RESOLUTION 2022-05

BOARD REPORT NO. 161-21/22

RECOMMENDING BOARD APPROVAL TO DEFINE AND APPROVE 22 PROJECTS TO PROVIDE CRITICAL REPLACEMENTS AND UPGRADES OF SCHOOL BUILDING/SITE SYSTEMS AND COMPONENTS AND AMEND THE FACILITIES SERVICES DIVISION STRATEGIC EXECUTION PLAN TO INCORPORATE THEREIN

WHEREAS, District Staff proposes that the Board of Education define and approve 22 projects that address critical replacement and upgrade needs at schools with a budget of \$65,650,643 (the "Projects") as described in Board Report 161-21/22 attached hereto, and amend the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein, and authorize the Chief Procurement Officer and/or the Chief Facilities Executive, and/or their designee(s), to execute all instruments necessary to implement the Projects; and

WHEREAS, Projects developed under the School Upgrade Program category of need, Critical Replacements and Upgrades of School Building/Site Systems and Components, will replace failing building systems projects that create safety concerns and are disruptive to school operations; and

WHEREAS, The Projects are consistent with the Los Angeles Unified School District (Los Angeles Unified or District)'s long-term goal to address unmet school facilities needs and significantly improve the conditions of aging and deteriorating school facilities as described in Los Angeles Unified local bond measures; and

WHEREAS, District Staff has determined that the Projects are necessary to improve student health, safety and educational quality; and

RESOLUTION 2022-05

RECOMMENDING BOARD APPROVAL TO DEFINE AND APPROVE 22 PROJECTS TO PROVIDE CRITICAL REPLACEMENTS AND UPGRADES OF SCHOOL BUILDING/SITE SYSTEMS AND COMPONENTS AND AMEND THE FACILITIES SERVICES DIVISION STRATEGIC EXECUTION PLAN TO INCORPORATE THEREIN

WHEREAS, the Board of Education's approval of the Projects will authorize District Staff to proceed with the expenditure of bond funds to undertake the Projects in accordance with the provisions set forth in Los Angeles Unified local bond measures K, R, Y, Q, and RR; and

WHEREAS, District Staff has concluded that this proposed Facilities SEP amendment will facilitate Los Angeles Unified's ability to successfully complete the Facilities SEP.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The School Construction Citizens' Bond Oversight Committee recommends that the Board of Education define and approve 22 projects that address critical replacement and upgrade needs at schools, with a combined budget of \$65,650,643, and amend the Facilities SEP to incorporate therein, as described in Board Report 161-21/22, a copy of which is attached hereto in the form it was presented to the BOC and is incorporated herein by reference.
2. This resolution shall be transmitted to the Los Angeles Unified School District Board of Education and posted on the Oversight Committee's website.
3. The District is directed to track the above recommendation and to report on the adoption, rejection, or pending status of the recommendations as provided in section 6.2 of the Charter and Memorandum of Understanding between the Oversight Committee and the District.

Define and Approve 22 Projects to Provide Critical Replacements and Upgrades of School Building/Site Systems and Components and Amend the Facilities Services Division Strategic Execution Plan to Incorporate Therein

February 8, 2022

Facilities Services Division

Action Proposed:

Define and approve 22 projects to provide critical replacements and upgrades of school building/site systems and components, as listed on Attachments A and B, and amend the Facilities Services Division (Facilities) Strategic Execution Plan (SEP) to incorporate therein. The total combined budget for the 22 projects is \$65,650,643.

Authorize the Chief Procurement Officer and/or the Chief Facilities Executive and/or their designee(s) to execute all instruments necessary, as legally permissible, to implement the proposed projects, including budget modifications and the purchase of equipment and materials.

Background:

Priorities for the expenditure of capital funding are evaluated to ensure the District's most pressing priorities are being addressed. More than 70 percent of Los Angeles Unified School District (Los Angeles Unified or District) school buildings were built more than 50 years ago, and more than \$50 billion of unfunded school facilities needs have been identified Districtwide, and these needs grow every year. As the District's capital needs far exceed available funding, the most pressing unfunded critical needs will continue to be addressed based on an evaluation of known facilities conditions and needs at schools. Projects developed under this category of need, *Critical Replacements and Upgrades of School Building/Site Systems and Components*, will replace failing building systems projects that create safety concerns and are disruptive to school operations. Systems in the worst condition, especially those that pose a safety hazard and/or will negatively impact school operations and other building systems if not addressed, will be addressed first.

The project proposals contained in this Board Report align with these priorities. Attachment A includes four projects to replace failing building systems that create safety concerns and are disruptive to school operations. Attachment B includes 18 projects to provide new secure entry systems.

Expected Outcomes:

Staff anticipates that the Board of Education will define and approve 22 projects that address critical replacement and upgrade needs, and amend the Facilities SEP to incorporate therein. Approval will authorize staff to proceed with the implementation of the proposed projects to improve student health, safety and educational quality.

Board Options and Consequences:

Adoption of the proposed action will authorize staff to proceed with the expenditure of Bond Program funds to undertake the project proposals in accordance with the provisions set forth in Los Angeles Unified local bond

measures K, R, Y, Q, and RR. If the proposed action is not approved, Bond Program funds will not be expended, and critical replacement and upgrade needs will remain unaddressed.

Policy Implications:

The proposal is consistent with the Los Angeles Unified's long-term goal to address unmet school facilities needs and significantly improve the conditions of aging and deteriorating school facilities as described in Los Angeles Unified local bond measures. Moreover, the proposed secure entrance projects support the *Protecting Our Students and School Sites* Board Resolution (Res-032-17/18).

Budget Impact:

The total combined budget for the 22 projects is \$65,650,643. The projects will be funded with Bond Program funds earmarked specifically for critical replacements and upgrades of school building/site systems and components.

Each project budget was prepared based on the current information known and assumptions about the project scope, site conditions, and market conditions. Individual project budgets will be reviewed throughout the planning, design, and construction phases as new information becomes known or unforeseen conditions arise and will be adjusted accordingly to enable the successful completion of each project.

Student Impact:

Approval of the proposed projects enables the District to continue our ongoing efforts to undertake facilities improvements that help ensure students are provided with safe school environments that promote teaching and learning.

Issues and Analysis:

It may be necessary to undertake feasibility studies, site analysis, scoping, and/or due diligence activities on the proposed projects prior to initiating design. As necessary, the Office of Environmental Health and Safety (OEHS) will evaluate the proposed projects in accordance with the California Environmental Quality Act (CEQA) to ensure compliance. If through the planning and design process it is determined that the proposed project scope(s) will not sufficiently address the critical needs identified, the project scope, schedule and budget will be revised accordingly.

Bond Oversight Committee Recommendations:

This item was considered by the School Construction Bond Citizen's Oversight Committee (BOC) at its meeting on January 27, 2022. Staff has concluded that this proposed Facilities SEP amendment is in alignment with BOC recommendations and will facilitate Los Angeles Unified's ability to successfully implement the Facilities SEP.
