RESOLUTION 2015-47

BOARD REPORT NO. 178-15/16

**AMENDMENT TO THE FACILITIES SERVICES DIVISION STRATEGIC
EXECUTION PLAN TO DEFINE AND APPROVE SEVEN PROJECTS THAT
ADDRESS CRITICAL SCHOOL REPAIR NEEDS**

WHEREAS, staff proposes that the Board of Education approve an amendment to the Facilities Services Division (FSD) Strategic Execution Plan (SEP) to define and approve seven projects that address critical school repair needs with a combined budget of \$19,685,487 (collectively, the "Project") as described in Board Report 178-15/16 attached hereto; and

WHEREAS, on February 14, 2014, the Board of Education approved the establishment of the School Upgrade Program (SUP), the next phase of the District's Bond Program which will modernize, build and repair school facilities to improve student health, safety and educational quality; and

WHEREAS, the SUP includes a spending target to address "Critical School Repair and Safety Improvements to School Building Components"; and

WHEREAS, District Staff has determined that the Project is necessary to improve student health, safety and educational quality; and

WHEREAS, the Board of Education's approval of the Project will authorize District Staff to proceed with the expenditure of bond funds to undertake the Project in accordance with the provisions set forth in Measures K, R, Y and Q; and

WHEREAS, these projects are consistent with the District's commitment to address unmet school facilities needs and provide students with a safe and healthy learning environment; and

PAGE 2

WHEREAS, District Staff has concluded that the proposed SEP amendment will facilitate implementation of the FSD SEP, and therefore, it will not adversely affect the District's ability to successfully complete the FSD SEP.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The School Construction Citizens' Bond Oversight Committee recommends that the Board of Education adopt an amendment to the Facilities Services Division (FSD) Strategic Execution Plan (SEP) to define and approve seven projects that address critical school repair needs with a combined budget of \$19,685,487 defined in Board Report 178-15/16 a copy of which is attached hereto in the form it was presented to the BOC and is incorporated herein by reference.
2. This resolution shall be transmitted to the Los Angeles Unified School District Board of Education and posted on the Oversight Committee's website.
3. The District is directed to track the above recommendation and to report on the adoption, rejection, or pending status of the recommendations as provided in section 6.2 of the Charter and Memorandum of Understanding between the Oversight Committee and the District.

LOS ANGELES UNIFIED SCHOOL DISTRICT Board of Education Report

Report Number:	178-15/16
Date:	December 8, 2015
Subject:	Amendment to the Facilities Services Division Strategic Execution Plan to Define and Approve Seven Projects That Address Critical School Repair Needs
Responsible Staff:

BOARD REPORT

Action Proposed: Staff proposes that the Board of Education approve an amendment to the Facilities Services Division (FSD) Strategic Execution Plan (SEP) to define and approve seven projects that address critical school repair needs. The scope, schedule and budget for the seven proposed projects are described in Attachment A. The total combined budget for the seven projects is \$19,685,487.

Background: On January 14, 2014, the Board of Education approved the establishment of the School Upgrade Program (SUP), the next phase of the District's Bond Program which will modernize, build and repair school facilities to improve student health, safety and educational quality. The Board's action approved the overarching goals and principles, funding sources, specific categories of need, and spending targets for the SUP. In total, \$7,852,970,000 was allocated to support the development of projects under the SUP.

The SUP includes a spending target to address "Critical School Repair and Safety Improvements to School Building Components." Projects developed under this category of need are included in the Facilities Services Division Strategic Execution Plan. The seven proposed projects that address critical school repair needs are necessary to improve student health, safety and educational quality.

Expected Outcomes: Staff anticipates that the Board of Education will approve the proposed action to define and approve seven projects to address critical school repair needs that will improve student health, safety and educational quality.

Board Options and Consequences: A "yes" vote will authorize staff to proceed with the expenditure of bond funds to undertake the seven proposed projects in accordance with the

LOS ANGELES UNIFIED SCHOOL DISTRICT Board of Education Report

provisions set forth in Measures K, R, Y and Q. If the proposed action is not approved, bond funds will not be expended and critical school repair needs will remain unaddressed.

Policy Implications: These actions are consistent with the District's commitment to address unmet school facilities needs and provide students with a safe and healthy learning environment.

Budget Impact: The total combined budget for the seven projects is \$19,685,487. The projects will be funded with Bond Program funds earmarked specifically for critical school repair and safety improvements to school building components.

Issues and Analysis: It may be necessary to undertake feasibility studies, site analysis, scoping, and/or due diligence activities on the proposed projects prior to initiating design. As necessary, the Office of Environmental Health and Safety (OEHS) will evaluate the proposed projects in accordance with the California Environmental Quality Act (CEQA) to ensure compliance. If through the planning and design process it is determined that the proposed project scope(s) will not sufficiently address the critical need identified, the project scope, schedule and budget will be revised accordingly.

Bond Oversight Committee Recommendations: This item was considered by the School Construction Bond Citizens' Oversight Committee (BOC) at its meeting of November 19, 2015. Staff has concluded that this proposed FSD SEP amendment will facilitate implementation of the FSD SEP, and therefore, it will not adversely affect the District's ability to successfully complete the FSD SEP.
