**PURPOSE:** The purpose of this reference guide is to provide instructions regarding verification of textbook/instructional materials sufficiency.

**MAJOR CHANGES:** This reference guide replaces REF-6313.8 titled, *Verification of Instructional Materials Sufficiency, Secondary Schools*, dated August 11, 2022. Changes to this version include:

- Updated timeline for verification of *Williams* sufficiency for the 2023-2024 academic year.

**INSTRUCTIONS:** California Education Code requires that each student, including English Learners and those in special day classes, have a State/District-adopted, standards-based textbook/application for use in the defined subject areas of reading/language arts, history-social science, mathematics, and science. Students must be assigned a single textbook/application in each subject that they can use both at home and in class. District policy does not allow the use of State textbook funding for the purchase of class sets in addition to the books issued directly to the student. If the school can assure the student has access to the internet and a device, web books or electronic textbooks will provide sufficiency.

In order to document compliance with California Education Code Section 60119, an annual certification of student textbook sufficiency is required of all teachers, principals, and Region Superintendents.

- I. The role of the school principal or designee is to:
  - A. Ensure all textbook orders are submitted in a timely manner.
  - B. Ensure teachers have access to the Teacher's Portal, <https://teacherportal.lausd.net> and the step-by-step instructions to access the portal. (See Attachment B.)
  - C. Ensure substitute teachers verify using an online form that will be monitored and updated by Integrated Library & Textbook Support Services (ILTSS) (<http://bit.ly/lausd-subs>). (See Attachment D.)
  - D. Compare final master program with current textbook/application inventory by course enrollment two weeks prior to the first day of instruction to ensure sufficient supplies of student textbooks/applications.
  - E. Direct teachers to the District Adopted/District Approved Instructional Materials Lists from the ILTSS website (<https://achieve.lausd.net/iltss> Textbooks → Williams Sufficiency) to assist teachers in identifying any missing or insufficient instructional materials. Additional components such as teacher's editions and ancillary materials are not mandated for sufficiency.
  - F. Assign instructional materials directly to individual students on or before the first day of instruction. See Attachment A for a sample textbook distribution plan.
    1. Use a barcode scanner or manually enter the student ID number and then the textbook barcode number into the Check Out Text section of the Circulation tab in Destiny Resource Manager.
  - G. Ensure the teachers complete the Teacher Verification of Textbook Sufficiency which can be accessed through the Teacher's Portal, <https://teacherportal.lausd.net> no later than **Tuesday, August 29, 2023**. These verifications are subject to audit so principals must export the data and maintain a file for at least two years.

- H. Resolve verified insufficiencies *before* completing the Principal Verification of Textbook Sufficiency which can be accessed through the Principal's Portal, <https://principalportal.lausd.net/>. (See Attachment C.)
    - 1. Investigate possible on-site resources to determine, for example, if books are in storage and not yet distributed.
    - 2. Investigate the possibility of transferring unassigned books from another school. If textbooks are unable to be transferred, submit a remedy ticket to request the appropriate textbooks (<https://lausd-myit.onbmc.com/>).
    - 3. Any teacher who reported insufficiencies that have been resolved must login to the Teacher's Portal and **resubmit** indicating sufficiency.
  
  - I. Submit Principal Verification of Textbook Sufficiency no later than **Wednesday, September 6, 2023**.
  
  - J. Send an electronic copy of the completed online Teacher Verification of Textbook Sufficiency file to your Region by **Friday, September 8, 2023**.
  
  - K. If there are unresolved insufficiencies, be prepared to explain at the public hearing before the Board of Education, the reasons for the insufficiencies. Principals of schools with insufficient instructional materials must communicate to community stakeholders the reasons why there are insufficiencies, the percentage of students who are without textbooks or materials, and what action is being taken to remedy the insufficiency.
- II. The role of the teacher is to:
- A. Verify that each student has the required instructional materials in the following subject areas:
    - 1. ELA/ELD
    - 2. Mathematics
    - 3. History/Social Science
    - 4. Science
    - 5. World Languages 6-12
    - 6. Health

- B. Notify the principal immediately of any insufficiencies.
  - C. Complete the online Teacher Verification of Textbook Sufficiency accessible through the Teacher's Portal by **Tuesday, August 29, 2023**.
- III. The role of the Region Superintendent is to:
- A. Ensure all textbook orders are submitted in a timely manner.
  - B. Review each school's Teacher Verification of Textbook Sufficiency submissions and Principal Verification of Textbook Sufficiency submissions for insufficiencies and maintain a file of all the forms for two years.
  - C. Complete the online Region Superintendent Verification of Textbook Sufficiency accessible through the Principals' Portal on or before **Friday, September 8, 2023**.

Should any school be certified insufficient at the 7<sup>th</sup> week of instruction, that school will be announced at the public hearing. The verification of insufficiency announcement will include the percentage of students without textbooks or materials and the action being taken to remedy the insufficiencies. The Region Superintendent and the principal will explain the reason for the insufficiency to the Board of Education.

### SAMPLE TEXTBOOK DISTRIBUTION PLAN

Typically, textbook distribution begins on the first day of instruction. It can also occur prior to the first day of instruction if the school elects to offer a registration day(s) for their students.

Here are some suggestions for textbook distribution when distributing textbooks beginning before/on the first day of instruction:

- Designate a location on campus for book distribution.
- Receive all incoming barcodes in Destiny Resource Manager (Step 4 in the [Transferring Textbooks](#) Tutorial).
- Create a schedule for distribution based on grade level, then students' last name. Estimated time for textbook distribution per class is 5-10 minutes.
- Print out the Williams List of District Adopted and Approved Textbooks for the appropriate grade levels. The Williams list can be found at <https://achieve.lausd.net/iltss> → Textbooks → *Williams Sufficiency* → Adopted and Approved Instructional Materials. Highlight the textbook that the school selected and uses per course for quicker identification.
- Print out Patron Barcodes (Patron Reports → Barcode Labels in Destiny Resource Manager) to make distribution easier.
- Ask the students to line up in alphabetical order by their last name to match the Patron Barcode printout.

Students who missed an opportunity to receive one or more textbooks:

- Establish a make-up day for distribution based on grade level, then students last name.

Students who are new to the site after initial distribution:

- Students can be directed to the location where textbooks are distributed as the final step in the registration process.
  - Students will receive textbooks for all their classes.
