RESOLUTION 2021-2

BOARD REPORT NO. 225-20/21

**AMENDMENT TO THE FACILITIES SERVICES DIVISION STRATEGIC
EXECUTION PLAN TO DEFINE AND APPROVE THREE PROJECTS THAT
ADDRESS CRITICAL SCHOOL SAFETY AND REPAIR NEEDS**

WHEREAS, District Staff proposes that the Board of Education approve an amendment to the Facilities Services Division (FSD) Strategic Execution Plan (SEP) to define and approve three projects that address critical school repair needs with a budget of \$18,516,101 (the "Projects") as described in Board Report 225-20/21 attached hereto; and authorize the Chief Procurement Officer and/or the Chief Facilities Executive, and/or his designee(s), to execute all instruments necessary to implement the proposed projects; and

WHEREAS, District Staff has determined that the Projects are necessary to improve student health, safety and educational quality; and

WHEREAS, District Staff has determined that the Projects will help facilitate the implementation of the Facilities Bond Program strategy to address unfunded and pressing school facilities related to safety, compliance, and instructional requirements; and

WHEREAS, the Projects are consistent with the District's commitment to address unmet school facilities needs and provide students with a safe and healthy learning environment; and

WHEREAS, the Board of Education's approval of the Projects will authorize District Staff to proceed with the expenditure of bond funds to undertake the Projects in accordance with the provisions set forth in Measures K, R, Y and Q; and

Bond Oversight Committee

RESOLUTION 2021-2

AMENDMENT TO THE FACILITIES SERVICES DIVISION STRATEGIC EXECUTION PLAN TO APPROVE CONSTRUCTION ACTIVITIES FOR THREE PROJECTS THAT ADDRESS CRITICAL SCHOOL SAFETY AND REPAIR NEEDS

WHEREAS, District Staff has concluded that the proposed SEP amendment will facilitate implementation of the FSD SEP, and therefore, it will not adversely affect the District's ability to successfully complete the FSD SEP.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The School Construction Citizens' Bond Oversight Committee recommends that the Board of Education adopt an amendment to the Facilities Services Division (FSD) Strategic Execution Plan (SEP) to define and approve three projects that address critical school safety and repair needs, with a budget of \$18,516,101, as defined in Board Report 225-20/21, a copy of which is attached hereto in the form it was presented to the BOC and is incorporated herein by reference.
2. This resolution shall be transmitted to the Los Angeles Unified School District Board of Education and posted on the Oversight Committee's website.
3. The District is directed to track the above recommendation and to report on the adoption, rejection, or pending status of the recommendations as provided in section 6.2 of the Charter and Memorandum of Understanding between the Oversight Committee and the District.

File #: Rep-225-20/21, **Version:** 1

Amendment to the Facilities Services Division Strategic Execution Plan to Define and Approve Three Projects that Address Critical School Repair Needs

February 9, 2021

Facilities Services Division

Action Proposed:

Staff proposes that the Board of Education approve an amendment to the Facilities Services Division (FSD) Strategic Execution Plan (SEP) to define and approve three projects that address critical school repair needs, as listed on Attachment A. Staff further proposes that the Board authorize the Chief/Deputy Procurement Officer and/or the Chief Facilities Executive and/or their designee(s) to execute all instruments necessary, as legally permissible, to implement the proposed projects, including budget modifications and the purchase of equipment and materials. The total combined budget for the three projects is \$18,516,101.

Background:

Priorities for the expenditure of capital funding are evaluated to ensure the District's most pressing priorities are being addressed. Based on an evaluation of known facilities conditions and needs at schools, the following types of projects have been identified as the most pressing unfunded critical school repair and safety needs that should continue to be addressed within the funding available:

- Failing, deteriorated, and outdated building systems and components
- School buildings, rooms and/or facilities deemed unsafe for occupancy
- Other critical health and safety concerns, urgent/emergency conditions, and/or health and safety code compliance issues that may arise

The project proposals contained in this Board Report align with these identified types of pressing critical school repair and safety conditions. These include synthetic turf replacement, seismic retrofit, and Heating, Ventilation and Air Conditioning (HVAC) projects. Attachment A provides additional details pertaining to the proposed projects.

Expected Outcomes:

Staff anticipates that the Board of Education will approve the proposed action to define and approve three projects to address critical school repair needs that will improve student health, safety and educational quality.

Board Options and Consequences:

A "yes" vote will authorize staff to proceed with the expenditure of bond funds to undertake the project proposals in accordance with the provisions set forth in Measures K, R, Y, Q and RR. If the proposed action is not approved, bond funds will not be expended, and critical school repair needs will remain unaddressed.

Policy Implications:

The action is consistent with the District's commitment to address unmet school facilities needs and provide students with a safe and healthy learning environment. Moreover, the proposal is aligned with the Board-adopted Facilities Bond Program strategy to address unfunded and pressing school facilities needs related to safety, compliance, and instructional requirements (Board Report No. 048-17/18).

Budget Impact:

The total combined budget for the three projects is \$18,516,101. The projects will be funded with Bond Program funds earmarked specifically for critical school repair and safety improvements to school building components.

Each project budget was prepared based on the current information known and assumptions about the project scope, site conditions, and market conditions. Individual project budgets will be reviewed throughout the planning, design, and construction phases as new information becomes known or unforeseen conditions arise, and will be adjusted accordingly to enable the successful completion of each project.

Student Impact:

Continuing our efforts to undertake critical school repair and safety improvement projects is a vital component to the District's ability to provide safe school environments that promote teaching and learning.

Issues and Analysis:

It may be necessary to undertake feasibility studies, site analysis, scoping, and/or due diligence activities on the proposed projects prior to initiating design. As necessary, the Office of Environmental Health and Safety (OEHS) will evaluate the proposed projects in accordance with the California Environmental Quality Act (CEQA) to ensure compliance. If through the planning and design process it is determined that the proposed project scope(s) will not sufficiently address the critical need identified, the project scope, schedule and budget will be revised accordingly.

Bond Oversight Committee Recommendations:

This item was considered by the BOC at its meeting on January 28, 2021. Staff has concluded that this proposed FSD SEP amendment will facilitate implementation of the FSD SEP, and therefore, it will not adversely affect the District's ability to successfully complete the FSD SEP.

LOS ANGELES UNIFIED SCHOOL DISTRICT
Board of Education Report
Attachment A

1. Bernstein High School – Project to Replace Synthetic Turf Field

- *Local District West, Board District 4 – Melvoin*
- *Project Background and Scope* – This project is to replace approximately 87,573 square feet of synthetic turf on the soccer field which will include re-grading and additional irrigation as required. The scope of work also includes re-grading planter areas surrounding the field and installing new drainage, new pavers, and new landscaping to prevent damage that results from run-off.
- *Project Budget* -- \$6,382,769
- *Project Schedule* – Construction is anticipated to begin in Q3 2022 and conclude in Q3 2023.

2. Griffin Avenue Elementary School – Project to Provide Seismic Retrofits at Main Building

- *Local District East, Board District 2 – García*
- *Project Background and Scope* – This project is to provide seismic retrofits at the Main Building with a total area of approximately 19,710 square feet. The scope of work includes ADA upgrades as required.
- *Project Budget* -- \$6,052,848
- *Project Schedule* – Construction is anticipated to begin in Q4 2022 and conclude in Q2 2024.

3. Saturn Street Elementary School – Project to Provide New Heating, Ventilation and Air Conditioning Systems

- *Local District West, Board District 1 – McKenna*
- *Project Background and Scope* – This project is to provide a new heating, ventilation, and air conditioning (HVAC) system in the Main, Assembly, Classroom, and Kindergarten Buildings, and six portable buildings.
- *Project Budget* -- \$6,080,484
- *Project Schedule* – Construction is anticipated to begin in Q4 2022 and conclude in Q2 2024.
