California Kids Investment and Development Savings Program

Programa de Ahorros para el Desarrollo y la Inversión de los Niños de California

California is telling our students that we believe they're college material – not only do we believe it, we'll invest in them directly.

- Gavin Newsom, California State Governor

- The California Kids Investment and Development Savings Program (CalKIDS) was created to help provide greater access to higher education for California's children.
- Research shows that children with $500 or less designated for college savings are 3 times more likely to enroll in college and nearly 4 times more likely to graduate than children with no savings.[1]
- CalKIDS is a program designed to provide parents/legal guardians with a starting point to save for their children's education and career development.

California les expresa a nuestros estudiantes que creemos que pueden ir a la universidad – no solo lo creemos, sino que invertiremos en ellos directamente.

- Gavin Newsom, Gobernador del Estado de California

- *El Programa de Ahorros para el Desarrollo y la Inversión de los Niños de California (CalKIDS, por su acrónimo en inglés) fue creado para ayudar a proporcionar un mayor acceso a la educación superior para los niños de California.*
- *Las investigaciones muestran que los niños con $500 o menos designados para ahorros universitarios tienen 3 veces más probabilidades de inscribirse en la universidad y casi 4 veces más probabilidades de graduarse que los niños sin ahorros.*
- *CalKIDS es un programa diseñado para proporcionar a los padres / tutores legales un punto de partida para ahorrar para la educación y el desarrollo profesional de sus hijos.*
