

Environmental Hazards Survey

Gratts ES (c. 1996)	Principal	Jemima Galiano	
309 LUCAS AVE, LOS ANGELES, CA 90017	E-mail	jgaliano@lausd.net	
213-250-2932	Site ID	13829	
	Yes	No	Notes
Rail line (active, easement, or spurs) within 128 ft?		X	
Cellular phone antenna adjacent or on site?		X	
50-200 kilovolt (kV) power line within 100 ft (above ground)/25 ft (below ground)?		X	
200-230 kV power line within 150 ft (above ground)/37.5 ft (below ground)?		X	
500-550 kV power line within 350 ft (above ground)/87.5 ft (below ground)?		X	
Major transportation corridor within 500 ft?		X	
Reservoirs, water, or fuel storage tank facilities within 500 ft?		X	
Haz mat transmission pipelines within 50 ft?		X	
Oil production facilities (existing or former oil wells/borings and processing equipment) within 50 ft?		X	
Located within an Oil Field / Methane Zone / Methane Buffer Zone?		X	
Located within a High Risk Radon Zone?		X	
Superfund Site within 500 ft?		X	
Landfill facility within 500 ft?		X	
Mapped or active earthquake fault within 500 ft?		X	
CalEPA Regulated Sites of Concern* within 500 ft?	X		Gratts ES is a School Cleanup site. Historical use of the property as a taxi garage (including the presence of underground storage tanks, hydraulic hoist, and clarifier) prior to the construction of the school resulted in the release of hazardous substances into the soil and groundwater. The Site has been remediated and a soil vapor barrier was put in place beneath the school's buildings during construction to limit potential exposure to students and staff. The Site is currently being monitored to confirm the progress of natural attenuation.
<p>* The CalEPA Regulated Site Portal (Portal) combines data about environmentally regulated sites and facilities in California into a single, searchable database and interactive map. To use the Portal to identify facilities near an LAUSD school:</p> <ul style="list-style-type: none"> - First zoom in to a school location on the map by either using the search bar to enter the school's address or by using a mouse and zoom tools - Once the user has zoomed in to a school site, the map shows all the regulated sites near the school - Users can click on the regulated sites to find out additional information about the sites - The Portal also includes tools to measure the distances between locations on the map
