Amendment to the Facilities Services Division Strategic Execution Plan to Define and Approve 14 Board Member Priority and Local District Priority Projects

October 18, 2016

Facilities Services Division

Action Proposed:

Staff proposes that the Board of Education approve an amendment to the Facilities Services Division (FSD) Strategic Execution Plan (SEP) to define and approve 14 Local District Priority (LDP) and Board Member Priority (BMP) projects (as listed on Attachment A), and authorize the Chief Facilities Executive, and/or his designee, to make any purchases associated with these projects. The total budget for these projects is \$746,360.

Background:

The need for a Local District Priority (LDP) and Board Member Priority (BMP) project is identified by a Board District or Local District. Proposed projects are developed with support from Facilities Services Division staff and input from school administrators.

The projects proposed in this Board Report will upgrade, modernize and/or enhance the learning environment for students. Project scopes, schedules and budgets may vary depending on site conditions and needs. All projects must be capital in nature and adhere to bond language and laws.

Expected Outcomes:

Execution of these projects will help improve the learning environment for students, teachers and staff.

Board Options and Consequences:

A "yes" vote will allow staff to execute the projects listed on Attachment A. Failure to approve this proposed action will delay the projects and ultimately the anticipated benefit to the school and its students.

Policy Implications:

The requested actions are consistent with the Board-Prioritized Facilities Programs for Local District Priority and Board Member Priority projects and the District's commitment to address unmet school facilities needs and provide students with a safe and healthy learning environment.

Budget Impact:

The total combined budget for the 14 projects is \$746,360. One project is funded by Bond Program funds allocated for Board Member Priority projects. Thirteen projects are funded by Bond Program funds allocated for Local District Priority projects.

Issues and Analysis:

This report includes a number of time-sensitive, small to medium-sized projects that have been deemed critical by Board Members and/or Local Districts and school administrators.

Bond Oversight Committee Recommendations:

This item was considered by the School Construction Bond Citizens' Oversight Committee (BOC) at its meeting on October 6, 2016. Staff has concluded that this proposed FSD-SEP amendment will help facilitate implementation of the FSD-SEP, and therefore, it will not adversely affect the District's ability to successfully complete the FSD-SEP.
