Schoolwires – App Updates

With each product release, we strive to enhance the experience for your visitors & editors.

The goal of all enhancements is to provide websites that are

- ☑ Accessible
- ☑ Responsive
- ☑ Consistent
- ☑ Integrated

Summer (Q3) 2017 Key Updates

Schoolwires – App Updates

Using the “modern” version of these Apps will result in more Responsive & Accessible content.

The image displays three screenshots of the Blackboard App Manager interface, illustrating the selection of modern versions of Schoolwires apps. The interface shows a list of apps available for installation or update, categorized by type (e.g., File Library, Flex Editor, Heading, Headlines & Features, Image, Link Library, About Teacher, Alumni Directory, Announcements, Article Library, Article Library Classic, Assignment, Blog, Book List). The modern versions are highlighted in blue, and arrows point from the text box to these specific apps.

App, use a combination
Of the Content and/or
Table Apps

Web Community Manager

Schoolwires – NEW Page Editing

- This is available to specific (Site Directors, Sub Site Directors, etc.) users OR can be turned on for ALL users
- More context during editing
- Built to empower editors to use ‘apps’
- Desktop & mobile previews available

The screenshot displays the Blackboard Web Community Manager interface. On the left, a sidebar shows the 'Home' page, last edited by Dan Seeley on Monday at 8:36 PM. The main content area is titled 'Mrs. Hopkins - Social Studies' and features a 'Welcome!' message from Beth Hopkins, a 'Tip for Parents!' section, and a 'Class Announcements' section. The right-hand side of the interface is a panel titled 'Apps' and 'Layout', which contains a 'New' section with a search bar and a grid of icons for various content creation tools: Articles, Blog, Divider, Embed Code, Events, Facebook, Files, Heading, Headlines, Image, Links, News, Shortcuts, Text, and Twitter. The 'Existing' section is visible at the bottom of the right-hand panel.

HOW TO INSTRUCTIONS

- From Site Manager
- Users & Groups
- Users
- Passport Tab
- Create an “New Page Editing” passport
- Extended Privileges (to users/User Groups)
 - Select “New Page Editing Experience”

INACTIVE New Page Editing Experience
