

## Schoology: Logging into the Schoology App from a Mobile Device (Parents)

### PURPOSE

#### WHY MUST I DO THIS?

The Schoology mobile app has been updated to include a new pathway for L.A. Unified parents, students, and employees to log into the learning management system (LMS).

#### REMINDERS

- The mobile app will retain your launch page selection and login until you select “**Logout**” from the app.
- If a parent adds any additional children through the [Parent Portal](#), they will need to log out of the Schoology app to see the recently added children within the LMS.
- The mobile app cannot sync the children in a [Parent Portal](#) account until the parent validates the child’s PIN. More information about using the Parent Portal is available at: <http://parentportal.lausd.net/>
- Assistance using L.A. Unified accounts can be found at: <https://mylogin.lausd.net>
- More information about using the Schoology mobile app is available at: <https://support.schoology.com/hc/en-us/sections/204340588-Schoology-iOS-App>

### PROCEDURE

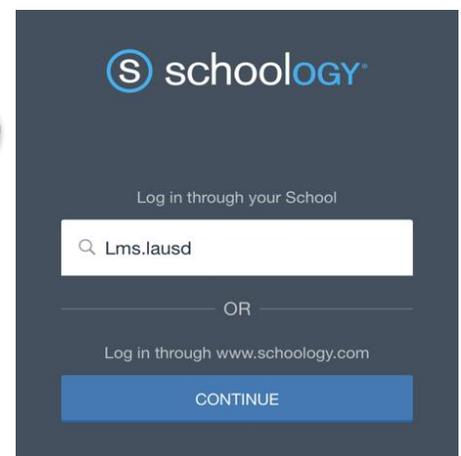

To access the LMS on your iOS or Android mobile device, please follow the following steps:

**Step 1 Download and launch** the free Schoology app on your mobile device.

**Step 2 Type “lms.lausd”** in the school search box.

**Note:** L.A. Unified users will no longer be able to log in by selecting a specific school name or by selecting the “Log in through www.schoology.com” option.

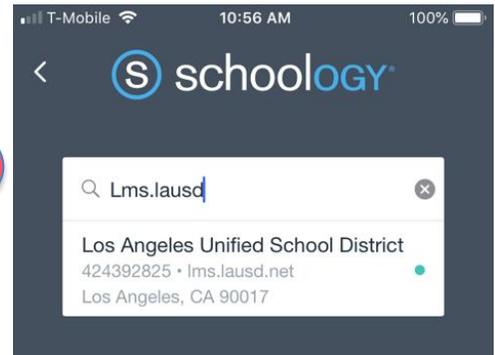

## Schoology: Logging into the Schoology App from a Mobile Device (Parents)

**Step 3** Select "Los Angeles Unified School District."

3

**Step 4** Select your role [Parents] from the new L.A. Unified launch page.

**Step 5** Log in with your L.A. Unified Parent Portal account user name and password.
