INSTRUCTION: I. BACKGROUND

The District launched the College and Career Readiness Survey to provide central office and school sites with information about high school students’ experiences planning for, applying to, and enrolling in college and also about their career planning. This survey asks students in grade 12 questions about:

- the types of college- and career-related support they received during their high school years,
- the challenges they faced during the college application and enrollment process,
- the colleges to which they applied and to which they were accepted,
- the types of financial aid they have been awarded, and
- the colleges at which they plan to enroll once they graduate high school

II. SCHOOL RESPONSIBILITIES

Students in grade 12 at all traditional high schools, special education schools, continuation schools, and affiliated charter schools should complete this online survey. To ensure that survey results are reflective of student needs and experiences at your school, please takes steps to ensure that all eligible seniors participate in the College and Career Readiness Survey.
