Services Offered by the PSA Counselor:

Mission To ensure that all LAUSD students are enrolled, attending, engaged, and on-track to graduate.

Purpose Pupil Services & Attendance (PSA) Counselors are child welfare and attendance advocates who utilize a three-tiered model (prevention, early intervention and intensive intervention) to improve individual and system-wide student attendance, engagement, achievement and graduation.

Background

In an effort to address the dropout rate, the City of Los Angeles Economic and Workforce Development Department and the LAUSD Pupil Services Department collaborated to develop a comprehensive dropout recovery model. Since 2012, the City Partnership Program has supported our highest need communities with the highest dropout rate in an effort to re-engage our youth back into an educational setting. Pupil Services and Attendance Counselors have been colocated within City of Los Angeles YouthSource Centers and community based organizations in order to serve our students collaboratively. These reengagement centers also serve as an integral component of the Truancy Diversion Program where students that have been found violating the Daytime Curfew Law are referred to receive services.

City Partnership-YouthSource Centers

Full-time Pupil Services and Attendance (PSA) Counselors are co-located in 14 YouthSource Centers and 3 American Job Centers located throughout the city. The Centers service youth between the ages of 16-24 with a focus on re- engaging students to school and providing them with opportunities to develop work skills.

PSA Counselors work collaboratively with City YouthSource/AJCC Centers to conduct student intakes, assessments, and determine appropriate interventions to identified at-risk student with behavioral, social and attendance related issues.

The primary goal of the PSA Counselor is to provide students support and services to overcome barriers that impede school attendance and academic achievement. PSA Counselors make appropriate referrals to necessary services and monitor students progress.
