<p>ROUTING Region Administration Principals Assistant Principals Testing Coordinators</p>

PURPOSE: The purpose of this memorandum is to inform schools of the locations of the Student Testing Branch’s Testing Centers, and to inform schools of their Testing Center assignment for the 2021-22 school year.

MAJOR CHANGES: No Changes.

BACKGROUND: Testing Centers manage the collection of all test materials for the California Assessment of Student Performance and Progress (CAASPP), the English Language Proficiency Assessments for California (ELPAC), School Experience Survey (SES), and the Otis-Lennon School Ability Test (OLSAT). All test materials must be submitted on due dates outlined in the respective Administration Instructions (CAASPP, ELPAC) or Reference Guides (SES, OLSAT) for each test. CAASPP and ELPAC Administration Instructions are posted on the [Student Testing Branch webpage](#) and Reference Guides are posted in [E-Library](#).

INSTRUCTIONS: The South, Valley and West Testing Centers are open only on a limited basis. Dates are announced by the Student Testing Branch in the Administration Instructions for each testing program. District staff must make an appointment through the STB Portal before visiting one of our Testing Centers. Note that appointments are available only on scheduled turn-in days.

Schools that need to turn in tests or other materials on a date when South, Valley and West Testing Centers are closed will be required to make an appointment to drop off materials at Central Testing Center.

There are four testing centers available to service schools in the District. Testing Center location information is found on Attachment A. See Attachment B for the list of Testing Center assignments. Only the preferred school location is listed in the school list on Attachment B.
