NUMBER: MEM-6750.6

ISSUER: Shannon Haber, Chief
Division of Communication, Engagement and Collaboration

Antonio Plascencia, Jr., Engagement Officer
Division of Communication, Engagement and Collaboration

DATE: July 31, 2023

PURPOSE: The purpose of this memorandum is to provide guidance on the mandates for parent involvement as required by the California Department of Education, the Local Indicators for Parent and Family Engagement on the California School Dashboard, the Los Angeles Unified School District (LAUSD) Local Control and Accountability Plan (LCAP), and the Elementary Secondary Education Act (ESEA), Every Student Succeeds Act (ESSA) of 2015, Section 1116. Additionally, this memorandum provides guidance for school and office administrators to lease computing devices (i.e., laptops and tablets) to parents and guardians as a way to increase parent engagement. The Los Angeles Unified continues to assist schools with developing effective systems that result in meaningful parent and family engagement focused on accelerating student achievement outcomes. Guidance referenced in this document aligns with Parents as Equal Partners in the Education of their Children Board Resolution, the LCAP indicators, and the District Title I Parent and Family Engagement Policy.

MAJOR CHANGES: This memorandum replaces MEM-6750.5. Schools with English Learner Advisory Committees (ELACs) are required to submit all documents related to English Learner accountabilities each semester in the Principal Portal and monthly in Teams digital folders organized by the Office of Student, Family and Community Engagement (SFACE), as required by an audit conducted by the Office of the Inspector General in 2022. Schools are required to upload School Site Council (SSC) documents into Teams digital folders as well. In addition, Region Family and Community Engagement (FACE) Administrative Coordinators will not approve the School Plan for Student Achievement (SPSA) for any school that is missing required documentation. Finally, schools are required to provide a volunteer orientation to all school volunteers prior to their service, which can be found on the Tools for Schools tab on the

GUIDELINES: The LAUSD values the assets and contributions of families in the education of their children.

District Requirements

Los Angeles Unified schools and offices may lease computing devices purchased for the Parent and Family Center to help families who cannot afford to purchase a device on their own to be able to participate in online parent and family engagement activities. Leasing devices may be offered based on available inventory at a school site. If the leased device is lost or damaged, the parent/guardian is required to reimburse the Los Angeles Unified at the cost determined by the school or office administrator in consultation with the Region Family and Community Engagement Administrator and the Office of SFACE (see Attachment H). School sites may establish the following steps to collect compensation for a device that is damaged or lost:

- Request for full cost of the device
- Establish a payment plan in partnership with the family

Funds collected by the school or office are to be deposited and sent to the appropriate District office.

In addition, every school is required to form a SSC and/or an ELAC is required to upload documents demonstrating the proper formation of the council or committee into the Principal's Portal. Schools must verify the completion of various council and committee accountabilities in the Principal Portal as well, along with uploading evidence of the proper functioning of the groups into SharePoint Teams folders organized by the Office of SFACE. In 2022, the LAUSD's Office of the Inspector General performed an audit of the District's operation of ELACs and determined that schools must demonstrate the proper formation and functioning evidence as a corrective action. If schools do not complete these requirements, Region FACE Administrative Coordinators will not approve the SPSA in the spring semester.

Finally, schools are required to provide a volunteer orientation, to all school volunteer prior to their services, which can be found on the Tools for Schools tab on the Office of SFACE website. Evidence of completion of this new

requirement for school volunteers is located in the Principal Portal within the Student, Family and Community Engagement tab under the Action heading.

State Requirements

The California Department of Education requires that each school district set and measure local indicators for parent and family engagement through the California School Dashboard, recognizing parents as equal partners in the education of their children as described in California Education Code, sections 51100-51101. In order to strengthen the capacity of parents and family members to partner with schools for improved student achievement, schools are required to provide their families with one family engagement activity each month from September through May on a variety of topics. One of the topics must be on how families can support social emotional learning at home. These topics should be aligned with school goals and address the interests and needs of families. Schools should survey their families at the beginning of the year to provide parents with opportunities to learn information and skills of interest to them.

Workshop modules are available on the website of the Office of SFACE under the Tools for Schools link and can be customized to meet school needs: <https://lausd.org/sface>. At the end of the year, principals must certify the provision of monthly family engagement activities in the Principal's Portal.

In addition to the parent and family engagement requirements measured by the California School Dashboard, the California Department of Education has set requirements for parent and family engagement under the LCAP. Schools receive general funds to address California's eight state priorities for students under the Local Control Funding Formula. All schools receive additional supplemental and concentration Targeted Student Population (TSP) funds to support their students participating in the Free and Reduced Meal Program, English Learners, and Foster Youth also. Schools develop TSP plans each year, describing how they are using their additional TSP funds to address the needs of students in the Free and Reduced Meal Program, English Learners, and Foster Youth. Parent and family engagement is one of the state priorities that needs to be addressed within both plans with the provision of both streams of funding.

In order to deepen parents' understanding of how school funds support plans for student achievement and to provide opportunities for parent input in plan development and decision-making, schools must hold an annual engagement meeting, the Annual School Goals and Budget Development Consultation Meeting, prior to the budget development meeting in the spring

semester. All families must be invited to this meeting. A needs and assets assessment, along with other data, including results from the California School Dashboard, should be shared with parents, and connected to the goals and actions defined by the school for student achievement and success.

A sample presentation for the Annual School Goals and Budget Development Consultation Meeting and other budget development tools are available on the Office of SFACE website under the Tools for Schools link and can be customized to meet school needs. Additional budget development tools are located on the Budget Services website. Completion of the Annual School Goals and Budget Development Consultation Meeting will be certified in the Principal's Portal by the end of the year.

Federal Requirements

The ESSA, Section 1116, recognizes that parents are a child's first teacher and should have the opportunity to become involved in their child's education. This legislation requires the development of written policies to ensure that parents, guardians, and family members of Title I students are informed about their opportunities to participate in the design and implementation of the Title I program.

One policy is developed by the District, and another policy is developed at each Title I school. The District's Title I Parent and Family Engagement Policy was developed with and agreed upon by LAUSD parents and family members of Title I students (see Attachment B). Parents review the content and effectiveness of the District's policy annually with the Region Family and Community Engagement Units and the Office of SFACE. Title I schools are required to provide a summary of the District's policy to families each year (see Attachment C). In addition, each school must develop its own policy with Title I parents in the fall. Parents must agree upon the school policy annually and receive a copy after it is approved by the SSC for the current year.

Each school receiving Title I funds must meet the following mandates and is required to:

- Conduct an Annual Meeting for Title I parents and family members early in the school year to inform them about the following:
 - Parent rights under the Title I program
 - LAUSD Title I Parent and Family Engagement Policy

- How to become involved in improving the school's Title I program, including development and approval of the school's Title I Parent and Family Engagement Policy and School-Parent Compact
- Provide the LAUSD Title I Parent and Family Engagement Policy summary to all Title I parents, and enter the date distributed to families in the Principal's Portal by the end of January (see Attachments C1 and C2).
- Develop a written School Title I Parent and Family Engagement Policy jointly with and approved by Title I parents and the SSC using the template provided in Attachment A. This school policy must be distributed to parents of participating students in a language and format they can understand, and the date of distribution must be entered into the Principal's Portal by the end of January.
- Develop a written School-Parent Compact jointly with and approved by Title I parents and the SSC in the fall. The School-Parent Compact must be distributed to parents of participating students in a language and format they can understand, and the date of distribution must be entered into the Principal's Portal by the end of January. The School-Parent Compact template and School-Parent Compact Guide to Quality and Quality Indicators require that schools engage parents and students differently (see Attachments D and E).

Additional information and resources regarding the School-Parent Compact can be found on the California Department of Education website at: <https://www.cde.ca.gov/sp/sw/t1/parentfamilyinvolve.asp>.

- Involve parents in advising on how the school's Title I funds will be allocated to support their child's education. Consider inviting schools to an Annual School Goals and Budget Development Consultation Meeting in the late fall and early spring.
- Provide opportunities for regular meetings that allow the parents to participate in decisions relating to the education of their children.
- Help parents understand the state and local assessments of their child's progress, how to monitor that progress and how to work with educators.
- Provide parents with materials and training to improve their child's academic achievement. Consider inviting families to attend Region Title I Conferences held in the fall and spring for additional learning opportunities.

- Educate all staff about the value and methods of reaching out to parents as equal partners in the education of their children.
- Integrate parent and family engagement efforts with other school and community programs.
- Inform all parents and guardians of school-wide Title I program (SWP) participation or selected parents of targeted assistance school participation.
- Sample letters (Attachment F1, F2, G1, and G2) are attached to facilitate compliance with these requirements. If translations of Armenian, Chinese, Korean, Russian, and Vietnamese are needed, copies may be downloaded from the Federal and State Education Programs (FSEP) website at.

A list of additional resources to support parent and family engagement is available on the Office of SFACE website under the Tools for Schools link at <https://www.lausd.org/sface>. Resources supporting all Title I programs are available on the FSEP website at <https://www.lausd.org/fsep>, including relevant policy documents, a presentation of the Title I overview, a list of materials needed for the annual Title I meetings, and the Time-Task Monitoring Calendar. Resources supporting budget development are available on the Budget Services Division website at <https://www.lausd.org/Page/431>.

For example, the differentiation of communication methods like flyers, phone notification and social media, are necessary to reach all parents in schools.
- Share best practices and strategies identified by parents in Title I schools, by school staff and in research with Regions and schools in order to strengthen school-based engagement and communication between schools and families.

Dear Parents and Guardians of _____ School,
(Name of School)

The Los Angeles Unified School District approved a new LAUSD Title I Parent and Family Engagement Policy in June of 2018, which was developed with the meaningful consultation of Title I parents and family members from each Region. The policy is summarized below. A hard copy of the entire policy may be requested from the main office.

Summary of the Los Angeles Unified School District Title I Parent and Family Engagement Policy

- A. LAUSD will involve parents in the joint development of the LAUSD Local Educational Agency (LEA) Plan by inviting parents of Title I students to participate in Region Title I Parent Study Groups, in the District's Title I Focus Group, and in school level activities related to the LAUSD LEA Plan, including program and budget development for categorical programs. The District will also invite parents to participate in special training to support their understanding of the LAUSD LEA Plan and the School Plan for Student Achievement (SPSA).
- B. LAUSD, through the Office of Student, Family and Community Engagement (SFACE) and the Region Family and Community Engagement (FACE) staff, will provide the coordination, technical assistance, and other support necessary to assist and build the capacity of Title I schools in planning and implementing effective parent involvement activities to improve student academic achievement and school performance. - E. LAUSD will use the findings under section D to design evidence-based strategies for more effective parent engagement and to revise, if necessary, the LAUSD Title I Parent and Family Engagement Policy.
- F. LAUSD will involve parents in the activities of Title I schools, ensuring that schools listen responsively to parents, welcome them as partners, and provide leadership and learning opportunities to them.
