WHAT'S NEW ON MYDATA

## AVAILABLE NOW on myData

August 2018

NEW MyData Rollover from 2017-18 to 2018-19 School Year

From August 13, 2018 (This is an estimated timeline)

- **MY STUDENTS, CURRENT YEAR DATA** and **MY STUDENTS, PRIOR YEAR DATA** will start displaying the 2018-19 classroom rosters, as long as students and teachers have been assigned to classes/courses in MiSiS.

- If a class/course enrollment record is created in MiSiS by close of business Thursday, it will be visible in MyData the following Tuesday.

- If no class/course enrollment records have been created for the 2018-19 school year, then you may see "No Location" rather than your school's name, in the School filter on the Classroom dashboards.

- **MY FORMER STUDENTS, END-OF-YEAR DATA –** The reports will still display students enrolled during the 2017-18 school year.

<u>**NEW** MyData Comprehensive Student History Report – Summary (Student Email ID)</u>

- **Reminder**: Student Email ID has been added to the Comprehensive Student History Report.

Principals and teachers can send an email request to mydata@lausd.net to get the SSO account information for students to whom they require access.
