Service Funds** total to \$1,308.1 million and are used for the payment of employee health and welfare benefits, workers' compensation, and liability insurance. The majority of funds accumulated in the Internal Service Funds come from funds generated by positions funded in the other funds. For example, the cost of a teacher's health and welfare benefits funded by the General Fund is transferred from the General Fund to the Health and Welfare Fund, which is one of the Internal Service Funds.
4. **Debt Service Funds** total to \$998.0 million and are used for the payment of interest and principal of long-term bonds.
5. **Fiduciary Fund** total to \$.50 million and is composed of the Other Post-Employment Benefit (OPEB) Fund. This fund is dedicated for the health and welfare benefits of future retirees of LAUSD.
6. **Special Revenue Fund** total to \$27.2 million and is composed of the Student Body Fund.

**Figure 1: 2022-23 TOTAL BUDGET (ALL FUNDS) = \$18.5 BILLION**  
(amounts in millions)

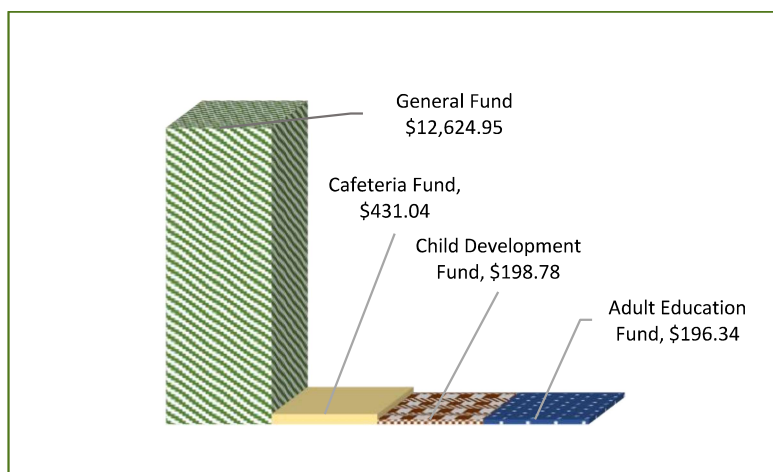

## OPERATING FUNDS

As shown on the hierarchy of funds, the Operating Funds category is broken down into the following four individual funds:

1. **General Fund** - \$12,624.95 million includes funds for the basic instructional and administrative expenditures of the District
2. **Cafeteria Fund** - \$431.04 million includes funds for the food service programs
3. **Child Development Fund** - \$198.78 million includes funds dedicated for the operation of the Early Childhood Education program
4. **Adult Education Fund** - \$196.34 million includes funds dedicated for the operation of the Adult Education program.

An instructional program such as the Early Childhood Education (Child Development Fund) may cost more than the revenue it generates. Therefore, a support from the General Fund is necessary. This is also true for operational programs such as the ones offered by the Food Services Division.

**Figure 2: 2022-23 OPERATING FUNDS = \$13.5 BILLION**  
(amounts in millions)

**GENERAL FUND**

The \$12.6 billion General Fund includes “unrestricted” and “restricted” funds.

- Unrestricted General Fund – These are funds such as the Local Control Funding Formula (LCFF) Base, Supplemental, and Concentration Grants, and one-time Mandated Cost Block Grants that can be used for any general-purpose expenditure.
- Restricted General Fund – These are funds such as the AB 602 Special Education and Title I funds that must be used for specific purposes.

The General Fund is further broken down into major groups as shown below.

| General Fund                          | Unrestricted | Restricted |
|---------------------------------------|--------------|------------|
| General Fund School Program           | ●            |            |
| Proportionality Programs              | ●            |            |
| General Program                       | ●            |            |
| Special Education Program             |              | ●          |
| Ongoing and Major Maintenance Account |              | ●          |

Some programs within the General Fund may also need support. An example is the Special Education Program which is subsidized by the General Program (unrestricted). The support for the Special Education Program from the General Program is called an “inter-program transfer”, where the transfer of funds occur between programs within the General Fund.

**HOW EDUCATION IS FUNDED IN CALIFORNIA**

Prior to the 1970s, California's schools were financed largely with property tax revenues imposed for the benefit of local school districts. This led to dramatic differences in school district funding. A school district with very high property values could raise more revenue per pupil with a low property tax rate, while a district with low property values could raise less with a much higher property tax rate. The state attempted to reduce these differences by providing more state aid to low-property wealth districts. Despite this effort, per pupil revenues varied considerably between districts. In fiscal year 1968-69, for example, per pupil expenditures ranged from \$577 in Baldwin Park to \$1,232 in Beverly Hills.<sup>1</sup> This disparity led to the important Serrano v. Priest (1976) equal protection litigation, which was resolved through statutory enactments that called for a general equalization of state apportionment revenue to school districts.

In 1978, voters approved Proposition 13. The new law limited property tax rates to 1 percent of a property's assessed value at the time of acquisition. Proposition 13 reduced property tax revenues available for local governments and school districts. To cushion the impact to school districts, the state Legislature shifted state dollars to schools.

With the adoption of Proposition 98 (1988) and Proposition 111 (1990), a minimum funding level from State and local property taxes was provided to K-14 public schools. California schools today receive the large majority of their funding from the State, primarily from income and sales tax revenues. To a much lesser extent, districts also receive some local property revenues that are collected at the local level but distributed by the State. Income and sales taxes are more volatile revenue sources than property taxes. When the economy sours, unemployment rises, leading to fewer purchases. This correspondingly leads to less income and goods to be taxed. As a result, fewer dollars become available for schools.

California school districts therefore face dramatic cyclical funding variations as the economy rises and falls. Further, California's Governor and State Legislature, whose vote on the State Budget Act determines how State funds may be spent, have enormous control over the ability of local school districts to utilize funding to meet the specific needs of their students. Approximately 60% of all school district funds in California are general purpose in nature; the remaining 40% are restricted to specific purposes, such as the needs of special education students, low income students, limited English-proficient students, and specific grade levels. This greatly constrains local boards of education in their spending decisions. They are further constrained in their ability to raise taxes independently of the State. Bond issues, usually limited to building programs, require a 55% vote for passage. Parcel tax measures require a 2/3 vote.

In 2013, the Governor revising the state's allocation formula for school districts to increase flexibility at the local level. This proposal is known as the Local Control Funding Formula

(LCFF). Under LCFF, the state provides a base grant for all students and additional grants for high-need students such as English Learners and socio-economically disadvantaged pupils.

The following provides information on legislation and court rulings that have significantly affected California's funding for education.<sup>2</sup>

**Senate Bill 90 (1972)** – In 1972, the Legislature established revenue limits for California public schools. The legislation placed ceilings on the amount of tax money each district could receive per pupil. This was in order to help reduce the wide differences in school funding between high and low property-wealth districts. The 1972-73 general purpose spending level became the base amount in determining each district's annual revenue limit.

***Serrano v. Priest* (1976)** – This 1976 California Supreme Court decision declared the existing system of financing schools unconstitutional because it violated the equal protection clause of the State Constitution. The Court ruled that property tax rates and per pupil expenditures should be equalized and that, by 1980, the difference in revenue limits per pupil should be less than \$100 (the “Serrano band”). This allowable difference in revenue limits has subsequently been adjusted for inflation. In equalizing funding, districts are divided into three types: elementary, high school, and unified. They are then further divided into small and large districts to ensure that appropriate funding comparisons are made. Special purpose or “categorical” funds are excluded from this calculation.

**Assembly Bill 65 (1977)** – In response to the *Serrano* decision, the California State Legislature passed AB 65, creating an annual inflation adjustment based on a sliding scale in order to equalize revenue limits among districts over time. Higher inflation increases were provided to districts with low revenue limits, with lower (occasionally no) inflation adjustments for high revenue districts.

**Proposition 13 (1978)** – This constitutional amendment (the “Jarvis Amendment”) approved by California voters in 1978 limits property taxes to 1% of a property's assessed value, and caps increases in assessed value at 2% annually or the percentage growth in the Consumer Price Index, whichever is less. It also mandated a 2/3 vote for approval of new taxes, such as parcel taxes.

**Assembly Bill 8 (1978)** – In response to Proposition 13, the Legislature established a formula for dividing property taxes among cities, counties, and school districts. This shielded schools from some of the measure's effects. In the process, the State replaced the lost property taxes and effectively took control of school district funding.

**Gann Limit (Proposition 4, 1979)** – Proposition 4 created a constitutional limit on government spending at every level in the State, including school districts. No agency's expenditures can exceed its Gann Limit, which is adjusted annually for inflation and population increase.

**Senate Bill 813 (1983)** – SB 813 provided additional money to school districts through equalization of revenue limits and new categorical programs, longer school day/year, and higher beginning teachers' salaries. It also established statewide model curriculum standards.

---

<sup>2</sup> Many of these rulings have been amended by subsequent legislations.

**Lottery Initiative (1984)** – In November 1984, voters approved Proposition 37, a constitutional amendment establishing the California State Lottery. Provisions guarantee that a minimum of 34% of total lottery receipts be distributed to public schools, colleges, and universities. Funds are to supplement, not replace, State support for education. Lottery funds cannot be used for purchase or construction of facilities, for land, or research. Under Proposition 20, passed in March 2000, 50% of lottery funding above the 1997-98 funding level must be used for purchase of instructional materials.

**Proposition 98 (1988)** – This constitutional amendment guarantees a minimum funding level from State and property taxes for K-14 public schools in a complex formula based on State tax revenues. It also requires each school to prepare and publicize an annual School Accountability Report Card (SARC) that covers at least 13 required topics. A 2/3 vote of the Legislature and the Governor's signature are required to suspend Proposition 98 for a year.

**Proposition 111 (1990)** – This constitutional amendment changed the inflation index for the Gann Limit calculation, effectively raising the limit. Additionally, the minimum Proposition 98 funding guarantee was changed to reflect the growth of California's overall economy. It did so by shifting the adjustment from the growth of per capita personal income (which historically has tended to be a lower amount) to the growth in State per capita General Fund revenues plus one-half percent.

**Assembly Bill 1200 (1991)** – AB 1200 established a system for school district accounting practices that specifies how districts must report their revenues and expenditures. It requires that districts project their fiscal solvency two years out, and provide the State with Board-approved financial interim reports twice annually. County offices of education are responsible for monitoring and providing technical assistance to their districts. AB 2756 (2004) adds to the responsibilities and control of county offices of education over the budget and expenditure reporting of local districts.

**Class Size Reduction, K-3 (SB 1777, 1996)** – This legislation provided incentives for school districts to reduce K-3 classes to a pupil-teacher ratio of no more than 20 to 1, and provided additional funding to districts that met these ratios. A one-time allocation of \$25,000 per added classroom was also made available.

**Senate Bill 1468 (1997)** – This legislation changed the way average daily attendance (ADA) is counted, largely eliminating the concept of "excused absences" and basing ADA on students who are actually at school. To ensure that districts did not lose a large proportion of their revenue, the per-pupil revenue limit rate was adjusted by the average attendance rates of each individual school district.

**Assembly Bill 602 (1997)** – This legislation revised the state's allocation formula for special education funding for school districts. The formula distributes a large share of special education funds based on total student population of each school district, rather than the number of special education students at each district or the specific needs of those students.

**Assembly Bill 1115 (1999)** – Under the terms of this bill, an independent charter school is deemed a school of the chartering school district for the purposes of establishing its special education local plan ("SELPA") status unless it designates otherwise in its charter petition.

As such, independent charter schools which are members of a school district's SELPA are entitled to an equitable share of special education services and funding.

**Assembly Bill 1600 (1999)** – This bill gave charter schools the option to receive funding directly from the State, rather than from their local district, in the form of a block grant. **Proposition 39 (2000)** – This constitutional amendment established a 55% vote threshold for the issuance of school facilities construction bonds. In order to issue bonds under Proposition 39, the District must, among other things, use Proposition 39 bond funds only for those projects specifically listed in the ballot measure and strategic execution plans; create and maintain a citizens' bond oversight committee; and annually ensure that performance and financial audits are conducted for Proposition 39 facilities projects. Proposition 39 also requires the District to offer reasonably equivalent District school facility space to independent charter schools.

**Proposition 49 (2002)** – This voter initiative, otherwise known as the "The After School Education and Safety Program Act of 2002," increased state funding for before and after school programs at elementary and middle schools. Funding is provided to the District through a competitive grant process with priority given to school sites that have at least 50 percent of its students receiving free and reduced priced lunch. A portion of state funding under Proposition 49 satisfies the revenue limit guarantee under Proposition 98.

**Assembly Bill 825 (2009)** – Under the terms of this bill, the District receives funding for its Integration Program and for other instructional program needs as part of a Targeted Instructional Improvement Block Grant.

**Senate Bill 1133 (Quality Education Investment Act of 2006)** – Adopted in 2006 as a settlement of the CTA v. Schwarzenegger et al. lawsuit, the QEIA program provides targeted funding for eligible schools in API deciles 1, 2, and 3. The funding is to be used primarily for class-size reduction purposes and overall academic achievement goals. QEIA ended in fiscal year 2016-17.

**Education Trailer Bill - Senate Bill 4 of the 2009-10 Third Extraordinary Session (SBX3 4, 2009)** – For fiscal years 2008-09 through 2012-13, this bill established: (1) Categorical Program Flexibility, which grouped categorical programs into Tiers I, II, and III, and identified Tier III programs as unrestricted; (2) the public hearing requirement as a condition for receipt of Tier III funds; (3) the use of 2008-09 as the base year in calculating for most of the Tier III categorical programs and use of 2007-08 as the base year for calculating the revenue limit-related Tier III categorical programs; and (4) the use of June 30, 2008 ending balances as unrestricted funds with a few program exceptions. See the glossary for additional details on Tiers I, II, and III programs. In addition, SBX3 4 relaxed K-3 Class Size Reduction penalties for fiscal years 2008-09 through 2011-12 only.

**Proposition 30 (2012)** – The initiative passed on November 2012 provides for a [personal income tax](#) increase over seven years for California residents with an annual income over \$250,000, through the end of 2018. This also provides for an increase in [sales tax](#) by 0.25 percent over four years (from January 1, 2013 through December 31, 2016). This initiative funds K-12 public education among other purposes.

**Local Control Funding Formula (2013)** – This legislation simplified the state's funding allocation formula for school districts. The funding formula intends to increase transparency for state funding to schools and increase decision-making as to expenditure of funds at the

local education agency level. Under LCFF, the state provides a base grant for all students and additional grants for high-need students such as English learners, low income, and foster youth.

**Proposition 39 (2013)** – The California Clean Energy Jobs Act changed the corporate income tax code and allocates projected revenue to the state General Fund and the Clean Energy Job Creation Fund for five fiscal years beginning 2013-14. Under the initiative, available funds are to be used for eligible projects to improve energy efficiency and expand clean energy generation in schools. School Districts can request funding by submitting an application to the California Energy Commission.

**Proposition 55 (2016)** - Extends by twelve years the temporary personal income tax increases enacted in 2012 (Proposition 30) on earnings over \$250,000, with revenues allocated to K-12 schools, California Community Colleges, and, in certain years, healthcare. Proposition 55 will raise tax revenue by between \$4 billion and \$9 billion a year. Half of funds will go to schools and community colleges, up to \$2 billion a year would go to Medi-Cal, and up to \$1.5 billion will be saved and applied to debt.

**LOCAL CONTROL FUNDING FORMULA**

Up until fiscal year 2012-13, the Revenue Limit was the basic and the largest financial support for District activities. In fiscal year 2013-14, Governor Jerry Brown implemented the new State funding formula for local education agencies called Local Control Funding Formula (LCFF). AB 97 was enacted, amending California Education Code 42238.07 which relates to education finance. The goal of LCFF is to significantly simplify how state funding is provided to local education agencies (LEAs), to create transparency of funding, and to grant local control of funds.

The LCFF eliminated the Revenue Limit and most of the state categorical program funding streams. The categorical programs that were folded in the LCFF are not bound by the program compliance requirements that existed before the implementation of LCFF. Below is a list of categorical programs participated in by LAUSD that are now folded in the LCFF.

Unlike the Revenue Limit which was largely based on COLA and average daily attendance (ADA), the LCFF includes several variables to calculate an LEA's entitlement. These are ADA, COLA, enrollment, unduplicated pupil count, and gap funding percentage.

Below are the various LCFF terminologies and their brief definitions.

|   |  |
|---|--|
| <b>Grade Span</b>                       | LCFF funding uses grade span ADAs such as K-3, 4-6, 7-8, and 9-12. Transition Kindergarten (TK) is included in the Kindergarten enrollment.  |
| <b>Average Daily Attendance (ADA)</b>   | The change in the reporting of ADA was driven by the LCFF formula where ADAs are summed into grade spans of K-3, 4-6, 7-8, and 9-12. LCFF uses the ADA of students from the beginning of the school year to the school month ending on or before April 15th of a fiscal year. This period of attendance is called the Second Principal Apportionment (P-2) ADA. Education Code 42238.5 is amended per the 2022-23 Governor's Proposed Budget to provide funding based on the greater of current year ADA, prior year ADA, or average of prior three years' ADA. Charter schools are funded based on the current year's P-2 ADA. A small portion of the funded ADA comes from the Annual ADA, i.e., ADAs from the beginning to the end of the school year. These are for Community Day Schools, Extended Year Special Education, and Nonpublic Schools. The funded ADAs are sub-totaled by grade span which is multiplied by the corresponding funding rates per ADA. |
| <b>Cost of Living Adjustment (COLA)</b> | This is a percentage calculated by the State and is based on the Implicit Price Deflator as of the month of May prior to the beginning of each fiscal year. The LCFF rates per ADA are usually increased annually to reflect the COLA.   |

|  |   |
|--|---|
| <b>Base Grant Per ADA</b>                                  | Each Base Grant Per ADA is composed of a base rate per ADA plus COLA. The Base Grant Per ADA is unique for each of the grade span and is applied to the respective grade span ADA to calculate the initial Base Grant Funding. For grades K-3, the Base Grant Per ADA includes the K-3 Grade Span Adjustment. The State provides an additional 10.4% of the initial K-3 Base Grant as funding for K-3 Class Size Reduction. For grades 9-12, the Base Grant Per ADA includes the 9-12 Career Technical Education (CTE) Adjustment. The State provides an additional 2.6% of the initial 9-12 Base Grant as funding for CTE. |
| <b>Base Grant Funding</b>                                  | The Base Grant Funding is the result of multiplying the Base Grant Per ADA of each grade span by the funded ADAs of each respective grade span.   |
| <b>Enrollment</b>  | This refers to the total count of K-12 students enrolled as of the fall Census Day (first Wednesday in October).  |
| <b>Targeted Disadvantaged Students/Unduplicated Pupils</b> | The unduplicated student count refers to pupils who are identified as either English Learner, met the requirements for free or reduced-priced meals, or in foster care. A student falling into one or more of the criteria mentioned is counted once even if the student meets more than one of the criteria; hence, the term unduplicated pupil count. All pupil counts are based on Fall 1 certified enrollment reported in the California Longitudinal Pupil Achievement Data System (CALPADS) as of fall Census Day (first Wednesday in October).   |
| <b>Unduplicated Pupil Percentage</b>                       | This is calculated by dividing the total unduplicated pupil count by the total enrollment and is used in the calculation of the Supplemental and Concentration Grant Funding. With the assumption of LCFF beginning in fiscal year 2013-14, this is expressed as an “average” percentage, i.e., for fiscal year 2014-15, 2-year average; for fiscal year 2015-16, a 3-year average; and for fiscal years 2016-17 and on, a 3-year average of the last three fiscal years including the current fiscal year.   |
| <b>Supplemental Grant Funding</b>                          | Every Targeted Disadvantaged Student generates additional funding above the Base Grant Funding through the Supplemental Grant Funding. For each grade span, this is calculated by multiplying the Base Grant Funding by the Unduplicated Pupil Percentage times 20%.  |

|                                     |   |
|-------------------------------------|---|
| <b>Concentration Grant Funding</b>  | In addition to the Supplemental Grant Funding, school districts that have unduplicated pupil percentage greater than 55% are entitled to the Concentration Grant Funding. For each grade span, this is calculated by multiplying the Base Grant Funding by the Unduplicated Pupil Percentage in excess of 55% times 65%.  |
| <b>Allowance and Add-On Funding</b> | For LAUSD, this includes the Targeted Instructional Improvement Block Grant (TIIBG) and the Home-To-School Transportation in the amounts received in fiscal year 2012-13.   |
| <b>LCFF Target Entitlement</b>      | The LCFF Target Entitlement is the sum of the Base Grant Funding, Supplemental Grant Funding, Concentration Grant Funding, and Allowance and Add-on Funding. It is recalculated for each of the implementation year based on the current fiscal year's funded ADA and COLA.   |
| <b>Floor Entitlement</b>            | This represents the minimum amount an LEA may receive for a LCFF fiscal year. This is composed of the following: 1) the 2012-13 Revenue Limit per ADA times the current year funded ADA, 2) total amount of the 2012-13 Categorical Programs that were folded into LCFF, and 3) the prior year cumulative gap rates per ADA times the current year funded ADA.  |
| <b>Current Year Gap</b>             | This is the difference between the Target Entitlement and the Floor Entitlement. If the Target Entitlement is greater than the Floor Entitlement, the LEA has not reached its full LCFF implementation entitlement. Hence, there is still a gap or a need to reach full implementation. Otherwise, the LEA will be funded based on the Target Entitlement and is deemed to have reached the full implementation amount of LCFF. |
| <b>Statewide Gap Funding Rate</b>   | Based on the State's available resources, the Gap Funding Rate is set at the State level and is used to calculate the Current Year Gap Funding.   |
| <b>Current Year Gap Funding</b>     | This represents the "funded" portion of the gap between the Target Entitlement and the Floor Entitlement and is funded incrementally each fiscal year until full funding of the Target Entitlement is realized.   |

**Economic Recovery  
Target**

It is the difference between the amount a school district or charter school would have received under the old funding system (Revenue Limit, Charter School Block Grants, and Categorical Programs) and the estimated amount it would receive for LCFF funding, based on certain criteria. This is not applicable to LAUSD because only school districts and charter schools that were at, or below, the 90th percentile of per-pupil funding rates of school districts under the old funding system as determined at the 2013-14 P-2 certification, are eligible for ERT payments.

**Transition Funding**

This represents the amount of LCFF entitlement a LEA receives for the fiscal year. If the Target Entitlement has not been realized, each current year's Transition Funding is composed of the Floor Entitlement and the Current Year Gap Funding. If the Target Entitlement has been realized, the Transition Funding is the Target Entitlement. The Transition Funding is funded through: 1) local property taxes, 2) the Education Protection Act (EPA) which was enacted by Proposition 30 in November 2012, and 3) state aid. The portion of the Transition Funding that is not funded by local property taxes and EPA is funded by state aid.

The 2018-19 Enacted State Budget fully implemented the LCFF and closed the funding gap. Since then, local educational agencies are funded on their Target Entitlement.

As a condition of receiving the K-3 Grade Span Adjustment, LAUSD is required to maintain an average K-3 class size enrollment of not more than 24 pupils or a collectively bargained alternative class size at each school site. Failure of one school site to maintain the maximum average K-3 class size of 24:1, will jeopardize the whole K-3 Grade Span Adjustment funding. On the other hand, charter schools do not have to maintain or make progress toward the required average class size of 24 pupils.

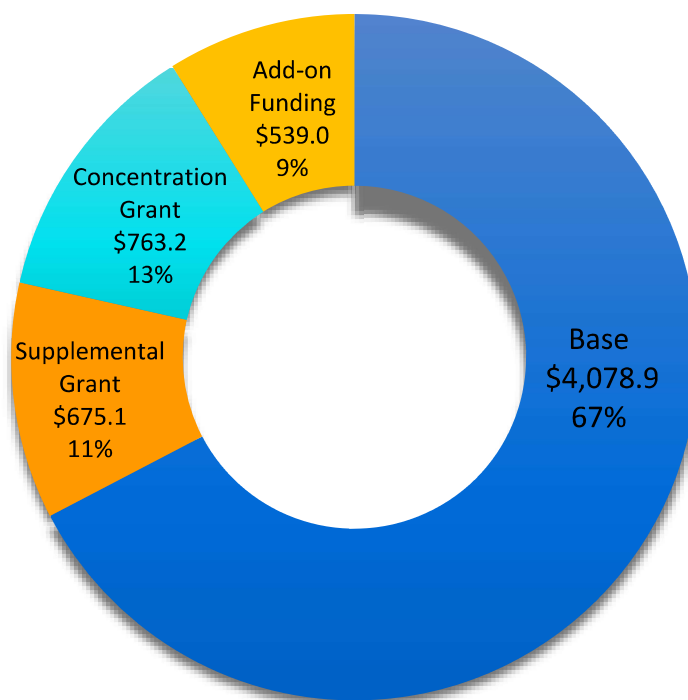

The Supplemental and Concentration Grant Funding are dependent on an LEA's number of unduplicated student count, specifically, the percentage of the unduplicated count to total enrollment. And although LCFF funding is considered unrestricted, the Supplemental and Concentration Grant Funding are earmarked to be spent on the Targeted disadvantaged student population. LEAs are required to specify on the Local Control Accountability Plan (LCAP), the amount of expenditures for the Targeted Disadvantaged Student population.

The 2022-23 Governor's Proposed Budget amended the LCFF funded ADA calculation to consider the greater of the current year, prior year, or the average of the three prior years' ADA. The change in LCFF funded ADA is to mitigate the impact of declining enrollment and attendance that resulted to substantial funding loss for school districts. Prior to the amendment, school districts experiencing an enrollment decline from one year to the next were allowed to use the greater of the current year or prior year ADA as the funded ADA. LA Unified's funded ADA for its non-charter schools uses the average of the three prior years' ADA to reflect the ADA mitigation proposal per the 2022-23 Governor's Proposed Budget. LA Unified's affiliated charter schools are funded based on the current year's ADA. In addition, the estimated LCFF Target Entitlement reflects the 6.56% COLA provided by the 2022-23 Governor's May Revision.

Below is a graph that shows LAUSD's LCFF Target Entitlement by component for the K-12 schools including affiliated charter schools.

## BUDGET PRINCIPLES AND PROCESS

**A. Principles of Budgeting and Accounting**

The California School Accounting Manual and the California Education Code govern budget development for California school districts, and their standards form the basis for development of the District's Adopted Final Budget. Among these standards are:

Basis for Accounting. The California School Accounting Manual mandates that districts use either the accrual basis or the modified accrual basis in accounting for revenues and expenditures. The difference between the two is as follows:

- In the Modified Accrual Basis, revenues are recognized in the period when they become available and measurable, and expenditures are recognized when a liability is incurred, regardless of when the receipt or payment of cash takes place. School districts use the modified accrual basis in accounting for governmental funds such as the General Fund and Adult Education Fund.
- In the Accrual Basis, revenues are recorded when earned, and expenditures are recorded when a liability is incurred, regardless of when the receipt or payment of cash takes place. School districts use the accrual basis in proprietary funds such as Self-Insurance Funds.

Basis for Budgeting. The California School Accounting Manual also mandates the basis for school district budgeting. It requires that "generally, for California (school districts), the basis of budgeting should be the same as the basis of accounting used in the audited financial statements. Budgetary accounting must conform to the account codes in the standardized account code structure." California school districts are required to display their budgets by fund, by object, and by function.

Budgetary accounts are "projections and show how much is estimated to be spent or received during a given period of time to carry out the local educational agency's (LEA's) goals." In general, budgetary accounts have two purposes: (1) to record the estimated revenues of a fund by source and amount, and (2) to record and control the limits that are set on the expenditure levels by the appropriations. The recording of actual revenue and expenditures allows a comparison to the available amounts to be committed or expended within the limits set by law or by the governing board.

Revenue Budget. For each fund, the revenue budget anticipates all income from federal, state, and local sources, as well as the anticipated beginning balance. The total of beginning balance and income is the maximum amount a school district may legally budget to spend for any fund.

Expenditure Budget. Each fund has an expenditure budget reflecting the fund's authorized costs, and, for most funds, the anticipated expenditure level.

**B. Budget Process**

*Budget Preparation.* The first step in preparing the budget is to determine the cost to continue the existing program. Enrollment-related costs are adjusted for projected changes. Costs not directly controllable by the District, such as utilities, retirement contributions, insurance, continuing contractual obligations, and legal costs, are adjusted to reflect estimated expenditures for the coming fiscal year.

Estimates of income are developed based on a review of federal and State statutory provisions and local revenue sources. Beginning balance amounts for the budget year are calculated utilizing a comparison of anticipated revenues and expenditures for the current year. The projected beginning balances and revenues are compared to the cost of continuing current programs to determine whether budget reductions may be necessary or whether unanticipated amounts may be available for allocation.

*Board and public participation.* Board meetings are scheduled for discussion of proposed budget changes. A public hearing, at which any member of the public may address the Board regarding the District's proposed budget, is mandated prior to Board adoptions of the Final Budget in June.

**C. Budget Revision Process**

*Budget adjustments.* The Budget Services and Financial Planning Division either receives or initiates well over 20,000 requests annually to adjust or revise the adopted budget. Generally, a budget adjustment (B.A.) enables a school or office to use funds previously budgeted for a particular purpose.

Certain limitations apply to B.A.s. For example, schools or offices may not transfer funds from a restricted program into an unrestricted one (e.g., transfers from Title I into a District-funded school instructional material account would not be permitted).

B.A.s may be either continuous (ongoing), or limited to the remainder of the current fiscal year. They may be either "routine," requiring only normal handling by staff, or "non-routine," requiring formal approval by the Board of Education.

Categories of "non-routine" B.A.s are determined by the Board, and are currently defined as follows:

- A. All B.A.s from Undistributed Reserves.
- B. All B.A.s which increase the total number of regular, non-school-based budgeted positions, except for those that are fully funded from the budgeted resources of the requesting office ("cost-neutral" budget adjustments).

In addition to the above, California Education Code §42602 authorizes Boards of Education to increase income to reflect unanticipated new revenues during the course of the fiscal year.

**BUDGET AND FINANCE POLICY****I. Purpose of the Budget and Finance Policy**

The California School Accounting Manual, the State's financial guide for school districts, defines a budget as "a plan of financial operation consisting of an estimate of proposed income and expenditures for a given period and purpose". It is through the budget that the Board and Superintendent set priorities and allocate resources.

California school districts, including LAUSD, are bound by legal requirements, administrative regulations, and oversight protocols during the budget process. These include:

**Legal Requirements for Budget**

- Budgets must show a plan for all proposed expenditures of the school district and of all estimated revenues for the fiscal year (Education Code 42122).
- School districts may not spend more than authorized in the adopted Final Budget, as adjusted during the fiscal year (Education Code 42600).

**Administrative Regulations for Budget**

- The California School Accounting Manual provides detailed definitions of income and expenditure categories together with approved budget and accounting practices.
- The Superintendent of Public Instruction annually issues budget and expenditure documents that specify the income and expenditure categories to be reflected in each school district budget.

**Oversight Processes for Budget**

- The Los Angeles County Office of Education (LACOE) monitors the financial health of the District with oversight and review from the Superintendent of Public Instruction (Education Code 33127, 33128, 42120 et seq., 42637).
- Should a district's financial condition deteriorate below the State's standards, LACOE is authorized to take corrective action. This could include assuming management of that District's financial affairs (Education Code 42127.3).

The District must also comply with the Governmental Accounting Standards Board's (GASB) accounting standards and rules. The budget process should also strive to meet the Government Finance Officers Association's (GFOA) best practices for finance, accounting, and budgeting by government agencies.

Consistent with State law and regulation, the LAUSD budget is developed, adopted, refined, and reviewed on a timely basis, through an annual cycle, as highlighted by the table below.

## **II. Finance and Budget Policy**

To assist the Board of Education in making sound policy, guide the development of the District's budget, enhance the management of the District's finances, minimize the risk of LACOE action, and reduce potential audit concerns, the Board has adopted this Finance and Budget Policy which is based on five core principles. The budget should:

1. Be based on the goals of the Board and Superintendent.
2. Be based on sound financial principles.
3. Be clear and easy to understand.
4. Be timely, and easy to manage at the school level.
5. Be based on a process that informs stakeholders.

This policy was developed after reviewing the document “Recommended Budget Practices” developed by the GFOA. The policy is also consistent with the standards and criteria established by the State Board of Education (Education Code Sections 33127, 33128), as well as current GASB rules and standards. To the extent that LAUSD’s current budgeting and accounting practices are not in compliance with this policy, implementation of this policy is to be phased in.

The Finance and Budget Policy is a “living document.” LAUSD expects that it shall evolve over time to best connect District policy, budgeting, and financing principles.

***Principle One: The budget should be based on the goals of the Board of Education and Superintendent.***

The Board of Education and Superintendent have the primary responsibility for developing and articulating the District’s goals; these goals shall be the framework for the budget.

***Principle Two: The budget should be based on sound financial principles.***

LAUSD’s budget should be based on financial principles that shall keep the District viable and able to sustain its key programs over time. The following specific financial principles, based on law, expert advice, and experience, are offered to this end:

- a) Structurally Balanced Operating Budget
- b) Appropriate Use of One-Time Revenues
- c) Alignment of Budget with Expected Expenditures
- d) Maintenance of Appropriate and Adequate Fund Balance and Reserves
- e) Revenue Maximization
- f) Revenue and Expenditure Estimation
- g) Cost Recovery through Fees and Charges
- h) Capital Plan
- i) Asset Management
- j) Prudent Debt Management
- k) Program Sustainability
- l) GASB Compliance

**A) STRUCTURALLY BALANCED OPERATING BUDGET**

The Superintendent must annually prepare and recommend a structurally balanced budget where operating revenues are equal to, or exceed, operating expenditures (Education Code Sections 42100, 42127.5).

The Office of the Chief Financial Officer shall prepare the First and Second Period Interim Financial Reports in accordance with the law and make appropriate recommendations to the Board if financial adjustments are necessary. Annual appropriations shall be made to responsibly address all identified liabilities, including pension, vacation accrual, workers’ compensation, and retiree health needs.

**B) APPROPRIATE USE OF ONE-TIME REVENUES**

Ongoing District expenditures should not exceed ongoing revenues. One-time revenues should be applied first toward restoration of Operating Reserves (as described under Section D below). This shall assist meeting the minimum three-year reserve target amounts in accordance with AB 1200 (The “Three-Year Sustainability Plan”). The Chief Financial Officer shall be responsible for identifying one-time revenues and expenditures and for making recommendations regarding their use. One-time revenues cannot be relied on in future budget periods. This policy on one-time revenues minimizes the disruptive effects on services.

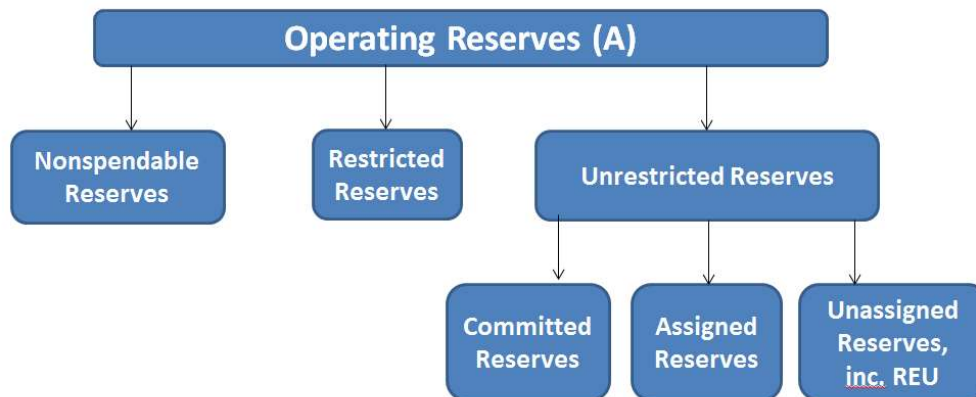

Any new or unanticipated unrestricted revenues recognized during the current fiscal year should also be applied to reduce any operating deficit or unplanned one-time mandatory cost before being used for other purposes.

**C) ALIGNMENT OF BUDGET WITH EXPECTED EXPENDITURES**

Actual expenditures should closely approximate the estimated appropriation. To the extent that funding is required for expenditures spanning fiscal years, appropriate financial techniques should be identified and employed.

**D) MAINTENANCE OF APPROPRIATE AND ADEQUATE FUND BALANCES AND RESERVES**

LAUSD shall strive to maintain certain reserve funds to provide financial stability. The reserves describe in these policies supersedes all prior District reserve policies. These reserve funds shall be for operations or for liabilities, and includes, but not limited to, the following described categories:

**A. Operating Reserves:**

The purpose of operating reserves is to set aside monies and to meet the minimum reserves policy target in the Three-Year Sustainability Plan.

The current classifications of fund balances<sup>1</sup> are as follows:

- Non-spendable fund balance (*inherently non-spendable*) This category includes reserves for Revolving Cash, Stores, and Prepaid Expenditures
- Restricted fund balance (*externally enforceable limitations on use*) This category includes balances related federal and state programs.
- Committed fund balance (*self-imposed limitations on use*)
- Assigned fund balance (*limitation resulting from intended use*)
- Unassigned fund balance (*residual resources for unrestricted use*)

**General Fund Balance Policy:**

The District shall maintain Total General Fund balances at a level which is 5% or more of Total General Fund expenditures and net transfers out (the “5% Minimum Reserve Threshold”). This level is the minimum necessary to sustain the District’s strong credit ratings.

Reserve funding levels shall be reviewed annually and adjusted as appropriate. The reserve policy is as follows:

1. The District shall maintain at least the 5% Minimum Reserve Threshold in the Three-Year Sustainability Plan.
2. Whenever the District projects a failure to meet the 5% Minimum Reserve Threshold, all one-time monies received shall be set-aside until the Threshold is met in each of the years.
3. In addition, other recommendations shall be developed to restore reserve balances. These recommendations shall be completed within the next fiscal year.

**Reserve for Economic Uncertainties:**

A legally required reserve that mandates Districts whose average daily attendance is below 400,001 to reserve 2% of total General Fund expenditures and other financing uses.

**Reserves for Revolving Cash, Stores, and Prepaid Expenditures:**

The District’s accounting practice establishes a reserve for revolving cash, stores, and prepaid expenditures.

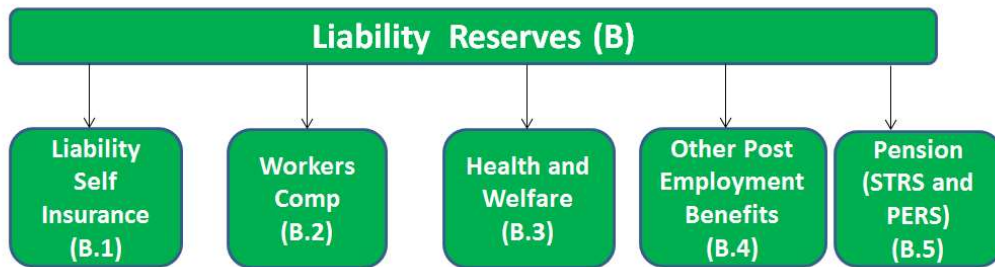

**B. Liability Reserves:**

The purpose of the Liability Reserves is to set aside monies for legal liabilities. Funding these liability reserves provides resources to help prevent disruptive reductions to LAUSD operating programs.

---

<sup>1</sup> Under GASB Statement No. 54, Fund Balance Reporting and Government Fund Type Definitions.

**B.1 Liability Self-Insurance Fund:**

Liability Self Insurance funding shall be based on the current year claims and the amount to fully fund the estimated liability as determined by a third-party actuarial report.

**B.2 Worker's Compensation Fund:**

Worker's Compensation funding shall be based on the current year claims and the amount to fully fund the estimated liability as determined by a third-party actuarial report.

**B.3 Health and Welfare Fund:**

Health & Welfare funding shall be based on the Health and Welfare Memorandum of Agreement in place.

**B.4 Other Post-Employment Benefits (OPEB) Fund:**

The District has an irrevocable trust for its OPEB liability (OPEB Trust) to:

1. Minimize encroachment on the District's operating budget;
2. Provide funding to protect retiree benefits;
3. Improve the return on investment on the Trust assets;
4. Align contributions to more adequately recover costs from federal, capital and grant programs;
5. Provide an initiative-taking response to address the impacts of GASB 45 on the District's finances; and
6. Preserve the District's net assets.

According to best practices recommended by the Government Finance Officers Association, employers who offer OPEB shall fund the long-term cost of the benefits promised to participants. The appropriate way to attain reasonable assurance that benefits remain sustainable is to accumulate resources for future benefits in a systematic and disciplined manner during the active service life of the benefiting employees. A commitment to fund benefit promises is a prudent practice and helps achieve intergenerational equity among those who are called on to financially support the benefits, thereby avoiding the transfer of costs into the future.

Contributions to the Trust shall be annually calculated and distributed as follows:

1. An annual per employee set-aside, at rates consistent with the District's current budget assumptions and policies, shall be contributed to the OPEB Trust on or before June 30th. Such contributions shall be subject to maintaining an Unrestricted General Fund balance of 5% of the unrestricted revenue. These Trust contributions

shall be made from all appropriate funding sources. The annual OPEB per employee growth rates shall continue until such time that the District shall be able to meet its unfunded liability in accordance with GASB standards.<sup>2</sup>

2. If the Unrestricted General Fund is above 5% of the unrestricted revenues (after the annual OPEB contribution has been determined), an additional contribution from the assigned OPEB reserve shall be placed in the Trust.
3. In the event the interim depicts a negative balance in any of the current and two subsequent fiscal years, it is incumbent upon the Chief Financial Officer to recommend changes to the OPEB contribution to ensure fiscal sustainability.

#### **E) REVENUE MAXIMIZATION**

LAUSD receives most of its funding from the State of California. To supplement these funds, LAUSD shall seek additional revenues from other funding sources including the Federal Government, foundations, corporations, mandate funding, parent and community organizations, and through new and changes to funding legislations. These additional resources should be for purposes that are consistent with the District's goals and objectives, and which complement the LAUSD's resources. LAUSD shall also seek the approval of granting agencies to provide flexibility in the use of scarce resources.

#### **F) REVENUE AND EXPENDITURE ESTIMATION**

LAUSD shall strive to include in the budget all revenues that can be expected for the fiscal year. The Chief Financial Officer shall appropriate funds for expenditure based on a prudent assessment of the risks associated with each revenue source. The authority to spend in part or all the budgeted revenue shall be provided based on revenue certainty.

##### Reserve for Anticipated Balances:

This is a non-budget add reserve requested by the Los Angeles County of Education to allow for technical adjustment for expenditure.

#### **G) COST RECOVERY THROUGH FEES AND CHARGES**

LAUSD may charge fees to recover costs of certain services, such as those provided to charter schools. LAUSD shall set fees so that they cover the entire cost of the service provided, including all direct and indirect costs subject to any legal restrictions.

---

<sup>2</sup> Beginning in 2017-18 as part of the fiscal stabilization plan, there is no OPEB contribution in FY 2018-19 through FY 2020-21.

**H) CAPITAL PLAN**

LAUSD shall strive to provide comprehensive planning and budgeting for its capital needs by:

- Developing, on a periodic basis, a Statement of Need for capital programs.
- Annually adopting a multi-year capital budget that identifies the projects planned, the estimated cost of each project, the expected sources of revenue for each project, and the fiscal year or years in which project funds must be committed.
- Annually presenting an analysis of the future operational impact of the capital projects.

**I) ASSET MANAGEMENT**

The District shall strive to:

- Budget appropriate amounts so that physical assets are properly maintained and replaced when needed.
- Maintain inventories of assets and the condition of major assets assessed on a regular basis to develop appropriate replacement and maintenance programs.
- Prepare a maintenance plan to sustain the need to maintain the value of its assets and protect the health and safety of students and employees.
- Annually estimate and set aside resources for preventative maintenance.
- Maintain a restricted account within the general fund for the exclusive purpose of providing funds for ongoing and major maintenance of school buildings to comply with the requirements set forth in Education Code Section 17070.75 and 17070.77. Deposit into this account, in each fiscal year for at least 20 years after receipt of School Facility Program (SFP) funds, an amount equal to or greater than required percent of the total general fund expenditures of the District, including other financing uses, for that fiscal year.

**J) PRUDENT DEBT MANAGEMENT**

LAUSD shall adhere to the Debt Management Policy as adopted by the Board of Education.

**K) PROGRAM SUSTAINABILITY**

To achieve sustainability, LAUSD shall strive to:

- Link multi-year programs to multi-year funding. When funding is non-continuous, the program shall be identified as limited.
- Set parameters for multi-year programs and offices by identifying specific “sunset dates” for program termination as well as the ending date for personnel assignments funded in the program.
- Make defined fiscal commitments rather than open-ended commitments (e.g. fund health benefits at a specific cost level rather than a specific service level).
- Identify impact on the budget of unfunded mandates and other spending pressures.

**L) GASB STANDARDS FOR FINANCIAL ACCOUNTING AND REPORTING**

The Governmental Accounting Standards Board promotes rules governing financial accounting and reporting. LAUSD shall comply with these rules. LAUSD shall strive to receive the GFOA Certificate for Excellence in Financial Reporting annually.

***Principle Three: The budget should be clear and easy to understand.***

A broad cross-section of stakeholders in the District relies on LAUSD's budget and related financial documents for crucial financial information. These stakeholders include parents, teachers, community groups, administrators, and oversight bodies. LAUSD's budget shall be organized and presented in such a way that both lay persons and experts can understand:

- What the District intends to do and how it intends to do it
- The District's overall financial condition
- The historical context for LAUSD programs

In addition, LAUSD shall strive to develop its annual budget in a manner consistent with the GFOA standards for budget presentation. These guidelines are established to provide appropriate disclosure of financial information to the public and other interested parties, while facilitating management decisions on program expenditures.

LAUSD has identified guidelines for the presentation of budgets consistent with GFOA standards from four perspectives:

- a) Policy Document
- b) Financial Plan
- c) Operations Guide
- d) Communications Device

***Principle Four: The budget should be timely and easy to manage at the school level.***

The process of managing the budget is easier for schools and offices if they have access to systems and training. The District shall define the parameters under which schools and offices shall manage their budgets.

***Principle Five: The budget process should inform stakeholders.***

Prior to the adoption of the final budget, District staff shall inform stakeholders in accordance with the budget Timetable and materials shall be posted to the website.

**III. FUND BALANCE POLICY AND PROCEDURES****A. PURPOSE**

This Fund Balance Policy establishes the policy and procedures for reporting and maintaining fund balance in the District's financial statements. The policy also authorizes and directs the Chief Financial Officer to prepare financial reports which accurately categorize fund balance as per Governmental Accounting Standards Board (GASB)

Statement No. 54, Fund Balance Reporting and Government Fund Type Definitions, effective beginning the 2010-11 fiscal year.

## **B. GENERAL POLICY**

There are five separate components of fund balance. Each component identifies the extent to which the District is bound by constraints on the specific purpose for which amounts can be spent.

- Nonspendable fund balance (*inherently nonspendable*)
- Restricted fund balance (*externally enforceable limitations on use*)
- Committed fund balance (*self-imposed limitations on use*)
- Assigned fund balance (*limitation resulting from intended use*)
- Unassigned fund balance (*residual resources for unrestricted use*)

The first two components listed above are not addressed in this policy due to the nature of their restrictions. An example of nonspendable fund balance is inventory. Restricted fund balance is either imposed by law or constrained by grantors, contributors, or laws or regulations of other governments. This policy is focused on the last three components listed above.

The District considers restricted fund balances to have been spent first when expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. Similarly, when an expenditure is incurred for purposes for which amounts in any of the unrestricted classifications of fund balance could be used, the District considers committed amounts to be reduced first, followed by assigned amounts, and then unassigned amounts.

## **C. PROVISIONS**

### **Committed Fund Balance**

The Governing Board, as the District's highest level of decision-making authority, may commit Fund balances for specific purposes pursuant to constraints imposed by formal actions. Commitment of funds can be made through the adoption of the budget if the intent to commit the funds is specifically stated. These committed amounts cannot be used for any other purpose unless the Governing Board removes or changes the specific use through formal action. Governing Board action to commit fund balance needs to occur within the fiscal reporting period, no later than June 30. The amount which shall be committed can be determined subsequently but prior to the release of the District's financial statements.

Pursuant to GASB 54, the District commits to maintaining the Deferred Maintenance and Adult Education funds to support programs for which the funds were originally established. Amounts transferred into or retained in the funds shall be determined annually per Board adoption of the budget and approval of the year end unaudited actuals report.

### **Assigned Fund Balance**

Amounts that are neither restricted nor committed may be constrained by the District's intent to be used for specific purposes. This policy hereby delegates the authority to assign amounts to the Superintendent, or designee.

**Unassigned Fund Balance**

These are residual positive net resources for the General Fund more than what can properly be classified in one of the other four categories. There are reserves that do not meet the requirements of the components of fund balance. For financial statement reporting purposes, these reserves are included in the unassigned fund balance. This includes:

- **Reserve For Economic Uncertainty** – The District shall maintain an economic uncertainty reserve, consisting of unassigned amounts, of at least 2% of total General Fund expenditures and other financing uses in accordance with Section 15450 of the California Code of Regulations. The primary purpose of this reserve is to avoid the need for service level reductions if an economic downturn causes revenues to be lower than budgeted. If the District must expend all or part of this reserve, the District shall identify and implement a budgetary plan to replenish this reserve the following year. This reserve may be increased by legal requirement.

GLOSSARY AND ABBREVIATIONS

GLOSSARY

**Abatement** – A complete or partial cancellation of an expenditure or revenue item.

**Accounts Payable** – Amounts due and owed to private persons, business firms, governmental units, or others for goods received and/or services rendered. It includes amounts billed but not yet paid.

**Accounts Receivable** – Amounts due and owed from private persons, business firms, governmental units, or others for goods received and/or services rendered. It includes amounts billed but not received.

**Accrual Basis of Accounting** – An accounting method in which revenues are recorded when earned, and expenditures when a liability is incurred, regardless of when the receipt or payment of cash takes place. School districts use the accrual basis of accounting for proprietary funds such as the Cafeteria and Self-Insurance funds, and fiduciary funds such as the Annuity Reserve Fund. (See “Cash Basis of Accounting” and “Modified Accrual Basis of Accounting”).

**Allocation** – Appropriation earmarking expenditures for a specific purpose

**Administered Budget** – Resources managed by a division but spent elsewhere. For example, Facilities Services Division manages the utilities budget for schools and offices, but the expenditures are distributed to schools and offices.

**Administrative Service Charge** – Credit (negative) amount budgeted to reflect indirect administrative services costs charged to certain programs. This is necessary to eliminate duplication of the cost in the total District budget.

**Ad Valorem Tax** – Tax based on a percentage of the value of goods or services.

**Arbitration** – A form of alternative dispute resolution in which a third party reviews the evidence in the case and imposes a decision that is legally binding for both sides and enforceable.

**Appropriation** – Authorization granted by the governing board to make expenditures and to incur obligations for special purposes. An appropriation is usually limited in purpose, amount, and the time period during which it may be expended.

**Audit** – An examination of documents, records, and accounts for the purpose of (1) determining the propriety of transactions; (2) ascertaining whether transactions are recorded properly; and (3) determining whether statements drawn from accounts reflect an accurate picture of financial operations and financial status for a given period of time.

**Audit Adjustments** – Adjustments made to the financial statements as a result of the LEA's independent Audit. They are made after the general ledger is closed but before the audited financial statements are issued. Audit adjustments relating to revenues or expenditures are posted to the general ledger in the fiscal year subsequent to the audit year.

**Authorized (budgeted) Amount** – The maximum budget authority granted by the governing board, as opposed to the “estimated amount”. “Authorized” and “estimated” amounts will differ when, for example, actual grant revenues or expenditures are projected to be less than the authorized amount.

**Authorized Positions** – Positions, both filled and vacant, for which authority is provided in the budget.

**Average Daily Attendance** – Measure of pupil attendance used as the basis for providing revenue to school districts and as a measure of unit costs. Only in-seat attendance is counted in computing ADA.

**Base Grant Funding** – In LCFF, it is the result of multiplying the Base Grant Per ADA of each grade span by the funded ADAs of each respective grade span. All students generate Base funding.

Norms generally use student enrollments to determine the resources to be allocated to individual schools. For example, norms may dictate that schools should receive 1 teacher per 30 students, one clerical employee per 100 students, one counselor per 500 students, etc.

To calculate norm allocations, the District uses the number of students enrolled at each school on “norm day,” which is generally the Friday of the fourth week of school. The District norms are published in the form of “norm tables” which describe the factors utilized in determining the individual norms.

**Special Education Local Plan Area (SELPA)** – IDEA requires that each State organize in a way that allows effective programming and services be provided to students with disabilities. In the State of California, the mechanism used to meet this requirement is the Special Education Local Planning Area or SELPA. Each SELPA develops and maintains a local plan describing how special education programs and services are provided to students with disabilities within the boundaries of the SELPA. Due to its size, the Los Angeles Unified School District is a single-district SELPA.

**Special Education – Low Incidence** – In order to ensure students with certain disabilities have access to highly specialized equipment and materials, the State of California provides restricted funding to support the needs of students who are Deaf or Hard of Hearing, Blind or Visually Impaired and/or who have serious physical disability. ## 2B. Comparison of District Enrollment to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD NOT MET - Enrollment was estimated above the standard for the first prior year. Provide reasons for the overestimate, a description of the methods and assumptions used in projecting enrollment, and what changes will be made to improve the accuracy of projections in this area.

**Explanation:**  
(required if NOT met)

Enrollment decline for 2021-22 was exacerbated by the pandemic. Actual enrollment decline from prior year came at 6% from an estimated decline of 2%. Note: CBEDS Enrollment includes non public schools.

- 1b. STANDARD NOT MET - Enrollment was estimated above the standard for two or more of the previous three years. Provide reasons for the overestimate, a description of the methods and assumptions used in projecting enrollment, and what changes will be made to improve the accuracy of projections in this area.

**Explanation:**  
(required if NOT met)

The 2020-21 budget enrollment is a pre-pandemic projection. Actual enrollment decline from prior year came at 4% from an estimated decline of 2%.

### 3. CRITERION: ADA to Enrollment

STANDARD: Projected second period (P-2) average daily attendance (ADA) to enrollment ratio for any of the budget year or two subsequent fiscal years has not increased from the historical average ratio from the three prior fiscal years by more than one half of one percent (0.5%).

### 3C. Comparison of District ADA to Enrollment Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD MET - Projected P-2 ADA to enrollment ratio has not exceeded the standard for the budget and two subsequent fiscal years.

Explanation:  
(required if NOT met)

#### 4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)<sup>1</sup> and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA<sup>1</sup> and its economic recovery target payment, plus or minus one percent.

<sup>1</sup> Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

#### 4A. District's LCFF Revenue Standard

Indicate which standard applies:

#### 5C. Comparison of District Salaries and Benefits Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD MET - Ratio of total unrestricted salaries and benefits to total unrestricted expenditures has met the standard for the budget and two subsequent fiscal years.

**Explanation:**  
(required if NOT met)

**6. CRITERION: Other Revenues and Expenditures**

STANDARD: Projected operating revenues (including federal, other state, and other local) or expenditures (including books and supplies, and services and other operating), for any of the budget year or two subsequent fiscal years, have not changed from the prior fiscal year amount by more than the percentage change in population and the funded cost-of-living adjustment (COLA) plus or minus ten percent.

For each major object category, changes that exceed the percentage change in population and the funded COLA plus or minus five percent must be explained.

| 2nd Subsequent Year (2024-25) | 1,128,604,149.00 | (16.71%) | Yes |

**Explanation:**  
(required if Yes)

The substantial increase from 2021-22 to 2022-23 is mostly due to projected spending in ESSER III and ELOP which are mostly in objects 4000-4999 pending allocation to the proper objects of expenditure and pending implementation of various grants. These expenditures are projected to decline in 2023-24 as available ESSER III funds decrease. The expenditures further decline in 2024-25 as ESSER III funds expire.

| 2nd Subsequent Year (2024-25) | 1,006,437,449.00 | (.12%)   | No  |

**Explanation:**  
(required if Yes)

The decrease from 2021-22 to 2022-23 is mostly due to lower COVID-19 related spending as various funds (ESSER II, In-Person Instruction Grant, Emergency Connectivity funds) either expire or are mostly spent in 2021-22.

1a. STANDARD MET - Projected available reserves have met the standard for the budget and two subsequent fiscal years.

Explanation:  
(required if NOT met)

The positive reserve level in 2024-25 are due to the use of prior-year balances and improved revenue (from cost-of-living adjustment) from the State's May Revise Budget.

**S2. Use of One-time Revenues for Ongoing Expenditures**

1a. Does your district have ongoing general fund expenditures in the budget in excess of one percent of the total general fund expenditures that are funded with one-time resources?

No

1b. If Yes, identify the expenditures and explain how the one-time resources will be replaced to continue funding the ongoing expenditures in the following fiscal years:

**S3. Use of Ongoing Revenues for One-time Expenditures**

**S5. Contributions**

Identify projected contributions from unrestricted resources in the general fund to restricted resources in the general fund for the budget year and two subsequent fiscal years. Provide an explanation if contributions have changed from the prior fiscal year amounts by more than \$20,000 and more than ten percent. Explanation should include whether contributions are ongoing or one-time in nature.

Identify projected transfers to or from the general fund to cover operating deficits in either the general fund or any other fund for the budget year and two subsequent fiscal years. |-----|---|---|
| 1a. | <p>NOT MET - The projected contributions from the unrestricted general fund to restricted general fund programs have changed by more than the standard for one or more of the budget or subsequent two fiscal years. Identify restricted programs and amount of contribution for each program and whether contributions are ongoing or one-time in nature. Explain the district's plan, with timeframes, for reducing or eliminating the contribution.</p> <p><b>Explanation:</b><br/>(required if NOT met)</p> | <p>The increase from 2021-22 to 2022-23 is a result of higher contribution to Special Education for higher employee benefits (STRS, PERS, Health &amp; Welfare) and higher mandatory contribution to Routine Restricted Maintenance Account.</p>  |
| 1b. | <p>NOT MET - The projected transfers in to the general fund have changed by more than the standard for one or more of the budget or subsequent two fiscal years. If ongoing, explain the district's plan, with timelines, for reducing or eliminating the transfers.</p> <p><b>Explanation:</b><br/>(required if NOT met)</p>   | <p>The decrease in 2022-23 was due to the exclusion of the 2021-22 one-time transfer from Special Reserve Fund of \$15 million offset by the 2022-23 budgeted one-time transfer from Building Fund-Measure RR of \$10.3 million. The decrease in 2023-24 was due to the exclusion of the 2022-23 one-time transfer from Building Fund-Measure RR of \$10.3 million.</p> |

**GENERAL FUND BUDGET ASSUMPTIONS****ASSUMPTIONS FOR ESTIMATED REVENUES****Enrollment**

The Los Angeles Unified School District uses data on live births in Los Angeles County, historical grade retention ratios, economic factors, and other relevant information to project enrollment. Estimated enrollments in grades 1 through 12 are calculated using a variety of scenarios, generally involving weighted and true averages. The grade retention ratio measures the percentage of students expected to progress to the next grade level from one year to the next, based on past trends. Kindergarten enrollments are calculated as a percentage of live births in Los Angeles County from five years earlier.

## Estimated Norm Day Enrollment

|   |         |
|---|---------|
| Non-charter schools                                   | 374,611 |
| Locally-funded (affiliated) charter schools           | 37,859  |
| Direct-funded (fiscally-independent) charter schools* | 113,474 |
| Total LAUSD enrollment                                | 525,944 |

**Average Daily Attendance (ADA)**

The completed 2021-22 P-1 attendance report was used as a basis for projecting ADA for the budget year 2022-23 and for the two succeeding fiscal years, 2023-24 and 2024-25. The P-2 ADA for grades K-12 are estimated for the budget year 2022-23 and for the two succeeding fiscal years, 2023-24 and 2024-25, by applying the 2021-22 average percentage of P-1 ADA to enrollment of 90% by grade span. The Annual ADA for grades K-12 are estimated for the budget year 2022-23 and for the two succeeding fiscal years, 2023-24 and 2024-25, by applying as well, the 2021-22 average percentage of P-1 ADA to enrollment of 90% by grade span.

The 2022-23 Governor's Budget amends the California Education Code Section 42238, to fund the greater of the current year, prior year, or the average of the prior 3 years' ADA to mitigate the impact of lower enrollment and attendance. This is a change in prior practice whereby funded ADA is the greater of the current or prior year ADA. The current multi-year projection reflects the proposed change in funded ADA. Beginning in fiscal year 2022-23, LCFF revenue is projected to be funded on the average of the 3 prior years' ADA. Locally-funded (affiliated) charter schools are funded at the current year P-2 ADA.

The table below shows the estimated funded ADAs that were used as the basis for estimating the 2022-23 LCFF entitlements.

| Grade Span | Estimated Funded ADA |                                |
|------------|----------------------|--------------------------------|
|            | Non-charter Schools  | Locally-funded Charter Schools |

| 4-6        | 92,360.77            | 7,833.67                       |
| 7-8        | 56,469.68            | 5,715.96                       |
| 9-12       | 112,568.20           | 10,010.30                      |
| Total      | 390,206.48           | 34,227.73                      |
