Amendment to the Facilities Services Division Strategic Execution Plan to Define and Approve One Board Member Priority and Local District Priority Project

May 10, 2016

Facilities Services Division

Action Proposed:

Staff proposes that the Board of Education approve an amendment to the Facilities Services Division (FSD) Strategic Execution Plan (SEP) to define and approve one Local District Priority (LDP) and Board Member Priority (BMP) project (as listed on Attachment A), and authorize the Chief Facilities Executive, and /or his designee, to make any purchases associated with this project. The total budget for the project is \$22,775.

Background:

In accordance with the Maintenance and Operations Weighted Allocation Formula, local Bond Measures K, R and Y funds have been allocated to Board-Prioritized Facilities Programs for LDP and BMP projects. Projects are developed at the discretion of the Board District or Local District with support from Facilities Services Division staff and input from school administrators. All projects must be capital in nature and adhere to bond language and laws.

The project proposed in this Board Report will upgrade, modernize and/or enhance the learning environment for students. The project includes various modernization, security upgrade and repair scopes of work. Project scope, schedule and budget within these categories may vary depending on site conditions and needs.

Expected Outcomes:

Execution of this project will help improve the learning environment for students, teachers and staff.

Board Options and Consequences:

A "yes" vote will allow staff to execute the project listed on Attachment A. Failure to approve this proposed action will delay the project and ultimately the anticipated benefit to the school and its students.

Policy Implications:

The requested actions are consistent with the Board-Prioritized Facilities Programs for Local District Priority and Board Member Priority projects and the District's commitment to address unmet school facilities needs and provide students with a safe and healthy learning environment.

Budget Impact:

The total budget for the project is \$22,775. The project is funded by Bond Program funds allocated for Local District Priority projects. No projects are funded by Bond Program funds allocated for Board Member Priority projects.

Issues and Analysis:

This report includes a time-sensitive, small to medium-sized project that has been deemed critical by Board Members and/or Local Districts and school administrators.

Bond Oversight Committee Recommendations:

This item was considered by the School Construction Bond Citizens' Oversight Committee (BOC) at its meeting on April 28, 2016. Staff has concluded that this proposed FSD-SEP amendment will help facilitate implementation of the FSD-SEP, and therefore, it will not adversely affect the District's ability to successfully complete the FSD-SEP.
