2024-25 First Interim Report, Multi-Year Projections, Resolutions to Release Committed Fund Balance, Resolution to Commit Fund Balance, and Resolution to Transfer Funds to Special Reserve Fund

December 10, 2024 Office of the Chief Financial Officer

Action Proposed:

Authorization for the following actions:

- 1. Approval of the 2024-25 First Interim Financial Report, which contains a "positive" certification (enclosed herewith as "Attachment A"). In addition, approve to submit the First Interim Report to the Los Angeles County Superintendent of Schools (CSS)
- 2. Approval of the enclosed Resolution to Release Committed Fund Balance in Fiscal Year 2024-25. (enclosed herewith as "Attachment B").
- 3. Approval of the enclosed resolution to Release Committed Fund Balance to Assigned Balance in Fiscal Year 2024 -25 (enclosed herewith as "Attachment C").
- 4. Approval of the enclosed resolution to commit fund balance to a "Local Reserve of 5% of Expenditures" and to transfer these committed funds from the general fund to the special reserve fund (enclosed herewith as "Attachment D").

Background:

Under Education Code Sections 35035(i), 42130, and 42131, District staff must prepare and submit interim financial reports to the governing board at intervals throughout the fiscal year. As part of the interim financial reports, the Board certifies to the County Superintendent of Schools, the State Controller, and the State Superintendent of Public Instruction whether the District is able to meet its financial obligations for the remainder of the current fiscal year and the next two fiscal years, using one of three certification scenarios:

- A *positive* certification indicates that based on current projections, the district *will* meet its financial obligations for the current fiscal year and two subsequent years.
- A *qualified* certification indicates that the district *may not* be able to meet its financial obligations for the current or two subsequent fiscal years.
- A *negative* certification indicates that the district *will not* be able to meet its financial obligations for the current or subsequent fiscal year.

As required by Governmental Accounting Standards Board (GASB) Statement No. 54 *Fund Balance Reporting Governmental Fund Type Definitions*, Attachment B sets forth to release committed fund balance, Attachment C releases committed fund balance to assigned fund balance, and Attachment D commits funds from the general fund and transfers these committed funds to the Special Reserve Fund (Fund 17) as allowed per (Education Code Section 42840). The multi -year projection, current year and two subsequent years, assumes the board will release a portion of the "Local Reserve of 5% of Expenditures" commitment and transfer uncommitted funds back to the general fund in fiscal year 2026-27 in order to achieve a *positive* certification.

File #: Rep-122-24/25, Version: 1

Expected Outcomes:

Upon adoption by the Board, the District files the First Interim Report with the County Superintendent of Schools (CSS) to be in compliance with Education Code requirements.

Approval of the Resolutions to Release Committed Fund Balance ensures that the District adheres to GASB 54.

Approval of the Resolution to transfer funds from the general fund to the Special Reserve Fund adheres to (Education Code Section 42840).

Board Options and Consequences:

The Board may accept the staff's determination of a positive condition or approve the report with a modification of the revenue and expenditure projections.

CSS shall review the District's certification. It has the authority and responsibility to change the certification if it determines that the District's certification was not appropriate.

In the event the District's certification is other than positive at the first interim period, it must submit a proposal to the CSS that addresses the District's fiscal conditions ("fiscal recovery plan"). In addition, it may not, in that fiscal year or the next fiscal year, issue non-voter approved debt unless the County Superintendent determines that the District shall probably make repayment of such debt issuance. CSS may also impose various restrictions on districts that fail to deal with financial issues raised in interim reports. Finally, rating agencies may consider interim reports when evaluating or revising credit ratings.

Without approval to release committed fund balance or commit fund balance, the District will not be able to implement any proposed changes to commitments. The commitment may be changed or removed only by the governing board taking the same formal action that imposed the initial constraint.

Without approval to release committed fund balance to assigned balance, the funds will remain committed. The commitment may be changed or removed only by the governing board taking the same formal action that imposed the initial constraint.

Without approval to transfer committed funds from the general fund to the Special Reserve Fund (Fund 17), committed funds would remain in the general fund.

Policy Implications:

Approval and submission of the District's 2024-25 First Interim Financial Report and Resolutions to Release Committed Fund Balance shall comply with the Education Code, LACOE, and GASB requirements.

Budget Impact:

This report maintains reserves at the required statutory level.

Student Impact:

Compliance with Education Code ensures that the District shall continue to operate and serve its student population.

FY25 FIRST INTERIM FINANCIAL REPORT AND MULTI-YEAR PROJECTIONS

This section provides an overview of LA Unified's FY25 First Interim Financial Report and multiyear projections. As required under Education Code Sections 35035(i), 42130, and 42131, this report shall be submitted to the Los Angeles County Office of Education (LACOE) on or before December 15, 2024. The Board is requested to certify LA Unified's financial condition as "Positive¹," meaning that LA Unified is projected to meet its financial obligations in FY5 and in the two subsequent fiscal years.

The First Interim Financial Report is a comparison between projected actual revenues and expenditures and the Current Modified Budget as of October 31, 2024.

<u>Highlights</u>

- The First Interim Report projects a General Fund (unrestricted/unassigned) ending balance of \$1,924 million in FY25, and this is factored to balance future years. This ending balance is \$1,699 million higher than reported at Adopted Budget in June, and \$519 million higher than the budget as of October 31, 2024². (See Appendix I, Tables 1 to 4, for variances between Budget and First Interim).
- For FY25, LA Unified is expected to meet its financial commitments and its 5% General Fund ending balance requirement in addition to the 1% Reserve for Economic Uncertainties as set forth in LA Unified's Budget and Finance Policy.
- As of First Interim, the multi-year changes in expenditures and revenues resulted in a cumulative ending balance of \$86 million by the end of FY27. This is \$73 million higher than reported at Adopted Budget in June. (See Appendix II for the details of changes in FY26 and FY27 Unrestricted General Fund).

Captive Update

The formation and capitalization of the Los Angeles Unified School District Insurance Company, LLC ("Captive") is complete. The Captive is a wholly owned subsidiary of the District domiciled in the state of Vermont. The Captive has issued policies that provide coverage for FY25. Loss Portfolio Transfer Agreements that provide coverage for prior fiscal years have been executed between the Captive and the District.

¹ A *positive* certification indicates that based on current projections, the district *will* meet its financial obligations for the current fiscal year and two subsequent years.

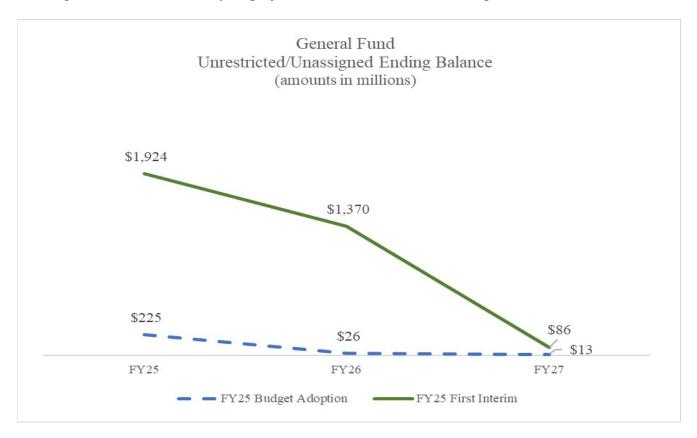

A *qualified* certification indicates that the district *may not* be able to meet its financial obligations for the current or two subsequent fiscal years.

A *negative* certification indicates that the district *will not* be able to meet its financial obligations for the current or subsequent fiscal year.

² Final Budget released in June 2024 adjusted to incorporate the Enacted State Budget, the results of Unaudited Actuals, and other changes.

Reserve Levels

LA Unified's statutory reserve requirement for economic uncertainty is 1% of total expenditures and other financing uses. Upon Board approval, an additional 5% Local Reserve of \$593 million shall be transferred in FY25 from Unrestricted/Unassigned General Fund to the newly established Fund 17 Special Reserve for Other Than Capital Outlay Projects. To maintain positive balances in the current three-year multi-year projection period, funds are anticipated to be transferred from Fund 17 to the General Fund in FY26 and FY27, subsequently reducing Local Reserves to 2% in FY27 (refer to Appendix II: Changes in Revenue for additional detail). General Fund Unrestricted/Unassigned Ending balances for the multi-year projection are shown in the following chart:

FISCAL OUTLOOK

As indicated previously, FY26 and FY27 budgets utilize one-time ending fund balance; LA Unified continues to be challenged with deficit spending wherein expenditures are greater than projected revenues. The projected deficits in FY26 and FY27 are over \$1 billion for each year. When calculated as a percent of the LA Unified's Unrestricted General Fund projected expenditures and other financing uses, these deficits equal to 20% and 18% in FY26 and FY27, respectively. LA Unified's practice of using one-time/non-recurring resources for ongoing expenses does not comply with prevailing best practices and has drawn comment from LACOE.

The FY25 Enacted State Budget addressed a \$47 billion deficit through a mix of solutions and included plans of \$28 billion to tackle the FY26 budget deficit as well. The Legislative Analyst's Office (LAO), however, estimates that the FY25 Enacted State Budget closed a higher shortfall of \$55 billion. The difference is due to the methodology in calculating baseline spending for TK-14 education. Although existing and ongoing TK-14 programs were spared from reductions, Proposition 98 included a

82 ATTACHMENT A

suspension of the FY24 minimum guarantee, substantial withdrawal of \$8 billion from the Public School System Stabilization Account (PSSSA) commonly known as the Proposition 98 reserve as well as a \$4 billion budget deferral in FY24 and a \$489 million cash and budget deferral in FY25. The Proposition 98 funding in FY25 is \$115 billion, which includes a \$4 billion maintenance factor payment. This is a partial payment of the state's maintenance factor obligation of \$8 billion resulting from the suspension of the FY24 Proposition 98 minimum guarantee. Also, spending level in FY25 is significantly lower primarily due to a \$4 billion deferral payment. LAO's 2025-26 Budget: California's Fiscal Outlook report released in November 2024 estimates a roughly balanced budget in FY26. Beginning in FY27, the State faces annual operating deficits growing from about \$20 billion to about \$30 billion. Cost-of-living adjustment (COLA) is projected at 2.46 percent for FY26. The Governor has a mandatory deadline to submit a balanced FY26 budget proposal to the Legislature by the statutory deadline of January 10, 2025. At that time, the proposal shall provide details on the State's spending plan including Proposition 98.

Revenues – Modified Budget to Adopted Budget

Modified Budget when compared to Adopted Budget for General Fund (Unrestricted) is lower by a net amount of \$17 million mainly due to a decreased estimate of interest income resulting from a lesser anticipated average cash balance and lower interest rate.

The Modified Budget when compared to Adopted Budget for General Fund (Restricted) is higher by a net amount of \$130 million due to \$52 million increased in Title 1 revenue.

Revenues – Modified Budget to First Interim

General Fund (Unrestricted): The First Interim revenue projections for the General Fund (Unrestricted) are higher than the Modified Budget by a net amount of \$29 million primarily due to the following:

- Higher home-to-school transportation reimbursement of \$13 million.
- Higher projected income from lease and rental income of \$10 million.
- Receipt of \$7 million from liability insurance recovery.

General Fund (Restricted): The First Interim revenues are projected to be lower compared to the Modified Budget by \$273 million. Federal revenues consist primarily of grants, which recognize revenue based on expenditures incurred. The net decrease is primarily due to the inclusion of full grant allocation in the Modified Budget, which often spans more than one fiscal year. For example, Title I allocation for FY25 and the prior-year carryover, totaling \$512 million, is included in the Modified Budget; however, this budget is intended for expenditures beyond June 30, 2025. In contrast, the first interim projection is based on revenue expected to be recognized within the current fiscal year. This results in a total decrease of \$137 million in the first interim, primarily attributed to Title I (\$104 million), Title II (\$7 million), Title III (\$5 million), and Title IV (\$20 million).

Another primary reason for the lower projected revenue is attributed to lower projected spending in programs such as Literacy Coaches and Reading Specialist Grant (\$33 million), Clean School Bus Program (\$20 million), After-School Programs (\$24 million), A-G Access/Success Grant (\$16 million), and CA Community Schools Partnership Program (\$16 million), and Dual Enrollment Opportunities (\$12 million). These grants are allowed to be carried over if not fully spent by the end of this current fiscal year, except for the After-school Programs.

Expenditure - Modified Budget to Adopted Budget

The Modified Budget when compared to Adopted Budget for General Fund (Unrestricted) is higher by a net amount of \$79 million mainly due to higher spending in Books and Supplies due to minimal underspend.

Modified Budget when compared to Adopted Budget for General Fund (Restricted) is higher by a net amount of \$1,388 million mainly due to fully budgeting Expanded Learning Opportunities Program (ELOP), Learning Recovery Emergency Block Grant (LREBG), and fund balance grants such as Educator Effectiveness.

Expenditures³ – Modified Budget to First Interim

First Interim General Fund (Unrestricted) expenditure projection is lower than the Modified Budget by a net amount of \$809 million, primarily due to the following:

- To optimize expiring funding, program expenditures originally covered by the General Fund Unrestricted are being reallocated to LREBG amounting to a total of \$610 million.
- Another main reason for lower expenditure attributed to the Central Office's Strategic Staff Plan are projected to be approximately \$49 million.
- Other programs that were projected to be lower in spending are: Targeted Student Population (\$401 million), and General School Programs (\$136 million).
- The Modified Budget reflects adjustments due to school site vacancies.

First Interim General Fund (Restricted) expenditures are projected to be lower by a net amount of \$823 million compared to the Modified Budget. As mentioned in the Restricted Revenue section, The Modified Budget represents full allocations covering multiple years of spending, whereas First Interim projections include only current year of spending. This difference is the primary cause of the major variances between the Modified Budget and the First Interim.

Net Contributions/Transfers⁴ - Modified Budget to Adopted Budget

There is no variance between Modified Budget and Adopted Budget for Transfers-In and Other Sources for both General Fund (Unrestricted) and General Fund (Restricted).

Net Contributions/Transfers - Modified Budget to First Interim

- Indirect cost recovery in General Fund Unrestricted decreased by \$26 million, driven by lower expenditures projected in restricted programs and other special revenue funds.
- The contribution from General Fund Unrestricted to support General Fund Restricted programs is projected to be \$197 million less than the Modified Budget. This reduction primarily results from reallocating \$195 million in qualified expenditures from the Special Education (SPED) program to the LREBG, thereby decreasing the required contribution from General Fund Unrestricted fund.

Cash flow – The ending cash balance as of June 30, 2025, is projected to be approximately \$4 billion.

⁴ Contributions represent amounts contributed within the General Fund when expenditures incurred for a given restricted resource (e.g., Special Ed program) exceed the amount available for expenditure. Transfers are inflows/outflows of moneys between funds (e.g., Child Development Fund) for various purposes including support for program activities.

General Fund Ending Balances – The summary of changes as discussed above resulted in a net increase in the unrestricted and restricted ending balances by \$1,009 million and \$376 million, respectively. The unrestricted ending balance is composed of non-spendable, assigned and unrestricted/unassigned categories, and shall be used to balance future fiscal years.

- Committed Ending Balance: funds are subject to internal policies and constraints. These policies are self-imposed by the LA Unified's highest level of decision-making authority.
- Assigned Ending Balance: Carryover funds that are intended to be used for a specific purpose. -
- Unrestricted/Unassigned Ending Balance: The First Interim unrestricted/unassigned ending balance is \$1,009 million higher than the Modified Budget for FY25. This results in an addition to the beginning balance for FY26.

Restricted ending balance represents unspent balance from legally restricted funding sources.

- This is primarily comprised of federal grants such as Titles I – IV, Prop 28 (Art and Music, & Instructional Materials Discretionary Block Grant), and ELOP.

APPENDIX II

FY26 AND FY27 UNRESTRICTED/UNASSIGNED GENERAL FUND MULTI-YEAR BUDGET PROJECTIONS

The chart below shows the net changes in unrestricted/unassigned General Fund balance by comparing FY25 First Interim to FY25 Adopted Budget in June. This considers cumulative projected increases and decreases in revenues and expenditures across the three fiscal years:

| Amounts in Millions | FY25 | FY26 | FY27 |
|---|---------|---------|------|
| Unrestricted/Unassigned Ending Balance at Adopted Budget (June) | \$225 | \$26 | \$13 |
| Changes from Adopted Budget to First Interim | \$1,699 | \$1,344 | \$73 |
| Unrestricted/Unassigned Ending Balance at First Interim (December) | \$1,924 | \$1,370 | \$86 |

The FY25 Unrestricted/Unassigned Ending Balance has been factored into the FY26 and FY27 multiyear projections. The estimated unrestricted/unassigned ending balance by the end of FY27 is \$86 million.

- Changes in Revenues Changes in Revenues and Other Financing Sources in FY26 and FY27 are mostly due to a planned interfund transfer from Special Reserve Fund for Other Than Capital Outlay Projects and higher projection of interest income offset by lower LCFF estimates.
 - Transfer from Fund 17 Special Reserve Fund for Other Than Capital Outlay Projects of \$46 million in FY26 and \$331 million in FY27 to fund general operating expenses.
 - Increased estimates for interest income are due to assumptions of a higher interest rate and average daily cash balance from previous estimates. Projected interest income increased by \$12 million and \$28 million in FY26 and FY27, respectively.
 - The FY25 norm day enrollment is lower than projected, which resulted in decreased funded Average Daily Attendance (ADA) in subsequent years. LCFF revenue decreased by \$5 million in FY26 and \$5 million in FY27. Beginning in FY23, LCFF revenue for LA Unified is calculated based on the average of the three prior years' ADA.
- Changes in Expenditures, Contributions, and Assignments Net changes in estimated expenditures, contribution, and assignments in FY26 and in FY27 are projected to change the estimated ending balance. Major changes include the following:
 - Transfer of expenditures to Expanded Learning Opportunities Programs (ELOP);
 - Higher indirect cost rate to 8.38% from 5.23% for FY26;
 - Higher projected costs for Other Post-Employment Benefits (OPEB) for annual required contribution;
 - Higher projected costs for liability self-insurance based on the latest feasibility study;
 - Release of various assigned balances to unassigned ending balance, mainly for Student Equity Needs Index (SENI). SENI will be partially funded in FY26 with the projected FY25 carryover instead.
 - Updates to contributions to Routine Repair and Maintenance Account (RRMA) and Reserve for Economic Uncertainties to meet statutory requirements.

Assigned Ending Balances

Appendix III shows assigned ending balances by program. Carryovers include the General Fund School Program, Targeted Student Population (TSP) programs, other school site programs. Some of the estimated carryovers also have corresponding matching revenues, such as donations, filming, civic centers' permits, class fees, and other fees for service programs.

GENERAL FUND FIRST INTERIM FINANCIAL REPORT 2024-25

Comments on Significant Differences between Budget and Projections

Revenues, Expenditures, and Other Financing Sources/Uses

Revenues

- A-1 The Federal Revenue is lower by \$200.3 million primarily due to the projected lower spending in grants such as: Title I, \$104.2 million; Title II, \$7.0 million; Title III, \$4.6 million; Title IV, \$20.0 million; EPA Clean School, \$19.8m; Gear Up, \$5.9 million; 21st Century, \$6.1 million; and a few smaller grants, \$4.5m; Special Ed Entitlements, \$28.2 million.
- A-2 The \$58.3 million projected lower Other State Revenue is mainly due to lower projected spending in grants such as: California Community Schools Partnership Program, \$38.0 million; After School Education and Safety, \$19.3 million; College Career Pathway, \$7.9 million; Certified Wellness, \$4.7 million and Universal Prekindergarten Grant, \$1.8 million; Offset by a higher revenue projection for Home to School, \$13.4 million.
- A-3 The Other Local Revenue is higher by \$13.9 million primarily due to the projected increase of Lease and Rentals, \$10 million; Insurance Recovery, \$6.5 million, Sales Tax Recovery, \$3.0 million and LA's Best grant, \$1.0 million; Offset by lower projected revenues of \$6.6 million (e.g. Medi-Cal administrative activities, Fiscally Independent Charter Schools and LEA Billing Option).

Expenditures

- B-1 The lower expenditures in Certificated Salaries is primarily due to salary savings from various vacant positions across the District.
- B-2 The increase in Classified Salaries is primarily due to projected increases in classified support salaries and classified instructional salaries, partially offset by lower spending for other classified salaries.
- B-3 The higher expenditure projection in Employee Benefits is primarily due to higher projections for health and welfare benefits and OASDI/Medicare/Alternative, partially offset by lower STRS.
- B-4 The decrease in Books and Supplies is mainly due to projected underspending in materials and supplies in TSP (Targeted Student Population), ELOP (Expanded Learning Opportunities Program) and specially funded programs. The net unspent

portion of these accounts will carry over into the next fiscal year to pay future obligations.

- B-5 The projected under-spending in Services and Other Operating Expenditures is primarily due to lower projected spending in Special Education and specially funded programs, partially offset by higher spending in Learning Recovery Emergency Block Grant and RRMA (Routine Restrictive. Maintenance Account).
- B-6 Capital Outlay is projected to be lower due to decreased spending for equipment, partially offset by increased spending in buildings and improvements of buildings.
- B-7 Other Outgo is projected to be lower due to lower tuition.
- B-8 Transfers of Indirect Costs are projected to be lower due to lower spending in other funds.

Other Financing Sources/Uses

D-1 Transfers In and Out are projected at budget.

DATA ENTRY: Budget Adoption data that exist will be extracted; otherwise, enter data into the first column. First Interim data for the Current Year are extracted. If First Interim Form MYPI exists. data for the two subsequent years will be extracted; if not, enter data for the two subsequent years into the second column. Explanations must be entered for each category if the percent change for any year exceeds the district's explanation percentage range.

The change in FY25 is primarily due to the full recognition of the Title I through IV, 21st CCLC, EPA Clean School Buses, and grants at Budget Adoption. The decrease between the Final Budget and First Interim for FY25 through FY27 is primarily due to adjustments for multi-year grants, which are budgeted in full but earned only based on estimated expenditures.

For FY25, projections are lower mainly due to lower projected ELOP-related. TSP and specially funded program expenditures in the 4000 objects. FY27 is lower mainly due to updated spending pattern for ELOP. The ELOP resources at Adopted Budget were temporarily placed in Objects 4000-4999 but are now projected to be spent in other objects of expenditures.

Determining the District's Compliance with the Contribution Requirement for EC Section 17070.75 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)

NOTE: EC Section 17070.75 requires the district to deposit into the account a minimum amount equal to or greater than three percent of the total general fund expenditures and other financing uses for that fiscal year. Statute exclude the following resource codes from the total general fund expenditures calculation: 3212, 3213, 3214, 3216, 3218, 3219, 3225, 3226, 3227, 3228, 5316, 5632, 5633, 5634, 7027, and 7690.

¹Av ailable reserves are the unrestricted amounts in the Stabilization Arrangements, Reserve for Economic Uncertainties, and Unassigned/Unappropriated accounts in the General Fund and the Special Reserve Fund for Other Than Capital Outlay Projects. Available reserves will be reduced by any negative ending balances in restricted resources in the General Fund.

| 1a. | 1a. NOT MET - The projected contributions from the unrestricted general fund to restricted general fund programs have changed since budget adoption by more than the standard for any of the current year or subsequent two fiscal years. Identify restricted programs and contribution amount for each program and whether contributions are ongoing or one-time in nature. Explain the district's plan, with timeframes, for reducing or eliminating the contribution. | | | | | |

The lower contribution in FY25 is primarily due to lower contribution from General Fund Unrestricted to Special Education program as the result from reallocating qualified expenditures from the Special Education program to the LREBG.

1b. NOT MET - The projected transfers in to the general fund have changed since budget adoption by more than the standard for any of the current year or subsequent two fiscal years. Identify the amounts transferred, by fund, and whether transfers are ongoing or one-time in nature. If ongoing, explain the district's plan, with timeframes, for reducing or eliminating the transfers.

The change is due to a planned transfer from Special Reserve Fund for Other Than Capital Outlay (Fund 17) of \$46 million in FY26 and \$331.3 million in FY27 to fund general operating expenses.

Identify the amounts transferred, by fund, and whether transfers are ongoing or one-time in nature. If ongoing, explain the district's plan, with timeframes, for reducing or eliminating the transfers.

| Explanation: (required if NOT met) | For FY25, transfers out are higher due to interfund transfers to Fund 17-Special Reserve Fund for Other Than Capital Outlay Projects for future year commitments. The lower transfers out in FY26 is due to a timing shift in the debt service for Judgment Obligation Bonds (JOBs). Adopted budget assumed the debt service to start in FY26 but First Interim now assumes the debt service to start in FY27. |

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
