Officers Planning Meeting

January 16, 2020

Committee of the Whole

February 04, 2020

LAUSD Regular Board Meeting

Dear Membership:

I attended the Committee of the Whole meeting on January 16 where I was given three minutes to speak during the Parent Partners item on the agenda. I was not able to do a proper presentation of the CAC's work given the very short time slot.

Given the short time frame, I spoke about the need to have more communication between the entire LAUSD School Board and the CAC, given that in the past, the CAC was routinely invited to present at the C.O.W. I did not receive an invitation to present on behalf of the CAC at the subsequent C.O.W. meeting on February 6.

I also attended the LAUSD Board Meeting on February 04, to witness Ms. Kelly Gonez' resolution dedicated to increasing resources and advocacy for students with moderate to severe disabilities pass. The resolution passed without a hitch, but not before our very own Mayra Zamora's incredible son gave testimony in support of the resolution. He explained to the board that as a student with moderate-severe disabilities, he knows firsthand how much need there is to increase supports for kids like him. It was incredibly heart warming, and the board was thrilled and very impressed.

Sincerely,

Lisa Mosko
