| <p>* The CalEPA Regulated Site Portal (Portal) combines data about environmentally regulated sites and facilities in California into a single, searchable database and interactive map. To use the Portal to identify facilities near an LAUSD school:</p> <ul style="list-style-type: none"> <li>- First zoom in to a school location on the map by either using the search bar to enter the school's address or by using a mouse and zoom tools</li> <li>- Once the user has zoomed in to a school site, the map shows all the regulated sites near the school</li> <li>- Users can click on the regulated sites to find out additional information about the sites</li> <li>- The Portal also includes tools to measure the distances between locations on the map</li> </ul> |                          |   |              |
