Webinar ID: 874 5031 7497

Title & Description

Supporting Your Children's Literacy – The Most Important Skill for Success in School and in Life

Join us for this special and urgent community session for LAUSD families where you will:

- *Gain a deeper understanding of the literacy crisis facing our children today and the critical importance of early literacy skills as informed by data.*
- *Discover how children learn to read and what is needed to make sure all children can read at their grade level.*
- *Learn and practice the use of strategies to support structured literacy.*
- *Learn how to encourage and support your child's reading journey and critical questions to ask your child's teacher and principal to ensure they receive the support they need.*

This space is as much about listening as it is about sharing. Your experiences, challenges, and insights are most valuable to us and to other parents navigating similar paths. All participants will be entered into a drawing to win a new iPad!

Families who attend will receive books to add to their home library after the workshop! Supplies are limited.

Wednesday
June 5
9:00 – 10:30 am

Paseo Del Rey Natural Science Magnet
7751 Paseo Del Rey
Playa Del Rey, CA 90293

Math Fun for this Summer and Beyond: Applying Math with Materials Around You

What are some fun ways to engage in math learning at home this summer and beyond? We use math every day in our daily lives. Math skills are used when we manage money, comparing products when shopping, cooking from recipes, and budgeting for a family trip. Come and learn how math is in our lives every day, and how to look for routine activities to engage your child in math
