The following list of Material Groups/Commodity Codes has been provided for your reference. You can search this PDF list guickly by using the search functionality (Control-F on Windows, or Command-F on Mac).

Please note that all existing Material Groups from the previous SAP Ordering System have been migrated to the Ariba System. You should select the Material Group/Commodity Code which most closely aligns with the good or service you are purchasing. Ariba will automatically add taxes to line items which utilize a taxable Material Group/Commodity Code.

Some Material Groups/Commodity Codes are noted in their description to only be for use by certain departments. To avoid ordering errors or delays, please do no use these Material Groups/Commodity Codes unless you are an authorized user in the indicated department.
