Supporting Your Children's Literacy – The Most Important Skill for Success in School and in Life

Join us for this special and urgent community session for LAUSD families where you will:

- *Gain a deeper understanding of the literacy crisis facing our children today and the critical importance of early literacy skills as informed by data.*
- *Discover how children learn to read and what is needed to make sure all children can read at their grade level.*
- *Learn and practice the use of strategies to support structured literacy.*
- *Learn how to encourage and support your child's reading journey and critical questions to ask your child's teacher and principal to ensure they receive the support they need.*

This space is as much about listening as it is about sharing. Your experiences, challenges, and insights are most valuable to us and to other parents navigating similar paths. All participants will be entered into a drawing to win a new iPad!

Families who attend will receive books to add to their home library after the workshop! Supplies are limited.
