**RESOLUTION 2016-35**

**BOARD REPORT NO. 075-16/17**

**AMENDMENT TO THE FACILITIES SERVICES DIVISION STRATEGIC  
EXECUTION PLAN TO DEFINE AND APPROVE 19 EARLY EDUCATION  
CENTER UPGRADE AND IMPROVEMENT PROJECTS**

WHEREAS, District Staff proposes that the Board of Education approve an amendment to the Facilities Services Division (FSD) Strategic Execution Plan (SEP) to define and approve 19 projects that address early education facilities needs with a combined budget of \$2,612,068 (collectively, the "Project") as described in Board Report 075-16/17 attached hereto; and

WHEREAS, on January 14, 2014, the Board of Education approved the establishment of the School Upgrade Program (SUP), the next phase of the District's Bond Program which will modernize, build and repair school facilities to improve student health, safety and educational quality; and

WHEREAS, the SUP includes a spending target to address "Build New and Repair Aging Early Childhood Education Centers to Promote Learning for Youngest Students"; and

WHEREAS, District Staff has determined that the Project is necessary to improve student health, safety and educational quality; and

WHEREAS, the Board of Education's approval of the Project will authorize District Staff to proceed with the expenditure of bond funds to undertake the Project in accordance with the provisions set forth in Measures K, R, Y and Q; and

**Resolution 2016-35**

**AMENDMENT TO THE FACILITIES SERVICES DIVISION STRATEGIC  
EXECUTION PLAN TO DEFINE AND APPROVE 19 EARLY EDUCATION CENTER  
UPGRADE AND IMPROVEMENT PROJECTS**

WHEREAS, funding for the Project will come from Bond Program Funds earmarked specifically for early education facilities needs; and

WHEREAS, these early education facilities projects are consistent with the District's commitment to address unmet school facilities needs and provide students with a safe and healthy learning environment; and

WHEREAS, District Staff has concluded that the proposed SEP amendment will facilitate implementation of the FSD SEP, and therefore, it will not adversely affect the District's ability to successfully complete the FSD SEP.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The School Construction Citizens' Bond Oversight Committee recommends that the Board of Education adopt an amendment to the Facilities Services Division (FSD) Strategic Execution Plan (SEP) to define and approve 19 projects that address early education facilities needs with a combined budget of \$2,612,068 as defined in Board Report 075-16/17, a copy of which is attached hereto in the form it was presented to the BOC and is incorporated herein by reference.
2. This resolution shall be transmitted to the Los Angeles Unified School District Board of Education and posted on the Oversight Committee's website.
3. The District is directed to track the above recommendation and to report on the adoption, rejection, or pending status of the recommendations as provided in section 6.2 of the Charter and Memorandum of Understanding between the Oversight Committee and the District.

## Board of Education Report

---

**File #:** Rep-075-16/17, **Version:** 1

---

### **Amendment to the Facilities Services Division Strategic Execution Plan to Define and Approve 19 Early Education Center Upgrade and Improvement Projects**

**September 20, 2016**

**Facilities Services Division and Early Childhood Education Division**

#### **Action Proposed:**

Staff proposes that the Board of Education amend the Facilities Services Division (FSD) Strategic Execution Plan (SEP) to define and approve 19 Early Education Center (EEC) upgrade and improvement projects. The scope, schedule and budget for the 19 projects are described in Attachment A. The total combined budget for the 19 projects is \$2,612,068.

#### **Background:**

On January 14, 2014, the Board of Education approved the establishment of the School Upgrade Program (SUP), the next phase of the District's Bond Program which will modernize, build and repair school facilities to improve student health, safety and educational quality. The Board's action approved the overarching goals and principles, funding sources, specific categories of need, and spending targets for the SUP.

The SUP includes a spending target to address "Build New and Repair Aging Early Childhood Education Centers to Promote Learning for Youngest Students." Projects developed under this category of need are included in the Facilities Services Division Strategic Execution Plan.

The Early Childhood Education Division (ECED) is committed to providing a quality early education experience that will prepare students for success in school and life, while valuing and respecting the needs, languages and cultures of all students, families, staff, and the respective communities. The 19 proposed projects that address early education facilities needs are necessary to improve student health, safety and educational quality.

#### **Expected Outcomes:**

Staff anticipates that the Board of Education will approve the proposed action to define and approve 19 projects to address early education facilities needs that will improve student health, safety and educational quality.

#### **Board Options and Consequences:**

A "yes" vote will authorize staff to proceed with the expenditure of bond funds to undertake the 19 proposed projects in accordance with the provisions set forth in Measures K, R, Y and Q. If the proposed action is not approved, bond funds will not be expended and early childhood education facility repair needs will remain unaddressed.

#### **Policy Implications:**

These actions are consistent with the District's commitment to address unmet school facilities needs and provide students with a safe and healthy learning environment.

**Budget Impact:**

The total combined budget for the 19 projects is \$2,612,068. The projects will be funded with Bond Program funds earmarked specifically for addressing early education facilities needs.

**Issues and Analysis:**

It may be necessary to undertake feasibility studies, site analysis, scoping, and/or due diligence activities on the proposed projects prior to initiating design. As necessary, the Office of Environmental Health and Safety (OEHS) will evaluate the proposed projects in accordance with the California Environmental Quality Act (CEQA) to ensure compliance. If through the planning and design process it is determined that the proposed project scope(s) will not sufficiently address the critical need identified, the project scope, schedule and budget will be revised accordingly.

**Bond Oversight Committee Recommendations:**

This item was considered by the School Construction Bond Citizens' Oversight Committee (BOC) at its meeting on September 8, 2016. Staff has concluded that this proposed FSD SEP amendment will facilitate implementation of the FSD SEP, and therefore, it will not adversely affect the District's ability to successfully complete the FSD SEP.
