11:04:30 From J.P. John Perron to Everyone:

I made a promise in my heart to help children and life offered this to me.

11:05:06 From Nancy Hernandez to Everyone:

Had a horrible experience and was denied basic educational rights. Don't want that to happen to other parents.

11:05:08 From Cecilia Borge to Everyone:

to be able to help parents how to get all the services and education their kids need.

11:05:16 From Porter, Lisa to Everyone:

I am here to learn and support families

11:05:18 From Ileana Silva-Barrera to Everyone:

That is exactly why i am here it is how I felt when I started

11:05:19 From Ingrid Levy to Everyone:

My son was born with multiple disabilities and I

11:05:55 From Carl J. Petersen to Everyone:

To continue my advocacy on behalf of children with special education needs, especially those with moderate to severe disabilities.

11:06:16 From Mia Howard (she/her) to Everyone:

I want to help the community - specifically kids who have any type of disabilities. I want to make their education and time in school fun and successful. Having had a tough time getting services for my own kids, I want to help improve the process and functions in the schools and district.

11:06:36 From Alberta Moore to Everyone:

Getting information to share with the Dorsey High Community and NAAAPY.ORG (The National Association of American American Parents and Youth.)

11:06:47 From Paul Robak to Everyone:

I am here to LEARN all I can about the world of Special Education, and USE what I learn to advocate for all children (and adults too) with exceptional needs, SUPPORTING and MENTORING their parents, and pushing for CHANGE in policies and practices to serve this fabulous community. That's why I'm here.

11:06:52 From Heidi Mahmud to Everyone:

11:07:00 From Melynda Schuster to Everyone:

I am here to help families with all the knowledge I have experienced over the years helping my daughter navigate the LAUSD and Regional Center system. I love helping people because it is hard to figure out what services are there for students and families.

11:07:23 From Ingrid Levy to Everyone:

Because my son was born with multiple disabilities and since he was an infant, it has been challenging to advocate effectively for him. I also watched parents around me in hospital waiting rooms, doctors offices, having the same struggles. When we began LAUSD I was very motivated to learn all I could to help not just my child but all children who have challenges.

11:08:14 From Crystal Smith to Everyone:

To support the education and awareness of parents, caregivers and students access services to improve ife outcomes. Also, to help be a voice on behalf of the exceptional community to inform the decision makers of the needs

and areas of improvement so that services are beneficial and not just a set of words on a piece of paper.

11:08:17 From Melynda Schuster to Everyone:

I have experience with the 2E (twice exceptional) kids with IEPs and psychological issues.

11:08:25 From Christine to Everyone:

Support is limited at my son's school and wanted to be part of a community that can support each other and the larger mission for special education kids. (Also, Ariel made me join!)

11:09:28 From Porter, Lisa to Everyone:

Teachers and administrators

11:09:42 From Miho Murai to Everyone:

I am here because I have been a special education attorney since 2008 and I want to share my knowledge and resources to LAUSD families. I recently completed my educational therapy certificate. Parents need to know what resources and programs are available so that they can advocate for their child's needs. They shouldn't have to hire advocates and attorneys to get the services that their child needs.

11:12:04 From Gabriela Rangel to Everyone:

estoy aquí para seguir Educándome aprendiendo y llevando acabo los derechos y responsabilidades para seguir apoyando amis hijos para su Educación y para todos los demas estudiantes De Educacion Especial ya que en las escuelas no realizan las necesidades que los estudiantes necesitan también para apoyan a los padres guiarlos por el camino de Educacion Especial ya que muchos padres no saben las herramientas pasos a seguir para abogar por sus hijos de Educación Especial por ese motivo estoy aaqui gracias

11:12:40 From Crystal Smith to Everyone:

that is a great goal to achieve. School site support is severely lacking, especially for families who children are bused in/not attending a resident school. Most time parents aren't able to connect because they do not see each other.

11:13:08 From Paul Robak to Everyone:

Ariel, yes, we DO need a Special Education Advisory Committee at each school site in LAUSD. This would be an excellent way for parents of kiddos with exceptional needs -- particularly parents of new diagnosed kiddos who typically have no idea where to turn -- to learn and support each other.

11:13:38 From Paul Robak to Everyone:

This is TRULY "an idea whose time has come."

11:13:51 From J.P. John Perron to Everyone:

I would like advocate for real time translation from & to both English/Spanish chat entries. I realize it is a challenge but we must be mindful. And do our best to accommodate.

11:13:57 From Nancy Hernandez to Everyone:

Arielle id love to help get a special education advisory committee at schools or even local districts

11:14:55 From J.P. John Perron to Everyone:

@Nancy, it will be a priority this year and you will be an important part of this. Thanks.

11:15:37 From Nancy Hernandez to Everyone:

En particular, me gustaría tener más apoyo a los padres cual el inglés es su segundo idioma.

11:15:56 From Ingrid Levy to Everyone:

Agreed on the Local SpEd committees at schools, even just beginning at the Community of schools sites. It would be great if parents who have been trained through CAC or other trainings could be hired as the Community reps at school sites and be equipped with this knowledge for students and families with disabilities.

11:15:58 From Kelly Bedford to Everyone:

@Paul - It should also include parents of students enrolled in the general population for purposes of inclusivity and to encourage them to embrace others who may live a little (or a lot) differently than them. These students need to be included as much as is safe for them rather than marginalized.

11:16:09 From Melynda Schuster to Everyone:

I think that is an excellent idea. There is almost no help at the schools, regardless of grade level.

11:18:03 From Cecilia Borge to Everyone:

@Nancy Hernandez muy buen punto. Los padres monolingues necesitan mas informacion de como pueden acceder a la educacion adecuada en el distrito escolar. Es importante educar a nuestros padres como navegar el Sistema.

11:18:19 From Christine to Everyone:

When is the first meeting of the year?

11:18:40 From Porter, Lisa to Everyone:

The 1st meeting is Aug 24th

11:18:48 From Christine to Everyone:

Thanks!

11:19:03 From Porter, Lisa to Everyone:

it is our election of officers also

11:19:20 From Crystal Smith to Everyone:

11:20:44 From Porter, Lisa to Everyone:

We have the best parents

11:20:52 From Paul Robak to Everyone:

@Kelly, agreed, certainly. Thing is, a parent of a student who's been newly identified as in need of SpEd services is thrown into a situation where they just don't know what comes next, whom to contact, or even what questions to ask. This is a HUGE PROBLEM which sadly continues year after year. We of the CAC can and must push the District to address the situation.

I believe the bylaw (below) indicates "REGULARLY SCHEDULED MEETINGS..." ALL OF WHICH ARE HELD ON THE 3RD Wednesday of the month.

Attendance

a) Members must attend a minimum of two (2) hours to be counted as present.

b) Representatives authorized for teleconferencing privileges must comply with all requirements according to the Brown Act, Government Code section 54953.

c) Non-student representatives may not be absent for more than a total of three (3) of the regularly scheduled meetings. After missing the third meeting, the representative's membership will automatically be terminated. Representatives will receive a warning letter after their second absence. Upon the third absence, a termination letter will be sent.

d) Student representatives may not be absent for more than a total of five (5) of the regularly scheduled meetings.

11:30:39 From Brackins, Leah to Everyone:

You have to physically post the agenda at each teleconferencing site.

11:45:04 From Paul Robak to Everyone:

If this helps, colleagues, it might be easiest to think of "subject-matter jurisdiction" as something that prevents us as a committee from discussing in small groups any topic which might potentially appear on one of our meeting agendas as an "action item" coming up for a vote. That's the essence of subject-matter jurisdiction. Easy-peasy!
